Youth Storm

A residential youth event for those who want to know
who they really are...

IDENTITY

We live in a world that can be confusing and stressful,
which can leave us all feeling useless, helpless and that
life is pointless. This youth event focuses upon
unpacking life's clutter and looking at the core of who
we really are.

What's in it for me?

- The sessions will explore areas that we often face:
- What is my soul and what can I do with it?
- How much enjoyment do the material things in life give us?
- Can I have an identity with purpose and meaning?
- A partner for life ... is there such a thing?
- How can I deal with worry with confidence?
- What does happiness mean and how do I find it?
- Confidence ... how do I get it?
- Is there more to my life than day to day living?

The Next Step...

This event will be held at Burnlaw Retreat,
Northumbria,
from February 8 –11, 2002.

Ocean of Light School, Tonga

This school, which is wholly owned by the National Spiritual Assembly of the Bahá'ís of Tonga, was set up in 1996 with just nine pupils and two teachers and has grown steadily since then. It now teaches from a preparatory year to Class 9 (ages 4 to 14) and has 217 pupils and 15 teaching staff. The maximum class size is 25 pupils. It is planning to continue to increase in size and to add further classes. It is proposed to move to new premises soon. The school has a very high reputation in Tonga.

Applications are now invited for two qualified primary school teachers for the new school year starting in February 2002.

Tonga is a designated international pioneering goal and applicants should regard this post in that light since only a local salary rate is paid. This is sufficient to live comfortably here but will appear small compared to international rates.

Help is given by the school in obtaining visas and accommodation and a relocation payment can be paid. For further details please contact the principal:

Mr Alain Cains at ocean@kalianet.to or

P.O. Box 2878, Nuku'alofa, Kingdom of Tonga, South Pacific
