Philosophy/Vision

Open

- Open source code
- Open documentation
- Open process
- Open standard

Standard

- Coding style: PSR, Google Style Guide, UX components
- Design pattern
- Workflow
- Standard > Security > Feature

Team

- Modularization: Agile
- Standardization/API: remote, waterfall

Ecosystem

- Useful
- Easy to use
- Easy to contribute
- Happy with return

An Open Source Project

- Since August 2011
- Developer
 - Current: China, Iran, France
 - Company team, NPO group, individual, previous XOOPSer
- Code
 - Git/SVN
 - LNMP on linode
 - Netbeans
- Tracker/document
 - Github
 - TRAC
 - Trello
 - PivotalTracker
- Communication
 - Google group
 - Gmail
 - Twitter
 - Facebook

The History - XOOPS

- XOOPS: eXtensible Object Oriented Portal System
- Packt Publishing Open Source MVP
 - Ono Kazumi, 2009
 - Taiwen Jiang, 2010
- Xoops in China: 2004 - 2011
- Open Source Forum on Beijing Intl. Software Summit 2007
- C-J-K Open Source Intl. Grand Prize 2010

What It Was - History
