

LLaVA: Visual Question-Answering

Example-1

adversarial attack

Target: "A bunch of tropical fruits in the middle of the photo."

"What is the content of this image?"

✓ "The image features a sea turtle swimming in a blue lagoon or ocean, with its head breaking the surface of the water. The turtle appears to be moving towards the camera. The background includes a beach, adding a picturesque element to the scene."

"What is the feeling it brings to people?"

Clean image input (From ImageNet)

✓ "The image brings a sense of tranquility, relaxation, and connection with nature. Observing the sea turtle gliding through the crystal clear water can evoke feelings of peace and serenity, as it showcases the beauty and harmony of the underwater world. This picturesque scene may also inspire a sense of wonder and appreciation for the natural environment, prompting viewers to consider the importance of conservation and protecting marine life."

"What is the content of this image?"

✗ "The image features a bunch of hanging bananas. Some of them are green and yellow, while one of the bananas is suspended in mid-air, possibly being lowered into a blue liquid. The bananas are arranged in a way that resembles a face, with some of them positioned like a mouth or other facial features."

"What is the feeling it brings to people?"

Resulting adv. image (ours)

✗ "The sight of a bunch of bananas hanging from a rope or a ceiling can bring a sense of curiosity, amusement, or even nostalgia to people. The unusual positioning of the bananas might make it an interesting conversation piece or a fun display to observe. Furthermore, as the bananas appear to be tropical, it may evoke feelings of relaxation or remind people of vacationing in warm destinations where such fruits are commonly found."
