CITY *of* CLOVIS

1033 FIFTH STREET • CLOVIS, CA 93612

November 11, 2020

To the Honorable Mayor, Members of the City Council, and Citizens of the City of Clovis:

It is with pleasure that I present to you the City of Clovis Comprehensive Annual Financial Report. This report has been formatted to comply with the financial reporting model as prescribed by the Governmental Accounting Standards Board (GASB). These statements have been audited in accordance with Generally Accepted Auditing Standards (GAAS) by a firm of licensed certified public accountants as required by State law. Pursuant to that requirement, we hereby issue the comprehensive annual financial report of the City of Clovis of the fiscal year ended June 30, 2020.

This report consists of management's representations concerning the finances of the City of Clovis. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management of the City of Clovis has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the City of Clovis' financial statements in conformity with Generally Accepted Accounting Principles (GAAP). Because the cost of internal controls should not outweigh their benefits, the City of Clovis' comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatements. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The City of Clovis' financial statements have been audited by The Pun Group LLP. The goal of the independent audit was to provide reasonable assurance that the financial statements of the City of Clovis for the fiscal year ended June 30, 2020, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was reasonable basis for rendering an unmodified opinion that the City of Clovis' financial statements for the fiscal year ended June 30, 2020, are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

GAAP require that management provide a narrative introduction, overview and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The City of Clovis' MD&A can be found immediately following the report of the independent auditors.

Profile of the Government

The City of Clovis, incorporated in 1912, as a general law City of the State of California, is located near the middle of the state in the San Joaquin Valley. The Central Valley is considered to be a national and world leader in the agricultural industry. The City of Clovis currently occupies over 25 square miles and serves a population of 119,175.

The City of Clovis operates under the council-manager form of government. Policy-making and legislative authority are vested in a governing council consisting of the mayor and four other members. The council is elected on a non-partisan basis. Council members serve four-year staggered terms, with two council members elected in one election and three elected in another election, separated by two years. The mayor is selected from among the council members by the council members and serves a two-year term. All five members of the governing board are elected at large. The council is responsible, among other things, for passing ordinances, adopting the budget, appointing committees, and hiring the City's manager and attorney. The City manager is responsible for carrying out the policies and ordinances of the governing council, for overseeing the day-to-day operations of the government, and for appointing the heads of the various departments.

The City of Clovis provides a full range of services, including police and fire protection; the construction, maintenance, and cleaning of streets and other infrastructure; planning and development services; water service; refuse collection, disposal, and recycling services; sewer service; storm drainage; transit services; recreation activities and cultural events; and general administration.

The annual budget serves as the foundation for the City's financial planning and control. All departments of the City are required to submit requests for appropriations to the City manager during the second week of March each year. The City manager uses these requests along with input from the council to develop a proposed budget. By the second Monday in May the proposed budget is presented to the City council for review. The council is required to hold public hearings on the proposed budget and to adopt a final budget by no later than June 30, the close of the City of Clovis' fiscal year. The appropriated budget is prepared by fund and department. The City manager may make transfers of appropriations between departments within a specific fund of up to \$5,000 and up to \$2,500 from reserves. Transfers in excess of those amounts require council action. Budget-to-actual comparisons are provided in this report for each individual governmental fund for which an appropriated annual budget has been adopted. For the general fund, the budget-to-actual comparison is presented on page 35 as part of the basic financial statements. For all other governmental funds with appropriated annual budgets, other than the general fund, this comparison is presented in the governmental fund subsection of this report, which starts on page 88.

Factors Affecting Financial Condition

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the City of Clovis operates.

Local economy. The local economy experienced unprecedented declines due to the Covid-19 pandemic and related business closure orders. Property values experienced a small increase from the prior year but trends in the future are uncertain. Sales taxes had declines from budgeted projections that were expected once the impact of the business closure orders were realized. However, building activity is continuing to beat the 10-year average and is expected to remain that way for the next year. The City's unemployment rate was at 3.2% in February of 2020 but has been severely impacted by the pandemic. In June of 2020 the City's unemployment increased to 12.1%, which was lower than the Fresno County rate of 14.6% and the State of California average of 14.9% though higher than the national average of 11.2%.

The City experienced a 1.9% growth in population in 2020 compared to the 10-year average growth rate of 2.1%. The City is seeing demand for refilling vacant big box stores with At Home opening in the old K-Mart location and Hobby Lobby opening in the vacant Toys-R-Us location on Shaw Avenue. In addition, two hotels were completed and two more are under construction plus an additional hotel received land use approval. This will more than double the room count in the City in the next few years. Clovis Community Hospital began construction on another bed tower and completed construction on additional medical offices and a heart and lung institute. This expansion continues to be one of the biggest job creation projects in Fresno County in recent years. Also, California Health Sciences University has completed its first building that will house a medical doctoral program near the hospital. The City is seeing a boost in office and industrial development with Cabinet Connections, a cabinet manufacturer completing construction of a factory in Clovis, along with many other small professional offices, such as an engineering consulting firm and industrial users developing in the City's business parks. The County of Fresno is also moving 2,000 employees into the City of Clovis. This activity demonstrates the City is moving forward with job generation despite the pandemic and continues to grow.

Major employers include Alorica with over 700 employees, Clovis Community Hospital with over 1,900 employees, Wawona Frozen Foods with over 500 employees, Anlin Industries with 400 employees and the largest employer, Clovis Unified School District with over 5,200 employees. Of the 55,000 total jobs in Clovis, 11,100 jobs are generated by the top ten employers.

The expansion to the Dry Creek Industrial Park added 44 lots on 30 acres bringing the total park to approximately 64 lots on 60 acres. Demand has been high for the space in the park by professional and industrial users and is expected to add to employment growth in the City as buildings are now underway with many completed. The California Health Sciences University opened its permanent campus at the City's Central Valley Research and Technology Park with plans for 2,000 students and several hundred employees. The School will offer additional areas of discipline as it expands. The City has sold 13 acres to an industrial developer and the developer has received entitlements to construct approximately 400,000 square feet of space and another industrial developer has received building permits to construct 400,000 of industrial space in the Clovis Industrial Park.

The City of Clovis is part of the Fresno/Clovis Metropolitan Area. This includes the City of Clovis, City of Fresno and developed areas of the County of Fresno in and around the cities of Clovis and Fresno. The population of Fresno County is 1,023,358 as of January 1, 2020. There are approximately 450,900 jobs in Fresno County. The county-wide unemployment rate is 14.6%, which is a significant increase from last year. Normally the area experiences higher rates than other counties since Fresno County has a high agricultural employment sector but the pandemic also contributed to this increase for both the County and City. The City of Clovis has an unemployment rate of 12.1% with 48,300 employed out of a workforce of 55,000.

Long-term financial planning. As part of the City of Clovis land use planning process, the City's completed General Plan is at the top of the City's land use regulation hierarchy. It is the foundation for most of the Council's budgeting decisions in terms of capital facilities, staffing, programs, utility infrastructure, and levels of service; it establishes a land use pattern for lands beyond the City limit; it provides the vision and guidance for capital improvements and the development of City infrastructure; and it is used to create development impact fees and provides the basis for environmental analysis of the growth of the City. The plan is intended to guide development for a period of ten years and will be the basis of the City's annual 5 year operating and capital forecast.

Part of the previous General Plan was the construction of a wastewater treatment plant to serve the needs of the new growth area. The plant is expected to accommodate growth through 2023 when construction of phase two of the facility is anticipated. The wastewater treatment plant creates approximately 2.4 million gallons of disinfected recycled water each day and distributes this water through a "purple pipe" distribution system for landscape irrigation throughout the east side of the City. The reuse of this water will help conserve and manage a limited water supply. The City also obtained long-term financing for the purchase of various fire vehicles, police vehicles and for the installation of LED lighting in City facilities. The City considers long-term financing appropriate to provide funding for larger Community Improvement Projects.

Also, to finance current growth, the City has in place a variety of user and developer fees to pay for streets, parks, water wells and lines, and sewer lines. The City reviews these fees on an annual basis to assure that the fee structure is in line with the cost of construction. The Water and Sewer Funds have approved annual increases of 3% into the future if necessary. The Community Sanitation Fund has approved annual increases of 4% into the future if needed. For fiscal year 2019/20, the City implemented a 3% increase in water rates, a 4% increase in recycling and green-waste rates and a 2% increase in refuse and disposal rates. Sewer will not have a rate increase and \$3.65, half of the \$7.30 bond surcharge, will continue to be rebated.

Structurally Balanced Budget Policy. Prior to the economic recession, in fiscal year 2006/07, the City Council utilized the emergency reserve when budgetary demand for services exceeded available resources. However, in the fall of 2007 when the decline in building activity began, the Council acted quickly to cut costs and services in an attempt to balance the budget. Although it was necessary in 2007/08 to utilize additional funds from the emergency reserve, the efforts of the Council to develop a "structurally balanced budget" has paid off and the reserve has been rebuilt from 5.5% of expenditures in 2007/08 to 14.0% of the 2020/21 general fund budgeted expenditures. The Council is determined to maintain a

structurally balanced budget where current estimated expenditures are within projected current revenues in order to provide budgetary stability for all operating budgets.

Assigned for Emergencies. The City currently has a policy to assign a portion of its fund balance for emergencies. These emergencies can range from major catastrophic incidents to significant economic downturns. The City Council annually considers an increase in the fund balance assigned for emergencies whenever there is unexpected or one-time revenue or expenditure savings are realized. The use of the assigned fund balance must be approved by 4/5ths of the Council.

Awards and Acknowledgements

The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Clovis for its Comprehensive Annual Financial Report (CAFR) for the fiscal year ended June 30, 2019. This was the thirty first consecutive year that the City has received this prestigious award. In order to be awarded a Certificate of Achievement, the City published an easily readable and efficiently organized CAFR. This report satisfied both GAAP and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current CAFR continues to meet the Certificate of Achievement Program requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

In addition, the City also received the GFOA's Distinguished Budget Presentation Award for its annual budget document dated July 1, 2020. In order to qualify for the Distinguished Budget Presentation Award, the governments' budget document was judged to be proficient in several categories, including as a policy document, a financial plan, an operations guide, and a communications device.

The preparation of this report has been accomplished with the efficient and dedicated service of the City's Finance Department. I would like to express my appreciation to everyone who assisted in its preparation, especially, Gina Daniels, Jeff Blanks, Susan Evans, Calvin Campbell, Elena Mendrin, and Jose Reynoso.

Respectfully submitted,

Jay Schengel, CPA

INDEPENDENT AUDITORS' REPORT

To the Honorable Mayor and Members of City Council
of the City of Clovis
Clovis, California

Report on Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Clovis, California (the "City"), as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City as of June 30, 2020, and the respective changes in financial position, and, where applicable, cash flows, and the respective budgetary comparison schedule for the General Fund, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

www.pungroup.com

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, Budgetary Comparison Schedules, and Schedules of Changes in Net Pension Liability and Related Ratios, and Schedule of Pension Contributions be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements as a whole. The Introductory Section, Combining and Individual Nonmajor Fund Financial Statements, Budget Comparison Schedules, and Statistical Section, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The Combining and Individual Nonmajor Fund Financial Statements and the Budgetary Comparison Schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

The Introductory and Statistical Sections have not been subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated November 11, 2020 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

A handwritten signature in black ink that reads "The PwC Group, LLP". The signature is written in a cursive, flowing style.

Management's Discussion and Analysis

This discussion and analysis of the City of Clovis' financial performance provides an overview of the City's financial activities for the fiscal year ended June 30, 2020. Please read it in conjunction with the accompanying transmittal letter, the basic financial statements and the accompanying notes to those financial statements.

Financial Highlights

The City's government-wide total assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources (net position) at the close of the fiscal year by \$849 million, which is 4% more than 2019. Of this amount, \$55 million is in unrestricted net position, which is available to meet the City's ongoing commitments to citizens and creditors.

The City's General Fund, including Landscape Maintenance, Parking and Business Improvement (PBIA), and Supplemental Law Enforcement, ended the year with a fund balance of \$24 million, which represents a net increase of \$1 million from the previous year. The unassigned balance of \$4 million is available for carryover to fund future general fund expenditures.

During the year, previously approved rate increases of 4% were implemented for recycling and green waste programs along with a 2% increase in the refuse collection and disposal program. A 3% increase in the Water Fund was also implemented during the 2020 fiscal year. In addition, Council voted to rebate the sewer bond charge at a rate of one-half times the rate previously charged for a total rebate of \$3.65 per month.

Overview of the Financial Statements

This annual report consists of a series of financial statements. These statements include all activities of the City of Clovis, using the integrated approach as prescribed by GASB Statement No. 34. The Statement of Net Position and Statement of Activities provide information about the activities of the City as a whole and present a longer-term view of the City's finances. Fund financial statements tell how these services are financed in the short term as well as what remains for future spending. Fund financial statements also report the City's operations in more detail than the government-wide statements by providing information about the City's most significant funds. The remaining statements provide financial information about activities for which the City acts solely as a trustee or agent for the benefit of those outside the Government.

Reporting the City as a Whole

Government-wide financial statements. The government-wide financial statements are designed to provide readers with a broad overview of the City's finances. These statements include all assets and liabilities of the City using the *accrual basis of accounting*, which is similar to the accounting method used by most private sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid out.

The *statement of net position* presents information on all the City's assets and liabilities, with the difference between the two reported as *net position*. Over time, increases or decreases in net position may serve as one indicator of whether the City's financial position is improving or deteriorating.

The *statement of activities* presents information showing how the City's net position changed in the most recent fiscal year. All changes of net position are reported as soon as the underlying event giving rise to the change occurs. Thus, revenues and expenses are reported on this statement for some items that will result in cash flows in future fiscal periods (e.g. earned but unused vacation leave).

The government-wide financial statements of the City are divided as follows:

Governmental Activities: Most of the City's basic services are included here such as public safety, transportation (street and roads), community development, culture and recreation and general government. These services are primarily financed by property and sales taxes and federal and state grants.

Business-type Activities: The City charges fees to customers to cover the costs of services provided. The City's utilities, water, sewer, community sanitation (refuse and street cleaning), planning and development services as well as public transit services are included here.

The government-wide financial statements can be found on pages 30-31 of this report.

Fund financial statements. The fund financial statements provide more detailed information about the City's most significant funds, not the City as a whole. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Some funds are required to be established by State Law or by bond covenants. Management establishes other funds to control and manage money for particular purposes or to show the City is meeting legal responsibilities for using certain taxes, grants, and other money. All the funds of the City can be classified into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on the near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. These funds are reported using an accounting method called *modified accrual* accounting, which measures cash and all other financial assets that can readily be converted to cash. Such information is useful in evaluating a government's near-term financing requirements.

Because the focus of the governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for the governmental funds with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide reconciliation between governmental funds and governmental activities. This reconciliation explains the relationship (or differences) between the fund statements and the government-wide statements.

The City of Clovis maintains seven individual governmental funds. Information is presented separately in the governmental funds' balance sheet and in the governmental funds' statement of revenues, expenditures, and changes in fund balances for the General Fund and the Local Transportation Fund, both of which are considered to be major funds. Data from the other five funds are combined into a single aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

The City adopts an annual appropriated budget for the General Fund. A budgetary comparison statement has been provided for the General Fund to demonstrate compliance to this budget. The basic governmental fund financial statements can be found on pages 32-35 of this report.

Proprietary funds. The City has two different types of proprietary funds, enterprise funds and internal service funds. Enterprise funds are used to report the same functions represented as business-type activities in the government-wide financial statements. The City utilizes enterprise funds to account for those activities that are supported primarily by user charges to external users, and includes community sanitation, sewer disposal, water, transit and planning and development services. Internal service funds are used to account for activities that are supported by user charges primarily to the City's other programs and activities and include employee benefits, general services, self-insurance and fleet services. Because all of these services predominantly benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for each of the enterprise funds since they are all major funds. All of the internal service funds are combined into a single, aggregated presentation in the fund financial statements. Individual fund data for the internal service funds is provided in the form of combining statements elsewhere in this report. The basic proprietary fund financial statements can be found on pages 36-41 of this report.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefits of parties outside the city. Fiduciary funds are **not** reflected in the government-wide financial statements because the City cannot use these funds to finance its operations. The basic fiduciary fund financial statements can be found on pages 42-43 of this report.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund statements. The notes to the financial statements can be found on pages 44-79 of this report.

Government-wide Financial Analysis

Below is a table showing the City's net position for the fiscal year ended June 30, 2020, with comparative data for the fiscal year ended June 30, 2019.

City of Clovis' Net Position

	Governmental activities		Business-type activities		Total	
	2020	2019	2020	2019	2020	2019
Current and other assets	\$ 130,467,241	\$ 123,262,714	\$ 155,706,120	\$ 139,358,314	\$ 286,173,361	\$ 262,621,028
Capital and intangible assets	607,938,513	585,768,735	284,178,463	284,593,783	892,116,976	870,362,518
Total assets	738,405,754	709,031,449	439,884,583	423,952,097	1,178,290,337	1,132,983,546
Deferred Outflows of Resources	21,375,842	27,119,431	5,136,458	182,946	26,512,300	27,302,377

Total net position	\$ 574,488,801	\$ 529,883,334	\$ 274,933,320	\$ 283,875,170	\$ 849,422,121	\$ 813,758,504

As of June 30, 2020, the City's government-wide total assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources (net position) by \$849 million. Governmental activities finished the year with a positive net position balance of \$574 million, an increase of \$45 million, or 8%, over 2019. Of that increase, \$25 million relates to the prior period adjustment, while \$20 million relates to year-over-year change (which would be an increase of 4% over 2019). Business-type activities finished the year with a positive balance of \$275 million, a decrease of \$9 million, or 3%, over 2019. This difference represents a \$25 million decrease related to the prior period adjustment, and a \$34 million increase relating to year-over-year change (which would be an increase of 12% over 2019). Net position, as noted earlier, may serve over time as a useful indicator of the City's financial position.

Of the total net position, \$756 million, or 89%, is the City's net investment in capital assets (e.g. land, buildings and improvements, machinery and equipment and the road network) less any related debt used to acquire those assets that is still outstanding. The City's investment in capital assets increased \$31 million, restricted net position increased by \$5 million and unrestricted net position remained unchanged, accounting for the increase in total net position of \$36 million. This is primarily due to the City's investment in the road network, buildings and related improvements, and machinery and equipment.

The majority of the City's long-term liabilities relate to the City's net pension liability and the acquisition of capital assets. Some of those assets include the City's corporation yard, fire stations, police vehicles and sewer and water infrastructure including the surface water treatment plant and the sewer treatment-water reuse facility. These capital assets are utilized to provide services to citizens and are not available for future spending. The repayment of the debt on these assets must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Restricted net position is \$39 million, which represents 5% of the total net position. Restricted net position represents those resources that are subject to external restrictions on how they may be used. These restrictions are established by bond covenants or restrictions on the use of funds by state or federal regulations.

Unrestricted net position represents those resources which may be used to meet the City's ongoing commitments to citizens and creditors. Government-wide unrestricted net position is \$55 million, or 6% of the total net position, which is no change from the previous year. Governmental activities have a negative \$(52) million unrestricted net position, which is an increase of \$14 million compared to last year. Business-type activities have \$106 million in unrestricted net position, a decrease of \$14 million, or 12%, compared to last year.

Governmental activities. Governmental activities account for \$574 million, or 68%, of the total Government-wide net position. This is an increase of \$45 million, or 8%, over June 30, 2019. Donated and constructed assets increased by \$25 million while the amounts available for debt service, street and road construction and community development increased by \$5 million. Additionally, the amount accumulated during the year for normal activities, unrestricted net position, increased by \$14 million.

The following lists key components of this increase:

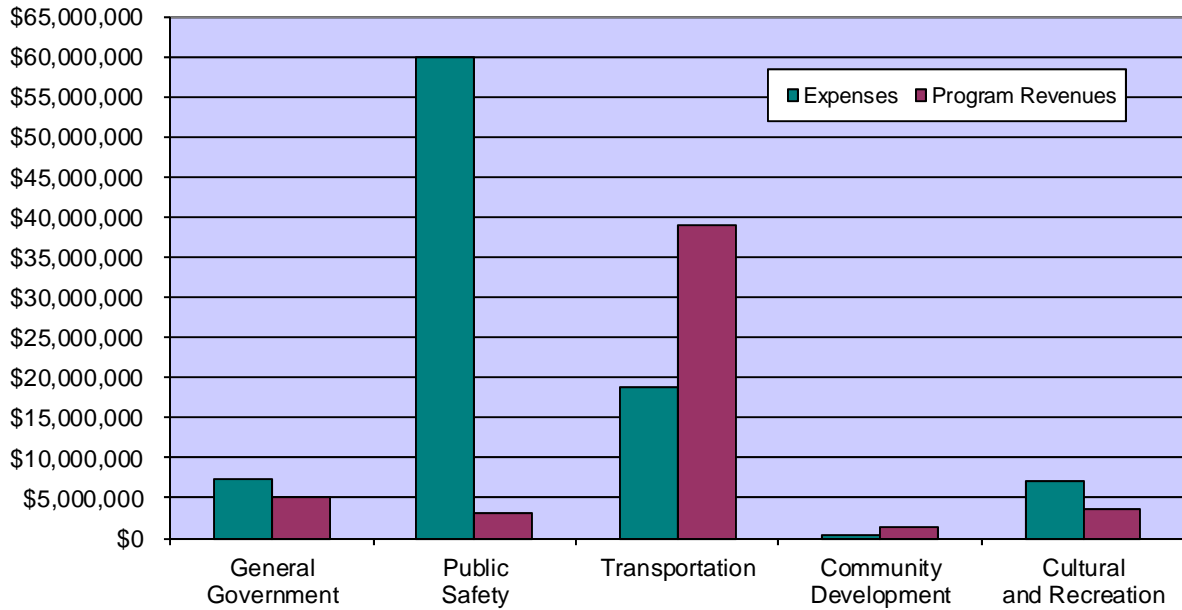

City of Clovis' Changes in Net Position

	Governmental activities		Business-type activities		Total	
	2020	2019	2020	2019	2020	2019
Revenues:

Total governmental revenues for the year were \$115 million, which is \$6 million, or 6%, less than in 2019. The majority of this decrease is attributable to capital grants and contributions and represents increases in funding for streets and roads. Taxes, including property, sales, business license/franchise, and other taxes, account for \$60 million, or 52%, of the City's governmental activities revenue and increased \$3 million, or 5%, from 2019. Property taxes increased by \$2 million due to higher property values and the shift of former redevelopment tax increment to the City. Sales taxes only increased \$0.8 million mainly due to the State's delay in funds not previously received as a result of their new reporting system. Business taxes and Other taxes had a nominal change.

Total governmental expenses for the year were \$94 million, an increase of \$6 million, or 7%, from 2019. Public Safety, which includes police and fire, accounts for \$60 million, or 64%, of the total governmental activities expenses. Public Safety expenses increased \$4 million, or 7%, from 2019 primarily due to increases in salary and benefit costs and the increased costs of services, materials and supplies. Community development expenses decreased nominally from 2019. General government expenses were \$7 million, a decrease of 4% from 2019 resulting from the decrease in services, supplies and materials. Transportation expenses were \$19 million, or greater by 27% when compared to 2019. Cultural and Recreation expenses were \$7 million, a decrease of 12% when compared to 2019.

Expenses and Program Revenues-Governmental Activities

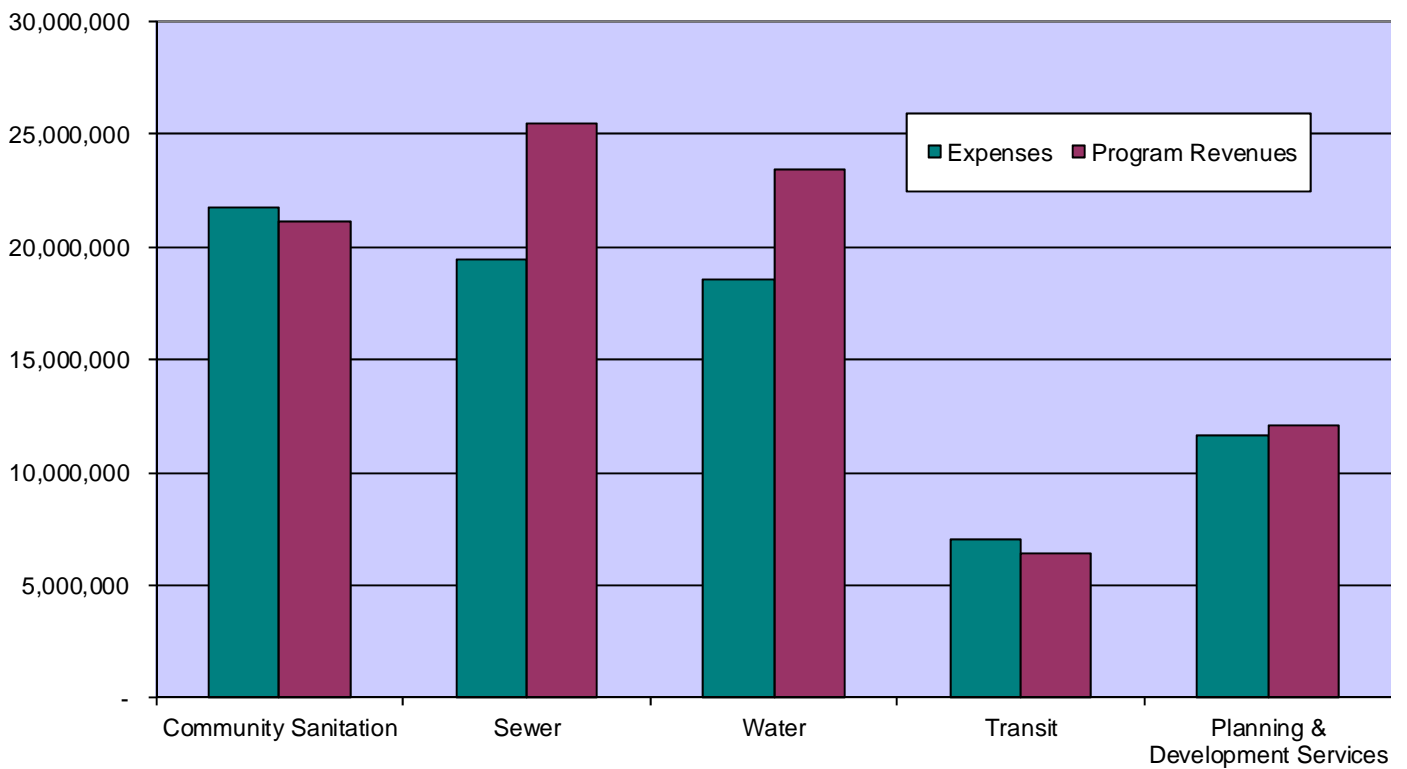

Revenues by Source-Governmental Activities

Program revenues that include charges for services and grants specific to certain programs were \$52 million, or 46% of the total governmental activity revenue. The amounts necessary to fully fund the governmental activity programs are made up of “general” revenues such as taxes, interest, and grants and contributions.

Business-type Activities. Business-type activities account for \$274 million, or 32% of the total Government-wide net position. This is a decrease of \$9 million, or 3%, from June 30, 2019. The component, “Net Investment in Capital Assets” accounts for \$168 million, or 61% of the total net position, and is an increase of \$6 million from 2019. The amount of restricted net position represents less than 1% of the total net position. The amount of net position that is unrestricted, \$106 million, or 39%, decreased \$14 million from 2019. Charges for current services were \$82 million, or 88% of the total business-type activity revenue, and increased \$2 million from 2019. Grants and contributions of \$7 million represent \$2 million in contributions of sewer and water mains from developers and \$5 million in state transit assistance.

Expenses and Program Revenues-Business-type Activities

Revenues by Source-Business-type Activities

Included in charges for current services are development fees relating to the construction of capital improvements for sewer disposal and water operations. The revenues generated by these development fees are normally accumulated until such time as there are sufficient reserves to construct or acquire capital assets or to pay debt service on previously incurred debt. Debt service payments of principal are not considered a program expense and are, therefore, not reflected in this chart.

Financial Analysis of the City's Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. Fund balance is defined in five categories: nonspendable, restricted, committed, assigned and unassigned. Nonspendable fund balances cannot be spent because of their form. Restricted fund balance has limitations imposed externally by creditors, grantors, contributors, or laws and regulations of other governments. Committed fund balance has self-imposed limitations set in place prior to the end of the period. Assigned fund balance is the amount left available for appropriation at the City's discretion within the fund's purpose.

All of the City's governmental funds ended the year with positive fund balances. The ending fund balance for all funds is \$58 million, which is an \$3 million increase from the previous year. Of the total fund balance, \$4 million or 7% is unassigned, which, within the limitations of the fund's purpose, is available for spending at the City's discretion. The remainder of the fund balance is not available for new spending because it is either in a form not able to be spent or has already been restricted, assigned or committed for the following: (in millions)

Capital Projects	\$18.2
Community Development	13.5
Debt service	0.4
Landscape Maintenance	5.7
Parking and Business Improvement	<0.1
Law Enforcement	<0.1
Services materials and supplies	0.9
Capital Outlay	1.7
Emergencies	12.8

The general fund is the chief operating fund of the City. As of June 30, 2020, the *total* fund balance (including all categories) of the general fund was \$23.7 million, an increase of \$0.8 million from June 30, 2019. The total fund balance of \$23.7 million includes restricted balances of \$5.8 million, assigned balances of \$13.8 million, and an unassigned balance of \$4.1 million.

The general fund *restricted* balances of \$5.8 million increased by \$0.8 million over 2019 due to an increase in the amount restricted for the landscape maintenance. The *assigned* balance for unforeseen expenditures stayed relatively static, which represents 17.6% of the 2020 actual expenditures in order to reach the 20%-25% level established by Council policy. The *unassigned* fund balance decreased \$0.3 million when compared to June 30, 2019. The \$4.1 million unassigned portion is the amount carried over to offset the impact of revenue shortfall that may occur in the next year due to economic uncertainty and is \$0.1 million more than the amount projected at the time the 2020/21 budget was prepared.

Revenues exceeded expenditures by \$3.2 million excluding landscape maintenance where revenues exceeded expenditures by a little under \$0.7 million. The revenue category "Other taxes" came in under budgeted amounts by \$0.8 million, revenue "From other agencies" came in over budgeted amounts by \$0.6 million, "Property taxes" came in near the budgeted amount, "Business license/Franchise fee" came in \$0.2 million under budgeted amounts, "Sales taxes," came in under budget by \$0.4 million; "Licenses and permits" came in near the budgeted amount; and "Other revenues" came in under budget by less than \$0.1 million. The decrease in "Other taxes" was primarily due to Covid-19. This revenue includes Transient Occupancy Tax on hotels which due to shelter in place orders was severely impacted. The increase in "From other agencies" revenue represents reimbursements from the State for fire assistance. The decrease in "Business license/Franchise fee" stems from the impact of Covid-19. "Sales taxes" also decreased from budget due to Covid-19.

Several departments experienced expenditure savings including "Manager", \$0.3 million, "General Services", \$0.2 million, "Finance", \$0.4 million, "Police", \$2.2 million, "Fire", \$0.8 million and "Public Utilities", \$0.7 million. Most of the expenditure savings in the departments were savings achieved by staffing vacancies, savings in services and supplies and postponed capital expenditures. Most savings attributed to "projects" that were not commenced before the end of the fiscal year are included in the "Assigned for Services, Materials and Supplies" or the "Assigned for Capital" amount and will be spent in the next fiscal year.

The local transportation fund, used to account for all street construction projects, incurred less than budgeted expenditures as a result of several large projects awarded towards the

end of the fiscal year and limited staff resources. The ending fund balance of \$18.1 million is \$2.0 million more than June 30, 2019.

Proprietary funds. As indicated in the description of proprietary funds, there are two types of funds, enterprise and internal service funds. All of the City's enterprise funds ended the year with positive unrestricted net position with the exception of the Transit Fund. This deficit balance is attributable to the liability of CalPERS pension funds. This liability is long-term in nature, not requiring current resources, and is not being funded separately from PERS at this time.

All the internal service funds finished with positive unrestricted net position. The current liability for workers' compensation claims is \$9.7 million. The City funds the current year workers' compensation expenditures with charges to City programs. The City has also funded approximately \$2.5 million of the accrued liability through charges to City programs in prior years. The balance of the liability is of a long-term nature, not requiring current resources, and therefore has not been funded.

General Fund Budgetary Highlights

Throughout the fiscal year it was necessary to adjust the original General Fund budget. The Statement of Revenues, Expenditures, and Change in Fund Balance-Budget to Actual, General Fund, on page 35 shows the original budget and final budget. Below is a summary of the primary amendments:

\$	25,000	City Attorney-unanticipated legal expenses
\$	1,000	City Clerk-Unanticipated employee benefit costs

Capital Assets and Debt Administration

Capital Assets. The City's capital assets for its governmental and business-type activities as of June 30, 2020, amount to \$892 million (net of depreciation/amortization), an increase of \$22 million over 2019. Capital assets include land, buildings and improvements, machinery and equipment, and road network and intangible capacity rights for water and sewer.

Major capital asset additions this year include the following:

Road network improvements and land acquisitions	\$ 13 million
Land	\$ 7 million
Machinery and equipment	\$ 4 million

During the year the City made improvements to various streets and received developer donated infrastructure. The sewer system improvements include the City's share of capital projects for the Fresno-Clovis regional waste water treatment plant. Additional information on the City's capital assets can be found in note IV.E on pages 60-61.

CITY OF CLOVIS'
Capital Assets
(net of depreciation)

	Governmental activities		Business-type activities		Total	
	2020	2019	2020	2019	2020	2019
Land	\$ 258,271,675	\$ 251,365,470	\$ 37,884,361	\$ 37,349,873	\$ 296,156,036	\$ 288,715,343

General obligation debt are direct obligations of the City and are backed by the full faith and credit of the City requiring voter approval, and may have a tax rate set to cover repayment. State statues limit the amount of general obligation debt to 15% of the City's total assessed valuation. The City of Clovis' debt limit is \$1.7 billion. The City currently has no general obligation debt outstanding. Detailed information on the City's long-term debt activity can be found in Note F. of the notes to the financial statements.

Economic Factors and Next Year's Budgets and Rates

The City is closely watching the national economy and keeping up with the state's budget issues and the impact these have on Clovis. During the budget development process for the 2020/21 fiscal year, the City was able to increase general fund expenditures by \$2 million compared to the estimated 2019/20 expenditures. This increase is mostly made up of negotiated salary increases, increased costs to provide employee benefits and general price increases impacting the cost of services, and supplies.

Economic forecasts for the Central Valley and Fresno were severely impacted by the onset of the COVID-19 pandemic and related business closures. Taxable sales were projected to increase by nearly 5.6% compared to the previous year but, due to Covid-19, sales taxes did not meet the budgeted amount. The City of Clovis experienced a 1.9% growth in population in 2020 compared to the 10-year average growth rate of 2.1%. The City's unemployment rate was at 3.2% in February 2020; however, due to the pandemic, by June 2020 the

unemployment for the City had increased to 12.1%. This rate was lower than the Fresno County rate of 14.6% and the State of California average of 14.9%, though still higher than the national average of 11.2%.

Residential building activity has continued to be greater than the 10-year average and is expected to remain robust over the next year, despite the pandemic impacts. The City is seeing demand for refilling vacant big box stores with At-Home opening in the old K-Mart location and Hobby Lobby opening in the vacant Toys-R-Us location on Shaw Avenue. In addition, two hotels were completed and two more are under construction plus an additional hotel received land use approval. This will more than double the room count in the City in the next few years. Clovis Community Hospital began construction on another bed tower and completed construction on additional medical offices and a heart and lung institute. This expansion continues to be one of the biggest job creation projects in Fresno County in recent years. Also, California Health Sciences University has completed its first building that will house a medical doctoral program near the hospital. The City is seeing a boost in office and industrial development with Cabinet Connections, a cabinet manufacturer completing construction of a factory in Clovis, along with many other small professional offices, such as an engineering consulting firm and industrial users developing in the City's business parks. The County of Fresno is also moving 2,000 employees into the City of Clovis. This activity demonstrates the City is moving forward with job generation despite the pandemic and continues to grow.

Total city-wide expenditures, excluding capital expenditures, were projected to increase approximately 5% due primarily to increased operational costs.

At June 30, 2020, the General Fund has an assigned fund balance of \$13.7 million, or 17.8% of budgeted expenditures, set aside for unforeseen emergencies. The City continues to monitor the impacts of the COVID-19 pandemic on the economy and the City's budget and adjust its strategies to address those impacts.

The Council determined that it was necessary for the Community Sanitation Fund to implement a rate increase of 4% for the green waste and recycling programs and to implement a rate increase of 4% for the refuse collection and disposal program for the 2020/21 fiscal year. Furthermore, the Council determined that a 3% increase was necessary for the Water Fund. The Sewer Fund will have no rate increase, and the full \$7.30 bond surcharge, will be rebated.

Requests for Information

This financial report is designed to provide our citizens, taxpayers, customers, investors and creditors with a general overview of the City of Clovis' finances and to demonstrate the City's accountability for the money it receives. If you have any questions about this report or need additional financial information, contact the Finance Director, City of Clovis, 1033 Fifth Street, Clovis, CA, 93612.

Reconciliation of the Governmental Fund Balances to the Governmental Activities Net Position

Amounts reported for governmental activities in the statement of net position are different because:	
Capital assets used in governmental activities are not financial resources and therefore, are not reported in the funds. (Net of \$82,307,808 of internal service fund capital assets)	525,630,705
Internal service funds are used by management to charge the costs of fleet management, employee benefits, liability and property insurance and general services to individual funds. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net position. (Net of \$2,137,295 allocated to business-type activities)	82,915,515
Long-term liabilities, including compensated absences, and net pension liability, are not due and payable in the current period and therefore are not reported in the funds.	(91,589,101)
Net Position of Governmental Activities	<u>\$ 574,488,801</u>

City of Clovis
Reconciliation of the Statement of Revenues,
Expenditures, and Changes in Fund Balances of Governmental Funds
To the Government-Wide Statement of Activities
For the Year Ended June 30, 2020

Amounts reported for governmental activities in the statement of activities (page 31) are different because:

Net change in fund balances-total governmental funds (page 33)	\$ 2,744,777
--	--------------

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation exceeded capital outlays in the current period.	12,290,003
---	------------

The net effect of donations and miscellaneous transactions involving capital assets (i.e., sales and trade-ins) is to increase net position.	11,179,926
--	------------

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.	(8,734,566)
---	-------------

Internal service funds are used by management to charge the costs of fleet maintenance, employee benefits, liability and property insurance and general services to individual funds. The net revenue of certain activities of internal service funds is reported with governmental activities. Net of \$1,352,212 allocated to business-type activities.	3,050,656
---	-----------

Change in net position of governmental activities (page 31)	<u>\$ 20,530,796</u>
---	----------------------

The notes to the financial statements are an integral part of this statement.

CITY OF CLOVIS
Notes to Financial Statements
For the Year Ended June 30, 2020

I. Summary of significant accounting policies

A. Reporting entity

The City of Clovis, California (City) was incorporated on February 27, 1912 as a general law city of the State of California, and as such can exercise the powers specified by the constitution and laws of the State of California. The City is governed by an elected five-member City Council under the administration of an appointed City Manager. The accompanying financial statements present the government and its component units, entities for which the government is considered to be financially accountable. Blended component units, although legally separate entities, are, in substance, part of the government's operations.

1. Blended component units

Although the following are legally separate from the City, they have been "blended" as though they are part of the City because the component unit's governing body is substantially the same as the City's and there is a financial benefit or burden relationship between the City and the component unit; management of the City has operational responsibilities for the component unit; and/or the component units provide services entirely, or almost entirely, to the City or otherwise exclusively, or almost exclusively, benefits the City, even though it does not provide services directly.

The Clovis Municipal Development Corporation (Corporation) was established by the Clovis City Council in January 1985 to handle the City's and the Clovis Community Development Agency's development of property. There were no assets, liabilities, equity or activity to report for the current or prior fiscal years.

The Clovis Public Financing Authority (Authority) was established by the Clovis City Council in July 1991 to facilitate the issuance of the City's debt. There were no assets, liabilities, equity or other activity to report for the current or prior fiscal years.

B. Government-wide and fund financial statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the primary government and its components units. The effects of interfund activity have been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function of a segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

C. Measurement focus, basis of accounting, and financial statement presentation

The statement of net position reports separate sections for Deferred Outflows of Resources, and Deferred Inflows of Resources, when applicable.

Deferred Outflows of Resources – This amount represents outflows of resources (consumption of net position) that apply to future periods and that, therefore, will not be recognized as an expense until that time.

CITY OF CLOVIS
Notes to Financial Statements
For the Year Ended June 30, 2020

Deferred Inflows of Resources – This amount represents inflows of resources (acquisition of net position) that apply to future periods and that, therefore, are not recognized as a revenue until that time.

The government-wide and proprietary fund financial statements are reported using the “*economic resources*” measurement focus and the accrual basis of accounting. Fiduciary fund financial statements are reported using the accrual basis of accounting but do not have a measurement focus since agency funds and private-purpose funds are the only fiduciary funds the City reports. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenue in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the “*current financial resources*” measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collected within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of “the end of the current fiscal period.” Expenditures generally are recorded when a liability is incurred. However, debt service expenditures as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, franchise taxes, licenses and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the government.

The City reports the following major governmental funds:

The general fund is the government’s primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The local transportation fund accounts for the City’s share of Transportation Development Act (SB 325) funds allocated by the State that are restricted to expenditures for capital street improvements and maintenance and for the deposits by developers for special street improvement projects.

The City reports the following major proprietary funds:

The community sanitation fund accounts for the activities of the City’s refuse collection and disposal operations, landfill operations and street sweeping operations.

The sewer disposal fund accounts for the activities of the City’s sanitary sewer system operations.

The water fund accounts for the activities of the City’s water production and distribution operations.

The planning and development services fund accounts for the activities of the City’s engineering operations.

Additionally, the City reports the following fund types:

Internal service funds account for general liability and property damage insurance, fleet management services, retirement, workers’ compensation, and health, unemployment and Medicare insurance, facility maintenance and enhancement, telecommunication and information technology, and other general services provided to other departments or agencies of the City on cost reimbursement bases.

CITY OF CLOVIS
Notes to Financial Statements
For the Year Ended June 30, 2020

Agency funds account for assets held by the City as an agent for special senior activities, certain special assessments collected and distributed on behalf of the districts, payroll taxes collected and distributed to other governments and collections from the State of California for assets forfeited.

Private-purpose trust funds are used to account for the assets of the former Clovis Community Development Agency during the wind down period.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. The exception to this general rule is payments-in-lieu of taxes. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with the proprietary fund's principal ongoing operations. The principal operating revenues of the community sanitation enterprise fund, of the sewer enterprise fund, of the water enterprise fund and of the City's internal service funds are charges to customers for sales and services. The sewer enterprise fund and the water enterprise fund also recognize as operating revenue the portion of developer fees intended to recover the cost of connecting new customers to the system. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses and depreciation on capital assets: All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first, then unrestricted resources as they are needed.

D. Assets, liabilities, and net position or equity

1. Cash and investments

The City maintains a cash and investment pool that is available for use by all funds. This pool utilizes investments authorized by the Government Code and is further defined by the City's investment policy that is reviewed annually by the City Council.

Highly liquid market investments with maturities of 1 year or less at the time of purchase are stated at amortized cost. All other investments are stated at fair value. Market value is used as fair value for the securities for which market quotations are readily available.

Authorized investments include deposits in the State of California administered Local Agency Investment Fund, insured certificates of deposits, collateralized certificates of deposits, commercial paper, bankers acceptances, medium term notes, money market mutual funds and securities backed by the U.S. Government. All investments are stated at fair value.

Interest income earned as a result of pooling is distributed to the appropriate funds based on month end cash balances in each fund. Interest income from cash and investments with fiscal agents and deferred compensation is credited directly to the related fund.

For purposes of the statement of cash flows, the City considers short term and highly liquid investments (including restricted assets) to be cash and cash equivalents.

CITY OF CLOVIS
Notes to Financial Statements
For the Year Ended June 30, 2020

The City invests its excess cash principally in U.S. Government Securities, U.S. Treasuries and the State of California Local Agency Investment Fund (LAIF). Investments in the LAIF are available for withdrawal on demand.

The City is also required to deposit funds with fiscal agents under the provisions of Revenue Bonds, Contracts and/or Lease Agreements. These funds are invested by the fiscal agent in instruments generally more restrictive than the City's investment policy.

U.S. GAAP defines fair values, establishes a framework for measuring fair value and establishes disclosures about fair value measurement. Investments, unless otherwise specified, recorded fair value in the Statement of Net Position/Balance Sheet, are categorized based upon the level of judgment associated with the inputs used to measure their fair value. Levels of inputs are as follows:

Level 1 – Inputs are unadjusted, quoted prices for identical assets and liabilities in active markets at the measurement date.

Level 2 – Inputs, other than quoted prices included in Level 1, that are observable for the assets or liabilities through corroboration with market data at the measurement date.

Level 3 – Unobservable inputs that reflect management's best estimate of what market participants would use in pricing the assets or liabilities at the measurement date.

2. Receivables

Billed but unpaid services provided to individuals or non-governmental entities are recorded as "receivables." Services provided to other governmental entities are recorded as "due from other governments." The City's utility enterprise funds include an estimated amount for services rendered but not yet billed as of June 30, 2020, determined by prorating the July 2020 bi-monthly billing.

The City has not experienced any material write-off of receivables; and therefore, an "allowance for bad debts" is not included on the City's balance sheet or statement of net position.

3. Interfund receivables/payables

During the course of operations, interfund receivables and payables transactions arise. These receivables and payables are classified as "due from other funds" or "due to other funds" on the fund financial statements. On the government-wide statement of net position, the "internal balances" represents the amounts receivable/payable between business-type activities and governmental activities. All other interfund transactions have been eliminated on the statement of net position.

4. Inventories

Inventories, consisting of fuel and vehicle parts, are valued at cost.

5. Capital assets/intangible assets

Capital assets, which include property, plant, equipment, and infrastructure assets (roadways), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the City as assets with an initial, individual cost of more than \$10,000, and an estimated useful life of at least three years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated assets are recorded at estimated acquisition value at the date donated. Intangible assets are valued at historical cost.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

CITY OF CLOVIS
Notes to Financial Statements
For the Year Ended June 30, 2020

Intangible assets include the purchase of sewer capacity rights and water entitlement rights. The City purchased sewer capacity rights from the City of Fresno at the Fresno Regional Waste Water Treatment Plant. The total amount of \$39,869,925 is reported in the City's Sewer Disposal Enterprise Fund. The City purchased water entitlement rights from the Fresno Irrigation District for surface water. The total amount of \$10,118,786 reported in the City's Water Enterprise Fund.

Donated assets include developer donated land as well as the improvements on the land including streets, curbs and gutters, sidewalks, street lighting and landscaping. Included in the total amount of capital grants and contributions on the government-wide statement of activities is \$11,179,926 of developer donated assets.

Property, plant and equipment of the primary government is depreciated over the estimated useful lives using the straight-line method, half-year convention. Estimated useful lives are as follows:

Distribution Systems	50 years
Roadways	50
Buildings	20-40
Vehicles	5-20
Other Equipment	3-10

Amortization of intangibles is computed over 40 years using the straight-line method, half-year convention. As the life of the rights have a life of 40 years.

6. Compensated absences

The liability for vested leave (vacation, compensated time off, holiday) earned but not used in governmental funds is expensed and established as a liability and is reported in the government-wide statement of net position in the governmental activities column. Vested leave of proprietary funds is recorded as an expense and liability of those funds as the benefits accrue. No liability is recorded for non-vesting leave such as sick leave.

7. Long-term liabilities

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are expensed when incurred.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts not withheld from the actual debt proceeds received are reported as debt service expenditures. Discounts withheld from the debt proceeds are reported as other financing uses.

8. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the plans and additions to/deductions from the plans' fiduciary net position have been determined on the same basis as they are reported by the plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with benefit terms. Plan investments are reported at fair value.

CITY OF CLOVIS
Notes to Financial Statements
For the Year Ended June 30, 2020

The following timeframes are used for pension plan reporting:

CalPERS

Valuation Date	June 30, 2018
Measurement Date	June 30, 2019
Measurement Period	July 1, 2018 to June 30, 2019

Gains and losses related to changes in total pension liability and fiduciary net position are recognized in pension expense systematically over time. The first amortized amounts are recognized in pension expense for the year the gain or loss occurs. The remaining amounts are categorized as deferred outflows and deferred inflows of resources related to pensions and are to be recognized in future pension expense. The amortization period differs depending on the source of the gain or loss. The difference between projected and actual earnings is amortized straight-line over 5 years. All other amounts are amortized straight-line over the average expected remaining service lives of all members that are provided with benefits (active, inactive, and retired) as of the beginning of the measurement period.

9. Fund balances

In the fund financial statements, governmental funds report components of fund balance based on constraints on the specific purposes for which amounts can be spent. "Nonspendable" fund balance is not in a spendable form or has a requirement to maintain intact. "Restricted" fund balance has externally enforceable limitations on its use such as restrictions from outside parties such as creditors, grantors, contributors, laws or regulations of other governments or imposed by law through constitutional provisions or enabling legislation. "Committed" fund balance is constrained by limits imposed by the government's highest level of decision-making and can only be removed or modified by a formal action by that authority. "Assigned" fund balance is limited by City Council, the City Manager or the designated department head as delegated by City Council. "Unassigned" fund balance is the residual net resources.

The general fund is the only fund that reports a positive unassigned fund balance amount. In other governmental funds, it is not appropriate to report a positive unassigned fund balance amount. However, in governmental funds other than the general fund, if expenditures incurred for specific purposes exceed the amounts that are restricted, committed or assigned to those purposes, it may be necessary to report a negative unassigned fund balance in that fund.

The City will spend the funds restricted for their purpose within those funds first followed by assigned funds for their intended purposes prior to spending any unassigned funds. The City Council has established a target of a minimum unassigned fund balance for any operational fund is 10% of the budgeted expenditures with the goal for unassigned fund balance of up to 15% of budgeted expenditures unless capital borrowing or extraordinary fiscal conditions require higher levels of unassigned fund balance be maintained.

The local transportation fund is the City's only major special revenue fund. This fund accounts for the capital street projects paid for out of the City's share of Transportation Development Act (SB 325) funds allocated by the state, 1/2 cent sales tax for transportation, Special Gas Tax Select Street funds, and federal funding sources under the Federal Intermodal Surface Transportation Efficiency Act. In addition, funds are transferred from the Developer Trust Fund as reimbursements are made for developer-financed projects.

10. Net Position

In the government-wide financial statements and proprietary fund financial statements, net position is classified as follows:

Net Investment in Capital Assets – This component of net position consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of debt, net of deferred refunding, that are attributable to the acquisition, construction, or improvement of those assets.

CITY OF CLOVIS
Notes to Financial Statements
For the Year Ended June 30, 2020

Restricted – This component of net position consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets.

Unrestricted – This component of net position is the amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted component of net position.

When expenses are incurred for purposes for which both restricted and unrestricted components of net position are available, the City's policy is to apply the restricted component of net position first, then the unrestricted component of net position as needed.

11. Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

12. Implementation of New GASB Pronouncements

The requirements of the following accounting standards are effective for the purpose of implementation, if applicable to the City, for the year ended June 30, 2020. The financial statements included herein apply the requirements and provisions of these statements, including necessary retroactive adjustments to financial statement classifications and presentations.

New and Upcoming Governmental Accounting Standards Implementation

GASB Statement No. 95

In May 2020, GASB issued Statement No. 95, Postponement of the Effective Dates of Certain Authoritative Guidance. The primary objective of this Statement is to provide temporary relief to governments and other stakeholders in light of the COVID-19 pandemic. That objective is accomplished by postponing the effective dates of certain provisions in Statements and Implementation Guides that first became effective or are scheduled to become effective for periods beginning after June 15, 2018, and later. Application of this statement did not have a material effect on the City's financial statements for the fiscal year ending June 30, 2020.

Upcoming Governmental Accounting Standards Implementation

GASB Statement No. 84

In January 2017, GASB issued Statement No. 84, Fiduciary Activities. This Statement establishes criteria for identifying fiduciary activities of all state and local governments. The focus of the criteria generally is on (1) whether a government is controlling the assets of the fiduciary activity and (2) the beneficiaries with whom a fiduciary relationship exists. Separate criteria are included to identify fiduciary component units and postemployment benefit arrangements that are fiduciary activities. Application of this statement is effective for the City's fiscal year ending June 30, 2021.

GASB Statement No. 87

In June 2017, GASB issued Statement No. 87, Leases. This Statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. Application of this statement is effective for the City's fiscal year ending June 30, 2022.

CITY OF CLOVIS
Notes to Financial Statements
For the Year Ended June 30, 2020

GASB Statement No. 89

In June 2018, GASB issued Statement No. 89, Accounting for Interest Cost Incurred before the End of a Construction Period. This Statement establishes accounting requirements for interest cost incurred before the end of a construction period. Such interest cost includes all interest that previously was accounted for in accordance with the requirements of paragraphs 5–22 of Statement No. 62, Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements, which are superseded by this Statement. This Statement requires that interest cost incurred before the end of a construction period be recognized as an expense in the period in which the cost is incurred for financial statements prepared using the economic resources measurement focus. As a result, interest cost incurred before the end of a construction period will not be included in the historical cost of a capital asset reported in a business-type activity or enterprise fund. Application of this statement is effective for the City's fiscal year ending June 30, 2022.

GASB Statement No. 90

In August 2018, GASB issued Statement No. 90, Majority Equity Interests— An Amendment of GASB Statements No. 14 and No. 61. This Statement improves the consistency and comparability of reporting a government's majority equity interest in a legally separate organization and to improve the relevance of financial statement information for certain component units. It defines a majority equity interest and specifies that a majority equity interest in a legally separate organization should be reported as an investment if a government's holding of the equity interest meets the definition of an investment. A majority equity interest that meets the definition of an investment should be measured using the equity method, unless it is held by a special-purpose government engaged only in fiduciary activities, a fiduciary fund, or an endowment (including permanent and term endowments) or permanent fund. Those governments and funds should measure the majority equity interest at fair value. Application of this statement is effective for the City's fiscal year ending June 30, 2021.

GASB Statement No. 91

In May 2019, GASB issued Statement No. 91, Conduit Debt Obligations. The primary objectives of this Statement are to provide a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations, and (3) related note disclosures. This Statement achieves those objectives by clarifying the existing definition of a conduit debt obligation; establishing that a conduit debt obligation is not a liability of the issuer; establishing standards for accounting and financial reporting of additional commitments and voluntary commitments extended by issuers and arrangements associated with conduit debt obligations; and improving required note disclosures. Application of this statement is effective for the City's fiscal year ending June 30, 2023.

GASB Statement No. 92

In January 2020, GASB issued Statement No. 92, Omnibus 2020. The primary objectives of this Statement are to enhance comparability in accounting and financial reporting and to improve consistency of authoritative literature by addressing practice issues that have been identified during implementation and application of certain GASB Statements. Application of this statement is effective for the City's fiscal year ending June 30, 2022.

GASB Statement No. 93

In March 2020, GASB issued Statement No. 93, Replacement of Interbank Offered Rates. Some governments have entered into agreements in which variable payments made or received depend on an interbank offered rate (IBOR)—most notably, the London Interbank Offered Rate (LIBOR). As a result of global reference rate reform, LIBOR is expected to cease to exist in its current form at the end of 2021, prompting governments to amend or replace financial instruments for the purpose of replacing LIBOR with other reference rates, by either changing the reference rate or adding or changing fallback provisions related to the reference rate. The objective of this Statement is to address those and other accounting and financial reporting implications that result from the replacement of an IBOR. Application of this statement is effective for the City's fiscal year ending June 30, 2022.

CITY OF CLOVIS
Notes to Financial Statements
For the Year Ended June 30, 2020

GASB Statement No. 94

In March 2020, GASB issued Statement No. 94, Public-Private and Public-Public Partnerships and Availability Payment Arrangements. The primary objective of this Statement is to improve financial reporting by addressing issues related to public-private and public-public partnership arrangements (PPPs). As used in this Statement, a PPP is an arrangement in which a government (the transferor) contracts with an operator (a governmental or nongovernmental entity) to provide public services by conveying control of the right to operate or use a nonfinancial asset, such as infrastructure or other capital asset (the underlying PPP asset), for a period of time in an exchange or exchange-like transaction. Application of this statement is effective for the City's fiscal year ending June 30, 2023.

GASB Statement No. 96

In May 2020, GASB issued Statement No. 96, Subscription-Based Information Technology Arrangements. This Statement provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users (governments). This Statement (1) defines a SBITA; (2) establishes that a SBITA results in a right-to-use subscription asset—an intangible asset—and a corresponding subscription liability; (3) provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA; and (4) requires note disclosures regarding a SBITA. Application of this statement is effective for the City's fiscal year ending June 30, 2023.

GASB Statement No. 97

In June 2020, GASB issued Statement No. 97, Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans – An Amendment of GASB Statements No. 14 and No. 84, and a Supersession of GASB Statement No. 32. The primary objectives of this Statement are to (1) increase consistency and comparability related to the reporting of fiduciary component units in circumstances in which a potential component unit does not have a governing board and the primary government performs the duties that a governing board typically would perform; (2) mitigate costs associated with the reporting of certain defined contribution pension plans, defined contribution other postemployment benefit (OPEB) plans, and employee benefit plans other than pension plans or OPEB plans (other employee benefit plans) as fiduciary component units in fiduciary fund financial statements; and (3) enhance the relevance, consistency, and comparability of the accounting and financial reporting for Internal Revenue Code (IRC) Section 457 deferred compensation plans (Section 457 plans) that meet the definition of a pension plan and for benefits provided through those plans. Application of this statement is effective for the City's fiscal year ending June 30, 2022.

CITY OF CLOVIS
Notes to Financial Statements
For the Year Ended June 30, 2020

II. Reconciliation of government-wide and fund financial statements

A. Explanation of certain differences between the governmental fund balance sheet and the government-wide statement of net position

The governmental fund balance sheet includes a reconciliation between *fund balance-total governmental funds* and *net position-governmental activities* as reported in the government-wide statement of net position. One element of that reconciliation explains that “long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported in the funds.” The details of this (\$4,181,235) difference are as follows:

Pension related items of \$94,571,063 (net of \$7,163,197 reported in Internal Service Funds)	\$ 87,407,866
Accrued compensated absences of \$4,437,722 (net of \$256,487 reported in Internal Service Funds)	<u>4,181,235</u>
Net adjustment to reduce <i>fund balance-total governmental funds</i> to arrive at <i>net position-governmental activities</i>	<u><u>\$ 91,589,101</u></u>

B. Explanation of certain differences between the governmental fund statement of revenues, expenditures, and changes in fund balances and the government-wide statement of activities

The governmental fund statement of revenues, expenditures, and changes in fund balances includes a reconciliation between *net changes in fund balances-total governmental funds and changes in net position of governmental activities* as reported in the government-wide statement of activities. One element of that reconciliation explains “Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.”

The details of this \$12,290,003 difference are as follows:

Capital Outlay	\$ 23,836,451
Depreciation expense (net of \$5,573,740 reported in Internal Service Funds)	<u>(11,546,448)</u>
Net adjustment to increase <i>net changes in fund balance-total governmental funds</i> to arrive at <i>changes in net position-governmental activities</i>	<u><u>\$ 12,290,003</u></u>

Another element of that reconciliation states that “The net effect of various miscellaneous transactions involving capital assets (i.e., sales, trade-ins, and donations) is to increase net position.” Donated capital assets increase net position in the statement of activities, but do not appear in the governmental funds because they are not financial resources.

The details of this \$23,836,451 difference are as follows:

General government capital asset additions	\$ 42,914,826
Internal service fund capital asset additions	(7,898,449)
Donated capital asset additions	<u>(11,179,926)</u>
Net capital outlay	<u><u>\$ 23,836,451</u></u>

CITY OF CLOVIS
Notes to Financial Statements
For the Year Ended June 30, 2020

Another element of that reconciliation states that “Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.” The details of this \$387,124 difference are as follows:

Pension related items (Net of \$790,774 reported in Internal Service Funds)	\$ 8,347,442
Compensated absences (Net of \$32,111 reported in Internal Service Funds)	<u>387,124</u>
 Net adjustment to decrease <i>net changes in fund balance-total governmental funds</i> to arrive at <i>changes in net position-governmental activities</i>	 \$ <u><u>8,734,566</u></u>

III. Stewardship, compliance, and accountability

A. Budgetary information

Annual budgets are adopted on a basis consistent with generally accepted accounting principles for all governmental funds. All annual appropriations lapse at fiscal year-end.

On or before the second week of March of each year, all departments of the City submit request for appropriations to the City Manager so that a budget may be prepared. On or before the third Monday in May, the proposed budget is presented to the City council for review. The council holds public hearings and a final budget must be adopted no later than June 30.

The appropriated budget is prepared by fund and department. The City Manager may make transfers of appropriations between departments within a specific fund of up to \$5,000 and up to \$2,500 from any established reserves. Transfers in excess of those amounts require council action. No action is required at any level lower than the department level. The legal level of budgetary control is the department level. During the year, supplementary appropriations approved by the council were necessary for some departments.

B. Deficit fund equity

Government-Wide Financial Statements

At June 30, 2020, deficit unrestricted net position was reported for governmental activities in the amount of \$(51,797,315). The deficit is the result of reporting net pension liabilities of \$113,957,766 in the government-wide financial statements. City management believes the present cash aggregate position of the General Fund is adequate to meet current needs.

Proprietary Funds

The Transit Fund has a deficit net position of \$(2,543,475) as of June 30, 2020. The deficit is the result of reporting net pension liabilities of \$4,969,140 in the proprietary fund financial statements. City management believes the present cash aggregate position of the Transit Fund is adequate to meet current needs.

CITY OF CLOVIS
Notes to Financial Statements
For the Year Ended June 30, 2020

IV. Detailed notes on all funds

A. Cash and investments

Cash and investments as of June 30, 2020 are classified in the accompanying financial statements as follows:

Primary Government:		
Cash and investments	\$	246,627,944
Cash and investments - restricted		589,236
Fiduciary funds:		
Cash and investments		4,337,802
Cash and investments with agent - restricted		1,068,969
Total cash and investments	<u>\$</u>	<u>252,623,951</u>

Fair value of cash and investments based on quoted market prices. The City categorizes its fair value measurements within the fair value hierarchy established by GASB Statement No. 72. This hierarchy recognizes three tiers, outlined as follows:

- Level 1: Investments reflect prices quoted in active markets;
- Level 2: Investments reflect prices that are based on a similar observable asset either directly or indirectly, which may include inputs in markets that are not considered to be active; and,
- Level 3: Investments reflect prices based upon unobservable sources.

The table below presents the fair value measurements of investments recognized in the accompany statements of net position at June 30, 2020:

	Fair Value	Measurement Input
Cash on hand	\$ 8,186	N/A
Deposit with financial institution	8,232,438	
Investments:		
Money Market Funds	39,396,328	N/A
Certificates of Deposit	11,240,000	N/A
U.S. Agency Securities	118,385,974	Level 2
Local Agency Investment Fund (LAIF)	73,702,820	N/A
Held by Bond Trustee:		
Money Market Funds	<u>1,658,205</u>	N/A
Total	<u>\$ 252,623,951</u>	

Investment securities classified in Level 2 of the fair value hierarchy are valued using prices determined by the use of matrix pricing techniques maintained by the pricing vendors for these securities. Matrix pricing is used to value securities based on the securities' relationship to benchmark quoted prices.

Investments Authorized by the California Government Code and the City's Investment Policy. The table below identifies the investment types that are authorized for the City of Clovis by the California Government Code (or the City of Clovis investment policy, where more restrictive). The table also identifies certain provisions of the California Government Code (or the City of Clovis Investment Policy, where more restrictive) that address interest rate risk, credit risk and concentration of credit risk. This table does not address investments of debt proceeds held by bond trustee that are governed by the provisions of debt agreements of the City of Clovis, rather than the general provisions of the California Government Code or the City of Clovis' investment policy.

CITY OF CLOVIS
Notes to Financial Statements
For the Year Ended June 30, 2020

Authorized Investment Type	Maximum Maturity	Maximum Percentage of Portfolio or Amount*	Maximum Investment or One Issuer or Amount
U.S. Treasury Obligations	3 years	None	None
U.S. Agency Securities	3 years	None	None
Bankers Acceptances	180 days	30%	30%
Commercial Paper	270 days	15%	10%
Negotiable Certificates of Deposit	3 years	30%	Legal Limit
Repurchase Agreements	1 year	None	None
Medium-Term Notes	3 years	30%	None
Qualified Mutual Funds	N/A	\$2,000,000	\$2,000,000
Money Market Accounts	N/A	\$10,000,000	\$10,000,000
Local Agency Investment Fund (LAIF)	N/A	None	None

* Excluding amounts held by bond trustee that are not subject to California Government Code restrictions.

Investments Authorized by Debt Agreements. Investment of debt proceeds held by bond trustee are governed by provisions of the debt agreements, rather than the general provisions of the California Government Code or the City of Clovis' investment policy. The table below identifies the investment types that are authorized for investments held by bond trustee. The table also identifies certain provisions of these debt agreements that address interest rate risk, credit risk, and concentration of credit risk.

<u>Authorized Investment Type</u>	<u>Maximum Maturity</u>	<u>Maximum Percentage of Portfolio</u>	<u>Maximum Investment or One Issuer</u>
U.S. Treasury Obligations	5 years	None	None
U.S. Agency Securities	5 years	None	None
Bankers Acceptances	180 days	30%	30%
Commercial Paper	270 days	15%	10%
Qualified Mutual Funds	N/A	None	None
Money Market Accounts	N/A	None	None
Local Agency Investment Fund (LAIF)	N/A	None	None

Disclosures Relating to Interest Rate Risk. Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. One of the ways that the City of Clovis manages its exposure to interest rate risk is by purchasing a combination of shorter term and longer term investments and by timing cash flows from maturities so that a portion of the portfolio is maturing or coming close to maturity evenly over time as necessary to provide the cash flow and liquidity needed for operations. The City of Clovis monitors the interest rate risk inherent in its portfolio by measuring the weighted average maturity of its portfolio. The City of Clovis investment policy states that no investment can have a maturity in excess of three years unless approved by the City Manager.

<u>Authorized Investment Type</u>	<u>Maximum Maturity</u>	<u>Maximum Percentage of Portfolio</u>	<u>Maximum Investment or One Issuer</u>
U.S. Treasury Obligations	5 years	None	None
U.S. Agency Securities	5 years	None	None
Bankers Acceptances	180 days	30%	30%
Commercial Paper	270 days	15%	10%
Qualified Mutual Funds	N/A	None	None
Money Market Accounts	N/A	None	None
Local Agency Investment Fund (LAIF)	N/A	None	None

CITY OF CLOVIS
Notes to Financial Statements
For the Year Ended June 30, 2020

Investments with Fair Values Highly Sensitive to Interest Rate Fluctuations. The City of Clovis' investments do not include any investments that are highly sensitive to interest rate fluctuations (to a greater degree than already indicated in the information provided above).

Disclosures Relating to Credit Risk. Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Presented below is the minimum rating required by (where applicable) the California Government Code, the City of Clovis' investment policy, or debt agreements, and the actual rating as of year-end for each investment type.

Investment Type Rating	Amount	Minimum Rating Required	Ratings as of Year End	
			AAA	Not Rated
Money Market	\$ 39,396,328	N/A		\$ 39,396,328
Certificates of Deposit	11,240,000	N/A		11,240,000

Concentration of Credit Risk. The investment policy of the City of Clovis contains no limitations on the amount that can be invested in any one issuer beyond that stipulated by the California Government Code. Investments in any one issuer (other than U.S. Treasury securities and external investment pools) that represent 5% or more of total City of Clovis' investments are as follows:

Issuer	Investment Type	Reported Amount	Percent of Total Invested
FFCB	Federal Agency Securities	\$ 29,960,000	26.5%
FHLMC	Federal Agency Securities	8,500,000	7.5%
FHLB	Federal Agency Securities	51,500,000	45.6%
FAMCMTN	Federal Agency Securities	23,000,000	20.4%

Custodial Credit Risk. Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for investments is the risk that, in the event of the failure of the broker or dealer to a transaction, a government will not be able to recover the value of its investments or collateral securities that are in the possession of another party. The California Government Code and the City of Clovis' investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits or investments, other than the following provisions for deposits: The California Government Code requires that a financial institution secure deposits made by state or local government units by pledging securities in an undivided collateral pool held by a depository regulated under state law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least 110% of the total amount deposited by the public agencies. California law also allows financial institutions to secure City deposits by pledging first trust deed mortgage notes having a value of 150% of the secured public deposits.

As of June 30, 2020, no City of Clovis' deposits with financial institutions in excess of federal depository insurance limits were held in uncollateralized accounts. In addition, as of June 30, 2020, no investments were held by the same broker dealer (counterparty) that was used by the City of Clovis to purchase the securities.

CITY OF CLOVIS
Notes to Financial Statements
For the Year Ended June 30, 2020

Disclosures Relating to Interest Rate Risk. Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. As of year-end, the average life-month end maturity of the investments contained in the LAIF investment pool is approximately 191.

Investment in State Investment Pool. The City's investments with Local Agency Investment Fund (LAIF) at June 30, 2020 included a portion of the pooled funds invested in Structured Notes and Assets-Backed Securities. These investments included the following:

Structured Notes are debt securities (other than asset-backed securities) whose cash flow characteristics (coupon rate, redemption amount, or stated maturity) depend upon one or more indices and/or that have embedded forwards or options.

Asset-Backed Securities, the bulk of which are mortgage-backed securities, entitle their purchasers to receive a share of the cash flows from a pool of assets such as principal and interest repayments from a pool of mortgages (such as CMO's) or credit card receivables.

As of June 30, 2020, the City had \$73,702,820 invested in LAIF, which had invested 2.21% of the pool investment funds in Structured Notes and Asset-Backed Securities and 1.16% of pool investment funds in Short-term Asset-Backed Commercial Paper.

The fair value of the City's position in the LAIF pool is the same as the value of the pool shares.

The Pooled Money Investment Board provides oversight to the State Treasurer's pooled investment program. The purpose of the board is to design and administer an effective cash management and investment program, using all monies flowing through the State Treasurer's Office bank accounts and keeping all available funds invested in a manner consistent with the goals of safety, liquidity, and yield. The Pooled Money Investment Board is comprised of the State Treasurer as chair, the State Controller, and the Director of Finance. The investment program is not registered with the Securities and Exchange Commission as an investment company.

The State Treasurer's Office reports its investments at fair value. The fair value of securities in the State Treasurer's pooled investment program generally is based on quoted market prices. The value of the deposits in the State Treasurer's pooled investment program, including the Local Agency Investment Fund, is equal to the dollars deposited in the program.

Certain funds have elected to participate in the pooled investment program even though they have the authority to make their own investments. Others may be required by legislation to participate in the program; as a result, the deposits of these funds or accounts may be considered involuntary. However, these funds or accounts are part of the State's reporting entity. The remaining participation in the pool, the Local Agency Investment Fund, is voluntary.

B. Property taxes

Secured property taxes become a lien on the property as of January 1 and are levied in two equal installments: the first due November 1 and delinquent on December 11, and the second due February 1 and delinquent April 11. Property taxes on unsecured property are due on the lien date of March 1 and become delinquent on September 1. The County of Fresno is responsible for the assessment, collection and apportionment for all jurisdictions within the County, including the City of Clovis.

CITY OF CLOVIS
Notes to Financial Statements
For the Year Ended June 30, 2020

C. Receivables

Receivables as of June 30, 2020 for the City's individual major funds and nonmajor, internal service, and fiduciary funds in the aggregate, are as follows:

	General	Local Transportation	Nonmajor & Other Funds	Total Governmental Funds	Internal Service Funds	Fiduciary Funds

* The beginning liability balance includes the associated prior period adjustments (Note VF).

Internal service funds predominantly serve the governmental funds. Accordingly, long-term liabilities for them are included as part of the above totals for governmental activities. At year end \$256,487 of internal service funds compensated absences are included in the above amounts. Included in deposits and other liabilities in business-type activities are utility customer deposits of \$2,543,034 and miscellaneous deposits and other liabilities of \$3,202,123. For the governmental activities, accrued compensated absences are generally liquidated by the general fund. In addition, in prior years the employee benefit fund has been used to liquidate pension liabilities.

Governmental activities long-term debt

1. Capital leases

The City has entered into multiple lease agreements for financing the acquisition of a fire station, fire trucks, fire equipment, communication equipment, refuse replacement trucks, police vehicles, and new and replacement landfill equipment. These lease agreements qualify as capital leases for accounting purposes. These leases are secured by the right to any proceeds from the sale of the leased property. These leases have interest rates varying from 1.86% to 4.95% and the final payment on these leases is scheduled for May 2036.

CITY OF CLOVIS
Notes to Financial Statements
For the Year Ended June 30, 2020

Total	<u>\$ 1,676,452</u>

Research and Technology Park loan payable

In April 2001, the City entered into an agreement with the California infrastructure and economic development bank for improvements at the City's Research and Technology Park. The agreement has an interest rate of 3.06% and the final payment is scheduled for August 2021. The City has pledged Building B at 1033 Fifth Street as collateral on the lease. In September 2002, the City received the first draw down of this loan. The balance outstanding as of June 30, 2020, was \$51,054.

CITY OF CLOVIS
Notes to Financial Statements
For the Year Ended June 30, 2020

2010 Energy project loan payable

In January 2010, the City entered into an agreement with the California Energy Commission for the purchase of lighting efficiency upgrades and heating, ventilating, and air conditioning equipment replacement. The agreement has an interest rate of 1.0% and the final payment was made December 2019. The balance outstanding as of June 30, 2020, was \$0.

2011 Energy project loan payable

In April 2011, the City entered into an agreement with the California Energy Commission for the installation of solar panels on City properties including public safety headquarters and fire station #1 and #5. The agreement has an interest rate of 3.0% and the final payment is scheduled for June 2026. The balance outstanding as of June 30, 2020, was \$466,715.

2012 PG&E Energy loan payable

In April 2012, the City entered into an agreement with Pacific Gas & Electric for the retrofit of 436 street lights with LED fixtures. The agreement has an interest rate of 0% and the final payment is scheduled for December 2021. The balance outstanding as of June 30, 2020, was \$34,157.

2014 PG&E Energy loan payable

In October 2014, the City entered into an agreement with Pacific Gas & Electric for the retrofit of LED street lights. The agreement has an interest rate of 1% and the final payment is scheduled for June 2024. The balance outstanding as of June 30, 2020, was \$32,414.

2016 PG&E Energy loan payable

In May 2017, the City entered into an agreement with Pacific Gas & Electric as "On Bill Financing" for the retrofit of LED lighting at the Corp Yard. The agreement has an interest rate of 0% and the final payment is scheduled for February 2025. The balance outstanding as of June 30, 2020, was \$89,729.

2017 PG&E Energy loan payable

In September 2017, the City entered into an agreement with Pacific Gas and Electric to provide and install LED lighting at Clovis Rotary Skate Park at Letterman Park. The agreement has an interest rate of 0% and the final payment was made June 2020. The balance outstanding as of June 30, 2020, was \$0.

2019 Energy project loan payable

In July 2018, the City entered into an agreement with the California Energy Commission for the installation of LED lighting in City buildings. The agreement has an interest rate of 1.0% and the final payment is scheduled for June 2034. The balance outstanding as of June 30, 2020, was \$1,741,854.

2020 PG&E Energy loan payable

In January 2020, the City entered into an agreement with Pacific Gas & Electric as "On Bill Financing" for the retrofit of LED lighting at the Surface Water Treatment Plant. The agreement has an interest rate of 0% and the final payment is scheduled for January 2030. The balance outstanding as of June 30, 2020, was \$157,550.

2020 PG&E Energy loan payable

In January 2020, the City entered into an agreement with Pacific Gas & Electric as "On Bill Financing" for the retrofit of LED lighting at the Corp Yard Buildings "B" – "G." The agreement has an interest rate of 0% and the final payment is scheduled for October 2027. The balance outstanding as of June 30, 2020, was \$195,011.

CITY OF CLOVIS

Total	\$ 98,010,000	\$ 43,870,206	\$ 141,880,206

The following is an analysis of the improvements made with the proceeds of these bonds through June 30, 2020:

Land, structures and equipment	\$ 140,291,752
Less accumulated depreciation	<u>(44,513,232)</u>
Total	<u>\$ 95,778,520</u>

2013 wastewater revenue bonds

In July 2013, The City issued wastewater revenue refunding bonds in the amount of \$12,500,000. The net proceeds of \$12,698,281 (after the original issue premium of \$596,726 and payment of \$398,445 in underwriting fees, insurance, and other issuance costs) from the bonds were used to refund the \$13,745,000 aggregate principal amount outstanding on the City's 1998 wastewater bonds. The aggregate debt service payments of the new debt are \$2,519,935 less than the old debt. The bonds have interest rates varying from 0.75% to 4.73% and the final payment is scheduled for August 2028. The issuance of the new debt and refunding of the old debt resulted in an economic gain (the difference between the net present value of the old debt and new debt service payments) of approximately \$644,000.

CITY OF CLOVIS
Notes to Financial Statements
For the Year Ended June 30, 2020

2015 wastewater revenue bonds

In August 2015, The City refinanced the 2005 wastewater revenue bonds and issued 2015 wastewater revenue bonds in the amount of \$21,600,000. The net proceeds of \$22,881,723 (after the original issue premium of \$1,652,032 and payment of \$370,309 in underwriting fees, insurance, and other issuance costs) from the bonds were used to refund the \$24,885,000 aggregate principal amount outstanding on the City's 2005 wastewater bonds. The aggregate debt service payments of the new debt are \$10,852,200 less than the old debt. The bonds have interest rates varying from 2.0% to 3.75% and the final payment is scheduled for August 2035. The issuance of the new debt and refunding of the old debt resulted in an economic gain (the difference between the net present value of the old debt and new debt service payments) of approximately \$4,410,265.

2017 wastewater revenue bonds

In August 2017, The City refinanced the 2007 wastewater revenue bonds and issued 2017 wastewater revenue bonds in the amount of \$50,710,000. The net proceeds of \$59,836,790 (after the original issue premium of \$9,687,427 and payment of \$560,637 in underwriting fees, insurance, and other issuance costs) from the bonds were used to refund the \$59,620,000 aggregate principal amount outstanding on the City's 2007 wastewater bonds. The aggregate debt service payments of the new debt are \$18,669,931 less than the old debt. The bonds have interest rates varying from 2.0% to 5.0% and the final payment is scheduled for August 2038. The issuance of the new debt and refunding of the old debt resulted in an economic gain (the difference between the net present value of the old debt and new debt service payments) of approximately \$8,750,978.

2014 water refunding revenue bond

In July 2013, The City issued water revenue refunding bonds in the amount of \$31,810,000. The net proceeds of \$33,780,909 (after the original issue premium of \$2,427,739 and payment of \$456,830 in underwriting fees, insurance, and other issuance costs) from the bonds were used to refund the \$33,895,000 aggregate principal amount outstanding on the City's 2003 water revenue bonds. The aggregate debt service payments of the new debt are \$4,614,844 less than the old debt. The issuance of the new debt and refunding of the old debt resulted in an economic gain (the difference between the present value of the old debt and new debt service payments) of approximately \$2,651,000.

2. Contracts payable

Contracts payable at June 30, 2020, consisted of the following:

	Balance			Balance 6/30/2020	Classification	
	7/1/2019	Additions	Reductions		Due in One Year	Due in more than One Year
1993 wastewater renovation	\$ 5,502,287		\$ (997,258)	\$ 4,505,029	\$ 1,049,843	\$ 3,455,186
Total contracts payable	\$ 5,502,287	\$ 0	\$ (997,258)	\$ 4,505,029	\$ 1,049,843	\$ 3,455,186

1993 wastewater renovation

The City has entered into a contract with the City of Fresno to purchase capacity rights in the form of participation in the cost of sewer system improvements. These improvements include the renovation and expansion of the Fresno Clovis Regional Wastewater Treatment Plant. The 1993 contract is for the City's share of the 1993 renovation of the Fresno Clovis Regional Wastewater Treatment Plant. The underlying City of Fresno 1993 Revenue Bonds on which the City of Clovis' contract payable amount is based have interest rates varying from 3.50%-6.25% and the final payments are scheduled for September 2023. The City's \$12,423,873 share of the renovation is capitalized as an intangible asset in the Sewer Disposal Fund, an enterprise fund, as disclosed in Note I. D. 5.

CITY OF CLOVIS
Notes to Financial Statements
For the Year Ended June 30, 2020

The 1993 waste water renovation contract debt service requirements to maturity are as follows:

Year ending June 30,	Contracts Payable		Total
	Principal	Interest	
2021	\$ 1,049,843	\$ 183,166	\$ 1,233,009

CITY OF CLOVIS
Notes to Financial Statements
For the Year Ended June 30, 2020

G. Landfill closure

The City has recorded liabilities for landfill closure, post-closure maintenance and for landfill corrective action in the Community Sanitation Fund, an enterprise fund. The State of California performs an annual analysis to determine estimated total cost of the landfill closure, post-closure care costs, total capacity and remaining life. The City's landfill closure liability, based on landfill capacity used to date, is recorded based on the information provided by their analysis. The landfill corrective action liability is based on the estimated cost of known or reasonably foreseeable corrective action that may be required at the facility.

The City is currently estimating at June 30, 2020 that the capacity of the landfill used is approximately 35%, the estimated remaining life is approximately 37 years and the estimated remaining cost to be recognized is \$18,562,885. The estimated capacity remaining is 6,421,731 cubic yards and the estimated landfill closure liability is \$4,284,640. The current estimated cost of known and/or reasonably foreseeable corrective action is \$2,488,940 and the City currently has \$1,000,000 set aside for this purpose. These estimates are based on a closure and post-closure maintenance plan and corrective action plan. The estimates have been adjusted for inflation and other factors such as technology and laws and regulations.

H. Pension Plans

General Information about the Pension Plan

Plan Description

The City contributes to the California Public Employees' Retirement System (CalPERS), an agent multiple-employer public employee defined benefit pension plan. CalPERS acts as a common investment and administrative agent for participating public entities within the State of California. Benefit provisions and all other requirements are established by state statute and City ordinance. A full description of the pension plan regarding number of employees covered, benefit provisions, assumptions (for funding, but not accounting purposes), and membership information are listed in the June 30, 2019 Annual Actuarial Valuation Report. This report and CalPERS' audited financial statements are publicly available reports that can be obtained at CalPERS' website under Forms and Publications.

Benefit Provided

CalPERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. A classic miscellaneous member becomes eligible for Service Retirement upon attainment of age 55 with at least 5 years of credited service. PEPRAs miscellaneous members become eligible for service retirement upon attainment of age 62 with at least 5 years of service. A classic safety member becomes eligible for Service Retirement upon attainment of age 50 with at least 5 years of credited service. PEPRAs safety members become eligible for service retirement upon attainment of age 57 with at least 5 years of service. The service retirement benefit is a monthly allowance equal to the product of the benefit factor, years of service, and final compensation. The final compensation is the monthly average of the member's highest 36 or 12 consecutive months' full-time equivalent monthly pay. Retirement benefits for classic miscellaneous employees are calculated as 2.7% of the average final 12 months compensation. Retirement benefits for PEPRAs miscellaneous employees are calculated as 2% of the highest average annual compensation over a three-year period. Retirement benefits for classic safety employees are calculated as 3% of the average highest 12 months compensation. Retirement benefits for PEPRAs safety employees are calculated as 2.7% of the average highest 36 months compensation.

Participants are eligible for non-industrial disability retirement if they become disabled and have at least 5 years of credited service. There is no special age requirement. The standard non-industrial disability retirement benefit is a monthly allowance equal to 1.8 percent of final compensation, multiplied by service. Industrial disability benefits are not offered to miscellaneous employees. The City provides industrial disability retirement benefits to safety employees. The industrial disability retirement benefit is a monthly allowance equal to 50 percent of highest compensation.

CITY OF CLOVIS
Notes to Financial Statements
For the Year Ended June 30, 2020

An employee's beneficiary may receive the basic death benefit if the employee dies while actively employed. The employee must be actively employed with the City to be eligible for this benefit. An employee's survivor who is eligible for any other pre-retirement death benefit may choose to receive that death benefit instead of this basic death benefit. The basic death benefit is a lump sum in the amount of the employee's accumulated contributions, where interest is currently credited at 7.375 percent per year, plus a lump sum in the amount of one month's salary for each completed year of current service, up to a maximum of six months' salary. For purposes of this benefit, one month's salary is defined as the member's average monthly full-time rate of compensation during the 12 months preceding death.

Benefit terms provide for annual cost-of-living adjustments to each employee's retirement allowance. Beginning the second calendar year after the year of retirement, retirement and survivor allowances will be annually adjusted by 2 percent applied to the original retirement allowance.

Employees Covered by Benefit Terms

At June 30, 2019, the measurement date, the following employees were covered by the benefit terms:

	Plans	
	Miscellaneous	Safety
Active employees	473	160
Transferred and terminated employees	645	61
Retired Employees and Beneficiaries	307	184
Total	1,425	405

Contributions

For the measurement period ended June 30, 2019, contributions were as follows:

	Miscellaneous	Safety	Aggregate Total
Contributions - employer	\$ 4,051,371	\$ 5,912,775	\$ 9,964,146

Section 20814(c) of the California Public Employees' Retirement Law ("PERL") requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. The total plan contributions are determined through CalPERS' annual actuarial valuation process. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The employer is required to contribute the difference between the actuarially determined rate and the contribution rate of employees. The contributions for the measurement period were as follows:

Actuarial Methods and Assumptions Used to Determine Total Pension Liability

For the measurement period ended June 30, 2019, the total pension liability was determined by rolling forward the June 30, 2018 total pension liability. The June 30, 2019 total pension liability was based on the following actuarial methods and assumptions:

CITY OF CLOVIS
Notes to Financial Statements
For the Year Ended June 30, 2020

Actuarial Cost Method	Entry Age Normal
Actuarial Assumptions:	
Discount Rate	7.15%
Inflation	2.50%
Salary Increases	Varies by Entry Age and Service
Investment Rate of Return	7.375% Net of Pension Plan Investment and Administrative Expenses; includes Inflation
Mortality Rate Table	Derived using CalPERS' Membership Data for all Funds
Post Retirement Benefit Increase	Contract COLA up to 2.50% until Purchasing Power Protection Allowance Floor on Purchasing Power applies, 2.50% thereafter

The Experience Study report can be obtained at CalPERS' website under Forms and Publications.

Discount Rate

In Fiscal Year 2016-17, the financial reporting discount rate was lowered from 7.65 percent to 7.15 percent. In December 2016, the CalPERS Board approved lowering the funding discount rate from 7.50 percent to 7.00 percent, which is to be phased-in over a three-year period (7.50 percent to 7.375 percent, 7.375 percent to 7.25 percent, and 7.25 percent to 7.00 percent) beginning with the June 30, 2016, valuation reports. The funding discount rate includes a 15 basis-point reduction for administrative expenses, and the remaining decrease is consistent with the change in the financial reporting discount rate.

Long-term Expected Real Rates of Return by Asset Class

The table below reflects long-term expected real rates of return by asset class. The rates of return were calculated using the capital market assumptions applied to determine the discount rate and asset allocation. These geometric rates of return are net of administrative expenses.

Asset Class ¹	Assumed Asset Allocation	Real Return Years 1 - 10 ²	Real Return Years 11+ ³
Global Equity	50.00%	4.80%	5.98%
Global Fixed Income	28.00%	1.00%	2.62%
Inflation Assets	0.00%	0.77%	1.81%
Private Equity	8.00%	6.30%	7.23%
Real Estate	13.00%	3.75%	4.93%
Liquidity	1.00%	0.00%	-0.92%

¹ In the Basic Financial Statements, Fixed Income is included in Global Debt Securities; Liquidity is included in Short-Term Investments; Inflation Assets are included in both Global Equity Securities and Global Debt Securities.

² An expected inflation of 2.00% used for this period.

³ An expected inflation of 2.92% used for this period.

Pension Expense

The Net Pension Expense for the year ended June 30, 2020 is itemized as follows:

	Net Pension Expense
Miscellaneous Plan	\$ 5,972,604
Safety Plan	6,153,107
	<u>\$ 12,125,711</u>

CITY OF CLOVIS

Net investment income		9,280,425	(9,280,425)
Benefit payments, including refunds of employee contributions	(10,456,706)	(10,456,706)	0
Administrative expense		(99,933)	99,933
Other miscellaneous Income/(Expense) ¹		325	(325)
Net Changes during July 1, 2018 to June 30, 2019	<u>\$ 14,126,419</u>	<u>\$ 7,856,280</u>	<u>\$ 6,270,139</u>
Balance at June 30, 2019 (Measurement Date)	<u>\$ 230,531,566</u>	<u>\$ 147,892,544</u>	<u>\$ 82,639,022</u>

¹ During Fiscal Year 2017-18, as a result of Governmental Accounting Standards Board Statement (GASB) No. 75, Accounting and Financial Reporting for Postemployment Benefit Plans Other than Pensions (GASB 75), CalPERS reported its proportionate share of activity related to postemployment benefits for participation in the State of California's agent OPEB plan. Accordingly, CalPERS recorded a one-time expense as a result of the adoption of GASB 75.

Additionally, CalPERS employees participate in various State of California agent pension plans and during Fiscal Year 2018-19, CalPERS recorded a correction to previously reported financial statements to properly reflect its proportionate share of activity related to pensions in accordance with GASB Statement No. 68, Accounting and Financial Reporting for Pensions (GASB 68).

CITY OF CLOVIS
Notes to Financial Statements
For the Year Ended June 30, 2020

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the net pension liability of the Plan as of the measurement date, calculated using the discount rate of 7.15 percent, as well as what the net pension liability would be if it were calculated using a discount rate that is 1 percentage-point lower (6.15 percent) or 1 percentage-point higher (8.15 percent) than the current rate:

	Plan's Net Pension Liability/(Asset)		
	Discount Rate - 1%	Current Discount	Discount Rate + 1%
	(6.15%)	Rate (7.15%)	(8.15%)
Miscellaneous Plan	\$ 92,582,939	\$ 62,662,554	\$ 37,951,944
Safety Plan	\$ 114,661,404	\$ 82,639,022	\$ 56,305,572
Aggragate Total	\$ 207,244,343	\$ 145,301,576	\$ 94,257,516

Pension Plan Fiduciary Net Position

Detailed information about the plan's fiduciary net position is available in the separately issued CalPERS financial report.

Deferred Outflows and Deferred Inflows of Resources Related to Pensions

Deferred Outflows of Resources

	Deferred employer pension contributions made after measurement date	Changes in assumptions	Differences between actual versus expected experience	Total pension-related deferred outflows
Miscellaneous Plan	\$ 4,995,706	\$ 1,286,686	\$ 3,662,873	\$ 9,945,265
Safety Plan	6,966,114	4,864,495	4,574,589	16,405,198
Total	\$ 11,961,820	\$ 6,151,181	\$ 8,237,462	\$ 26,350,463

Deferred Inflows of Resources

	Changes in assumptions	Investment earnings less than expected earnings	Total pension-related deferred inflows
Miscellaneous Plan	\$ 565,018	\$ 820,386	\$ 1,385,404
Safety Plan	498,819	797,896	1,296,715
Total	\$ 1,063,837	\$ 1,618,282	\$ 2,682,119

CITY OF CLOVIS
Notes to Financial Statements
For the Year Ended June 30, 2020

Amortization of deferred outflows/(inflows) of resources

Amounts reported as deferred outflows and deferred inflows of resources related to pensions will be recognized in future pension expense as follows:

Measurement Period Ended June 30	Deferred Outflows/(Inflows) of Resources	
	Miscellaneous Plan	Safety Plan
2020	\$ 3,099,340	\$ 4,189,179
2021	(102,781)	2,317,009
2022	421,597	901,896
2023	145,999	734,285
	\$ 3,564,155	\$ 8,142,369

Payable to Pension Plan

At June 30, 2020, the City reported a payable of \$0 for the outstanding amount of contributions to the pension plan required for the year ended June 30, 2020.

I. Tax Abatements

The City has not entered into any tax abatement agreements as of June 30, 2020. However, the County of Fresno (County) has provided certain tax abatements that affect the property tax revenues of the City.

The County provides property tax abatements through the California Land Conservation (Williamson) Act of 1965. The program enrolls land in Williamson Act or Farmland Security Zone contracts within established agricultural preserves, whereby the land is restricted to agricultural or qualified recreational uses in exchange for reduced property tax assessments. The Williamson Act Program is administered according to the statute and the County's Interim Program Guidelines adopted by the County's Board of Supervisors. The County's Assessor administers the property tax reduction that parcels enrolled in the program receive. Parcels enrolled in the Williamson Act Program are assessed for property tax purposes at a rate consistent with their actual use, rather than the market value of the property. The minimum contract term for the Williamson Act is ten years and for the Farmland Security Zone is twenty years. Both, the Williamson Act and the Farmland Security Zone contracts automatically renew until a notice of non-renewal or a certificate of cancellation is recorded. Under the non-renewal process, the annual tax assessment gradually increases over a defined period of time until the assessment reflects the market value of the property. Under the cancellation process, a onetime cancellation fee is assessed based upon a certain percentage of the unrestricted, current fair market value of the property.

For the fiscal year ended June 30, 2020, the County's Williamson Act Program tax abatements were \$44,897,687. The City's affected portion of property tax revenues (approximately 1.9%) is, therefore, \$853,056.

V. Other information

A. Self insurance

The City is self-insured for general liability, automobile liability, workers' compensation, group dental and group vision programs. The City is responsible for all claims up to \$2,000 per occurrence for automobile liability, \$5,000 per occurrence for property, \$250,000 per occurrence for workers' compensation, and \$100,000 per occurrence on general liability. The dental and vision programs have no individual per occurrence stop-loss and no aggregate annual stop-loss. Excess insurance for all amounts in excess of the self-insured retention in the workers' compensation program is purchased from Local Agency Workers' Compensation Excess JPA (LAWCX). Consistent with the LAWCX Memorandum of Coverage, LAWCX provides coverage for the City above its self-insured retention of \$250,000 up to \$5,000,000. LAWCX purchases excess insurance which covers the pool for losses from \$5,000,000 to statutory limits.

CITY OF CLOVIS
Notes to Financial Statements
For the Year Ended June 30, 2020

The City is a member of the Central San Joaquin Valley Risk Management Authority (RMA) for the purpose of pooling general liability coverage under a retrospectively rated Memorandum of Coverage. Deposit premiums to the RMA are based on actuarially determined claims costs, including incurred but not reported claims, and expenses. Premiums are accrued based on the ultimate cost determined by the experience to date of the pool's member cities. The risk pool covers the City above its self-insured retention of \$100,000 up to \$1,000,000. The Authority purchases excess insurance which covers the pool for losses from \$1,000,001 to \$29,000,000. Pool Members may receive rebates when declared by RMA or, in the event excess liability claims against RMA exceed available resources, may be required to make additional contributions through a retrospective adjustment process.

The City accounts for the self-insurance programs in the Self-Insurance Fund and Employee Benefits Fund, both internal service funds. Charges to user departments are reported as interfund transactions.

Incurred but not reported claims have been accrued as a liability for the workers' compensation and dental programs as required in the amount of \$3,889,600 based on previous claims experience and actuarial studies.

There were no reductions in insurance coverage from the prior year and there were no settlements that exceeded insurance coverage for the past three fiscal years. Following is a reconciliation of the changes in the City's aggregate liabilities for claims for the current and prior fiscal year:

	Workers' Compensation	Dental	Total
Balance, 06/30/18	\$ 8,729,000	\$ 48,000	\$ 8,777,000
Claims provision	3,410,375	369,948	3,780,323
Claims paid	(2,525,375)	(369,948)	(2,895,323)
Balance, 06/30/19	9,614,000	48,000	9,662,000
Claims provision	3,170,723	213,609	3,384,332
Claims paid	(3,060,723)	(213,609)	(3,274,332)
Balance, 06/30/20	<u>\$ 9,724,000</u>	<u>\$ 48,000</u>	<u>\$ 9,772,000</u>

B. Deferred compensation

The City has established a deferred compensation plan in accordance with Internal Revenue Code Section 457. The plan, available to all full time employees, permits them to defer a portion of their salary until future years. Participation in the plan is optional. The deferred compensation is not available to employees until termination, retirement, death or unforeseeable emergency. All amounts deferred under the plan and all income attributable to those amounts are solely the property and rights of the plan participants.

Semi-monthly the City forwards all contributions to the plan administrator, the ICMA Retirement Corporation. Plan participants may choose from investment options which are managed by the plan trustee. The City has no liability for losses under the plan. As of January 1, 1998 ICMA Retirement Corporation amended the agreement with the City to comply with IRC Section 457 regulations. The assets and related liabilities are not reported on the City's financial statements in accordance with Governmental Accounting Standards Board Statement No. 32 - "Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans."

CITY OF CLOVIS
Notes to Financial Statements
For the Year Ended June 30, 2020

C. Postretirement benefits

The City allows its retirees who retire under provisions of a regular service retirement and who have five years of service the opportunity to continue enrollment in the City's health insurance program until age 65. The retirees have the same choice of insurance plans as those of current employees. The retirees are pooled together separately from the active employee pool and pay the full cost of the insurance premiums without cost to the City.

D. Contingent liabilities

The City participates in a number of federally assisted grant programs, including those from the U.S. Department of Housing and Urban Development, U.S. Department of Justice, U.S. Department of Transportation, U.S. Department of Labor, U.S. Department of Health and Human Services and the U.S. Department of Homeland Security. Receipts from these grant programs are subject to audit to determine if the monies were expended in accordance with the appropriate statutes, grant terms and regulations. The City believes no significant liabilities will result.

Although the outcome of other lawsuits and claims is not determinable, it is the opinion of the City Attorney that the resolution of these matters will not have a material adverse effect on the financial condition of the City.

F. Prior Period Adjustments

A prior period adjustment of \$24,074,671 was made to increase the governmental activities' beginning net position. This was due to a reclassification that was made to better allocate the pension obligation amongst all contributing funds.

Beginning net position of the governmental activities is summarized as follows:

Governmental Activities	
Net position at July 1, 2019, as previously stated	\$ 529,883,334
Net pension liability prior period adjustment	24,074,671
Net position at July 1, 2019, as previously stated	\$ 553,958,005

A prior period adjustment of \$1,014,109 was made to increase the internal service funds beginning net position. This was due to a reclassification that was made to better allocate the compensated absences amongst all contributing funds.

A prior period adjustment of \$103,135,097 was made to increase the internal service funds beginning net position. This was due to a reclassification that was made to better allocate the pension obligation amongst all contributing funds.

Beginning net position of the internal service funds is summarized as follows:

Internal Service Funds	
Net position at July 1, 2019, as previously stated	\$ (23,499,264)
Compensated absences prior period adjustment	1,014,109
Net pension liability prior period adjustment	103,135,097
Net position at July 1, 2019, as previously stated	\$ 80,649,942

CITY OF CLOVIS
Notes to Financial Statements
For the Year Ended June 30, 2020

A prior period adjustment of \$(24,074,671) was made to decrease the business-type activities beginning net position. This was due to a reclassification that was made to better allocate the pension obligation amongst all contributing funds.

Beginning net position of the business-type activities is summarized as follows:

Business-type activities	
Net position at July 1, 2019, as previously stated	\$ 283,875,170
Net pension liability prior period adjustment	<u>(24,074,671)</u>
Net position at July 1, 2019, as previously stated	<u>\$ 259,800,499</u>

G. Subsequent events

In July 2020 the City entered into a direct placement in the amount of \$2,340,000. The direct placement is to finance 21 police vehicles and a fire truck. The direct placement has an interest rate of 1.7%. The City will make semiannual payments to repay the loan and the maturity date is June 2025.

As part of its budget process, the State of California allocated \$1,471,470 of Coronavirus Relief Funds to the City. Allocations to the City started in July 2020. Further, the County of Fresno allocated an additional \$612,223 in CARES Act funding to the City in September 2020.

In December 2019, a novel strain of coronavirus spread around the world, resulting in business and social disruption. The coronavirus was declared a Public Health Emergency of International Concern by the World Health Organization on January 30, 2020. The operations and business results of the City could potentially be adversely affected by this global pandemic. The extent to which the coronavirus may impact business activity or investment results will depend on future developments, which are highly uncertain and cannot be predicted, including new information which may emerge concerning the severity of the coronavirus and the actions required to contain the coronavirus. While the disruption is currently expected to be temporary, there is considerable uncertainty surrounding the duration of this disruption. Therefore, the related financial impact on the City and the duration cannot be estimated at this time.

¹ During Fiscal Year 2018-19, as a result of Governmental Accounting Standards Board Statement (GASB) No. 75, Accounting and Financial Reporting for Postemployment Benefit Plans Other than Pensions (GASB 75), CalPERS reported its proportionate share of activity related to postemployment benefits for participation in the State of California's agent OPEB plan. Accordingly, CalPERS recorded a one-time expense as a result of the adoption of GASB 75. Additionally, CalPERS employees participate in various State of California agent pension plans and during Fiscal Year 2017-18, CalPERS recorded a correction to previously reported financial statements to properly reflect its proportionate share of activity related to pensions in accordance with GASB Statement No. 68, Accounting and Financial Reporting for Pensions (GASB 68).

² Includes any beginning of year adjustment

³ Includes one year's payroll growth using 2.75 percent payroll growth assumption for fiscal years ended June 30, 2018-19; 3.00 percent payroll growth assumption for fiscal years ended June 30, 2014-17.

Notes to Schedule of Changes in Net Pension Liability and Related Ratios:

Benefit Changes: The figures above do not include any liability impact that may have resulted from plan changes which occurred after the June 30, 2017 valuation date. This applies for voluntary benefit changes as well as any offers of Two Years Additional Service Credit (a.k.a. Golden Handshakes).

Changes of Assumptions: In 2018, demographic assumptions and inflation rate were changed in accordance to the CalPERS Experience Study and Review of Actuarial Assumptions December 2017. There were no changes in the discount rate. In 2017, the discount rate was reduced from 7.65 percent to 7.15 percent. In 2016, there were no changes. In 2015, amounts reported reflect an adjustment of the discount rate from 7.5 percent (net of administrative expense) to 7.65 percent (without a reduction for pension plan administrative expense.) In 2014, amounts reported were based on the 7.5 percent discount rate.

¹ During Fiscal Year 2017-18, as a result of Governmental Accounting Standards Board Statement (GASB) No. 75, Accounting and Financial Reporting for Postemployment Benefit Plans Other than Pensions (GASB 75), CalPERS reported its proportionate share of activity related to postemployment benefits for participation in the State of California's agent OPEB plan. Accordingly, CalPERS recorded a one-time expense as a result of the adoption of GASB 75. Additionally, CalPERS employees participate in various State of California agent pension plans and during Fiscal Year 2017-18, CalPERS recorded a correction to previously reported financial statements to properly reflect its proportionate share of activity related to pensions in accordance with GASB Statement No. 68, Accounting and Financial Reporting for Pensions (GASB 68).

² Includes any beginning of year adjustment

³ Includes one year's payroll growth using 2.75 percent payroll growth assumption for fiscal years ended June 30, 2018-19; 3.00 percent payroll growth assumption for fiscal years ended June 30, 2014-17.

Notes to Schedule of Changes in Net Pension Liability and Related Ratios:

Benefit Changes: The figures above do not include any liability impact that may have resulted from plan changes which occurred after the June 30, 2017 valuation date. This applies for voluntary benefit changes as well as any offers of Two Years Additional Service Credit (a.k.a. Golden Handshakes).

Changes of Assumptions: In 2018, demographic assumptions and inflation rate were changed in accordance to the CalPERS Experience Study and Review of Actuarial Assumptions December 2017. There were no changes in the discount rate. In 2017, the discount rate was reduced from 7.65 percent to 7.15 percent. In 2016, there were no changes. In 2015, amounts reported reflect an adjustment of the discount rate from 7.5 percent (net of administrative expense) to 7.65 percent (without a reduction for pension plan administrative expense.) In 2014, amounts reported were based on the 7.5 percent discount rate.

¹ As prescribed in GASB 68, paragraph 46, the information presented in the Schedule of Plan Contributions should also be presented as of the employer's most recent fiscal year-end. The employer is responsible for determining this information as prescribed by the standard as this data is not available to CalPERS.

² Employers are assumed to make contributions equal to the actuarially determined contributions. However, some employers may choose to make additional contributions towards their unfunded liability. Employer contributions for such plans exceed the actuarially determined contributions.

³ Includes one year's payroll growth using 2.75 percent payroll assumption for fiscal year ended June 30, 2018; 3.00 percent payroll assumption for fiscal years ended June 30, 2014-17.

Valuation Date:

The actuarial methods and assumptions used to set the actuarially determined contributions for Fiscal Year 2018-19 were derived from the June 30, 2015 funding valuation report.

Methods and assumptions used to determine contribution rates:

Actuarial cost method	Entry Age Normal Cost Method
Amortization method/Period	For details, see June 30, 2016 Funding Valuation Report
Asset valuation method	Market Value of Assets. For details, see June 30, 2016 Funding Valuation Report.
Inflation	2.75%
Salary increases	Varies by Entry Age and Service
Payroll Growth	3.00%
Investment rate of return	7.375%, net of pension plan investment & admin exps; includes inflation.
Retirement age	The probabilities of retirement are based on the 2014 CalPERS Experience study for the period from 1997 to 2011.
Mortality	The probabilities of mortality are based on the 2014 CalPERS Experience Study for the period from 1997 to 2011. Pre-retirement and Post-retirement mortality rates include 20 years of projected mortality improvement using Scale BB published by the Society of Actuaries.

Nonmajor Governmental Funds

Special Revenue Funds

Special revenue funds are used to account for specific revenues that are legally restricted for particular purposes.

Off Highway Use Fund - This fund is used to account for the revenue received from the off-highway users fee since the fee can only be used for off-road facilities.

Housing & Community Development Fund - This fund is used to account for the revenue and expenses for the Community Development Block Grant operational activities.

Debt Service Funds

The debt service fund is used to account for the accumulation of resources and payment of bond principal and interest when the government is obligated in some manner for the payment.

1976 Fire and Sewer Bond Fund - This fund is used to account for the proceeds of the 1976 Fire and Sewer Bond sale and the annual debt service.

Capital Projects Funds

Capital projects funds are used to account for the acquisition and construction of major capital facilities other than those financed by proprietary funds and trust funds.

Park and Recreation Improvement Fund - This fund is used to account for capital improvements for parks, including acquisition of property. Revenues come from developer fees and grants.

Refuse Equipment Reserve Fund - This fund is used to account for the revenue generated by developer fees for the acquisition of equipment for refuse collection and disposal.

Internal Service Funds

Internal service funds are used to account for the financing of goods or services provided by one department of the agency to other departments or agencies of the government and to other government units, on a cost reimbursement basis.

Self Insurance Fund - This fund is used to account for the cost of general liability and property damage insurance. It is funded by a charge to all operating departments.

Fleet Fund - This fund is used to account for rental charges to all operating departments for maintenance and replacement cost for equipment and vehicles.

Employee Benefit Fund - This fund is used to account for the cost of employee benefits including retirement, workers' compensation, health insurance, unemployment insurance and medicare insurance. It is funded by a charge to all operating departments.

General Services - This fund is used to account for the centralized support provided to other departments and for government facility enhancements and acquisitions.

Noncash investing, capital, and financing activities:

During the year the Fleet Maintenance Fund, an internal service fund, received \$92,776 in donated assets.

Fiduciary Funds

Agency funds are used to account for assets held by the government as an agent for individuals, private organizations, other governments and/or other funds.

Senior Citizens Memorial Fund - This fund is used to account for revenue and expenditures related to special programs within the Senior Services Program.

Blackhorse Assessment Fund - This fund is used to account for revenue and expenditures related to the maintenance within the Blackhorse III (95-1) Assessment District such as streets, curb & gutter, street lighting, sidewalks and gates.

Payroll Tax and Withholding Fund - This fund is used to account employee withholding deductions prior to submittal to state or federal agencies.

Temperance/Barstow Assessment Fund - This fund is used to account for the receipts and disbursements of the Temperance Barstow Assessment District.

Shepherd/Temperance Assessment Fund - This fund is used to account for the receipts and disbursements of the Shepherd Temperance Assessment District.

Asset Forfeiture Fund - This fund is used to account for the receipts and disbursements of money received from seized assets.

Statistical Section

Contents	Page
Financial Trends	111
These schedules contain trend information to help the reader understand how the government's financial performance and well-being have changed over time.	
Revenue Capacity	119
These schedules contain information to help the reader assess the governments' most significant local revenue source, the property tax.	
Debt Capacity	123
These schedules present information to help the reader assess the affordability of the government's current levels of outstanding debt and the government's ability to issue additional debt in the future.	
Demographic and Economic Information	129
These schedules offer demographic and economic indicators to help the reader understand the environment within which the government's financial activities take place.	
Operating Information	132
These schedules contain service and infrastructure data to help the reader understand how the information in the government's financial report relates to the services the government provides and the activities it performs.	

CITY OF CLOVIS

- (1) Total revenues, including interest.
- (2) Total operating expenses exclusive of depreciation.
- (3) Includes principal and interest of revenue bonds only. It does not include the other debt reported in the refuse and sewer funds.
- (4) Total revenues, including interest and capital contributed by developers. The amount contributed by developers is available for payment of annual debt service and is therefore included in gross revenue for the purposes of this schedule.

Note: This schedule does not represent legal bond covenants.

**REPORT ON COMPLIANCE AND OTHER MATTERS
AND ON INTERNAL CONTROL OVER FINANCIAL REPORTING BASED ON AN AUDIT OF THE FINANCIAL
STATEMENTS IN RELATION TO THE LOCAL TRANSPORTATION PURPOSE FUNDS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Independent Auditors' Report

To the Honorable Mayor and Members of City Council
of the City of Clovis
Clovis, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Clovis, California (the "City"), as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated November 11, 2020.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting ("internal control") as a basis for determining audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the City's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

To the Honorable Mayor and Members of City Council
of the City of Clovis
Clovis, California
Page 2

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, including the requirements of the California Public Utilities Code Section 142257 regulations as it applies to Local Transportation Purpose Funds noncompliance, with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with such provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported herein under the California Public Utilities Code Section 142257 regulations as applies to Local Transportation Purpose Funds and *Government Auditing Standards*.

Restriction on Use

This report is intended for the information of the management, City Council, and officials of applicable federal and state awarding agencies, and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT ACCOUNTANTS' REPORT ON APPLYING AGREED-UPON PROCEDURES

To the Honorable Mayor and Members of City Council
of the City of Clovis
Clovis, California

We have performed the procedures enumerated below to the accompanying Appropriations Limit Schedule of the City of Clovis, California (City) for the year ended June 30, 2020. These procedures, which were agreed to by the City and the League of California Cities (as presented in the publication entitled *Agreed-upon Procedures Applied to the Appropriations Limitation Prescribed by Article XIII-B of the California Constitution*), were performed solely to assist you in meeting the requirements of Section 1.5 of Article XIII-B of the California Constitution. The City management is responsible for the Appropriations Limit Schedule. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or any other purpose.

The procedures performed and our findings are described below:

1. We obtained the completed worksheets used by the City to calculate its appropriations limit for the year ended June 30, 2020, and determined that the limit and annual calculation factors were adopted by resolution of City Council. We also determined that the population and inflation options were selected by a recorded vote of the City Council.

Finding: No exceptions were noted as a result of our procedures.

2. For the accompanying Appropriations Limit Schedule, we added the prior year's limit to the total adjustments, and agreed the resulting amount to the current year's limit.

Finding: No exceptions were noted as a result of our procedures.

3. We agreed the current year information presented in the accompanying Appropriations Limit Schedule to corresponding information in worksheets used by the City.

Finding: No exceptions were noted as a result of our procedures.

4. We agreed the appropriations limit presented in the accompanying Appropriations Limit Schedule to the appropriations limit adopted by the City Council.

Finding: No exceptions were noted as a result of our procedures.

We were not engaged to and did not conduct an examination, the objective of which would be the expression of an opinion on the accompanying Appropriation Limit Schedule. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you. No procedures have been performed with respect to the determination of the appropriation limit for the base year, as defined by Article XIII-B of the California Constitution.

This report is intended solely for the information and use of the City Council and management of the City and is not intended to be and should not be used by anyone other than these specified parties.

City of Clovis
Notes to Appropriations Limit Schedule
For the Year Ended June 30, 2020

Note 1 – Purpose of Limited Procedures Review

Under Article XIII B of the California Constitution (the Gann Spending Limitation Initiative), California governmental agencies are restricted as to the amount of annual appropriations from proceeds of taxes. Effective for years beginning on or after July 1, 1990, under Section 1.5 of Article XIII B, the annual calculation of the appropriations limit is subject to a limited procedures review in connection with the annual audit.

Note 2 – Method of Calculation

Under Section 10.5 of Article XIII B, for fiscal years beginning on or after July, 1990, the appropriations limit is required to be calculated based on the limit for the fiscal year 1986-87, adjusted for the inflation and population factors discussed in Notes 3 and 4 below.

Note 3 – Population Factors

A California governmental agency may use as its population factor either the annual percentage change of the jurisdiction's own population or the annual percentage change in population of the county where the jurisdiction is located. The factor adopted by the City for fiscal year 2020 represents the annual percentage change in population for the City.

Note 4 – Inflation Factors

A California governmental agency may use as its inflation factor either the annual percentage change in the 4th quarter per capita personal income (which percentage is supplied by the State Department of Finance) or the percentage change in the local assessment roll from the preceding year due to the change of local nonresidential construction. The factor adopted by the City for fiscal year 2020 represents the annual percentage change in the local assessment roll from the preceding year due to the change in local nonresidential construction.

Note 5 – Other Adjustments

A California government agency may be required to adjust its appropriations limit when certain events occur, such as the transfer of responsibility for municipal services to, or from, another government agency or private entity. The City had no such adjustments for fiscal year 2020.
