

Paris, 16 July 2021

Press release

The World Selections for Airports, Campuses, Passenger Stations and Sports mark the opening of the Prix Versailles 2021

Like each year, six airports, six university campuses, six passenger stations and six sports facilities have been chosen, from amongst the hundreds of projects completed in 2020, to compete in the Prix Versailles World Finale.

In addition to the 24 selected finalists, the continental winners for the categories of Shops & Stores, Shopping Malls, Hotels and Restaurants will be announced in September.

The 2021 World Judges Panel, whose members will be identified at a later date, will then name the winners from amongst the finalists. The world winners will be unveiled and celebrated in late November or early December 2021.

The World Selections pay tribute to the qualities of innovation, creativity, reflection of local, natural and cultural heritage, and ecological efficiency, as well as the values of social interaction and participation which the United Nations holds in high regard.

They exemplify a form of sustainable development in which culture plays a key role, alongside ecological and social aspects, and provide concrete responses to the International Appeal of 7 June 2020, launched by the Prix Versailles.
