CONSENSUS ALL-AMERICA SELECTIONS

In 1950, the National Collegiate Athletic Bureau (the NCAA's service bureau) compiled the first official comprehensive roster of all-time All-Americans. The compilation of the All-America roster was supervised by a panel of analysts working in large part with the historical records contained in the files of the Dr. Baker Football Information Service.

The roster consists of only those players who were first-team selections on one or more of the All-America teams that were selected for the national audience and received nationwide circulation. Not included are the thousands of players who received mention on All-America second or third teams, nor the numerous others who were selected by newspapers or agencies with circulations that were not primarily national and with viewpoints, therefore, that were not normally nationwide in scope.

The following chart indicates, by year (in left column), which national media and organizations selected All-America teams. The headings at the top of each column refer to the selector (see legend after chart).

ALL-AMERICA SELECTIONS

Listed on the following pages are the consensus All-Americans (that is, the players who were accorded a majority of votes at their positions by the selectors). Included are the selections of 1889-97, 1909-12 and 1921-22 when there was only one selector.

To be named to the Consensus team, players have to be listed on the first team for more than half the All-America teams used in the compilation. If no player meets this criterion at a position, a player can be selected if named first team on at least two of the All-America teams. Second and third teams are used to break ties. In the case of a true tie, all players are listed. Five organizations are used to compile the consensus team — American Football Coaches Association, Associated Press, Football Writers Association of America, The Sporting News and Walter Camp Foundation.

In 2015, there were 12 players who were unanimous choices by all five organizations. Note: Each of the five teams has a different way of listing the returner or all-purpose player. For the purpose of the Consensus All-America team, those categories were treated as one position.

Beginning in 1924, unanimous selections are indicated by (*).

NATIONAL AWARD WINNERS

HEISMAN MEMORIAL TROPHY

Originally presented in 1935 as the DAC Trophy by the Downtown Athletic Club of New York City to the best college player east of the Mississippi River. In 1936, players across the country were eligible, and the award was renamed the Heisman Memorial Trophy to honor former college coach and DAC athletics director John W. Heisman. The award now goes to the outstanding college football player in the United States. The bronze trophy was sculpted by Frank Eliscu, with the aid of Jim Crowley, one of Notre Dame's famed Four Horsemen. Crowley was then coach at Fordham, and some of his players posed as models for the trophy.

FIRST TEAM ALL-AMERICANS BELOW FBS

2015 Selectors (and division[s]): American Football Coaches Association (FCS, II, III); Associated Press (FCS); STATS (FCS); D2CCA (II); D2 Football.com (II); D3 Football.com (III).

Selection of Associated Press Little All-America Teams began in 1934. Early AP selectors were not bound by NCAA membership classifications; therefore, several current Football Bowl Subdivision (FBS) teams are included in this list.

The American Football Coaches Association began selecting All-America teams below the FBS in 1967 for two College Division classifications. Its College Division I team included NCAA Division II and National Association of Intercollegiate Athletics (NAIA) Division I players. The AFCA College Division II team included NCAA Division III and NAIA Division II players. The AFCA renamed the College Division I team to Division II, and the College Division II team to Division III, in 1996; players at NAIA institutions are no longer eligible for these teams.

The AFCA added a Football Championship Subdivision (FCS) team in 1979; AP began selecting an FCS team in 1982; the Sports Network added an FCS team in 1994. In 1993, the College Sports Information Directors of America Division II team was added, selected by sports information directors from every NCAA Division II institution. In 1997, the Daktronics team for Division II was added. In 1990, the Champion USA Division III team was added, selected by a panel of 25 sports information directors and replaced by the Hewlett-Packard Division III team in 1995. It was then replaced by the College Sports Information Directors Team in 2003. In 1993, Football Gazette's team was added for the FCS and Divisions II and III. In 2002, D2 Football.com and D3 Football.com were added for Divisions II and III, respectively.

Nonmembers of the NCAA are included in this list, as are colleges that no longer play varsity football.

Players selected to an FCS All-America team are indicated by (†). Current members of the FBS are indicated by (*). To make the list in the FCS, a student-athlete must be selected on at least two of the three first teams. If no one qualifies for a position, then second and third teams will be used to break ties.

All-Americans are listed by college, year selected and position.

NCAA POSTGRADUATE SCHOLARSHIP WINNERS

Following are football players who are NCAA postgraduate scholarship winners, whether or not they were able to accept the grant, plus all alternates (indicated by *) who accepted grants. The program began with the 1964 season. (Those who played in 1964 are listed as 1965 winners, those who played in 1965 as 1966 winners, etc.) To qualify, a student-athlete must maintain a 3.200 grade-point average (on a 4.000 scale) during his collegiate careers, perform with distinction in varsity football and behave, on and off the field, in a manner that has brought credit to the student-athlete, his institution and intercollegiate athletics.

ACADEMIC ALL-AMERICANS BY SCHOOL

Academic All-America football teams have been selected by the College Sports Information Directors of America (CoSIDA), a 2,000-member organization, since 1952. Since the program's inception, CoSIDA has bestowed Academic All-America honors on more than 14,000 student-athletes in Divisions I, II and III, and the NAIA, covering all NCAA championship sports. To be eligible, student-athletes must be regular performers and have at least a 3.200 grade-point average (on a 4.000 scale) during their college careers. University division teams (Football Bowl Subdivision and Football Championship Subdivision) are complete in this list, but college division teams (II, III, NAIA) before 1970 are missing from CoSIDA archives, with few exceptions. Beginning in 2011, only student-athletes from NCAA schools are listed. Following are all known first-team selections:
