SUBJECT:

Rear Window Defroster Inoperable

OVERVIEW:

This bulletin involves inspecting and possibly repairing the terminal of the rear defroster circuit.

MODELS:

2017 - 2018	(JK)	Jeep Wrangler
2018 - Current	(JL)	Jeep Wrangler

NOTE: This bulletin applies to vehicles within the following markets/countries: North America, EMEA, LATAM and APAC.

NOTE: This bulletin applies to vehicles equipped with Rear Window Defroster (Sales Code GFA).

SYMPTOM/CONDITION:

Customer may experience the following:

- Rear window defroster is inoperable.
- Notice a wire(s) hanging from the back glass.

DISCUSSION:

For these vehicles it is recommended to use a Frost Fighter 2000® Defroster Repair Kit (Fig. 1) and if necessary Mopar #68428688AA, Tab.

NOTE: **FCA US has not determined any other product meets its specifications for electrical tab retention to glass.**
