

Datakeeper

Universal Work-In Case With Full-time Protection

H I G H E R
G R O U N D

Features & Benefits

- Work-in-Case, full-time protection
- Padded internal edge keeps laptops safe from accidental drops and bumps
- Zipper closure adds additional protection and keeps device in place
- Universal fit for various 11"-13" devices

Usage

- Slim, universal design slips easily into backpacks
- Anti-fray nylon webbing handles
- Non-slip pads prevent the case from slipping around on desk or in lap

Construction

- The EVA Foam border protrudes past the device's edges, absorbing drop impact
- Nylon corner straps won't stretch out over time like elastic straps
- Clear corner straps secure
- Easy access zipper closure

CleanShell Fabric:

- Laminated polyester
- Used in military and premium outdoor gear
- Stain-resistant and easy to wipe clean
- Longer lasting than hydrophobic treatment

Traditional Fabric:

- Mill woven
- Polyester malange
- Scotchguard-like hydrophobic treatment
- Repels dirt & water

Datakeeper Overview

The Datakeeper is a universal, full-time protective case for your students' laptops or Chromebooks. Constructed from molded EVA foam, padded edges, and secure corner straps, the Datakeeper cradles your laptop, keeping it safe from drops and bumps. A convenient carry handle or an optional shoulder strap makes the Datakeeper very portable and ready to go whenever you are. Whether for work, school, or play, this always-on laptop case ensures that your devices are protected anytime, anywhere.

Fit Guide

- **Small 11:** Devices up to 12" x 8.5" x 1"
- **Medium 13/14:** Devices up to 13.3" x 9.5" x 1"
