"In November 2020, the California Tax on Commercial and Industrial Properties for Education and Local Government Funding Initiative is on the ballot in California as an initiated constitutional amendment to Proposition 13 (1978). A "yes" vote supports this constitutional amendment to require commercial and industrial properties, except those zoned as commercial agriculture, to be taxed based on their market value, rather than their purchase price, and allocate revenue from the change to local governments and school districts. A "no" vote opposes this constitutional amendment, thus continuing to tax commercial and industrial properties based on a property's purchase price, with annual increases equal to the rate of inflation or 2 percent, whichever is lower. How will you vote on this amendment?"
