The Statement of Vote for the November 2, 2010, General Election was originally certified on December 10, 2010, as required by law. This updated Statement of Vote includes recertified vote totals from Solano County received December 31, 2010. While no election outcomes were affected by the recertification, all vote counts have changed slightly for statewide contests and district contests that include part of Solano County. Numbers for initiative, referendum, and political party qualifications were also adjusted.

**INITIATIVE AND REFERENDUM
QUALIFICATION REQUIREMENTS FOR 2011 - 2014**

(Based on the total number of votes cast for the office of Governor at the 2010 General Election)

Initiative

The initiative process is the power of the people to place laws and constitutional amendments on the ballot. These measures can either create or change laws (including general obligation bonds) or amend the California Constitution. If the initiative proposes to create or change California laws, the proponents must gather petition signatures of registered voters equal to five percent of the total votes cast for Governor in the most recent gubernatorial election. If the initiative proposes to amend the California Constitution, the signature requirement is eight percent of the total votes cast for Governor in the most recent gubernatorial election. A qualified initiative is placed on the ballot for a regularly scheduled statewide election that occurs at least 131 days after the measure qualifies or for a special election called by the Governor.

To be enacted, an initiative requires a simple majority of the total votes cast. A “yes” vote approves and a “no” vote rejects a proposed law or constitutional amendment placed on the ballot through the initiative process.

Number of Signatures Required for an Initiative Statute: 504,760
[5% of 10,095,185 per California Constitution, Article II, Section 8(b)]

Number of Signatures Required for an Initiative Constitutional Amendment: 807,615
[8% of 10,095,185 per California Constitution, Article II, Section 8(b)]

Referendum

Referendum is the power of the people to approve or reject laws already adopted by the Legislature. However, this does not apply to laws that have urgency clauses, call for elections, or provide for tax levies or appropriations for current expenses of the state. Voters wishing to prevent a legislatively adopted law from taking effect must – within 90 days of enactment of the legislation – gather signatures of registered voters equal to five percent of the total votes cast for Governor in the most recent gubernatorial election. A qualified referendum is placed on the ballot for a regularly scheduled statewide election that occurs at least 31 days after the measure qualifies or for a special election called by the Governor.

A “yes” vote approves the law previously adopted by the Legislature and allows it to take effect. A “no” vote rejects the law previously adopted by the Legislature and prevents it from taking effect.

Number of Signatures Required for a Referendum Measure: 504,760
[5% of 10,095,185 per California Constitution, Article II, Section 9(b)]

**NEW POLITICAL PARTY QUALIFICATION
REQUIREMENTS FOR THE 2012 AND 2014 PRIMARY ELECTIONS**
(Based on the number of persons who voted at the 2010 General Election)

There are two methods by which political bodies can qualify for official party status, which enables them to place candidates on a primary election ballot. The qualification deadline for each method is 135 days before a statewide primary in an even-numbered year, based on the registration totals as of the 154th day before that election.

1. **Registration.** A political body must have obtained registrations equal in number to one percent of the total vote of the state in the most recent gubernatorial election. The current registration requirement is 103,004 [1% of 10,300,392 (Elections Code section 5100(b))].
2. **Petition.** A political body must have collected petition signatures of registered voters equal in number to 10 percent of the total vote of the state in the most recent gubernatorial election. The current signature requirement is 1,030,040 [10% of 10,300,392 (Elections Code section 5100(c))].

To retain its official status, a political party must maintain a registration level equal to one-fifteenth of one percent (0.00067) of the total voter registration of the state at all times [Elections Code section 5101]. In addition, after each gubernatorial election, each political party's qualifications are reviewed. To retain its official status after the election, each political party must:

1. Maintain a registration level equal to at least one percent of the entire vote of the state at the most recent gubernatorial election [Elections Code section 5100(b)]; or
2. Have a candidate for statewide office (Governor, Lieutenant Governor, Secretary of State, Controller, Treasurer, Attorney General, Insurance Commissioner, or United States Senator) receive at least two percent of the vote for that office [Elections Code section 5100(a)].

Certificate of the Secretary of State

I, DEBRA BOWEN, Secretary of State of the State of California, hereby certify:

That the following is a full, true, and correct statement of the result of the official canvass of the returns of the November 2, 2010, General Election.

IN WITNESS WHEREOF, I
hereunto set my hand and
affix the Great Seal of
California, at Sacramento,
this 6th day of January, 2011.

Debra Bowen

DEBRA BOWEN
Secretary of State

The Statement of Vote for the November 2, 2010, General Election was originally certified on December 10, 2010, as required by law. This updated Statement of Vote includes recertified vote totals from Solano County received December 31, 2010. While no election outcomes were affected by the recertification, all vote counts have changed slightly for statewide contests and district contests that include part of Solano County. Numbers for initiative, referendum, and political party qualifications were also adjusted.
