**JAN. 6 HEARINGS UPDATE: Committee is debating whether to request Donald Trump and Mike Pence to testify before them!**

The only way to hold Trump responsible for his actions and protect our democracy is with a powerful, united grassroots movement. Respond to our live poll before 11:59 p.m. to stand with Mary Trump and fight back:

**Do you think Trump and his cronies should be held accountable?**

**YES**

**NO**

Team, Trump has spent most of his life escaping justice. But finally, the walls are closing in on him:

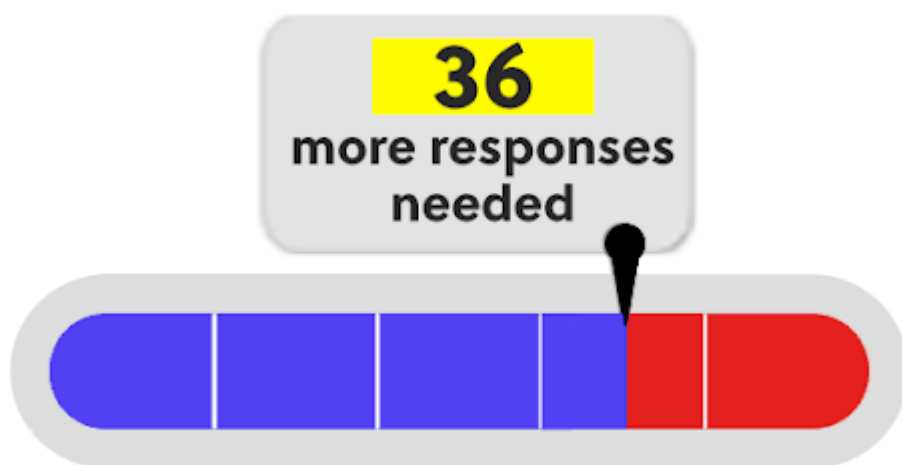

**FIRST:** The Jan. 6 committee revealed SHOCKING evidence that placed

the blame for the deadly insurrection directly at Trump's feet.

**THEN:** Grassroots Democrats spoke up and *demand*ed that Trump face justice. Thousands of activists like you signed petitions, responded to surveys, and made your voices heard for our democracy.

**NOW:** The Jan. 6 committee is even debating whether to request high-profile individuals, including Donald Trump, Mike Pence, former Speaker of the House Newt Gingrich, and Supreme Court Justice Clarence Thomas's wife Ginni Thomas should testify before them!

Our grassroots public pressure campaign is *working* – we are closer than ever before to holding Trump responsible. **But with GOP attacks against these investigations mounting and Donald Trump doing EVERYTHING he can to escape justice, we cannot let up on the gas for even a moment!**

**The next – and FINAL – Jan. 6 hearing is less than a week away, but our live poll is still missing 36 responses from your area – please, will you respond before this poll closes at 11:59 p.m. to help us keep up this public pressure campaign?**

**Do you think Trump and his cronies should be held accountable?**

**YES**

**NO**

---

There are 36 governors' races this year. We're working to reelect 13 Democratic governors, win in battleground states, and flip red states blue. But we're relying on grassroots supporters to provide us with the resources we need to win nationwide. To be one of the first people to receive critical updates about toss-up elections in battleground states like Georgia and Texas, just text DEMGOVS to 30201 – [or click here if you're on your cell phone](#) – to join our team!
