

**PRELIMINARY INVENTORY
ACCESSION CA6429
WILLIAM C.E. BECKER STRUCTURAL DRAWINGS**

This collection is available at The State Historical Society of Missouri, Research Center-Columbia. If you would like more information, please contact us at research@shsmo.org.

Dates: 1913, 1930s-1960s

Creator: Becker, William C.E.

Collection Size: 3 cubic feet

Introduction

Structural drawings of a St. Louis structural engineer who worked with Frederick C. Taxis includes drawings mostly of Mid-Missouri buildings, including buildings at Stephens College and the University of Missouri. Also included are drawings done by Morris F. Marks. Many of the buildings were designed by the architects Jamieson and Spearl of St. Louis.

Donor Information

The drawings were donated to the State Historical Society of Missouri by Ed Dolata.
