PROFILE

Passionate Full Stack Developer who enjoys delving into every aspect of website creation. Enjoys hands-on learning, tackling new challenges, and applying problem-solving skills directly. Passionate about open source and actively making meaningful contributions. These qualities make me a valuable asset for driving successful real-world projects.

SKILLS

Languages: Golang, JavaScript, SQL, HTML & CSS, C++

Technologies: React.js, Node.js, Gin, MUI, Bootstrap

EDUCATION

2020 - 2024	**SRM Easwari Engineering College, Chennai** CGPA : 8.97	**BE CSE**
2019 - 2020	**Padma Seshadri Bala Bhavan Senior Secondary School, Chennai** Percentage : 84%	**XII Grade**
2017 - 2018	**Padma Seshadri Bala Bhavan Senior Secondary School, Chennai** Percentage : 88%	**X Grade**

EXPERIENCE

8 - 10/2022	**Project Intern on Full Stack Development** Developed a web-cli using React.js, MUI and Express.js for their dimensioning tool (vMeasure). Additionally worked on a dashboard module that dynamically displays the specification of sensors present in a room.	**VisAI Labs, Chennai**
5 - 6/2022	**Front-end Web Developer Intern** Developed a responsive employment website, completely using Bootstrap framework	**Emploihub**
10 - 11/2021	**Front-end Web Developmer Intern** Developed a numpad-controlled browser game using HTML, CSS, and JavaScript	**Exposys Data Labs**

PROJECTS

Full Stack	**Vatta Vettattam	React.js, Node.js, Websockets, Java (Group)** A strategic browser game similar to chess, developed using React.js that uses websockets for communicating the game moves between Android apps that serve as the game's controller.	**Vatta-Vettatam**
Front End	**dxi-chat	HTML, CSS, JavaScript** Published an npm Library to create a chatBot interface on a website. It includes the creation of a personalized chatBot website that makes use of this library.	**dxi-chat**
Backend	**go-filereader	Golang, Go test** Developed "go-filereader," a user-friendly Go module acting as a simple wrapper, making text extraction from various files, especially .txt and .docx, effortless.	**go-filereader**

ACHIEVEMENTS

Hacktoberfest '23

Recognized for open-source collaboration by successfully merging four Pull Requests during Hacktoberfest, contributing to the vibrant developer community
