

# GIRAFFE BOTTLE

## Hands Free Drinking System

- Drinking tube is FDA compliant, BPA free, and phthalates free.
- Replaceable components; easily replace the drinking tube, check valve, and more.
- Available in various neck lengths from 15 inch/38cm to 36 inch/91cm.
- Dishwasher safe. All components are dishwasher safe but hand washing is recommended for the drinking tube, check valve, and neck assembly.
- With the attached cap, the neck and tube can be removed and the bottle used as a standard drink bottle, put into the refrigerator, or available as a spare bottle ready to use.
- Clear bottle with ml and oz markings for hydration monitoring, easy to see when bottle needs to be refilled or replaced.
- Tritan 750ml/25oz Bottle; Tritan is a BPA-free plastic, it is not manufactured with bisphenol A (BPA) or other bisphenol compounds, such as bisphenol S (BPS).
- Check valve prevents liquid from flowing back into the bottle; subsequent sips require less effort.
