Places of Birth of Persons Enumerated

Every Name Index to all persons and manufactures enumerated in the census

Use this section to search alphabetically for the name of the person or manufacture of interest. This index immediately follows the introductory pages.

Schedules and Enumeration Districts

Use this section to scan through the schedules and enumeration districts in the order of enumeration (neighborhood browse). The information is in three files:

Enumeration Districts 1 – 7 (Population Schedule 1)

Enumeration Districts 8 – 14, (Population Schedule 1)

Enumeration Districts 15 – 21, (Population Schedule 1) with

Non-population Schedules 2, 3, and 5 for all Enumeration Districts

Birthplace Order Listing

Use this section to browse through an alphabetical listing of all persons born in a selected U. S. state or foreign country. The information is in one file.

Preface

In 1987, the Colorado Council of Genealogical Societies embarked on a statewide project called 1885 Census Index Project in order to make a statewide index of names, counties, enumeration districts and pages. It would include the schedules of Population, Agriculture, Manufacturers and Mortality. This statewide project is not complete.

The Colorado Genealogical Society was assigned the former Arapahoe County which included the present Denver, Arapahoe and Adams counties. An Extraction Committee was formed of Bonnie Garramone, Bette Peters and Joanne Classen to gather the volunteers for the project. Many members came forward to help with the extracting, proofing and electronic data entry.

The Colorado Genealogical Society decided to publish an expanded version of only Arapahoe County. Other members were added to the committee: Birdie Holsclaw as computer consultant, Sandra Carter-Duff as compiler and publisher, James Jeffrey of the Western History and Genealogy Department of the Denver Public Library, Philip Wargo as technical developer of the CD-ROM, and Jim Englehorn as publisher.

On behalf of the membership of the Colorado Genealogical Society and all future users of the *1885 Colorado State Census - Arapahoe County*, I thank the individuals named above and named in the acknowledgments for their dedication and perseverance in completing this important project.

Julie Miller, President
Colorado Genealogical Society

The Colorado Genealogical Society

The Colorado Genealogical Society was formed in 1924 to: (1) promote an interest in genealogy by encouraging, educating and instructing members and the public in the art and practice of genealogical research; (2) maintain and evaluate genealogical standards by stressing the knowledgeable use of sources and the importance of complete and accurately recorded research;. (3) locate, preserve and index public and private genealogical records and to make such records or the information in them available to members and the general public; (4) assist and support the genealogical community in Colorado, including researchers, fellow societies, libraries and archives; (5) publish genealogical and historical information in a quarterly journal known as The Colorado Genealogist, CGS Newsletter and in other appropriate publications; and (6) create Special Interest Groups as deemed appropriate and necessary.

By publishing the 1885 Colorado State Census-Arapahoe County in book form and CD-ROM, the Society makes valuable information available to the genealogical community in Colorado and beyond.

The Society offers programs, educational classes, research and other services and meets monthly in Denver except December, July, and August. All persons with interest in genealogy, including beginning and experienced genealogists, are welcome at meetings and encouraged to join as members. Current information is available at the Society web site:

<http://www.rootsweb.com/~cocgs/>.

Also, a Society volunteer may be reached at phone number (303) 571-1535.

How To Cite This Publication In Your Work

Below are some example citations. Each person's name will appear in this publication three times, once in each of the three major sections of the work. The page numbers cited below are all from the "Every Name Index."

Endnotes or Footnotes - First Citation

(The full citation is shown only for the first example)

- Colorado Genealogical Society, *1885 Colorado State Census - Arapahoe County*, CD-ROM (Denver, Colorado: Colorado Genealogical Society, 2002), p.159 (Geo. W. Brunk entry).
[Reasoning: There is only one Geo.W. Brunk entry on page 159 of the Every Name Index]
- p. 3 (Chas. Achs entry, age 2).
[Reasoning: There are two Chas. Achses on page 3 of the Every Name Index, both of which were enumerated on Page 5 of ED-06-01. The age is used to distinguish between the two entries.]
- p. 1172 (John Smith entry, ED-12-01, Page 18).
[Reasoning: There are many John Smiths on page 1172 of the Every Name Index, two of which are 21, but only one of which was enumerated on Page 18 of ED-12-01]

Introduction to this Publication

Arapahoe County stretched from the eastern border of Jefferson County to the Kansas state line when the 1885 census was taken (see the map on page viii). Later it was subdivided into Adams, Arapahoe, Denver and other counties. We do not know for sure how far east the census takers traveled. Strasburg and Byers are the easternmost towns that we have documented. There are 21 Enumeration Districts (E.D.s) in Arapahoe County. E.D.s 1, 2 and 3 are districts outside the city of Denver, mostly rural. E.D. 21 (Chinese) lists separately the Chinese population of Denver. E.D.s 4-20 are contained within the city limits of Denver.

The census committee extracted the information from the microfilms that are housed at the Denver Public Library, Colorado State Archives, and the Colorado Historical Society in Denver; the Federal Archives and Records Center and Jefferson County Public Library in Lakewood; and the Bemis Public Library in Littleton. The films are also available through the Family History Library system of the Church of Jesus Christ of Latter Day Saints.

This census contains four different schedules. They are:

- Schedule 1, Population
- Schedule 2, Agriculture
- Schedule 3, Manufactures
- Schedule 5, Mortality

Each schedule has much information that is helpful for the researcher. All schedules were extracted and are included in the index; however, not all the information on the schedules was extracted for this index. Schedule 1 requests all of the same information as the 1880 Population Census. The Agriculture Schedule contains names of those living on 3 acres or more along with type of crop, number of animals, and more. The Manufactures Schedule lists the name of corporation, company or individual along with name of business, and other information. The Mortality Schedule lists the deaths for one year prior to June 1885 along with cause of death, occupation, and much more. Schedules 2, 3 and 5 have been published in *The Colorado Genealogist*, the quarterly of the Colorado Genealogical Society (CGS), with some additional information-- Schedule 2, August 1996; Schedule 3, February/May 1996; Schedule 5, February/May 1995.

Discrepancies sometime occurred in the spelling of a name on one schedule versus another. As with all questions concerning the translation of names, every attempt by the committee was made to check all available sources. However, names were copied as written. When it was impossible to find a name because of the spelling, the name was written with two different spellings. We referred to a publication of CGS, *Colorado Families, a Territorial Heritage*. This proved to be a good source especially checking rural families who were not in city directories. Another CGS publication, *Marriages of Arapahoe County*, was a source. The Denver City Directory and the Cattle Growers Association in the Business Directory were other sources.

1885 Colorado State Census – Arapahoe County

This Index contains the following columns:

SURNAME -- Every name was indexed in all 4 schedules. Some surnames were indexed two ways for clarity. For the Manufactures Schedule 3, the name of a corporation or company is listed. For instance, you might see "Boston & Colo. Smelting Co." or "Colorado Iron Works" in this column.

GIVEN NAME -- In some cases, the given name was left blank by the census taker. We have used underscores in those cases.

SEX -- Only entries from the Population Schedule use this column.

AGE -- Only entries from the Population Schedule use this column. The age is listed prior to June 1, 1885. If the child was 7 months of age, it will read "7/12"; if the child was 12 days old as of June 1, it will read "12/30."

PLACE OF BIRTH -- Only entries from the Population Schedule use this column. Birthplace may not have been copied as written in the census. Abbreviations were not used. If an interpretation of the census taker's entry was questioned, a "?" was added.

ED-SCH -- ED is Enumeration District. All four schedules contain the same 21 E.D.s. SCH is Schedule. The schedules are designated in this column by the following:

- 01 - Population
- 02 - Agriculture
- 03 - Manufactures
- 05 - Mortality

Thus, if the column lists 01-01, it translates as Enumeration District One and Schedule One (Population)

PAGE -- The page number corresponds with the page of the schedule.

Omitted from this Index are the following:

From the Population Schedule –

Address; Color; Relationship to Head of House; Single, Married, Widowed, Divorced, Married in Census Year; Cannot Read and Write

1885 Colorado State Census – Arapahoe County

From the Manufactures Schedule --

Name of Manufacturer or Product; Capital Invested in Business; Greatest Number of Employees; Number of Hours Per Day; Average Day's Wages; Value of Product; Months in Operation.

From the Agriculture Schedule –

Own or Rent; Acres of Land; Farm Value; Labor; Grass Lands; Fences; Number of -- Horses, Mules and Asses, Cattle, Sheep, Swine; Farm Products; Farm Values; Farm Labor; Grasslands; Poultry; Milk Sold; Butter, Cheese Made

From the Mortality Schedule --

Age at Death; Sex; Race; Single, Married, Widowed; Place of Birth; Place of Birth of Father and Mother; Occupation; Month of Death; Cause of Death; Family Number; Length of Residence in County; Place, if Disease is Contracted Elsewhere; Name of Physician

The Enumeration Districts

Some explanatory notes about abbreviations used and about descriptions of the Enumeration Districts:

1. Enumeration Districts 1, 2, and 3 had no street addresses.
2. The extractors occasionally found variant spellings of the same first name or surname between the population schedule and the agriculture, manufacture, or mortality schedule. When mentioning a family in the accompanying descriptions, variant spellings are usually presented in a manner such as: Rollen (Rollier).
3. The census taker for Enumeration District 5 used the abbreviation "Ma" for Birth State. The extractors tried to determine if "Ma" referred to Missouri, Maryland, or Maine and came to no satisfactory conclusion.
4. Street names in some enumeration districts are obsolete in the present. Where the present day street name is known, it is identified in the description in parentheses after the obsolete name. For example, in Enumeration District 4, find the example "beginning at Water to Gallup (Zuni) streets."
5. Pioneer families are occasionally mentioned in the enumeration district descriptions followed by the citation "(*Colorado Families*)". *Colorado Families: A Territorial Heritage* is an out-of-print publication that is widely available in many Colorado libraries, including the Denver Public Library, and in many other large genealogy collections. See Colorado Genealogical Society. *Colorado Families: A Territorial Heritage*. (Denver: Colorado Genealogical Society, 1981).
6. In the accompanying descriptions, a clear citation to a family is given with the note (Family #4) which says the family is number four in the enumeration district schedule.

Because there was not a map of the Enumeration Districts of Arapahoe County in 1885, listed below are approximate boundaries of each district. The numbering system and names of many streets in the Denver city limits and outlying areas were changed in 1887. Thus, the addresses found on the census will generally not correspond with present addresses. These summaries will help give the researcher a general idea of location.

There are 50 names on each page of the census.

1885 Colorado State Census – Arapahoe County

E.D. 1, 75 pages -- Encompasses the area southwest and north of the city limits of Denver including what later became Adams County. The west border was Jefferson County at Sheridan Boulevard. The towns listed here are Highland and Argo. Westminster follows an area south of Denver that became Sheridan and Ft. Logan. There are no street addresses in this E.D.

E.D. 2, 46 pages -- This E.D. contains areas starting north of the Denver city limits including the towns of Brighton and Henderson; then Elyria Village just north of the Denver city limits. Next is the area south of the Denver city limits which includes the town of Littleton.

E.D. 3, 25 pages -- This E.D. begins east of the city limits of Denver (York Street) to the towns of Strasburg, Bennett and Byers on the eastern plains. It would include the present Glendale and Aurora.

E.D. 4, 54 pages -- This district is within the city limits of Denver, the only E.D. on the west side of the Platte River. North Denver is northwest of the Platte River beginning at Water to Gallup (Zuni) Streets, and from 23rd Avenue to Prospect Avenue (38th Avenue).

E.D. 5, 54 pages -- This E.D. (along with E.D. 6) consists of the land between the confluence of the Platte and Cherry Creek Rivers at Delgany Street, south to Colfax Avenue. The diagonal streets are from 9th to 13th Streets.

E.D. 6, 47 pages -- E.D. 6 (along with E.D. 5) consists of the area between the confluence of the Platte and Cherry Creek Rivers beginning at Wewatta Street, then south to Colfax Avenue. The diagonal streets are from 1st to 10th Streets.

E.D. 7, 79 pages -- Beginning at Colfax Avenue and going south to Carson Avenue (6th Avenue), the east-west borders are Broadway and Santa Fe. All street names in this area have been changed from the 1885 street names to the present Indian tribe names except Broadway, Santa Fe and Colfax. On pages 56-57, the census taker lists the families as living on South Franklin, but further research shows that the street should have been South 14th (Bannock).

E.D. 8, 103 pages -- Beginning at Colfax Avenue and Santa Fe, going west to the South Platte River, follow the river southeast to Alameda Avenue; go east on Alameda to Pearl Street, north to Carson (6th Avenue), west to Santa Fe, then Santa Fe back to Colfax.

E.D. 9, 47 pages -- East of the confluence of Cherry Creek to the Platte River begin with Bassett Street and continue south to Larimer Street between 14th and 16th Streets. Railroad tracks run down Wewatta and Wynkoop Streets.

E.D. 10, 82 pages -- Beginning at 16th and Lawrence streets, going south to 16th and Stout Street, the west-east borders are Cherry Creek on the west and 16th Street on the east.

E.D. 11, 53 pages -- Beginning on the east side of 16th and Blake streets, going south to 16th and Welton, then adding the blocks from 16th to 18th streets from Welton to Curtis Streets.

1885 Colorado State Census – Arapahoe County

E.D. 12, 54 pages -- This rectangular district is between Curtis and Blake Streets, 17th and 19th Streets.

E.D. 13, 48 pages -- The location of this E.D. is in two sections. The first is from Broadway east to Grant Street, and from 18th to 20th avenues where the diagonal streets begin. The E.D. continues down 19th and 20th Streets to Holladay (Market).

E.D. 14, 81 pages -- This district is located just north of Colfax from Grant Street west to the Platte River; following the river north to the diagonal Stout Street; east to 16th Street, jogging to Welton Street, east to Broadway; jogging again to 18th Avenue, then east on 18th Avenue to Grant Street, Grant to Colfax. The canvasser used "U.S." as the birthplace for many individuals in the E.D.

E.D. 15, 73 pages -- Located in downtown Denver from 21st to 26th/27th Streets and from California to Blake Streets; there is also a section from 23rd to 27th Streets, Blake to Wazee streets. Part of the Curtis Park Historic District is here (also E.D. 16) between California and Curtis Streets.

E.D. 16, 69 pages -- Just east of E.D. 15, this district is from Blake to California Streets and from 27th to 30th Streets. Another section is from Blake to Larimer Streets and from 27th to 33rd streets. Part of the Curtis Park Historic District from California to Curtis Street is here.

E.D. 17, 71 pages -- This E D. lies on each side of the main railroad tracks and Union Station. The train station is located from 16th to 18th streets on Wynkoop. The section on the south side of the tracks includes the streets of Wynkoop, Wazee and Blake from 16th to 22nd Streets. On the north side of the tracks, there is an area that begins at 19th Street and goes north to the bend of the Platte River.

E.D. 18, 75 pages -- Begins at 19th and California streets and follows California to 28th Street, jogs south three blocks to Waverly (Tremont) Street, east again to Lafayette Street, south to 20th, jogs two blocks to Downing, then south to 17th Avenue to Grant Street. Within the boundaries of this E.D. are three historic districts: San Rafael, Glenarm Place and Clement's Addition.

E.D. 19, 36 pages -- This residential area east and south of Colfax and Broadway encompasses a large area and is one of the least populated within the Denver city limits. The boundary limits are York Street on the east and Carson (6th Avenue) on the south. The north border begins at East 20th Avenue, jogs south at Downing Street to East 17th Avenue to Grant Street. Following Grant south to Colfax Avenue, then jogging again to Broadway which is the western boundary. The Colorado State Capital grounds are now here at Broadway and Colfax avenues.

1885 Colorado State Census – Arapahoe County

E.D. 20, 58 pages -- A large E.D. in the northeast part of the city beginning with the west border of Downing Avenue to Colorado Boulevard on the east. The south border is 20th Avenue and the north side of City Park; the north border is 50th Avenue. The northwest section has as its border the railroad tracks along Wynkoop. Swansea Village is in the northeast corner of this E.D.

E.D. 21 (Chinese), 10 pages -- China Town was roughly outlined in 1885 by Wazee to Larimer streets and by 15th to 21st streets. The Chinese population did not have a certain street where they all lived, but rather scattered throughout this area; Blake Street was the center of the community. This special E.D. shows the enumeration of people of Chinese heritage only.
