### 1. INTRODUCTION

Figure 1 is an example of a figure that depends on an external dataset. In order to tell **showyourwork** about this extra dependency (and how to download it), we add a line to `showyourwork.yml`.

**Figure 1.** A sample figure showing the Fibonacci sequence in binary. This figure was generated from a dataset hosted externally on Zenodo. The instructions for downloading this dataset and making it an explicit dependency of this figure are specified in `showyourwork.yml`.
