SOFT SKILLS

I made many changes to my projects as I developed them.

Assertive communication .

Ability to prioritize the execution of tasks according to the impact on the objective.

I like to update myself on technologies that allow me to do my job in a better way.

LANGUAGES

English - A2

Native Spanish.

PROJECTS

[Portfolio](#)

My Personal Portfolio, in it I show my 5 best projects in a visual way.

Developed with html, css, sass, javascript Design 100% of the ui based on mobile first with progressive enhancement to desktop. Implement the intersection observer web api so that sections appear on scroll. Increase performance using javascript modularization, thus reducing the load time of mobile devices less than 2s and desktop less than 0.8s.

[Todo-App](#)

This app allows us to make a to-do list.

Developed with react and css Increase code lability by 40% by implementing component composition and react props Enhanced with loading skeletons to benefit user experience

[The Movie DB API](#)

This app shows movie catalogs separated by trends and 19 different categories, it also shows the review of the movie we select.

I created it with html, css, javascript. Consumption of The movie db api. Designed for mobile device screens from 320px up to 1200px desktop screens. With animated interactions and, and its sections appear when scrolling.

[Batatabit](#)

The ui was designed 100% in figma and from that model I made this project with some modifications.

Made 100% responsive. With animated interactions and animations when scrolling. Optimized for user interaction times of 1.5 seconds on mobile devices.

TECHNICAL SKILLS

Programming languages: html 5, css 3, Javascript

Libraries: react

Preprocessor: sass, pug

Methodology: scrum agile, bem css

Version control: git and github

Packager: webpack

Others: npm, notion, slack, trello, remnote

EDUCATION

Platzi 2021 - present

[React.js course: render and composition patterns](#)

[Responsive design course: mobile first layout](#)

Technical secondary: Master of Works.

My [platzi](#) profile

[Git and github professional course](#)

[Course on layout and animations with css](#)

[Scrum professional course](#)

Up to 4th year - incomplete.
