

SRTM Global 30m Elevation Map

1) Go to website:

<http://opentopo.sdsc.edu/raster?opentopoID=OTSRTM.082015.4326.1>

2) Scroll down.

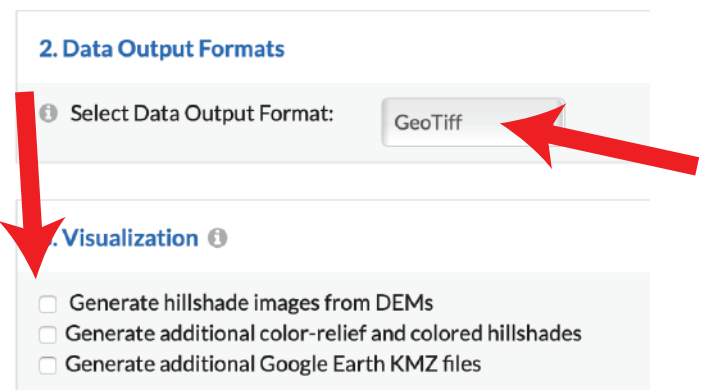

You should see a map similar to this (red regions have data available):

3) Click "Select a Region" and drag a box around the region of interest.

4) For Data Output, select either IMG or GeoTIFF. Unselect "Generate Hillshade Images from DEM" to get only the data.

5) Enter email (required) and click submit at bottom of page:

Job Description

These options allow users to describe and keep track of their jobs. Information entered here will be used to create a personal lidar Job archive accessed via myOpenTopo (available only to registered users).

Job title (up to 100 characters)

Job description (up to 500 characters)

Enter your e-mail address
for notification upon completion of processing

6) Next page will include download link
