- 10th Grade (SSC)

Work Experience :

Jamesmccallumconsulting

2022 Oct - 2023 Jan

- Remote Frontend React Developer (Freelancing)

Ideanomic

2023 April - Current

- Full Time Frontend Web Developer

Personal Details :

Phone : +91 9701611257

Email : siduck@tutanota.com

Github : @siduck

Technical Skills :

Html

Css

Javascript

Typescript

React

Tailwind Css

Unocss

Solid JS

Interests & Hobbies :

Tweaking Neovim

Gnu / Artix Linux

Lua Scripting

Ricing Linux

Shell Scripting

Open Source Projects :

Nvchad

(Lua)

→ A Neovim config framework with blazing fast startup time & beautiful UI providing solid defaults coming with many lua plugins specifically written for it. NvChad currently has more than 23000+ stars on github, it's the most popular neovim only distro.

Quick Cv

(Typescript, SolidJs, Unocss, Vite)

→ Quick resume / cv builder for making beautiful resumes & supports exporting to high quality svgs & pdfs. This resume is generated by quickcv web app.

Bubbly

(S-Expressions, Scss, Shell)

→ Show beautiful keystrokes & generate chat bubble widgets while typing on Linux
