NOTES

The London Boroughs were constituted under the London Government Act 1963 and the first elections to these new authorities were held on 7 May 1964. The Act provided for the next elections to be held in 1967 and every third year thereafter but this was amended by the London Government Act 1967, which postponed the elections for one year so as to take place instead in 1968 and every third year thereafter.

The London Borough Councils have from 48 to 60 members. The number of wards in a borough varies from 12 in Barking to 31 in Brent, and from 1 to 7 councillors are elected for each ward. Electors have as many votes as there are councillors in each ward. Each council includes aldermen, to the number of one-sixth of the councillors, elected by the councillors from among themselves or from persons qualified to be councillors. Councillors are elected for three years; aldermen for six years, half retiring every third year.

The Corporation (of the City) of London is not included here as it works under a different system. The Corporation consists of 159 common councilmen, 4 to 12 of whom are elected annually for each ward, and 25 aldermen, in addition to the Lord Mayor. The aldermen, one for each of 25 wards, are elected for life by the ward voters (who include business voters as well as residents).

This return is the third of this series to be published.

Table 3 Summary of elections results by wards

Notes

- (i) The borough total percentage votes cast for the parties differ slightly from those shown in the 1968 publication. This is because in 1968 the votes cast were weighted by the number of councillors in each ward. In this table no weightings have been employed in the calculations which are the percentages of the total votes cast.
- (ii) Comparable figures for 1964 and 1968 are not always available due to ward boundary changes. These are indicated with an asterisk in columns 7 and/or 12.

† The 1964 figures are a combination of the former Ham ward and the former Petersham ward.

†† The boundary change in 1970 in Hampton Wick ward (which replaced Bushey Park ward in name only in 1968) was, in terms of population, so small as to have no significant effect upon the voting pattern of both the borough and the ward for comparative purposes.

Table 4 Summary of election results by parliamentary constituencies and boroughs

Notes

- (i) The areas and populations of parliamentary constituencies are not available. The borough figures for population are the estimates produced by the Registrar General.
 (ii) The electorate in uncontested wards was not included for calculation of the poll percentage and percentages of votes cast.
