Company Website: <http://www.honhai.com>

Printing Date: April 2, 2023

THIS IS A TRANSLATION OF THE 2022 ANNUAL REPORT (THE “ANNUAL REPORT”) OF HON HAI PRECISION INDUSTRY CO., LTD. (THE “COMPANY”). THIS TRANSLATION IS INTENDED FOR REFERENCE ONLY AND NOTHING ELSE, THE COMPANY HEREBY DISCLAIMS ANY AND ALL LIABILITIES WHATSOEVER FOR THE TRANSLATION. THE CHINESE TEXT OF THE ANNUAL REPORT SHALL GOVERN ANY AND ALL MATTERS RELATED TO THE INTERPRETATION OF THE SUBJECT MATTER STATED HEREIN.

I. Spokesperson:

Name: James Wu

Title: Spokesperson

Tel: (02)2268-3466# 510-10001

E-mail: stockaffairs@foxconn.com

Deputy Spokesperson:

Name: Chin-Min Huang

Title: Vice Director of Public Relations Office

Tel: (02)2268-3466#3907

II. Contact Information of the Head Office, Branch Offices and Factories**Head office**

Add: No. 66, Zhongshan Road, Tucheng Industrial Zone, Tucheng District, New Taipei City

Tel: (02)2268-3466

Hsinchu Science Park Branch Office

Add: 5F-1, No. 5, Hsin-an Road, Hsinchu Science and Industrial Park, East Area, Hsinchu City

Tel: (03)578-4975

California (US) Branch Office

Add: 288 S. Mayo Ave City of Industry, CA 91789 U.S.A. Tel: 1-714-680-2066

Huyue Factory

Add: No. 2, Zihyou Street, Tucheng Industrial Zone, Tucheng District, New Taipei City

Tel: (02)2268-3466

Minsheng Factory

Add: No. 4-1, Minsheng Road, Tucheng Industrial Zone, Tucheng District, New Taipei City

Tel: (02)2267-6511

Dingpu No. 1 Factory

Add: No. 53, Section 4, Zhongyang Road, Tucheng District, New Taipei City

Tel: (02)2268-3466

Dingpu No. 2 Factory

Add: 2F, No. 53, Section 4, Zhongyang Road, Tucheng District, New Taipei City

Tel: (02)2268-3466

Dingpu No. 5 Factory

Add: 4F, No. 53, Section 4, Zhongyang Road, Tucheng District, New Taipei City

Tel: (02)2268-3466

Nankan Factory

Add: No. 151, Section 1, Nankan Road, Luzhu Township, Taoyuan County

Tel: (03)270-0000

Taichung Factory

Add: No. 12-10, Gongyequ 31st Road, Xitun District, Taichung City

Tel: (02)2268-3466

Baogao Factory

Add: 2F., No. 26-3 and 2F., No. 26-5, Baogao Rd., Xindian Dist., New Taipei City

Tel: (02)2268-3466

Taoyuan Factory

Add: Rm. 1-10, 8F., and Rm. 1-10, 9F., and Rm. 1-10, 10F. No. 7, Hangxiang Rd., Dayuan Dist., Taoyuan City

Tel: (02)2268-3466

III. Share Transfer Agency

Name: Grand Fortune Securities Co., Ltd.

Address: 6F, No. 6, Section 1, Chung Hsiao West Road, Taipei City

Tel: (02)2371-1658

Contents

I.	Letter to Shareholders	1
II.	Company Introduction	8
	A. Founding.....	8
	B. Formation History	8
III.	Corporate Governance Report	21
	A. Organization	21
	(1) Organization System Chart.....	21
	(2) Department Functions.....	22
	(3) Directors	24
	(4) Major Institutional Shareholders.....	31
	(5) Principal shareholder of corporate shareholders with a juridical person as its major shareholder	31
	(6) Professional knowledge and independence check matrix of directors	31
	(7) The diversity and independence of the Board directors	35
	(8) Management Team Information	37
	(9) Remuneration paid to Directors, Supervisors and management team in the most recent fiscal year	42
	B. Implementation of corporate governance.....	48
	(1) Information on implementation of Board of Directors	48
	(2) The Board of Directors Evaluation and Implementation	49
	(3) In most recent year, the Audit Committee held 9 meetings, and the attendance of Independent Directors is as follows:	53
	(4) The difference between the corporate governance implementation and the Corporate Governance Best Practice Principles for TWSE/GTSM-Listed Companies and reasons:	58
	(5) Organization, responsibilities, and operation status of the Compensation Committee:	70
	(6) Information on the members of the Nomination Committee and the operation status	72
	(7) Implementation of the Sustainable Development and the Differences of Practice for Sustainable Development of Listed OTC Companies and Its Reasons	76
	(8) Status of Implementation of Integrity Operation and differences to the Ethical Corporate Management Best Practice Principles for TWSE/GTSM Listed Companies and rationale.	86
	(9) Other Company-established corporate governance rules and regulations.....	89
	(10) Other Important Corporate Governance Information.....	89
	(11) Status of Implementation of Internal Control System.....	90
	(12) Lawful punishment inflicted on the Company, and/or disciplinary action taken by the Company against its employees for violating internal regulations in the latest year (up to the printing date of this Annual Report); Punishments that may materially affect shareholder rights of share prices, and correction and improvement procedures:	91
	(13) Important resolutions made by the Shareholders' Meeting and Board of Directors, from periods 2022 and up to the printing date of this Annual Report:	91
	(14) Directors or supervisors have expressed opposition or qualified opinions that have been noted in the record or declared in writing in connection with the important resolutions passed by the Board of Directors in the latest year and up to the printing date of this Annual Report:	93
	(15) During the latest year and up to the printing date this Annual Report, the Company's chairman, general manager, accounting director, financial director, internal auditors, and R&D supervisor had resigned or been dismissed:	93
	C. Information on Accountants' Fees	94
	(1) Accountants' Fees.....	94
	(2) Alter the CPA Firm and the audit fee in altering year is less than that in the previous year:	94

(3) The audit fee is reduced by over 10% compared with the previous year:.....	94
D. Alternation of CPA.....	94
(1) About the Former CPA:.....	94
(2) About Successor CPA:	95
(3) Former CPA's reply:	95
E. The Company's chairman, general manager, or any managerial officer in charge of finance or accounting matters has in the most recent year held a position at the accounting firm of its CPA or at an affiliated enterprise:	95
F. Transfer & pledge of stock equity by directors, supervisors, managerial officers and holders of 10% or more of company shares	95
(1) Changes in Equity.....	95
(2) Information on Equity Transfer:	96
(3) Information on Equity Pledge:.....	96
G. Information on relationships among the top ten shareholders:.....	97
H. Combined shareholding percentage	98
IV. Company Shares and Fund Raising.....	99
A. Company Capital and Shares	99
(1) Capital and Shares	99
(2) Sources of Capital.....	99
(3) Information on Shelf Registration System:.....	102
(4) Shareholder Structure	102
(5) Distribution of Shares	102
(6) List of Major Shareholders	103
(7) Information on Market Price, Book Value, Earnings Per Share and Dividends.....	103
(8) Dividend Policy and Execution Status.....	104
(9) Impact of Planned Issuance of Bonus Shares on the Company's Business Performance and Earnings Per Share:.....	104
(10) Remuneration to Employees, Directors, and Supervisors	104
(11) Share Repurchases:.....	105
B. Section on Corporate Bonds.....	106
(1) Corporate Bonds	106
(2) Convertible Bonds	118
(3) Information about Exchangeable Bonds	118
(4) Information about Shelf Registration to Issue Corporate Bonds.....	118
(5) Information about Bonds with Attached Warrants	119
C. Preferred Shares (with Warrants).....	119
D. Global Depository Receipts (GDR)	119
E. Subscription of Warrants for Employees	120
F. Name of Managers Holding Warrants for Employees and Top Ten Employees in terms of Subscription of Warrants, and the Acquisition Status.....	120
G. Subscription of New Shares for Employee Restricted Stocks.....	120
H. Name of Managers Holding the New Shares for Employee Restricted Stocks and Top Ten Employees in terms of Subscription of the New Share, and the Acquisition Status.....	120
I. Issuance of New Shares due to Acquisition of Shares of Another Company	120

(1)	During the latest year and up to the printing date of this Annual Report, the Company has issued new shares due to acquisition of shares of another company:	120
(2)	The acquisition or issuance of new shares approved by the Board of Directors during the latest year and up to the printing date of this Annual Report:.....	120
J.	Implementation of fund usage plan	120
V.	Operational Highlights.....	121
A.	Business Content	121
(1)	Business Scope	121
(2)	Industry Overview	122
(3)	Technology and R&D.....	126
(4)	Long and Short-term Business Development Plans.....	131
B.	Production and Sales Status	132
(1)	Market Analysis.....	132
(2)	Core Products, Main Applications, and Manufacturing Process.....	137
(3)	Status of Core Material Suppliers	137
(4)	Production and Sales Status.....	138
(5)	Production Value in the Most Recent Years	138
(6)	Sales Value in the Most Recent Years	138
C.	Taiwan Employee Data during the Past Two Years, Up to Apr. 30, 2023.....	139
D.	Information on Environmental Protection Costs.....	139
(a)	The loss caused by environmental pollution during the latest year and up to the printing date of this Annual Report:	139
(b)	Information on Environmental Protection Matters	139
E.	Labor Relations	141
	Current important labor agreement and implementation:.....	141
(1)	Welfare Measures for Employees:.....	141
(2)	Employee Communication Channels.....	142
(3)	Career Development and Training for Employees.....	142
(4)	Code of Conduct or Ethics.....	143
(5)	Working Environment and Protective Measures for Employee’s Personal Safety	145
(6)	Retirement System.....	146
(7)	Other Important Agreements	147
(8)	Loss suffered from labor disputes in the latest year and up to the printing date of this Annual Report:.....	147
F.	Information Security Management.....	147
G.	Significant Contracts	152
VI.	Financial Standing	153
A.	Most Recent 5-Year Concise Financial Information.....	153
(1)	Concise Balance Sheet and Statement of Comprehensive Income	153
(2)	CPAs and Their Opinions for Most Recent 5-Years.....	156
B.	Most Recent 5-Year Financial Analysis.....	157
(1)	Financial Analysis on Consolidated Financial Statements - IFRS.....	157
(2)	Financial Analysis on Stand-alone Financial Statements - IFRS.....	158
C.	Audit Committee’s Review Report	160
D.	2022 Consolidated Financial Statements with Subsidiaries Audited by CPA	162
E.	2021 Stand-alone Financial Statements Audited by CPA.....	404

F.	Up to the Printing Date of this Annual Report, has the Company or Related Companies Experienced Financial Turnover Difficulties:	621
VII.	Analysis of Financial Position, Performance and Risk related Issues	621
A.	Comparative Analysis of Financial Position	621
B.	Comparative Analysis of Financial Performance.....	622
C.	Cash Flow Analysis.....	623
(1)	Liquidity Analysis of Recent 2 Years	623
(2)	Cash Flow Forecast for the Coming Year.....	623
D.	Major Capital Expenditures.....	624
(1)	Major Capital Expenditures and its Sources of Capital:	624
(2)	Expected Benefits:	624
E.	Investment Policy, Cause of Profit/Loss and Future Investment Plans:.....	624
(1)	Policy for Recent Investments:	624
(2)	Cause of Profit/Loss for Investments:.....	624
(3)	Future Investment Plans for the Coming Year:.....	624
F.	Risk Assessment.....	625
(1)	Effect of Changes in Interest Rate, Foreign Exchange and Inflation on Corporate Finance, and our Countermeasures.	625
(2)	Policies, Main Causes of Profit/Loss and Action Plans with Respect to High-risk, High-leveraged Investment, Lending or Endorsement Guarantee, and Derivatives Transactions	629
(1)	Future Research and Development Projects and Corresponding Budget.....	631
(2)	Effects of Changes in Policies and Regulations on Corporate Finance and Sales and our Countermeasures	631
(3)	Effects of Technology and Industrial Changes on Corporate Finance and Sales and our Countermeasures	631
(4)	The Impact of the Changes of Corporate Image on Corporate Risk Management and our Action Plan	632
(5)	Anticipated Results and Risks of Acquisition.....	632
(6)	Anticipated Results and Risks of Expansion of Factory Buildings.....	632
(7)	Risks during Concentrated Stock Replenishment and Sale.....	632
(8)	Effects and Risks of the Large Amount of Share Transfers or Changes by Directors, Supervisors, or Major Shareholders.....	632
(9)	Effects and Risks of Change in Operating Right	632
(10)	Litigation or Non-litigation Matters.....	633
VIII.	Special Notes	635
A.	Summary of Affiliated Companies.....	635
(1)	Consolidated Operational Reports of Affiliated Companies.....	635
(2)	Other Reports of Affiliated Companies	914
B.	The Most Recent Fiscal Year and up to the Date of this Annual Report Printed, Private Placement Securities	914
C.	The most recent fiscal year and up to the date of this Annual Report printed, subsidiary companies holding or disposal of the Company's stock list	914
D.	Other supplementary information	914
IX.	Matters Affecting Shareholders' Equity or Stock Price	914

I. Letter to Shareholders

In the last three years, the global COVID-19 pandemic has not only threatened human health, but also brought an impact on the global economy. Although the impact of the pandemic has gradually abated, the monetary expansion policies adopted by various countries to boost the economy during the pandemic have brought about inflation. Subsequently in 2022, the global economy has entered a cycle of interest rate hikes. Although interest rate increases play a pivotal role in controlling inflation and stabilizing economic development, these policies contain a certain degree of negative effects on the economic outlook. The technology industry in which the Company operates is also affected. With many of the 2022 challenges in mind, the efforts of all employees were able to deliver a record high revenue and the best earnings per share performance in 15 years for the Company (Group).

As the world's leading technology manufacturing service company, Hon Hai is also focused on the development direction of the global economy and market in the post-COVID-19 era. In 2023, the performance of the ICT industry will be relatively flat. With the goal of strengthening the resilience of the supply chain, it is expected to be more beneficial to large manufacturers with scale advantages, including Hon Hai. The global trend of emphasizing sustainable development, the Company has strengthened ESG goals and implementation on one hand; on the other we also actively develop "3+3" sustainable business opportunities including three key industries: electric vehicles, digital health, and robotics industries. With another growth axis besides the ICT foundation, Hon Hai's new business has progressed rapidly in the past three years, and execution has been according to plan. In the future, we will use our global niche, sound technology, vertical integration, and execution efficiency to work with world-class customers to truly take hold of the ICT competitive advantages in the post-pandemic era and the green energy opportunities brought about by the electric vehicle industry.

Financial Performance

In 2022, we successfully overcame the disruptions and performed above expectations despite disruptions caused by the pandemic and rising inflation. The annual consolidated revenue reached NT\$6.627 trillion, an increase of NT\$632.8 billion over the previous year, an increase of approximately 11%, and a new record high; the net profit attributable to the parent company was NT\$141.5 billion, and the earnings per share was NT\$10.21, an increase of about 2% over the previous year, and earnings per share is also a new high since 2008.

Financial and Profitability Analysis					
Unit: Million NTD	2018	2019	2020	2021	2022
Revenue	5,293,803	5,342,811	5,358,023	5,994,174	6,626,997
Gross Profit	332,030	315,868	302,919	362,127	400,085
Operating Income	136,147	114,897	110,827	148,959	173,788
Net Profit	129,065	115,309	101,795	139,320	141,483
EPS (Unit: NTD)	8.03	8.32	7.34	10.05	10.21
Gross Profit Margin	6.27%	5.91%	5.65%	6.04%	6.04%
Operating Profit Margin	2.57%	2.15%	2.07%	2.49%	2.62%
Net Profit Margin	2.44%	2.16%	1.90%	2.32%	2.13%
Debt Ratio	60.59%	57.85%	59.88%	59.75%	60.07%

Solid Niche in the Information and Communications Industry

In 2022, Hon Hai's four major product lines all maintained growth despite the backdrop of persistent pandemics, high inflation, and slowing economic growth. Among them, cloud network products benefited from strong demand in the server market, bringing strong double-digit growth. Computer terminal products also experienced significant growth due to improved material conditions. In terms of smart consumer products with strong demand for new models, despite the negative impacts of the pandemic for the Zhengzhou plant in the fourth quarter, still managed to quickly return to normal operations through the efforts of all employees; the overall performance of this category continued to grow last year. Finally, components and other product categories, benefiting from the sales of acoustic products and smart consumer products, driving component shipments, maintained growth in performance.

Although there is visible easing of the pandemic and material shortages, the visibility of this year is relatively conservative as the central banks of various countries grapple inflation by raising interest rates, and the overall sentiment is concern for the impact on the global economy. However, according to estimates by DIGITIMES Research, global server shipments will increase by more than 5% this year and exceed 19 million units, mainly attributed to the trend of cloud services in overall business activities that have been established during the pandemic. In terms of industrial applications, in addition to the accelerated growth of AI and the Metaverse, and the rise of electric vehicles, a large number of stable high-speed computing and data centers are required. DIGITIMES Research predicts that global server shipments will have an annual growth rate of 5-7% from 2022 to 2027. Hon Hai's server revenue reached the trillion NTD mark as early as two years ago and is simultaneously the world's largest server manufacturer. All in all, Hon Hai has obtained a leading position, and CSP products will be an important growth driver for our ICT category.

Computer terminal products and smart consumer products have grown considerably in the past year, and their performance will stabilize this year. We will continue to focus on high-end and niche products, use leading R&D technology, production capacity scale and mass production capacity, and continue to maintain a leading position to further solidify our market position and continuously improve profitability, so as to achieve the goal of maximizing EPS.

New Business Finds Solid Footing

To reach the 2025 goal of electric vehicle market share of 5%, related revenue exceeding 1 trillion NTD and electric vehicle volume of 500,000 to 750,000; the Company continue to leverage Hon Hai's vehicle design, vehicle manufacturing and supply chain capabilities to create Time to Cost and Time to Market competitive advantages. The Company continues its commitment towards standardization, modularization, and platformization of electric vehicle hardware and software systems, step by step to establish a protective moat unique to Hon Hai's electric vehicles.

With an understanding of the global trend towards regional manufacturing, the Company established the BOL (Build-Operate-Localize) business model two years ago, expecting to create the triple win scenario of: local countries, local partners, and Hon Hai. Last year, we proposed the CDMS cooperation model (Contract Design and Manufacturing Service). Built on the knowledge and experience accumulated by Hon Hai in the automotive industry, the Company added innovative electric vehicle design, components, software and hardware, and commissioned manufacturing services; to become a trustworthy world-class electric vehicle partner with customers.

Hon Hai continued to cultivate the BOL cooperation model in different countries last year. After signing an MOU with INDIKA in Indonesia, a joint venture company with INDIKA was established in September last year to engage in the manufacturing of commercial electric vehicles and power batteries and provide management consulting services to achieve the establishment of a sustainable ecosystem. The joint venture factory between the Company and PTT in Thailand also started construction last year. The initial target is an annual production capacity of 50,000 vehicles, which will gradually increase to 150,000 vehicles in 2030. In addition, at the production base in Ohio, USA, in addition to winning the OEM cooperation from the electric tractor manufacturer Monarch Tractor of which the production plan will start in the first quarter of this year, the Company will also cooperate with the upcoming brand INDIEV to create high-quality and engineering stringent INDI One prototype vehicles. In Taiwan, we are actively deploying electric vehicles and power batteries, such as entering Kaohsiung's Hofa Industrial Park and Ciaotou Science Park, where Hon Hai will establish a Taiwan battery cell research and development and mass production trial center, to build an electric bus, battery cell production base and supply chain.

In addition to the automotive strategy, the Company has also focused on the development of electric vehicle components. At the end of last year, Hon Hai participated in the electric vehicle brand established by the Saudi Arabian Public Investment Fund (PIF). Hon Hai will be responsible for the EEA architecture, autonomous driving, smart cockpit, and smart gateway solutions. In terms of software strategies, the Company continues to provide software services, extending from in-car use to car networking services, including fleet management and after-sales maintenance systems. In addition, Hon Hai will start to develop cloud-based data analysis to deepen cooperation with customers. Simultaneously, the Company has also recruited Jun Seki, a former senior executive of the Japanese auto industry, as the Group's Chief of Strategy for electric vehicle businesses. With more than 30 years of experience and contacts in the industry, Jun Seiki will provide valuable suggestions for the Group's electric vehicle development going forwards.

2022 is a year of rapid progress for Hon Hai in semiconductors. In terms of production capacity and process deployment, Hon Young Semiconductor Corporation (purchased from Macronix's 6-inch factory) has successfully completed process conversion, operation, and trial production of the most critical SiC wafer for electric vehicles. The development of in-house 1200V/800A SiC power module for electric vehicle inverter has also been completed, and the vehicle verification test is currently underway. The product development of automotive MCU microprocessors, power semiconductors, power management, and analog ICs is progressing as expected, and is being implemented sequentially in sync with the development of the Group's electric vehicle strategy. The group's global strategy along with the execution of the BOL strategy, have matured into plans to build a 12-inch fab with an Indian partner manufacturer to cater for local and regional needs. In order to light a clear path ahead that is forward-looking and stable, we recruited Chiang Shang-yi, the co-chief operating officer of TSMC, as the Chief of Strategy for the Group's semiconductor business. Leveraging on his rich experience in the semiconductor industry to formulate the Group's global deployment strategy and technical guidance; vigorous deployment of semiconductors, and to establish key component reserves for the Group's ICT and electric vehicle business.

Research Development Status

Hon Hai invested more than NTD 100 billion into research and development last year to ensure the Group's competitive advantage in new technologies and processes, thereby strengthening the Group's leading position in ICT and new businesses.

The Hon Hai Research Institute, which was officially unveiled in early 2021, has demonstrated its technological achievements for the first time at the 2022 Hon Hai Technology Day, including the first-generation ion trap core, Taiwan's industry's first experimental low-orbit communication satellite, and the world's first LiDAR advanced light source, three forward-looking results of artificial intelligence research, quantum algorithm simulation technology, EV information security verification platform and fruits other innovative researches are used for the strategy of the group's 3+3 development strategy and forward-looking technologies, and provide the direction of future development of Taiwan's technology industries.

In 2023, Hon Hai will deepen R&D, design and manufacturing of electric vehicles and components, continue to develop new concept cars, and promote the progress of mass production vehicles; optimizing the product advantages of key components such as power systems, batteries, and various system controllers; provide new solutions in the vehicle system EEA architecture, automatic driving, smart cockpit, and smart gateway.

The motor drive system will play pivotal role in the electric vehicle business. Hon Hai will continue to build on production and R&D capacity in 2023. This year, with the main axis of "From Two Towards Four Wheels", we will use the manufacturing experience of two-wheel electric vehicles to accumulate the competitiveness of electric four-wheel research and development. In terms of two-wheeled electric vehicles, the electric drive system production line in Taichung focuses on high automation, high self-production rate and consistent quality. Based on this experience, India will also assist with establishment of a production line this year to provide two-wheeled electric vehicle manufacturing services, and combine the group's BOL policy to cater to the two-wheeled electric vehicle market in Southeast Asia. Regarding R&D for four-wheeled electric vehicle drive systems, we applied emphasis on two major technologies: Firstly, the development of forward-looking AI technology, to integrate the resources and capabilities of Hon Hai Research Institute, optimize the design capabilities of motors and drives, and improve the overall efficiency of the drive system to strengthen the competitiveness, and; Secondly, the manufacturing advantage of high in-house production efficiencies, mastering the key production know-how, and provide key parts for production of electric power steering systems (EPS) to Tier 1 system manufacturers. In addition to two-wheeled and four-wheeled electric vehicles, the Group will also complete the production line of the electric bus electric drive system in Taichung this year, becoming a supplier of electric bus drive systems in Taiwan. Finally, Hon Hai is planning to complete the establishment of the Taichung Testing Center by the end of 2026, which will serve as a center for research and development of future electric vehicle drive systems.

For progress on battery technology, the Group continues its steady advance as planned. In terms of solid-state battery technology, Hon Hai demonstrated the R&D results of solid-state batteries applied to automobiles at HHTD22, and will continue to promote the mass production schedule of solid-state batteries in the future. In terms of lithium iron phosphate battery technology, the

Group's technology already can compete with mainstream manufacturers in the market. This year, our development focus will focus on the verification of lithium iron phosphate batteries used in electric buses, and construction of the Hofa center, which will enable the strategy for supply to domestic and foreign bus operators in 2024. In addition, the completion of the development of lithium iron phosphate batteries that can be applied to passenger cars is also one of the key development projects of battery technology this year.

In the research and development of vehicle software, the Group embraces Software Defined Enterprise as the core, and will launch projects such as open platforms and software algorithms for the software required by EV vehicles. The focus is on cockpit intelligence, ride experience applications, smart gateways, Internet of Vehicles connections, and safe automatic assisted driving functions. At the same time, Hon Hai has also invested in the R&D of HHEV.OS system software. Hon Hai officially announced a software R&D center last year, gathering more than 1,500 software talents within the Group, and expects to recruit more than 1,000 senior software R&D engineers within three years, as an important starting point for "Software Defines Hon Hai" towards the future.

Over the past year, the wave of low-orbit communication satellites started by Starlink has attracted many countries and industries to notice that compared with the traditional Internet architecture, low-orbit satellites provide a viable new path. In addition to wide coverage, low latency, it can provide unprecedented digital resilience. In addition, it is an important development foundation for future Internet of Vehicles and smart cities; and also a key step for Hon Hai to horizontally connect core industries and technologies in the 3+3 strategy. After two years of hard work, the Group is about to launch Taiwan's first low-orbit communication satellite this year. It is equipped with advanced phased array antennas and components developed by Hon Hai. It is expected to successfully obtain valuable space flight experience and conform to the highest standards of space specification. Through the self-establishment of vertical R&D capabilities in the space field, the Group will be undoubtedly be more active in overseas deployment in the future.

The Group's strategy in the Metaverse last year was to develop towards a platform, but this year we will focus on strengthening the AR field and exploring the application of AR in smart cities with our partners.

Effects of the External Competitive Environment, Regulatory Environment and Overall Business Environment

The rapid pace of updates in technology and specifications of consumer electronics products has intensified the pressure of industry competition, and the emergence of the electric vehicle industry also experienced fresh competition between new ventures and existing car manufacturers. However, Hon Hai has nearly 50 years of refined management strength, bought about by continuously strengthening integration, improving technology, stabilizing mass production, and cost control. As the industry's largest entry barrier, Hon Hai can confidently face up and coming competition. Seasonal volatility and geopolitics in the ICT industry, as well as the impact of the pandemic on the supply chain translated to constant challenges throughout the past year. Hon Hai will leverage its scale, diversified customers and products, and execution to overcome these challenges. The Group also continues to strengthen customer relationships, respond to customer and market needs in a timely manner, maintain flexibility, and continue

global deployment to meet these challenges.

Currently, as countries around the world continue to promote environmental protection-related laws and regulations, Hon Hai will implement sustainable development into all R&D and mass production processes to achieve the goal of carbon reduction and green manufacturing. The Group will continually navigate changes in the legal landscape, and actively propose corresponding strategies to reduce related risks.

In 2022, in addition to ongoing risks of the pandemic, inflation and international geopolitics, the cycle of interest rate hikes initiated by the US Federal Reserve will also gradually slow down the overall market demand, which in turn will lead to a more volatile and trying economic environment. The Company will continue to leverage its competitive advantages in such a tumultuous period with a solid and steady pace to achieve its operational goals.

Sustainability as the Group's DNA

Sustainable development is the cornerstone of Hon Hai's progress into the next fifty years. Now we have not only formulated the group's ESG vision and six major strategies, but also established long-term ESG goals. To implement the goals, the board of directors will provide ESG strategic guidance, and the Sustainability Committee will promote ESG projects through office planning, and at the same time set up three groups focusing on, E, S, and G, respectively to implanting ESG DNA into various business groups and affiliated companies.

In terms of environmental strategy, Hon Hai advocates "green intelligence" and "circular economy". Therefore, the Group has submitted the SBTi Commitment Letter the year before last, and have clearly set a carbon reduction target for net zero greenhouse gas emissions last year; with 21% to be achieved by 2025, 42% in 2030, and 63% in 2035. In addition, the Group also plans to obtain at least five gold certifications for Zero Waste to Landfills to fulfill our commitment and determination towards a sustainable environment. In terms of social strategy, we adhere to the principles of "happy development" and "win-win and common prosperity", actively strive for talent retention, and attach great importance to the safety regulations of front-line employees to ensure a safe working environment for all employees. Hon Hai will also enhance labor policies to further improve standards for employee rights and care. Regarding the goal of corporate governance, the Group strives to set an example with the strategies of "Hon Hai Lineage of Sustainability" and "Inclusive Hon Hai Governance". At present, the Company's board is majority independent; at the same time, female representation has reached 22%, which showcasing both sound independent oversight and gender diversity. The Company has completed the external evaluation of the performance of the board of directors every three years. In addition, Hon Hai passed the ISO 37001 anti-bribery management system certification, demonstrating the Group's zero tolerance for bribery, corruption, and illegality.

External Honors and Affirmation

Hon Hai continues to focus on the growth of the Group's core industry and the development of new businesses, and ranks 20th in the world in the Fortune Global 500, rising two places compared with 2021. The Group also emphasizes the effective communication with employees and the investing public. Hon Hai entered the HR Asia awards for the first time, and was nominated for the Best Employer Award. The Company also won five awards for the best management team in Asia in 2022 from the global authoritative "Institutional Investor", which affirms the Group's commitment towards quality service towards investors; at the same time, Hon Hai was selected as one of the top 100 innovative institutions in the world by Clarivate for

five consecutive years, affirming Hon Hai's performance in terms of patent influence.

In terms of ESG, Hon Hai won the first prize for Global Views ESG Comprehensive Performance Award; among the TCSA Top Ten Sustainable Model Enterprise Awards in Taiwan, and won the TCSA Platinum Award and GCSA Gold Award for Sustainability Reporting. In addition, the Group has also received many outstanding accolades and recognitions in the Asia-Pacific and Taiwan region sustainable action awards. These confirmations are testament that to the Groups unwavering effort to promote ESG, and have garnered recognition in all three of ESG's pillars.

Looking forward, Hon Hai will continue to uphold the commitment and responsibility of "Sustainable Management = EPS + ESG". In the face of a more turbulent 2023, the Group will strive to achieve its business goals, and at the same time will promote the development of employees, environment, and society; allowing all partners who work with Hon Hai to feel the positive changes brought about by these efforts. This year, Hon Hai continues to share the results of our business performance with our shareholders. For four consecutive years, cash dividend distribution rate has exceeded 50%, and the cash dividend per share is also a new high since the Company's listing in 1991. Hon Hai will continue to outdo its past self, commit towards shareholder rights and interests and achieve stable returns.

Chairman Liu, Young-Way

II. Company Introduction

A. Founding

Founding Date: February 20, 1974

Listing date: June 18, 1991

B. Formation History

In 1994

1. Increased capital to NT\$1,303,000,000.
2. Reinvested Vate Technology Co., Ltd.
3. Reinvested LUNG HWA Electronics.
4. Many new products like AN and AT were developed.

In 1995

1. Increased capital to NT\$2,279,000,000.
2. Reinvested Unimicron Technology Corporation.
3. Reinvested United Microelectronics Corporation.
4. Many new products like L/P MCA, SGC and RF were developed.
5. Huyue Factory carried out its third phase for expansion.

In 1996

1. Increased capital to NT\$3,580,000,000.
2. Reinvested Hongyang Venture Capital Investment Co., Ltd.
3. Reinvested Guifeng Co., Ltd.

In 1997

(6) Professional knowledge and independence check matrix of directors

a) Professional knowledge of directors

Name	Professional Knowledge and Experience
Director Liu, Young-Way	<p>Mr. Liu founded three companies: a motherboard company in 1988, Young Micro Systems; a northbridge and southbridge IC design company in 1995 focused on the PC chipset as their core product, ITE Tech; and an ADSL IC design company, ITeX in 1997. Young Micro Systems was then merged with Foxconn in 1994, and ITeX was successfully listed on NASDAQ in 2001.</p> <p>Mr. Liu joined Foxconn in 2007 as a Special Assistant to the Founder. In 2010, he was appointed as the General Manager of Innovation Digital System Business Group of Foxconn, and had been the Chairman of Socle Technology Corporation since 2014. In 2016, he was elected as a member of the Board of Directors of SHARP Corporation, as well as the General Manager of Foxconn's Semiconductor Business Group. In 2019, Liu was appointed Chief Executive Officer and Chairman of Hon Hai Technology Group, and the Chairman of Foxsemicon Integrated Technology Inc.. In 2020, he became Chairman of Foxtron Vehicle Technologies Co., Ltd.</p> <p>As Chairman, he sets and coordinates the company's direction and the strategies that are enabling it to chart its next phase of international growth which known as 3+3 strategy, three major industries and three major technologies. These three industries are electric vehicles, digital health and robotics. The three major technologies are Artificial Intelligence, semiconductors, and next-generation communication technologies.</p>
Director Gou, Tai-ming (Terry Gou)	<p>Mr. Terry Gou is the Founder and former Chief Executive Officer of Hon Hai Technology Group (Foxconn). Since its establishment in 1974, the company has become the world's largest electronics manufacturer and the leading global science and technology solutions provider.</p> <p>In 2016, the strategic alliance with Sharp Corporation set a precedent for a foreign company to invest in a century-old Japanese company for the first time in the history of the Japanese industry. In 2018, Foxconn Industrial Internet (Fii), a subsidiary of Hon Hai, was listed on the Shanghai Stock Exchange. And Mr. Gou announced the "Flying Eagle Project" at the White House in the United States, and held a groundbreaking ceremony in Wisconsin in June 2018, accompanied by US President Trump.</p> <p>Under Mr. Gou's leadership, Foxconn has committed to creating an AI 8K+5G global ecosystem which will be a catalyst in promoting next-generation technological solutions and applications in all aspects of everyday life including work, education, entertainment, social, security, healthcare, e-commerce, environment, and transportation.</p>

1. Please state the policy, system, standards and structure of independent directors' remuneration, and describe the correlation with the amount of remuneration according to the responsibilities, risks, and investment time:

(1) Remuneration policy, systems, standards and structure

A. Independent director remuneration and attendance fees are proposed and processed according to "Director remuneration allocation policies".

B. Independent director attendance fees: according to business execution expenses, and calculated based on the attendance of board, audit committee, and compensation committee meetings.

(2) Correlation with the amount of remuneration according to the responsibilities, risks, and investment time

A. The Company's Articles of Incorporation does not specify director remuneration.

B. Independent directors' compensation is issued on a monthly basis.

C. The attendance fee is based on the actual number of attendances as the standard for issuance, and no variable or other remuneration is paid.

D. In order to maintain balance between sustainable and risk management, the Company reviews "Director remuneration allocation policies" on a yearly basis.

2. Other than disclosure in the above table, Directors remunerations earned by providing services (e.g. providing consulting services as a non-employee) to the Company and all consolidated entities in the most recent financial statements: None

Note: NT\$8,166,241 is set aside for employee remuneration for 2022 according to the resolution of the Board of Directors. It was calculated used last year's actual allocation ratio.

(e) Procedures for payment and relevance with operation performance and future risks

- (i) The Company's Articles of Incorporation does not specify director remuneration. There is no compensation distributed to Directors or Supervisors except employee compensation.
- (ii) (Independent) director remuneration and attendance fees are proposed and processed according to "Director remuneration allocation policies".
- (iii) (Independent) director remuneration has a fixed remuneration and attendance fees. There are no variable or other remunerations paid.
- (iv) Remuneration and attendance fees will not be issued to directors or Representatives who are also Company employees, related companies, or employees of Company-invested entities.
- (v) Management compensation includes fixed salary, performance bonuses, employee compensation. Salary is calculated by comparing industry peers' similar positions, employee level, education, experience, professional skill and responsible fields. Bonuses will be allocated dependent on the overall profit contribution of each business unit. Employee compensation are set according to manager' operational results.
- (vi) According to the Company's Articles of Incorporation, In case of the Company has made a profit for the year, 5% to 7% of the profit shall be set aside for staff compensation, and manager salaries are evaluated on a frequent basis. Manager compensation will be processed according to the Company's "Management remuneration allocation policies", and are subject to the indicators within the policies which business performance compensation is calculated by two main facets, 1. Financial Indicators: According to the profit and loss, and evaluating the contribution

on the overall profit contribution of each business unit, and managers target achievement rate; and 2. Non-financial indicators: Implementation of core company values and operation management capabilities, and sustainable management participation. Furthermore, constantly monitoring the implementation of management compensation and relevant laws and regulations.

B. Implementation of corporate governance

(1) Information on implementation of Board of Directors

Nine meetings were held by the Board of Directors in the most recent year (2022) with their attendance shown as follows:

Title	Name	Attendance in person	By proxy	Attendance rate in person (%)	Remarks (Note)
Chairman	Liu, Young-Way	9	0	100%	Serving another term
Director	Gou, Tai-ming (Terry Gou)	0	1	0%	Serving another term
Director	Hon Jin International Investment Co., Ltd. Representative: Wang, Chang-yang	4	0	100%	Newly appointed
Director	Hon Jin International Investment Co., Ltd. Representative: Christina Yee-ru Liu	9	0	100%	Serving another term
Independent Director	James Wang	9	0	100%	Serving another term
Independent Director	Kuo, Tei-Wei	9	0	100%	Serving another term
Independent Director	Hwang, Tsing- yuan	4	0	100%	Newly appointed

Director	Lu, Fang-ming	5	0	100%	Resigned from office
Director	Hon Jin International Investment Co., Ltd. Representative: Lu, Sung-Ching	4	0	80%	Resigned from office
Independent Director	Kung, Kuo-Chuan	5	0	100%	Resigned from office

Other noteworthy matters:

- A. the Board Meeting's date, session, proposal contents, all Independent Directors' opinions and the Company's actions in response to the opinions if any of the following occurred:
- (a) Matters specified in Article 14-3 of Taiwan's Securities and Exchange Act: The Company established Audit Committee on July 1, 2016. The provisions of Article 14-3 of the Securities Exchange Act are not applicable. For an explanation of the matters listed in Article 14-5 of the Securities Exchange Act, please refer to Operation of the Audit Committee section, page No. 39-40.
 - (b) Other matters apart from the aforementioned where an independent director has a dissenting opinion or

qualified opinion: None

B. Effort made by directors in preventing Conflict of Interests when required:

1. In the Nomination Committee Appointment on March 16, 2022, Stakeholders Chairman LIU, YOUNG-WAY, Independent Directors James Wang and Kuo-Quan Gong had sidestepped from voting on the above proposal. The rest of the directors in attendance unanimously approved the proposal as proposed.
2. On March 16, 2022, the manager and Chairman LIU, YOUNG-WAY sidestepped from voting on the subsequent recognition of the distribution of year-end bonus and performance bonus to managers of the Company in 2021., and the motion was approved as unanimously by the remaining directors attending the meeting without objections.
3. On August 10, 2022, on the Appointment of the Remuneration Committee and the Appointment of the Nomination Committee, Stakeholders Independent Directors Hwang, Tsing-yuan, Independent Directors James Wang, and Kuo, Tei-Wei sidestepped from voting on the above motion, and the motions were passed as proposed above without objection from the remaining directors present.
4. On November 10, 2022, in the follow-up call for the distribution of remuneration to managers and employees for 2021, the manager, Chairman LIU, YOUNG-WAY and Director Wang, Charng-yang sidestepped from voting. The rest of the directors in attendance unanimously approved the proposal as proposed.
5. On December 10, 2022, in declaration of Internal Control System for Supervision and Management of Subsidiary Foxtron Vehicle Technologies Co., Ltd. from April 1, 2022 to September 30, 2022, Stakeholders Chairman LIU, YOUNG-WAY had sidestepped from voting on the above proposal. The rest of the directors in attendance unanimously approved the proposal as proposed.

C. Evaluation of targets for strengthening of the functions of the board during the current and immediately preceding fiscal years (such as the establishment of an Audit Committee, increase in transparency, etc.), and measures taken toward achievement thereof: The Company established an Audit Committee and Compensation committee, both to assist in supervision of the Board.

(2) The Board of Directors Evaluation and Implementation

1. The information on the implementation of the Board of Directors' self-evaluation is as follows:

Evaluation Frequency	Evaluation Period	Evaluation Scope	Evaluation Method	Content of Evaluation
Annually	2022/1/1 to 2022/12/31	Including the performance evaluation of the board of directors, directors and functional committees	Self evaluation of the performance of board of directors, directors and functional committees	<ol style="list-style-type: none"> 1. The items for the self- evaluation of the board of directors include the following aspects: <ol style="list-style-type: none"> (1) The degree of participation in the company's operations. (2) Improvement of board decision quality. (3) The composition and structure of the board of directors. (4) The selection and continuing education of directors. (5) Internal control. 2. The items for the self- evaluation of the individual directors include the following aspects: <ol style="list-style-type: none"> (1) Understanding of the Company's goals and mission. 2. Evaluation of the performance of the Board of Directors by an external professional independent organization

The Company has established the "Rules Governing the Performance of the Board of Directors" during the Board of Directors meeting on November 12, 2020, and an external performance evaluation of the Board of Directors shall be conducted at least once every three years. In November 2022, the Company appointed the Chinese Corporate Governance Association to conduct the 2022 external performance evaluation of the Board of Directors (period: 2021/12/01-2022/11/30). The institution and its executive experts have no business relationship with the Company and are independent. The Company adopted questionnaires and online video interviews on eight aspects including composition, direction, authority, supervision, communication, internal control, risk management, self-discipline, and others of the Board of Directors. The Chinese Corporate Governance Association has issued an evaluation report on the performance of the board of directors on 2023/01/12. The above suggestions and expected actions have been submitted to the Board of Directors' Report on 2023/03/15. The related general evaluation and measures are as follows:

(1). Overview of the evaluation report

- (i) The atmosphere of the Company's board meetings is becoming more and more open. The chairman values a transparent discussion culture, fully respects the opinions of the board members, provides directors with sufficient time and information on the proceedings, and increases the frequency of board meetings, as well as more pre-meeting communications, project reports, etc. to build consensus and improve the efficiency of decision making. Independent directors can make professional contributions and express opinions through various meetings, and play the role of guidance and supervision as directors.
- (ii) 2 new independent directors were added to the current Board of Directors meeting, for a total of 5 independent directors, accounting for more than half of the total seats on the Board, and all of them were filled by people with professionalism and rich management practices. Independent directors actively participate in and contribute their strengths to the operation of the Board of Directors, thereby enhancing the independence and diversity of the Board of Directors, and enabling the Board of Directors to guide and supervise the management team to play more effectively.
- (iii) In order to improve the transparency of corporate information, the Company actively discloses ESG-related activities. The ESG strategy and long-term goal were formulated in 2022. In order to be in line with international standards, the Company has committed 2050 net-zero carbon emissions and participated in carbon disclosure projects; The directors communicate with international investment institutions so that the outside world can better understand the Company's ESG implementation results.

(2). Improvement suggestions and future improvement plans

Item	Recommendations of the evaluation report	Measures expected to be taken by the Company
1	In order to give full play to the effectiveness of the board of directors, in addition to setting up statutory functional committees such as remuneration and audit, the Company established a new nomination committee in last year (2022) to strengthen the selection system for directors and senior management. However, the sustainability committee currently set up by the Company is chaired by the chairman and leads the Sustainability Office to implement the formulation and implementation of relevant ESG policies and regulations. It is suggested that the Company may consider elevating the Sustainability Committee to a functional committee of the Board of Directors. On the one hand, the Company's policies and actions in the ESG field should be listed as an important theme of the Board's continuous attention, and the company's investment in this field can be announced to the public. This helps improve the Company's image by ensuring that stakeholders of the Company clearly recognize the Company's progress and results in this field.	The plan is to upgrade the perpetual committee to a functional committee of the board of directors.
2	The Company has set up a Nomination Committee to make the appointment of directors and even senior executives more open	Expanded the nomination committee to the "Corporate Governance and

Item	Recommendations of the evaluation report	Measures expected to be taken by the Company
	<p>and transparent in the future. This is actually a major progress of the corporate governance system; and the chairman has also expressed his desire to continue to promote other ideas to strengthen corporate governance. We suggest that your company consider The Nomination Committee has been expanded to be the "Corporate Governance and Nomination Committee," which enables Board members to constantly think about ways to further improve corporate governance, and enables the Board of Directors to continue improving and contribute to the improvement of corporate governance.</p>	<p>Nomination Committee".</p>
3	<p>In response to the needs of the Company at each stage of development and the composition of the Board of Directors, it is recommended that the Board of Directors of the Company clearly understand the duties and responsibilities of each committee when it assumes office, and review the organizational rules regularly to clearly delineate the duties and responsibilities of each committee. Each functional committee shall review the duties of each functional committee accordingly. Established organizational rules and performance evaluation indicators to enhance the execution synergy of the Board of Directors and functional committees. The "Corporate Governance and Nomination Committee" suggested in Item 2 above may be used to assist in such a process.</p>	<p>It is intended that the "Corporate Governance and Nomination Committee" in collaboration with other responsible units, will be responsible for enhancing the execution synergy of the Board of Directors and functional committees.</p>

(3) In most recent year, the Audit Committee held 9 meetings, and the attendance of Independent Directors is as follows:

Title	Name	Attendance in person	By proxy	Attendance rate in person (%)	Remarks (Note)
Independent Director	Hwang, Tsing- yuan	3	0	100%	Newly appointed
Independent Director	James Wang	9	0	100%	Serving another term
Independent Director	Kuo, Tei-Wei	9	0	100%	Serving another term
Independent Director	Liu, Len-yu	3	0	100%	Newly appointed
Independent Director	Chen, Yue-min	3	0	100%	Newly appointed
Independent Director	Kung, Kuo-Chuan	6	0	100%	Resigned from office

Note: A re-election of directors was held at the Company's annual general meeting on May 31, 2022, and new directors assumed their positions on July 1, 2022. The Audit Committee convened 6 times before the re-election, and 3 meetings after the re-election.

Other noteworthy matters:

- A. When one of the following situations occurred to the operations of the Audit Committee, state the date, period, proposal contents, independent directors opinion, opinion with reservations or significant recommendation and resolutions of the Audit Committee, and the Company's actions in response to the opinions of the Audit Committee:
- (a) Matters specified in Article 14-5 of the Taiwan's Securities and Exchange Act: Please refer to following pages, page No. 39-40.
 - (b) Resolutions passed by two-thirds of all Directors but without approval of the Audit Committee except for the preceding item: None
- B. Efforts made by independent directors in preventing Conflict of Interests when required: None
- C. Communications between the independent directors, the internal auditors and independent auditors (including means of communication and results, regarding Company financials, operations and other matters):
- (a) Independent director, internal auditor and Accountant communication:
 1. At least once a year, a separate meeting of independent directors, internal audit supervisors and accountants is held to discuss the completed external audit findings of the Chief Audit Executive and accountants, and to communicate according to the deficiency of annual audit, and record down the communication.
 2. At the end of each month, the head of Internal Audit send the audit and follow-up reports for the preceding month, and reports to independent directors according to the Company's annual audit plans and internal control follow-up procedures. Provide audit progress reports to independent directors at least once a quarter. If material unusual matters occur during the auditing process, the head of Internal Audit will produce a report and submit to the independent directors immediately. There were no abnormal events during 2022.
 3. Independent directors and accountants communicate and discuss audit planning matters and key audit matters.
 4. Others: In the event of major unusual activities or matters that independent directors, Chief Audit Executives and accountants deem necessary to communicate separately, meetings may be held at any time in any occasion.
Communication between the independent directors, the Chief Audit Executive and accountants has been good and efficient.
 - (b) The major matters of the communications between independent directors and internal auditors in 2022:
 1. Independent communication between the internal audit officer and independent directors:
 - (1). Independent directors convene the Audit Committee on a quarterly basis. The internal audit officer holds a communication meeting with the independent directors before a quarterly Audit Committee meeting. A total of 4 individual communication meetings were held in 2022, during which the head of internal audit participated in 4 of the Audit Committee's meetings and reported on the implementation of audit operations and major internal control and internal audit matters.

(2) The status of communication is shown in the table below:

(i) Individual communication meeting

Audit Committee Meeting Date	Communications between independent directors and internal auditors

Note: The Company's Board of Directors appointed the members of the 2nd Nomination Committee on August 10, 2022 and took office on August 10, 2022. The 1st Nomination Committee convened once (Term of office is from March 16, 2022 to June 30, 2022) and the 2nd Nomination Committee convened once.

I. The Board of Directors will not adopt or amend the suggestions of the Nomination Committee: None.

II. Members of the Nomination Committee have documented or documented objections or reservations to resolutions made by the Nomination Committee: None.

III. Matters for discussion in the Nomination Committee and results of the resolution, and the Company's handling of the opinions of the members:

Nomination Committee Meeting date	Matters for discussion	Result	The Company's handling of the opinions of the members
Apr. 20, 2022	Suggested reference list for nomination of director candidates by the 18th Session of the Board	Unanimously approved by all committee members present	Proposed to the Board of Directors and approved by the attending directors unanimously
Nov. 10, 2022	Amendments to the Company's "Rules of Procedure for Board of Directors Meetings"	Unanimously approved by all committee members present	Proposed to the Board of Directors and approved by the attending directors unanimously

(7) Implementation of the Sustainable Development and the Differences of Practice for Sustainable Development of Listed OTC Companies and Its Reasons

Item	Implement status			Difference from Corporate Governance Practice Principles for TWSE/GTSM Listed Companies and reasons
	Yes	No	Description	
1. Does the company establish a governance structure to achieve sustainable development, and set up a dedicated (part-time) unit to promote sustainable development, which is authorized by the board of directors to handle senior management, and supervised by the board of directors?	✓		<p>The Company officially established its Corporate Social Responsibility (CSR) initiative in 2007 and changed its name to the Sustainability Committee in 2022. It is the highest-level sustainability decision-making organization within the Company. The chairman of the board acts as chairman of the committee, combines with senior executives to jointly review the Company's operational strategies and capabilities, and formulate a medium- and long-term sustainable development plan.</p> <p>The "Sustainability Committee" is a cross-departmental communication function that integrates top and bottom lines. The Company has set up an ESG team to identify sustainability issues that are critical to company operations and stakeholders' concerns through monthly meetings, formulate strategies and work guidelines, plan and execute solutions, and track implementation results to ensure that the sustainable development strategy is implemented in daily management.</p> <p>The Sustainability Committee will report to the Chairman on a regular basis and to the Board of Directors at least once a year on the results of sustainability implementation and future work plans. Proposal content includes (1) identifying sustainability issues that require attention and formulating corresponding action plans; (2) goals and policy revisions of sustainability-related issues; (3) supervising the implementation of sustainable management matters and evaluating the implementation. The Board of Directors will also evaluate the success of the strategies and the progress of the implementation, and will urge for adjustments when necessary.</p>	No Difference
2. Does the company conduct risk assessments on environmental, social and corporate governance issues related to company operations according to the principle of materiality, and formulate relevant risk management policies or strategies?	✓		<p>This disclosure covers the sustainability performance of major business locations between January 2022 and December 2022. The boundary of risk assessment is primarily the Company, including business locations in Taiwan, China, other parts of Asia, the Americas, and Europe.</p> <p>The Sustainability Committee conducts analysis in accordance with the materiality principle in the sustainability report, communicates with internal and external stakeholders, reviews international/national research reports and literature, integrates data from various departments, evaluates material ESG issues, and formulates effective identification, assessment, control, and supervision of risk management policies, and the adoption of specific action plans to reduce the impact of related risks.</p>	No Difference

3. Environmental issues				No Difference
(1) Does the company establish proper environmental management systems based on the characteristics of their industries?	✓		(1) The Company firmly believes that when promoting environmental protection, it must not only comply with relevant laws and regulations, but also need to be in line with international development trends. In 2022, the Company will formulate an environmentally sustainable development strategy based on the identification of important environmental issues. In response to international trends and customer requirements, the Company's business units have established an environmental management system that has passed ISO14001 certification (validity: 2020/4/23 - 2023/4/22), and continues to promote the Company's environmentally sustainable development. Meanwhile, the Company conducts greenhouse gas inventory in accordance with the GHG Protocol every year to track the carbon reduction effect. Details are available in the Company's Sustainability Report and on the Company's website (https://www.honhai.com/zh-tw/CSR/focus-environment?section=focus-environment-tab1).	
(2) Does the company endeavor to utilize all resources more efficiently and use renewable materials which have low impact on the environment?	✓		(2) The Group systematically manages the energy use of the group by adapting the ISO 50001 energy management system and passing third-party verification (Extension of validity of certificate: 2023/1/12 - 2023/7/12), thereby identifying the risks and opportunities of reducing energy use and improving energy efficiency. The Company continues to promote the implementation of energy-saving technical transformation projects. In addition, the Company also actively develops new technologies for energy conservation and emission reduction, new products, and new business models to fully explore the potential of energy conservation, and to promote and improve the Company's transformation and increase revenue, and ultimately, continuously optimizes the Company's energy-saving and carbon-reduction system and achieves the goal of continuous improvement. The Company signed a green power procurement cooperation memorandum with Forest Wei. The Taiwan factory will purchase about 2.36 million kilowatt-hour (kWh) of green electricity in 2022, and the purchase volume will be increased year by year. It is estimated that by 2030, about 70 million kWh of green electricity will be accumulated, which is equivalent to a reduction of about 35,140 metric tons of carbon dioxide equivalent emissions. The raw materials used by our company are all in compliance with EU RoHS, REACH and halogen-free specifications. The Company continues to cooperate with international customers, and

(3) Does the company assess the potential risks and opportunities of climate change on its present and future operation, and take measures to respond to climate-related issues?	✓		<p>conducts chemical safety information disclosure of processes used in assembly plants. Furthermore, establish a list of prohibited substances to complete the replacement of green chemicals in customer products.</p> <p>In terms of green manufacturing, the company requires the company to conserve resources, explore the development of waste reduction and reuse technologies, and implement a zero-waste project between the company and suppliers to maximize the economic benefits of recycling.</p> <p>(3) The Company's climate change management body is the Sustainability Committee, chaired by the Chairman. It reviews the Company's climate change strategies and goals, manages climate change risks and opportunities, and reviews the implementation status and future plans every year, and reports to the Board of Directors. The Chief Environmental Protection Officer of the Company has set up Team E under the ESG team. The team is responsible for the implementation of greenhouse gas reduction paths and proposals, and regularly tracks and reviews the progress and results. The Company officially became a supporter of TCFD in 2021. The Company follows the framework of TCFD recommendations to assess the Company's risks and opportunities from climate change, and conducts a comprehensive assessment every three years and renewal review every year. The Company completed the latest risk assessment in 2022 and identified 3 major risk issues: increased demand for renewable energy and electricity regulatory restrictions, uncertain market information, and increased stakeholder concern or feedback. The Company also identified feasible opportunities and worked out countermeasures. The Company follows the green, smart, and circular economy strategy. In terms of climate change mitigation, the Company continues to develop projects such as green operation, energy management, carbon information disclosure, and green energy fund; in terms of climate change adaptation, the Company strengthens basic measures to improve sustainable operation capabilities and building core competitiveness. For details, please refer to the chapter on Environment of the Company's Sustainability Report. (https://www.honhai.com/s3/reports/CSR/CN/2021/HonHai_2021_Sustainability%20Report_CN_Chapter5.pdf)</p>	
(4) Does the company conduct assessment on greenhouse gas, water consumption and waste for the last two years, and establish company strategies for	✓		<p>(4) The Company has been promoting greenhouse gas emissions since 2008, and participated in the Carbon Disclosure Project (CDP) since 2010. The Company conducts inventory of greenhouse gas emission in accordance with the "GHG Protocol"/ISO 14064, and actively promotes ISO 14064 independent third-party verification within the Company (certification date: April 20, 2023). Greenhouse gas emissions in the past two years</p>

energy conservation and carbon reduction, greenhouse gas reduction, water saving and waste management?			<p style="text-align: right;">(Unit: tonnes of CO2e)</p> <table border="1" style="margin-left: auto; margin-right: auto;"> <thead> <tr> <th style="text-align: center;">Scope \ Year</th> <th style="text-align: center;">I</th> <th style="text-align: center;">II (based on the location)</th> </tr> </thead> <tbody> <tr> <td style="text-align: center;">2021</td> <td style="text-align: center;">237,946</td> <td style="text-align: center;">5,982,836</td> </tr> <tr> <td style="text-align: center;">2022 (Note)</td> <td style="text-align: center;">208,654</td> <td style="text-align: center;">5,808,914</td> </tr> </tbody> </table> <p>In response to the international net zero emission initiative, the Company joined the CA100+initiative and pledged to reduce greenhouse gas emissions by 42% in 2030 compared to 2020, and achieve net zero emissions by 2050.</p> <p>In order to cope with climate change and promote the sustainable operation of the company, the company plans to continue to increase the use of renewable energy, and hopes to achieve green power use accounting for more than 50% in 2030.</p> <p>The Company actively implements water resource management planning, identifies water risks, formulates water management strategies and targets, implements various water-saving projects, and promotes water recycling and reuse, in order to achieve conservation of water resources, efficient use of water resources, reduction of wastewater discharge, and impact on the environment. The Company plans to reduce water intensity by 6% compared to 2020 by 2025. In 2022 (Note), the Company took 88,105,165 tons of water.</p> <p>In order to implement the circular economy strategy, the Company actively promotes the "Zero Waste" project, giving priority to waste recycling at factories. In 2021, the Company established a waste management platform in Shenzhen Longhua Campus, Mainland China, to track waste generation, distribution, and conversion rate, etc. in real time through data-based management and control, combined with various solutions such as reduction, recycling, and harmless waste of factory waste to make continuous improvements to achieve zero waste and build a zero-waste comprehensive ecological park. The Company plans to obtain at least 5 zero waste to landfill gold certification (UL2799) plants by 2025. The waste in 2021 and 2022 (Note) were 1,001,771 tons and 710,464 tons, respectively.</p> <p>Note: The boundary of data in 2022 is Greater China. (11) Status of Implementation of Internal Control System

a. Statement of Internal Control System

Hon Hai Precision Industry Co., Ltd.

Statement of Internal Controls

Date: 3/15/2023

According to the examination on internal control system done by the Company itself in 2022, we hereby state as follows:

- (1) The Company's Board of Directors and management team understand their responsibilities of developing, implementing and maintaining the Company's internal control system, and such a system has been established. The purpose of establishing the internal control system is to reasonably assure the following objectives: (a) The effectiveness and efficiency of business operation (including earnings, operation performance and the safeguard of company assets); (b) Achieve the reliability, timeliness, transparency, and compliance objectives according to the relevant laws and regulations in order to provide reasonable assurances.
- (2) Due to the innate limitation in designing a faultless internal control system, this system can only assure the reasonableness of the above three objectives have been fairly achieved. In addition, the effectiveness of internal control system could alter over time due to the change of business environment or situation. Since the Company's internal control system has included self-examination capability, the Company will make immediate corrections when errors are detected.
- (3) The evaluation of effectiveness of the internal control system design and implementation is made in accordance with the "Guidelines for the Establishment of Internal Control Systems by Public Companies" (the Guidelines). The Guidelines are made to examine the following five factors during the management and control process:
 - (1) control environment, (2) risk assessment and response, (3) control activities, (4) information and communication, and (5) supervision. Each factor also includes several items. Details of each factor can be found in the Guidelines.
- (4) The Company has examined the effectiveness of each respected area in the internal control system based on the Guidelines.
- (5) The examination result indicated that the Company's internal control system (including subsidiary governance) dated December 31, 2022 has effectively assured that the following objectives have been reasonably achieved during the assessing period: (a) The degree that effectiveness and efficiency of business operation; (b) The reliability of the financial and related reports; (c) The compliance of the relevant laws/regulations and company policies
- (6) This Statement is a significant part of the Company's annual report and prospectus available to the general public. If it contains false information or omits any material content, the Company is in violation of Article 20, Article 32, Article 171 and Article 174 set forth in the Taiwan's Security and Exchange Act.
- (7) The Company hereby declares that this statement had been approved by the Board of Directors on March 15, 2023. Among the 8 attending Directors, to the contents of this statement.

Hon Hai Precision Industry Co., Ltd.

Chairman: Liu, Young-Way [signature and seal]

(8) Dividend Policy and Execution Status

(a) Dividend Policy

The Company is in a growth stage. Therefore, the Company's dividend distribution policy is subject to the Company's current and future investment environment, capital requirements, domestic and foreign competition, capital budgets and other factors, taking into account the interests of shareholders and long-term financial planning considerations, stock dividends on the accumulated allocable earnings should not be less than 15% of the accumulated allocable earnings and cash dividends of not less than 10%.

(b) Distribution of Stock Dividends at this Shareholders' Meeting:

According to the Article 28-1 of the Company's Article of Incorporation, the distributable dividends and bonuses, legal or capital reserve, in whole or in part may be paid in cash after a resolution has been adopted by a majority vote at a meeting of the board of directors attended by two-thirds of the total number of directors.

As adopted by Board Meeting on March 15, 2023, the Company plans to distribute dividends of NT\$73,473,850,228 to shareholders from the distributable surplus of 2022, and to distribute the cash dividend of NT\$5.3 per share. The Board of Directors will authorize the Chairman to determine the ex-dividend date, issuance date and other relevant matters.

(9) Impact of Planned Issuance of Bonus Shares on the Company's Business Performance and Earnings Per Share:

Not Applicable

(10) Remuneration to Employees, Directors, and Supervisors

(a) Information on Remuneration to Employees, Directors, and Supervisors, as Set Forth in the Company's Articles of Incorporation

According the Articles of Incorporation adopted by the Board, 5-7% of the company profit (Surplus refers to profit before tax deducted appropriated employee compensation) is to set aside for employee remuneration, no Directors' remuneration has been allocated.

(b) The Estimation Basis of the Remuneration Amount to Employees, Directors, and Supervisors for the Current Period; the Estimation Basis of the Number of Shares of Stock Dividend to Employees; and the Accounting Treatment of the Discrepancy, if any, between the Actual Distributed Amount of Employees' Stock Bonus and Estimated Figure Thereof:

1. On March 15, 2023, the Board of Directors approved the Company to set aside 5% of earnings as cash dividend for 2022 employees' compensation.
2. Where there is discrepancy between the actually distributed and the estimated amount, it shall be treated in accordance with the estimated.

(c) Information on the Amount of Compensation for Distribution Approved by the Board of Directors are as follows:

1. The cash dividend distributed to employee shall be NT\$8,166,241,435.
2. In the case of any differences between the actual distributed and recognized number, please state the difference, reasons and response:

The Company's actually distributed number does not differ from the recognized one.

(d) Information on the Amount of Compensation for Distribution and the Calculation of Earnings Per Share as Approved by the Board of Directors are as follows:

1. Actual Distribution

Employee dividends			Unit: NT\$
Employee Stock Dividends: Amount	Employee Stock Dividends: Number of Shares	Employee Cash Dividends	Remuneration to Directors and Supervisors
0	0	8,122,669,781	0

2. In the case of any differences between the actual distributed and recognized number, please state the difference, reasons and response:

The Company's actually distributed number does not differ from the recognized one.

None

J. Implementation of fund usage plan

The Company doesn't have any uncompleted issuance plan or completed plan with unrealized benefit within the latest three years

V. Operational Highlights

A. Business Content

(1) Business Scope

(a) Major Business

ICT, communications, automation devices, photo-electricity, precise machinery, auto, production, sales and service related with connectors, casings, radiators, optics, assembled parts of consuming electronics as well as assembly of network cables.

In addition to ICT product, the Company continues to expand into 3 new businesses in EV, robotics, and digital health, as well as the 3 core technology fields of AI, semiconductors and new-generation communications.

(b) Revenue Mix

98% of the products are 3C electronics (Computer, Communication, Consumer Electronics). The output and sales volume of the recent two years can be found in the table of Production and Sales.

(c) Current Product Items

The products manufactured by the Company include:

1. **Smart Consumer Electronic Products (mainly smartphones, TVs, game consoles, etc.):** Personal consumer electronic products, including smart phones, feature phones, wearable devices, etc.; as well as smart home entertainment systems and equipment, including TVs, game consoles, set-top boxes, speakers, etc. Covers a larger portion of traditional categories of 3C, which encompasses Consumer Electronics and parts of Communications.
2. **Cloud and Networking Products (mainly servers, network communications and related products):** Enterprise and consumer network communication equipment, equipment required by cloud storage, including routers, servers, edge computing, data centers, satellite communications and other related equipment.
3. **Computing Products (mainly computers, tablets, etc.):** Lifestyle and work computing equipment, office and workplace computing products, including desktops, notebooks, tablets, office machines, printers, etc. Covers the Computing aspect of the traditional definition of 3C product category.
4. **Components and Others Product (mainly connectors, mechanical parts, services, etc.):** Upstream manufacturing and development of key components, technical components; including connectors, precision optical components, lenses, electronic components, semiconductor products, automotive electronic parts, tool/mold fixtures and mechanical equipment. Additionally, logistics, warehousing, software development, healthcare services, and industrial internet integration solutions also fall into this category.

(d) New Products, New Industries, and Technologies Developments

The Company actively transforms, upgrades, and promotes the transition from brawn-

intensive industries to brain-intensive strategies of "F1.0, F2.0, and F3.0". In addition to the development lights-out factories and automation, the Company also focuses on our defined "3+3 categories" including the three industries of electric vehicles, robotics, and digital health; across three applications of AI, semiconductor and next generation communications. Among these, electric vehicles and semiconductors are one of the Company's main growth drivers in the future. In addition, EV and semiconductors is our drivers in the future. We will continue to expand our clients base, components, and software. Also, we will continue to expand our global manufacturing with local partners to allocate the best resources by our innovative business model – BOL Model (Build, Operate and Localize). In the electric vehicle industry, Hon Hai is redefining the contract design and manufacturing service (CDMS) in the automotive field and continues to promote vertically integrated technology services.

For semi-conductors, the Company is also gradually constructing a complete supply chain. In terms of wafer fab capacity, in addition to the existing production capacity, the Company is also planning to set up a joint venture 12-inch wafer fab in India. In terms of new technologies, the company has entered the third generation of SiC semiconductors, and the first wafer fab was established in Hsinchu Science Park to supply future electric vehicles. As for Metaverse industry, we will build up platforms to provide a complete value chain from wearable devices, software, infrastructure, applications, and to services.

(2) Industry Overview

(a) The Current Status of the Industry and Future Developments

Current Status

In terms of the electronics industry, smartphones with the largest market scale are still the consumer electronics products. According to the statistics of market research agency Canalys, the global smartphone shipment in 2022 was less than 1.2 billion units, which was 11% less than the 1.35 billion units in 2021, mainly due to the overall economic downturn. In terms of cloud network products, the server market grew by more than 60% year-on-year in 2022 due to the relief of material shortage and the demand for servers from large cloud data center operators in North America. According to the statistics of DIGITIMES Research, representing approximately 18 million units. In the field of computer terminal products, in terms of tablet PC, according to IDC statistics, the total global shipment of tablet PC in 2022 was 162.8 million units, a year-on-year decrease of 3.3%. In terms of PC, according to Gartner's analysis report, PC shipments in 2022 decreased by 16.2% year-on-year to 286.2 million units. This is mainly because consumers have already purchased laptops during the pandemic. In anticipation of global economic recession, intensified inflation, and rising interest rates, consumers are less motivated to buy new laptops, and the upgrade boom in the commercial PC market has passed. For components and other products, the demand fluctuated depending on the sales of the end products.

The EV industry has continued to grow significantly in 2022. According to the statistics

of DIGITIMES Research Center, the total sales volume of global EVs increased by 49% year-on-year to 9.78 million units. The top three markets are China, Europe, and the United States, while China officially accounts for more than 60%. The outstanding performance of China's electric vehicle market is mainly due to a series of incentive policies offered by the local government, which resulted in a 79% annual sales growth; the second largest market, Europe, was only affected by geopolitics and the annual sales growth rate was only 5%; The annual growth rate of the largest market in the United States was 48%. This is mainly due to the fact that car manufacturers have introduced SUV and electric pickup models that consumers prefer, and car owners are entitled to car purchase subsidies.

Future Developments

In 2023, the performance of the ICT industry is expected to remain flat. This is mainly due to the fact that the high growth stage created by the pandemic has passed and the central banks around the world tighten monetary policy, which may slow down the global economic growth.

According to IDC's analysis, the global smartphone shipment in 2023 will be revised down to 1.19 billion units, a year-on-year decrease of about 1.1%. The overall market is showing signs of stabilizing, and it will be about flat this year.

In the field of cloud network products, DIGITIMES Research believes that due to the impact of the weak global economy in 2023, the growth in shipments of server brands and mid-tier players will be limited, and the growth rate of cloud companies building data centers will be smaller than that in 2022. Global server shipments are expected to grow by 6.8% in 2023. However, due to the increase in demand for AI servers and the gradual depletion of inventory, the long-term growth trend of servers is clear.

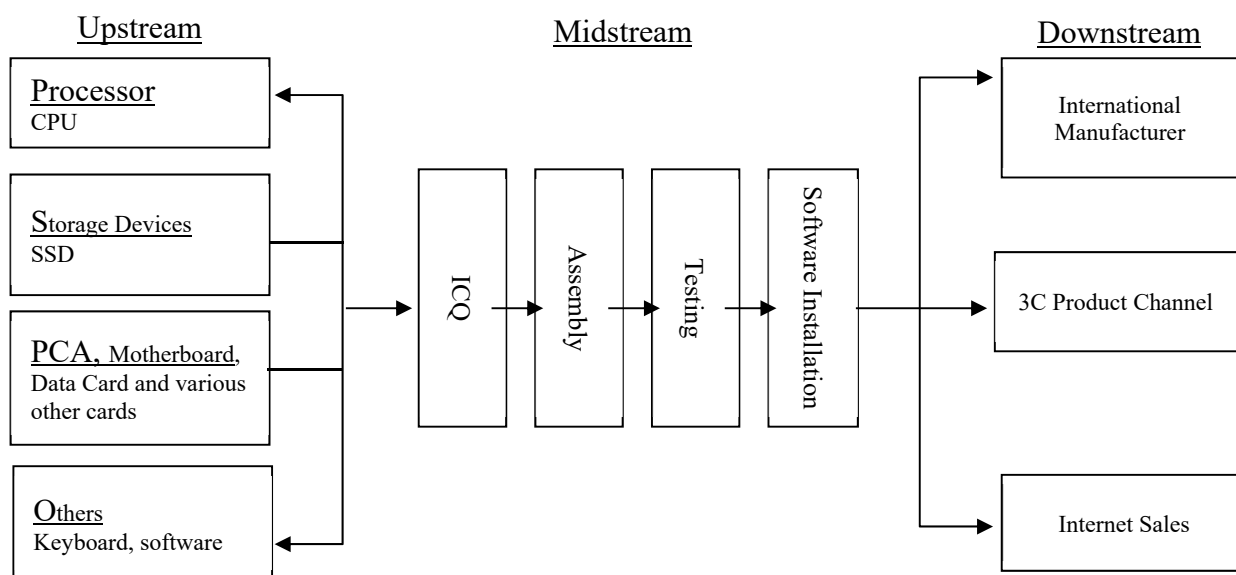

In the field of computer terminal products, MIC analyzed that the overall economy is still in the correction cycle and the suppliers in the supply chain are actively destocking. It is estimated that the global laptops market will decrease by 8.4% annually in 2023, with a market size of only 177 million units. In terms of desktop computers, MIC expects that the overall economic situation will not improve in the first half of 2023, and corporate spending is relatively conservative. It is estimated that the global desktop market will be about 75 million units in 2023, with an annual decrease of 2.9%. Although the overall PC performance has declined, it is still higher than the level before the pandemic.

In terms of components and other products, the conservative outlook of the ICT industry in 2023 will inevitably affect the demand for related components. In the emerging electronics industry, such as, electric vehicles, robots, and the Internet of Things, each industry player is deploying from different angles, developing their own advantages, and gradually commercializing them.

In 2023, DIGITIMES Research estimates that the sales volume of the global EV market will exceed 14 million units. Among them, the Chinese and US markets will still exhibit high growth. This is mainly due to the increasing the product line of electric vehicles and

expanding the scope of subsidies under the IRA (Inflation Reduction Act) Act; by contrast, although the European car manufacturers' plans to invest in the electric vehicle business remain unchanged, they will continue to be affected by the Russian-Ukrainian war. In the long run, electric vehicles will continue to be the field with the largest growth among the world's major industries.

(b) The Industry Value Chain and Relationships

(c) Various Product Trends and Competition

There are four main product categories. In short-term, the company continues to expand the new businesses in EV and semiconductors :

1. Smart Consumer Electronics Products (smartphone, TV and game console)

With the commercial launch of 5G and the gradual adoption of artificial intelligence (AI) into various technological applications, the consumer electronics industry will enter the era of intelligent networking driven by 5G and AI in the coming decade. In the development of 5G, AI and other related products, the Group has advanced deployment plans, analyzed market demand in advance, and continues to work closely with relevant customers; this combined with the Group's advantages, will enable 5G-related smart consumer products to be deployed timely in the market. Many companies have also seen opportunities and invested in. The company's long-term focus on high-end smart phone products, the accumulated competitive advantages in scale, technology, speed, yield rate, cost, and globalization also allow the company to secure the largest share.

2. Cloud and Networking Products Category (mainly servers and networking products)

As a result of the gradual formation of HPC, 5G network and edge computing, enterprise users' purchasing needs of servers to ride on the tailwind of private cloud or even hybrid cloud have been driving worldwide server market growth. Recently, the market has paid attention to the AI server issue brought about by ChatGPT, but

the Company has been working on it for a long time. The growth in this field has doubled in the last year, and it will continue to have strong growth momentum this year. The Company has been in the server market for a long time and our quality, technology and service have been one of the most recognized. The swiftly increasing need of a regionalized supply chain under a broad globalized framework from major server customers has raised the bar of manufacturers higher and hence we believe that the Company is well positioned to be a leading system provider on that front. The huge scale and joint development of cutting-edge technologies with customers, which have expanded our leading position in Cloud and Networking Products.

3. Computing Products (computers and tablets)

This is a mature sector and with cross device streaming and cloud services sharing a large part of the performances of personal desktops and notebooks, we expect stable demand for this category. Meanwhile, tablets and smart TVs are now seeing performance pressure and hence a potential upgrade cycle.

The demand and supply of this market is relatively mature. Producing high end Notebook, tablets, desktops, printer have been one of the Company's strengths. We aspire to capture this growth tide by integrating core competencies across manufacturing and services and our access to global channels. And also complete product lines, global footprint, and production capacity, supply chain make the company to obtain greater opportunities.

4. Components and Others Products (connectors, mechanic parts and services)

The Group's long-term strategy is to form strategic partnerships to formulate a comprehensive, vertically integrated supply chain, leveraging our core expertise and advantages. We will take component supply as one of the main goals while we develop our new business. These two fields are relatively large-scale industries at this moment. They attract more investment from different countries and enterprises, and there are different competitors in each field.

The company's key competitiveness lies in its long-term cooperative relationship with customers, a complete product line, precision manufacturing capabilities, global footprint, and solid operation management. The long-term development strategy is to establish a complete supply chain with our strategic partners, integrate the internal and external resources of the group. This enhance the competitive advantage of vertical integration and further improve our layout in the industry. And it enhance profitability.

5. Electronic Vehicle

The total vehicle market size is around 4 trillion US dollar. Based on the market estimated, by 2025, the global EV market will reach 600 billion US dollar. Under the trend that the vehicles have started to adapt motors, instead of internal combustion engine, the complexity and components has significantly decreased. In addition to the direction of software-defined EV, ICT suppliers will have huge potential.

The Company created the MIH Consortium, a standardized and modularized open platform, with hardware and software integration. By BOL business model, it will help us expand our EV global footprint. On the one hand, it secures our client base and to develop higher-value components and software.

6. Semiconductor

The Company's annual purchase of chips exceeds US\$70 billion. Apart from advanced production processes, many of these production processes are mature. In the past three years, the supply of mature process chips has been tight, resulting in the bottleneck of product production. However, with the advantage of scale, Hon Hai has obtained sufficient supply and ensured the shipping demand of customers. On the contrary, it has increased market share. In addition, the number of chips used in electric vehicles in the future can be up to three times higher than the current one. Semiconductors account for 30% of the cost of the entire vehicle, of which power semiconductors account for half. It is expected that the cost of SiC will be higher in the future.

Mastering stable supply and differentiated functions ICs means are the key to electric vehicle manufacturing. And it is also one of the ICT clients' values. The company is one of few enterprises with entire semiconductor supply chain from upstream equipment, design, wafer fabs, packaging to testing plants, etc. We secure the capacity by minor share holdings investment, BOL model, joint ventures and acquisition, with asset light approach.

(3) Technology and R&D

(a) Technical and R&D Businesses

The Company has utilized proprietary management methods for IIDM-SM; Integration; Innovation; Design; Manufacturing to Sales; Marketing, and coupled with Precision Molding; Material Technologies; Sustainable Manufacturing Technology; SMT Manufacturing Technology; Heat Transfer Technology; Plastic Processing; Metal Processing; Testing Capabilities; Automation Capabilities; Photoelectric Consolidation Technologies; Motherboard Design; E-Commerce Capabilities; Server Design; Wireless Communications and Light Display Modules, to achieve core competitive advantage. The Company also strives to provide the best 6C (Computers, Communication, Consumer electronics, digital Contents, Car parts and modules, Channels) foundry services with our strategic partners globally, and create maximum value for shareholders.

Looking to the future, the Company will remain committed to innovation and R&D; develop cutting-edge prospective applications; commercialize and realize product designs; bring to market the fruits of our research, and continue systemization of management processes, to solidify and maintain the Company's lead in core competencies.

(b) R&D Expenses for Recent Years

Unit: NT\$ Thousand

Item	Year	2021	2022
R&D Expenses		105,068,764	114,258,072
R&D Expenses to Revenue %		1.75%	1.72%

(c) Successful Technological or Product Developments for Recent Years

Year	Successfully Developed Technologies or Products
2021	<ol style="list-style-type: none"> 1. U.S.-gauge 65"/75" UHD 120Hz bezel-less/quantum dots smart connected TV. 2. India-gauge 2K 32"/43" and 4K 43"/50"/55"/65" HD/UHD Android TV. 3. Pan-Asia-gauge 2K 32" and 4K 43"/50"/55"/65" HD/UHD Android TV. 4. 2K 32" and 4K 55"/65" HD/UHD Android TV for North America/Canada/Mexico-gauge. 5. Smart healthcare system. 6. Development of 4K 120 Hz T-CON Board. 7. Development of U.S.-gauge 65/70/75 large-size high-order 120 Hz quantum dot frameless LCM. 8. ADI CMOS ToF module. 9. ADI CMOS ultra-wide-angle ToF module. 10. Sensor 1.2M on-board module. 11. OV Sensor 50M AF module. 12. VCSEL performance testing system (VF) for laser modules. 13. Laser module optical power & beam performance integrated testing system. 14. Laser module work safety defense system (Sub/DOE circuit). 15. Design and development of AF Lens (6P+MEMS Lens). 16. Design and development of AF Lens (2G4P+MEMS Lens). 17. Design and development of ToF Lens (1G4P). 18. Design and development of ToF Lens (1G3P). 19. Development of Eyepiece Lens XR and coating. 20. New rotary table optical axis adjustment and assembly machine. 21. Development and verification of route optimization for mobile robot platform navigation. 22. Development and verification of dynamic obstacle avoidance behavior for AMR aircraft. 23. Development and design of AMR's self-made security module program logic. 24. Complete the hardware development and functional verification of the AMR self-made security module. 25. Complete the verification of the AMR robot mobile platform connecting to the charging pile mechanism. 26. Complete the VCU vehicle simulation close loop HIL test. 27. Completed the development of the Vector AUTOSAR platform for the VCU vehicle controller. 28. Complete the ZCU BRING UP and basic function development. 29. Multiple design proposals for cockpit Cluster and IVI HMI. 30. The Qualcomm platform realizes the function of one chip and multiple screens. 31. Design the modular hardware framework and cooperate with the zone controller ZCU and zone gateway ZGW for conceptual sample development. 32. Establish the E/EA system design and development process based on Vector PREEvision.

Year	Successfully Developed Technologies or Products
	<p>33. Design and development of EE_Buck vehicle electronic control system bench verification environment.</p> <p>34. Passed the FMVSS-201 crash test for the rotating central display of the EV.</p> <p>35. Unmanned guided vehicles passed the TUV regulatory test and were mass-produced.</p> <p>36. Development and design of the EEA automotive modular shared structure.</p> <p>37. Introduce the ASPICE process counseling activity for automotive software.</p> <p>38. Successfully completed the 1.37" uLED sample backplane design.</p> <p>39. Successfully completed the reliability test of self-made QD film.</p> <p>40. US-gauge 65"/75" UHD 120Hz borderless/quantum dot smart connected TV.</p> <p>41. 2K 32"/43" and 4K 43"/50"/55"/65" HD/UHD Android TV for India-gauge.</p> <p>42. Complete the core control circuit design of the DC charging pile.</p>

(4) Long and Short-term Business Development Plans

(a) Short-term Business Development Plans

The Company pursues continued excellence in operational management and cost control, vertical integration, global footprint and provide a “One-Stop Shop” solution for global leading brands. Our commitment is to maintain the high quality of service and related added-value services enable computing, communication, consumer electronics (3C) to enrich lives of the world population. In addition to ensuring our leadership in the EMS industry, we are also actively entering new product areas and expanding the business of spare parts, hoping to improve customer service and satisfaction through a more complete supply chain, and at the same time improve the company's profitability. In the future, the company will leverage ICT advantage and integration capability to enter the electric vehicle market. At the same time, in order to serve customers and create product differentiation, we are also enter the semiconductor industry to provide more diversified services and strive for more business opportunities. The Company will continue this pursuit and provide a diverse range of services, capture business opportunities and deepen our relationships with international brands.

In order to respond to the various economic and trade environment to provide customers with more complete services and strengthen the company's competitiveness, the company not only continues to expand investment but also strengthen our technology, production capacity, automation and other capabilities, in order to match ICT and electric vehicles to regional manufacturing trend. We are also deploying in Europe, America and Asia. In the future, the company will continue to establish relevant production bases, design centers and service centers around the world to meet the needs of customers for design, manufacture and global assembly and delivery.

(b) Long-term Business Development Plans

The Hon Hai Group is already the world's largest electronic manufacturing service company, with a market share of more than 40%. Therefore, the Company will continue to assist tier-one customers to develop new products and enter new markets, and maintain its leadership in the ICT field. The Company has formulated transformation and upgrade plans, beginning the long-term transformation from brawn-intensive to brain-intensive. The Company will take this opportunity to upgrade its level of industry, improve profits, and commit to the development of three main areas of electric vehicles, digital health, and robotics; and also emphasize the three main core technologies of AI, semiconductors, and next generation mobile communication technologies. The Company's development and implementation of the “3+3” new industry, technology fields have also are also an advanced deployment of technologies and products for 3-5 years in advance; among them, the Company has initiated the MIH Alliance in the field of electric vehicles, and will cooperate and strive with more than 1,500 member Companies at home and abroad to become the Android platform of the

electric vehicle industry.

The Company has also established five research institutes and one laboratory through the Hon Hai Research Institute to develop key technologies for the next three to seven years. Once the R&D results are mature, they will be transferred to the business department for commercial transfer, thereby continuously providing foresight technology and growth momentum.

B. Production and Sales Status

(1) Market Analysis

(a) Core Products (Services) and Sales (Supply) Areas

The Company's products are divided into four categories: Consumer Electronic Products (mainly smartphones, TVs, game consoles, etc.); Cloud Network Products (mainly servers, network communications and related products); Computing End-products (mainly computers, tablets, etc.); and Components and other product areas (mainly connectors, mechanical parts, services, etc.). Core sales areas cover three continents: Europe, America and Asia.

(b) Market Share

According to Bloomberg, the Company ranks first in 2022 Electronics Manufacturing Services (EMS), with market share of approximately 40%.

(c) Future Industry Supply & Demand and Growth

The Company's 4 main products are primarily used in industries such as communication devices (smartphones, internet-enabled devices), consumer electronics, computers, and related products, the industry developments for the respective product categories are as follows:

1. Consumer Electronic Products (mainly smartphones, TVs, game consoles, etc.);

Among them, mainly from the perspective of smart phones, the United States and Europe are already mature markets, and the growth of local phone shipments have slowed. The growth momentum of the smart phone market in the future will come from emerging regions, such as China. China has further increased the number of 5G smart phone users following the increase in 5G coverage. Chinese smart phone brands have gradually matured, and their market share has gradually increased.

In addition, India is also a fast-growing region. As the local smartphone adoption rate is still low; as local telecom companies continue to increase network coverage outside of Tier 1 and Tier 2 cities, the region will attract major smartphone manufacturers to actively invest. It is one of the main driving forces provide growth for global

smartphone shipments in the future.

Even with the many years of smartphone hardware developments behind us, the high-end products are still continuing to differentiate and innovate. Leading brands vie to increase added value for smartphones and attract additional income. Smart accessories have become a lynchpin for many brands, accessories such as bracelets, watches and external lenses. With the increasing demand for outsourcing of global smartphone brands; the gradual reduction in the smartphone form factor; increase of functionality, the internal components are more intricate than ever. Therefore, manufacturers with a proper vertical integration and manufacturing capacity can be paramount to helping clients reduce cost, increase competitiveness, with many more opportunities in the future.

2. Cloud Network Products (mainly servers, network communications and related products)

(1) Servers/storage devices

With the advent of cloud computing, an abundance of corporate information has shifted away from the confines of physical on-site storage, and embraced cloud computing services. Coupled with the needs of calculation on the cloud, server products have also begun to evolve. The main driver for this growth being the tendency for enterprise units to be replaced. The trend of ChatGPT has also driven the demand for AI servers significantly, and this field will have strong growth momentum.

(2) Switches and Routers

With 4G/5G becoming universal, Big Data centers and developments in IoT, brings about a increasing amounts of network traffic. Many countries have been actively expanding their 4G/5G and fiber networks and reinforcing related fundamental infrastructure. To ensure a seamless network traffic, lower response times from databases, cloud service providers have continued to invest in related infrastructure. Overall, this market is maintaining its healthy growth.

3. Computing End-products (mainly computers, tablets, etc.)

(1) Tablet PCs

According to IDC, tablets under 8” are susceptible to competition from large form-factor smartphones, will continue to decline; the future of Tablet products will focus on sizes above 8” or even 9”, with the increased screen real-estate and accompanying keyboard to satisfy the content-creation needs of consumers.

(2) Computer Products

Comparative to the smart devices industry, the Wintel camp of PC products have lacked buzz in the recent years. The upgrade of Windows operating system and Intel chips have struggled to captivate consumers to trade-up as it used to. IDC believes that in a mature market, the PC product is reduced to just needs of replacements. In developing regions, PC have also shown little or no growth, because of the increase in functionalities from smartphones and tablet computers filling up many of the functionalities the PC once used to offer. Despite this, the PC has an irreplaceable hold on the corporate market, especially in document processing, file editing, ease of content creation, are all features that are difficult to replace with smart devices.

The PC market have passed the growth stage, and the industry is slowly consolidating, with many smaller brands being merged or forced out. The ongoing competition between remaining brands are less fierce. Under this macro environment, big brands with more resources and vertical integration capabilities are likely to benefit.

4. Components and other product areas (mainly connectors, mechanical parts, services, etc.)

Components include mechanical parts, heat dissipation modules, optics, electronics, PCBs, and semiconductors. With the increasing demand for the products in the abovementioned three categories, the demand for components will rise. In the related components, the optical (touch module, camera module, dot-matrix projector module, etc.) and semiconductor (package and test, semiconductor equipment, chip design, testing and packaging etc.) will be important growth drivers for the Company going forwards.

(d) Competitive Niche

The company's competitive advantage lies in its complete global footprint, huge production capacity, vertical integration, speed of mass production, and partnership with customers. These are the reasons why we can maintain our leading position in the industry, and are also the most important value for our customers. In the EMS business, we have accumulated nearly 50 years of highly professional management capabilities in managing people, money, logistics, and technology, and it is even more difficult to imitate. Other competing niches are as follows:

1. Precision molding technology
2. Vertical integration and manufacturing capabilities of plastic molding, stamping, mold-flow, to mechanical components.
3. Creation of internal high speed network systems

4. Mechanical and barebones computer design capabilities
5. Heat transfer and noise treatment capabilities
6. SMT soft/hardware testing capabilities
7. PCBA rapid mass production capabilities
8. Photoelectric consolidation capabilities
9. Management Global supply chain management know-how

(e) Business Development Advantages, Disadvantages and Countermeasures

Advantages

1. The structure of the global industry is still undergoing adjustment, and the ability of vertical integration help us to get more outsourcing business opportunities.
2. The turnaround for 3C product life cycle continue to be squeezed, and the importance of timeliness continue to play a key factor, eCMMS is in a prime position to provide speed, quality, engineering services, flexibility and cost considerations, and can assist the Company's opportunities.
3. A complete ecosystem of overseas manufacturing, marketing bases to increase the flexibility and efficiency of global resource integration operations which is well managed and can cater to clients' needs.
4. Globally deployed manufacturing and points of sale, increasing the consolidation of global resources while providing flexibility.
5. Standardization, computerization, and automation, establish a cooperative operation system of industrial management, quality control, production management, and economic management.
6. Establishment of series of synergistic managerial systems of industry, quality, and operations.
7. A firm grasp key capabilities of mold development, and new product development.
8. The electric vehicle industry is growing rapidly, and will move towards division of labor and ICT in the future, with advantages in design, manufacturing, vertical integration, cost, and global layout.
9. The stable supply of mature semiconductors has become the key, and it has the advantages of vertical integration from design, fab, packaging plant, plant, equipment, and customers.

Disadvantages and Countermeasures

1. Slowly growth of the ICT industry

Countermeasure: Improve management capabilities, engage more key components, and develop new products to ensure the long-term development of the existing ICT field. At the same time, investing in new businesses such as electric vehicles and semiconductors in the form of light asset BOL, creating a future growth engine.

2. Fiercely competition in core business

Countermeasures: With continuously competition, we are also constantly stabilizing vertical integration, improving technical level, cost control and other production capabilities. And the company can increase our leading position in the face of industrial competitiveness.

3. Regional manufacturing pioneer

Countermeasures: Hon Hai has a diverse and wide range of product lines for many years, so it has carried out regional production in accordance with product characteristics and customer requirements. The company's business experience accumulated in more than 20 countries and more than 100 bases around the world will be able to expand rapidly and show management advantages.

4. Geopolitics and pandemic

Countermeasures: By flexibly adjust our capacity, supply chain management, inventory management, we shall be able to mitigate short term impact. In the mid to long term, we will leverage our R&D and capacity across major campuses to diversify the risk.

5. Inflation and raw material costs rising

Countermeasures: Inflation and raw material prices rising and have impact on assembly business and it will dilute the gross profit margin. We will still take customer demand and maximizing EPS as the top priority. High inflation may also affect the demand for low-end consumer products. The Company will continue to focus on high-end products to reduce the impact of inflation.

6. Other costs increasing

Countermeasures: In response to the challenges of rising manpower and various costs, we have established a collaborative operation system of industrial management, quality control, production management, and management through standardization, computerization, and automation. At the same time, the company leverage our global layout for flexible capacity allocation, which is reflected in the selling price in a timely manner to reduce the impact.

7. Environmental regulations and international trends

Countermeasure: Regarding the issue of global warming, the company has responded

to the 2050 net zero carbon emission target, introduced renewable energy, invested in scientific carbon emission reduction plans, and join net zero carbon emission action alliance, from energy saving, emission reduction, greening, We continuously put efforts in recycling, green energy, etc., echoing global environmental protection trends

(2) Core Products, Main Applications, and Manufacturing Process

The product segments of the Company Consumer Electronic Products, Cloud Network Products, Computing End-products, and Components and other product. These mainly are used in mobile communication, entertainment, computing, storage, network and other consumer or commercial fields. The company's production process is mainly based on EMS assembly products, and the design, component development, manufacturing and assembly, quality control testing, shipment and other processes are carried out in accordance with customer needs.

(3) Status of Core Material Suppliers

The Company's manufactured products such as connectors, foundations, and assembled products utilize materials such as copper, plastic pellets and auric salt, steel, and the status of suppliers are as below:

1. Copper

Have strategic alliances with several suppliers, to ensure the stability of copper supply.

2. Plastic Pellets

Develop connector-specific materials with domestic and international manufacturers to increase quality. Prices are negotiated annually, and leverages the Company's economy of scale for bulk purchases to ensure price competitiveness.

3. Auric Salt

Prices for auric salt are based on the international gold price, and calculated based on a formula. The supplier ships directly to the manufacturing plant to shorten turnaround for deliver, and lower transportation/storage related risks.

4. Steel

Required materials for computer foundation development with domestic and international manufacturers. The Company utilizes market price or annual price negotiations for steel, and leverages the Company's buying power to maintain favorable prices.

5. Other material requirements for assembly or memory modules, or materials required for IC board printing, capacitors, IC. Specific material needs can be acquired directly through the customer.

(4) Production and Sales Status

(a) Key Accounts in the Past Two Years

1. Key Vendors

Unit: NT\$ Million

Item	Vendor	2021			2022			
		Amount	Percentage of total Net Purchases (%)	Relationship with the issuer	Vendor	Amount	Percentage of total Net Purchases (%)	Relationship with the issuer

D. Information on Environmental Protection Costs

- (a) The loss caused by environmental pollution during the latest year and up to the printing date of this Annual Report:

None

- (b) Information on Environmental Protection Matters

1. The main workshops and production facilities of the Company are located in Tucheng Industrial Park or Hsinchu Science Park. The Company takes environmental protection as its priority, and carries out immediate correction once discovering any problem. It also makes inspection on the existing preventive facilities. Apart from creating a good working and living environment for its employees and the neighborhood, it strictly complies with the discharge standard. For the pollution and wastes generated in the production process, the Company takes the following steps to protect the environment:
 - i. Prevention of water pollution: set up wastewater treatment plants and water quality analysis laboratory in Tucheng factory. Chemical method is applied in wastewater treatment, in which pollutants are removed from wastewater and discharged through discharge outlets. The lab has various instruments to measure temperature, PH value, chemical oxygen demand and suspended solid and analyze heavy metal, so that daily inspection on discharging water can be made and water discharge can be well controlled. The Company's factories in Huyue, Minsheng and Hsinchu all received a letter on permit to connect wastewater (or sewage) to the sewer system, under the reference of TFZ No. 1065061681, 0955060439 and YLZ No. 1000004253, and TFZ No. 1035060107 respectively; and have acquired water pollution permit: New Tapei City SHZ No. 04774-01, 05854-00, 05855-00 for Taipei Tiger Leap (Huyao) Factory, Dingpu No.1 Factory, and Dingpu No.2 Factory respectively.

- ii. Prevention of stationary pollution source: waste gas is collected by extraction pipes, and released to the air after the pollutants are removed through the wet scrubber. Every year, the external testing organization is commissioned to detect the viscosity of pollutants in exhaust gas and reports the result to the competent authorities of environmental protection. The Company obtained the Operating Permit of Stationary Pollution Source in 1998 and extended it in June 2008. The permit No. is: BXCZD No. F0447-02. Currently, the total consumption of acid and alkali does not meet the control standards, and the Permit was returned to the authority per Letter No. 1012095840 from the Environmental Protection Bureau.
 - iii. Cleaning of wastes: Works are done in accordance with the Waste Cleaning Plan, and the disposal of waste is reported online in a legal way, and wastes are legally cleaned and recycled.
 - iv. Management on toxic chemicals: Toxic chemicals are stored separately and strictly controlled. Moreover, documents on use and inspection are obtained legally, and periodically reported to the component department of environmental protection.
 2. The Company has been adhering to the environmental policy of “pollution control and prevention, continuous waste reduction, providing environment-friendly products, protecting the earth, creating a green enterprise,” and strictly abiding by laws and regulations on environmental protection and clients’ requirements by means of effectively controlling raw materials, manufacturing process and delivery. Besides, it is dedicated to continuous improvement in order to better product quality, make sure the products free from restricted materials and promote the transformation of upstream suppliers to green supplying chain so as to comply with RoHS requirements.
 3. Current pollution status, the influence of improvement on the Company’s earnings, competitive position and capital expenditure, estimated major expenditure on environmental protection in the following two years:
 - i. Estimated expenditure on environmental protection in the next two years:

The Company expects that the main environmental protection expenditures and projects will include:

 - (i) Expenses for the replacement, renewal, and addition of polluting equipment
 - (ii) Operating expenses of pollution prevention equipment
 - (iii) Additional environmental monitoring expenses
 - (iv) Waste-related treatment expenses
 - ii. Influence after improvement: None

E. Labor Relations

Current important labor agreement and implementation:

The Company has been treating its employees with sincerity and established mutual trust with them through its welfare system and good training system that guarantee a fulfilling and stable life for them. Though there is no union in the Company, but the Company has established “Workers and Employers Meeting” and have established comprehensive employee communication channels, its employees can give full play to their team spirit, coordinate the Company’s decision, cooperate with each other to create a harmonious environment for working. The Company pursuant to the relevant labor laws and regulations, to protect the legitimate interests of employees, provides employees with safe and healthy working environment, and set up an employee feedback and complaints mechanism. And we disclose employee welfare measures, retirement system and implementation situation on the company's official website. The Company adopts the followings measures to build a harmonious labor relation:

(1) Welfare Measures for Employees:

Founded in July 1985, apart from members appointed by each Business Unit, the remaining members are proposed and elected by employees. The committee members are re-elected every three years, and there are dedicated members appointed to deal with the routine administrative works of the Committee. Meanwhile, the Company has established the Health Department, which has developed a series of welfare measures to employees and their families in terms of health improvement and health care.

At present, the welfare offerings by the Welfare Committee are as follows:

- (a)** Safe and healthy food service: establishment of staff canteen and food safety inspection center.
- (b)** Comprehensive employee health management
 - i. Health promotion: Topical lectures, weight loss activities and setting up blind masseuse service stations.
 - ii. Health care: In addition to annual health checkups and workplace influenza vaccination programs, COVID-19 at-home rapid test kits and home nucleic acid analyzers are being distributed during times of rapid outbreak of COVID-19, and work from home is being implemented and epidemic prevention kits are being dispatched to overseas stationed and traveling cadres. We provide care, health education, and assistance to employees who have contracted the pandemic and recover from the pandemic. We also organize weekly pandemic trends and disseminate new knowledge on pandemic prevention and health. Care assistance is also provided to employees with critical illnesses to reduce the risk of illness for employees.
 - iii. Health consultation: Establish a cross-function professional team including physicians, nurses, pharmacists, nutritionists, sports coaches, and physical therapists to provide integrated health management and health monitoring services, and provide

remote health consultations based on employee needs, and other medical consultations to cater for employees' health.

- iv. Health LOHAS: To maintain uninterrupted health promotion services during the pandemic, we have implemented four health management modules on a trial basis, including weight loss class, online fitness test, high cardiovascular risk management, and diabetes management. We also organized live online live broadcasts on the themes of strength and yoga Exercise courses to promote healthy habits.
- v. Cultural recreational activities: Construction of gym for employees and pairing professional trainers to provide fitness instruction.
- vi. Employee life service plan (EAPC): Covering eight aspects of consultations: career planning, parenting, interpersonal relations, relationship issues, emotional issues, legal issues, financial issues, health issues, for our employees.

(c) Multi-faceted employee welfare

- i. Employee group insurance.
- ii. Subsidies for employee club activities.
- iii. Subsidies for employee education and training.
- iv. Employee birthday gifts, seasonal gifts (cash gifts).
- v. Year-end activities and lucky draws.
- vi. Employee wedding cash gifts, and funeral condolence payments.
- vii. Birth encouragement (including spouses), in addition to birth and parenting allowances, also provide transportation subsidies for pregnant employees, pregnant courtesies and other health care measures.

(2) Employee Communication Channels

The Company actively builds a bridge of communication with employees, and listens to employees' voices through multiple two-way communication to ensure timely response and achieve labor-management harmony. Relevant communication channels are as follows:

- (a)** The Company's internal website/APP: announce the Company's major events and recent promotional content. Assist employees to quickly obtain company-related information.
- (b)** Labor-management meetings: labor-management meeting is held every quarter to coordinate labor-management relations, promote labor-management cooperation, and prevent various labor problems before they arise.
- (c)** Employee feedback and whistleblowing: According to different matters, the company's internal website and APP provide corresponding channels to allow employees to respond to work, environment and other related issues and suggestions and immediate response to ensure smooth feedback pipeline
- (d)** Seminars and satisfaction surveys: From time to time, employee seminars and various types of satisfaction surveys are conducted. Plans and improvements are implemented based on the opinions of employees.

(3) Career Development and Training for Employees

Education and training are basic employee welfares provided by the Company. The Company

encourages employees to “take on-the-job-training, and apply what they’ve learned to work”. The Company takes training as a means to improve employee quality and their work skills, promote the group performance, facilitate the realization of its operation target of “long term, stability, development, science and technology, internationality”. Based on this, the Company provided 406,739 hours of trainings with the training fees reaching up to NT\$8,405,133 in 2022. The main content of training includes:

(a) Orientation for new employees

New employees are guided to familiarize the corporate culture, organization development, reformation history and working environment.

(b) Management trainee program

The 6-month long Management trainee program includes three portions: Firstly, a team-based training to familiarize trainees with the Company and business groups and innovation and creative problem solving courses, to increase the trainees ‘soft-power’ and adaptability; secondly a practical production line training, for trainees to understand overseas manufacturing facilities and learn related know-how; lastly, departmental training, a mentorship program that allows trainees to learn on the job.

(c) Development of management skills

A tailored training program to meet different needs of different employees at different management levels according to their management needs. The training prepares trainees “organizational, people, and systemic” management skills.

(d) Hon Hai Foxconn University

Training program prepared by Hon Hai Foxconn University, to create a systemic management training and online learning platform. Taking a process-oriented, simplified, logical, standardized, systemic, and information-based approach to training programs.

(e) International lectures/seminars

The Company invites elites and successful entrepreneurs from different industries to lecture and engage in discussion. Lecturers come from fields such as but are not limited to industry trends and 3+3 new business, electric vehicles, digital health, robotics, artificial intelligence, semiconductors, new generation communication technology and related fields.

(f) Health and well-being lectures

The health management center regularly invites physical and mental health experts to hold appropriate courses during each season in order to help the colleagues to relax after work and to receive in-depth health promotion related knowledge. Courses include exercise, mental well-being, CPR, AED.

(4) Code of Conduct or Ethics

In order to enable all employees to have a better understanding of ethics, rights, obligations and the code of conduct, the Company hereby works out the relevant measures and regulations to provide a basis for all employees. The relevant measures are briefed as follows:

(a) Organizational Responsibility and Judgement of Authority

viii. Rules on decision-making authority and authority decentralization: to improve work

efficiency, strengthen the management on authority decentralization.

- ix. Organizational structure of departments and responsibility of each position: clearly regulate the organizational function of each unit and the scope of responsibility and authority of employees.

(b) Assist All Employees to Understand Relevant Measures and Regulations.

- i. Tutoring programs for new employees: to eliminate the new employees' insecurity towards the new environment and soon familiarize the corporate structure, work environment, culture, and colleagues after reporting for duty, and help them to get their mind and body ready for work and reduce new employee turnover rate.
- ii. Code of business ethics: to improve all employees' behavioral quality, business ethics and expertise and try to maximize the Company's benefit within the legal scope. Every employee has the responsibility to prevent the Company's interests from being lost or impaired and is obliged to maintain the Company's reputation so as to guarantee its sustainable growth and development.
- iii. Employment rules and regulations: defines clearly working conditions, human resources management principals, and lays out clear ground rules for being part of the Company.
- iv. Leave-related measures for employees: to provide basis for employees to take and ask for a leave.
- v. Reward and punishment system: Rewards or punishment are given to employees whose behavior or conduct has brought benefit or loss for the Company in operation.
- vi. Employee/profession promotion: Motivate talents to grow with the company and enhance personal accomplishment.
- vii. Performance assessment method for employees: employees' working achievements and performance are assessed as the basis for salary adjustment, promotion, issuance of bonus and arrangement for training courses.
- viii. Diversity and equality in the workplace: The Company does not discriminate against employees based on their gender, age, nationality, place of birth, ethnicity, language, disability, marriage, pregnancy, sexual orientation, religion, political party affiliation, or trade union membership. We have clearly defined the employee code of conduct, special chapter on human rights, and organized all employee trainings to enable employees to work in a respectful, inclusive, diverse and equal, and people-oriented environment. Given that the Company is in the electronics manufacturing industry, it has a high percentage of male employees, and therefore a relatively high percentage of male supervisors. The Company also regards the percentage of female employees as supervisors as an indicator of workplace diversity. In the re-election of the Board of Directors in 2022, there were 2 female directors, accounting for 22% of the total. This has enhanced the diversity of the Board members and the effectiveness of corporate governance.

Employee nationality category

Category	Percentage of total employees (%)	Percentage of management
Nationality of the Republic of China	99.4	99.6
Foreign nationality	0.6	0.4

Female Diversity Indicators

Indicator	Percentage (%)
Female % of total employees	23.2
Female % of all supervisors	14.1

Other diversification indicators

Category		Percentage (%)
Persons with disabilities		1
All employees	By age group: <30 years old	16
	By age group: 30-50 years old	68.6
	By age group: >50 years old	15.4
	Total	100

(5) Working Environment and Protective Measures for Employee's Personal Safety

- (a) Since 2019, the Company promoted the upgrade of occupational safety and health management system, and passed the certification of SGS Company and obtained the ISO45001 (received 2022/11/24, and valid through 2025/11/24), and CNS45001 certificates.
- (b) The Taiwan Conference on Epidemic Prevention, Production Safety and ESG was held to formulate the guidelines for epidemic prevention and production safety in Taiwan to create a healthy and safe work environment.
- (c) The Company hosts regular safety committee meetings engages in evaluation with employee Representatives to discuss the Company's safety and health policy, with aims to achieve the goal of zero injury, zero occupational disease and zero accident so as to create a best working environment for all employees.
- (d) Planning and promotion of plant safety and health related operations. In 2022, the New Taipei City Government awarded the "New Taipei City Works Safety Award Outstanding Unit Award" and the "New Taipei City Work Safety Award Individual Dedication and Contentment".
- (e) The Company has, according to the Implementation Rules for Public Institutions on Records of Labor-hour without Occupational Injury, taken part in the competition of non-occupational injury record. As of end-2022, the Company's Taipei Tiger Leap (Huyao) Factory has maintained 12,236,697 labor-hours without occupational injury; and Dingpu factory has 2,636,758 labor-hours without occupational injury.
- (f) Industrial safety: A Safety and Disaster Prevention Center is set up at the Tucheng

headquarters. Each plant can exchange safety messages instantly, provide immediate safety and disaster prevention information, and can establish dedicated response teams based on disasters such as typhoons or pandemics. Emphasis is placed on emergency response personnel training, thus strengthening the Hon Hai Group's safety and disaster prevention system.

- (g) Security and Fire Protection System Management: Managed the factory safety and security equipment, and constructed the industrial safety cloud and other modules to ensure that the software, hardware, and management mechanisms for the factories are in normal operation. Implemented infrared thermal imaging detections for the electric plates and other electrical equipment in the factory and established the infrared thermal imaging promotional team trainings. A total of 21 seed employees have completed test reports, identified and corrected the problems, and effectively reduced the fire risks in the factories.
- (h) Occupational health: Inventoried the physical and chemical hazards of the various units according to the annual safety and health management plan, completed the sampling strategy of the operating environment monitoring plan, and the monitoring results are in compliance with the legal requirements. Complete four main plans (workplace infringement, human-caused dangers, female health and protection, overworking) according to relevant regulation guidelines, to protect employees from being victim to occupational diseases and unlawful infringement.
- (i) In 2022, the Company performed a plant safety and health month in Taiwan, which include: positive energy, practical experience, emergency response, health and topical lectures. A accumulated number of 5,038 employees took part in the 13 sessions. Additionally, a total of 13 health and safety suggestions were acted upon, as a collaborative effort to improve workplace health and safety for employees.

(6) Retirement System

The Company has formulated the retirement and pension plans for employees according to the Labor Standards Act and the Labor Pension Act, including:

- (a) Qualification for Labor Standards Act (old system): defined benefit pension plan is adopted.
 - i. Retirement application: a worker may apply for voluntary retirement under any of the following conditions: where the worker attains the age of fifty-five and has worked for fifteen years; where the worker has worked for more than twenty-five years; where the worker attains the age of sixty and has worked for ten years.
 - ii. Pension payment: the retirement pension base shall be one month's average wage of the worker at the time when his or her retirement is approved. Two bases are given for each full year of service. Those having served over 15 years are given one base for each full year of service and the total number of bases shall be no more than 45. Length of services is calculated as half year when it is less than six months and as one year when it is more than six months. As set forth in Article 54 of the Labor Standards Act, an additional 20% on top of the amount calculated according to the preceding shall be given to workers forced to retire due to conditions incurred from the

execution of their duties.

- iii. Employee retirement reserve allocation: The Company shall set aside 2% of the total employee monthly salary amount and deposit them into the employee retirement reserve account pursuant to the applicable retirement system provided by the Labor Standards Act; and ensure that this amount cannot be used as a subject of transfer, seizure, offset, or collateral. Before the end of each year, the employee retirement reserve account balance shall be calculated. If the balance is insufficient to pay employees with conditions specified in Article 53 or Subparagraph 1, Paragraph 1 of Article 54 of the Labor Standard Act for the next year, the Company shall make up the differences before the end of March next year.
 - iv. The supervision of pension funds: Since January 1987, the Company legally established the Supervisory Committee of Workers' Retirement Fund, which is re-elected every three years and in charge of checking the amount, deposit and withdrawal as well as payment of retirement fund so as to ensure employees' rights.
- (b) Qualification for the Labor Pension Act (new system): defined contribution pension plan is adopted.
- i. The Company grants 6% per month: according to the Monthly Appropriation Scale of the Labor Pension issued by the Bureau of Labor, the Company appropriate 6% of the worker's monthly wage to his/her personal pension fund account.
 - ii. Voluntary employee pension contribution: workers may also voluntarily contribute within 6% of their wage to the labor pension.

(7) Other Important Agreements

None

(8) Loss suffered from labor disputes in the latest year and up to the printing date of this Annual Report:

None

F. Information Security Management

- (I) Information security risk management framework, information security policy, management plan and resources invested in information security management, etc.:

1. Information Security Risk Management Framework

(1) Information Security Governance Committee

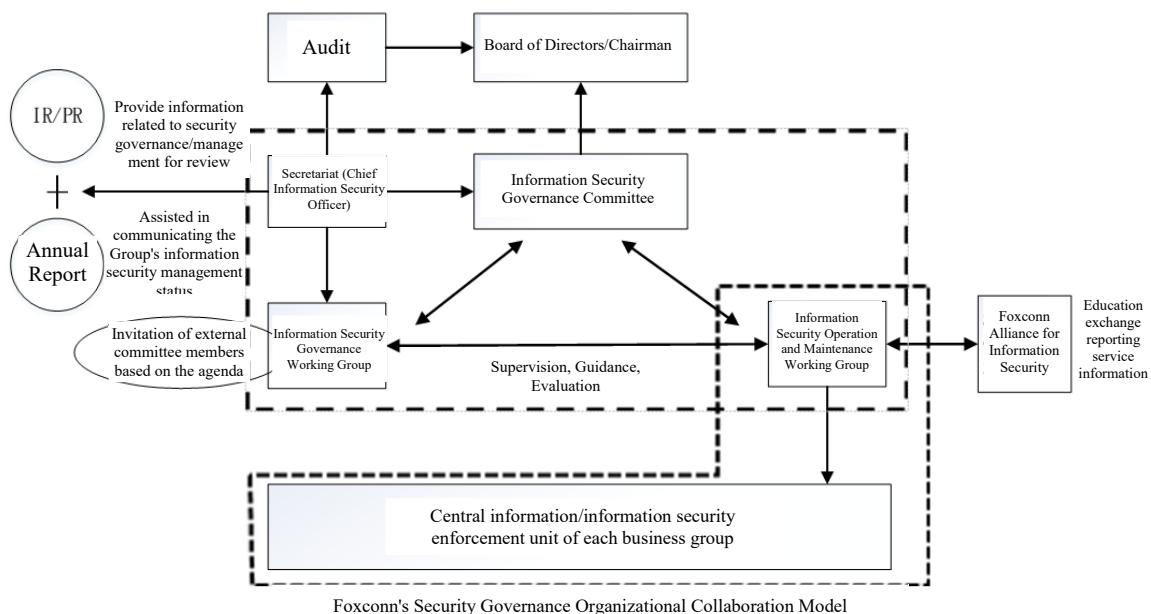

In February 8, 2022, the Information Security Governance Committee (hereinafter referred to as the Committee) is established under the board of directors of the company. The chairman of the committee is the chairman of the committee. The top executives such as finance, legal affairs, auditing, etc., shall attend relevant projects. The committee will designate the person in charge of each information security project, provide the necessary support for project implementation, review the results of the information security project; and regularly report information security governance issues, directions and information security governance results to the

board of directors. To better assist the committee in grasping information security threats, evaluating and verifying emerging information security technologies, the Office of Secretariate is setup and represented by Hon Hai Research Institute as the appointee. Responsibilities is as follows:

- Information Security Governance Working Group: plan information security governance strategies and guidelines, information security policies and related procedures, and ensure compliance with laws and regulations.
- Information Security Maintenance and Operations Working Group: implement the construction and maintenance of information security structure and equipment, and work on information security protection, risk assessment, etc. to ensure the effectiveness of information security implementation.

On November 10, 2022, the Board of Directors approved that Li, Wei-Pin, CEO of Hon Hai Research Institute, should be the Chief Information Security Officer. Information Security Research Institute is the specialized information security unit, which accumulates information security research and development technology for the Group, supervises the Group's information security, and establishes the best practices of the Group's information security. In addition, we will help focus on the international trend of integration of information security governance, risk, and compliance, in order to lead Hon Hai to establish the best example of information security in the global high-tech industry.

(2) Information Security Governance Organizational Chart

(3) Information Security Risk Management

Risk assessment criteria have been established for information security risks. From the organizational level, key information assets and core systems are managed and controlled according to the impact level and occurrence probability of risks such as

value, weakness, and threat; on the technical level, system and software architecture, weakness scanning and review, setting and operation and maintenance management to conduct information security technical reviews. Through this process of risk management and continuous improvement, strive for the reduction of enterprise information security threats, and achieve confidential information protection that conforms to legal norms, customer needs, and enterprise operations.

The Company is in the process of purchasing information security insurance, in order to better protect for information security risks and mitigate losses; relevant policies have been formulated for contingency measures for various major information security incidents to provide employees with a basis for handling information security incidents. Regarding the crisis awareness of information security risks, the Company regularly conducts information security risk inspections to implement the effectiveness of information security management measures.

2. Information Security Policy

(1) Information Security Management

To effectively implement information security management, the organization holds monthly meetings to review information security work based on the Plan-Do-Check-Act (PDCA) management cycle. The Company has implemented an Information Security Management System (ISMS) with ISO/IEC 27001 as its information security management framework, and has continued to obtain ISO/IEC 27001 international information security management system certification.

The Company undertakes digital transformation to continuously strengthen information security protection, establishing information security objectives and strategies, network segmentation principles and standards, systematic monitoring of information security, information security using cloud services, authentication and privilege management, etc. and regularly simulate information security attacks, penetration testing and other drills to maintain the confidentiality, integrity and availability of the Company's assets.

(2) Information Security Management Framework

Management frameworks from organizational control, personnel control, entity control, and technology control are set with relevant policies and procedures. The Company conducts regular review and implements information security measures, education, training, and promotion based on performance indicators, risk management, and information audit results, to ensure the safety of Company's confidential information.

3. Management Plan

Introduce information security management solutions based on the multi-defense information security strategy:

(1) Cyber Security

- Implement network segmentation principles and standards to prevent the spread of computer viruses and malicious attacks across factories. Designing the simulated attack to rehearse the scope and technique of attacking, and the management mechanism of the Red, Blue, and Purple teams.
- Continue to strengthen the intelligence system, next-generation firewall, application system firewall, intrusion detection system, DDoS defense, network detection and response system, online behavior monitoring, etc., and implement abnormal reporting and processing.

(2) End-Point Security

- Update patches for operating systems of end points such as external equipment and mobile devices, and install anti-virus software to scan.
- Establish endpoint detection and response mechanisms for critical computers and core systems to strengthen monitoring of malware behaviors.

(3) Application Security

- Continue to strengthen the application security control mechanism and open source software management mechanism and integrate them into the development process and platform.
- Establish a group single sign-on platform (SSO), and important application systems require multi-factor authentication (MFA).

(4) Data Security and Protection

- Using data labels according to the confidentiality level to encrypt data and properly control with audit trail which can be effectively tracked through the platform.
- Email anti-virus and anti-spam control; flexible policy adjustment according to external malicious e-mail.

(5) Information Security Notification and Awareness Enhancement

- Strengthen the monitoring of internal and external threat intelligence and software weaknesses of the group, and immediately report and handle information security.
- Conduct training and promotion regularly to enhance employees' awareness of information security.

- Enhance employees' vigilance against email social engineering attacks and phishing websites.

4. Invest in the Safety Control of Cyber Security Management

The Company continues to invest resources in information security-related fields, and has formed a dedicated information security teams and personnel from central and business units. The execution of information security measures promotion are as follows:

- More than 429 information security conferences attended by the executive and management level throughout the year.
- 248 risk assessments and information security technical audits were completed for core system.
- 8 units including the core and business units completed the annual information security audit and information security maturity assessment.
- 244 information security management specifications were added and revised.
- We have joined TWCERT/CC Taiwan Information Security Alliance and Taiwan Information Security Executives Alliance.
- The Hon Hai Research Institute and National Taiwan University of Science and Technology have jointly organized special trainings for the Group's IT talents transferred to IT security. In 2022, 20 people have been trained and will continue to provide them in the future to meet the Group's talent needs.

- (II) If, in the latest publication of the annual report, any losses, possible impacts and countermeasures caused by major information security incidents cannot be reasonably estimated, the facts that cannot be reasonably estimated shall be stated:

The Company has not experienced any major cyber attack incidents that impacted the Company's operations in 2022.

G. Significant Contracts

Nature of Contract	The Other Party	Contract Dates	Content	Restrictions
Sales Contract	Apple Computer, Inc.	1999/12/07 onwards until one party decides to terminate based on terms listed in the contract	Sale of products	Reserves right to adjust delivery dates and order
Sales Contract	Cisco Systems Inc.	From 2019/1/1 onwards, annually, automatically renews for 1 year upon expiry if both parties do not express willingness to terminate	Sale of products	Reserves right to adjust delivery dates and order
Sales Contract	Dell Products L.P.	1999/12/01 to 2000/11/30, automatically renews for 1 year upon expiry perpetually if both parties do not express willingness to terminate	Sale of products	Reserves right to adjust delivery dates and order
Sales Contract	Hewlett-Packard Company	2003/05/07 to 2008/05/06, automatically renews for 2 year upon expiry perpetually if both parties do not express willingness to terminate	Sale of products	Reserves right to adjust delivery dates and order
Sales Contract	International Business Machines Corporation	2008/07/07 onwards until one party decides to terminate based on terms listed in the contract	Sale of products	Reserves right to adjust delivery dates and order
Sales Contract	Lenovo (Singapore) Pte. Ltd.	2003/11/04 onwards until one party decides to terminate based on terms listed in the contract	Sale of products	Reserves right to adjust delivery dates and order
Sales Contract	Microsoft Corporation	2009/10/27 onwards for 5 years, contract renewal for 1 year will be initiated by Microsoft 120 days before expiry; Contract amended on 2017 to renewed upon expiry until one party decides to terminate based on terms listed in the contract	Sale of products	Reserves right to adjust delivery dates and order
Patent authorization contract	MPEG LA	2009/12/28 onwards until the patent expires	Technical authorization	Non-exclusive authorization, prohibited from transferring authorization
Patent authorization contract	Qualcomm Incorporated	2005/10/18 onwards until one party decides to terminate based on terms listed in the contract	Technical authorization	Non-exclusive authorization, prohibited from transferring authorization
Sales Contract	Sony Corporation	2010/01/26 onwards, effective for 1 year, renews automatically for 1 year upon expiry	Sale of products	Reserves right to adjust delivery dates and order
Sales Contract	Vizio Inc.	2014/01/01 onwards, effective for 1 year, 90 days before expiry renews for 1 year upon expiry perpetually if both parties do not express willingness to terminate	Sale of products	Reserves right to adjust delivery dates and order

VI. Financial Standing

A. Most Recent 5-Year Concise Financial Information

(1) Concise Balance Sheet and Statement of Comprehensive Income

1. Concise Consolidated Balance Sheet

	Cash flow adequacy ratio (%)	130.33%	61.93%	41.60%	(38.25%)	37.18%
	Cash reinvestment ratio (%)	1.39%	(10.63%)	7.37%	(17.21%)	10.83%
Leverage	Operating leverage	1.46	3.02	1.35	1.46	1.52
	Financial leverage	1.11	1.43	1.07	1.06	1.10

Note: Please refer to the details (1-6) below for the formulas of items analyzed

Formula:

- (1) Financial Ratio
 1. Total liabilities to Total assets = Total liabilities / Total assets
 2. Long-term debts to fixed assets = (Net equity + Long-term debts) / Net fixed assets
- (2) Ability to Pay off Debt
 1. Current ratio = Current Assets / Current liability
 2. Quick ratio = (Current assets - Inventory - Prepaid expenses) / Current liability
 3. Interest protection = Net income before income tax and interest expense / Interest expense
- (3) Ability to Operate
 1. Account receivable (including account receivable and notes receivable from operation) turnover = Net sales / the Average of account receivable (including account receivable and notes receivable from operation) balance
 2. A/R turnover day = 365 / account receivable turnover
 3. Inventory turnover = Cost of Goods Sold / the average of inventory
 4. Account payable (including account payable and notes payable from operation) turnover = Cost of goods sold / the average of account payable (including account payable and notes payable from operation) balance
 5. Inventory turnover day = 365 / Inventory turnover
 6. Fixed assets turnover = Net sales / Net Fixed Assets
 7. Total assets turnover = Net sales / Total assets
- (4) Earning Ability
 1. Return on assets = [PAT + Interest expense × (1 - interest rate)] / the average of total assets
 2. Return on equity = PAT / the average of net equity
 3. Net income ratio = PAT / Net sales
 4. EPS = (PAT - Dividend from prefer stock) / weighted average outstanding shares
- (5) Cash Flow
 1. Cash flow ratio = Cash flow from operating activities / Current liability
 2. Cash flow adequacy ratio = Most recent 5-year Cash flow from operating activities / Most recent 5-year (Capital expenditure + the increase of inventory + cash dividend)
 3. Cash investment ratio = (Cash flow from operating activities - cash dividend) / (Gross fixed assets + long-term investment + other assets + working capital)
- (6) Leverage
 1. Operating leverage = (Net revenue - variable cost of goods sold and operating expense) / operating income
 2. Financial leverage = Operating income / (Operating income - interest expenses)

C. Audit Committee's Review Report

The Board of Directors has prepared the Company's Financial Statements, 2022 Business Report and proposal for distribution of 2022 earnings. Of which, the Financial Statements have been audited by PricewaterhouseCoopers Taiwan. The Financial Statements, 2022 Business Report and proposal for distribution of 2022 earnings have been audited by us as Audit Committee of the Company. We deem no inappropriateness on these documents. Pursuant to Article 14-4 of the Securities and Exchange Act and Article 219 of the Company Act, we hereby submit this report. Please review.

Hon Hai Precision Industry Co., Ltd.

Chairman of the Audit Committee: Hwang, Tsing- yuan

On the date of March 15, 2023

**D. 2022 Consolidated Financial Statements with Subsidiaries Audited by
CPA**

**HON HAI PRECISION INDUSTRY CO., LTD.
AND SUBSIDIARIES
CONSOLIDATED FINANCIAL STATEMENTS AND
INDEPENDENT AUDITORS' REPORT
DECEMBER 31, 2022 AND 2021**

For the convenience of readers and for information purpose only, the auditors' report and the accompanying financial statements have been translated into English from the original Chinese version prepared and used in the Republic of China. In the event of any discrepancy between the English version and the original Chinese version or any differences in the interpretation of the two versions, the Chinese-language auditors' report and financial statements shall prevail.

INDEPENDENT AUDITORS' REPORT TRANSLATED FROM CHINESE

To the Board of Directors and Shareholders of Hon Hai Precision Industry Co., Ltd.

Opinion

We have audited the accompanying consolidated balance sheets of Hon Hai Precision Industry Co., Ltd. and its subsidiaries (the "Group") as of December 31, 2022 and 2021, and the related consolidated statements of comprehensive income, of changes in equity and of cash flows for the years then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, based on our audits and the reports of other independent auditors, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Group as of December 31, 2022 and 2021, and its consolidated financial performance and its consolidated cash flows for the years then ended in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and the International Financial Reporting Standards, International Accounting Standards, IFRIC Interpretations, and SIC Interpretations that came into effect as endorsed by the Financial Supervisory Commission.

Basis for opinion

We conducted our audits in accordance with the Regulations Governing Auditing and Attestation of Financial Statements by Certified Public Accountants and Standards on Auditing of the Republic of China. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Norm of Professional Ethics for Certified Public Accountant of the Republic of China, and we have fulfilled our other ethical responsibilities in accordance with these requirements. Based on our audits and the reports of other independent auditors, we believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Group's 2022 consolidated financial statements. These matters were addressed in the context of our audit of the consolidated financial statements as a whole and, in forming our opinion thereon, we do not provide a separate opinion on these matters.

Key audit matters for the Group's 2022 consolidated financial statements are stated as follows:

Cut-off of hub sales revenue

Description

Refer to Note 4(35) for accounting policies on revenue recognition.

The Group recognises revenue upon acceptance of the goods by the customers (when control of the products is transferred) if picked up from hub. For pick-ups from hub, the Group recognises sales revenue based on movements of inventories contained in the statements or other information provided by the hub custodians. As the hubs are located around the world with numerous custodians, the frequency and contents of statements provided by custodians vary, and the process of revenue recognition involves numerous manual procedures, these factors may potentially result in inaccurate timing of sales revenue recognition and the discrepancy in inventory quantities between the physical inventory and accounting records.

As there are numerous daily sales revenue transactions from hubs and the transaction amounts prior to and after the balance sheet date are significant to the financial statements, we identified the cut-off of hub sales revenue as a key audit matter.

How our audit addressed the matter

We performed the following audit procedures in respect of the above key audit matter:

- A. Assessed and tested the appropriateness of internal controls over the cut-off of hub sales revenue for a specific period prior to and after the balance sheet date, including agreeing to respective supporting documents provided by hub custodians, and validated the proper timing of recognising movements of inventories and respective transfer of cost of goods sold.
- B. Confirmed or conducted physical count of inventory quantities held at hubs and agreed to accounting records.

Allowance for inventory valuation losses

Description

Refer to Note 4(14) for accounting policies on inventory valuation, Note 5(2)3 for uncertainty of accounting estimates and assumptions in relation to inventory valuation losses, and Note 6(8) for details of inventories. As of December 31, 2022, the Group's inventories and allowance for inventory valuation losses amounted to NT\$965,500,199 thousand and NT\$26,478,147 thousand, respectively.

The Group is primarily engaged in manufacturing and sales of 3C electronic products. Due to rapid technological innovations, short lifespan of electronic products and fluctuations in market prices, there

is a higher risk of inventory losses arising from market value decline or obsolescence. The Group recognises inventories at the lower of cost and net realisable value, and the net realisable value is estimated based on historical experience. An allowance for inventory valuation losses is provided for those inventories aged over a certain period and those individually identified as obsolete or damaged.

As the amounts of inventories are material, the types of inventories vary, and the estimation of net realisable value for individually obsolete or damaged inventories is subject to management's judgment, we considered the allowance for inventory valuation losses a key audit matter.

How our audit addressed the matter

We performed the following audit procedures in relation to the provision for inventory valuation losses for individually obsolete or damaged inventories:

- A. Ensured consistent application of accounting policies in relation to allowance for inventory valuation losses and assessed the reasonableness of these policies.
- B. Validated the appropriateness of system logic of inventory aging report utilised by management to ensure proper classification of inventories aged over a certain period.
- C. Evaluated the reasonableness of inventories individually identified as obsolete or damaged by checking the related supporting documents and comparing with the information obtained from physical inventory count.
- D. Discussed with management the net realisable value of inventories aged over a certain period and individually identified as obsolete or damaged, validated respective supporting documents and reperformed the calculation.

Impairment assessment on goodwill arising from the acquisition of Belkin International Inc. (“Belkin”) and its subsidiaries

Description

Refer to Note 4(20) for accounting policy on impairment assessment of non-financial assets, Note 5(2)2 for critical accounting estimates and assumptions in relation to impairment assessment of goodwill, and Note 6(14) for details of impairment loss.

As of December 31, 2022, the Group had goodwill arising from the acquisition of Belkin and its subsidiaries amounting to NT\$11,684,205 thousand.

Impairment assessment is performed based on the value in use calculation using the discounted cash flow model to determine the recoverable amounts of the cash-generating unit (“CGU”). As the key assumptions, including expected growth rate and discount rate, used in the calculation of expected future cash flows involve significant judgment and estimation uncertainty and have a significant impact in

assessing goodwill impairment, we considered the impairment assessment on goodwill arising from the acquisition of Belkin and its subsidiaries a key audit matter.

How our audit addressed the matter

We performed the following audit procedures in respect of the above key audit matter:

- A. Obtained an understanding of, and validated the key control procedures performed by management, including review and approval of financial budgets and assumptions.
- B. Assessed the appropriateness of the valuation methodology used in determining the recoverable amount.
- C. Involved valuation specialists to assess the reasonableness of the key assumptions, including expected growth rate, expected gross margin and discount rate, used as follows:
 - (a) Evaluated the assumptions used, mainly expected growth rate and expected gross margin used in the impairment assessment by comparing them to historical results, economic and industry forecast;
 - (b) Benchmarked the discount rate range which is used in determining the recoverable amount against certain market data and industry research; and
 - (c) Performed sensitivity analysis over key assumptions used in the model to evaluate the potential impact on the recoverable amounts.

Other matter – Reference to audits of other independent auditors

We did not audit the financial statements of certain consolidated subsidiaries. Those financial statements were audited by other independent auditors, whose reports thereon have been furnished to us, and our opinion expressed herein, insofar as it relates to the amounts included in the consolidated financial statements relative to these consolidated subsidiaries was based solely on the reports of other independent auditors. Total assets of these consolidated subsidiaries amounted to NT\$150,659,032 thousand and NT\$145,992,392 thousand, constituting 3.64% and 3.73% of the consolidated total assets as of December 31, 2022 and 2021, respectively, and total operating revenues amounted to NT\$228,515,755 thousand and NT\$202,530,777 thousand, constituting 3.45% and 3.38% of the consolidated total operating revenues for the years then ended, respectively.

Other matter – Parent company only financial reports

We have audited and expressed an unqualified opinion on the parent company only financial statements of Hon Hai Precision Industry Co., Ltd. as at and for the years ended December 31, 2022 and 2021.

Responsibilities of management and those charged with governance for the consolidated financial statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and the International Financial Reporting Standards, International Accounting Standards, IFRIC Interpretations, and SIC Interpretations that came into effect as endorsed by the Financial Supervisory Commission, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance, including the Audit Committee, are responsible for overseeing the Group's financial reporting process.

Auditor's responsibilities for the audit of the consolidated financial statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with the Standards on Auditing of the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with the Standards on Auditing of the Republic of China, we exercise professional judgment and professional skepticism throughout the audit. We also:

- A. Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls.

- B. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal controls.
- C. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- D. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- E. Evaluate the overall presentation, structure, and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- F. Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision, and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of

doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Hsu, Yung-Chien Hsu, Sheng-Chung
for and on behalf of PricewaterhouseCoopers, Taiwan

HON HAI PRECISION INDUSTRY CO., LTD. AND SUBSIDIARIES
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2022 AND 2021
(EXPRESSED IN THOUSANDS OF NEW TAIWAN DOLLARS,
EXCEPT AS OTHERWISE INDICATED)

1. HISTORY AND ORGANISATION

Hon Hai Precision Industry Co., Ltd. (the “Company”) was incorporated as a company limited by shares under the provisions of the Company Act of the Republic of China (R.O.C.). The Company and its subsidiaries (collectively referred herein as the “Group”) are primarily engaged in the manufacture, sales and service of connectors, case, thermal module, wired/wireless communication products, optical products, power supply modules, and assemblies for use in the IT, communications, automotive equipment, precision molding, automobile, and consumer electronics industries.

2. THE DATE OF AUTHORISATION FOR ISSUANCE OF THE CONSOLIDATED FINANCIAL STATEMENTS AND PROCEDURES FOR AUTHORISATION

These consolidated financial statements were authorised for issuance by the Board of Directors on March 15, 2023.

3. APPLICATION OF NEW STANDARDS, AMENDMENTS AND INTERPRETATIONS

(1) Effect of the adoption of new issuances of or amendments to International Financial Reporting Standards (“IFRS”) that came into effect as endorsed by the Financial Supervisory Commission (“FSC”)

New standards, interpretations and amendments endorsed by the FSC and became effective from 2022 are as follows:

<u>New Standards, Interpretations and Amendments</u>	<u>Effective date by International Accounting Standards Board</u>
Amendments to IFRS 3, ‘Reference to the conceptual framework’	January 1, 2022
Amendments to IAS 16, ‘Property, plant and equipment: proceeds before intended use’	January 1, 2022
Amendments to IAS 37, ‘Onerous contracts—cost of fulfilling a contract’	January 1, 2022
Annual improvements to IFRS Standards 2018–2020	January 1, 2022

The above standards and interpretations have no significant impact to the Group’s financial condition and financial performance based on the Group’s assessment.

(2) Effect of new issuances of or amendments to IFRSs as endorsed by the FSC but not yet adopted by the Group

New standards, interpretations and amendments endorsed by the FSC effective from 2023 are as follows:

<u>New Standards, Interpretations and Amendments</u>	Effective date by International Accounting Standards Board
Amendments to IAS 1, ‘Disclosure of accounting policies’	January 1, 2023
Amendments to IAS 8, ‘Definition of accounting estimates’	January 1, 2023
Amendments to IAS 12, ‘Deferred tax related to assets and liabilities arising from a single transaction’	January 1, 2023

The above standards and interpretations have no significant impact to the Group’s financial condition and financial performance based on the Group’s assessment.

(3) IFRSs issued by IASB but not yet endorsed by the FSC

New standards, interpretations and amendments issued by IASB but not yet included in the IFRSs as endorsed by the FSC are as follows:

<u>New Standards, Interpretations and Amendments</u>	Effective date by International Accounting Standards Board
Amendments to IFRS 10 and IAS 28, ‘Sale or contribution of assets between an investor and its associate or joint venture’	To be determined by International Accounting Standards Board
Amendments to IFRS 16, ‘Lease liability in a sale and leaseback’	January 1, 2024
IFRS 17, ‘Insurance contracts’	January 1, 2023
Amendments to IFRS 17, ‘Insurance contracts’	January 1, 2023
Amendment to IFRS 17, ‘Initial application of IFRS 17 and IFRS 9 – comparative information’	January 1, 2023
Amendments to IAS 1, ‘Classification of liabilities as current or non-current’	January 1, 2024
Amendments to IAS 1, ‘Non-current liabilities with covenants’	January 1, 2024

The above standards and interpretations have no significant impact to the Group’s financial condition and financial performance based on the Group’s assessment.

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Unless otherwise stated, the principal accounting policies applied in the preparation of these consolidated financial statements set out below have been consistently applied to all the periods presented.

(1) Compliance statement

The consolidated financial statements of the Group have been prepared in accordance with the “Regulations Governing the Preparation of Financial Reports by Securities Issuers”, International Financial Reporting Standards, International Accounting Standards, IFRIC Interpretations, and SIC Interpretations that came into effect as endorsed by the FSC (collectively referred herein as the “IFRSs”).

(2) Basis of preparation

A. Except for the following items, these consolidated financial statements have been prepared under

the historical cost convention:

- (a) Financial assets and financial liabilities (including derivative instruments) at fair value through profit or loss.
 - (b) Financial assets at fair value through other comprehensive income.
 - (c) Defined benefit liabilities recognised based on the net amount of pension fund assets less present value of defined benefit obligation.
- B. The preparation of financial statements in conformity with IFRSs requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Group's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the consolidated financial statements are disclosed in Note 5.

(3) Basis of consolidation

- A. Basis for preparation of consolidated financial statements:
- (a) All subsidiaries are included in the Group's consolidated financial statements. Subsidiaries are all entities (including structured entities) controlled by the Group. The Group controls an entity when the Group is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Consolidation of subsidiaries begins from the date the Group obtains control of the subsidiaries and ceases when the Group loses control of the subsidiaries.
 - (b) Inter-company transactions, balances and unrealised gains or losses on transactions between companies within the Group are eliminated. Accounting policies of subsidiaries have been adjusted where necessary to ensure consistency with the policies adopted by the Group.
 - (c) Profit or loss and each component of other comprehensive income are attributed to the owners of the parent and to the non-controlling interests. Total comprehensive income is attributed to the owners of the parent and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.
 - (d) Changes in a parent's ownership interest in a subsidiary that do not result in the parent losing control of the subsidiary (transactions with non-controlling interests) are accounted for as equity transactions, i.e. transactions with owners in their capacity as owners. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received is recognised directly in equity.
 - (e) When the Group loses control of a subsidiary, the Group remeasures any investment retained in the former subsidiary at its fair value. That fair value is regarded as the fair value on initial recognition of a financial asset or the cost on initial recognition of the associate or joint venture. Any difference between fair value and carrying amount is recognised in profit or loss. All amounts previously recognised in other comprehensive income in relation to the subsidiary should be reclassified from equity to profit or loss or transferred to another category of equity as specified by applicable IFRSs.

B. Subsidiaries included in the consolidated financial statements:

SiC power components 3. MEMS (Microelectromechanical Systems) products and manufacturing of SENSOR products and their corresponding ASIC analogue circuit	100	100	

- (a) Linksys Holdings, Inc. (“Linksys”), a 67%-owned subsidiary of the Group’s subsidiary, Foxconn Interconnect Technology Limited (“FIT”), entered into a share purchase agreement with Fortinet Inc. (“Fortinet”) which is a listed company in U.S. NASDAQ as approved by the Board of Directors of FIT in August 2021. Fortinet subscribed new preference shares of Linksys for a consideration of USD 85 million and acquired additional 18% equity interest in Linksys. All conditions precedent in the share purchase agreement were satisfied and the closing took place on September 25, 2021. As of September 25, 2021, the Group’s shareholding ratio in Linksys decreased to 49% while Fortinet held a 51% equity interest in Linksys. As a result, the Group lost control over Linksys and was not anymore included in the consolidated financial statements.
- (b) Jusda Supply Chain Management International Co., Ltd., a subsidiary of the Group, acquired a 100% equity interest in Guangxi Yuchai Logistics Co., Ltd. and its subsidiaries for a consideration of RMB 1 billion in July 2021. The acquirees have been included in the consolidated financial statements since the acquisition date.
- (c) Foxconn Interconnect Technology Limited, a subsidiary of the Group, issued 175,787 thousand new shares to acquire a 100% equity interest in Sound Legend Limited and its subsidiaries in October 2021. The acquirees have been included in the consolidated financial statements since the acquisition date.
- (d) FIH Mobile Limited, a subsidiary of the Group, and Mobile Drive Netherlands B.V. (“Mobile Drive”), a wholly-owned subsidiary of FIH Mobile Limited, entered into a joint venture agreement with Stellantis N.V. (“Stellantis”), a listed company in NYSE, in August 2021, whereby Stellantis acquired a 50% equity interest in Mobile Drive for a consideration of USD 40 million, and FIH Mobile Limited and its subsidiaries transferred part of its assets and liabilities to Mobile Drive for the remaining 50% equity interest. The closing of the joint

venture agreement took place in the fourth quarter of 2021 and accordingly, the Group lost control over Mobile Drive and was not anymore included in the consolidated financial statements.

- (e) In January 2022, the Group's subsidiary, Fulian Yuzhan Precision Technology Co., Ltd., acquired 63% equity interest in Shenzhen Hengdrive Electric Co., Ltd. at a price of RMB 378,000 thousand. Shenzhen Hengdrive Electric Co., Ltd. was included in the consolidated financial statements starting from the acquisition date.
- (f) In January 2022, the Group disposed a 100% equity interest in the subsidiary, Foshan Pulida Technology Co., Ltd., at a price of RMB 381,893 thousand and recognised total gain on disposal in the amount of RMB 276,029 thousand. Foshan Pulida Technology Co., Ltd. was not anymore included consolidated financial statements starting from the date of disposal.
- (g) In May 2022, the Company's subsidiary, Bon Shin International Investment Co., Ltd., participated in the cash capital increase of the investee, XSEMI Corporation, whose 49% equity interest was formerly held by Bon Shin International Investment Co., Ltd. through acquiring new shares of XSEMI Corporation at price of \$1,599,000. Bon Shin International Investment Co., Ltd. has acquired 51% equity interest in XSEMI Corporation and accordingly, the subsidiary was included in the consolidated financial statements starting from the date control was obtained.
- (h) The Group subscribed the equity interest in Asia Pacific Telecom Co., Ltd. (Asia Pacific) in 2019 and included Asia Pacific as a subsidiary as the Group had acquired the majority voting rights in the shareholders' meeting of Asia Pacific and directed the relevant activities of Asia Pacific.

C. Subsidiaries not included in the consolidated financial statements: None.

D. Adjustments for subsidiaries with different balance sheet dates: None.

E. Significant restrictions: None.

F. Subsidiaries that have non-controlling interests that are material to the Group:

The information on non-controlling interest and respective subsidiaries are as follows:

Name of subsidiary	Principal place of business	Non-controlling interest		Non-controlling interest		Description
		December 31, 2022		December 31, 2021

(4) Foreign currency translation

- A. The consolidated financial statements are presented in New Taiwan Dollars, which is the Company's functional and the Group's presentation currency.
- B. Foreign currency transactions and balances
- (a) Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions or valuation where items are remeasured. Foreign exchange gains and losses resulting from the settlement of such transactions are recognised in profit or loss in the period in which they arise, except when deferred in other comprehensive income as qualifying cash flow hedges and qualifying net investment hedges.
- (b) Monetary assets and liabilities denominated in foreign currencies at the period end are re-translated at the exchange rates prevailing at the balance sheet date. Exchange differences arising upon re-translation at the balance sheet date are recognised in profit or loss.
- (c) Non-monetary assets and liabilities denominated in foreign currencies held at fair value through profit or loss are re-translated at the exchange rates prevailing at the balance sheet date; their translation differences are recognised in profit or loss. Non-monetary assets and liabilities denominated in foreign currencies held at fair value through other comprehensive

income are re-translated at the exchange rates prevailing at the balance sheet date; their translation differences are recognised in other comprehensive income. However, non-monetary assets and liabilities denominated in foreign currencies that are not measured at fair value are translated using the historical exchange rates at the dates of the initial transactions.

(d) All foreign exchange gains and losses are presented in the statement of comprehensive income within “other gains and losses”.

C. Translation of foreign operations

(a) The operating results and financial position of all the group entities and associates that have a functional currency different from the presentation currency are translated into the presentation currency as follows:

- i. Assets and liabilities for each balance sheet presented are translated at the closing exchange rate at the date of that balance sheet;
- ii. Income and expenses for each statement of comprehensive income are translated at average exchange rates of that period; and
- iii. All resulting exchange differences are recognised in other comprehensive income.

(b) When the foreign operation of an associate is partially disposed of or sold, exchange differences that were recorded in other comprehensive income are proportionately reclassified to profit or loss as part of the gain or loss on sale. In addition, if the Group still retains partial interest in the former foreign associate after losing significant influence over the former foreign associate, such transactions should be accounted for as disposal of all interest in these foreign operations.

(c) When the foreign operation partially disposed of or sold is a subsidiary, cumulative exchange differences that were recorded in other comprehensive income are proportionately transferred to the non-controlling interest in this foreign operation. In addition, even when the Group retains partial interest in the former foreign subsidiary after losing control of the former foreign subsidiary, such transactions should be accounted for as disposal of all interest in the foreign operation.

(d) Goodwill and fair value adjustments arising on the acquisition of a foreign entity are treated as assets and liabilities of the foreign entity and translated at the closing exchange rates at the balance sheet date.

(5) Classification of current and non-current items

A. Assets that meet one of the following criteria are classified as current assets; otherwise they are classified as non-current assets:

- (a) Assets arising from operating activities that are expected to be realised, or are intended to be sold or consumed within the normal operating cycle;
- (b) Assets held mainly for trading purposes;
- (c) Assets that are expected to be realised within twelve months from the balance sheet date;
- (d) Cash and cash equivalents, excluding restricted cash and cash equivalents and those that are

to be exchanged or used to settle liabilities more than twelve months after the balance sheet date.

B. Liabilities that meet one of the following criteria are classified as current liabilities; otherwise they are classified as non-current liabilities:

- (a) Liabilities that are expected to be settled within the normal operating cycle;
- (b) Liabilities arising mainly from trading activities;
- (c) Liabilities that are to be settled within twelve months from the balance sheet date;
- (d) Liabilities for which the repayment date cannot be extended unconditionally to more than twelve months after the balance sheet date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

(6) Cash equivalents

Cash equivalents refer to short-term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value. Time deposits that meet the above criteria and are held for the purpose of meeting short-term cash commitment in operations are classified as cash equivalents.

(7) Financial assets at fair value through profit or loss

- A. Financial assets at fair value through profit or loss are financial assets that are not measured at amortised cost or fair value through other comprehensive income.
- B. On a regular way purchase or sale basis, financial assets at fair value through profit or loss are recognised and derecognised using trade date accounting.
- C. At initial recognition, the Group measures the financial assets at fair value and recognises the transaction costs in profit or loss. The Group subsequently measures the financial assets at fair value, and recognises the gain or loss in profit or loss.
- D. The Group recognises the dividend income when the right to receive payment is established, future economic benefits associated with the dividend will flow to the Group and the amount of the dividend can be measured reliably.

(8) Financial assets at fair value through other comprehensive income

- A. Financial assets at fair value through other comprehensive income comprise equity securities which are not held for trading, and for which the Group has made an irrevocable election at initial recognition to recognise changes in fair value in other comprehensive income and debt instruments which meet all of the following criteria:
 - (a) The objective of the Group's business model is achieved both by collecting contractual cash flows and selling financial assets.
 - (b) The assets' contractual cash flows represent solely payments of principal and interest.
- B. On a regular way purchase or sale basis, financial assets at fair value through other comprehensive income are recognised and derecognised using trade date accounting.
- C. At initial recognition, the Group measures the financial assets at fair value plus transaction costs.

The Group subsequently measures the financial assets at fair value:

- (a) The changes in fair value of equity investments that were recognised in other comprehensive income are reclassified to retained earnings and are not reclassified to profit or loss following the derecognition of the investment. Dividends are recognised as dividend income when the right to receive payment is established, future economic benefits associated with the dividend will flow to the Group and the amount of the dividend can be measured reliably.
- (b) Except for the recognition of impairment loss, interest income and gain or loss on foreign exchange which are recognised in profit or loss, the changes in fair value of debt instruments are taken through other comprehensive income. When the financial asset is derecognised, the cumulative gain or loss previously recognised in other comprehensive income is reclassified from equity to profit or loss.

(9) Financial assets at amortised cost

A. Financial assets at amortised cost are those that meet all of the following criteria:

- (a) The objective of the Group's business model is achieved by collecting contractual cash flows.
- (b) The assets' contractual cash flows represent solely payments of principal and interest.

B. On a regular way purchase or sale basis, financial assets at amortised cost are recognised and derecognised using trade date accounting.

C. At initial recognition, the Group measures the financial assets at fair value plus transaction costs. Interest income from these financial assets is included in finance income using the effective interest method. A gain or loss is recognised in profit or loss when the asset is derecognised or impaired.

D. The Group's time deposits which do not fall under cash equivalents are those with a short maturity period and are measured at initial investment amount as the effect of discounting is immaterial.

(10) Accounts and notes receivable

A. Accounts and notes receivable entitle the Group a legal right to receive consideration in exchange for transferred goods or rendered services.

B. The short-term accounts and notes receivable without bearing interest are subsequently measured at initial invoice amount as the effect of discounting is immaterial.

C. The Group's operating pattern of accounts receivable that are expected to be factored is for the purpose of receiving contract cash flow and selling, and the accounts receivable are subsequently measured at fair value, with any changes in fair value recognised in other comprehensive income.

(11) Impairment of financial assets

For debt instruments measured at fair value through other comprehensive income and financial assets at amortised cost including accounts receivable that have a significant financing component, at each reporting date, the Group recognises the impairment provision for 12 months expected credit losses if there has not been a significant increase in credit risk since initial recognition or recognises the impairment provision for the lifetime expected credit losses (ECLs) if such credit risk has increased since initial recognition after taking into consideration all reasonable and verifiable

information that includes forecasts. On the other hand, for accounts receivable or contract assets that do not contain a significant financing component, the Group recognises the impairment provision for lifetime ECLs.

(12) Derecognition of financial assets

The Group derecognises a financial asset when one of the following conditions is met:

- A. The contractual rights to receive the cash flows from the financial asset expire.
- B. The contractual rights to receive cash flows of the financial asset have been transferred and the Group has transferred substantially all risks and rewards of ownership of the financial asset.
- C. The contractual rights to receive cash flows of the financial asset have been transferred; and the Group has not retained control of the financial asset.

(13) Leasing arrangement (lessor) – Lease receivable / Operating lease

A. Based on the terms of a lease contract, a lease is classified as a finance lease if the lessee assumes substantially all the risks and rewards incidental to ownership of the leased asset.

(a) At commencement of the lease term, the lessor should record a finance lease in the balance sheet as ‘lease receivables’ at an amount equal to the net investment in the lease (including initial direct costs). The difference between gross lease receivable and the present value of the receivable is recognised as ‘unearned finance income of finance lease’.

(b) The lessor should allocate finance income over the lease term based on a systematic and rational basis reflecting a constant periodic rate of return on the lessor’s net investment in the finance lease.

(c) Lease payments (excluding costs for services) during the lease term are applied against the gross investment in the lease to reduce both the principal and the unearned finance income.

B. Lease income from an operating lease (net of any incentives given to the lessee) is recognised in profit or loss on a straight-line basis over the lease term.

(14) Inventories

Inventories are stated at the lower of cost and net realisable value. Cost is determined using the weighted-average method. The cost of finished goods and work in progress comprises raw materials, direct labour, other direct costs and related production overheads (allocated based on normal operating capacity). It excludes borrowing costs. The item by item approach is used in applying the lower of cost and net realisable value. Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale.

(15) Investments accounted for under the equity method / associates

A. Associates are all entities over which the Group has significant influence but not control. In general, it is presumed that the investor has significant influence, if an investor holds, directly or indirectly 20 percent or more of the voting power of the investee. Investments in associates are accounted for using the equity method and are initially recognised at cost.

B. The Group’s share of its associates’ post-acquisition profits or losses is recognised in profit or

loss, and its share of post-acquisition movements in other comprehensive income is recognised in other comprehensive income. When the Group's share of losses in an associate equals or exceeds its interest in the associate, including any other unsecured receivables, the Group does not recognise further losses, unless it has incurred legal or constructive obligations or made payments on behalf of the associate.

- C. When changes in an associate's equity do not arise from profit or loss or other comprehensive income of the associate and such changes do not affect the Group's ownership percentage of the associate, the Group recognises change in ownership interests in the associate in 'capital surplus' in proportion to its ownership.
- D. Unrealised gains on transactions between the Group and its associates are eliminated to the extent of the Group's interest in the associates. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of associates have been adjusted where necessary to ensure consistency with the policies adopted by the Group.
- E. In the case that an associate issues new shares and the Group does not subscribe or acquire new shares proportionately, which results in a change in the Group's ownership percentage of the associate but maintains significant influence on the associate, then 'capital surplus' and 'investments accounted for under the equity method' shall be adjusted for the increase or decrease of its share of equity interest. If the above condition causes a decrease in the Group's ownership percentage of the associate, in addition to the above adjustment, the amounts previously recognised in other comprehensive income in relation to the associate are reclassified to profit or loss proportionately on the same basis as would be required if the relevant assets or liabilities were disposed of.
- F. Upon loss of significant influence over an associate, the Group remeasures any investment retained in the former associate at its fair value. Any difference between fair value and carrying amount is recognised in profit or loss.
- G. When the Group disposes its investment in an associate and loses significant influence over this associate, the amounts previously recognised in other comprehensive income in relation to the associate are reclassified to profit or loss, on the same basis as would be required if the relevant assets or liabilities were disposed of. If it retains significant influence over this associate, the amounts previously recognised in other comprehensive income in relation to the associate are reclassified to profit or loss proportionately in accordance with the aforementioned approach.
- H. When the Group disposes its investment in an associate and loses significant influence over this associate, the amounts previously recognised as capital surplus in relation to the associate are transferred to profit or loss. If it retains significant influence over this associate, the amounts previously recognised as capital surplus in relation to the associate are transferred to profit or loss proportionately.

(16) Property, plant and equipment

- A. Property, plant and equipment are initially recorded at cost. Borrowing costs incurred during the construction period are capitalised.
- B. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognised. All other repairs and maintenance are charged to profit or loss during the financial period in which they are incurred.
- C. While land is not depreciated, other property, plant and equipment that apply cost model are depreciated using the straight-line method to allocate their cost over their estimated useful lives. Each component of property, plant and equipment that is significant in relation to the total cost of the item is depreciated separately.
- D. The assets' residual values, useful lives and depreciation methods are reviewed, and adjusted if appropriate, at each financial year-end. If expectations for the assets' residual values and useful lives differ from previous estimates or the patterns of consumption of the assets' future economic benefits embodied in the assets have changed significantly, any change is accounted for as a change in estimate under IAS 8, 'Accounting Policies, Changes in Accounting Estimates and Errors', from the date of the change.

The estimated useful lives of property, plant and equipment are as follows:

Buildings	15 ~ 51 years
(Auxiliary buildings	5 ~ 11 years)
Machinery and equipment	3 ~ 9 years
Computer and communication equipment	3 ~ 25 years
Other equipment	1 ~ 25 years

(17) Leasing arrangements (lessee)—right-of-use assets / lease liabilities

- A. Leases are recognised as a right-of-use asset and a corresponding lease liability at the date at which the leased asset is available for use by the Group. For short-term leases or leases of low-value assets, lease payments are recognised as an expense on a straight-line basis over the lease term.
- B. Lease liabilities include the net present value of the remaining lease payments at the commencement date, discounted using the incremental borrowing interest rate. Lease payments are comprised of the following:
 - (a) Fixed payments, less any lease incentives receivable;
 - (b) Variable lease payments that depend on an index or a rate;
 - (c) Amounts expected to be payable by the lessee under residual value guarantees;
 - (d) The exercise price of a purchase option, if the lessee is reasonably certain to exercise that option; and
 - (e) Payments of penalties for terminating the lease, if the lease term reflects the lessee exercising

that option.

The Group subsequently measures the lease liability at amortised cost using the interest method and recognises interest expense over the lease term. The lease liability is remeasured and the amount of remeasurement is recognised as an adjustment to the right-of-use asset when there are changes in the lease term or lease payments and such changes do not arise from contract modifications.

- C. At the commencement date, the right-of-use asset is stated at cost comprising the following:
- (a) The amount of the initial measurement of lease liability;
 - (b) Any lease payments made at or before the commencement date;
 - (c) Any initial direct costs incurred by the lessee; and
 - (d) An estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset, restoring the site on which it is located or restoring the underlying asset to the condition required by the terms and conditions of the lease.

The right-of-use asset is measured subsequently using the cost model and is depreciated from the commencement date to the earlier of the end of the asset's useful life or the end of the lease term. When the lease liability is remeasured, the amount of remeasurement is recognised as an adjustment to the right-of-use asset.

- D. For lease modifications that decrease the scope of the lease, the lessee shall decrease the carrying amount of the right-of-use asset to reflect the partial or full termination of the lease, and recognise the difference between remeasured lease liability in profit or loss.

(18) Investment property

An investment property is stated initially at its cost and measured subsequently using the cost model. Investment property is depreciated on a straight-line basis over its estimated useful life of 6 to 51 years.

(19) Intangible assets

- A. Trademark is amortised on a straight-line basis over its estimated useful life of 3 to 20 years.
- B. Goodwill is generated by adopting the acquisition method when merger and acquisition occurs.
- C. Patent is amortised on a straight-line basis over its estimated useful life of 2 to 20 years.
- D. The developed technologies are obtained from business combination and the capital contribution in the form of technology. They included application technology such as home networking, Internet of Things, model platforms and electric vehicle power systems. If the developed technologies are available for use, they will be amortised on a straight-line basis over its estimated useful life of 4 to 10 years or using the units of production method. The remaining developed technologies that are not yet available for use will be tested annually for impairment and amortised when they are available for use.
- E. Customer relationship and Supplier relationship are obtained as a result of a business combination, and are amortised on a straight-line basis over its estimated life of 15 to 16 years.
- F. Software is stated initially at its costs and is amortised on a straight-line basis over its estimated

useful life of 3 to 10 years.

G. Concession obtained individually is stated initially at its costs and is amortised on a straight-line basis over its useful life of 15 to 16 years.

(20) Impairment of non-financial assets

A. The Group assesses at each balance sheet date the recoverable amounts of those assets where there is an indication that they are impaired. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell or value in use. Except for goodwill, when the circumstances or reasons for recognising impairment loss for an asset in prior periods no longer exist or diminish, the impairment loss is reversed. The increased carrying amount due to reversal should not be more than what the depreciated or amortised historical cost would have been if the impairment had not been recognised.

B. The recoverable amount of goodwill shall be evaluated annually. An impairment is recognised when recoverable amount is lower than carrying amount. Impairment loss should not be reversed in the future.

C. For the purpose of impairment testing, goodwill acquired in a business combination is allocated to each of the cash-generating units, or groups of cash-generating units, that is/are expected to benefit from the synergies of the business combination. Each unit or group of units to which the goodwill is allocated represents the lowest level within the entity at which the goodwill is monitored for internal management purposes. Goodwill is monitored at the operating segment level.

(21) Borrowings

Borrowings comprise long-term and short-term bank borrowings and other long-term and short-term loans. Borrowings are recognised initially at fair value, net of transaction costs incurred. Borrowings are subsequently stated at amortised cost; any difference between the proceeds (net of transaction costs) and the redemption value is recognised in profit or loss over the period of the borrowings using the effective interest method.

(22) Notes and accounts payable

A. Accounts payable are liabilities for purchases of raw materials, goods or services and notes payable are those resulting from operating and non-operating activities.

B. The short-term notes and accounts payable without bearing interest are subsequently measured at initial invoice amount as the effect of discounting is immaterial.

(23) Financial liabilities at fair value through profit or loss

A. Financial liabilities are classified in this category of held for trading if acquired principally for the purpose of repurchasing in the short-term. Derivatives are also categorised as financial liabilities held for trading unless they are designated as hedges. Financial liabilities that meet one of the following criteria are designated as at fair value through profit or loss at initial recognition:

(a) Hybrid (combined) contracts; or

- (b) They eliminate or significantly reduce a measurement or recognition inconsistency; or
 - (c) They are managed and their performance is evaluated on a fair value basis, in accordance with a documented risk management policy.
- B. At initial recognition, the Group measures the financial liabilities at fair value. All related transaction costs are recognised in profit or loss. The Group subsequently measures these financial liabilities at fair value with any gain or loss recognised in profit or loss.
- C. If the credit risk results in fair value changes in financial liabilities designated as at fair value through profit or loss, they are recognised in other comprehensive income in the circumstances other than avoiding accounting mismatch or recognising in profit or loss for loan commitments or financial guarantee contracts.

(24) Bonds payable

Ordinary corporate bonds issued by the Group are initially recognised at fair value less transaction costs. Any difference between the proceeds (net of transaction costs) and the redemption value is presented as an addition to or deduction from bonds payable, which is amortised to profit or loss over the period of bond circulation using the effective interest method as an adjustment to ‘finance costs’.

(25) Convertible bonds payable

Convertible bonds issued by the Group contain conversion options (that is, the bondholders have the right to convert the bonds into the Group’s common shares by exchanging a fixed amount of cash for a fixed number of common shares), call options and put options. The Group classifies the bonds payable upon issuance as a financial asset, a financial liability or an equity instrument in accordance with the contract terms. They are accounted for as follows:

- (a) The embedded call options and put options are recognised initially at net fair value as ‘financial assets or financial liabilities at fair value through profit or loss’. They are subsequently remeasured and stated at fair value on each balance sheet date; the gain or loss is recognised as ‘gain or loss on valuation of financial assets or financial liabilities at fair value through profit or loss’.
- (b) The host contracts of bonds are initially recognised at fair value. Any difference between the initial recognition and the redemption value is accounted for as the premium or discount on bonds payable and subsequently is amortised in profit or loss as an adjustment to ‘finance costs’ over the period of circulation using the effective interest method.
- (c) The embedded conversion options which meet the definition of an equity instrument are initially recognised in ‘capital surplus—share options’ at the residual amount of total issue price less the amount of financial assets or financial liabilities at fair value through profit or loss and bonds payable as stated above. Conversion options are not subsequently remeasured.
- (d) Any transaction costs directly attributable to the issuance are allocated to each liability or equity component in proportion to the initial carrying amount of each abovementioned item.
- (e) When bondholders exercise conversion options, the liability component of the bonds shall be

remeasured on the conversion date. The issuance cost of converted common shares is the total book value of the abovementioned liability component and ‘capital surplus—share options’.

(26) Derecognition of financial liabilities

A financial liability is derecognised when the obligation specified in the contract is either discharged or cancelled or expires.

(27) Offsetting financial instruments

Financial assets and liabilities are offset and reported in the net amount in the balance sheet when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

(28) Non-hedging and embedded derivatives

Non-hedging derivatives are initially recognised at fair value on the date a derivative contract is entered into and recorded as financial assets or financial liabilities at fair value through profit or loss. They are subsequently remeasured at fair value and the gains or losses are recognised in profit or loss.

(29) Hedge accounting

A. At the inception of the hedging relationship, there is formal designation and documentation of the hedging relationship and the Group’s risk management objective and strategy for undertaking the hedge. That documentation shall include identification of the hedging instrument, the hedged item, the nature of the risk being hedged and how the Group will assess whether the hedging relationship meets the hedge effectiveness requirements.

B. The Group designates the hedging relationship as follows:

Cash flow hedge: a hedge of the exposure to variability in cash flows that is attributable to a particular risk associated with a recognised asset or liability or a highly probable forecast transaction.

C. Cash flow hedges

(a) The cash flow hedge reserve associated with the hedged item is adjusted to the lower of the following (in absolute amounts):

- i. the cumulative gain or loss on the hedging instrument from inception of the hedge; and
- ii. the cumulative change in fair value of the hedged item from inception of the hedge.

(b) The effective portion of the gain or loss on the hedging instrument is recognised in other comprehensive income. The gain or loss on the hedging instrument relating to the ineffective portion is recognised in profit or loss.

(c) The amount that has been accumulated in the cash flow hedge reserve in accordance with (a) is accounted for as follows:

- i. If a hedged forecast transaction subsequently results in the recognition of a non-financial asset or non-financial liability, or a hedged forecast transaction for a non-financial asset or non-financial liability becomes a firm commitment for which fair value hedge accounting is applied, the Group shall remove that amount from the cash flow hedge reserve and

- include it directly in the initial cost or other carrying amount of the asset or liability.
- ii. For cash flow hedges other than those covered by i. above, that amount shall be reclassified from the cash flow hedge reserve to profit or loss as a reclassification adjustment in the same period or periods during which the hedged expected future cash flows affect profit or loss.
 - iii. If that amount is a loss and the Group expects that all or a portion of that loss will not be recovered in one or more future periods, it shall immediately reclassify the amount that is not expected to be recovered into profit or loss as a reclassification adjustment.
- (d) When the hedging instrument expires, or is sold, terminated, exercised or when the hedging relationship ceases to meet the qualifying criteria, if the forecast transaction is still expected to occur, the amount that has been accumulated in the cash flow hedge reserve shall remain in the cash flow hedge reserve until the forecast transaction occurs; if the forecast transaction is no longer expected to occur, the amount shall be immediately reclassified from the cash flow hedge reserve to profit or loss as a reclassification adjustment.

(30) Provisions

Provisions are recognised when the Group has a present legal or constructive obligation as a result of past events, and it is probable that an outflow of economic resources will be required to settle the obligation and the amount of the obligation can be reliably estimated. Provisions are measured at the present value of the expenditures expected to be required to settle the obligation on the balance sheet date, which is discounted using a pre-tax discount rate that reflects the current market assessments of the time value of money and the risks specific to the obligation. When discounting is used, the increase in the provision due to passage of time is recognised as interest expense. Provisions are not recognised for future operating losses.

(31) Employee benefits

A. Short-term employee benefits

Short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in respect of service rendered by employees in a period and should be recognised as expense in that period when the employees render service.

B. Pensions

(a) Defined contribution plans

For defined contribution plans, the contributions are recognised as pension expense when they are due on an accrual basis. Prepaid contributions are recognised as an asset to the extent of a cash refund or a reduction in the future payments.

(b) Defined benefit plans

- i. Net obligation under a defined benefit plan is defined as the present value of an amount of pension benefits that employees will receive on retirement for their services with the Group in current period or prior periods. The liability recognised in the balance sheet in respect of defined benefit pension plans is the present value of the defined benefit

obligation at the balance sheet date less the fair value of plan assets. The net defined benefit obligation is calculated annually by independent actuaries using the projected unit credit method. The rate used to discount is determined by using interest rates of high-quality corporate bonds that are denominated in the currency in which the benefits will be paid, and that have terms to maturity approximating to the terms of the related pension liability; when there is no deep market in high-quality corporate bonds, the Group uses interest rates of government bonds (at the balance sheet date) instead.

- ii. Remeasurements arising on defined benefit plans are recognised in other comprehensive income in the period in which they arise and are recorded as retained earnings.
- iii. Past service costs are recognised immediately in profit or loss.
- iv. Pension cost for the interim period is calculated on a year-to-date basis by using the pension cost rate derived from the actuarial valuation at the end of the prior financial year, adjusted for significant market fluctuations since that time and for significant curtailments, settlements, or other significant one-off events. Also, the related information is disclosed accordingly.

C. Employees' compensation and directors' and supervisors' remuneration

Employees' compensation and directors' and supervisors' remuneration are recognised as expense and liability, provided that such recognition is required under legal or constructive obligation and those amounts can be reliably estimated. Any difference between the resolved amounts and the subsequently actual distributed amounts is accounted for as changes in estimates. If employee compensation is paid by shares, the Group calculates the number of shares based on the closing price at the previous day of the board meeting resolution.

(32) Employee share-based payment

- A. For the equity-settled share-based payment arrangements, the employee services received are measured at the fair value of the equity instruments granted at the grant date, and are recognised as compensation cost over the vesting period, with a corresponding adjustment to equity. The fair value of the equity instruments granted shall reflect the impact of market vesting conditions and non-vesting conditions. Compensation cost is subject to adjustment based on the service conditions that are expected to be satisfied and the estimates of the number of equity instruments that are expected to vest under the non-market vesting conditions at each balance sheet date. Ultimately, the amount of compensation cost recognised is based on the number of equity instruments that eventually vest.
- B. Restricted stocks:
 - (a) Restricted stocks issued to employees are measured at the fair value of the equity instruments granted at the grant date, and are recognised as compensation cost over the vesting period.
 - (b) For restricted stocks where those stocks do not restrict distribution of dividends to employees and employees are not required to return the dividends received if they resign during the vesting period, the Group recognises the fair value of the dividends received by the

employees who are expected to resign during the vesting period as compensation cost at the date of dividends declared.

- (c) For restricted stocks where employees have to pay to acquire those stocks, if employees resign during the vesting period, they must return the stocks to the Group and the Group must refund their payments on the stocks, the Group recognises the payments from the employees who are expected to resign during the vesting period as liabilities at the grant date, and recognises the payments from the employees who are expected to be eventually vested with the stocks in 'capital surplus – others'.

(33) Income tax

- A. The tax expense for the period comprises current and deferred tax. Tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or items recognised directly in equity, in which cases the tax is recognised in other comprehensive income or equity.
- B. The current income tax expense is calculated on the basis of the tax laws enacted or substantively enacted at the balance sheet date in the countries where the Company and its subsidiaries operate and generate taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in accordance with applicable tax regulations. It establishes provisions where appropriate based on the amounts expected to be paid to the tax authorities. An additional tax is levied on the unappropriated retained earnings and is recorded as income tax expense in the year the stockholders resolve to retain the earnings.
- C. Deferred income tax is recognised, using the balance sheet liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the consolidated balance sheet. However, the deferred income tax is not accounted for if it arises from initial recognition of goodwill or of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting nor taxable profit or loss. Deferred income tax is provided on temporary differences arising on investments in subsidiaries and associates, except where the timing of the reversal of the temporary difference is controlled by the Group and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the balance sheet date and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.
- D. Deferred income tax assets are recognised only to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilized. At each balance sheet date, unrecognised and recognised deferred income tax assets are reassessed.
- E. Current income tax assets and liabilities are offset and the net amount is reported in the balance sheet when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. Deferred income tax assets and liabilities are offset on the balance sheet when the entity has the

legally enforceable right to offset current tax assets against current tax liabilities and they are levied by the same taxation authority on either the same entity or different entities that intend to settle on a net basis or realise the asset and settle the liability simultaneously.

- F. A deferred tax asset shall be recognised for the carryforward of unused tax credits resulting from acquisitions of equipment or technology, research and development expenditures and equity investments to the extent that it is possible that future taxable profit will be available against which the unused tax credits can be utilized.
- G. The interim period income tax expense is recognised based on the estimated average annual effective income tax rate expected for the full financial year applied to the pretax income of the interim period, and the related information is disclosed accordingly.

(34) Dividends

Dividends are recorded in the Company's financial statements in the period in which they are approved by the Company's shareholders. Cash dividends are recorded as liabilities; stock dividends are recorded as stock dividends to be distributed and are reclassified to ordinary shares on the effective date of new shares issuance.

(35) Revenue recognition

- A. The Group manufactures and sells consumer electronics products. Sales are recognised when control of the products have transferred, being when the products are delivered to or picked by the customers, the customers has full discretion over the channel and price to sell the products, and there is no unfulfilled obligation that could affect the customer's acceptance of the products. Delivery occurs when the products have been shipped to the specific location, the risks of obsolescence and loss have been transferred to the customers, and either the customers has accepted the products in accordance with the sales contract, or the Group has objective evidence that all criteria for acceptance have been satisfied.
- B. Sales revenue is recognised based on the price specified in the contract, net of the estimated sales discounts and allowances. Revenue is only recognised to the extent that it is highly probable that a significant reversal will not occur. The estimation is subject to an assessment at each reporting date. The contract cost does not include a significant financing component as the sales are made with credit term consistent with market practice.
- C. A receivable is recognised when the goods are delivered as this is the point in time that the consideration is unconditional because only the passage of time is required before the payment is due.
- D. The Group's obligation to provide a refund for faulty products under the standard warranty terms is recognised as a provision.
- E. The customer pays at the time specified in the payment schedule. If the products sold exceed the payment, a contract asset is recognised. If the payments exceed the products sold, a contract liability is recognised.

(36) Government grants

Government grants are recognised in profit or loss on a systematic basis over the periods in which the Group recognises expenses for the related costs for which the grants are intended to compensate. Government grants related to property, plant and equipment are recognised as non-current liabilities and are amortised to profit or loss over the estimated useful lives of the related assets using the straight-line method.

(37) Business combinations

A. The Group uses the acquisition method to account for business combinations. The consideration transferred for an acquisition is measured as the fair value of the assets transferred, liabilities incurred or assumed and equity instruments issued at the acquisition date, plus the fair value of any assets and liabilities resulting from a contingent consideration arrangement. All acquisition-related costs are expensed as incurred. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair values at the acquisition date. For each business combination, the Group measures at the acquisition date components of non-controlling interests in the acquiree that are present ownership interests and entitle their holders to the proportionate share of the entity's net assets in the event of liquidation at either fair value or the present ownership instruments' proportionate share in the recognised amounts of the acquiree's identifiable net assets. All other non-controlling interests should be measured at the acquisition-date fair value.

B. The excess of the consideration transferred, the amount of any non-controlling interest in the acquiree and the fair value of any previous equity interest in the acquiree over the fair value of the identifiable assets acquired and the liabilities assumed is recorded as goodwill at the acquisition date. If the total of consideration transferred, non-controlling interest in the acquiree recognised and the fair value of previously held equity interest in the acquiree is less than the fair value of the identifiable assets acquired and the liabilities assumed, the difference is recognised directly in profit or loss on the acquisition date.

(38) Operating segments

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker, who is responsible for allocating resources and assessing performance of the operating segments.

5. CRITICAL ACCOUNTING JUDGMENTS, ESTIMATES AND ASSUMPTIONS ON UNCERTAINTY

The preparation of these consolidated financial statements requires management to make critical judgments in applying the Group's accounting policies and make critical assumptions and estimates concerning future events. Assumptions and estimates may differ from the actual results and are continually evaluated and adjusted based on historical experience and other factors. The above information is addressed below:

(1) Critical judgments in applying the Group's accounting policies

A. Revenue recognition

The Group determines whether the nature of its performance obligation is to provide the specified goods or services itself (i.e. the Group is a principal) or to arrange for the other party to provide those goods or services (i.e. the Group is an agent) based on the transaction model and its economic substance. The Group is a principal if it controls a promised good or service before it transfers the good or service to a customer. The Group recognises revenue at gross amount of consideration to which it expects to be entitled in exchange for those goods or services transferred. The Group is an agent if its performance obligation is to arrange for the provision of goods or services by another party. The Group recognises revenue at the amount of any fee or commission to which it expects to be entitled in exchange for arranging for the other party to provide its goods or services.

After receiving the materials or services procured, the Group directs the use of the goods and services and provides critical manufacturing processing technique, in order to produce and significantly integrate various goods and services into the combined output as the resulting devices and transfers to a customer. The following indicators are used to determine whether the Group controls the good or service before it is transferred to a customer and considers itself as a principal:

- (a) The Group is primarily responsible for the provision of goods or services;
- (b) The Group assumes the inventory risk before transferring the specified goods or services to the customer or after transferring control of the goods or services to the customer.
- (c) The Group has discretion in establishing prices for the goods or services.

B. Offsetting financial instruments

The Company's financial assets and liabilities are offset and reported in the net amount in the balance sheet when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

(2) Critical accounting estimates and assumptions

The Group makes estimates and assumptions based on the expectation of future events that are believed to be reasonable under the circumstances at the end of the reporting period. The resulting accounting estimates might be different from the actual results. The estimates and assumptions that may significantly adjust the carrying amounts of assets and liabilities within the next financial year are addressed below:

B. Impairment assessment of goodwill

The Group assesses impairment of goodwill based on subjective judgment which includes identifying and allocating assets, liabilities and goodwill to related cash-generating unit to determine recoverable amount of this unit. Details of impairment assessment of goodwill is provided in Note 6(14).

As of December 31, 2022, the Group recognised goodwill after impairment assessment of \$18,269,710.

C. Evaluation of inventories

As inventories are stated at the lower of cost and net realisable value, the Group must determine the net realisable value of inventories on balance sheet date based on judgments and estimates. Due to the rapid technology innovation, the Group evaluates the amounts of normal inventory consumption, obsolete inventories or inventories without market selling value on balance sheet date, and writes down the cost of inventories to the net realisable value. Such an evaluation of inventories is principally based on the demand for the products within the specified period in the future. Therefore, there might be significant changes to the evaluation.

As of December 31, 2022, the carrying amount of inventories was \$939,022,052.

6. DETAILS OF SIGNIFICANT ACCOUNTS

(1) Cash and cash equivalents

	<u>December 31, 2022</u>	<u>December 31, 2021</u>
Cash on hand and revolving funds	\$ 42,370	\$ 51,098
Checking accounts and demand deposits	848,746,891	863,465,237
Cash equivalents - Time deposits	211,194,824	195,900,676
Cash equivalents - Repo bonds	2,342,239	-
	<u>\$ 1,062,326,324</u>	<u>\$ 1,059,417,011</u>

A. The Group transacts with a variety of financial institutions with high credit quality for the purpose of dispersing credit risk, so it expects that the probability of counterparty default is low.

B. The Group's time deposits pledged to others as collateral and with maturity of over three months had been transferred to "Financial assets at amortised cost". Refer to Note 6(4) for details.

(2) Financial assets and liabilities at fair value through profit or loss

	<u>December 31, 2022</u>	<u>December 31, 2021</u>
<u>Assets</u>		
Current items:		
Financial assets mandatorily measured at fair value through profit or loss		
Equity instruments	\$ 89,431	\$ -
Beneficiary certificates	627,861	692,429
Derivatives	3,946,850	640,395
	<u>\$ 4,664,142</u>	<u>\$ 1,332,824</u>
Non-current items:		
Financial assets mandatorily measured at fair value through profit or loss		
Equity instruments	\$ 1,256,070	\$ 2,686,506
Debt instruments	840,140	-
Beneficiary certificates	84,191,159	84,082,306
Derivatives	2,110,071	1,712,931
	<u>\$ 88,397,440</u>	<u>\$ 88,481,743</u>
<u>Liabilities</u>		
	<u>December 31, 2022</u>	<u>December 31, 2021</u>
Current items:		
Financial assets mandatorily measured at fair value through profit or loss		
Derivatives	(\$ 3,595,029)	(\$ 964,015)

A. The descriptions of financial assets and liabilities at fair value through profit or loss are as follows:

- (a) Equity instruments: Including listed, unlisted and emerging stocks.
- (b) Debt instruments: Including corporate bonds and preferred shares in the nature of liabilities.
- (c) Beneficiary certificates: Including investment in open-end funds and private equity fund.
- (d) Derivatives: Including cross currency swap contracts, forward exchange contracts, stock option and convertible bonds payable.

B. Amounts recognised in profit or loss in relation to financial assets at fair value through profit or loss are listed below:

	<u>Years ended December 31,</u>	
	<u>2022</u>	<u>2021</u>
Equity instruments	(\$ 2,027,861)	\$ 561,876
Debt instruments	(106,626)	-
Beneficiary certificates	(12,395,795)	2,139,084
Derivatives	6,861,145	(169,812)
	<u>(\$ 7,669,137)</u>	<u>\$ 2,531,148</u>

C. For the years ended December 31, 2022 and 2021, dividend income recognised in profit or loss in

relation to financial assets at fair value through profit or loss amounted to \$2,979,229 and \$9,698,000, respectively.

D. The non-hedging derivative instruments transaction and contract information are as follows:

	December 31, 2022			
	Contract amount (Nominal Principal in thousands)	Contract period		
<u>Derivative Financial Assets</u>				
Current items:				
Foreign exchange forward contracts	USD (BUY)	1,224,000	2022.11.14~2023.02.08	
	RMB (BUY)	19,587,905	2022.11.29~2023.02.13	
	JPY (BUY)	19,313,140	2022.11.14~2023.01.12	
	EUR (BUY)	465,000	2022.11.29~2023.02.06	
	MXN (BUY)	1,676,285	2022.12.23~2023.02.23	
	USD (SELL)	3,504,141	2022.11.14~2023.02.23	
	INR (SELL)	48,837,750	2022.11.14~2023.02.03	
	TWD (SELL)	19,153,800	2022.11.30~2023.02.08	
	Cross currency swap contracts	USD (BUY)	1,000,000	2022.02.21~2023.08.24

(a) Cross currency swap contracts

The cross currency swap contracts signed by the Company are to fulfill capital movement. For exchange rate, principals denominated in two currencies are exchanged at the same exchange rate at the initial and final exchanges. Thus, there is no foreign exchange risk. For interest rate, the fixed rate between two currencies is used to exchange. Thus, there is no interest rate risk.

(b) Forward foreign exchange contracts

The Group enters into foreign exchange forward transactions to reduce the following risk of exchange rate:

A. Operating activities: Import of raw materials and export sales.

B. Investing activities: Import of machinery and equipment.

C. Financing activities: Long-term and short-term foreign currency assets and liabilities.

E. Details of the Group's investments in equity instruments and beneficiary certificates are provided in Table 3.

F. The Group has no financial assets at fair value through profit or loss pledged to others.

G. Information relating to credit risk of financial assets and liabilities at fair value through profit or loss is provided in Note 12(2).

(3) Financial assets at fair value through other comprehensive income

Items	December 31, 2022	December 31, 2021
Current items:		
Debt instruments	\$ 44,069	\$ 130,622
Non-current items:		
Debt instruments	\$ -	\$ 43,542
Equity instruments	67,957,438	58,213,437
Fair value adjustments	16,628,962	54,461,746
	\$ 84,586,400	\$ 112,718,725

- A. The Group has elected to classify equity investments that are considered to be strategic investments as financial assets at fair value through other comprehensive income.
- B. Amounts recognised in profit or loss and other comprehensive income in relation to the financial assets at fair value through other comprehensive income are listed below:

	Years ended December 31,	
	2022	2021
<u>Equity instruments at fair value through other comprehensive income</u>		
Fair value change recognised in other comprehensive loss	(\$ 40,378,633)	\$ 21,768,401
Cumulative gains reclassified to retained earnings due to derecognition	\$ 1,711,746	\$ 795,774
Dividend income recognised in profit or loss	\$ 2,310,810	\$ 557,146

- C. The Group has no financial assets at fair value through other comprehensive income pledged to others.
- D. Details of the Group's investments in equity instruments are provided in Table 3.

(4) Financial assets at amortised cost and other current assets

Items	December 31, 2022	December 31, 2021
Current items:		
Time deposits with maturity over three months	\$ 14,533,080	\$ 47,684,955
Financial bonds-trust fund	2,865,200	-
Restricted bank deposits	241,910	146,545
Pledged time deposits	56,777	176,938
	\$ 17,696,967	\$ 48,008,438
Non-current items:		
Financial bonds-trust fund	\$ 3,526,400	\$ 9,143,610
Time deposits with maturity over twelve months	9,277,577	14,194,221
Restricted bank deposits	53,816	57,901
Pledged time deposits	56,200	53,352
	\$ 12,913,993	\$ 23,449,084
Other current assets	\$ 3,059,394	\$ 10,750,494

A. Amounts recognised in profit or loss in relation to financial assets at amortised cost are listed below:

	Years ended December 31,	
	2022	2021
Interest income	\$ 1,372,607	\$ 2,710,396

B. The Group invested in the trust fund named Guangdong Finance Trust - Peng Yun Tian Hua Collection Fund Trust in December 2017 which was mainly created for the investment in Guangzhou Guangyin Nanyue Intelligent Technology Industrial Investment Partnership. As of December 31, 2022, the Group has invested a total of RMB 3.5 billion and has redeemed RMB 2.05 billion. Under the agreement, the Group will take over the share in the trust of the preferred beneficiary, Bank of Guangzhou, in case it initiates a redemption.

C. The counterparties of the Group's investments in certificates of deposits are financial institutions with high credit quality, so the Group expects that the probability of counterparty default is remote.

D. Information relating to financial assets at amortised cost pledged as collateral is provided in Note 8.

E. The other current assets are mainly investment performance bond.

(5) Hedging financial assets and liabilities

Assets	December 31, 2022	December 31, 2021
Cash flow hedges:		
<u>Exchange rate risk</u>		
Forward foreign exchange contracts	\$ -	\$ 1,068,785

A. Hedge accounting is applied to remove the accounting inconsistency between the hedging

instrument and the hedged item. As the Group's US dollar denominated accounts receivable are exposed to the impact of variable exchange rate, the Group uses the risk exposed during the next 12 months with 1:1 hedge ratio to control the exchange rate risk under the acceptable range based on the Group's risk management policies.

B. The forecast transactions which are highly probable incurred in the Group's companies are designated as hedged item, and the intrinsic value of foreign exchange options is designated as cash flow hedge. Changes in fair value of foreign exchange options are included in other comprehensive income and are amortised and recognised in profit or loss during the contract period. There are economic relations between the hedging instrument and the hedged item, and the foreign exchange options are in line with major terms, such as monetary items, foreign currency borrowings or the currency and amount of bonds.

C. Transaction information associated with the Group adopting hedge accounting is as follows:

Hedged items	December 31, 2021		
	Hedging instruments	Notional amount	Contract period
<u>Financial assets</u>			
Cash flow hedges:			
Forecast transaction	Foreign exchange forward contracts	RMB (BUY) 23,259,750 USD (SELL) 3,590,000	2021.10.21~2022.05.26 2021.10.21~2022.05.26

D. Cash flow hedge

	2022	2021
<u>Other equity - cash flow hedge reserve</u>		
At January 1	\$ 195,897	\$ -
Add: (Losses) gains on hedge effectiveness-amount recognised in other comprehensive income	(23,286)	1,580,536
Less: Reclassified to profit or loss as the hedged item has affected profit or loss	(172,611)	(1,384,639)
At December 31	<u>\$ -</u>	<u>\$ 195,897</u>

(a) To hedge exposed exchange rate risk arising from forecast sales of goods and collections, the Group entered into a forward forecast sales agreement of US dollar, and the hedge ratio is 1:1. The effective portion with respect to the changes in the fair value of the hedging instruments is deferred and recognised in the cash flow hedge reserve, which is under other comprehensive income, and will be directly included in the sales revenue when the hedged items are subsequently recognised in accounts receivable.

(b) The Group separates changes in spot price and time value, only change in spot price is designated as hedging instruments. Changes in fair value, which is associated with hedged item, are recognised in other comprehensive income. Meanwhile, time value at hedging commencement date, which is associated with hedged items, are amortised during the period the hedging instrument affects profit or loss. The amortisation will be recognised in profit or

loss from other comprehensive income or loss.

E. Information relating to fair value risk of hedging financial assets and liabilities is shown in Note 12(3).

(6) Notes and accounts receivable

	<u>December 31, 2022</u>	<u>December 31, 2021</u>
Notes receivable	\$ 396,356	\$ 724,077
Accounts receivable	1,071,849,762	1,132,576,254
Less: Allowance for sales returns and allowances	(11,266,033)	(7,537,720)
	<u>\$ 1,060,980,085</u>	<u>\$ 1,125,762,611</u>

A. As of December 31, 2022 and 2021, accounts receivable and notes receivable were all from contracts with customers. As of January 1, 2021, the balance of receivables from contracts with customers amounted to \$949,429,165.

B. On December 31, 2022 and 2021, the Group had accounts receivable classified as financial assets at fair value through other comprehensive income in the amounts of \$92,897,750 and \$97,923,986, respectively.

C. The Group entered into a factoring agreement with the following banks to sell its accounts receivable. Under the agreement, the Group is not obligated to bear the default risk of the transferred accounts receivable, but is liable for the losses incurred on any business dispute. The Group does not have any continuing involvement in the transferred accounts receivable. Thus, the Group derecognised the transferred accounts receivable.

As of December 31, 2022 and 2021, the relevant information of accounts receivable factored but unsettled were as follows:

<u>December 31, 2022</u>			
<u>Accounts receivable factoring not due yet</u>	<u>Amount of accounts receivable derecognised</u>	<u>Amount advanced</u>	<u>Amount of consideration retained</u>
<u>\$ 27,639,000</u>	<u>\$ 27,639,000</u>	<u>\$ 27,639,000</u>	<u>\$ -</u>
<u>December 31, 2021</u>			
<u>Accounts receivable factoring not due yet</u>	<u>Amount of accounts receivable derecognised</u>	<u>Amount advanced</u>	<u>Amount of consideration retained</u>
<u>\$ 47,478,385</u>	<u>\$ 47,478,385</u>	<u>\$ 47,478,385</u>	<u>\$ -</u>

As of December 31, 2022 and 2021, the Group has no retention for the factoring of accounts receivable

D. As of December 31, 2022 and 2021, the Group has not signed promissory notes as guarantee for accounts receivable in commercial dispute.

E. For the years ended December 31, 2022 and 2021, the information on the financing charges incurred from accounts receivable factoring is provided in Note 6(37).

F. The Group does not hold any collateral as security.

G. Information relating to credit risk is provided in Note 12(2).

(7) Other receivables

	<u>December 31, 2022</u>	<u>December 31, 2021</u>
Tax refund receivable	\$ 29,236,280	\$ 34,931,286
Interest receivable	10,887,532	10,593,862
Loans to related parties	-	703,187
Others	<u>15,878,815</u>	<u>13,282,071</u>
	<u>\$ 56,002,627</u>	<u>\$ 59,510,406</u>

The Group's other receivables are due from entities with good credit quality and government agencies. There is no significant credit risk as default is unlikely to occur.

(8) Inventories

	<u>December 31, 2022</u>	<u>December 31, 2021</u>
Raw materials	\$ 315,841,715	\$ 277,215,967
Work in process	200,135,075	130,957,036
Finished goods	409,997,122	224,581,205
Inventory in transit	<u>39,526,287</u>	<u>57,974,054</u>
	965,500,199	690,728,262
Less: Allowance for inventory obsolescence and market price decline	<u>(26,478,147)</u>	<u>(18,582,897)</u>
	<u>\$ 939,022,052</u>	<u>\$ 672,145,365</u>

Expenses and losses incurred on inventories for the years ended December 31, 2022 and 2021 were as follows:

	<u>For the years ended December 31,</u>	
	<u>2022</u>	<u>2021</u>
Cost of inventories sold	\$ 6,230,204,207	\$ 5,650,193,666
Loss on inventory obsolescence and market price decline (Gain from price recovery)	7,900,930	(5,237,663)
Revenue from sale of scraps	(11,614,398)	(13,338,531)
Others	<u>420,853</u>	<u>429,364</u>
	<u>\$ 6,226,911,592</u>	<u>\$ 5,632,046,836</u>

As the Group sold some inventory with net realisable value lower than its cost, the allowance for inventory obsolescence and market price decline was reversed for the year ended December 31, 2021.

(9) Investments accounted for using equity method

	<u>2022</u>	<u>2021</u>
At January 1	\$ 194,593,652	\$ 175,199,441
Addition of investments accounted for using equity method	48,035,635	10,000,630
Deemed disposal of investments accounted for using equity method	-	7,689,350
Disposal of investments accounted for using equity method	(1,216,393)	(379,750)
Earnings distribution of investments accounted for using equity method	(6,149,732)	(4,984,744)
Share of profit or loss of investments accounted for using equity method	5,772,788	18,404,717
Changes in retained earnings	(367,570)	1,185,792
Changes in capital surplus	321,565	(4,642,079)
Changes in other equity items	(9,446,829)	(5,715,865)
Impairment loss	(599,189)	-
Other	8,545,122	(2,163,840)
At December 31	<u>\$ 239,489,049</u>	<u>\$ 194,593,652</u>

- A. For the year ended December 31, 2021, the Group either disposed its equity interest or did not participate in the capital increase of certain subsidiaries proportionally to its interest, thereby reducing its shareholding ratios in the subsidiaries, Cybertan Technology Corporation, Linksys Holdings, Inc. and Mobile Drive Netherlands B.V. As a result, the Group lost control over the aforementioned subsidiaries, and remeasured any investment retained in the investees at their fair values totalling \$7,689,350. The related gain on deemed disposals amounting to \$1,881,324 was recognised for the year ended December 31, 2021. Details are provided in Note 4(3).
- B. The Group acquired the new shares of XSEMI Corporation in May 2022 and held 51% equity interest which resulted in the Group having control over XSEMI Corporation. Subsequently, XSEMI Corporation participated in the new share private placement of Advanced Power Electronics Corporation in the amount of \$2,886,800 and held 30.08% of shares which were shown as investment accounted for using the equity method.
- C. A subsidiary of the Group, Foxconn Industrial Internet Co., Ltd., entered into the ‘Partnership Agreement of Xingwei (Guangzhou) industrial investment partnership (Limited Partnership)’ on March 25, 2022. As a limited partner, Foxconn Industrial Internet Co., Ltd. subscribed the shares of fund of Xingwei (Guangzhou) industrial investment partnership (Limited Partnership) amounting to RMB 9.8 billion.
- D. The abovementioned changes in other equity items refer to recognition of currency translation differences of associates and unrealised gains (losses) on valuation of financial assets. Others arise from the translation of the financial statements of the foreign operations’ associates into the

Group's presentation currency.

E. Associates

(a) The basic information of the associates that are material to the Group is as follows:

Company name	Principal place of business	Shareholding ratio		Nature of relationship	Method of measurement
		December 31, 2022	December 31, 2021		
Sharp Corporation	Japan	34%	36%	Strategic Investment	Equity method
Xingwei (Guangzhou) industrial investment partnership (Limited Partnership)	China	-	-	Strategic Investment	Equity method
Foxconn Technology Co., Ltd.	Taiwan	29%	29%	Supplier	Equity method
Zhen Ding Technology Holding Limited	Cayman	32%	32%	Supplier	Equity method

(b) The summarised financial information of the associates that are material to the Group is as follows:

Balance sheet

	Sharp Corporation	
	December 31, 2022	December 31, 2021
Current assets	\$ 283,275,149	\$ 297,235,153
Non-current assets	212,357,361	176,118,468
Current liabilities	(220,950,582)	(205,544,287)
Non-current liabilities	(163,825,035)	(163,303,108)
Total net assets	110,856,893	104,506,226
Effect of accounting principles	(4,598,929)	1,595,032

Dividends received from associates	\$ 708,765	\$ 750,457
	<u>Zhen Ding Technology Holding Limited</u>	
	<u>For the years ended December 31,</u>	
	<u>2022</u>	<u>2021</u>
Revenue	\$ 171,356,495	\$ 155,022,197
Profit for the year from continuing operations	20,535,312	13,694,368
Other comprehensive income (loss), net of tax	2,584,986	(1,113,422)
Total comprehensive income	\$ 23,120,298	\$ 12,580,946
Dividends received from associates	\$ 1,635,495	\$ 1,377,838

(c) The carrying amount of the Group's interests in all individually immaterial associates and the Group's share of the operating results are summarised below:

As of December 31, 2022 and 2021, the carrying amount of the Group's individually immaterial associates amounted to \$62,582,757 and \$53,051,130, respectively.

	For the years ended December 31,	
	2022	2021
Profit for the year from continuing operations	\$ 10,289,995	\$ 11,180,528
Other comprehensive income, net of tax	180,235	445,829
Total comprehensive income	<u>\$ 10,470,230</u>	<u>\$ 11,626,357</u>

(d) The fair value of the Group's material associates which have quoted market price was as follows:

	December 31, 2022	December 31, 2021
Sharp Corporation	\$ 48,657,481	\$ 70,459,734
Foxconn Technology Co., Ltd.	21,638,167	27,058,132
Zhen Ding Technology Holding Limited	32,079,141	30,704,321
	<u>\$ 102,374,789</u>	<u>\$ 128,222,187</u>

(e) The Group is the single largest shareholder of the following companies, and has no control, but only has a significant influence on the company as described below.

- i. The Group is the single largest shareholder of Sharp Corporation with a 34% equity interest. Given that the Group does not hold the voting rights of more than half of its shareholders attendance rate, which indicates that the Group has no current ability to direct the relevant activities of Sharp Corporation, the Group has no control, but only has significant influence, over the investee.
- ii. The Group is the single largest shareholder of Foxconn Technology Co., Ltd. with a 29% equity interest. Given that the Group does not hold the voting rights of more than half of its shareholders attendance rate, which indicates that the Group has no current ability to direct the relevant activities of Foxconn Technology Co., Ltd., the Group has no control, but only has significant influence, over the investee.
- iii. The Group is the single largest shareholder of Zhen Ding Technology Holding Limited with a 32% equity interest. Given that the Group does not hold the voting rights of more than half of its shareholders attendance rate, which indicates that the Group has no current ability to direct the relevant activities of Zhen Ding Technology Holding Limited, the Group has no control, but only has significant influence, over the investee.
- iv. The Group is the single largest shareholder of Xingwei (Guangzhou) Industrial Investment Partnership (Limited Partnership) with a 99% equity interest. Given that the Group only serves as the limited partner of the fund, it did not obtain more than half of the seats in the investment committee of the fund and the matters deliberated by the investment committee shall be agreed and passed by all members to be valid, the Group has no control, but only has significant influence, over the investee.

A. Details of the aforementioned property, plant and equipment acquired from business combinations are provided in Note 6(40).

B. Details of property, plant and equipment pledged as collateral are provided in Note 8.

(11) Leasing arrangements — lessee

A. The Group leases various assets including land, land use right, buildings and other equipment.

The periods of lease contracts are as follows:

Land and land use right: 2~50 years

Buildings: 1~15 years

Other equipment: 1~7 years

Lease terms are negotiated on an individual basis and contain a wide range of different terms and conditions. It does not enjoy the right to extend the lease term. The lease agreements do not impose covenants, but leased assets may not be used as security for borrowing purposes.

B. Short-term leases with a lease term of 12 months, include dormitories, business vehicles and office.

C. The carrying amount of right-of-use assets and the depreciation charge are as follows:

	<u>December 31, 2022</u>	<u>December 31, 2021</u>
	<u>Carrying amount</u>	<u>Carrying amount</u>
Land and land use right	\$ 17,648,123	\$ 17,078,178
Buildings	21,950,289	22,338,115
Other equipment	807,384	843,899
	<u>\$ 40,405,796</u>	<u>\$ 40,260,192</u>

	<u>Years ended December 31,</u>	
	<u>2022</u>	<u>2021</u>
	<u>Depreciation charge</u>	<u>Depreciation charge</u>
Land and land use right	\$ 554,858	\$ 1,012,696
Buildings	8,615,465	8,813,673
Other equipment	572,178	813,166
	<u>\$ 9,742,501</u>	<u>\$ 10,639,535</u>

D. For the years ended December 31, 2022 and 2021, the additions to right-of-use assets were \$11,568,340 and \$11,931,110, respectively.

E. The information on income and expense accounts relating to lease contracts is as follows:

	<u>Years ended December 31,</u>	
	<u>2022</u>	<u>2021</u>
<u>Items affecting profit or loss</u>		
Interest expense on lease liabilities	\$ 907,826	\$ 1,300,151
Expense on short-term lease contracts	\$ 4,089,261	\$ 3,967,179
Gain from lease modification	\$ 2,414	\$ -

F. For the years ended December 31, 2022 and 2021, the Group's total cash outflow for leases were \$15,919,791 and \$17,266,641, respectively.

(12) Leasing arrangements—lessor

A. The Group mainly leases machinery and equipment. Rental contracts are typically made for 5 years.

B. The maturity analysis of the undiscounted lease payments in the finance lease is as follows:

	<u>December 31, 2022</u>	<u>December 31, 2021</u>
No later than one year	\$ 488,119	\$ 456,976
Later than one year but not later than five years	<u>617,570</u>	<u>1,015,846</u>
	<u>\$ 1,105,689</u>	<u>\$ 1,472,822</u>

C. Reconciliation of the undiscounted lease payments and the net investment in the finance lease is provided as follows:

	<u>December 31, 2022</u>	
	<u>Current</u>	<u>Non-current</u>
Undiscounted lease payments	\$ 488,119	\$ 617,570
Unearned finance income	<u>(14,007)</u>	<u>(7,047)</u>
Net investment in lease	<u>\$ 474,112</u>	<u>\$ 610,523</u>
	<u>December 31, 2021</u>	
	<u>Current</u>	<u>Non-current</u>
Undiscounted lease payments	\$ 456,976	\$ 1,015,846
Unearned finance income	<u>(17,016)</u>	<u>(21,611)</u>
Net investment in lease	<u>\$ 439,960</u>	<u>\$ 994,235</u>

The net investment in the financial lease is shown as “other receivables” and “other non-current assets”, respectively.

(13) Investment property

	<u>Land and buildings</u>	
	<u>2022</u>	<u>2021</u>
<u>At January 1</u>		
Cost	\$ 15,688,409	\$ 15,528,707

A. The amounts of disposal of subsidiaries stated above is mainly from Linksys, an originally 67%-owned subsidiary of the Group's subsidiary, Foxconn Interconnect Technology Limited, which issued new shares for a cash capital increase in the third quarter of 2021, and the Group did not participate in the subscription. As the shareholding percentage of the Group in Linksys decreased to 49%, the Group lost control over Linksys, and it ceased to be included in the consolidated financial statements. Refer to Note 4(3) for details.

B. Impairment assessment for goodwill of Belkin International Inc.

As of December 31, 2022, the Group's goodwill from the acquisition of Belkin International Inc. (referred herein as "Belkin") decreased to \$11,684,205 as a result of the disposal of LINKSYS, a subsidiary of Belkin, in 2021. Impairment assessment of goodwill is allocated to Belkin's CGU. The recoverable amount of the CGU relating to the goodwill arising from acquisition of Belkin was determined based on value-in-use calculation. The calculation uses projected cash flows based on financial budgets for the next five-year period.

Management determined expected revenue growth rate based on past performance and their expectations of market development. The long-term weighted average growth rates used are consistent with the projection included in industry reports. Pre-tax discount rate used reflects the risk premium of the segment and operating region.

The assumptions used in the main assessment as of December 31, 2022 are as follows:

Five-year compound revenue growth rate	<u>11.0%</u>
Long-term growth rate	<u>2%</u>
Pre-tax discount rate	<u>20.0%</u>

Based on the above assessment, there is no impairment loss on goodwill as of December 31, 2022.

C. The details of amortization are as follows:

	Years ended December 31,	
	2022	2021
Operating costs and operating expenses	<u>\$ 3,738,723</u>	<u>\$ 3,431,558</u>

(15) Other non-current assets

	<u>December 31, 2022</u>	<u>December 31, 2021</u>
Long-term prepayments		
- 3.5GHz frequency band through MOCN	\$ 11,070,154	\$ 11,181,732
- Utility duct access	547,918	730,558
Refundable deposits	2,485,549	1,987,126
Assets recognised for incremental costs of obtaining contract with customers	2,260,263	2,405,061
Prepayments for equipment	2,504,153	4,855,392
Net investment in lease	610,523	994,235
Others	7,933,181	6,543,511
	<u>\$ 27,411,741</u>	<u>\$ 28,697,615</u>

A. 3.5GHz frequency band through Multi Operator Core Network (MOCN)

A subsidiary of the Group, Asia Pacific Telecom Co., Ltd., entered into a cooperation agreement on 3.5GHz frequency band through MOCN with Far EasTone Telecommunications Co., Ltd. (FET). The period of the agreement is from September 4, 2020 to December 31, 2040. This cooperation agreement was approved with conditions by the National Communications Commission (NCC) Committee and the Fair Trade Commission. Both signing parties agreed that the Group will share two-ninths of the network deployment cost of FET's 3.5GHz frequency band in order to obtain use right capacity, of which the cost of spectrum sharing amounted to \$9,473,000.

B. Incremental costs of obtaining a contract

A subsidiary of the Company, Asia Pacific Telecom Co., Ltd., recognises the incremental costs (mainly comprised of sales commissions) of obtaining a contract with a customer as an asset if the Group expects to recover those costs. The recognised asset is amortised on a systematic basis that is consistent with the transfers to the customer of the goods or services to which the asset relates. The Group recognised amortised costs of \$2,114,054 and \$1,924,300 in profit or loss for the years ended December 31, 2022 and 2021, respectively.

C. Details of net investment in lease is provided in Note 6(12).

D. Details of other non-current assets pledged as collateral are provided in Note 8.

(16) Short-term notes and bills payable

	<u>December 31, 2022</u>	<u>December 31, 2021</u>
Commercial paper	\$ 31,555,403	\$ 24,010,000
Less: Unamortized discount	(63,906)	(10,883)
	<u>\$ 31,491,497</u>	<u>\$ 23,999,117</u>
Interest rates per annum	<u>1.35%~2.15%</u>	<u>0.328%~1.10%</u>

(17) Short-term loans

Type of loans	December 31, 2022	Interest rate range	Collateral
Bank loans			
Credit loans	<u>\$ 582,610,083</u>	0%~7.05%	None
Type of loans	December 31, 2021	Interest rate range	Collateral
Bank loans			
Credit loans	<u>\$ 546,372,008</u>	0%~6.4%	None

The Group has signed an agreement to offset financial assets and liabilities with financial institutions. The agreement meets the offsetting criteria of IAS 32, whereby the financial assets and liabilities are offset and reported in the net amount in the balance sheet. Details of the offset as of December 31, 2022 and 2021 are as follows:

December 31, 2022			
Description	Gross amount of recognised financial assets and liabilities	Gross amount of recognised financial assets and liabilities offset in the balance sheet	Net amount of financial assets and liabilities presented in the balance sheet
Bank deposits and loans	<u>\$ 681,969,373</u>	<u>\$ 681,969,373</u>	<u>\$ -</u>
December 31, 2021			
Description	Gross amount of recognised financial assets and liabilities	Gross amount of recognised financial assets and liabilities offset in the balance sheet	Net amount of financial assets and liabilities presented in the balance sheet
Bank deposits and loans	<u>\$ 1,038,395,341</u>	<u>\$ 1,038,395,341</u>	<u>\$ -</u>

(18) Other payables

	December 31, 2022	December 31, 2021
Awards and salaries payable	\$ 62,934,936	\$ 52,449,475
Payables for equipment	28,837,155	24,349,399
Employees' bonuses payable	20,241,273	19,956,295
Consumption goods expense payable (including indirect materials)	13,083,091	13,908,782
Accrued interest payable	11,657,373	6,960,013
Royalty fees payable	5,465,498	5,570,915
Tax payable	5,978,962	4,917,458
Restricted stock repurchase obligation	1,117,627	2,220,250
Others	97,419,676	82,762,346
	<u>\$ 246,735,591</u>	<u>\$ 213,094,933</u>

A subsidiary of the Group, Foxconn Industrial Internet Co., Ltd., issued employees' restricted shares in 2019. Employees must pay to acquire those stocks, and if employees resign during the vesting period, they must return the stocks to the Group and the Group must refund payments made on the

stocks. The Group recognises the payments from the employees who are expected to resign during the vesting period as liabilities at the grant date.

(19) Other current liabilities

	<u>December 31, 2022</u>	<u>December 31, 2021</u>
Receipts in advance of payments for equipment on behalf of others	\$ 34,720,807	\$ 20,350,055
Deposits received	43,489,589	15,085,440
Contract liabilities - advance payment	20,738,272	13,600,629

Others	4,365,174	4,992,192
	<u>\$ 110,520,773</u>	<u>\$ 61,770,571</u>

(20) Bonds payable

	<u>December 31, 2022</u>	<u>December 31, 2021</u>
Convertible bonds payable	\$ 20,683,116	\$ 33,961,558
Add: Premium on bonds payable	7,500	7,500
Less: Discount on bonds payable	(1,124)	(208,114)
	20,689,492	33,760,944
Corporate bonds payable	148,050,000	146,300,000
Foreign unsecured corporate bonds	89,949,590	82,595,736
	258,689,082	262,656,680
Less: Current portion (shown as “Long-term liabilities, current portion”)	(13,406,376)	(36,397,890)
	<u>\$ 245,282,706</u>	<u>\$ 226,258,790</u>

A. First overseas convertible bond issue of 2017

(a) The Company issued the first overseas unsecured convertible bonds totaling USD 500 million with the approval of the competent authority on August 22, 2017. The bonds carry zero coupon rate over five years. The circulation period is from November 6, 2017 to November 6, 2022.

(b) The conversion options for the first overseas convertible bond issue of 2017 are separated from the liabilities and recorded as ‘capital surplus – share options’ amounting to \$1,099,253. The convertible bonds matured on November 6, 2022. The convertible corporate bonds were not converted into ordinary shares, therefore, ‘capital surplus - share options’ was reclassified to ‘capital surplus - share premium’.

B. First unsecured convertible bond issue of 2018

(a) ShunSin Technology Holdings Limited, a subsidiary of the Group, issued the first unsecured convertible bonds totaling \$1,500 million with the approval of the competent authority on January 10, 2018. The bonds carry zero coupon rate over five years. The circulation period is from February 12, 2018 to February 12, 2023. On February 13, 2023, the trading of these

corporate bonds on the Taipei Exchange was terminated.

(d) The details of financial asset (liabilities) at fair value through profit or loss are as follows:

	December 31, 2022	December 31, 2021
Embedded derivatives (i.e. put options and redemption rights)	\$ -	\$ 2,550
Valuation loss	-	(2,550)
	<u>\$ -</u>	<u>\$ -</u>

C. First overseas unsecured convertible bond issue of 2021

(a) The Company issued the first overseas unsecured convertible bonds totaling USD 700 million with the approval of the competent authority on May 26, 2021. The bonds carry zero coupon rate over five years. The circulation period is from August 5, 2021 to August 5, 2026. The Company will fully redeem the bonds at the price of the bonds' face value plus -0.41% of the face value at the maturity date.

(b) The conversion price is adjusted in line with the model specified in the conversion rules. As of September 30, 2022, no bonds were converted into common stock at the conversion price of NT\$155.448 in dollars (using the exchange rate of 1 USD: 27.978 TWD) which was adjusted by the Company on July 10, 2022 based on the conversion rules of the first overseas convertible bond issue of 2021.

(c) In accordance with the conversion rules, if the convertible bond is purchased (including purchased from the secondary market), early redeemed, or repaid at maturity by the Company, or if the convertible bond is converted into common stocks or redeemed by the bondholder, the bond is to be retired and will not be reissued.

(d) In accordance with the conversion rules, the rights and obligations of common stocks converted are the same as the outstanding ones previously subscribed.

(e) The conversion options for the first overseas convertible bond issue of 2021 are separated from the liabilities and recorded as 'capital surplus - share options' amounting to \$336,012.

(f) In accordance with the conversion rules, bondholders have the right to request the Company to redeem any bonds at the price of the bonds' par value upon three years from the issue date.

D. For details of principal, interest rate, maturity and other information of corporate bonds payable and foreign unsecured corporate bonds, refer to Table 12.

A. Throughout the term of Mizuho Corporate Bank Ltd., JihSun International Commercial Bank Co., Ltd., ING Bank, N.V., First Commercial Bank and ChinaTrust Commercial Bank Ltd., etc. syndicated long-term loan agreements, the Group shall maintain certain financial ratios including current ratio, net debt to tangible assets and interest coverage ratio, to be tested semi-annually and annually on consolidated basis. Based on the Group's consolidated financial statements as of December 31, 2022, the Group was able to meet the required financial covenants under the syndicated loan agreements.

B. Details of assets pledged as collateral for long-term loans are provided in Note 8.

(22) Pensions

A. Defined benefit plans

(a) The Company has a defined benefit pension plan in accordance with the Labor Standards Law of Taiwan, covering all regular employees' service years prior to the enforcement of the Labor Pension Act on July 1, 2005 and service years thereafter of employees who chose to continue to be subject to the pension mechanism under the Law. Under the defined benefit pension plan, two units are accrued for each year of service for the first 15 years and one unit for each additional year thereafter, subject to a maximum of 45 units. Pension benefits are based on the number of units accrued and the average monthly salaries and wages of the last 6 months prior to retirement. The Company contributes monthly an amount equal to 2% of the employees' monthly salaries and wages to the retirement fund deposited with Bank of Taiwan, the trustee, under the name of the independent retirement fund committee. Also, the Company would assess the balance in the aforementioned labor pension reserve account by December 31, every year. If the account balance is insufficient to pay the pension calculated by the aforementioned method to the employees expected to qualify for retirement in the following year, the Company will make contributions for the deficit by next March.

(b) The amounts recognised in the balance sheet are as follows (shown as "other non-current liabilities"):

	<u>December 31, 2022</u>	<u>December 31, 2021</u>
Present value of defined benefit obligations	\$ 1,545,895	\$ 1,802,651
Fair value of plan assets	(523,516)	(536,491)
Net defined benefit liability	<u>\$ 1,022,379</u>	<u>\$ 1,266,160</u>

(c) Movements in net defined benefit liabilities are as follows:

	2022		
	Present value of defined benefit obligations	Fair value of plan assets	Net defined benefit liability
At January 1	\$ 1,802,651	\$ 536,491	\$ 1,266,160
Current service cost	5,747	-	5,747
Interest income	-	3,755	(3,755)
Interest expense	12,618	-	12,618
	<u>1,821,016</u>	<u>540,246</u>	<u>1,280,770</u>
Remeasurements:			
Return on plan assets (excluding amounts included in interest income or expense)	-	41,066	(41,066)
Change in financial assumptions	(124,424)	-	(124,424)
Experience adjustments	(42,796)	-	(42,796)
	<u>(167,220)</u>	<u>41,066</u>	<u>(208,286)</u>
Pension fund contribution	-	13,285	(13,285)
Paid pension	(107,901)	(71,081)	(36,820)
At December 31	<u>\$ 1,545,895</u>	<u>\$ 523,516</u>	<u>\$ 1,022,379</u>

	2021		
	Present value of defined benefit obligations	Fair value of plan assets	Net defined benefit liability
At January 1	\$ 1,944,761	\$ 543,215	\$ 1,401,546
Current service cost	6,950	-	6,950
Interest income	-	2,173	(2,173)
Interest expense	7,779	-	7,779
	<u>1,959,490</u>	<u>545,388</u>	<u>1,414,102</u>
Remeasurements:			
Return on plan assets (excluding amounts included in interest income or expense)	-	8,137	(8,137)
Change in population assumptions	2,051	-	2,051
Change in financial assumptions	(66,734)	-	(66,734)
Experience adjustments	(30,026)	-	(30,026)
	<u>(94,709)</u>	<u>8,137</u>	<u>(102,846)</u>
Pension fund contribution	-	14,852	(14,852)
Paid pension	(62,130)	(31,886)	(30,244)
At December 31	<u>\$ 1,802,651</u>	<u>\$ 536,491</u>	<u>\$ 1,266,160</u>

(d) The Bank of Taiwan was commissioned to manage the Fund of the Company's defined benefit pension plan in accordance with the Fund's annual investment and utilisation plan and the "Regulations for Revenues, Expenditures, Safeguard and Utilisation of the Labor Retirement Fund" (Article 6: The scope of utilisation for the Fund includes deposit in domestic or foreign financial institutions, investment in domestic or foreign listed, over-the-counter, or private placement equity securities, investment in domestic or foreign real estate securitization products, etc.). With regard to the utilisation of the Fund, its minimum earnings in the annual distributions on the final financial statements shall be no less than the earnings attainable from the amounts accrued from two-year time deposits with the interest rates offered by local banks. If the earnings is less than aforementioned rates, government shall make payment for the deficit after being authorised by the Regulator. The Company has no right to participate in managing and operating that fund and hence the Company is unable to disclose the classification of plan assets fair value in accordance with IAS 19 paragraph 142. The composition of fair value of plan assets as of December 31, 2022 and 2021 is given in the Annual Labor Retirement Fund Utilisation Report announced by the government.

(e) The principal actuarial assumptions used were as follows:

	<u>2022</u>	<u>2021</u>
Discount rate	<u>1.4%</u>	<u>0.7%</u>
Future salary increases	<u>3.5%</u>	<u>3.5%</u>

Assumptions regarding future mortality rate are set based on actuarial advice in accordance with published statistics and experience in each territory. Because the main actuarial assumption changed, the present value of defined benefit obligation is affected. The analysis was as follows:

	<u>Discount rate</u>		<u>Future salary increases</u>	
	Increase	Decrease	Increase	Decrease
	<u>0.25%</u>	<u>0.25%</u>	<u>0.25%</u>	<u>0.25%</u>
<u>December 31, 2022</u>				
Effect on present value of defined benefit obligation	(\$ 41,388)	<u>\$ 42,951</u>	<u>\$ 38,312</u>	(\$ 37,194)
<u>December 31, 2021</u>				
Effect on present value of defined benefit obligation	(\$ 51,622)	<u>\$ 53,689</u>	<u>\$ 47,774</u>	(\$ 46,292)

The sensitivity analysis above is based on one assumption which changed while the other conditions remain unchanged. In practice, more than one assumption may change all at once. The method of analysing sensitivity and the method of calculating net pension liability in the balance sheet are the same. The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to the previous period.

(g) Expected contributions to the defined benefit pension plans of the Group for the year ending December 31, 2022 amount to \$13,314.

(h) As of December 31, 2022, the weighted average duration of the retirement plan is 12 years.

B. Defined contribution plans

(a) Effective July 1, 2005, the Company and its domestic subsidiaries have established a defined contribution pension plan (the "New Plan") under the Labor Pension Act (the "Act"), covering all regular employees with R.O.C. nationality. Under the New Plan, the Company and its domestic subsidiaries contribute monthly an amount based on 6% of the employees' monthly salaries and wages to the employees' individual pension accounts at the Bureau of Labor Insurance. The benefits accrued are paid monthly or in lump sum upon termination of employment.

(b) The subsidiaries in mainland China have defined contribution pension plans and contribute an amount monthly based on 8%~9% of employees' monthly salaries and wages to an independent fund administered by a government agency. The plan is administered by the government of mainland China. Other than the monthly contributions, the Group does not have further pension liabilities.

(c) The pension costs under the defined contribution pension plans of the Group for the years

ended December 31, 2022 and 2021 were \$18,290,482 and \$16,463,143, respectively.

(23) Share-based payment

As of December 31, 2022 and 2021, the share-based payment transactions of Foxconn Interconnect Technology Limited and Foxconn Industrial Internet Co., Ltd., Bharat FIH Limited and FIH Mobile Limited, subsidiaries of the Company, are set forth below:

<u>Type of arrangement</u>	<u>Grant date</u>	<u>Quantity granted</u>	<u>Vesting conditions</u>
Senior management share grant plan	January 2015	349,440,000	Note (1)
Restricted share plan	December 2017	259,240,433	Note (2)
Restricted share plan	April 2019	149,183,352	Note (2)
Restricted share plan	September 2019	10,348,325	Note (2)
Restricted share plan	December 2019	18,881,226	Note (2)
Employee stock options	April 2019	25,947,021	Note (3)
Employee stock options	September 2019	473,000	Note (3)
Employee stock options	December 2019	6,013,755	Note (3)
Treasury stock award program	From 2021 to 2022	18,942,000	Note (4)
Employee stock options	December 2018	41,763,000	Note (5)
Stock options plan	December 2021	83,110,000	Note (6)
Share award program	December 2021	7,328,361	Note (7)

Note 1: Grantees do not need to pay to acquire those shares. Such vesting schedule was subsequently revised by the Company in May 2017, under which the shares will be vested from March 31, 2018 in accordance with the number of the grantees' shares at 12% in each quarter of 2018 and 3.25% in each quarter from 2019 to 2022.

Note 2: The employees can only exercise the rights after fulfilling the stipulated term of service under the limited partnership agreement. The difference between the fair value of the equity instrument and the consideration paid by the employee to acquire the instrument is amortised over a service period of 3 to 5 years starting from the grant date.

Note 3: From the date of grant that exercises issue annually in five years, each issue exercises 20% equally.

Note 4: It pertains to the acquisition of the Company's shares from the open market for transfer to employees, and are vested immediately.

Note 5: Vesting period is over 1 to 4 years starting from grant date which was December 28, 2018.

Note 6: Grantees need to pay to acquire those shares. Vesting period is over 1 to 3 years starting from the grant date. Exercise period is starting from December 1, 2022 to November 30, 2029.

Note 7: Grantees do not need to pay to acquire those shares. Vesting period is starting from the grant date to January 2022.

A. Senior management share grant plan-Foxconn Interconnect Technology Limited

The weighted average fair value of shares granted under this plan determined using the H-model was USD 0.25 per share. The significant inputs into the model were weighted average cost of

capital of 13.4%, perpetuity growth rate of 3%, discount for lack of marketability of 20% and control premium of 20%. The volatility is measured at the standard deviation of continuously compounded share returns based on statistical analysis of daily share prices of comparable companies in the market. For the years ended December 31, 2022 and 2021, expenses incurred on senior management share grant plan were \$26,969 (USD905 thousand) and \$70,379 (USD2,512 thousand), respectively.

B. Restricted share plan-Foxconn Industrial Internet Co., Ltd.

The fair value of shares granted was RMB3,873,301 thousand. For the years ended December 31, 2022 and 2021, expenses incurred on restricted share plan were \$878,424 (RMB198,653 thousand) and \$2,192,527 (RMB504,679 thousand), respectively.

C. Employee stock options-Foxconn Industrial Internet Co., Ltd.

The increment of fair value related to the Options determined using the Black-Scholes model was RMB217,098 thousand.

For the years ended December 31, 2022 and 2021, expenses incurred on employee stock options were reversed amounting to \$94,456 (RMB21,361 thousand) and \$125,427 (RMB28,871 thousand), respectively.

D. Share incentive plan - Foxconn Interconnect Technology Limited

The share incentive plan is to purchase treasury shares from the market in 2017 and hold them in trust form until employees reach the conditions of grant set by the plan. For the years ended December 31, 2022 and 2021, expenses incurred on the share incentive plan were \$80,877 (USD2,714 thousand) and \$26,203 (USD935 thousand), respectively.

E. Employee stock options-Foxconn Interconnect Technology Limited

For the year ended December 31, 2018, the Company granted certain eligible employees an aggregated 41,763,000 share options at an exercise price of HKD3.422 per share and will be vested over 1-year to 4-year period. The share options granted are subject to performance related adjustment. The fair value of the options determined using the Black-Scholes model was USD6,139 thousand, and the share-based payment expenses incurred under this transaction for the years ended December 31, 2022 and 2021 were \$9,208 (USD309 thousand) and \$20,145 (USD720 thousand), respectively.

F. Stock option plan - Bharat FIH Limited

For the year ended December 31, 2021, the subsidiary granted certain eligible employees and professionals an aggregated 83,110,000 units of options at an exercise price of INR 20 per unit and will be vested over 1-year to 3-year period. The fair value of the options determined using the Black-Scholes model was INR 11 per unit. The main assumptions used are expected price volatility of 52.46%, expected option life of 5.1 years, risk-free interest rate of 5.68% and dividend rate of 0%. On June 12, 2022, the option plan was cancelled pursuant to the approval of the Board of Directors of the subsidiary as well as those who were granted the options. The share-based payment expense incurred under this transaction for the years ended December 31,

2022 and 2021 were \$283,459 (USD 9,512 thousand) and \$13,697 (USD 489 thousand), respectively.

G. Share incentive plan - FIH Mobile Limited

In December 2021, the subsidiary granted certain individuals an aggregated 7,328,361 ordinary shares, which are only allowed to be sold before January 2022. Those shares were repurchased from the market and deposited at the trust. The share-based payment expense incurred under this transaction for the years ended December 31, 2022 and 2021 were \$20,381 (USD 684 thousand) and \$14,369 (USD 513 thousand), respectively.

A. The Group provides warranties on 3C products sold. Provision for warranty is estimated based on historical warranty data of 3C products.

B. In accordance with the applicable agreements or the law/regulation requirements, the Group bears dismantling, removing the asset and restoring the site obligations for certain base stations. Provision was recognised at the present value of costs which was estimated to be incurred for dismantling, removing the asset and restoring the site. The decommissioning activities are ongoing.

(26) Share capital—common stock

A. As of December 31, 2022, the Company's authorised capital was \$180,000,000, consisting of 18 billion shares of ordinary stock, and the paid-in capital was \$138,629,906, consisting of 13,862,991 thousand shares with a par value of \$10 (in dollars) per share. All proceeds from shares issued have been collected.

B. Pursuant to the resolution adopted at the stockholders' meeting held on June 1, 1999, and after obtaining approval from the SFC, the Company issued 50 million ordinary shares so as to issue 25 million units of global depository receipts (GDRs) in Europe, Asia and the USA. The issuance amounted to USD 347,250 thousand, and the main terms and conditions of the GDRs are as follows:

(a) Voting

Holders of GDRs have no right to directly exercise voting rights or attend the Company's stockholders' meeting, except when a motion is on the election of directors or supervisors.

A holder or holders together holding at least 51% of the GDRs outstanding at the relevant record date of the stockholders' meeting can instruct the Depository to vote in the same direction in respect of one or more resolutions to be proposed at the meeting.

(b) Sale and withdrawal of GDRs

Under the current R.O.C. law, shares represented by the GDRs may be withdrawn by holders of GDRs commencing three months after the initial issue of GDRs. A holder of a GDR may, provided that the Company has delivered to the custodian physical share certificates in respect of the Deposited Shares, request the Depository to sell or cause to be sold on behalf of such holder the shares represented by such GDRs.

(c) Dividends

GDR holders are entitled to receive dividends to the same extent as the holders of common stock.

(d) As of December 31, 2022, 76,072 thousand units of GDRs were outstanding, which represents 152,143 thousand shares of common stock.

C. Treasury stocks

The Company's subsidiary, Hon Jin International Investment Co., Ltd., acquired ordinary shares issued by the Company in 1998. As of December 31, 2022 and 2021, the subsidiary held a total of 1,483,078 shares of the Company's common stock. The original cost of treasury stocks was \$18,901, and the cost after capital reduction was \$15,194.

(27) Capital surplus

Pursuant to the R.O.C. Company Act, capital reserve arising from paid-in capital in excess of par value on issuance of common stocks and donations can be used to cover accumulated deficit or to issue new stocks or cash to shareholders in proportion to their share ownership, provided that the Company has no accumulated deficit. Further, the R.O.C. Securities and Exchange Act requires that the amount of capital reserve to be capitalised mentioned above should not exceed 10% of the paid-in capital each year. Capital reserve should not be used to cover accumulated deficit unless the legal reserve is insufficient.

equity component of convertible bonds issued, refer to Note 6(20) for details.

(28) Retained earnings

A. The annual net income of the Company shall be appropriated in accordance with the priorities listed as follows:

- (a) Recovery of losses;
- (b) Appropriation of 10% for legal reserve.
- (c) Appropriation or reversal of special reserve pursuant to applicable law or regulation.

As to the earnings available for appropriation to shareholders including accumulated unappropriated earnings and earnings available for appropriation this year, the board of directors is authorised to draft an appropriation plan in accordance with the dividend policy in Section D of the Articles of Incorporation.

The board of directors is authorised to distribute dividends and bonuses in whole or in part, which may be paid in cash after a resolution has been adopted by a majority vote at a meeting of the board of directors attended by two-thirds of the total number of directors.

The Company is currently at a developing stage. The Company's dividend distribution policy is subject to the Company's current and future investment environment, fund requirements, competition from local and abroad, and capital budgets, as well as taking into consideration the interests of shareholders and the long-term financial planning. Shareholder dividends are appropriated based on accumulated unappropriated earnings, which shall not be less than 15% of distributable earnings for the year and cash dividends shall not be less 10% of total dividends.

B. Except for covering accumulated deficit or issuing new stocks or cash to shareholders in proportion to their share ownership, the legal reserve shall not be used for any other purpose. The use of legal reserve for the issuance of stocks or cash to shareholders in proportion to their share ownership is permitted, provided that the balance of the reserve exceeds 25% of the Company's paid-in capital.

C. In accordance with the regulations, the Company shall set aside special reserve from the debit balance on other equity items at the balance sheet date before distributing earnings. When debit balance on other equity items is reversed subsequently, the reversed amount could be included in the distributable earnings.

D. The appropriations of 2022 earnings were proposed during the board meeting on March 15, 2023. The appropriations of 2021 earnings had been resolved at the shareholders' meeting on May 31, 2022. Details are summarized as follows:

	2022		2021	
	Amount	Dividends per share (in dollars)	Amount	Dividends per share (in dollars)
Legal reserve	\$ 14,311,374		\$ 14,138,417	
Stock dividends	(7,351,685)		2,190,767	
Cash dividends	73,473,850	\$ 5.3	72,087,551	\$ 5.2
	\$ 80,433,539		\$ 88,416,735	

The information on distribution of earnings will be posted on the “Market Observation Post System” of the TSEC.

Changes in non-controlling interests	<u>277,083</u>	<u>7,322,773</u>
At December 31	<u>\$ 199,986,123</u>	<u>\$ 192,802,808</u>

A. Certain subsidiaries of the Group have issued employee share-based payment and new shares during 2022 and 2021. The Group has not purchased additional shares in proportion to its

ownership and thus, the non-controlling interest of the Group decreased by \$298,979 and increased by \$2,322,773 and equity attributable to owners of the parent decreased by \$7,895,181 and increased by \$3,744,555, for the years ended December 31, 2022 and 2021, respectively.

- B. The main reason for the change in 2022 is because the Group jointly established a subsidiary company with YAGEO Corporation. Consequently, the non-controlling interest of the Group increased by \$1,811,400.
- C. In 2022, Foxconn Industrial Internet Co., Ltd., a subsidiary of the Group, paid \$7,763,248 in cash due to a stock repurchase. This transaction resulted in a decrease in the Group's non-controlling interest by \$1,235,338 and a decrease in capital surplus by \$6,527,910.
- D. The change in non-controlling interests in 2021 mainly pertain to the acquisition of 500,000 thousand shares of Asia Pacific Telecom Co., Ltd., a subsidiary of the Group, by Far EasTone Telecommunications Co., Ltd., on September 24, 2021. As a result, the non-controlling interest of the Group increased by \$5,000,000.

(31) Operating revenue

A. Disaggregation of revenue from contracts with customers

The Group derives revenue from the transfer of goods and services over time and at a point in time. Details of major product lines and geographical regions are provided in Note 14(5).

B. Contract assets and liabilities

The Group has recognised the following revenue-related contract liabilities:

	<u>December 31, 2022</u>	<u>December 31, 2021</u>	<u>January 1, 2021</u>
Contract liabilities (shown as "other current liabilities")	\$ 27,945,203	\$ 21,342,884	\$ 25,212,533

Contract liabilities at the beginning of the year amounting to \$8,935,924 and \$16,710,830 were recognised as revenues for the years ended December 31, 2022 and 2021, respectively.

C. Assets recognised from costs to obtaining a contract

Under IFRS 15, the incremental costs related to obtaining a telecommunication contract was recognised as an asset as the Group expects to recover these costs. For the details on incremental costs recognised during the years ended December 31, 2022 and 2021, refer to Note 6(15).

	2022	2021
Wages and salaries	\$ 281,921,683	\$ 257,936,184
Share-based payment	1,393,774	2,462,747
Labor and health insurance fees	11,992,392	11,145,364
Pension costs	18,305,092	16,475,699
Other personnel expenses	19,431,994	15,939,820
	<u>\$ 333,044,935</u>	<u>\$ 303,959,814</u>

A. In accordance with the Articles of Incorporation of the Company, a ratio of distributable profit

of the current year, after covering accumulated losses, shall be distributed as employees' compensation. The ratio shall be between 5% and 7% for employees' compensation.

- B. For the years ended December 31, 2022 and 2021, employees' compensation was accrued at \$8,166,241 and \$8,122,670, respectively. The aforementioned amounts were recognised in salary expenses. The expenses recognised for 2022 and 2021 were estimated and accrued based on 5% of profit of current year distributable.

For 2022 and 2021, the employees' compensation resolved by the Board of Directors amounted to \$8,166,241 and \$8,122,670 on March 15, 2023 and March 23, 2022, respectively. The amounts were the same with the amounts recognised in the financial statements for the years ended December 31, 2022 and 2021, and will be distributed in the form of cash.

Information about the appropriation of employees' compensation (bonus) and directors' and supervisors' remuneration by the Company as proposed by the Board of Directors and resolved by the stockholders will be posted in the "Market Observation Post System" at the website of the Taiwan Stock Exchange.

(37) Financial costs

	Years ended December 31,	
	2022	2021
Interest expense:		
Bank borrowings	\$ 29,335,040	\$ 16,284,151

(2) Significant transactions and balances with related parties

A. Sales

	Years ended December 31,	
	2022	2021
Sales of goods:		
Associates	\$ 123,372,692	\$ 142,657,033
Other related party	10,821,046	12,042,928
	<u>\$ 134,193,738</u>	<u>\$ 154,699,961</u>

The above amounts include administration and service revenue. Except for those circumstances wherein there are no similar transactions for reference and the prices and credit periods are negotiated by both parties, the other related party transactions are offered with prices very close to those offered to other customers and given a payment period of 45 to 90 days. For the transactions involving the sale of raw materials to the aforementioned related parties and subsequent repurchase of finished goods made from the same raw materials from the same party, the initial sale of raw materials is eliminated due to economic substance. The sales amount of materials and repurchase price of finished goods were offset against each other and shown at net amount in the financial statements.

B. Purchases

	Years ended December 31,	
	2022	2021
Purchase of goods:		
Associates	\$ 51,515,433	\$ 85,208,868
Other related party	5,119,712	8,169,830
	<u>\$ 56,635,145</u>	<u>\$ 93,378,698</u>

Except for those circumstances wherein there are no similar transactions for reference and the prices and payment terms are negotiated by both parties, the Group purchases from the supplier and aforementioned related parties at the prevailing market price. The payment terms given by other vendors and related parties are 45 to 90 days and 30 to 90 days, respectively.

C. Receivables from related parties

	<u>December 31, 2022</u>	<u>December 31, 2021</u>
Accounts receivable:		
Associates	\$ 36,492,474	\$ 32,397,468
Other related parties	2,054,075	3,071,727
Less: Allowance for doubtful accounts	(836,463)	(13,300)
	<u>37,710,086</u>	<u>35,455,895</u>
Other receivables - sale of property, plant and equipment:		
Associates	83,088	454,521
Other receivables - purchase of materials on behalf of related parties:		
Associates	1,443,251	2,149,532
Other related parties	2,611	2,672
Other receivables - dividend		
Associates	35,567	17,432
	<u>1,564,517</u>	<u>2,624,157</u>
	<u>\$ 39,274,603</u>	<u>\$ 38,080,052</u>

(a) The amount is due 45 to 90 days after the transaction date.

(b) The receivables are unsecured and non-interest bearing.

(c) Information relating to credit risk is provided in Note 12(2).

D. Payables to related parties

	<u>December 31, 2022</u>	<u>December 31, 2021</u>
Accounts payable:		
Associates	\$ 17,460,182	\$ 19,350,886
Other related party	1,216,566	1,672,094
	<u>18,676,748</u>	<u>21,022,980</u>
Other payables - acquisition of property, plant and equipment:		
Associates	218,762	165,026
Other payables - procurement of raw materials on behalf of others:		
Associates	1,166,867	2,097,196
	<u>1,385,629</u>	<u>2,262,222</u>
	<u>\$ 20,062,377</u>	<u>\$ 23,285,202</u>

The amount is due 30 to 90 days after the transaction date. The payables are non-interest bearing.

E. Lease transactions — lessee

(a) The Group leases plants from associates. Rental contracts are typically made for periods of 2 to 7 years. Rents are paid monthly or quarterly.

(b) For the years ended December 31, 2022 and 2021, the Group acquired right-of-use assets of \$461,667 and \$7,968, respectively, from related parties.

(c) Lease liabilities

	<u>December 31, 2022</u>	<u>December 31, 2021</u>
Associates	\$ 364,240	\$ 59,349

For the years ended December 31, 2022 and 2021, the interest expense incurred on lease liabilities were \$18,646 and \$5,327, respectively.

F. Property transactions:

(a) Acquisition of property, plant and equipment:

	<u>Years ended December 31,</u>	
	<u>2022</u>	<u>2021</u>
Acquisition of property, plant and equipment:		
Associates	\$ 848,577	\$ 815,796

(b) Proceeds from sale of property, plant and equipment and gain on disposal:

	<u>Years ended December 31,</u>			
	<u>2022</u>		<u>2021</u>	
	<u>Proceeds from sale</u>	<u>Gain on disposal</u>	<u>Proceeds from sale</u>	<u>Gain on disposal</u>
Sale of property, plant and equipment:				
Associates	\$ 137,640	\$ 25,812	\$ 514,312	\$ 63,503
Other related parties	2,099	2,099	16,033	14,327
	<u>\$ 139,739</u>	<u>\$ 27,911</u>	<u>\$ 530,345</u>	<u>\$ 77,830</u>

(c) Acquisition of financial assets:

	<u>Item recognised</u>	<u>Shares traded</u>	<u>Transaction target</u>	<u>Year ended December 31, 2022</u>
				<u>Consideration</u>
Associate:				
Horison Plus Company Limited	Investment accounted using the equity method	427,139 thousand shares	Common shares of Horison Plus Company Limited	\$ 2,580,033
Other	"	-	Shares	4,209
				<u>\$ 2,584,242</u>

G. Loans to related parties

(a) Receivables from related parties

	<u>December 31, 2022</u>	<u>December 31, 2021</u>
Associates	\$ 155,162	\$ 153,264

For collaterals, refer to Table 1.

(b) Interest income

	<u>Years ended December 31,</u>	
	<u>2022</u>	<u>2021</u>
Associates	\$ 6,226	\$ 6,117

For the years ended December 31, 2022 and 2021, the interest was recognised at the rate of 4% for both years.

(3) Key management compensation

	<u>Years ended December 31,</u>	
	<u>2022</u>	<u>2021</u>
Salaries and other short-term employee benefits	\$ 1,437,550	\$ 1,556,241
Post-employment benefits	1,794	1,850
Share-based payments	841,972	868,138
	<u>\$ 2,281,316</u>	<u>\$ 2,426,229</u>

8. PLEDGED ASSETS

As of December 31, 2022 and 2021, the book values of the Group's pledged assets are as follows:

Assets	Nature	December 31, 2022	December 31, 2021
Time deposits and cash (shown as “current financial assets at amortised cost”)	Customs deposits	\$ 56,777	\$ 176,938
Restricted deposits (shown as “current financial assets at amortised cost”)	Guarantee for prepaid card, performance bond, reserve accounts for short-term loans and security for litigation	241,910	146,545
Time deposits and cash (shown as “non-current financial assets at amortised cost”)	Security deposit for provisional attachment, bond deposit as security for court proceedings, security deposit for employment of foreign employees and customs deposits	56,200	53,352
Restricted deposits (shown as “non-current financial assets at amortised cost”)	Switch center lease guarantee, performance bond and the deposits restricted by the court	53,816	57,901
Property, plant and equipment and right-of-use assets	Long-term loans	4,619,066	4,587,210
		\$ 5,027,769	\$ 5,021,946

9. SIGNIFICANT CONTINGENT LIABILITIES AND UNRECOGNIZED CONTRACT COMMITMENTS

Except for Note 6(4), contingencies and commitments are as follows:

(1) Contingencies

None.

(2) Commitments

A. Capital expenditures contracted for at the balance sheet date but not yet incurred are as follows:

	December 31, 2022	December 31, 2021
Property, plant and equipment	\$ 5,375,158	\$ 4,267,388

B. As of December 31, 2022 and 2021, a subsidiary of the Company, Asia Pacific Telecom Co., Ltd., had outstanding contracts of equipment procurements and base transceiver stations construction

totaling \$977,168 and \$2,929,991, respectively that will be paid in the future or paid by issuing promissory notes and commercial papers.

- C. On December 31, 2022, Foxconn Interconnect Technology Limited, a subsidiary of the Company, signed an agreement for the acquisition of all equity interests in Prettl SWH GmbH (Prettl SWH) with non-related party through its subsidiary, Foxconn Interconnect Technology Singapore Pte. Ltd. Under the acquisition agreement, the estimated consideration is EUR 186.6 million and may be adjusted according to relevant terms. Prettl SWH will become a subsidiary of the Group after completion of the acquisition transaction. The above transaction is still subject to the approval of the regulatory authority in various regions. Prettl SWH is a German automotive component design manufacturer, mainly engaged in development and manufacture of sensor wiring harness for high-end vehicles and solutions of connector vehicle power. The acquisition is expected to enhance the Group's competitive advantage in the layout of key components related to electric cars.
- D. On November 7, 2022, Foxconn Ventures Pte. Ltd., a subsidiary of the Company, reached an equity agreement with Lordstown Motors Corp. (Lordstown), a NASDAQ listed company in the United States, agreeing that the Group will subscribe Class A ordinary shares at USD 1.76 (in dollars) per share, totalling USD 70 million, and Series A preferred shares at USD 100 (in dollars) per share, totalling USD 100 million. In this case, the new shares issued by Lordstown will be delivered in batches according to the conditions specified in the agreement and the review results of the Committee on Foreign Investment in the U.S. (CFIUS). As of December 31, 2022, the Group has paid USD 22,734 thousand for ordinary shares and USD 30,000 thousand for preferred shares, and the corresponding shares obtained were subsequently measured at fair value, and were classified as 'non-current financial assets at fair value through other comprehensive income' and 'non-current financial assets at fair value through profit or loss'.

10. SIGNIFICANT DISASTER LOSS

None.

11. SIGNIFICANT EVENTS AFTER THE BALANCE SHEET DATE

- A. On April 15, 2022, the shareholders of the Company's subsidiary, Asia Pacific Telecom Co., Ltd. (Asia Pacific), during the special shareholders' meeting resolved to merge with Far Eastone Telecommunications Co., Ltd. (FET), with FET as the surviving entity and Asia Pacific as the dissolved entity. Under the merger, one share of common stock of FET will be issued in exchange for 0.0934406 share of Asia Pacific based on the stockholder on record as reflected in the Shareholder Register on the effective date of merger. On January 18, 2023, Asia Pacific received a letter of approval from the National Communications Commission with additional 19 supplements and 6 administrative guidance matters to approve the merger with FET. The merger still needs to be approved by the competent authorities such as the Fair Trade Commission before it can be achieved. As of the financial reporting date, since the review procedure of the competent authority is still in progress, after obtaining the approval of the competent authority, Asia Pacific will then apply with the Taiwan Stock Exchange for the delisting of its shares, the Financial Supervisory Commission for the termination of public offering and the competent authority where Asia Pacific is located for its dissolution in accordance with related regulations.

- B. The appropriation of 2022 earnings was approved by the Board of Directors on March 15, 2023. Refer to Note 6(18) for details.

12. OTHERS

(1) Capital management

The Group's objectives when managing capital are to safeguard the Group's ability to operate with the goal to provide returns for shareholders and to maintain an optimal capital structure to reduce the cost of capital. In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to shareholders, issue new shares or sell assets to reduce debt. The Group monitors capital on the basis of the gearing ratio. This ratio is calculated as net debt divided by total capital. Net debt is calculated as total borrowings (including 'current and non-current borrowings' as shown in the consolidated balance sheet) less cash and cash equivalents. Total capital is calculated as 'equity' as shown in the consolidated balance sheet less the total intangible assets.

During 2022, the Group's strategy, which was unchanged from 2021, was to maintain the gearing ratio at 70% or below.

(2) Financial instruments

A. Financial instruments by category

Refer to the consolidated balance sheets and Note 6 for the amounts and details of the financial assets (financial assets at fair value through profit or loss, financial assets at fair value through other comprehensive income, financial assets at amortised cost, derivative financial assets for hedging, accounts receivable (including related parties) and other receivables) and financial liabilities (financial liabilities at fair value through profit or loss, accounts payable (including related parties), other payables, short-term loans, long-term loans and corporate bonds payable).

B. Financial risk management policies

(a) Risk categories:

The Group employs a comprehensive risk management and control system to clearly identify, measure, and control the various kinds of financial risk it faces, including market risk (including foreign exchange risk, interest rate risk and price risk), credit risk, and liquidity risk.

(b) Management objectives:

- i. Except for market risk, which is controlled by outside factors, the remainder of the foregoing types of risks can be controlled internally or removed from business processes. Therefore, the goal in managing each of these risks is to reduce them to zero.
- ii. As for market risk, the goal is to optimize its overall position through strict analysis, suggestion, execution and audit processes, and proper consideration of a) long-term trends in the external economic/financial environment, b) internal operating conditions, and c) the actual effects of market fluctuations.
- iii. The Group's overall risk management policy focuses on the unpredictable item of financial markets and seeks to reduce the risk that potentially pose adverse effects on the

Group's financial position and financial performance.

- iv. For the information on the derivative financial instruments that the Group enters into, refer to Notes 6(2) and (5).

(c) Management system:

- i. Risk management is executed by the Group's finance department by following policies approved by the Board. Through cooperation with the Group's operating units, finance department is responsible for identifying, evaluating and hedging financial risks.
- ii. The Board has a written policy covering overall risk management. It also has written policies covering specific issues, such as exchange rate risk, interest rate risk, credit risk, derivative and non-derivative financial instruments used, and the investment of excess working capital.

C. Significant financial risks and degrees of financial risks

(a) Market risk

i. Foreign exchange risk

(i) Nature:

The Group is a multinational group in the Electronics manufacturing services industry. Most of the exchange rate risk from operating activities come from:

- a. Foreign exchange risk arises from different exchange rates to functional currency as the invoice dates of accounts receivable and payable denominated in non-functional foreign currency are different. Due to the characteristics of the subcontracting industry, the Company's revenue and expenditures are mostly denominated in foreign currency. Thus, the remaining net foreign exchange risk is not material after offsetting assets and liabilities. Furthermore, although the variations in currencies of the Company's certain foreign investments in emerging countries (i.e. Vietnam and India, etc.) are considered huge, the percentage of the investments is not significant and thus the Company's foreign exchange risk can be maintained in the controllable range. (Note: The Group has several sites in various countries and thus is exposed to various foreign exchange risks. The main risk arises from USD and RMB.)
- b. Except for the above transactions (operating activities) recognised in the income statement, assets and liabilities recognised in the balance sheet and the net investment in foreign operations also result in the exchange rate risk.

(ii) Management:

- a. For such risks, the Group has set up policies requiring companies in the Group to manage its exchange rate risks.
- b. As to the exchange rate risk arising from the difference between various functional currencies and the reporting currency in the consolidated financial statements, it is managed by the Group's finance department.

(iii) The source:

a. USD and TWD:

Foreign exchange risk arises primarily from USD-denominated cash, cash equivalents, accounts receivable and other receivables, loans, accounts payable and other payables, which results in exchange loss or gain when they are converted into TWD.

b. USD and RMB:

Foreign exchange risk arises primarily from USD-denominated cash, cash equivalents, accounts receivable and other receivables, loans, accounts payable and other payables, which results in exchange loss or gain when they are converted into RMB.

c. USD and CZK:

Foreign exchange risk arises primarily from CZK-denominated cash, cash equivalents and accounts receivable, loans and accounts payable, which results in exchange loss or gain when they are converted into USD.

(iv) Extent

The information on assets and liabilities denominated in foreign currencies whose values would be materially affected by the exchange rate fluctuations is as follows:

(Foreign currency: Functional currency)	December 31, 2022			Sensitivity analysis	
	Foreign currency amount (in thousands)	Exchange rate	Book value (TWD)	Extent of variation	Effect on profit or loss
<u>Financial assets</u>					
<u>Monetary items</u>					
USD : NTD	\$ 30,286,849	30.71	\$ 930,109,146	5%	\$46,505,457
USD : RMB	13,157,363	6.9669	404,062,619	5%	20,203,131
<u>Net effect in consolidated entities with foreign currency</u>					
USD : TWD	\$ 53,209,055	30.71	\$ 1,634,050,083		
<u>Financial liabilities</u>					
<u>Monetary items</u>					
USD : NTD	\$ 18,972,406	30.71	\$ 582,642,578	5%	\$29,132,129
USD : RMB	14,154,329	6.9669	434,679,431	5%	21,733,972
USD : CZK	279,630	22.5726	8,587,450	5%	429,373

December 31, 2021

(Foreign currency: Functional currency)	Foreign currency amount (in thousands)	Exchange rate	Book value (TWD)	Sensitivity analysis	
				Extent of variation	Effect on profit or loss
<u>Financial assets</u>					
<u>Monetary items</u>					
USD : NTD	\$ 30,580,971	27.68	\$ 846,481,277	5%	\$42,324,064
USD : RMB	9,358,668	6.3572	259,047,930	5%	12,952,397
<u>Net effect in consolidated entities with foreign currency</u>					
USD : NTD	\$ 54,780,639	27.68	\$ 1,516,328,081		
<u>Financial liabilities</u>					
<u>Monetary items</u>					
USD : NTD	\$ 21,236,697	27.68	\$ 587,831,773	5%	\$29,391,589
USD : RMB	11,587,601	6.3572	320,744,796	5%	16,037,240
USD : CZK	270,202	21.9298	7,479,191	5%	373,960

(v) Total exchange gain (loss), including realised and unrealised arising from significant foreign exchange variation on the monetary items held by the Group for the years ended December 31, 2022 and 2021 amounted to a loss of \$6,322,498 and \$5,075,113, respectively.

ii. Equity securities

(i) Nature

The Group primarily invests in domestic and foreign publicly traded equity instruments, which are accounted for as financial assets at fair value through profit or loss and financial assets at fair value through other comprehensive income. The price of those equity instruments will be affected by the uncertainty of the future value of the investment.

(ii) Extent

If such equity instruments' price rise or fall by 1%, with all other factors held constant, the impact on equity due to investments in equity instruments measured at fair value through other comprehensive income, and investments in equity at fair value through profit or loss are \$859,319 and \$1,153,617 for the years ended December 31, 2022 and 2021, respectively.

iii. Cash flow and fair value interest rate risk

(i) The Group's interest rate risk arises from long-term loans and short-term loans. Borrowings with floating rates expose the Group to cash flow interest rate risk, but

part of the risks are offset by cash and cash equivalents with variable interest rates. Borrowings with fixed rates expose the Group to fair value interest rate risk. The Group's borrowings are mainly fixed and floating interest rates. During the years ended December 31, 2022 and 2021, the Group's borrowings at variable rate were mainly denominated in USD.

- (ii) The Group manages its cash flow interest rate risk by using fixed-to-fixed interest rate swaps. Under these swaps, the Group agrees with other parties to exchange, at specified intervals (mainly quarterly), the difference between fixed contract rates and floating rate interest amounts calculated by reference to the agreed notional principal amounts.

(b) Credit risk

- i. Credit risk refers to the risk of financial loss to the Group arising from default by the clients or counterparties of financial instruments.

According to the Group's credit policy, each local entity in the Group is responsible for managing and analysing the credit risk for each of their new clients before standard payment and delivery terms and conditions are offered. The Group assesses the credit quality of the customers by taking into account their financial position, past experience and other factors to conduct its internal risk management.

Individual risk limits are set based on internal or external ratings in accordance with limits set by the board of directors. The utilisation of credit limits is regularly monitored. Major credit risk arises from cash and cash equivalents, derivative financial instruments and other financial instruments. The counterparties are banks with good credit quality and financial institutions with investment grade or above and government agencies, so there is no significant compliance concerns and credit risk.

- ii. The Group assumes that if the contract payments were past due over 90 days based on the terms, there has been a significant increase in credit risk on that instrument since initial recognition; if past due over 360 days, a default has occurred.
- iii. The following indicators are used to determine whether the credit impairment of debt instruments has occurred:
 - (i) It becomes probable that the issuer will enter bankruptcy or other financial reorganization due to their financial difficulties;
 - (ii) Default or delinquency in interest or principal repayments;
 - (iii) Adverse changes in national or regional economic conditions that are expected to cause a default.

- iv. The aging analysis of notes receivable and accounts receivable (including related parties) is as follows:

	<u>December 31, 2022</u>	<u>December 31, 2021</u>
Not past due	\$ 1,078,204,591	\$ 1,140,964,898
Up to 90 days	17,726,196	19,830,988
91 to 180 days	3,971,822	1,761,546
181 to 270 days	2,999,238	235,968
271 to 360 days	303,471	58,333
Over 361 days	<u>7,587,349</u>	<u>5,917,793</u>
	<u>\$ 1,110,792,667</u>	<u>\$ 1,168,769,526</u>

The above aging analysis is based on days overdue.

- v. The Group applies the following approaches to assess the expected credit losses (ECLs) of accounts receivable:
- (i) Assess the ECLs on an individual basis if a significant default has occurred to certain customers.
 - (ii) Classify the other customers' accounts receivable based on the Group's credit rating standards and estimates the ECLs using loss rate methodology or provision matrix.
 - (iii) Adjust the loss rates constructed from historical and recent information by taking into account the business cycle indicators of the National Development Council and forecasts of the Basel Committee on Banking Supervision.
 - (iv) As of December 31, 2022 and 2021, the individual provision for impairment of accounts receivable using loss rate methodology or provision matrix is as follows:

	Individual	Group 1	Group 2	Group 3	Group 4	Total
<u>December 31, 2022</u>						
Expected loss rate	100%	0.0375%	0.0875%	0.01%~56.9%	0.28%~60.0%	
Total book value	\$ 8,121,259	\$ 736,149,088	\$ 305,644,634	\$ 30,235,397	\$ 30,642,289	\$ 1,110,792,667
Loss allowance	\$ 8,121,259	\$ 276,056	\$ 267,439	\$ 2,768,429	\$ 669,313	\$ 12,102,496
<u>December 31, 2021</u>						
Expected loss rate	100%	0.0375%	0.0875%	0.01%~76.25%	0.69%~50.99%	
Total book value	\$ 5,947,148	\$ 805,439,864	\$ 278,018,126	\$ 46,099,088	\$ 33,265,300	\$ 1,168,769,526
Loss allowance	\$ 5,947,148	\$ 302,040	\$ 243,266	\$ 621,561	\$ 437,005	\$ 7,551,020

Group 1: Standard Poor's, Fitch's, or Moody's rating of A-level, or rated as A-level in accordance with the Group's credit policies for those that have no external credit ratings.

Group 2: Standard Poor's or Fitch's rating of BBB, Moody's rating of Baa, or rated as B or C in accordance with the Group's credit policies for those that have no external credit ratings.

Group 3: Standard Poor's or Fitch's rating of BB + and below, or Moody's rating of Ba1 and below.

Group 4: Rated as other than A, B, or C in accordance with the Group's credit policies for those that have no external credit ratings.

- vi. As of December 31, 2022 and 2021, the Group calculated the expected loss rate based on historical overdue repayment to assess other receivables - related parties impairment losses and recognised allowance for uncollectible accounts at \$0 and \$0, respectively.
- vii. Movements in relation to the Group's loss allowance for accounts receivable (including related parties) is as follows:

	2022	2021
At January 1	\$ 7,551,020	\$ 8,237,945
Provision for (reversal of) impairment loss	4,402,403	(658,060)
Amounts written off due to irrecoverability	-	(1,356)
Effect of foreign exchange	149,073	(27,509)
At December 31	\$ 12,102,496	\$ 7,551,020

(c) Liquidity risk

- i. Cash flow forecasting is performed by each operating entity of the Group and aggregated by Group treasury. The Group treasury monitors rolling forecasts of the Group's liquidity requirements to ensure it has sufficient cash to meet operational needs while maintaining sufficient headroom on its undrawn committed borrowing facilities at all times so that the Group does not breach borrowing limits or covenants (where applicable) on any of its borrowing facilities. Such forecasting takes into consideration the Group's debt financing plans, covenant compliance, compliance with internal balance sheet ratio targets and, if applicable, external regulatory or legal requirements, for example, currency restrictions.
- ii. The table below analyses the Group's non-derivative financial liabilities and net-settled or gross-settled derivative financial liabilities into relevant maturity groupings based on the remaining period at the balance sheet date to the contractual maturity date for non-derivative financial liabilities and to the expected maturity date for derivative financial liabilities. The amounts disclosed in the table are the contractual undiscounted cash flows.

Non-derivative financial liabilities:

<u>December 31, 2022</u>	<u>Less than 1 year</u>	<u>Between 1 to 2 years</u>	<u>Between 2 to 5 years</u>	<u>Over 5 years</u>	<u>Total</u>
Bonds payable	\$ 13,400,000	\$ 46,730,490	\$ 125,585,116	\$ 72,967,100	\$ 258,682,706
Long-term loans	19,686,350	20,791,056	27,787,591	7,198,105	75,463,102
Finance lease payable	8,333,100	5,232,958	7,807,735	8,295,637	29,669,430
	<u>\$ 41,419,450</u>	<u>\$ 72,754,504</u>	<u>\$ 161,180,442</u>	<u>\$ 88,460,842</u>	<u>\$ 363,815,238</u>
<u>December 31, 2021</u>	<u>Less than 1 year</u>	<u>Between 1 to 2 years</u>	<u>Between 2 to 5 years</u>	<u>Over 5 years</u>	<u>Total</u>
Bonds payable	\$ 36,573,338	\$ 13,400,000	\$ 127,027,156	\$ 85,856,800	\$ 262,857,294
Long-term loans	2,188,870	18,254,439	27,874,047	3,267,399	51,584,755
Finance lease payable	7,364,055	6,062,151	7,899,151	8,037,240	29,362,597
	<u>\$ 46,126,263</u>	<u>\$ 37,716,590</u>	<u>\$ 162,800,354</u>	<u>\$ 97,161,439</u>	<u>\$ 343,804,646</u>

Aside from those mentioned above, other non-derivative financial liabilities are to be settled within one year.

Derivative financial liabilities:

<u>December 31, 2022</u>	<u>Less than 1 year</u>	<u>Between 1 to 2 years</u>	<u>Between 2 to 5 years</u>	<u>Over 5 years</u>	<u>Total</u>
Forward exchange contracts	\$ 3,509,310	\$ -	\$ -	\$ -	\$ 3,509,310
Cross currency swap contracts	85,719	-	-	-	85,719
	<u>\$ 3,595,029</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 3,595,029</u>
<u>December 31, 2021</u>	<u>Less than 1 year</u>	<u>Between 1 to 2 years</u>	<u>Between 2 to 5 years</u>	<u>Over 5 years</u>	<u>Total</u>
Forward exchange contracts	\$ 489,575	\$ -	\$ -	\$ -	\$ 489,575
Cross currency swap contracts	474,440	-	-	-	474,440
	<u>\$ 964,015</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 964,015</u>

(3) Fair value information

A. The different levels that the inputs to valuation techniques are used to measure fair value of financial and non-financial instruments have been defined as follows:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date. A market is regarded as active where a market in which transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis. The fair value of the Group's investment in listed stocks is included in Level 1.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. The fair value of the Group's investment in derivative instruments is included in Level 2.

Level 3: Unobservable inputs for the asset or liability. The fair value of the Group's equity investment without active market is included in Level 3.

B. Fair value information of investment property at cost is provided in Note 6(13).

C. Financial instruments not measured at fair value:

(a) Except for those listed in the table below, the carrying amounts of the Group's financial instruments not measured at fair value (including cash and cash equivalents, notes and accounts receivable, other receivables, financial assets at amortised cost (excluding bank debentures), short-term loans, notes and accounts payable, other payables and long-term loans approximate to their fair values:

	December 31, 2022			
		Fair Value		
	Book Value	Level 1	Level 2	Level 3
Financial liabilities:				
Bonds payable	\$ 258,682,706	\$ -	\$ 246,661,956	\$ -

	December 31, 2021			
		Fair Value		
	Book Value	Level 1	Level 2	Level 3
Financial liabilities:				
Bonds payable	\$ 262,857,294	\$ -	\$ 255,993,200	\$ -

(b) The methods and assumptions of fair value measurement are as follows:

Bonds payable: Regarding the bonds issued by the Group, the coupon rate approximates to the current market rate. Therefore, the fair value is estimated using the present value of the expected cash flows and market interest rate.

D. The related information on financial and non-financial instruments measured at fair value by level on the basis of the nature, characteristics and risks of the assets and liabilities at December 31, 2022 and 2021 is as follows:

(a) The related information on the nature of the assets and liabilities is as follows:

<u>December 31, 2022</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

(b) The methods and assumptions the Group used to measure fair value are as follows:

- i. The instruments the Group used market quoted prices as their fair values (that is, Level 1) are listed below by characteristics:

	<u>Listed shares</u>	<u>Open-end fund</u>
Market quoted price	Closing price	Net asset value

- ii. Except for financial instruments with active markets, the fair value of other financial instruments is measured by using valuation techniques or by reference to counterparty quotes. The fair value of financial instruments measured by using valuation techniques method can be referred to current fair value of instruments with similar terms and characteristics in substance, discounted cash flow method or other valuation methods, including calculated by applying model using market information available at the consolidated balance sheet date.
- iii. When assessing non-standard and low-complexity financial instruments, for example, debt instruments without active market, interest rate swap contracts, foreign exchange swap

contracts and options, the Group adopts valuation technique that is widely used by market participants. The inputs used in the valuation method to measure these financial instruments are normally observable in the market.

- iv. The valuation of derivative financial instruments is based on valuation model widely accepted by market participants, such as present value techniques and option pricing models. Forward exchange contracts are usually valued based on the current forward exchange rate (Black-Scholes model).
 - v. The output of valuation model is an estimated value and the valuation technique may not be able to capture all relevant factors of the Group's financial and non-financial instruments. Therefore, the estimated value derived using valuation model is adjusted accordingly with additional inputs, for example, model risk or liquidity risk and etc. In accordance with the Group's management policies and relevant control procedures relating to the valuation models used for fair value measurement, management believes adjustment to valuation is necessary in order to reasonably represent the fair value of financial and non-financial instruments at the consolidated balance sheet. The inputs and pricing information used during valuation are carefully assessed and adjusted based on current market conditions.
 - vi. The Group takes into account adjustments for credit risks to measure the fair value of financial and non-financial instruments to reflect credit risk of the counterparty and the Group's credit quality.
- E. For the year ended December 31, 2022, the shares of Didi Global Inc. held were transferred from Level 2 to Level 1 as they were released from the lock-up period in the second quarter. For the year ended December 31, 2021, the shares of Vizio Holding Corp. held were transferred from Level 2 to Level 1 as they were released from the lock-up period in the third quarter.
- F. The following chart is the movement of Level 3 for the years ended December 31, 2022 and 2021:

	2022	2021
At January 1	\$ 105,221,164	\$ 102,351,091
Gains and losses recognised in profit	(12,587,478)	2,156,364
Gains and losses recognised in other comprehensive income	(6,217,153)	1,904,468
Acquired during the year	12,862,653	16,125,726
Sold during the year	(1,533,570)	(840,448)
Investment cost refund	(4,256,821)	(8,076,434)
Transfer out to Level 3	(84,059)	(5,487,105)
Effect of exchange rate changes	10,232,401	(2,912,498)
At December 31	<u>\$ 103,637,137</u>	<u>\$ 105,221,164</u>

- G. Investment segment is in charge of valuation procedures for fair value measurements being categorised within Level 3, which is to verify independent fair value of financial instruments.

Such assessment is to ensure the valuation results are reasonable by applying independent information to make results close to current market conditions, confirming the resource of information is independent, reliable and in line with other resources and represented as the exercisable price, and frequently calibrating valuation model, performing back-testing, updating inputs used to the valuation model and making any other necessary adjustments to the fair value. Investment segment sets up valuation policies, valuation processes and rules for measuring fair value of financial instruments and ensures compliance with the related requirements in IFRSs.

H. The following is the qualitative information of significant unobservable inputs and sensitivity analysis of changes in significant unobservable inputs to valuation model used in Level 3 fair value measurement:

	Fair value at December 31, 2022	Valuation technique	Significant unobservable input	Range (weighted average)	Relationship of inputs to fair value
Non-derivative equity instrument :					
Unlisted shares	<u>\$ 2,444,358</u>	Market comparable companies	Revenue multiple	0.2~16.69 (5.81)	The higher the revenue multiple, net value multiple, value to NIAT multiple and value to EBIT multiple, the higher the fair value; the higher the discount for lack of marketability, the lower the fair value.
			Net value multiple	0.27~8.49 (6.97)	
			Discount for lack of marketability	16.00%~41.00% (25.72%)	
			Value to NIAT multiple	0.26~7.23 (5.04)	
	<u>\$ 3,081,529</u>	Stock value in complex capital structure	Weighted average cost of capital	9.68	The higher the expected equity value volatility, revenue multiple, long-term revenue growth rate, long-term pre-tax operating margin, net value multiple and value to NIAT multiple, the higher the fair value; the higher the discount for lack of marketability, discount for lack of control and weighted average cost of capital, the lower the fair value.
			Long-term revenue growth rate	2.20%	
			Long-term pre-tax operating margin	45.00%	
			Discount for lack of marketability	19.00%~38.00% (24.98%)	
			Discount for lack of control	20.21%	
			Expected equity value volatility	33.12%~90.45% (51.64%)	
			Revenue multiple	1.4~7.63 (5.49)	
			Net value multiple	0.55~17.01 (7.55)	
			Value to NIAT multiple	0.56~26.02 (6.26)	

	Fair value at December 31, 2022	Valuation technique	Significant unobservable input	Range (weighted average)	Relationship of inputs to fair value
Non-derivative equity instrument :					
Unlisted shares	<u>\$ 7,277,595</u>	Net assets value	Discount for lack of marketability	5.39%~29.00% (8.39%)	The higher the discount for lack of marketability, the lower the fair value.
	<u>\$ 351,487</u>	Market price method	Discount for lack of marketability	60.00%	The higher the discount for lack of marketability, the lower the fair value.
	<u>\$ 6,246,940</u>	Recent non-active market price	Not applicable	Not applicable	Not applicable
Venture capital shares and private equity fund investment	<u>\$ 52,507,209</u>	Net assets value	Discount for lack of marketability	1.85%~8.48% (5.32%)	The higher the discount for lack of marketability, the lower the fair value.
	<u>\$ 30,763,835</u>	Stock value in complex capital structure	Discount for lack of marketability	1.35%	The higher the discount for lack of marketability, the lower the fair value.
	<u>\$ 920,115</u>	Recent non-active market price	Not applicable	Not applicable	Not applicable
Non-derivative debt instrument:					
Financial bond	<u>\$ 44,069</u>	Recent non-active market price	Not applicable	Not applicable	Not applicable

	Fair value at December 31, 2021	Valuation technique	Significant unobservable input	Range (weighted average)	Relationship of inputs to fair value
Non-derivative equity instrument:					
Unlisted shares	<u>\$ 929,467</u>	Market comparable companies	Revenue multiple	0.48~16.69 (2.32)	The higher the revenue multiple, net value multiple and value to NIAT multiple, the higher the fair value; the higher the discount for lack of marketability, the lower the fair value.
			Net value multiple	1.29~23.46 (5.16)	
			Discount for lack of marketability	17%~34% (22.67%)	
			Value to NIAT multiple	0.99~10.28 (5.06)	
	<u>\$ 4,256,131</u>	Stock value in complex capital structure	Weighted average cost of capital	12.15%	The higher the expected equity value volatility, revenue multiple, long-term revenue growth rate and long-term pre-tax operating margin, the higher the fair value; the higher the discount for lack of marketability, discount for lack of control and weighted average cost of capital, the lower the fair value.
			Long-term revenue growth rate	26%	
			Long-term pre-tax operating margin	31.33%	
			Discount for lack of marketability	20%~34% (23.57%)	
			Discount for lack of control	19.22%	
			Expected equity value volatility	28.20%~76.07% (44.45%)	
<u>\$ 8,797,280</u>	Net assets value	Discount for lack of marketability	13%~32% (15.36%)	The higher the discount for lack of marketability and discount for lack of control, the lower the fair value.	
		Discount for lack of control	5%		
	<u>\$ 6,981,816</u>	Recent non-active market price	Not applicable	Not applicable	Not applicable
Venture capital shares and private equity fund investment	<u>\$ 40,099,988</u>	Net assets value	Discount for lack of marketability	10%~30% (15.90%)	The higher the discount for lack of marketability, the lower the fair value.

	Fair value at December 31, 2021	Valuation technique	Significant unobservable input	Range (weighted average)	Relationship of inputs to fair value
Non-derivative equity instrument:					
Venture capital shares and private equity fund investment	\$ 42,744,120	Stock value in complex capital structure	Discount for lack of marketability	5%	The higher the expected equity value volatility, the higher the fair value; the higher the discount for lack of marketability, the lower the fair value.
	\$ 1,238,198	Recent non-active market price	Not applicable	Not applicable	Not applicable
Non-derivative debt instrument:					
Financial bond	\$ 174,164	Recent non-active market price	Not applicable	Not applicable	Not applicable

- I. The Group has carefully assessed the valuation models and assumptions used to measure fair value. However, use of different valuation models or assumptions may result in different measurement. The following is the effect on profit or loss or on other comprehensive income from financial assets and liabilities categorised within Level 3 if the inputs used to valuation models have changed:

		December 31, 2022				
		Recognised in profit or loss		Recognised in other comprehensive income		
		Favourable change	Unfavourable change	Favourable change	Unfavourable change	
Financial assets	Input	Change				
Equity instrument and beneficiary certificates	Discount for lack of control and marketability	±1%	\$ 923,757	(\$ 923,757)	\$ 124,784	(\$ 124,784)

		December 31, 2021				
		Recognised in profit or loss		Recognised in other comprehensive income		
		Favourable change	Unfavourable change	Favourable change	Unfavourable change	
	Input	Change				
Financial assets						
Equity instrument and beneficiary certificates	Discount for lack of control and marketability	±1%	\$ 926,340	(\$ 926,340)	\$ 173,430	(\$ 173,430)

(4) Other matters

None.

13. SUPPLEMENTARY DISCLOSURES

(1) Significant transactions information

- A. Loans to others: Refer to table 1.
- B. Provision of endorsements and guarantees to others: Refer to table 2.
- C. Holding of marketable securities at the end of the period (not including subsidiaries, associates and joint ventures): Refer to table 3.
- D. Acquisition or sale of the same security with the accumulated cost reaching NT\$300 million or 20% of paid-in capital or more: Refer to table 4.
- E. Acquisition of real estate reaching NT\$300 million or 20% of paid-in capital or more: Refer to table 5.
- F. Disposal of real estate reaching NT\$300 million or 20% of paid-in capital or more: Refer to table 6.
- G. Purchases or sales of goods from or to related parties reaching NT\$100 million or 20% of paid-in capital or more: Refer to table 7.
- H. Receivables from related parties reaching NT\$100 million or 20% of paid-in capital or more: Refer to table 8.
- I. Trading in derivative instruments undertaken during the reporting periods: Refer to Notes 6(2) and (5).
- J. Significant inter-company transactions during the reporting periods: Refer to table 9.

(2) Information on investees

Names, locations and other information of investee companies (not including investees in Mainland China): Refer to table 10.

(3) Information on investments in Mainland China

- A. Basic information: Refer to table 11.

B. Significant transactions, either directly or indirectly through a third area, with investee companies in the Mainland Area: The Company appointed Foxconn (Far East) Limited's Mainland investee to render processing services and to trade. The transactions were eliminated in the consolidated financial statements. For significant transactions of processing services, trading, receivables and payables, endorsements and guarantees or collaterals provided, and financing, refer to Notes 13(1) A, B, G and H.

(4) Major shareholders

For the names, number and ratio of shares held by shareholders holding over 5% of the Company's shares: Refer to Table 13.

14. SEGMENT INFORMATION

(1) General information

The Group has adopted eCMMS (E-enabled Components, Modules, Moves & Services) strategy, and provided a one-stop shop to its customers, which are primarily in the 3C industries, with a total solution for design, development, engineering, procurement, manufacturing, logistics and after-sales service.

The Group segregates group systems from both a customer service and product perspective. Each segment's performance is assessed based on the operating results of different group systems in the consolidated financial statements reported for review by the chief operating decision maker. There were changes in the composition of the reportable segments as the chief operating decision maker changed the classification of operating segments for reviewing segment performance. The Group has restated the prior period corresponding information for comparison.

(2) Measurement of segment information

The chief operating decision maker assesses performance and allocates resources of the operating segments based on each operating segment's revenue and operating income after adjusting the internal costs and allocated expenses. Except for the recognition of internal costs which shall be in accordance with the Group's related internal calculation basis, the operating segments' accounting policies are the same as disclosed in Note 4.

In accordance with IFRS No. 8, "Operating Segments", the Group has determined the operating segments and reportable operating segments. Operating segments which have met certain quantitative threshold are disclosed individually or aggregately as reportable operating segments depending on whether the segments have similar economic characteristics and the aggregation meets the core principal of the standard; other segments which have not met the quantitative threshold are included in 'all other segments'. When deciding on an aggregate disclosure, the criteria for consideration include: (1) the nature of the products and services; (2) the nature of the production process; (3) the customer types or categories of the products or services; and (4) the methods used to distribute its products or provide its services. The Group has identified the Hon Hai parent group, FII subgroup and FIH subgroup as reportable segments.

(3) Segment information

A. The segment information reported to the chief operating decision maker for making operating decisions for each segment is measured in a manner consistent with that in the statement of comprehensive income. Thus, the reconciliation is not required.

B. The segment information provided to the chief operating decision maker for the reportable segments is as follows:

2022 (in millions)	<u>Hon Hai parent group</u>	<u>FII subgroup</u>	<u>FIH subgroup</u>	<u>Others</u>	<u>Number of write-offs</u>	<u>Consolidation</u>
External revenue	\$ 4,473,413	\$ 2,246,219	\$ 228,546	\$ 124,410	(\$ 445,591)	\$ 6,626,997
Internal revenue	71,781	13,770	60,076	29,097	(174,724)	-
Operating revenue	<u>\$ 4,545,194</u>	<u>\$ 2,259,989</u>	<u>\$ 288,622</u>	<u>\$ 153,507</u>	<u>(\$ 620,315)</u>	<u>\$ 6,626,997</u>
Depreciation and amortisation	<u>\$ 36,712</u>	<u>\$ 21,230</u>	<u>\$ 4,903</u>	<u>\$ 12,757</u>	<u>\$ -</u>	<u>\$ 75,602</u>
Segment operating income (loss)	<u>\$ 77,318</u>	<u>\$ 92,030</u>	<u>(\$ 2,961)</u>	<u>\$ 3,404</u>	<u>\$ 3,997</u>	<u>\$ 173,788</u>
2021 (in millions)	<u>Hon Hai parent group</u>	<u>FII subgroup</u>	<u>FIH subgroup</u>	<u>Others</u>	<u>Number of write-offs</u>	<u>Consolidation</u>
External revenue	\$ 4,279,459	\$ 1,892,259	\$ 203,403	\$ 125,960	(\$ 506,907)	\$ 5,994,174
Internal revenue	78,555	14,518	47,046	15,243	(155,362)	-
Operating revenue	<u>\$ 4,358,014</u>	<u>\$ 1,906,777</u>	<u>\$ 250,449</u>	<u>\$ 141,203</u>	<u>(\$ 662,269)</u>	<u>\$ 5,994,174</u>
Depreciation and amortisation	<u>\$ 52,061</u>	<u>\$ 10,929</u>	<u>\$ 5,304</u>	<u>\$ 7,187</u>	<u>\$ -</u>	<u>\$ 75,481</u>
Segment operating income (loss)	<u>\$ 57,616</u>	<u>\$ 89,118</u>	<u>\$ 39</u>	<u>(\$ 1,446)</u>	<u>\$ 3,632</u>	<u>\$ 148,959</u>

The descriptions for the above group systems are as follows:

Hon Hai parent group: It includes the Company and subsidiaries except for the subsidiaries included in the following subgroups.

FII subgroup: It includes Foxconn Industrial Internet Co., Ltd. (a listed company in the Shanghai Stock Exchange) and its consolidated subsidiaries.

FIH subgroup: It includes FIH Mobile Limited (a listed company in the Hong Kong Exchange) and its consolidated subsidiaries.

Others: Includes other listed subsidiaries and its subsidiaries.

(4) Information on product types

Information on revenue from external customers by product types for the years ended December 31, 2022 and 2021 is as follows:

	<u>2022</u>	<u>2021</u>
	<u>Revenue (in millions)</u>	<u>Revenue (in millions)</u>
Smart Consumer Electronics	\$ 3,504,831	\$ 3,256,733
Cloud and Networking Products	1,550,827	1,273,788
Computing Products	1,214,403	1,117,925
Components and Others	<u>356,936</u>	<u>345,728</u>
	<u>\$ 6,626,997</u>	<u>\$ 5,994,174</u>

The product categories are classified based on the types of products from which each operating segment drives its external revenue. The descriptions of product types are as follows:

<u>Product</u>	<u>Definition</u>
Smart Consumer Electronics	Smartphones, TVs, Game Consoles, etc.
Cloud and Networking Products	Servers, communication network, etc.
Computing Products	Computers, tablets, etc.
Components and Others	Connectors, mechanical parts, services, etc.

(5) Geographical information

Geographical information for the years ended December 31, 2022 and 2021 is as follows:

	<u>Year ended December 31, 2022</u>		<u>Year ended December 31, 2021</u>	
	<u>Revenue</u>	<u>Non-current assets</u>	<u>Revenue</u>	<u>Non-current assets</u>
U.S.A	\$ 2,368,474,831	\$ 55,276,598	\$ 2,036,574,847	\$ 46,898,609
Ireland	2,172,848,320	12,278	1,983,265,627	14,372
China	375,375,096	276,975,119	472,287,796	258,531,361
Singapore	502,524,723	58,424	409,347,588	218,993
Japan	282,235,294	401,814	277,804,060	362,120
Vietnam	1,543,635	36,282,517	3,301,024	28,161,533
Mexico	5,214,302	22,281,705	2,715,256	8,405,241
India	131,068,100	12,565,132	113,591,062	9,959,463
Taiwan	134,593,612	70,276,448	138,678,573	71,589,999
Others	<u>653,118,837</u>	<u>13,190,310</u>	<u>556,608,049</u>	<u>10,632,761</u>
	<u>\$ 6,626,996,750</u>	<u>\$ 487,320,345</u>	<u>\$ 5,994,173,882</u>	<u>\$ 434,774,452</u>

(6) Major customer information

Major customer information for the years ended December 31, 2022 and 2021 is as follows:

	<u>Year ended December 31</u>	
	<u>2022</u>	<u>2021</u>
	<u>Revenue (in millions)</u>	<u>Revenue (in millions)</u>
Client E	<u>\$ 3,672,817</u>	<u>\$ 3,418,003</u>

Note 1: The ceiling on total loans granted by the Company to all parties is 40% of the net assets value of the Company; the ceiling on single loan granted by the Company to all parties is 10% of the net assets value of Company.

The Company provides loans to Hiyield Venture Capital Co., Ltd., Bon Shin International Investment Co., Ltd., Hon Chi International Investment Co., Ltd., Hon Yuan International Investment Co., Ltd., and Lin Yih International Investment Co., Ltd., with a shared limit no more than NT\$5 billion.

Since there is no company that the Company has granted loans to, Hiyield Venture Capital Co., Ltd. acts as the representative of the borrower to disclose. When the Company actually grants loans to, the actual amount of loans will be disclosed.

Note 2: The ceiling on total loans granted by a domestic subsidiary to all parties is 40% of the net assets value of lender; the ceiling on single loan granted by a domestic subsidiary to all parties is 10% of the net assets value of lender.

Note 3: The policy for loans granted mutually between overseas subsidiaries of which the Company directly or indirectly holds 100% of their voting shares is as follows: ceiling on total loans granted by an overseas subsidiary to all overseas subsidiaries is 400% of the net assets value of lender; limit on loans granted by an overseas subsidiary to a single overseas subsidiary is 200% of the net assets value of lender.

The ceiling on total loans granted by a overseas subsidiary to all parties is 40% of the net assets value of lender; the ceiling on single loan granted by a overseas subsidiary to all parties is 10% of the net assets value of lender.

The policy for loans granted by Smart Technologies Inc., Smart Technologies Corp., and Smart Technologies ULC are as follows: ceiling on total loans to all parties is 40% of the Company's net assets; limit on loans to a single party is 20% of the Company's net assets. The policy for loans granted by Premier Image Technology (China) Ltd. and Fuhongyuan (Shenzhen) Environmental Technology Limited are as follows: ceiling on total loans to all parties is 40% of the net assets value of lender; limit on loans to a single party is 10% of the net assets value of lender.

Note 4: The policy for loans granted by Foxconn Interconnect Technology Limited is as follows: ceiling on total loans to all parties is 40% of the net assets value of Foxconn Interconnect Technology Limited; limit on loans to a single party is 10% of the net assets value of Foxconn Interconnect Technology Limited.

The policy for loans granted by overseas subsidiaries of which Foxconn Interconnect Technology Limited directly or indirectly holds 100% of their voting shares is as follows: ceiling on total loans granted by overseas subsidiaries is 400% of the net assets value of Foxconn Interconnect Technology Limited; limit on loans granted by an overseas subsidiary to a single party is 20% of the net assets value of Foxconn Interconnect Technology Limited.

Note 5: The policy for loans granted by Shunsin Technology Holdings Limited is as follows: ceiling on total loans to all parties is 40% of the net assets value of Shunsin Technology Holdings Limited; limit on loans to a single party is 10% of the net assets value of Shunsin Technology Holdings Limited.

The policy for loans granted by overseas subsidiaries of which Shunsin Technology Holdings Limited directly or indirectly holds 100% of their voting shares is as follows: ceiling on total loans granted by overseas subsidiaries is 400% of the net assets value of lender; limit on loans granted by a subsidiary to a single party is 200% of the net assets value of lender.

The policy for loans granted by overseas subsidiaries of which Shunsin Technology Holdings Limited directly or indirectly holds 100% of their voting shares to Shunsin Technology Holdings Limited is as follows: ceiling on total loans granted by overseas subsidiaries is 100% of the net assets value of lender.

The policy for loans granted by the controlling shareholder directly holds 100% of Shunsin Technology Holdings Limited is as follows: ceiling on total loans granted by Shunsin Technology Holdings Limited is 400% of the net assets value of lender.

Note 6: The policy for loans granted by FII Mobile Limited and its subsidiaries is as follows: ceiling on total loans to all parties is 40% of the net assets value of FII Mobile Limited; limit on loans to a single party is 10% of the net assets value of FII Mobile Limited.

The policy for loans granted by overseas subsidiaries of which FII Mobile Limited directly or indirectly holds 100% of their voting shares is as follows: ceiling on total loans granted by overseas subsidiaries is 400% of the net assets value of lender; limit on loans granted by a subsidiary to a single party is 200% of the net assets value of lender.

Note 7: The policy for loans granted by Jusda Supply Chain Management International Co., Ltd. is as follows: ceiling on total loans to all parties is 60% of the net assets value of lender; limit on loans to a single party is 30% of the net assets value of lender.

Note 8: The policy for loans granted by overseas subsidiaries (outside Taiwan) of which Foxconn Industrial Internet Co., Ltd. (FII) directly or indirectly holds 100% of their voting shares is as follows: ceiling on total loans granted by overseas subsidiaries is 50% of the net assets value of FII; limit on loans granted by a subsidiary to a single party is 30% of the net assets value of FII.

The policy for loans granted by subsidiaries of FII loan to FII is as follows: ceiling on total loans granted by overseas subsidiaries is 40% of the net assets value of lender; limit on loans granted by an overseas subsidiary to a single party is 40% of the net assets value of lender.

The policy for loans granted by the subsidiaries of FII to subsidiaries of which FII directly or indirectly holds more than 50% of their voting shares or subsidiaries of which lender directly or indirectly holds more than 50% of their voting shares is as follows: ceiling on total loans granted by overseas subsidiaries is 10% of the net assets value of lender; limit on loans granted by an overseas subsidiary to a single party is 20% of the net assets value of lender.

Note 9: Nanning Fugui Precision Industrial Co., Ltd. was renamed Nanning Fulian Fugui Precision Industrial Co., Ltd. on January 5, 2022; Hongfujin Precision Electronics (Tianjin) Co., Ltd. was renamed Fulian Precision Electronics (Tianjin) Co., Ltd. on February 28, 2022; Shenzhenshi Yuzhan Precision Technology Co., Ltd. was renamed Fulian Yuzhan Technology (Shenzhen) Limited on March 2, 2022; Fuhong Cloud Computing (Tianjin) Co., Ltd. was renamed Fulian Cloud Computing (Tianjin) Co., Ltd. on March 2, 2022; Futaihua Precision Electronics (Zhengzhou) Co., Ltd. was renamed Fulian precision electronics (Zhengzhou) Co., Ltd. on June 1, 2022; Henan Yuzhan Technology Limited was renamed Fulian Yuzhan Technology (Henan) Co., Ltd. on June 6, 2022; Jincheng Futaihua Precision Electronic Co., Ltd. was renamed Fulian Technology (Jincheng) Co., Ltd. on July 13, 2022; AchemarTek Inc. was renamed ICana Inc. in August 2022; Hongfujin Precision Industry (Shenzhen) Co., Ltd. was renamed Foxconn Technology Group Co., Ltd. in November 2022.

Note 10: The net assets referred to above are based on the latest audited financial statements.

Note 1: Having business relationship.

Note 2: The endorser/guarantor parent company owns directly and indirectly more than 50% voting shares of the endorsed/guaranteed company.

Note 3: The endorser/guarantor parent company owns directly and indirectly more than 90% voting shares of the endorsed/guaranteed company.

Note 4: The total endorsements and guarantees of the Company to others should not be in excess of the Company's net assets, and for a single party should not be in excess of 50% of the Company's net assets.

The total endorsements and guarantees of the Company and its subsidiaries to others as a whole should not be in excess of the Company's net assets, and for a single enterprise should not be in excess of 50% of the Company's net assets.

Note 5: The total endorsements and guarantees of overseas subsidiaries of which the Company directly or indirectly holds 100% of their voting shares to others should not be in excess of 100% the endorser/guarantor's net assets, and for a single party should not be in excess of 100% of the endorser/guarantor's net assets.

Note 6: The total endorsements and guarantees of Smart Technologies Inc. to others should not be in excess 50% of the Company's net assets, and for a single party should not be in excess of 20% of the Company's net assets.

The total endorsements and guarantees of Foxconn Industrial Internet Co., Ltd. (FI), Foxconn Interconnect Technology Limited and its subsidiaries to others should not be in excess of the endorser/guarantor's net assets.

and for a single party should not be in excess 50% of the endorser/guarantor's net assets.

The total endorsements and guarantees of Jusha Supply Chain Management International Co., Ltd. to others should not be in excess of its net assets, and for a single party should not be in excess of its net assets.

The total endorsements and guarantees of Jusha Supply Chain Management International Co., Ltd. and its subsidiary to others should not be in excess of the endorser/guarantor's net assets, and for a single party should not be in excess of the endorser/guarantor's net assets.

The total endorsements and guarantees of Shunsin Technology Holdings Limited to others should not be in excess of its net assets, and for a single party should not be in excess 50% of its net assets.

The total endorsements and guarantees of Shunsin Technology Holdings Limited and its subsidiary to others should not be in excess of the endorser/guarantor's net assets, and for a single party should not be in excess of the endorser/guarantor's net assets.

Note 7: FIH Mobile Limited and its 100% subsidiaries, FIH (Hong Kong) Limited, FIH Mexico Industry S.A. de C.V., S&B Industry, Inc., Great Promote Limited, Eliteday Enterprises Limited, Extra High Enterprises Limited, and FIH Co., Ltd. mutually endorse their bank debts and share the limit of US\$300 million.

Among them, the ceiling on the total amount of endorsements/guarantees provided by FIH Mobile Limited is 100% of its own net asset value, and the ceiling of a single party is 100% of its own net asset value.

The ceiling on the total amount of endorsements/guarantees provided by FIH Mexico Industry S.A. de C.V., FIH (Hong Kong) Limited, S&B Industry, Inc., Great Promote Limited, Eliteday Enterprises Limited, Extra High Enterprises Limited, and FIH Co., Ltd. is 200% of its own net asset value, and the ceiling of a single party is 100% of its own net asset value.

The above table separately discloses the portion of the endorsement/guarantees provided by FIH Mobile Limited and its subsidiaries in respect of bank debts that have drawn down and are attributable to the respective subsidiaries as a result of the shared limit. The remaining shared limit is included in FIH Mobile Limited's. The net asset value of the endorser/guarantor is used to calculate the limit. Since no company has incurred bank debts, FIH (Hong Kong) Limited acts as the representative of the guarantor. When a company actually incurs bank debts, the actual amount of debts will be disclosed.

The limit on endorsements/guarantees is calculated as follows:

Company name	Limit on endorsements/guarantees provided for a single party	Ceiling on total amount of endorsements/guarantees provided
FIH Mobile Limited	51,714,534	51,714,534
FIH Mexico Industry S.A. de C.V.	3,183,567	6,367,134
S&B Industry, Inc.	2,558,513	5,117,026
Great Promote Limited	1,598,290	3,196,580
Eliteday Enterprises Limited	319,868	639,736
Extra High Enterprises Limited	906,131	1,812,262
FIH Co., Ltd.	1,954,073	3,908,146
FIH (Hong Kong) Limited	-	-

Note 8: Foxconn (Far East) Limited endorse the bank debts for Foxconn Singapore Pte. Ltd., Foxconn Slovakia, Spol. S. R. O., Competition Team Ireland Ltd., and eCMMSPrecision Singapore Pte Ltd. The ceiling on the total amount of endorsements/guarantees is

USD 300 million. Since no company has incurred bank debts so far, the unused remaining facilities were disclosed with Foxconn Slovakia, Spol. S. R. O. as the guarantee. When a company actually incurs bank debts, the actual amount of debts incurred will be disclosed

Note 9: The net assets referred to above are based on the latest audited financial statements.

Note 1: The prices and terms to related parties were not significantly different from transactions with third parties, except for particular transactions with no similar transactions to compare with. For these transactions, the prices and terms were determined in accordance with mutual agreements.

Note 2: The Group sold materials to the above related parties for processing and repurchased the finished goods. The sales amount of materials and repurchase price of finished goods were offset against each other and shown at net amount in the financial statements.

Hon Hai Precision Industry Co., Ltd. and Subsidiaries
Receivables from related parties reaching NT\$100 million or 20% of paid-in capital or more
For the year ended December 31, 2022

Note 1: The information of transactions between the Company and the consolidated subsidiaries should be noted in "Number" column.

(1) Number 0 represents the Company.

(2) The consolidated subsidiaries are numbered in order from number 1.

Note 2: The transaction relationships with the counterparties are as follows:

(1) The Company to the consolidated subsidiary.

(2) The consolidated subsidiary to the Company.

(3) The consolidated subsidiary to another consolidated subsidiary.

Note 3: The prices and terms to related parties were not significantly different from transactions with third parties, except for particular transactions with no similar transactions to compare with. For these transactions, the prices and terms were determined in accordance with mutual agreements.

Note 4: In calculating the ratio, the transaction amount is divided by consolidated total assets for balance sheet accounts and is divided by consolidated total revenues for income statement accounts.

Note 5: For balance sheet accounts, transactions exceeding 1% of the consolidated total assets should be disclosed; for income statement accounts, transactions exceeding 1% of the consolidated total revenue should be disclosed.

All the transactions had been eliminated when preparing consolidated financial statements.

Note 6: The aforementioned transactions with related parties were based on the financial statements of the company for the same period which was audited by independent accountants.

Note 1: The investment income recognised for this year had eliminated unrealised gain or loss on the transactions between the Company and its investees.

Note 2: The Company and the direct and indirect investee companies own 29.48% of Foxconn Technology Co., Ltd.'s outstanding shares.

Note 3: The Company and the direct and indirect investee companies own 26.51% of Pan International Industrial Corporation's outstanding shares.

Note 4: The Company and the direct and indirect investee companies own 99.96% of Premier Image Technology (H.K) Ltd.'s outstanding shares.

Note 5: The Company and the direct and indirect investee companies own 100% of Altus Technology Inc.'s outstanding shares.

Note 6: The Company and the direct and indirect investee companies own 34.06% of Sharp Corporation's outstanding shares.

Note 7: The Company and the direct and indirect investee companies own 36.89% of Asia Pacific Telecom Co., Ltd.'s outstanding shares.

Note 8: The Company and the direct and indirect investee companies own 100% of Foxconn Singapore Pte. Ltd.'s outstanding shares.

Note 9: Due to the amount is insignificant, combined disclosure is adopted.

Note 10: In April 2022, FIH Mobile Limited had disposed all of equity interests in the Advanced Optoelectronic Technology, Inc.

Note 11: Hyield Venture Capital Co., Ltd. is referred to as Hyield, Hon Chi International Investment Co., Ltd. is referred to as Hon Chi, Hon Yuan International Investment Co., Ltd. is referred to as Hon Yuan, Bao Shin International Investment Co., Ltd. is referred to as Bao Shin, Lin Yih International Investment Co., Ltd. is referred to as Lin Yih and Hon Yih International Investment Co., Ltd. is referred to as Hon Yih.

Note 12: Because the foreign holding investee companies prepare consolidated financial statements only, the disclosure of the company's investments over which the Company has significant influence or control, directly or indirectly, is only disclosed to the level of the holding company.

Hon Hai Precision Industry Co., Ltd. and Subsidiaries
Information on investments in Mainland China
For the year ended December 31, 2022

Table 11

Expressed in thousands of TWD
(Except as otherwise indicated)

Investee in Mainland China	Main business activities	Paid-in capital	Investment method (Note 1)	Accumulated amount of remittance from Taiwan to Mainland China as of January 1, 2022	Amount remitted from Taiwan to Mainland China/ Amount remitted back to Taiwan		Accumulated amount of remittance from Taiwan to Mainland China as of December 31, 2022	Net income of investee for the year ended December 31, 2022	Ownership held by the Company (direct or indirect)	Investment income (loss) recognised by the Company for the year ended December 31, 2022	Book value of investments in Mainland China as of December 31, 2022	Accumulated amount of investment income remitted back to Taiwan as of December 31, 2022	Footnote

Company name	Accumulated amount of remittance from Taiwan to Mainland China as of December 31, 2022	Investment amount approved by the	
		Investment Commission of the Ministry of Economic Affairs (MOEA)	Ceiling on investments in Mainland China imposed by the Investment Commission of MOEA
Hon Hai Precision Industry Co., Ltd.	\$ 200,987,426	\$ 383,411,119	\$ -

Note 1: Investment methods are classified into the following three categories:

- (1) Directly invest in a company in Mainland China.
- (2) Through investing in Foxconn (FarEast) Limited in the third area, which then invested in the investee in Mainland China.
- (3) Others.

Note 2: The basis for investment income (loss) recognition is from the financial statements which were based on the audited and attested by R.O.C. parent company's CPA, except FIH Precision Component (Beijing) Co., Ltd., Shenzhen Fu Tai Hong Precision Industry Co., Ltd., Honxun Electrical Industry (Hangzhou) Co., Ltd., FIH (Tian Jin) Precision Industry Co., Ltd., Futaijing Precision Electronics (Beijing) Co., Ltd., FIH Precision Electronics (Lang Fang) Co., Ltd., FIH (Nanjing) Communications Co., Ltd., Nanning Futaihong Precision Industry Co., Ltd., Futaijing Precision Electronics (Yantai) Co., Ltd., TNS Mobile (Beijing) Co., Ltd., FIH Electronics Technology (Nanjing) Co., Ltd., FIH (Nanjing) Intelligent Technology Co., Ltd., which the financial statements are audited and attested by international accounting firm which has cooperative relationship with firm in R.O.C.

Note 3: The Company has remitted US\$654,890 from own funds in 2014 to Foxteq Holdings Inc. in the British Virgin Islands to acquire 40% of the shares from Chinadragon Telecom Holding Co., Ltd., allowing the Company to indirectly hold 40% of its reinvestment in Shenzhen Jing Huang Technology Co., Ltd.

Note 4: The Company was approved by Investment Commission, MOEA of an investment of US\$156,950,000 in FIH Electronics Technology (Nanjing) Co., Ltd., which has not yet been established as of December 31, 2022.

Note 5: The Company was approved by Investment Commission, MOEA of an investment of US\$13,441 in Chengdu NUWA Robotics Corp., which has not yet been established as of December 31, 2022.

Note 6: The Company was approved by Investment Commission, MOEA of an investment of US\$6,722,352 in Allystar Technology (Shenzhen) Co., Ltd., which has not been invested as of December 31, 2022.

1. The following is a list of investments in Mainland China that have been liquidated, divested, or annulled, but the registered investment amounts have not yet been filed to the Investment Commission, MOEA:

1. The Company was approved by Investment Commission, MOEA of an investment of US\$3,000,000 in Guangxuhui Technology (Shenzhen) Co., Ltd., which had been liquidated in 2005.
2. The Company was approved by Investment Commission, MOEA of an investment of US\$625,000 in Shanghai Premier Image Trade Co., Ltd., which had been liquidated in April 2009.
3. The Company was approved by Investment Commission, MOEA of an investment of US\$684,091 in Dongfeng Antec (Wuhan) Automobile Electric System Co., Ltd. All of the shares had been transferred in 2009.
4. The Company was approved by Investment Commission, MOEA of an investment of US\$814,000 in Liuzhou Antec Fangshen Electric System Co., Ltd. All of the shares have been sold out in 2012.
5. The Company was approved by Investment Commission, MOEA of a total investment of US\$391,085 in Alibaba (China) Technology Co., Ltd., Alibaba (China) Software Co., Ltd., Alibaba (Shanghai) Technology Co., Ltd., and Beijing Sinya Online Information Technology Co., Ltd., which have been sold out in 2012.
6. The Company was approved by Investment Commission, MOEA of an investment of US\$2,500,000 in Hongfujiang Precision Electronics (Yingkou) Co., Ltd., which had been liquidated in 2012.
7. The Company was approved by Investment Commission, MOEA of an investment of US\$12,000,000 in Hong Fujin Precision Industrial (Qinhuangdao) Co., Ltd., which had been liquidated in 2011.
8. The Company was approved by Investment Commission, MOEA of an investment of US\$8,000,000 in Foxconn Technology (Qinhuangdao) Co., Ltd., which had been liquidated in 2011.
9. Qunkang Precision Component (Kunshan) Co., Ltd. has been permitted by the Investment Commission, Ministry of Economic Affairs for the investment of US\$6,000,000 and completed the registration of business combination with Kangzhun Electronic Technology (Kunshan) Co., Ltd. at the competent authority in 2016. The surviving company is Kangzhun Electronic Technology (Kunshan) Co., Ltd.
10. The Company was approved by Investment Commission, MOEA of an investment of US\$18,000,000 in Foshan Fu Hua Ke Precision Electronics Co., Ltd., which had been liquidated in December 2017. On October 22, 2018, MOEA approved the withdrawal of the investment of US\$13,500,000.
11. The Company was approved by Investment Commission, MOEA of an investment of US\$690,139 in Yantai Jiray Electronic Technology Co., Ltd., which had been liquidated by the competent authority on January 18, 2018.
12. The Company was approved by Investment Commission, MOEA of an investment of US\$53,490,425 in Champ Tech Optical (Foshan) Corporation, which have been sold out in 2018. On April 26, 2019, MOEA approved the withdrawal of the investment of US\$53,490,425.
13. The Company was approved by Investment Commission, MOEA of an investment of US\$20,000 in Jin Ji Trading (Linyi) Co., Ltd., which had been liquidated in 2019.
14. Kangzhun Electronic Technology (Kunshan) Co., Ltd. has been permitted by the Investment Commission, Ministry of Economic Affairs for the investment of US\$112,689,109 and completed the registration of business combination with Fuyang Electrical Technology (Changshu) Co., Ltd. at the competent authority in 2019. The surviving company is Kangzhun Electronic Technology (Kunshan) Co., Ltd.
15. The Company was approved by Investment Commission, MOEA of an investment of US\$2,126,394 in Jiaying Radioshack Trading Limited, which had been liquidated in 2019.
16. The Company was approved by Investment Commission, MOEA of an investment of US\$7,183,572 in FIH (Chengdu) Communication Technology Co., Ltd., which had been liquidated in 2019.
17. The Company was approved by Investment Commission, MOEA of an investment of US\$3,000,000 in Amlink (Shanghai) Ltd., which had been liquidated in 2019.
18. The Company was approved by Investment Commission, MOEA of an investment of US\$6,000,000 in Beijing Ainemo Network Technology Limited. All of the shares have been sold out in 2020.
19. The Company was approved by Investment Commission, MOEA of an investment of US\$20,000,000 in Fargan Technology Co., Ltd., which had been liquidated in 2020.
20. The Company was approved by the Investment Commission, M.O.E.A. of an investment of US\$47,158 in Fujian 101 Education Technology Co., Ltd. All of the shares were sold out in 2020.
21. The Company was approved by the Investment Commission, M.O.E.A. of an investment of US\$1,600,000 in Shenzhen Fuhongjie Technology Services Co., Ltd., which was liquidated in 2020.
22. The Company was approved by the Investment Commission, M.O.E.A. of an investment of US\$15,000,000 in Ji Zhi Precision Technology (Shenzhen) Co., Ltd., which was liquidated in February 2021.
23. The Company was approved by the Investment Commission, M.O.E.A. of an investment of US\$50,000,000 in Lianpu Technology (Shenzhen) Co., Ltd., which was liquidated in February 2021.
24. The Company was approved by the Investment Commission, M.O.E.A. of an investment of US\$10,000,000 in Jin Ji Full Precision Machinery (Huaian) Co., Ltd., which was liquidated in October 2020.
25. The Company was approved by the Investment Commission, M.O.E.A. of an investment of US\$3,100,239 in UER Technology (Shenzhen) Limited, which was liquidated in March 2021.
26. The Company was approved by the Investment Commission, M.O.E.A. of an investment of US\$17,000,000 in Tianjin Funayuanchuang Technology Co., Ltd., which was liquidated in October 2021.
27. The Company was approved by the Investment Commission, M.O.E.A. of an investment of US\$7,500,000 in Fu Cheng Ke Precision Electronics (Yantai) Co., Ltd., which was liquidated in October 2019.
28. The Company was approved by Investment Commission, MOEA of an investment of US\$700,000 in Fushirui Precision Industry (Jiyuan) Co., Ltd., which was liquidated in April 2021.
29. The Company was approved by the Investment Commission, M.O.E.A. of an investment of US\$4,100,000 in Fushirui Precision Industry (Jincheng) Co., Ltd., which was liquidated in November 2021.
30. Lankao Yude Environmental Material Technology Co., Ltd. has been permitted by the Investment Commission, Ministry of Economic Affairs for the investment of US\$45,000,000 and completed the registration of

- business combination with Lankao Yufu Precision Technology Co., Ltd. at the competent authority in 2021. The surviving company is Lankao Yufu Precision Technology Co., Ltd.
31. The Company was approved by Investment Commission, MOEA of an investment of U.S\$170,000,000 in Nanjing Hongfusharp Precision Electronics Co., Ltd., which was liquidated in August 2022.
 32. Hongye Precision Component (Kunshan) Co., Ltd. has been permitted by the Investment Commission, Ministry of Economic Affairs for the investment of US\$5,800,000 and completed the registration of business combination with Hongzhuo Precision Tooling (Kunshan) Co., Ltd. at the competent authority in 2021. The surviving company is Hongzhuo Precision Tooling (Kunshan) Co., Ltd.
 33. The Company was approved by Investment Commission, MOEA of an investment of U.S\$1,500,000 in Wuhu Ruichang Electric Systems Co., Ltd. All of the shares were sold out in 2021.
 34. The Company was approved by Investment Commission, MOEA of an investment of U.S\$9,995,114 in Foshan Pulida Technology Co., Ltd. All of the shares were sold out in 2022.
 35. The Company was approved by Investment Commission, MOEA of an investment of U.S\$75,336,000 in FIII (Nanjing) Intelligent Technology Co., Ltd., which was liquidated in March 2021.
 36. The Company was approved by Investment Commission, MOEA of an investment of US\$7,000,000 in Allystar Technology (Shenzhen) Co., Ltd., which was liquidated in June 2022.
 37. The Company was approved by Investment Commission, MOEA of an investment of U.S\$15,000,000 in Shenzhen Hengzhi yun chuang Technology Co., Ltd, which was liquidated in June 2022.
 38. The Company was approved by Investment Commission, MOEA of an investment of U.S\$856,750 in Yuan Kang Agricultural Technology Co., Ltd., which was liquidated in June 2022.
11. The following is a list of investments in Mainland China that have been reinvested by Chinese companies due to restructuring of investment structure, and whose investment amounts have been approved to be included in investments in Mainland China:
1. To the investees including Hongqinsheng Precision Electronics (Yingkou) Co., Ltd., Hongqinsheng Precision Electronics (Qinhuangdao) Co., Ltd., Hong Heng Sheng Electrical Technology (Huainan) Co., Ltd., Pibo Industrial (Shenzhen) Co., Ltd., Qingding Precision Electronics (Huainan) Co., Ltd. and Yinding Precision Electronics (Huainan) Co., Ltd., the total investment of U.S\$216,509,695 has been approved by Investment Commission, MOEA. Manufacturing and marketing of flexible display and molding.
 2. However, Avary Holding (Shenzhen) Co., Limited acquired the above mentioned investees in response to the adjustment in the investment structure. The Company was approved by Investment Commission, MOEA on September 20, 2017.
 3. An investment proposal totaling US\$922,949,697 in the investees in Mainland China has been approved by Investment Commission of MOEA. The investees included Ambient Microsystem (Shanghai) Co., Ltd., Amworld Microsystems (Shanghai) Ltd., Jizhuo Precision Industry (Huizhou) Co., Ltd., HongFuJing Precision Electronics (Tianjin) Co., Ltd., Fulian System Integration Electronics (Hangzhou) Co., Ltd., Nanning Fulian Fugui Precision Industrial Co., Ltd., Futaihua Precision Industrial Co., Ltd., Futaihua Precision Electronics (Zhengzhou) Co., Ltd., Futaihua Precision Electronics (Jiyuan) Co., Ltd. and Fulian Yuzhan Technology (Heenan) Co., Ltd. However, Foxconn Industrial Internet Co., Ltd. will acquire the aforementioned investees in Mainland China in response to changes in the Company's investment framework. The Company has reported to Investment Commission of MOEA about the investment adjustment on May 26, 2017.
11. Pursuant to the newly amended "Review Principles of Investment and Engagement of Technological Cooperation in Mainland China" dated August 29, 2008, since the Company has obtained the certificate of being qualified for operating headquarters, which was issued by the Industrial Development Bureau, MOEA, the ceiling amount of the investment in Mainland China is not applicable to the Company.
12. The Company invests in the company via investee companies in Mainland China including Shanghai Topone Logistics Co., Ltd., Wangfubi Trading Co., Ltd., Shanghai Ketailuajie Investment Co., Ltd., Shanghai Foxconn Co., Ltd., Shanghai Fusheng New Energy Technology Co., Ltd., Shanghai Fujingtong Business Factoring Limited, Shanghai Futaitong International Logistics Co., Ltd., Shanghai Zhuxuntong INDEPENDENT AUDITORS' REPORT TRANSLATED FROM CHINESE

To the Board of Directors and Stockholders of Hon Hai Precision Industry Co., Ltd.

Opinion

We have audited the accompanying parent company only balance sheets of Hon Hai Precision Industry Co., Ltd. (hereinafter referred to as 'Hon Hai') as of December 31, 2022 and 2021, and the related parent company only statements of comprehensive income, of changes in equity and of cash flows for the years then ended, and notes to the parent company only financial statements (including a summary of significant accounting policies).

In our opinion, based on our audits and the reports of other independent accountants, the accompanying parent company only financial statements present fairly, in all material respects,, the parent company only financial position of Hon Hai as of December 31, 2022 and 2021, and its parent company only financial performance and parent company only cash flows for the years then ended in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers.

Basis for opinion

We conducted our audits in accordance with the Regulations Governing Auditing and Attestation of Financial Statements by Certified Public Accountants and Standards on Auditing of the Republic of China. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of parent company only Financial Statements section of our report. We are independent of Hon Hai in accordance with the Norm of Professional Ethics for Certified Public Accountant of the Republic of China, and we have fulfilled our other ethical responsibilities in accordance with these requirements. Based on our audits and the reports of other independent auditors, we believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of Hon Hai's 2022 parent company only financial statements. These matters were addressed in the context of our audit of the parent company only financial statements as a whole and, in forming our opinion thereon, we do not provide a separate opinion on these matters.

Key audit matters for Hon Hai's 2022 parent company only financial statements are stated as follows:

Cut-off of hub sales revenue

Description

Refer to Note 4(31) for accounting policies on revenue recognition.

Hon Hai recognises revenue upon acceptance of the goods by the customers (when control of the products is transferred) if picked up from hub. For pick-ups from hub, Hon Hai recognises sales revenue based on movements of inventories contained in the statements or other information provided by the hub custodians. As the hubs are located around the world with numerous custodians, the frequency and contents of statements provided by custodians vary, and the process of revenue recognition involves numerous manual procedures, these factors may potentially result in inaccurate timing of sales revenue recognition and the discrepancy in inventory quantities between the physical inventory and accounting records.

As there are numerous daily sales revenue transactions from hubs and the transaction amounts prior to and after the balance sheet date are significant to the financial statements, we identified the cut-off of hub sales revenue as a key audit matter.

How our audit addressed the matter

We performed the following audit procedures in respect of the above key audit matter:

- A. Assessed and tested the appropriateness of internal controls over cut-off of hub sales revenue for a specific period prior to and after the balance sheet date, including agreeing to respective supporting documents provided by hub custodians, and validated the proper timing of recognising movements of inventories and respective transfer of cost of goods sold.
- B. Confirmed or conducted physical count of inventory quantities held at hubs and agreed to accounting records.

Allowance for inventory valuation losses

Description

Refer to Note 4(13) for accounting policies on inventory valuation, Note 5(2) for uncertainty of accounting estimates and assumptions in relation to inventory valuation losses, and Note 6(6) for details of inventories. As of December 31, 2022, Hon Hai's inventories and allowance for inventory valuation losses amounted to NT\$145,786,995 thousand and NT\$4,349,165 thousand, respectively.

Hon Hai and its subsidiaries are primarily engaged in the manufacturing and sales of 3C electronic products. Due to rapid technological innovations, short lifespan of electronic products and fluctuations in market prices, there is a higher risk of inventory losses arising from market value decline or obsolescence. Hon Hai and its subsidiaries recognise inventories at the lower of cost and net realizable value, and the net realizable value is estimated based on historical experience. An allowance for inventory valuation losses is provided for those inventories aged over a certain period and those individually identified as obsolete or damaged.

As the amounts of inventories are material, the types of inventories vary, and the estimation of net realizable value for individually obsolete or damaged inventories is subject to management's judgment, we consider the allowance for inventory valuation losses a key audit matter.

How our audit addressed the matter

We performed the following audit procedures in relation to the provision for inventory valuation losses for individually obsolete or damaged inventories:

- A. Ensured consistent application of accounting policies in relation to allowance for inventory valuation losses and assessed the reasonableness of these policies.
- B. Validated the appropriateness of system logic of inventory aging report utilised by management to ensure proper classification of inventories aged over a certain period.
- C. Evaluated the reasonableness of inventories individually identified as obsolete or damaged by checking the related supporting documents and comparing with the information obtained from physical inventory.
- D. Discussed with management the net realizable value of inventories aged over a certain period and individually identified as obsolete or damaged, validated respective supporting documents and reperformed the calculation.

Other matters – Reference to audits of other independent accountants

We did not audit the financial statements of certain investments accounted for under the equity method. Those financial statements were audited by other independent accountants, whose reports thereon have been furnished to us, and our opinion expressed herein, insofar as it relates to the amounts included in the parent company only financial statements and other related information disclosed in Note 13, relative to these investments accounted for under the equity method was based solely on the reports of other independent accountants. As of December 31, 2022 and 2021, the investment accounted for under the equity method amounted to NT\$35,018,967 thousand and NT\$37,931,908 thousand, constituting 0.98% and 1.13% of total assets, respectively. The comprehensive income recognized in financial statements audited by other accountants in 2022

and 2021 (including comprising share of profit or loss in subsidiaries, associates and joint ventures accounted for under the equity method and share of other comprehensive income in subsidiaries, associates and joint ventures accounted for under the equity method) amounted to loss NT\$7,184,989 thousand and gain NT\$1,816,278 thousand, constituting 4.77% and 1.32% of total comprehensive income, respectively.

Responsibilities of management and those charged with governance for the parent company only financial statements

Management is responsible for the preparation and fair presentation of the parent company only financial statements in accordance with the “Regulations Governing the Preparation of Financial Reports by Securities Issuers”, and for such internal control as management determines is necessary to enable the preparation of the parent company only financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the parent company only financial statements, management is responsible for assessing Hon Hai’s ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate Hon Hai or to cease operation, or has no realistic alternative but to do so.

Those charged with governance, including the Audit Committee, are responsible for overseeing Hon Hai’s financial reporting process.

Auditor’s responsibilities for the audit of the parent company only financial statements

Our objectives are to obtain reasonable assurance about whether the parent company only financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with the Standards on Auditing of the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken based on these parent company only financial statements.

As part of an audit in accordance with the Standards on Auditing of the Republic of China, we exercise professional judgment and maintain professional skepticism throughout the audit. We are also:

- A. Identify and assess the risks of material misstatement of the parent company only financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls.
- B. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Hon Hai's internal controls.
- C. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- D. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on Hon Hai's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the parent company only financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause Hon Hai to cease to continue as a going concern.
- E. Evaluate the overall presentation, structure and content of the parent company only financial statements, including the disclosures, and whether the parent company only financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- F. Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within Hon Hai to express an opinion on the parent company only financial statements. We are responsible for the direction, supervision and performance of the audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the parent company only financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our auditors' report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Hsu, Yung-Chien Hsu, Sheng-Chung

HON HAI PRECISION INDUSTRY CO., LTD.
Notes to the Parent Company Only Financial Statements
FOR THE YEARS ENDED DECEMBER 31, 2022 AND 2021

Unit: NT\$ thousand
(EXCEPT AS OTHERWISE INDICATED)

I. History and Organization

Hon Hai Precision Industry Co., Ltd. ("the Company") was incorporated as a company limited by shares under the provisions of the Company Act of the Republic of China (R.O.C.). The Company is primarily engaged in the manufacture, sales and service of connectors, case, thermal module, wired/ wireless communication products, optical products, power supply modules and assemblies for use in the IT, communications, automotive equipment, precision molding, automobile, and consumer electronics industries.

II. The Date of Authorization for Issuance of the Financial Statements and Procedures for Authorization

The Parent Company Only Financial Statements were authorized and issued by the Board of Directors on March 15, 2023.

III. Application of New Standards, Amendments and Interpretations

(I) Effect of the adoption of new issuances of or amendments to International Financial Reporting Standards ("IFRS") as endorsed by the Financial Supervisory Commission ("FSC")

New, amended and revised International Financial Reporting Standards ("IFRS") that have been endorsed and issued into effect by the FSC and become by the Financial effective from 2022 are stated as follows:

New/Amended/Revised Standards and Interpretations	Effective Date by International Accounting Standards Board
Amendments to IFRS 3, 'Reference to the Conceptual Framework'	January 1, 2022
Amendments to IAS 16, 'Property, Plant and Equipment - Proceeds before Intended Use'	January 1, 2022
Amendments to IAS 37, 'Onerous Contracts - Cost of Fulfilling a Contract'	January 1, 2022
Annual Improvements to IFRSs 2018-2020 Cycle	January 1, 2022

The aforementioned standards and interpretations have no significant impact on the Company's financial position and financial performance based on the Company's assessment.

(II) Effect and issued of new issuances of or amendments to IFRSs as endorsed and issued into effect by the FSC but not yet adopted by the Company

New, amended and revised International Financial Reporting Standards ("IFRS") that have been endorsed and issued into effect by the FSC and become by the Financial effective from 2023 are stated as follows:

<u>New/Amended/Revised Standards and Interpretations</u>	<u>Effective Date by International Accounting Standards Board</u>
Amendments to IAS 1, 'Disclosure of Accounting Policies'	January 1, 2023
Amendments to IAS 8, 'Definition of Accounting Estimates'	January 1, 2023
Amendments to IAS 12, 'Deferred Tax Related to Assets and Liabilities Arising from a Single Transaction'	January 1, 2023

The aforementioned standards and interpretations have no significant impact on the Company's financial position and financial performance based on the Company's assessment.

(III) Effect of IFRSs issued by IASB but not yet endorsed and issued into effect by the FSC

New standards, interpretations and amendments issued by IASB but not yet included in the IFRSs as endorsed and issued into effect by the FSC are as follows:

<u>New/Amended/Revised Standards and Interpretations</u>	<u>Effective Date by International Accounting Standards Board</u>
Amendments to IFRS 10 and IAS 28 Sale or Contribution of Assets between an Investor and Its Associate or Joint Venture	To be determined by the International Accounting Standards Board
Amendments to IFRS 16, "Lease Liability in a Sale and Leaseback"	January 1, 2024
IFRS 17, 'Insurance Contracts'	January 1, 2023
Amendments to IFRS 17, 'Insurance Contracts'	January 1, 2023
Amendments to IFRS 17 "Initial Application of IFRS 17 and IFRS 9—Comparative Information"	January 1, 2023
Amendments to IAS 1, 'Classification of Liabilities as Current or Non-current'	January 1, 2024
Amendments to IAS 1 "Non-current Liabilities with Covenants"	January 1, 2024

The aforementioned standards and interpretations have no significant impact on the Company's financial position and financial performance based on the Company's assessment.

IV. Summary of Significant Accounting Policies

Significant accounting policies adopted during the preparation of the parent company only financial statements are described as follows: Unless otherwise stated, such policies are consistently applicable to all the periods presented.

(I) Compliance statement

The parent company only financial statements have been prepared in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers.

(II) Basis of preparation

1. Except for the following items, these parent company only financial statements have been prepared under the historical cost convention:

- (1) Financial assets and financial liabilities (including derivative instruments) at fair value through profit or loss.
- (2) Financial assets at fair value through other comprehensive income measured at fair value.

- (3) Defined benefit liabilities recognized based on the net amount of pension fund assets less present value of defined benefit obligation.
2. The preparation of financial statements in conformity with International Financial Reporting Standards, International Accounting Standards, IFRIC Interpretations, and SIC Interpretations as endorsed and issued into effect by the FSC (collectively referred herein as the "IFRSs") requires the use of certain critical accounting estimates. It also requires management to exercise its judgment in the process of applying the Company's accounting policies. The areas involving a higher degree of judgment or complexity, or areas where assumptions and estimates are significant to the parent company only financial statements are disclosed in Note 5.

(III) Foreign currency translation

1. The parent company only financial statements are presented in NTD, which is the Company's functional and presentation currency.
2. Foreign currency transactions and balances
 - (1) Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions or valuation where items are remeasured. Foreign exchange gains and losses resulting from the settlement of such transactions are recognized in profit or loss in the period in which they arise, except for the transactions that qualify as cash flow hedging and deferred in other comprehensive income.
 - (2) Monetary assets and liabilities denominated in foreign currencies at the period end are retranslated at the exchange rates prevailing at the balance sheet date. Exchange differences arising upon re-translation at the balance sheet date are recognized in profit or loss in the period in which they arise.
 - (3) Non-monetary assets and liabilities denominated in foreign currencies held at fair value through profit or loss are re-translated at the exchange rates prevailing at the balance sheet date; their translation differences are recognized in profit or loss in the period in which they arise. Non-monetary assets and liabilities denominated in foreign currencies held at fair value through other comprehensive income are re-translated at the exchange rates prevailing at the balance sheet date; their translation differences are recognized in other comprehensive income. However, non-monetary assets and liabilities denominated in foreign currencies that are not measured at fair value are translated using the historical exchange rates at the dates of the initial transactions.
 - (4) All foreign exchange gains and losses are presented in the statements of comprehensive income within "other gains and losses".
3. Translation of foreign operations
 - (1) The operating results and financial position of all the group entities and associates that have a functional currency different from the presentation currency are translated into the presentation currency as follows:

- A. Assets and liabilities for each balance sheet presented are translated at the closing exchange rate at the date of that balance sheet;
 - B. Income and expenses for each statement of comprehensive income are translated at average exchange rates of the period; and
 - C. All resulting exchange differences are recognized in other comprehensive income.
- (2) When the foreign operation of an associate is partially disposed of or sold, exchange differences that were recorded in other comprehensive income are proportionately reclassified to profit or loss as part of the gain or loss on sale. In addition, if the Company still retains partial interest in the former foreign associate after losing significant influence over the former foreign associate, such transactions should be accounted for as disposal of all interest in these foreign operations.
 - (3) When the foreign operation partially disposed of or sold is a subsidiary, cumulative exchange differences that were recorded in other comprehensive income are proportionately transferred to the non-controlling interest in this foreign operation. In addition, even when the Company retains partial interest in the former foreign subsidiary after losing control of the former foreign subsidiary, such transactions should be accounted for as disposal of all interest in the foreign operation.
 - (4) Goodwill and fair value adjustments arising from the acquisition of foreign entities are treated as assets and liabilities of foreign entities and translated at the end-of-period exchange rates.

(IV) Classification of current and non-current items

- 1. Assets that meet one of the following criteria are classified as current assets;
 - (1) Assets arising from operating activities that are expected to be realized, or are intended to be sold or consumed within the normal operating cycle;
 - (2) held mainly for trading purposes;
 - (3) Assets that are expected to be realized within 12 months after the balance sheet date; or
 - (4) Cash and cash equivalents, excluding restricted cash and cash equivalents and those that are to be exchanged or used to settle liabilities more than 12 months after the balance sheet date.

Assets that meet none of the above criteria are classified by the Company as non-current assets.

- 2. Liabilities that meet one of the following criteria are classified as current liabilities:
 - (1) Liabilities that are expected to be settled within the normal operating cycle;
 - (2) held mainly for trading purposes;
 - (3) Liabilities that are to be settled within 12 months after the balance sheet date;
 - (4) Liabilities for which the repayment date cannot be extended unconditionally to more than 12 months after the balance sheet date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

Liabilities that meet none of the above criteria are classified by the Company as non-current liabilities.

(V) Cash equivalents

Cash equivalents refer to short-term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value. Time deposits that meet the above criteria and are held for the purpose of meeting short-term cash commitment in operations are classified as cash equivalents.

(VI) Financial assets at fair value through profit or loss

1. Financial assets at fair value through profit or loss are financial assets that are not measured at amortized cost or fair value through other comprehensive income.
2. On a regular way purchase or sale basis, financial assets at fair value through profit or loss are recognized and derecognized using trade date accounting.
3. At initial recognition, the Company measures it at fair value and recognizes the transaction costs in profit or loss. The Company subsequently measures the financial liabilities at fair value, and recognizes the gain or loss in profit or loss.
4. The Company recognizes the dividend income in profit or loss when the right to receive payment is established, future economic benefits associated with the dividend flows to the Company, and the amount of the dividend can be measured reliably.

(VII) Financial assets at fair value through other comprehensive income

1. Financial assets at fair value through other comprehensive income comprise equity instruments which are not held for trading, and for which the Company has made an irrevocable election at initial recognition to recognize changes in fair value in other comprehensive income:
 - (1) The objective of the Company's business model is achieved both by collecting contractual cash flows and selling financial assets; and
 - (2) The assets' contractual cash flows represent solely payments of principal and interest on the principal amount outstanding.
2. On a regular way purchase or sale basis, financial assets at fair value through other comprehensive income are recognized and derecognized using trade date accounting.
3. At initial recognition, the Company measures the financial assets at fair value plus transaction costs. The Company subsequently measures the financial assets at fair value:
The changes in fair value of equity instruments that were recognized in other comprehensive income. Cumulative gain or loss previously recognized in comprehensive income are reclassified to retained earnings and are not reclassified to profit or loss following the derecognition of the instrument. The Company recognizes the dividend income in profit or loss when the right to receive payment is established, future economic benefits associated with the dividend flows to the Company, and the amount of the dividend can be measured reliably.

(VIII) Financial assets at amortized cost

1. Financial assets at amortized cost are those that meet all of the following criteria:
 - (1) The objective of the Company's business model is achieved by collecting contractual cash flows; and
 - (2) The assets' contractual cash flows represent solely payments of principal and interest on the principal amount outstanding.
2. On a regular way purchase or sale basis, financial assets at amortized cost are recognized and derecognized using trade date accounting.
3. At initial recognition, the Company measures the financial assets at fair value plus transaction costs. Subsequently, impairment loss on and interest income from these financial assets is recognized using the effective interest method in accordance with the amortization procedure. A gain or loss is recognized in profit or loss when the asset is derecognized.
4. The Company's time deposits which do not fall under cash equivalents are those with a short maturity period and are measured at initial investment amount as the effect of discounting is immaterial.

(IX) Accounts and notes receivable

1. Accounts and notes receivable entitle an unconditional legal right to receive consideration in exchange for transferred goods or rendered services.
2. The short-term accounts and notes receivable without bearing interest are subsequently measured at initial invoice amount as the effect of discounting is immaterial.
3. The Company's operating pattern of accounts receivable that are expected to be factored is for the purpose of collecting contractual cash flows and selling, and the accounts receivable are subsequently measured at fair value, with any changes in fair value recognized in other comprehensive income.

(X) Impairment of financial assets

For debt instruments measured at fair value through other comprehensive income, financial assets at amortized cost, and accounts receivable containing a significant financing component, the Company measures, at each balance sheet date, the impairment provision at 12 months expected credit losses if there has no significant increase in credit risk since initial recognition or measures the impairment provision for the lifetime expected credit losses (ECLs) if such credit risk has increased since initial recognition after taking into consideration all reasonable and verifiable information that includes forecasts. On the other hand, for accounts receivable or contract assets that do not contain a significant financing component, the Company recognizes the impairment provision for lifetime ECLs.

(XI) Derecognition of financial assets

The Company derecognizes a financial asset when one of the following conditions is met:

1. The contractual rights to receive the cash flows from the financial asset expire.
2. The contractual rights to receive cash flows of the financial asset have been transferred and the Company has transferred substantially all risks and rewards of ownership of the financial asset.

3. The contractual rights to receive cash flows of the financial asset have been transferred; and the Company has not retained control of the financial asset

(XII) Leasing arrangements - lease receivable/ operating leases (lessor)

Lease income from an operating lease (net of any incentives given to the lessee) is recognized in profit or loss on a straight-line basis over the lease term.

(XIII) Inventories

Inventories are measured at the lower of cost and net realizable value. Cost is determined using the weighted-average cost method. The cost of finished goods and goods in process comprises raw materials, direct labor, other direct costs and related production overheads (allocated based on normal operating capacity). However, loan costs are excluded. The item-by-item approach is used in applying the lower of cost and net realizable value. Net realizable value is the estimated selling price in the ordinary course of business, less the estimated cost of completion and applicable variable selling expenses.

(XIV) Investments accounted for under the equity method / subsidiaries and associates

1. Subsidiaries are entities controlled by the Company (including structured entities). The Company controls the entity when the Company is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity.
2. All unrealized profit or loss resulting from transactions between the Company and its subsidiaries have been eliminated in full. Accounting policies of subsidiaries have been adjusted when necessary in order to be consistent with those of the Company.
3. The Company's share of profit or loss in subsidiaries after acquisition is recognized in profit or loss, whereas its share of other comprehensive income in subsidiaries after acquisition is recognized in other comprehensive income. If the Company's share of loss in a subsidiary exceeds its share of equity in such a subsidiary, the Company continues to recognize losses in its shareholding percentage.
4. If a change in shareholding in a subsidiary does not result in a loss of control (i.e. transactions with non-controlling interests), such a change is accounted for as an equity transaction, that is, a transaction with owners in their capacity as owners. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received is recognized directly in equity.
5. Associates are all entities over which the Company has significant influence but no control. In general, it is presumed that an investor has significant influence if the investor holds directly or indirectly 20% or more of the voting power of the investee. Investments in associates are accounted for under the equity method and are recognized at cost after acquisition.
6. The Company's share of profits or losses after the acquisition of associates is recognized in profit or loss, and its share of other comprehensive income after acquisition is recognized in other comprehensive income. When the Company's share of losses in an associate equals or exceeds its interest in the associate, including any other unsecured receivables, the Company

does not recognize further losses, unless it has incurred legal or constructive obligations or made payments on behalf of the associate.

7. When changes in an associate's equity do not arise from profit or loss or other comprehensive income of the associate and such changes do not affect the Company's shareholding percentage of the associate, the Company recognizes change in ownership interests in the associate in "capital surplus" in proportion to its shareholding.
8. Unrealized gains or losses on transactions between the Company and its associates are eliminated to the extent of the Company's interest in the associates. Unrealized losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of associates have been adjusted where necessary to ensure consistency with the policies adopted by the Company.
9. In case an associate issues new shares and the Company does not subscribe or acquire new shares proportionately, which results in a change in the Company's ownership percentage of the associate but maintains significant influence on the associate, then "capital surplus" and "investments accounted for under the equity method" shall be adjusted for the increase or decrease of its share of equity interest. If the above condition causes a decrease in the Company's ownership percentage of the associate, in addition to the above adjustment, the amounts previously recognized in other comprehensive income in relation to the associate are reclassified to profit or loss proportionately on the same basis as would be required if the relevant assets or liabilities were disposed of.
10. Upon loss of significant influence over an associate, the Company remeasures any investment retained in the former associate at its fair value. Any difference between fair value and carrying amount is recognized in profit or loss.
11. When the Company disposes of its investment in an associate and loses significant influence over this associate, the amounts previously recognized in other comprehensive income in relation to the associate are reclassified to profit or loss, on the same basis as would be required if the relevant assets or liabilities were disposed of. That is, if any gains or losses previously recognized in other comprehensive income are to be reclassified to profit or loss upon disposal of related assets or liabilities, such gains or losses, when the Company loses significant influence over the associates, are reclassified from equity to profit or loss or transferred directly to retained earnings in accordance with other IFRSs. If it still retains significant influence over this associate, the amounts previously recognized in other comprehensive income in relation to the associate are reclassified to profit or loss proportionately in accordance with the aforementioned approach.
12. According to Regulations Governing the Preparation of Financial Reports by Securities Issuers, the profit or loss of the period and other comprehensive income presented in parent company only financial statements shall be the same as the allocations of profit or loss of the period and of other comprehensive income attributable to owners of the parent presented in the financial statements prepared on a consolidated basis, and the owners' equity presented in the parent company only financial statements shall be the same as the equity

attributable to owners of the parent presented in the financial statements prepared on a consolidated basis.

(XV) Property, plant and equipment

1. Property, plant and equipment are initially recorded at cost. Borrowing costs incurred during the construction period are capitalized.
2. Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognized. All other repairs and maintenance are recognized as profit or loss during the financial period in which they are incurred.
3. While land is not depreciated, other property, plant and equipment that apply cost model are depreciated using the straight-line method to allocate their cost over their estimated useful lives. If each component of property, plant and equipment is significant in relation to the total cost of the item, it must be depreciated separately.
4. The assets' residual values, useful lives and depreciation methods are reviewed, and adjusted if appropriate, at each financial year-end. If expectations for the assets' residual values and useful lives differ from previous estimates or the patterns of consumption of the assets' future economic benefits embodied in the assets have changed significantly, any change is accounted for as a change in estimate under IAS 8, 'Accounting Policies, Changes in Accounting Estimates and Errors.' from the date of the change. Useful lives of property, plant and equipment are as follows:

Buildings and structures	15 ~ 51 years
(Buildings and auxiliary facilities	5 ~ 11 years)
Machinery and equipment	3 ~ 9 years
Other assets	1 ~ 6 years

(XVI) Lessee Leasing Transaction – Right-of-use Assets/Leasing liabilities

1. Leased assets are recognized as right-of-use assets and leasing liabilities as of the date they become available to the Company. When a lease contract is a short-term lease or a lease of a low-value asset, the lease payment is recognized as an expense over the leasing period using the straight-line method.
2. Leasing liabilities are recognized at the commencement date of the lease at the present value of unpaid lease payments discounted by the interest rate on the Company's incremental borrowings, which include:
 - (1) Fixed payments, less any lease incentives that may be received;
 - (2) Variable lease payments that depend on a certain index or rate;
 - (3) Expected amount paid by the company under the residual value guarantee;
 - (4) The exercise price of purchasing the option if the lessee can be reasonably certain that such option will be exercised; and
 - (5) Penalties to be paid for lease termination if lessor intends to exercise the lease termination option during the leasing period.

The leasing liabilities are measured subsequently using the cost amortized by the interest bill, which provides for interest expense over the term of the lease. When a change in non-contractual results in a change in the leasing period or lease payment, the leasing liability is reassessed, and the right-of-use asset is remeasured.

3. Right-of-use assets are recognized at cost at the commencement date of the lease, which includes:
 - (1) The initial measurement amount of the leasing liability;
 - (2) Any lease payments made on or before the commencement date;
 - (3) Any initial direct costs incurred; and
 - (4) Estimated costs for demolition, removal of the subject asset and location of the recovery period, or restoration of the subject asset to the condition required in the terms and conditions of the lease.

The leasing liabilities are measured subsequently using the cost model, depreciation expenses are provided at the earlier of the end of the useful life of the right-of-use period or the end of the leasing period. When the lease liabilities are remeasured, the right-of-use asset will adjust any amount of remeasurement of the leasing liabilities.

4. For lease modifications that reduce the scope of the lease, the lessee shall reduce the carrying amount of the right-of-use asset to reflect the partial or full termination of the lease and recognizes the difference between this amount and the re-measurement amount of the lease liability in profit or loss.

(XVII) Intangible assets

Computer software

Computer software is stated at cost and amortized on a straight-line basis over its estimated useful life of 3 to 5 years.

(XVIII) Impairment of non-financial assets

The Company assesses at each balance sheet date the recoverable amounts of those assets where there is an indication that they are impaired. An impairment loss is recognized for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less disposal costs or value in use. Except for goodwill, when the circumstances or reasons for recognizing impairment loss for an asset in prior periods no longer exist or diminish, the impairment loss is reversed. The increased carrying amount due to reversal should not be more than what the depreciated or amortized historical cost would have been if the impairment had not been recognized.

(XIX) Loans

1. Loans comprise long-term and short-term bank loans. Loans are recognized initially at fair value, net of transaction costs incurred. Loans are subsequently stated at amortized cost; any difference between the proceeds (net of transaction costs) and the redemption value is recognized in profit or loss over the period of the loans using the effective interest method.

2. Fees paid on the establishment of loan facilities are recognized as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw-down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalized as a prepayment for liquidity services and amortized over the period of the facility to which it relates.

(XX) Notes and accounts payable

1. Accounts payable are liabilities for purchases of raw materials, goods or services and notes payable are those resulting from operating and non-operating activities.
2. The short-term notes and accounts payable without bearing interest are subsequently measured at initial invoice amount as the effect of discounting is immaterial.

(XXI) Financial liabilities at fair value through profit or loss

1. Financial liabilities are classified in this category of held for trading if acquired principally for the purpose of repurchasing in the short-term. Derivatives are also categorized as financial liabilities held for trading unless they are designated as hedges. Financial liabilities that meet one of the following criteria are designated as measured at fair value through profit or loss at initial recognition:
 - (1) Hybrid (combined) contracts; or
 - (2) Capable of eliminating or significantly reducing a measurement or recognition inconsistency; or
 - (3) They are managed, and their performance is evaluated on a fair value basis, in accordance with a documented risk management policy.
2. At initial recognition, the Company measures it at fair value and recognizes the transaction costs in profit or loss. The Company subsequently measures the financial liabilities at fair value and recognizes the gain or loss in profit or loss.
3. If the credit risk results in fair value changes in financial liabilities designated as measured at fair value through profit or loss, they are recognized in other comprehensive income in the circumstances other than avoiding accounting mismatch or recognizing in profit or loss for loan commitments or financial guarantee contracts.

(XXII) Ordinary corporate bonds payable

Ordinary corporate bonds issued by the Company are initially recognized at fair value less transaction costs. Any difference between the proceeds (net of transaction costs) and the redemption value is presented as an addition to or deduction from corporate bonds payable, which is amortized to profit or loss over the period of bond circulation using the effective interest method as an adjustment to "finance costs".

(XXIII) Convertible corporate bonds payable

Convertible corporate bonds issued by the Company contain conversion options (that is, the bondholders have the right to convert the bonds into the Company's common shares by exchanging a fixed amount of cash for a fixed number of common shares), call options and put options. The Company classifies the bonds payable upon issuance as a financial asset, a financial

liability or an equity instrument in accordance with the contract terms. They are accounted for as follows:

1. The master contracts of corporate bonds are initially recognized at fair value. Any difference between the initial recognition and the redemption value is accounted for as the premium or discount on bonds payable and subsequently is amortized in profit or loss as an adjustment to "finance costs" over the period of circulation using the effective interest method.
2. The embedded conversion options which meet the definition of an equity instrument are initially recognized in "capital surplus—share options" at the residual amount of total issue price less the amount of financial assets or financial liabilities at fair value through profit or loss and bonds payable as stated above. Conversion options are not subsequently remeasured.
3. Any transaction costs directly attributable to the issuance are allocated to each liability and equity component in proportion to the initial carrying amount of each above-mentioned item.
4. When bondholders exercise conversion options, the liability component of the bonds shall be remeasured on the conversion date. The issuance cost of converted common shares is the total book value of the above-mentioned liability component and "capital surplus—share options".

(XXIV) Derecognition of financial liabilities

A financial liability is derecognized when the obligation specified in the contract is either discharged or cancelled or expires.

(XXV) Offsetting financial instruments

Financial assets and liabilities are offset and reported in the net amount in the balance sheet when there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously.

(XXVI) Non-hedging derivatives

Non-hedging derivatives are initially recognized at fair value on the date a derivative contract is entered into and recorded as financial assets or financial liabilities at fair value through profit or loss. They are subsequently remeasured at fair value and the gains or losses are recognized in profit or loss.

(XXVII) Provisions

Provisions are recognized when the Company has a present legal or constructive obligation as a result of past events, and it is probable that an outflow of economic resources will be required to settle the obligation and the amount of the obligation can be reliably estimated. Provisions are measured at the present value of the expenditures expected to be required to settle the obligation on the balance sheet date, which is discounted using a pre-tax discount rate that reflects the current market assessments of the time value of money and the risks specific to the obligation. When discounting is used, the increase in the provision due to passage of time is recognized as interest expense. Provisions are not recognized for future operating losses.

(XXVIII) Employee benefits

1. Short-term employee benefits

Short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in respect of service rendered by employees in a period and should be recognized as expense in that period when the employees render service.

2. Pensions

(1) Defined contribution plans

For defined contribution plans, the contributions are recognized as pension expense when they are due on an accrual basis. Prepaid contributions are recognized as an asset to the extent of a cash refund or a reduction in the future payments.

(2) Defined benefit plans

A. Net obligation under a defined benefit plan is defined as the present value of an amount of pension benefits that employees will receive on retirement for their services with the Company in the current period or prior periods. The liability recognized in the balance sheet in respect of defined benefit pension plans is the present value of the defined benefit obligation at the balance sheet date less the fair value of plan assets. The net defined benefit obligation is calculated annually by independent actuaries using the projected unit credit method. The rate used to discount is determined by using interest rates of high-quality corporate bonds that are denominated in the currency in which the benefits will be paid, and that have terms to maturity approximating to the terms of the related pension liability; when there is no deep market in high-quality corporate bonds, the Company uses interest rates of government bonds (at the balance sheet date) instead.

B. Remeasurements arising from defined benefit plans are recognized in other comprehensive income in the period in which they arise and are recorded as retained earnings.

3. Employees' compensation and directors' and supervisors' remuneration

Employees' compensation and directors' and supervisors' remuneration are recognized as expense and liability, provided that such recognition is required under legal or constructive obligation and those amounts can be reliably estimated. Any difference between the resolved amounts and the subsequently actual distributed amounts is accounted for as changes in accounting estimates. If employee compensation is paid by shares, the Company calculates the number of shares based on the closing price at the previous day of the board meeting resolution.

(XXIX) Income tax

1. The tax expense for the period comprises current and deferred income tax. Tax is recognized in profit or loss, except to the extent that it relates to items recognized in other comprehensive income or items recognized directly in equity, in which cases the tax is recognized in other comprehensive income or equity.

2. The current income tax expense is calculated on the basis of the tax laws enacted or substantively enacted at the balance sheet date in the countries where the Company operates and generates taxable income. Management periodically evaluates implementations taken in tax returns with respect to situations in accordance with applicable tax regulations. It establishes provisions where appropriate based on the amounts expected to be paid to the tax authorities. An additional tax is levied on the unappropriated retained earnings and is recorded as income tax expense in the year the shareholders resolve to distribute the earnings.
3. Deferred income tax is recognized, using the balance sheet liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the parent company only balance sheet. However, the deferred income tax is not accounted for if it arises from initial recognition of goodwill or of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting nor taxable profit or loss. Deferred income tax is provided on temporary differences arising on investments in subsidiaries and associates, except where the timing of the reversal of the temporary difference is controlled by the Company, and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the balance sheet date and are expected to apply when the related deferred income tax asset is realized, or the deferred income tax liability is settled.
4. Deferred income tax assets are recognized only to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilized. At each balance sheet date, unrecognized and recognized deferred income tax assets are reassessed.
5. Current income tax assets and liabilities are offset, and the net amount is reported in the balance sheet when there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously. Deferred income tax assets and liabilities are offset on the balance sheet when the entity has the legally enforceable right to offset current tax assets against current tax liabilities and they are levied by the same taxation authority on either the same entity or different entities that intend to settle on a net basis or realize the asset and settle the liability simultaneously.
6. A deferred tax asset shall be recognized for the carry-forward of unused tax credits resulting from research and development expenditures and equity investments to the extent that it is possible that future taxable profit will be available against which the unused tax credits can be utilized.

(XXX) Dividends

Dividends are recorded in the Company's financial statements in the period in which they are approved by the Company's shareholders. Cash dividends are recorded as liabilities; stock dividends are recorded as stock dividends to be distributed and are reclassified to common shares on the effective date of new shares issuance.

(XXXI) Revenue recognition

1. The Company manufactures and sells consumer electronics products. Sales are recognized when control of the products has transferred to, being when the products are delivered to or picked up by the customers, the customers have full discretion over the channel and price to sell the products, and there is no unfulfilled obligation that could affect the customer's acceptance of the products. Delivery occurs when the products have been shipped to the specific location, the risks of obsolescence and loss have been transferred to the customers, and either the customers has accepted the products in accordance with the sales contract, or the Company has objective evidence that all criteria for acceptance have been satisfied.
2. Sales revenue is recognized in the amount equal to its contractual price less estimated sales discounts and allowance. Sales revenue is recognized to the extent that a significant reversal is highly improbable. Revenue recognition is revisited at each balance sheet date. No element of financing is deemed present as the sales are made with a credit term consistent with market practice.
3. A receivable is recognized when the goods are delivered as this is the point in time that the consideration is unconditional because only the passage of time is required before the payment is due.
4. The Company's obligation to provide a refund for faulty products under the standard warranty terms is recognized as a provision.
5. The customer pays at the time specified in the payment schedule. If the products sold exceed the payment, a contract asset is recognized. If the payments exceed the products sold, a contract liability is recognized.

V. Critical Accounting Judgments, Estimates and Assumptions on Uncertainty

The preparation of these parent company only financial statements requires management to make critical judgments in applying the Company's accounting policies and make critical accounting assumptions and estimates as to have a reasonable expectation of future events based on the circumstances on the balance sheet date. Assumptions and estimates may differ from the actual results and are continually evaluated and adjusted based on historical experience and other factors. Such estimates and assumptions bear the risk of making material adjustments to the carrying amount of assets and liabilities for the following fiscal year. Below details the uncertainties of critical accounting judgments, estimates and assumptions:

(I) Critical judgments in applying the Company's accounting policies

Gross or net revenue recognition

The Company determines whether the nature of its performance obligation is to provide the specified goods or services itself (i.e., the Company is a principal) or to arrange for the other party to provide those goods or services (i.e., the Company is an agent) based on the transaction model and its economic substance. The Company is a principal if it controls a promised good or service before it transfers the good or service to a customer. The Company recognizes revenue at gross amount of consideration to which it expects to be entitled in exchange for those goods or services transferred. The Company is an agent if its performance obligation is to arrange for the provision of goods or services by another party. The Company recognizes revenue at the amount

of any fee or commission to which it expects to be entitled in exchange for arranging for the other party to provide its goods or services.

After the Company receives the purchased raw materials or labor services, it directs the use of inventory commodities and labor services and input key process and technologies to provided important manufacturing and product integration, and then transfer the finished product and labor service combinations to customers. Meanwhile, based on the judgment on the following indicators, it is decided that the Company controls the finished goods or labor services and acts as the principal of the transaction before the finished goods or labor services are transferred to the customer:

- (1) The Company is primarily responsible for the provision of goods or services;
- (2) The Company assumes the inventory risk before transferring the specified goods or services to the customer or after transferring control of the goods or services to the customer; and
- (3) The Company has discretion in establishing prices for the goods or services.

(II) Critical accounting estimates and assumptions

The Company makes estimates and assumptions based on the expectation of future events that are believed to be reasonable under the circumstances at the end of the reporting period. The resulting accounting estimates might be different from the actual results. The estimates and assumptions that may significantly adjust the carrying amounts of assets and liabilities within the next financial year are addressed below:

Valuation of inventories

As inventories are stated at the lower of cost and net realizable value, the Company must determine the net realizable value of inventories on balance sheet date based on judgments and estimates. Due to the rapid technology innovation, the Company evaluates the amounts of normal inventory consumption, obsolete inventories or inventories without market selling value on balance sheet date, and writes down the cost of inventories to the net realizable value. Such a valuation of inventories is principally based on the demand for the products within the specified period in the future. Therefore, there might be significant changes to the valuation.

As of December 31, 2022, the carrying amount of inventories was \$141,437,830.

VI. Details of Significant Accounts

(I) Cash and cash equivalents

	<u>December 31, 2022</u>	<u>December 31, 2021</u>
Cash on hand and petty cash	\$ 6,759	\$ 7,105
Checking accounts and demand deposits	39,710,162	34,320,469
Cash equivalents		
Repo bonds	2,342,237	-
Total	<u>\$ 42,059,158</u>	<u>\$ 34,327,574</u>

1. The Company transacts with a variety of financial institutions with high credit quality for the purpose of dispersing credit risk, so it is expected that the probability of counterparty default is low.

2. The Company has transferred the deposits deposited for three months or more and time deposits available to be pledged to "financial assets at amortized cost". Please refer to Note 6 (4) for details.
3. For the restrictions on the Company's use of cash and cash equivalents as pledge guarantees, please refer to Note 8.

(II) Financial assets and liabilities at fair value through profit or loss

<u>Assets</u>	<u>December 31, 2022</u>	<u>December 31, 2021</u>
Current items:		
Financial assets mandatorily measured at fair value through profit or loss		
Derivatives	<u>\$ 3,824,788</u>	<u>\$ 117,245</u>
<u>Liabilities</u>	<u>December 31, 2022</u>	<u>December 31, 2021</u>
Current items:		
Financial assets mandatorily measured at fair value through profit or loss		
Derivatives	(<u>\$ 3,131,950</u>)	(<u>\$ 899,028</u>)

1. The descriptions of financial assets and liabilities at fair value through profit or loss are as below: derivative instruments: currency swaps and forward exchange agreements.
2. Amounts recognized in profit or loss in relation to financial assets and liabilities at fair value through profit or loss are listed below:

	<u>2022</u>	<u>2021</u>
Derivatives	(<u>\$ 7,129,995</u>)	(<u>\$ 6,394,642</u>)

3. The non-hedging derivative instruments transaction and contract information are as follows:

<u>Financial Assets</u>	<u>December 31, 2022</u>		
	Contract amount (nominal principal amount) (in thousands of dollars)		Contract period
Current items:			
Cross currency swap contracts	JPY(BUY)	20,000,000	2022.10.19~2023.06.28
	USD(BUY)	1,000,000	2022.02.21~2023.08.24

(1) Cross currency swap contracts

The cross currency swap contracts signed by the Company are to fulfill capital movement. For exchange rate, principals denominated in two currencies are exchanged at the same exchange rate at the initial and final exchanges. Thus, there is no foreign exchange risk. For interest rate, the fixed rate between two currencies is used to exchange. Thus, there is no interest rate risk.

(2) Foreign exchange forward contracts

The Company enters into foreign exchange forward transactions to hedge the following risks of exchange rate:

- A. Operating activities: Proceeds derived from import of raw materials and export sales;
- B. Investing activities: Proceeds derived from import of machinery and equipment;
- C. Financing activities: Long-term and short-term foreign currency assets and liabilities (financing)

4. The Company has no financial assets at fair value through profit or loss pledged to others.
5. Information relating to credit risk of financial assets and liabilities at fair value through profit or loss is provided in Note 12(2).

(III) Financial assets at fair value through other comprehensive income - non-current

Item	December 31, 2022	December 31, 2021
Equity instruments	\$ 3,414,582	\$ 1,950,272
Valuation adjustment	(<u>321,007</u>)	(<u>1,511,436</u>)
Listed and unlisted stocks	<u>\$ 3,093,575</u>	<u>\$ 3,461,708</u>

1. The Company has elected to classify equity investments that are considered to be strategic investments as financial assets at fair value through other comprehensive income.
2. Amounts recognized in profit or loss and other comprehensive income in relation to the financial assets at fair value through other comprehensive income are listed below:

	<u>2022</u>	<u>2021</u>
Equity instruments at fair value through other comprehensive income		
Fair value change recognized in other comprehensive income	(\$ 1,832,084)	\$ 967,631
Cumulative gains or losses transferred to retained earnings due to derecognition	\$ 359	(\$ 1,326)
Dividend income recognized in profit or loss	\$ 165,163	\$ 58,433

- The Company has no financial assets at fair value through other comprehensive income pledged to others.
- Details of the Company's investment in equity instruments is provided in Table 3.

(IV) Financial assets measured at amortized cost

<u>Item</u>	<u>December 31, 2022</u>	<u>December 31, 2021</u>
Non-current items:		
Pledged time deposits	\$ 43,600	\$ 49,900

- Amounts recognized in profit or loss in relation to financial assets at amortized cost are listed below:

	<u>2022</u>	<u>2021</u>
Interest income	\$ -	\$ 4,179

- The counterparties of the Company's investments have good credit quality.
- Information concerning financial assets at amortized cost pledged as collateral is provided in Note 8.

(V) Notes and accounts receivable

<u>Item</u>	<u>December 31, 2022</u>	<u>December 31, 2021</u>
Note receivable	\$ 13,480	\$ 16,128
Accounts receivable	452,862,477	560,326,608
Less: Allowance for uncollectible accounts	(3,144,924)	(2,947,738)
	<u>\$ 449,731,033</u>	<u>\$ 557,394,998</u>

- The balances of accounts receivable and notes receivable as of December 31, 2022 and 2021 arose customer contracts, and the balance of account receivables as of January 1, 2021 was NT\$594,726,178.
- As of December 31, 2022 and 2021, the Company's accounts receivable expected to be sold in the amounts of NT\$89,826,750 and NT\$80,964,000, respectively, are financial assets at fair value through other comprehensive income.
- The Company entered into a factoring agreement with banks to sell its accounts receivable. Under the agreement, the Company is not obliged to bear the default risk of the transferred accounts receivable, but is liable for the losses incurred on any business dispute. The Company does not have any continuing involvement in the transferred accounts receivable. Thus, the Company derecognized the transferred accounts receivable. As of December 31, 2022 and 2021, the relevant information on accounts receivable factored but yet to expire is as follows:

December 31, 2022				
Accounts receivable factoring not due yet	Amount of accounts receivable derecognized	Amount advanced	Amount available to be advanced	Amount of consideration retained
<u>\$ 27,639,000</u>	<u>\$ 27,639,000</u>	<u>\$ 27,639,000</u>	<u>\$ -</u>	<u>\$ -</u>

December 31, 2021				
Accounts receivable factoring not due yet	Amount of accounts receivable derecognized	Amount advanced	Amount available to be advanced	Amount of consideration retained
<u>\$ 40,136,000</u>	<u>\$ 40,136,000</u>	<u>\$ 40,136,000</u>	<u>\$ -</u>	<u>\$ -</u>

As of December 31, 2022 and 2021, there was no retainage received for accounts receivable factored.

4. As of December 31, 2022 and 2021, the Company has not signed promissory notes as guarantee for accounts receivable in commercial dispute.
5. Please refer to Note 6(25) for the details of the Company's accounts receivable factored during 2022 and 2021.
6. The Company did not pledge notes receivable or accounts receivable as collateral.
7. Information concerning credit risks of accounts and notes receivable is provided in Note 12(2).

(VI) Inventories

	December 31, 2022	December 31, 2021

Change in other equity interests	9,184,128	(3,159,724)
Impairment loss	(786,752)	-
Others	<u>103,981</u>	<u>113,313</u>
December 31	<u>\$ 1,795,518,041</u>	<u>\$ 1,670,886,425</u>

1. Subsidiaries

- (1) For information on the Company's subsidiaries, please refer to Note 4(3) in the consolidated financial statements for the year ended December 31, 2022.
- (2) Through investment in Foxconn (Far East) Limited, Ambit International Limited, Margini Holdings Limited, Foxconn Singapore Pte. Ltd., Foxconn Sa B.V., Foxconn Holdings B.V. -Netherland, and Premier Technology Co., Ltd. (Hong Kong), the Company invested in companies located in Mainland China, Vietnam, Brazil, Slovakia, Czech Republic, and Russia which mainly engage in electronics, component processing, and optical products. Such reinvestment amount increased by NT\$10,485,785 and NT\$7,619,150, respectively, in the years ended December 31, 2022 and 2021. Information on reinvestment in Mainland China is disclosed in Notes 13.
- (3) Foxconn (Far East) Limited, a subsidiary of the Company, completed capital reduction in kind in January 2022 and returned 14,900,000 ordinary shares of SHARP CORPORATION worth NT\$5,432,599 and NT\$2,164,039 in cash (US\$78,212 thousand).
- (4) For the years ended December 31, 2022 and 2021, cash dividends derived from equity investments received by the Company amounted to NT\$8,490,932 and NT\$904,093, respectively; dividends receivable were NT\$6,397,909 and NT\$0, respectively.
- (5) The Company recognized impairment losses of NT\$786,752 for 2022.

2. Associates

- (1) Cash dividends derived from equity investment received by the Company amounted to NT\$1,677,280 and NT\$1,309,125, respectively, for the years ended December 31, 2022 and 2021.
- (2) The investments in the Company's associates increased by NT\$4,209 and NT\$7,855, respectively, during 2022 and 2021.
- (3) The basic information on associates that are material to the Company is as follows:

Company name	Principal place of business	Shareholding ratio		Nature of relationship	Method of measurement
		December 31, 2022	December 31, 2021		
SHARP CORPORATION	Japan	22%	21%	Strategic investment	Equity method
Foxconn Technology Co., Ltd.	Taiwan	10%	10%	Supplier	Equity method

- (4) The summarized financial information of the associates that are material to the Company is as follows:

Balance Sheets

	SHARP CORPORATION	
	<u>December 31, 2022</u>	<u>December 31, 2021</u>
Current assets	\$ 283,275,149	\$ 297,235,153

	<u>\$ 165,762</u>	<u>\$ 83,013</u>

4. The increase in the Company's right-of-use assets in 2022 and 2021 were \$776,790 and \$339,430, respectively.
5. The information on the profit or loss items related to lease contracts is as follows:

	<u>2022</u>	<u>2021</u>
Items affecting current profit or loss		
Interest expenses on lease liabilities	<u>\$ 7,893</u>	<u>\$ 1,398</u>
Expenses related to short-term lease contracts	<u>\$ 80,469</u>	<u>\$ 93,401</u>

6. The cash flows of the Company's leases for the years ended December 31, 2022 and 2021 totaled \$252,952 and \$181,163, respectively.

(X) Short-term loans

<u>Type of loans</u>	<u>December 31, 2022</u>	<u>Interest rate range</u>	<u>Collateral</u>
Bank loans			
Credit loans	<u>\$ 174,963,390</u>	<u>0.00%~5.48%</u>	None
<u>Type of loans</u>	<u>December 31, 2021</u>	<u>Interest rate range</u>	<u>Collateral</u>
Bank loans			
Credit loans	<u>\$ 140,184,570</u>	<u>0.00%~0.60%</u>	None

(XI) Short-term notes and bills payable

	<u>December 31, 2022</u>	<u>December 31, 2021</u>
Commercial paper	\$ 28,650,000	\$ 21,300,000
Less: unamortized discount	(65,462)	(10,485)
Expenses related to short-term lease contracts	<u>\$ 28,584,538</u>	<u>\$ 21,289,515</u>
Interest rates per annum	<u>1.638%~1.698%</u>	<u>0.328%~0.478%</u>

(XII) Bonds payable

	<u>December 31, 2022</u>	<u>December 31, 2021</u>
Corporate bonds payable	\$ 148,050,000	\$ 146,300,000
Convertible bonds - overseas	19,183,116	32,461,558
Less: Discount on bonds payable	-	(175,448)
Bonds maturing within one year (recognized in long-term liabilities within one year or one business cycle)	(11,900,000)	(34,952,994)
	<u>\$ 155,333,116</u>	<u>\$ 143,633,116</u>

1. First overseas convertible corporate bond issue of 2017
 - (1) The Company issued the first overseas unsecured convertible corporate bonds totaling US\$500 million with the approval of the competent authority on August 22, 2017. The bonds carry zero coupon rate over five years. The circulation period is from November 6, 2017 to November 6, 2022.
 - (2) The conversion options for the first overseas unsecured convertible bond issue of 2017 are separated from the liabilities and recorded as "capital surplus – share options" amounting to \$1,099,253. The convertible corporate bonds matured on November 6, 2022, and the bonds were not converted into ordinary shares. Therefore, "capital surplus- stock options" was transferred to "capital surplus - shared premium".
2. The first overseas unsecured convertible corporate bond in 2021
 - (1) The Company issued the first overseas unsecured convertible corporate bonds totaling US\$700,000 thousand with the approval of the competent authority on May 26, 2021. The bonds carry zero coupon rate over five years. The circulation period is from August 5, 2021 through August 5, 2026. The Company's bonds will be redeemed by the Company on the maturity date at par, plus an annual rate of interest of -0.41%.
 - (2) The conversion price is adjusted in line with the model specified in the conversion rules. As of December 31, 2022, no corporate bonds were converted into ordinary shares. On July 10, 2022, the conversion price was adjusted to \$155.448 (at the exchange rate of 1 USD: 27.978 TWD) according to the conversion rules for the first overseas unsecured convertible corporate bonds in 2021.
 - (3) In accordance with the conversion rules, if the convertible bond is purchased (including purchased from the secondary market), early redeemed, or repaid at maturity by the Company, or if the convertible bond is converted into ordinary shares or redeemed by the bondholder, the bond is to be retired and will not be reissued.

- (4) In accordance with the conversion rules, the rights and obligations of ordinary shares converted are the same as the ones previously issued.
 - (5) The conversion options for the first overseas unsecured convertible bond issue of December 31, 2021 are separated from the liabilities and recorded as "capital surplus – share options" amounting to \$336,012.
 - (6) According to the conversion rules, the corporate bond holders may request the Company to redeem the convertible corporate bonds held by them at par on the date falling three years after the issue of the convertible corporate bonds.
3. Details of the ordinary corporate bonds and issued by the Company, e.g. amount, coupon rates, maturity dates and other relevant information, are provided in Table 12.

(XIII) Long-term loans

The Company had no long-term loans on December 31, 2022.

Institution	Loan period	Interest rate range	Collateral	December 31, 2021
Long-term loans				
JihSun International Commercial Bank Co., Ltd.	2019.11.25~2022.11.25	0.9300%	None	\$ 1,000,000
Less: Long-term loans maturing within one year (recognized in long-term liabilities within one year or one business cycle)				(1,000,000)
				<u>\$ -</u>

According to the contractual terms with Jih Sun International Bank, Ltd., the Company is obliged to maintain the agreed financial ratios on the annual consolidated financial statements over the credit periods.

(XIV) Pensions

1. Defined benefit plans

- (1) The Company has a defined benefit pension plan in accordance with the Labor Standards Act, covering all regular employees' service years prior to the enforcement of the Labor Pension Act on July 1, 2005 and service years thereafter of employees who chose to continue to be subject to the pension mechanism under the Labor Standards Act. Under the defined benefit pension plan, two units are accrued for each year of service for the first 15 years and one unit for each additional year thereafter, subject to a maximum of 45 units. Pension benefits are based on the number of units accrued and the average monthly salaries and wages of the last six months prior to retirement. The Company contributes monthly an amount equal to 2% of the employees' monthly salaries and wages to the retirement fund deposited with Bank of Taiwan, the trustee, under the name of the independent retirement fund committee. Also, the Company assesses the balance in the aforementioned labor pension reserve account by December 31 of every year. If the account balance is insufficient to pay the pension calculated by the aforementioned method to the employees expected to qualify for retirement in the following year, the Company will make contributions for the deficit by the end of next March.

- (2) Amounts recognized on the balance sheets are as follows (presented as ‘other non-current liabilities’):

	<u>December 31, 2022</u>	<u>December 31, 2021</u>
Present value of defined benefit obligations	\$ 1,545,895	\$ 1,802,651
Fair value of plan assets	(523,516)	(536,491)
Net defined benefit liability	<u>\$ 1,022,379</u>	<u>\$ 1,266,160</u>

- (3) Changes in net defined benefit liabilities are stated as follows:

	<u>2022</u>		
	<u>Present value of defined benefit obligations</u>	<u>Fair values of plan assets</u>	<u>Net defined benefit liability</u>
Balance - January 1, 2022	\$ 1,802,651	\$ 536,491	\$ 1,266,160
Current service costs	5,747	-	5,747
Interest income	-	3,755	(3,755)
Interest cost	12,618	-	12,618
	<u>1,821,016</u>	<u>540,246</u>	<u>1,280,770</u>
Remeasurements			
Return on plan assets (excluding amounts attributable to interest income or expense)	-	41,066	(41,066)
Effect of changes in financial assumptions	(124,424)	-	(124,424)
Experience adjustments	(42,796)	-	(42,796)
	<u>(167,220)</u>	<u>41,066</u>	<u>(208,286)</u>
Pension fund contribution	-	13,285	(13,285)
Pension paid	(107,901)	(71,081)	(36,820)
Balance - December 31, 2022	<u>\$ 1,545,895</u>	<u>\$ 523,516</u>	<u>\$ 1,022,379</u>
	<u>2021</u>		
	<u>Present value of defined benefit obligations</u>	<u>Fair values of plan assets</u>	<u>Net defined benefit liability</u>
Balance - January 1, 2021	\$ 1,944,761	\$ 543,215	\$ 1,401,546
Current service costs	6,950	-	6,950
Interest income	-	3,755	(3,755)
Interest cost	7,779	-	7,779
	<u>1,959,490</u>	<u>545,388</u>	<u>1,414,102</u>
Remeasurements			
Return of plan assets (excluding amounts attributable to interest income or expense)	-	8,137	(8,137)
Population assumption change	2,051	-	2,051
Effect of changes in financial assumptions	(66,734)	-	(66,734)
Experience adjustments	(30,026)	-	(30,026)
	<u>(94,709)</u>	<u>8,137</u>	<u>(102,846)</u>
Pension fund contribution	-	14,852	(14,852)
Pension paid	(62,130)	(31,886)	(30,244)
Balance - December 31, 2021	<u>\$ 1,802,621</u>	<u>\$ 536,491</u>	<u>\$ 1,266,160</u>

- (4) Bank of Taiwan was commissioned to manage the fund of the Company's defined benefit pension plan in accordance with the fund's annual investment and utilization plan and the "Regulations for Revenues, Expenditures, Safe guard and Utilization of the Labor Retirement Fund" (Article 6: The scope of utilization for the Fund includes deposit in domestic or foreign financial institutions, investment in domestic or foreign listed, over-the-counter, or private placement equity securities, investment in domestic or foreign real estate secularization products, etc.). Such utilization is supervised by the Labor Funds Supervisory Committee. With regard to the utilization of the fund, its minimum earnings in the annual distributions on the final financial statements shall be no less than the earnings attainable from the amounts accrued from two-year time deposits with the interest rates offered by local banks. If the earnings is less than aforementioned rates, government shall make payment for the deficit after being authorized by the competent authority. The Company has no right to participate in managing and operating that fund and hence the Company is unable to disclose the classification of plan assets fair value in accordance with IAS 19 paragraph 142. The composition of fair value of plan assets as of December 31, 2022 and 2021 is given in the Annual Labor Retirement Fund Utilization Report announced by the government.
- (5) The principal actuarial assumptions used are summarized as follows:

	<u>2022</u>	<u>2021</u>
Discount rate	<u>1.40%</u>	<u>0.70%</u>
Future salary increases	<u>3.5%</u>	<u>3.5%</u>

Assumptions regarding future mortality experience are set based on actuarial advice in accordance with published statistics and experience in each territory. Due to the change of the main actuarial assumption, the present value of defined benefit obligation is affected. The analysis is as follows:

	<u>Discount rate</u>		<u>Future salary increases</u>	
	Increase	Decrease	Increase	Decrease
	<u>0.25%</u>	<u>0.25%</u>	<u>0.25%</u>	<u>0.25%</u>
December 31, 2022				
Effects on the present value of defined benefit obligation	(<u>\$ 41,388</u>)	<u>\$ 42,951</u>	<u>\$ 38,312</u>	(<u>\$ 37,194</u>)
	<u>Discount rate</u>		<u>Future salary increases</u>	
	Increase	Decrease	Increase	Decrease
	<u>0.25%</u>	<u>0.25%</u>	<u>0.25%</u>	<u>0.25%</u>
December 31, 2021				
Effects on the present value of defined benefit obligation	(<u>\$ 51,622</u>)	<u>\$ 53,689</u>	<u>\$ 47,774</u>	(<u>\$ 46,292</u>)

The sensitivity analysis above was based on one assumption which changed while the other conditions remain unchanged. In practice, more than one assumption may change all at once. The methods of analyzing sensitivity and the method of calculating net pension liability in the balance sheet are the same.

The sensitivity analysis has been prepared using approaches and assumptions the same as last period.

- (6) Expected contributions to the defined benefit pension plans of the Company for the year ending December 31, 2023 amount to \$13,314.
- (7) As of December 31, 2022, the weighted average duration of the retirement plan is 12 years.

2. Defined contribution plans

- (1) Effective July 1, 2005, the Company have established a defined contribution pension plan (the “New Plan”) under the Labor Pension Act (the “Act”), covering all regular employees with R.O.C. nationality. Under the New Plan, the Company contribute monthly an amount based on 6% of the employees’ monthly salaries and wages to the employees’ individual pension accounts at the Bureau of Labor Insurance. The pensions accrued are paid monthly or in lump sum in line with the amounts in employees’ individual accounts and the amounts of accumulated gains.
- (2) The pension costs under the defined contribution pension plans of the Company for the years ended December 31, 2022 and 2021 were \$232,503 and \$234,559, respectively.

(XV) Provisions

	<u>2022</u>	<u>2021</u>
January 1	\$ 2,277	\$ 81,915
Unused amounts reversed	(2,277)	(79,638)
December 31	<u>\$ -</u>	<u>\$ 2,277</u>

Analysis of provisions is stated as follows:

	<u>December 31, 2022</u>	<u>December 31, 2021</u>
Current	<u>\$ -</u>	<u>\$ 2,277</u>

The Company provides warranties on electronic products sold. Provision for warranty is estimated based on historical warranty data of electronic products.

(XVI) Share capital

1. As of December 31, 2022, the Company’s authorized capital was \$180,000,000, consisting of 18 billion shares of ordinary stock, and the paid-in capital was \$138,629,906, consisting of 13,862,991 thousand shares with a par value of \$10 (in dollars) per share. All proceeds from shares issued have been collected.
2. Pursuant to the resolution adopted at the shareholders' meeting held on June 1, 1999, the Company issued 50 million ordinary shares so as to issue 25 million units of Global Depositary Receipts (GDR). Such issuance of ordinary shares had been approved and documented by the former Securities and Futures Commission of the Ministry of Finance. GDRs are issued in Europe, Asia, and the United States, totaling US\$ 347,250 thousand. Primary contractual terms are as follows:

(1) Exercise of voting power

Holders of GDRs have no right to directly exercise voting rights or attend the Company’s shareholders' meeting, except when a motion is on the election of directors or supervisors. A holder or holders together holding at least 51% of the GDRs

outstanding at the relevant record date of the shareholders' meeting can instruct the Depository to vote in the same direction in respect of one or more resolutions to be proposed at the meeting.

(2) Sale and withdrawal of GDRs

Under the current R.O.C. law, shares represented by the GDRs may be withdrawn by holders of GDRs commencing three month after the initial issue of GDRs. A holder of a GDR may, provided that the Company has delivered to the custodian physical share certificates in respect of the Deposited Shares, request the Depository to sell or cause to be sold on behalf of such holder the shares represented by such GDRs.

(3) Dividends

GDR holders are entitled to receive dividends to the same extent as the holders of ordinary shares.

(4) After years of capitalization of earnings, as of December 31, 2022, 76,072 thousand units of GDRs were outstanding, which represent 152,143 thousand shares of ordinary share.

3. Treasury stocks

The Company's subsidiary, Hon Jin International Investment Co., Ltd., acquired ordinary shares issued by the Company in 1998. As of December 31, 2022 and 2021, the subsidiary owned a total of 1,483,078 ordinary shares in the Company, at a cost of NT\$18,901, which was reduced to NT\$15,194 after share proceeds were returned due to capital reduction.

(XVII) Capital surplus

Pursuant to the Company Act, capital reserve arising from paid-in capital in excess of par value on issuance of ordinary shares and donations can be used to cover accumulated deficit or to issue new stocks or cash to shareholders in proportion to their share ownership, provided that the Company has no accumulated deficit. Further, the Securities and Exchange Act requires that the amount of capital reserve to be capitalized mentioned above should not exceed 10% of the paid in capital each year. Capital reserve should not be used to cover accumulated deficit unless the surplus reserve is insufficient. Movements in capital reserve are as follows:

	2022				
	<u>Share premium</u>	<u>Adjustments arising from changes in percentage of ownership in subsidiaries</u>	<u>Net change in equity of associates</u>	<u>Share option</u>	<u>Total</u>
January 1	\$ 88,501,031	\$ 106,186,652	\$ 5,961,482	\$ 1,435,265	\$ 202,084,430
Adjustments arising from changes in percentage of ownership in subsidiaries		- (7,895,181)	-	-	- (7,895,181)
Changes in equity of associates and joint ventures recognized in proportion to its shareholding	-	-	321,565	-	321,565
Invalid warrants for redemption of convertible corporate bonds	1,099,253	-	-	- (1,099,253)	-
Recognition of subsidiaries disposing of investments using the equity method	-	-	(716,654)	-	(716,654)
December 31	<u>\$ 89,600,284</u>	<u>\$ 98,291,471</u>	<u>\$ 5,566,393</u>	<u>\$ 336,012</u>	<u>\$ 193,794,160</u>

	Share premium	Adjustments arising from changes in percentage of ownership in subsidiaries	Net change in equity of associates	Share option	Total
January 1	\$ 88,501,031	\$ 102,442,097	\$ 10,603,561	\$ 1,099,253	\$ 202,645,942
Adjustments arising from changes in percentage of ownership in subsidiaries	-	3,744,555	-	-	3,744,555
Changes in equity of associates and joint ventures recognized in proportion to its shareholding	-	-	(4,642,079)	-	(4,642,079)
Items developed for the recognition of equity due to issuance of convertible corporate bonds - Changes in the equity of associates recognized by those arising from stock options	-	-	-	336,012	336,012
December 31	<u>\$ 88,501,031</u>	<u>\$ 106,186,652</u>	<u>\$ 5,961,482</u>	<u>\$ 1,435,265</u>	<u>\$ 202,084,430</u>

Please refer to Note 6(7) for the capital surplus arising from the recognition of changes in the net equity value of associates and Note 6(12) for the stock options arising from the issuance of convertible corporate bonds recognized in equity components.

(XVIII) Retained earnings

1. The Company's net earnings after final account are apportioned in the following order:
 - (1) Covering accumulated deficits.
 - (2) Providing 10% of the balance as legal reserve, except when it has reached the amount of the paid-in capital.
 - (3) Providing an amount or reversing a special reserve in accordance with other regulatory requirements.

The remaining earnings along with the unappropriated earnings at the beginning of the period are considered as accumulated distributable earnings. In accordance with paragraph 4 of this article of the dividend policy, the proposal of earnings appropriation is prepared by the Board of Directors and submitted to the shareholders' meeting for resolution.

All or part of the dividends and bonuses payable, capital surplus, or legal reserve to be paid out in cash shall proceed with approval of a majority of directors present at a board meeting attended by over two-thirds of all directors as delegated by the Company; the provisions under the preceding paragraph regarding the requirement for resolution by the shareholders' meeting do not apply.

The Company is at the growing stage. The Company's stock dividend policy shall consider the Company's current and future investment environment, capital needs, local and foreign competition situation and capital budget, along with shareholders' profit and the Company's long-term financial plans. The shareholders' dividends are appropriated based on

accumulated distributable earnings, which shall not be lower than 15% of the distributable earnings for the period and the cash dividend shall not be less than 10% of the shareholders' dividends.

2. Except for covering accumulated deficit or issuing new stocks or cash to shareholders in proportion to their share ownership, the legal reserve shall not be used for any other purpose. The use of legal reserve for the issuance of stocks or cash to shareholders in proportion to their share ownership is permitted, provided that the balance of the reserve exceeds 25% of the Company's paid-in capital.
3. In accordance with the regulations, the Company shall set aside special reserve from the debit balance on other equity items at the balance sheet date before distributing earnings. When debit balance on other equity items is reversed subsequently, the reversed amount could be included in the distributable earnings.
4. The distribution of 2022 earnings was adopted in the shareholders' meeting on March 15, 2023, and the 2021 earnings distribution proposal was adopted in the shareholders' meeting on May 31, 2022. The details are summarized below:

	2022		2021	
	Amount	Dividends per share (NT\$)	Amount	Dividends per share (NT\$)
Legal reserve	\$ 14,311,374		\$ 14,138,417	
Special reserve	(7,351,685)		2,190,767	
Cash dividends	<u>73,473,850</u>	\$ 5.3	<u>72,087,551</u>	\$ 5.2
Total	<u>\$ 80,433,539</u>		<u>\$ 88,416,735</u>	

Information on the distribution of earnings is available on the "Market Observation Post System" of the Taiwan Stock Exchange Corporation (TWSE).

Computer terminals	916,115,240	925,291,809
Components and others	30,045,225	39,463,395
Cloud networking products	7,156,931	8,910,439
Total	<u>\$ 3,803,719,085</u>	<u>\$ 3,643,676,647</u>

2. Contract assets and contract liabilities

Contract liabilities arising from advance trade proceeds received by the Company are as follows:

	<u>December 31, 2022</u>	<u>December 31, 2021</u>	<u>January 1, 2021</u>
Contract liabilities (recognized as other current liabilities)	\$ <u>6,784,059</u>	\$ <u>7,403,081</u>	\$ <u>7,508,278</u>

The amounts of contract liabilities at the beginning of 2022 and 2021 recognized as revenue were NT\$1,775,380 and NT\$1,123,951, respectively.

(XXI) Interest income

	<u>2022</u>	<u>2021</u>
Interest income from bank deposits	\$ 936,532	\$ 274,142
Interest income from financial assets at amortized cost	-	4,179
Others	-	16,510
	<u>\$ 936,532</u>	<u>\$ 294,831</u>

(XXII) Other gains and losses

	<u>2022</u>	<u>2021</u>
Gain on disposal or retirement of property, plant and equipment	\$ 6,784	\$ 30,210
Foreign exchange gain (loss)	(9,250,113)	(2,091,295)
Gain (Loss) on financial assets (liabilities) at fair value through profit or loss	7,129,995 (6,394,642)
Impairment loss	(786,752)	-
Other net gains (losses)	<u>304,358</u>	<u>(304,446)</u>
	<u>(\$ 2,595,728)</u>	<u>(\$ 8,760,173)</u>

(XXIII) Additional disclosures on expenses of nature

Additional disclosures related to operating costs and operating expenses are as follows:

	<u>2022</u>	<u>2021</u>
Product warranty costs	\$ 28,434,007	\$ 28,715,031
Employee benefit expenses	11,123,465	10,569,651
Depreciation	598,102	453,547
Amortization	<u>173,673</u>	<u>377,814</u>
	<u>\$ 40,329,247</u>	<u>\$ 40,116,043</u>

(XXIV) Employee benefit expenses

	<u>2022</u>	<u>2021</u>
Wages and salaries	\$ 9,329,366	\$ 8,735,266
Labor and health insurance fees	483,945	483,214
Pension costs	247,113	247,115
Remuneration to directors	38,824	27,760
Other personnel expenses	<u>1,024,217</u>	<u>1,076,296</u>
	<u>\$ 11,123,465</u>	<u>\$ 10,569,651</u>

1. In accordance with the Articles of Incorporation of the Company, the percentage of distributable profit for the year shall be between 5% and 7% for employees' compensation.

2. For the years ended December 31, 2022 and 2021, employees' compensation was accrued at NT\$8,166,241 and NT\$8,122,670, respectively. The aforementioned amounts were recognized in salary expenses. The expenses recognized for 2022 and 2021 were estimated and accrued based on 5% of the profit of current year distributable.

Employees' compensation for 2022 and 2021 resolved by the Board of Directors on March 15, 2023 and March 23, 2022 amounted to NT\$8,166,241 and NT\$8,122,670. The amounts were consistent with those recognized in the 2022 and 2021 financial statements and will be distributed in the form of cash.

Information about the appropriation of employees' compensation by the Company as proposed by the Board of Directors and resolved by the shareholders' meeting will be posted in the "Market Observation Post System" at the website of the TWSE.

(XXV) Finance cost

	<u>2022</u>	<u>2021</u>
Interest expense:		
Bank loans	\$ 1,676,427	\$ 556,534
Corporate bonds	1,638,307	1,681,291
Interest on lease liabilities	7,893	1,398
Financing expense from accounts receivable factoring	<u>362,544</u>	<u>112,520</u>
	<u>\$ 3,685,171</u>	<u>\$ 2,351,743</u>

(XXVI) Income tax

1. Income tax expense

- (1) Components of income tax expense:

	<u>2022</u>	<u>2021</u>
Current tax:		
Current tax on profits for the period	\$ 8,216,087	\$ 5,595,937
Tax on undistributed surplus earnings	2,648,372	2,354,561
Amount of income tax overestimated for prior years	(469,192)	(232,739)
Total current tax	<u>10,395,267</u>	<u>7,717,759</u>
Deferred tax:		
Origination and reversal of temporary differences	<u>3,280,606</u>	<u>7,292,635</u>
Income tax expense	<u>\$ 13,675,873</u>	<u>\$ 15,010,394</u>

- (2) The income tax amount relating to components of other comprehensive income is as follows:

	<u>2022</u>	<u>2021</u>
Remeasurement of defined benefit obligations	(\$ 41,657)	(\$ 20,569)

2. Reconciliation between income tax expense and accounting profit:

	2022	2021
Income tax expense at the statutory rate	\$ 31,031,718	\$ 30,866,145
Effects from items disallowed by tax regulation	(19,542,719)	(17,984,130)
Amount of income tax overestimated for prior years	(469,192)	(232,739)
Tax on undistributed surplus earnings	2,648,372	2,354,561
Effects from different applicable tax rate for overseas branch	<u>7,694</u>	<u>6,557</u>
Income tax expense	13,675,873	15,010,394
Net change in deferred income tax	(3,280,606)	(7,292,635)
Add: Overestimated tax in prior years	469,192	232,739
Less: Prepaid tax and tax deductibles	(904,924)	(104,794)
Adjustments for different tax rates for overseas branches	<u>(7,694)</u>	<u>(6,557)</u>
Current income tax liabilities	<u>\$ 9,951,841</u>	<u>\$ 7,839,147</u>

3. Amounts of deferred tax assets or liabilities derived from temporary differences, tax loss and investment tax credits are as follows:

	2022			
	January 1	Recognized in profit or loss	Recognized in other comprehensive income	December 31
Deferred income tax assets:				
- Temporary difference:				
Unrealized valuation loss on financial assets	\$ 156,357	(\$ 156,357)	\$ -	\$ -
Allowance for inventory market price decline	354,947	514,886	-	869,833
Deferred income	1,282,088	(31,178)	-	1,250,910
Pension payable	253,232	(7,099)	(41,657)	204,476
Others	<u>61,810</u>	<u>154,028</u>	<u>-</u>	<u>215,838</u>
	<u>\$ 2,108,434</u>	<u>\$ 474,280</u>	<u>(\$ 41,657)</u>	<u>\$ 2,541,057</u>
Deferred income tax liabilities:				
- Temporary difference:				
Unrealized exchange gains	(\$ 275,510)	\$ 225,866	\$ -	(\$ 49,644)
Unrealized gain on valuation of financial assets	-	(138,568)	-	(138,568)
Gain on foreign investment accounted for under the equity method	(12,157,695)	(3,862,415)	-	(16,020,110)
Others	<u>(42,703)</u>	<u>20,231</u>	<u>-</u>	<u>(22,472)</u>
	<u>(\$ 12,475,908)</u>	<u>(\$ 3,754,886)</u>	<u>\$ -</u>	<u>(\$ 16,230,794)</u>

	2021			
	January 1	Recognized in profit or loss	Recognized in other comprehensive income	December 31
Deferred income tax assets:				
- Temporary difference:				
Unrealized valuation loss on financial assets	\$ 258,885	(\$ 102,528)	\$ -	\$ 156,357
Allowance for inventory market price decline	343,035	11,912	-	354,947
Deferred income	1,368,347	(86,259)	-	1,282,088
Pension payable	280,309	(6,508)	(20,569)	253,232
Others	<u>56,398</u>	<u>5,412</u>	<u>-</u>	<u>61,810</u>
	<u>\$ 2,306,974</u>	<u>(\$ 177,971)</u>	<u>(\$ 20,569)</u>	<u>\$ 2,108,434</u>
Deferred income tax liabilities:				
- Temporary difference:				
Unrealized exchange gains	(\$ 545,806)	\$ 270,296	\$ -	(\$ 275,510)
Gain on foreign investment accounted for under the equity method	(4,815,419)	(7,342,276)	-	(12,157,695)
Others	<u>(19)</u>	<u>(42,684)</u>	<u>-</u>	<u>(42,703)</u>
	<u>(\$ 5,361,244)</u>	<u>(\$ 7,114,664)</u>	<u>\$ -</u>	<u>(\$ 12,475,908)</u>

- The Company did not recognize taxable temporary differences associated with investment in subsidiaries as deferred tax liabilities. As of December 31, 2022 and 2021, the amounts of temporary differences unrecognized as deferred tax liabilities were NT\$1,262,215,852 and NT\$1,155,469,127, respectively.
- The Company's income tax returns through 2020 have been assessed and approved by the Tax Authority.

(XXVII) Earnings per share

	2022		
	Amount after tax	Weighted average number of ordinary shares outstanding (shares in thousands)	Earnings per share (NT\$)

(II) Significant transactions and balances with related parties

1. Operating revenue

	2022	2021
Sales of goods:		
- Subsidiaries	\$ 24,513,433	\$ 34,142,722
- Associates	4,796,062	10,606,285
- Other related parties	6,406,651	7,647,830
Total	<u>\$ 35,716,146</u>	<u>\$ 52,396,837</u>

(1) Unless the prices and terms are determined in accordance with mutual agreements due to lack of similar transactions, the sale prices and credit terms to the said related parties are similar to those to third parties. The normal credit term is around 45 to 90 days.

(2) Transactions of raw material by the Company to some of the abovementioned related parties for the purpose of repurchasing some finished goods have been eliminated in accordance with the economic substance.

2. Purchases

	2022	2021
Merchandise purchases:		
- Subsidiaries		
FOXCONN SINGAPORE PTE LTD.	\$ 1,360,353,192	\$ 1,329,813,330
FALCON PRECISION TRADING PTE. LTD.	743,291,362	687,328,973
FOXCONN IMAGE & PRINTING PRODUCT PTE LTD.	518,714,685	431,212,398
FAST VICTOR LIMITED	358,864,410	316,557,959
Others	360,460,387	351,972,335
- Associates	5,619,519	7,004,434
- Other related parties	1,995,974	3,106,813
Total	<u>\$ 3,349,299,529</u>	<u>\$ 3,126,996,242</u>

Unless the prices and terms were determined in accordance with mutual agreements due to no similar transactions, purchases made by the Company from the above-mentioned related parties are by reference to the then prevailing price. The normal payment terms are 45 to 90 days and 30 to 90 days for ordinary suppliers and related parties, respectively.

3. Other expenses

	<u>2022</u>	<u>2021</u>
Expense for processing, repair/maintenance, and molds:		
- Subsidiaries		
FAST VICTOR LIMITED	\$ 21,138,643	\$ 20,767,215
Hongfujin Precision Electronics (Chengdu) Co., Ltd.	7,271,491	7,993,113
Others	1,286,131	1,075,167
- Associates	<u>654,045</u>	<u>359,854</u>
Total	<u>\$ 30,350,310</u>	<u>\$ 30,195,349</u>
	<u>2022</u>	<u>2021</u>
Miscellaneous expense for warehousing and customs clearance:		
- Subsidiaries	1,336,454	2,027,259
- Associates	<u>1,121</u>	<u>-</u>
Total	<u>\$ 1,337,575</u>	<u>\$ 2,027,259</u>
Freight expenses:		
- Subsidiaries	7,836,458	7,523,061
- Associates	<u>4,250</u>	<u>119</u>
Total	<u>\$ 7,840,708</u>	<u>\$ 7,523,180</u>

The Company entrusts subsidiaries for processing and repair, and the processing and repair/maintenance prices are determined based on the general standards.

4. Receivables from related parties

	<u>December 31, 2022</u>	<u>December 31, 2021</u>

(IV) Name of subsidiary and relationship with the Company

The names and relationships of subsidiaries with which the Company conducted significant transactions are provided in Table 7 and Table 8.

VIII. Pledged Assets

As of December 31, 2022 and 2021, the book values of the Company's pledged assets are as follows:

	Book value		For guarantee purpose
	December 31, 2022	December 31, 2021	
Time deposits and cash (presented as "financial assets at amortized cost - non-current")	<u>\$ 43,600</u>	<u>\$ 49,900</u>	Security deposit for the provisional attachment, and guarantee deposits with courts and customs

IX. Significant Contingent Liabilities and Unrecognized Contract Commitments

(I) Contingencies- Significant legal matters

None.

(II) Commitments

1. Aside from what has been disclosed in Note 7 related party transactions, there are still the following commitments:

Capital expenditure contracted for but not yet incurred is as follows:

	December 31, 2022	December 31, 2021
Property, plant and equipment	<u>\$ 90,076</u>	<u>\$ 199,134</u>

2. For commitments made by the Company's subsidiaries, please refer to Note 9(2) to the consolidated financial statements for the year ended December 31, 2022.

X. Significant Disaster Loss

None.

XI. Significant Events after the Balance Sheet Date

1. Asia Pacific Telecom Co., Ltd. (hereinafter referred to as "APT"), a subsidiary of the Company, was approved by resolution of the extraordinary shareholders' meeting on April 15, 2022 to be merged into Far EasTone Telecommunications Co., Ltd. (hereinafter referred to as "FET") with FET as the surviving company and APT eliminated. The shares were adopted as the consideration for this merger. On the merger record date, the number of registered ordinary shares held by each shareholder listed in the APT's shareholder register, less the number of the ordinary shares (through privately placement) in APT held by FET, were exchanged for registered ordinary shares in FET at a ratio of one APT's share to 0.0934406 FET's shares to APT's shareholders. On January 18, 2023, APT received a letter of approval from the National Communications Commission for the approval of the merger with FET, along with 19 additional articles and six administrative guidance items. The merger still needs to be approved by the competent authorities, including the Fair Trade Commission, before it can be carried out. As of the date the financial statements were approved, as the competent authority's review process is still in progress, after the competent authority's approval is obtained, it is planned to apply to the Taiwan Stock Exchange for termination of listing and trading of APT's securities in accordance with applicable laws and regulations, and apply to the Financial Supervisory Commission for termination of its public offering, and apply to the competent authority of the place where it is located for

dissolution.

2. On March 15, 2023, the Board of Directors passed the distribution of 2022 earnings. Please refer to Note 6(18).

XII. Others

(I) Capital management

The objective of the Company's capital management is to ensure that the Company can continue as a going concern, that an optimal capital structure is maintained to lower the cost of capital, and that returns are provided to shareholders. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, issue new shares or sell assets to reduce debt. The Company monitors capital on the basis of the debt-to-net worth ratio. This ratio is calculated as net debt divided by net worth. Net debt is calculated as total loans (including "current and non-current loans" as shown in the parent company only balance sheet) less cash and cash equivalents. Net worth is calculated as 'equity' as shown in the parent company only balance sheet less the total intangible assets.

The Company's strategic maintenance in 2022 to pin the debt-to-net worth ratio at or below 70% remains unchanged from that in 2021.

(II) Financial instruments

1. Classification of financial instruments

For information and amounts related to the Company's financial assets, which comprise financial assets at fair value through profit or loss, financial assets at fair value through other comprehensive income, financial assets at amortized cost, accounts receivable (including receivables due from related parties and other receivables), and financial liabilities, which comprise financial liability at fair value through profit or loss, accounts payable (including payables to related parties), other payables, short-term loans, long-term loans and corporate bond payables), refer to Note 6 and the parent company only balance sheet.

2. Risk management policies

(1) Risk categories:

The Company employs a comprehensive risk management and control system to clearly identify, measure, and control the various kinds of financial risk it faces, including market risk (including foreign exchange risk, interest rate risk and price risk), credit risk, and liquidity risk.

(2) Management objectives:

A. Except for market risk, which is controlled by external factors, the remainder of the foregoing types of risks can be controlled internally or removed from business processes. Therefore, the goal in managing each of these risks is to reduce them to zero.

B. As for market risk, the goal is to optimize its overall position through strict analysis, suggestion, execution and audit processes, and proper consideration of a) long-term trends in the external economic/financial environment, b) internal operating conditions, and c) the actual effects of market fluctuations.

- C. The Company's overall risk management policy focuses on the unpredictable item of financial markets and seeks to reduce the risk that potentially pose adverse effects on the Company's financial position and financial performance.
 - D. For the information on the derivative financial instruments that the Company enters into, please refer to Note 6(2).
- (3) Management system:
- A. Risk management is executed by the Company treasury by following policies approved by the Board. Through cooperation with the Company's operating units, finance department is responsible for identifying, evaluating and hedging financial risks.
 - B. The Board of Directors has a written policy covering overall risk management. It also has written policies covering specific scopes and issues, such as exchange rate risk, interest rate risk, credit risk, derivative and non-derivative financial instruments used, and the investment of excess working capital.
3. Significant financial risks and degrees of financial risks
- (1) Market risk
- A. Foreign exchange risk
 - (A) Nature:

The Company is a multinational company in the electronics manufacturing services industry. Most of the exchange rate risk from operating activities come from:

 - a. Foreign exchange risk arises from different exchange rates to functional currency, as the invoice dates of accounts receivable and payable denominated in nonfunctional foreign currency are different. Due to the characteristics of the OEM industry, the Company's revenue and expenditures are mostly denominated in foreign currency. Thus, the remaining net foreign exchange risk is not material after offsetting assets and liabilities. Furthermore, although the fluctuations in exchange rates of the Company's certain foreign investments in emerging countries (such as Vietnam and India) are considered huge, the percentage of the investments is not significant and thus the Company's foreign exchange risk can be maintained in the controllable range. (Note: The Company has several sites in various countries and thus is exposed to various foreign exchange risks. The main risk arises from USD and RMB.)
 - b. Besides the above transactions (operating activities) recognized in the income statement, assets and liabilities recognized in the balance sheet also result in the exchange rate risk.

(B) Management:

- a. For such risks, the Company has set up policies requiring companies in the Group to manage the exchange rate risks of their functional currencies.
- b. As to the exchange rate risk arising from the difference between various functional currencies and the reporting currency in the consolidated financial statements, it is managed by the Group's treasury in a centralized manner.

(C) The source:

a. USD and NTD:

Foreign exchange risk arises primarily from USD-denominated assets, such as cash and cash equivalents, accounts receivable, and other receivables, and USD-denominated liabilities, such as loans, accounts payable and other payables, which results in exchange loss or gain when they are converted into NTD.

b. JPY and NTD:

Foreign exchange risk arises primarily from JPY-denominated liabilities, such as loans, accounts payable and other payables, which results in exchange loss or gain when they are converted into NTD.

(D) Extent: The information on assets and liabilities denominated in foreign currencies whose values would be materially affected by the exchange rate fluctuations is as follows:

(Foreign currency: functional currency)	December 31, 2022				
	Foreign currency (in thousands)	Exchange rate	Book value (NTD)	Sensitivity analysis	
				Extent of variation	Effect on profit or loss
<u>Financial Assets</u>					
<u>Monetary items</u>					
USD : NTD	\$ 52,260,115	30.71	\$ 1,604,908,127	5%	\$ 80,245,406
<u>Investments accounted for using equity method</u>					
USD : NTD	\$ 53,209,055	30.71	\$ 1,634,050,083		
<u>Financial liabilities</u>					
<u>Monetary items</u>					
USD : NTD	\$ 56,503,162	30.71	\$ 1,735,212,100	5%	\$ 86,760,605
(Foreign currency: functional currency)	December 31, 2021				
	Foreign currency (in thousands)	Exchange rate	Book value (NTD)	Sensitivity analysis	
				Extent of variation	Effect on profit or loss
<u>Financial Assets</u>					
<u>Monetary items</u>					
USD : NTD	\$ 57,587,304	27.68	\$ 1,594,016,575	5%	\$ 79,700,829
JPY : NTD	5,591,083	0.2405	1,344,655	5%	67,233
<u>Investments accounted for using equity method</u>					
USD : NTD	\$ 54,780,639	27.68	\$ 1,516,328,088		
<u>Financial liabilities</u>					
<u>Monetary items</u>					
USD : NTD	\$ 59,498,177	27.68	\$ 1,646,909,539	5%	\$ 82,345,477

- (E) The aggregated amounts of all exchange gains and losses (including realized and unrealized) of the Company's monetary items with a significant impact due to exchange rate fluctuations recognized in 2022 and 2021 are a loss of NT\$9,250,113 and a loss of NT\$2,091,295, respectively.

B. Equity securities

- (A) Nature:

The Company primarily invests in domestic and foreign publicly traded equity instruments, which are accounted for as financial assets at fair value through profit or loss, financial assets at fair value through other comprehensive income and available-for-sale financial assets. The price of those equity instruments will be affected by the uncertainty of the future value of the investment.

- (B) Extent

If such equity instruments' price rise or fall by 1%, with all other factors held unchanged, the gains or losses on shareholder equity due to investments in equity instruments measured at fair value through other comprehensive income and investments in equity at fair value through profit or loss were NT\$30,936 and NT\$34,617, respectively, for 2022 and 2021.

C. Cash flow and fair value interest rate risk

- (A) The Company's interest rate risk mainly arises from long-term loans and short-term loans. Loans issued at floating rates expose the Company to cash flow interest rate risk, part of which is offset by cash and cash equivalents held at floating rates. Loans issued at fixed rates expose the Company to fair value interest rate risk. The Company's loans are mainly at fixed and floating interest rates.

- (B) The Company manages the interest rate risk of cash flows through the interest rate swap contract on the swap between fixed rates and floating rates. The Company and the counterparties agree to swap based on the difference between the fixed rates and the floating rates calculated on the notional principal during a specific period (mainly per quarter).

(2) Credit risk

- A. Credit risk refers to the risk of financial loss to the Company arising from default by the clients or counterparties of financial instruments.

According to the Company's credit policy, each local entity in the Company responsible for managing and analyzing the credit risk for each of their new clients before standard payment and delivery terms and conditions are offered. The internal risk control assesses customers' credit quality by taking into account their financial position, historical experience, and other factors.

Individual risk limits are set by the Board of Directors based on internal or external ratings. The utilization of credit limits is regularly monitored. Major credit risk

arises from credit risks of cash and cash equivalents, derivative financial instruments, deposits at banks and financial institutions, investments on short-term wealth management products of banks and financial institutions, and other financial instruments. The counterparties are banks with good credit quality and financial institutions with investment grade or above and government agencies, so there is no significant compliance concerns and credit risk.

- B. The Company assumes that if the contract payments were past due over 90 days based on the terms, there has been a significant increase in credit risk on that instrument since initial recognition; if past due over 360 days, a default has been occurred.
- C. The following indicators are used to determine whether the credit impairment of debt instruments has occurred:
- (A) It becomes probable that the issuer will enter bankruptcy or other financial reorganization due to their financial difficulties;
 - (B) Default or delinquency in interest or principal repayments;
 - (C) Adverse changes in national or regional economic conditions that are expected to cause a default.
- D. The aging analysis of accounts receivable (including related parties) is as follows:

	<u>December 31, 2022</u>	<u>December 31, 2021</u>
Not past due	\$ 546,197,139	\$ 696,596,199
Up to 90 days	10,807,411	13,236,035
91-180 days	904,443	257,556
181-270 days	316,077	20,166
270-360 days	1,526	6,252
Over 361 days	<u>3,284,054</u>	<u>2,713,555</u>
	<u>\$ 561,510,650</u>	<u>\$ 712,829,763</u>

The table above shows an aging analysis based on the number of days overdue.

- E. The Company applies the following approaches to assess the expected credit losses (ECLs) of accounts receivable:
- (A) Assess the ECLs on an individual basis if a significant default has occurred.
 - (B) Classify the other customers' accounts receivable based on the Company's credit rating standards and estimates the ECLs using loss rate methodology or provision matrix based on different groups.
 - (C) Adjust the loss rates constructed from historical and recent information by taking into account the business cycle indicators of the National Development Council and forecasts of the Basel Committee on Banking Supervision.
 - (D) As of December 31, 2022 and 2021 the individual allowance for impairment of accounts receivable and ones estimated using loss rate methodology or provision matrix are as follows:

	<u>Individual</u>	<u>Group 1</u>	<u>Group 2</u>	<u>Group 3</u>	<u>Group 4</u>	<u>Total</u>
<u>December 31, 2022</u>						
Expected loss rate	100%	0.0375%	0.0875%	0.13%~47.20%	0.74%~64.42%	
Total book value	<u>\$ 3,783,569</u>	<u>\$ 536,777,842</u>	<u>\$ 18,651,504</u>	<u>\$ 2,233,619</u>	<u>\$ 64,116</u>	<u>\$ 561,510,650</u>
Loss allowance	<u>\$ 3,783,569</u>	<u>\$ 162,883</u>	<u>\$ 16,442</u>	<u>\$ 3,402</u>	<u>\$ 1,756</u>	<u>\$ 3,968,052</u>

	<u>Individual</u>	<u>Group 1</u>	<u>Group 2</u>	<u>Group 3</u>	<u>Group 4</u>	<u>Total</u>
<u>December 31, 2021</u>						
Expected loss rate	100%	0.0375%	0.0875%	0.12%~31.03%	4.51%~70.86%	
Total book value	<u>\$ 2,700,003</u>	<u>\$ 663,883,633</u>	<u>\$ 39,627,560</u>	<u>\$ 6,567,720</u>	<u>\$ 50,847</u>	<u>\$ 712,829,763</u>
Loss allowance	<u>\$ 2,700,003</u>	<u>\$ 196,405</u>	<u>\$ 34,946</u>	<u>\$ 10,553</u>	<u>\$ 7,152</u>	<u>\$ 2,949,059</u>

Group 1: Standard Poor's, Fitch's, or Moody's rating of A-level, or rated as A-level in accordance with the Company's credit policies for those that have no external credit ratings.

Group 2: Standard Poor's or Fitch's rating of BBB, Moody's rating of Baa, or rated as B or C-level in accordance with the Company's credit policies for those that have no external credit ratings.

Group 3: Standard Poor's or Fitch's rating of BB + and below, or Moody's rating of Ba1 and below.

Group 4: Rated as other than A, B, or C in accordance with the Company's credit policies for those that have no external credit ratings.

F. The Company calculated the expected loss based on historical overdue repayment records to evaluate the impairment losses of other receivables-related parties. As of December 31, 2022 and 2021, the balances of the allowances for losses were NT\$0 and NT\$0, respectively.

G. Movements of loss allowance for accounts receivable (including related parties) and other receivables (including related parties) provided by the Company are as follows:

	2022	2021
January 1	\$ 2,949,059	\$ 4,260,798
Impairment losses (gains on reversal)	1,018,993	(1,310,383)
Amount written off due to irrecoverability	<u>-</u>	<u>(1,356)</u>
December 31	<u>\$ 3,968,052</u>	<u>\$ 2,949,059</u>

(3) Liquidity risk

A. Cash flow forecasting is performed by each operating entity of the Company and aggregated by the Company's treasury. The Company's treasury monitors rolling forecasts of the Company's liquidity requirements and meets various contractual obligations by maintaining sufficient funds and bank facilities.

B. The table below analyzes the Company's non-derivative financial liabilities and net-settled or gross-settled derivative financial liabilities categorized into relevant maturity groups, i.e. based on the remaining period at the balance sheet date to the contractual maturity date for non-derivative financial liabilities and to the expected maturity date for derivative financial liabilities. The amounts disclosed in the table are the contractual undiscounted cash flows.

	<u>Less than 1 year</u>	<u>Between 1 to 2 years</u>	<u>Between 2 to 5 years</u>	<u>Over 5 years</u>	<u>Total</u>
<u>Non-derivative financial liabilities:</u>					
December 31, 2022					
Bonds payable	\$ 11,900,000	\$ 24,650,000	\$ 88,733,116	\$ 41,950,000	\$ 167,233,116

Leasing liabilities	168,309	148,976	304,804	390,546	1,012,635
	<u>\$ 22,964,759</u>	<u>\$ 46,994,629</u>	<u>\$ 125,889,920</u>	<u>\$ 107,637,684</u>	<u>\$ 303,486,992</u>
<u>Non-derivative financial liabilities:</u>					
December 31, 2021					
Bonds payable	\$ 35,128,442	\$ 11,900,000	\$ 73,833,116	\$ 57,900,000	\$ 178,761,558
Long-term loans	1,000,000	-	-	-	1,000,000
Financial guarantee contract	6,346,800	-	53,279,000	58,854,600	118,480,400
Leasing liabilities	84,739	67,985	108,586	130,899	392,209
	<u>\$ 42,559,981</u>	<u>\$ 11,967,985</u>	<u>\$ 127,220,702</u>	<u>\$ 116,885,499</u>	<u>\$ 298,634,167</u>
<u>Derivative financial liabilities:</u>					
December 31, 2022					
Cross currency swap contracts	\$ 85,719	\$ -	\$ -	\$ -	\$ 85,719
Foreign exchange forward contracts	3,046,231	-	-	-	3,046,231
	<u>\$ 3,131,950</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 3,131,950</u>
<u>Derivative financial liabilities:</u>					
December 31, 2021					
Cross currency swap contracts	\$ 473,478	\$ -	\$ -	\$ -	\$ 473,478
Foreign exchange forward contracts	425,550	-	-	-	425,550
	<u>\$ 899,028</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 899,028</u>

Except as stated above, the Company's non-derivative financial liabilities are due within the next year.

(III) Fair value information

1. The different levels of inputs used in the valuation techniques for measuring the fair value of financial and non-financial instruments have been defined as follows:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date. A market is regarded as active where transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis. The fair value of the Company's investment in listed stocks and beneficiary certificates is included in Level 1.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. The fair value of the Company's investment in convertible corporate bonds payable and most of the derivative instruments is included in Level 2.

Level 3: Unobservable inputs for the asset or liability. The fair value of the Company's equity investment without active market is included in Level 3.

2. Financial instruments not measured at fair value

- (1) Except for those listed in the table below, the carrying amounts of the Company's financial instruments not measured at fair value (including cash and cash equivalents, notes and accounts receivable, other receivables, financial assets at amortized cost (excluding bank debentures), short-term loans, notes and accounts payable, other payables and long-term loans) approximate to their fair values.

	December 31, 2022			
		Fair value		
	Book value	Level 1	Level 2	Level 3
Financial liabilities				
Bonds payable	<u>\$ 167,233,116</u>	<u>\$ -</u>	<u>\$ 159,625,743</u>	<u>\$ -</u>

	December 31, 2021			
		Fair value		
	Book value	Level 1	Level 2	Level 3
Financial liabilities				
Bonds payable	<u>\$ 178,761,558</u>	<u>\$ -</u>	<u>\$ 174,512,528</u>	<u>\$ -</u>

- (2) The methods and assumptions of fair value measurement are as follows:
- (3) Bonds payable: Regarding the bonds issued by the Company, the coupon rate approximates to the current market rate. Therefore, the fair value is estimated using the present discounted value of the expected cash flows and market interest rate.
3. The Company categorizes financial and non-financial instruments measured at fair value on the basis of the nature, characteristics, risks, and fair value level of the assets and liabilities.
- (1) The related information on assets and liabilities categorized by their nature is as follows:

December 31, 2022	Level 1	Level 2	Level 3	Total
Assets				
<u>Recurring fair value measurements</u>				
Financial assets at fair value through profit or loss				
Derivatives	\$ -	\$ 3,824,788	\$ -	\$ 3,824,788
Financial assets at fair value through other comprehensive income				
Equity instruments	1,786,037	-	1,307,538	3,093,575
Accounts receivable expected to be factored	-	89,826,750	-	89,826,750
Total	\$ 1,786,037	\$ 93,651,538	\$ 1,307,538	\$ 96,745,113
Liabilities:				
<u>Recurring fair value measurements</u>				
Financial liabilities at fair value through profit or loss				
Derivatives	\$ -	(\$ 3,131,950)	\$ -	(\$ 3,131,950)
December 31, 2021	Level 1	Level 2	Level 3	Total
Assets				
<u>Recurring fair value measurements</u>				
Financial assets at fair value through profit or loss				
Derivatives	\$ -	\$ 117,245	\$ -	\$ 117,245
Financial assets at fair value through other comprehensive income				
Equity instruments	3,154,133	-	307,575	3,461,708
Accounts receivable expected to be factored	-	80,964,000	-	80,964,000
Total	\$ 3,154,133	\$ 81,081,245	\$ 307,575	\$ 84,542,953
Liabilities:				
<u>Recurring fair value measurements</u>				
Financial liabilities at fair value through profit or loss				
Derivatives	\$ -	(\$ 899,028)	\$ -	(\$ 899,028)

(2) The methods and assumptions of fair value measurement are as follows:

- A. The Company adopts market quoted prices as their fair values (i.e., Level 1), which are listed below by the characteristics of the instruments:

	Listed stocks	Open-end fund
Market quoted price	Closing price	Net asset value
B.	Except for financial instruments with active markets, the fair value of other financial instruments is measured by using valuation techniques or by reference to counterparty quotes. The fair value of financial instruments measured by using valuation techniques method can be obtained by reference to the current fair value of instruments with similar terms and characteristics in substance, discounted cash flow method or other valuation methods, including fair value calculated by applying model using market information available at the parent company only balance sheet date.	
C.	When assessing non-standard and low-complexity financial instruments, for example, cross currency swap contracts and wealth management products, the Company adopts valuation technique that is widely used by market participants. The inputs used in the valuation method to measure these financial instruments are normally observable in the market.	
D.	The valuation of derivative financial instruments is based on valuation model widely accepted by market participants, such as present discounted value techniques and option pricing models. Forward exchange contracts are usually valued based on the current forward exchange rate. Put option is evaluated by Black-Scholes option pricing model.	
E.	The output of valuation model is an estimated value and the valuation technique may not be able to capture all relevant factors of the Company's financial and non-financial instruments. Therefore, the estimated value derived using valuation model is adjusted accordingly with additional inputs, such as model risk or liquidity risk, etc. In accordance with the Company's management policies and relevant control procedures relating to the valuation models used for fair value measurement, management believes adjustment to valuation is necessary in order to reasonably present the fair value of financial and non-financial instruments at the parent company only balance sheet. The pricing information and inputs used during valuation are carefully assessed and adjusted based on current market conditions.	
F.	The Company takes into account credit risk valuation adjustment to measure the fair value of financial and non-financial instruments to reflect credit risk of the counterparty and the Company's credit quality.	

4. For 2022 and 2021, there was no transfer between Level 1 and Level 2.

5. The following chart is the movement of Level 3 during 2022 and 2021:

	<u>2022</u>	<u>2021</u>
	<u>Equity instruments</u>	<u>Equity instruments</u>
January 1	\$ 307,575	\$ 200,815
Gains and losses recognized in other comprehensive income	(604,914)	106,760
Purchases during this period	<u>1,604,877</u>	<u>-</u>
December 31	<u>\$ 1,307,538</u>	<u>\$ 307,575</u>

6. Investment segment is in charge of valuation procedures for fair value measurements being categorized within Level 3, which is to verify independent fair value of financial instruments. Such assessment is to ensure the valuation results are reasonable by applying independent information to make results close to current market conditions, confirming that the resource of information is independent, reliable and in line with other resources and representative of the exercisable price, frequently calibrating valuation model, performing back-testing, updating inputs used to the valuation model, and making any other necessary adjustments to the fair value.

In addition, investment segment sets up valuation policies, valuation processes and rules for measuring fair value of financial instruments to ensure compliance with the related requirements in IFRS.

7. The following is the quantitative information of significant unobservable inputs and sensitivity analysis of changes in significant unobservable inputs to valuation model used in Level 3 fair value measurement:

	<u>Fair value as at December 31, 2022</u>	<u>Valuation technique</u>	<u>Significant unobservable input</u>	<u>Range (weighted average)</u>	<u>Relationship of inputs to fair value</u>
Non-derivative equity instrument: Unlisted stocks	<u>\$ 1,009,539</u>	Net asset value	Discount for lack of marketability	18%-20% (20%)	The higher the discount for lack of marketability, the lower the fair value
	<u>\$ 297,780</u>	Equity value of complex capital structure	Discount for lack of marketability	30%	The higher the expected equity volatility and net value multiple, the higher the fair value; the higher the discount for lack of marketability, the lower the fair value
			Expected equity volatility	57.00%	
			Net value multiple	5.42	
	<u>\$ 219</u>	Market comparable companies	Discount for lack of marketability	29%	The higher the revenue multiple, the higher the fair value; the higher the discount for lack of marketability, the lower the fair value
			Revenue multiple	0.86	

	Fair value as at December 31, 2021	Valuation technique	Significant unobservable input	Range (weighted average)	Relationship of inputs to fair value
Non-derivative equity instrument: Unlisted stocks	<u>\$ 307,370</u>	Net asset value	Discount for lack of marketability	13.00%	The higher the discount for lack of marketability, the lower the fair value
	<u>\$ 205</u>	Market comparable companies	Discount for lack of marketability	31.00%	The higher the revenue multiple, the higher the fair value; the higher the discount for lack of marketability, the lower the fair value
			Revenue multiple	0.9318	

8. The Company has carefully assessed the valuation models and inputs used to measure fair value. However, use of different valuation models or inputs may result in different measurement. The following is the effect on profit or loss or other comprehensive income from financial assets and liabilities categorized within Level 3 if the inputs used in the valuation models have changed:

		December 31, 2022					
				Recognized in profit or loss		Recognized in other comprehensive income	
		Input	Change	Favorable change	Unfavorable change	Favorable change	Unfavorable change
Financial Assets							
Equity instruments	Control premium or marketability discount		±1%	\$ -	\$ -	\$ 16,819	(\$ 16,819)
		December 31, 2021					
				Recognized in profit or loss		Recognized in other comprehensive income	
		Input	Change	Favorable change	Unfavorable change	Favorable change	Unfavorable change
Financial Assets							
Equity instruments	Control premium or marketability discount		±1%	\$ -	\$ -	\$ 3,536	(\$ 3,536)

(IV) Other matters

The Company has adopted relevant anti-pandemic measures in response to the COVID-19 pandemic and the government's various anti-pandemic measures. The pandemic did not cause a material impact on the Company's operations and business during 2022 and 2021.

XIII. Supplementary Disclosures

(I) Significant transactions information

- Loans to others: Please refer to Table 1.
- Provision of endorsements and guarantees to others: Please refer to Table 2.
- Holding of marketable securities at the end, (excluding subsidiaries, associates and joint ventures): Please refer to Table 3.
- Acquisition or sale of the same security with the accumulated cost reaching NT\$300 million or 20% of paid-in capital or more: Please refer to Table 4.
- Acquisition of property reaching NT\$300 million or 20% of paid-in capital or more: Please refer to Table 5.

6. Disposal of property reaching NT\$300 million or 20% of paid-in capital or more: Please refer to Table 6.
7. Purchases or sales of goods from or to related parties reaching NT\$100 million or 20% of paid-in capital or more: Please refer to Table 7.
8. Receivables from related parties reaching NT\$100 million or 20% of paid-in capital or more: Please refer to Table 8.
9. Trading in derivative instruments undertaken during the reporting periods: Please refer to Note 6(2).
10. Significant inter-company transactions during the reporting period: Please refer to Note 9.

(II) Information on investees

Names, locations and other information of investee companies (excluding investees in Mainland China): Please refer to Table 10.

(III) Information on investments in Mainland China

1. Basic information: Please refer to Table 11.
2. Significant transactions that occur directly or indirectly through enterprises in third regions and investees in mainland China: The Company appointed Foxconn (Far East) Limited's Mainland investee to render processing services and to trade. The transactions were eliminated in the consolidated financial statements. For significant transactions of processing services, trading, receivables and payables, endorsements and guarantees or collaterals provided, and financing, please refer to Note 13(1) 1, 2, 7 and 8.

(IV) Major shareholders' information

Name, number of shares held and shareholding percentage of shareholders who hold more than 5% of the shares: Please refer to Table 12.

XIV. Segment Information

Not applicable.

Hon Hai Precision Industry Co., Ltd.

Loans to others

December 31, 2022

Expressed in thousands of TWD

(Except as otherwise indicated)

Note 1: The ceiling on total loans granted by the Company to all parties is 40% of the net assets value of the Company; the ceiling on single loan granted by the Company to all parties is 10% of the net assets value of Company.

The Company provides loans to Hyield Venture Capital Co., Ltd., Bon Shin International Investment Co., Ltd., Hon Chi International Investment Co., Ltd., Hon Yuan International Investment Co., Ltd., and Lin Yih International Investment Co., Ltd., with a shared limit no more than NTS5 billion.

Since there is no company that the Company has granted loans to, Hyield Venture Capital Co., Ltd. acts as the representative of the borrower to disclose. When the Company actually grants loans to, the actual amount of loans will be disclosed.

Note 2: The ceiling on total loans granted by a domestic subsidiary to all parties is 40% of the net assets value of lender; the ceiling on single loan granted by a domestic subsidiary to all parties is 10% of the net assets value of lender.

Note 3: The policy for loans granted mutually between overseas subsidiaries of which the Company directly or indirectly holds 100% of their voting shares is as follows: ceiling on total loans granted by an overseas subsidiary to all overseas subsidiaries is 400% of the net assets value of lender; limit on loans granted by an overseas subsidiary to a single overseas subsidiary is 200% of the net assets value of lender.

The ceiling on total loans granted by a overseas subsidiary to all parties is 40% of the net assets value of lender; the ceiling on single loan granted by a overseas subsidiary to all parties is 10% of the net assets value of lender.

The policy for loans granted by Smart Technologies Inc., Smart Technologies Corp., and Smart Technologies U.S. are as follows: ceiling on total loans to all parties is 10% of the Company's net assets; limit on loans to a single party is 20% of the Company's net assets. The policy for loans granted by Premier Image Technology (China) Ltd. and Futongyuan (Shenzhen) Environmental Technology Limited are as follows: ceiling on total loans to all parties is 40% of the net assets value of lender; limit on loans to a single party is 10% of the net assets value of lender.

Note 4: The policy for loans granted by Foxconn Interconnect Technology Limited is as follows: ceiling on total loans to all parties is 40% of the net assets value of Foxconn Interconnect Technology Limited; limit on loans to a single party is 10% of the net assets value of Foxconn Interconnect Technology Limited.

The policy for loans granted by overseas subsidiaries of which Foxconn Interconnect Technology Limited directly or indirectly holds 100% of their voting shares is as follows: ceiling on total loans granted by overseas subsidiaries is 40% of the net assets value of Foxconn Interconnect Technology Limited; limit on loans granted by an overseas subsidiary to a single party is 20% of the net assets value of Foxconn Interconnect Technology Limited.

Note 5: The policy for loans granted by Shunsin Technology Holdings Limited is as follows: ceiling on total loans to all parties is 40% of the net assets value of Shunsin Technology Holdings Limited; limit on loans to a single party is 10% of the net assets value of Shunsin Technology Holdings Limited.

The policy for loans granted by overseas subsidiaries of which Shunsin Technology Holdings Limited directly or indirectly holds 100% of their voting shares is as follows: ceiling on total loans granted by overseas subsidiaries is 400% of the net assets value of lender; limit on loans granted by a subsidiary to a single party is 200% of the net assets value of lender.

The policy for loans granted by overseas subsidiaries of which Shunsin Technology Holdings Limited directly or indirectly holds 100% of their voting shares to Shunsin Technology Holdings Limited is as follows: ceiling on total loans granted by overseas subsidiaries is 400% of the net assets value of lender.

The policy for loans granted by the controlling shareholder directly holds 100% of Shunsin Technology Holdings Limited is as follows: ceiling on total loans granted by Shunsin Technology Holdings Limited is 400% of the net assets value of lender.

Note 6: The policy for loans granted by FIH Mobile Limited and its subsidiaries is as follows: ceiling on total loans to all parties is 40% of the net assets value of FIH Mobile Limited; limit on loans to a single party is 10% of the net assets value of FIH Mobile Limited.

The policy for loans granted by overseas subsidiaries of which FIH Mobile Limited directly or indirectly holds 100% of their voting shares is as follows: ceiling on total loans granted by overseas subsidiaries is 400% of the net assets value of lender; limit on loans granted by a subsidiary to a single party is 200% of the net assets value of lender.

Note 7: The policy for loans granted by Jusda Supply Chain Management International Co., Ltd. is as follows: ceiling on total loans to all parties is 60% of the net assets value of lender; limit on loans to a single party is 30% of the net assets value of lender.

Note 8: The policy for loans granted by overseas subsidiaries (outside Taiwan) of which Foxconn Industrial Internet Co., Ltd. (FII) directly or indirectly holds 100% of their voting shares is as follows: ceiling on total loans granted by overseas subsidiaries is 50% of the net assets value of FII; limit on loans granted by a subsidiary to a single party is 30% of the net assets value of FII.

The policy for loans granted by subsidiaries of FII loan to FII is as follows: ceiling on total loans granted by overseas subsidiaries is 40% of the net assets value of lender; limit on loans granted by an overseas subsidiary to a single party is 40% of the net assets value of lender.

The policy for loans granted by the subsidiaries of FII to subsidiaries of which FII directly or indirectly holds more than 50% of their voting shares or subsidiaries of which lender directly or indirectly holds more than 50% of their voting shares is as follows: ceiling on total loans granted by overseas subsidiaries is 40% of the net assets value of lender; limit on loans granted by an overseas subsidiary to a single party is 20% of the net assets value of lender.

Note 9: Nanning Fugui Precision Industrial Co., Ltd. was renamed Nanning Fulian Fugui Precision Industrial Co., Ltd. on January 5, 2022; Hongfujin Precision Electronics (Tianjin) Co., Ltd. was renamed Fulian Precision Electronics (Tianjin) Co., Ltd. on February 28, 2022; Shenzhen Yuzhan Precision Technology Co., Ltd. was renamed Fulian Yuzhan Technology (Shenzhen) Limited on March 2, 2022; Fuhong Cloud Computing (Tianjin) Co., Ltd. was renamed Fulian Cloud Computing (Tianjin) Co., Ltd. on March 2, 2022; Fuzhou Precision Electronics (Zhengzhou) Co., Ltd. was renamed Fulian precision electronics (Zhengzhou) Co., Ltd. on June 1, 2022; Henan Yuzhan Technology Limited was renamed Fulian Yuzhan Technology (Henan) Co., Ltd. on June 6, 2022; Jincheng Futaihua Precision Electronic Co., Ltd. was renamed Fulian Technology (Jincheng) Co., Ltd. on July 13, 2022; Acheron Tek Inc. was renamed ICuna Inc. in August 2022; Hongfujin Precision Industry (Shenzhen) Co., Ltd. was renamed Foxconn Technology Group Co., Ltd. in November 2022.

Note 10: The net assets referred to above are based on the latest audited financial statements.

Hon Hai Precision Industry Co., Ltd.
Provision of endorsements and guarantees to others

Note 1: Having business relationship.

Note 2: The endorser/guarantor parent company owns directly and indirectly more than 50% voting shares of the endorsed/guaranteed company.

Note 3: The endorser/guarantor parent company owns directly and indirectly more than 90% voting shares of the endorsed/guaranteed company.

Note 4: The total endorsements and guarantees of the Company to others should not be in excess of the Company's net assets, and for a single party should not be in excess of 50% of the Company's net assets.

The total endorsements and guarantees of the Company and its subsidiaries to others as a whole should not be in excess of the Company's net assets, and for a single enterprise should not be in excess of 50% of the Company's net assets.

Note 5: The total endorsements and guarantees of overseas subsidiaries of which the Company directly or indirectly holds 100% of their voting shares to others should not be in excess of 100% the endorser/guarantor's net assets, and for a single party should not be in excess of 100% of the endorser/guarantor's net assets.

Note 6: The total endorsements and guarantees of Smart Technologies Inc. to others should not be in excess 50% of the Company's net assets, and for a single party should not be in excess of 20% of the Company's net assets.

The total endorsements and guarantees of Foxconn Industrial Internet Co., Ltd. (FIH), Foxconn Interconnect Technology Limited and its subsidiaries to others should not be in excess of the endorser/guarantor's net assets.

and for a single party should not be in excess 50% of the endorser/guarantor's net assets.

The total endorsements and guarantees of Jusda Supply Chain Management International Co., Ltd. to others should not be in excess of its net assets, and for a single party should not be in excess of its net assets.

The total endorsements and guarantees of Jusda Supply Chain Management International Co., Ltd. and its subsidiary to others should not be in excess of the endorser/guarantor's net assets, and for a single party should not be in excess of the endorser/guarantor's net assets.

The total endorsements and guarantees of Shuanshi Technology Holdings Limited to others should not be in excess of its net assets, and for a single party should not be in excess 50% of its net assets.

The total endorsements and guarantees of Shuanshi Technology Holdings Limited and its subsidiary to others should not be in excess of the endorser/guarantor's net assets, and for a single party should not be in excess of the endorser/guarantor's net assets.

Note 7: FIH Mobile Limited and its 100% subsidiaries: FIH (Hong Kong) Limited, FIH Mexico Industry S.A. de C.V., S&B Industry, Inc., Great Promote Limited, Eliteday Enterprises Limited, Extra High Enterprises Limited, and FIH Co., Ltd. mutually endorse their bank debts and share the limit of US\$300 million.

Among them, the ceiling on the total amount of endorsements/guarantees provided by FIH Mobile Limited is 100% of its own net asset value, and the ceiling of a single party is 100% of its own net asset value.

The ceiling on the total amount of endorsements/guarantees provided by FIH Mexico Industry S.A. de C.V., FIH (Hong Kong) Limited, S&B Industry, Inc., Great Promote Limited, Eliteday Enterprises Limited, Extra High Enterprises Limited, and FIH Co., Ltd. is 200% of its own net asset value, and the ceiling of a single party is 100% of its own net asset value.

The above table separately discloses the portion of the endorsement/guarantees provided by FIH Mobile Limited and its subsidiaries in respect of bank debts that have drawn down and are attributable to the respective subsidiaries as a result of the shared limit. The remaining shared limit is included in FIH Mobile Limited's. The net asset value of the endorser/guarantor is used to calculate the limit. Since no company has incurred bank debts, FIH (Hong Kong) Limited acts as the representative of the guarantor. When a company actually incurs bank debts, the actual amount of debts will be disclosed.

The limit on endorsements/guarantees is calculated as follows:

Company name	Limit on endorsements/guarantees provided for a single party	Ceiling on total amount of endorsement/guarantees provided
FIH Mobile Limited	54,714,534	54,714,534
FIH Mexico Industry S.A. de C.V.	3,483,567	6,967,134
S&B Industry, Inc.	2,558,513	5,117,026
Great Promote Limited	1,598,290	3,196,580
Eliteday Enterprises Limited	319,368	639,736
Extra High Enterprises Limited	906,131	1,812,262
FIH Co., Ltd.	1,951,073	3,902,146
FIH (Hong Kong) Limited	-	-

Note 8: Foxconn (Far East) Limited endorse the bank debts for Foxconn Singapore Pte. Ltd., Foxconn Slovakia, Spol. S R. O., Competition Team Ireland Ltd. and eCMMS Precision Singapore Pte Ltd. The ceiling on the total amount of endorsements/guarantees is

USD 300 million. Since no company has incurred bank debts so far, the unused remaining facilities were disclosed with Foxconn Slovakia, Spol. S R. O. as the guarantee. When a company actually incurs bank debts, the actual amount of debts incurred will be disclosed.

Note 9: The net assets referred to above are based on the latest audited financial statements.

Note 1: The information of transactions between the Company and the consolidated subsidiaries should be noted in "Number" column.

(1) Number 0 represents the Company.

(2) The consolidated subsidiaries are numbered in order from number 1.

Note 2: The transaction relationships with the counterparties are as follows:

(1) The Company to the consolidated subsidiary.

(2) The consolidated subsidiary to the Company.

(3) The consolidated subsidiary to another consolidated subsidiary.

Note 3: The prices and terms to related parties were not significantly different from transactions with third parties, except for particular transactions with no similar transactions to compare with. For these transactions, the prices and terms were determined in accordance with mutual agreements.

Note 4: In calculating the ratio, the transaction amount is divided by consolidated total assets for balance sheet accounts and is divided by consolidated total revenues for income statement accounts.

Note 5: For balance sheet accounts, transactions exceeding 1% of the consolidated total assets should be disclosed; for income statement accounts, transactions exceeding 1% of the consolidated total revenue should be disclosed.

All the transactions had been eliminated when preparing consolidated financial statements.

Note 6: The aforementioned transactions with related parties were based on the financial statements of the company for the same period which was audited by independent accountants.

Note 1: The investment income recognised for this year had eliminated unrealised gain or loss on the transactions between the Company and its investees.

Note 2: The Company and the direct and indirect investee companies own 29.48% of Foxconn Technology Co., Ltd.'s outstanding shares.

Note 3: The Company and the direct and indirect investee companies own 26.51% of Pan International Industrial Corporation's outstanding shares.

Note 4: The Company and the direct and indirect investee companies own 99.96% of Premier Image Technology (H.K) Ltd.'s outstanding shares.

Note 5: The Company and the direct and indirect investee companies own 100% of Altus Technology Inc.'s outstanding shares.

Note 6: The Company and the direct and indirect investee companies own 34.06% of Sharp Corporation's outstanding shares.

Note 7: The Company and the direct and indirect investee companies own 36.89% of Asia Pacific Telecom Co., Ltd.'s outstanding shares.

Note 8: The Company and the direct and indirect investee companies own 100% of Foxconn Singapore Pte. Ltd.'s outstanding shares.

Note 9: Due to the amount is insignificant, combined disclosure is adopted.

Note 10: In April 2022, FIH Mobile Limited had disposed all of equity interests in the Advanced Optoelectronic Technology, Inc.

Note 11: Hyield Venture Capital Co., Ltd. is referred to as Hyield, Hon Chi International Investment Co., Ltd. is referred to as Hon Chi, Hon Yuan International Investment Co., Ltd. is referred to as Hon Yuan, Bao Shin International Investment Co., Ltd. is referred to as Bao Shin, Lin Yih International Investment Co., Ltd. is referred to as Lin Yih and Hon Yih International Investment Co., Ltd. is referred to as Hon Yih.

Note 12: Because the foreign holding investee companies prepare consolidated financial statements only, the disclosure of the company's investments over which the Company has significant influence or control, directly or indirectly, is only disclosed to the level of the holding company.

Hon Hai Precision Industry Co., Ltd.	\$ 200,987,426	\$ 383,411,119	\$ -

Note 1: Investment methods are classified into the following three categories:

- (1) Directly invest in a company in Mainland China.
- (2) Through investing in Foxconn (FarEast) Limited in the third area, which then invested in the investee in Mainland China.
- (3) Others.

Note 2: The basis for investment income (loss) recognition is from the financial statements which were based on the audited and attested by R.O.C. parent company's CPA, except FIH Precision Component (Beijing) Co., Ltd., Shenzhen Fu Tai Hong Precision Industry Co., Ltd., Honxun Electrical Industry (Hangzhou) Co., Ltd., FIH (Tian Jin) Precision Industry Co., Ltd., Futaijing Precision Electronics (Beijing) Co., Ltd., FIH Precision Electronics (Lang Fang) Co., Ltd., FIH (Nanjing) Communications Co., Ltd., Nanning Futaihong Precision Industry Co., Ltd., Futaijing Precision Electronics (Yantai) Co., Ltd., TNS Mobile (Beijing) Co., Ltd., FIH Electronics Technology (Nanjing) Co., Ltd., FIH (Nanjing) Intelligent Technology Co., Ltd., which the financial statements are audited and attested by international accounting firm which has cooperative relationship with firm in R.O.C.

Note 3: The Company has remitted US\$654,890 from own funds in 2014 to Foxteq Holdings Inc. in the British Virgin Islands to acquire 40% of the shares from Chinadragon Telecom Holding Co., Ltd., allowing the Company to indirectly hold 40% of its reinvestment in Shenzhen Jing Huang Technology Co., Ltd.

Note 4: The Company was approved by Investment Commission, MOEA of an investment of US\$156,950,000 in FIH Electronics Technology (Nanjing) Co., Ltd., which has not yet been established as of December 31, 2022.

Note 5: The Company was approved by Investment Commission, MOEA of an investment of US\$13,441 in Chengdu NUWA Robotics Corp., which has not yet been established as of December 31, 2022.

Note 6: The Company was approved by Investment Commission, MOEA of an investment of US\$6,722,352 in Allystar Technology (Shenzhen) Co., Ltd., which has not been invested as of December 31, 2022.

I. The following is a list of investments in Mainland China that have been liquidated, divested, or annulled, but the registered investment amounts have not yet been filed to the Investment Commission, MOEA:

1. The Company was approved by Investment Commission, MOEA of an investment of US\$3,000,000 in Guangxuhui Technology (Shenzhen) Co., Ltd., which had been liquidated in 2005.
2. The Company was approved by Investment Commission, MOEA of an investment of US\$625,000 in Shanghai Premier Image Trade Co., Ltd., which had been liquidated in April 2009.
3. The Company was approved by Investment Commission, MOEA of an investment of US\$684,091 in Dongfeng Antec (Wuhan) Automobile Electric System Co., Ltd. All of the shares had been transferred in 2009.
4. The Company was approved by Investment Commission, MOEA of an investment of US\$814,000 in Liuzhou Antec Fangshen Electric System Co., Ltd. All of the shares have been sold out in 2012.
5. The Company was approved by Investment Commission, MOEA of a total investment of US\$391,085 in Alibaba (China) Technology Co., Ltd., Alibaba (China) Software Co., Ltd., Alibaba (Shanghai) Technology Co., Ltd., and Beijing Sinya Online Information Technology Co., Ltd., which have been sold out in 2012.
6. The Company was approved by Investment Commission, MOEA of an investment of US\$2,500,000 in Hongfujiang Precision Electronics (Yingkou) Co., Ltd., which had been liquidated in 2012.
7. The Company was approved by Investment Commission, MOEA of an investment of US\$12,000,000 in Hong Fujin Precision Industrial (Qinhuangdao) Co., Ltd., which had been liquidated in 2011.
8. The Company was approved by Investment Commission, MOEA of an investment of US\$8,000,000 in Foxconn Technology (Qinhuangdao) Co., Ltd., which had been liquidated in 2011.
9. Qunkang Precision Component (Kunshan) Co., Ltd. has been permitted by the Investment Commission, Ministry of Economic Affairs for the investment of US\$6,000,000 and completed the registration of business combination with Kangzhun Electronic Technology (Kunshan) Co., Ltd. at the competent authority in 2016. The surviving company is Kangzhun Electronic Technology (Kunshan) Co., Ltd.
10. The Company was approved by Investment Commission, MOEA of an investment of US\$18,000,000 in Foshan Fu Hua Ke Precision Electronics Co., Ltd., which had been liquidated in December 2017. On October 22, 2018, MOEA approved the withdrawal of the investment of US\$13,500,000.
11. The Company was approved by Investment Commission, MOEA of an investment of US\$690,139 in Yantai Jiray Electronic Technology Co., Ltd., which had been liquidated by the competent authority on January 18, 2018.
12. The Company was approved by Investment Commission, MOEA of an investment of US\$53,490,425 in Champ Tech Optical (Foshan) Corporation, which have been sold out in 2018. On April 26, 2019, MOEA approved the withdrawal of the investment of US\$53,490,425.
13. The Company was approved by Investment Commission, MOEA of an investment of US\$20,000 in Jin Ji Trading (Linyi) Co., Ltd., which had been liquidated in 2019.
14. Kangzhun Electronic Technology (Kunshan) Co., Ltd. has been permitted by the Investment Commission, Ministry of Economic Affairs for the investment of US\$112,689,109 and completed the registration of business combination with Fuyang Electronical Technology (Changshu) Co., Ltd. at the competent authority in 2019. The surviving company is Kangzhun Electronic Technology (Kunshan) Co., Ltd.
15. The Company was approved by Investment Commission, MOEA of an investment of US\$2,126,394 in Jiaxing Radioshack Trading Limited, which had been liquidated in 2019.
16. The Company was approved by Investment Commission, MOEA of an investment of US\$7,183,572 in FIH (Chengdu) Communication Technology Co., Ltd., which had been liquidated in 2019.
17. The Company was approved by Investment Commission, MOEA of an investment of US\$3,000,000 in Amlink (Shanghai) Ltd., which had been liquidated in 2019.
18. The Company was approved by Investment Commission, MOEA of an investment of US\$6,000,000 in Beijing Ainemo Network Technology Limited. All of the shares have been sold out in 2020.
19. The Company was approved by Investment Commission, MOEA of an investment of US\$20,000,000 in Fargan Technology Co., Ltd., which had been liquidated in 2020.
20. The Company was approved by the Investment Commission, M.O.E.A. of an investment of US\$47,158 in Fujian 101 Education Technology Co., Ltd. All of the shares were sold out in 2020.
21. The Company was approved by the Investment Commission, M.O.E.A. of an investment of US\$1,600,000 in Shenzhen Fuhongjie Technology Services Co., Ltd., which was liquidated in 2020.
22. The Company was approved by the Investment Commission, M.O.E.A. of an investment of US\$15,000,000 in Ji Zhi Precision Technology (Shenzhen) Co., Ltd., which was liquidated in February 2021.
23. The Company was approved by the Investment Commission, M.O.E.A. of an investment of US\$50,000,000 in Lianpu Technology (Shenzhen) Co., Ltd., which was liquidated in February 2021.
24. The Company was approved by the Investment Commission, M.O.E.A. of an investment of US\$10,000,000 in Jin Ji Full Precision Machinery (Huaian) Co., Ltd., which was liquidated in October 2020.
25. The Company was approved by the Investment Commission, M.O.E.A. of an investment of US\$3,100,239 in UER Technology (Shenzhen) Limited, which was liquidated in March 2021.
26. The Company was approved by the Investment Commission, M.O.E.A. of an investment of US\$17,000,000 in Tianjin Funayuanchuang Technology Co., Ltd., which was liquidated in October 2021.
27. The Company was approved by the Investment Commission, M.O.E.A. of an investment of US\$7,500,000 in Fu Cheng Ke Precision Electronics (Yantai) Co., Ltd., which was liquidated in October 2019.
28. The Company was approved by Investment Commission, MOEA of an investment of US\$700,000 in Fushirui Precision Industry (Jiyuan) Co., Ltd., which was liquidated in April 2021.
29. The Company was approved by the Investment Commission, M.O.E.A. of an investment of US\$4,100,000 in Fushirui Precision Industry (Jincheng) Co., Ltd., which was liquidated in November 2021.
30. Lankao Yude Environmental Material Technology Co., Ltd. has been permitted by the Investment Commission, Ministry of Economic Affairs for the investment of US\$45,000,000 and completed the registration of

- business combination with Lankao Yulu Precision Technology Co., Ltd. at the competent authority in 2021. The surviving company is Lankao Yulu Precision Technology Co., Ltd.
31. The Company was approved by Investment Commission, MOEA of an investment of US\$170,000,000 in Nanjing Hongfusharp Precision Electronics Co., Ltd., which was liquidated in August 2022.
 32. Hongye Precision Component (Kunshan) Co., Ltd. has been permitted by the Investment Commission, Ministry of Economic Affairs for the investment of US\$5,800,000 and completed the registration of business combination with Hongzhan Precision Tooling (Kunshan) Co., Ltd. at the competent authority in 2021. The surviving company is Hongzhan Precision Tooling (Kunshan) Co., Ltd.
 33. The Company was approved by Investment Commission, MOEA of an investment of US\$1,500,000 in Wuhu Ruichang Electric Systems Co., Ltd. All of the shares were sold out in 2021.
 34. The Company was approved by Investment Commission, MOEA of an investment of US\$9,995,114 in Foshan Palida Technology Co., Ltd. All of the shares were sold out in 2022.
 35. The Company was approved by Investment Commission, MOEA of an investment of US\$75,336,000 in FDI (Nanjing) Intelligent Technology Co., Ltd., which was liquidated in March 2021.
 36. The Company was approved by Investment Commission, MOEA of an investment of US\$7,000,000 in Allystar Technology (Shenzhen) Co., Ltd., which was liquidated in June 2022.
 37. The Company was approved by Investment Commission, MOEA of an investment of US\$15,000,000 in Shenzhen Hongzhi yun chuang Technology Co., Ltd, which was liquidated in June 2022.
 38. The Company was approved by Investment Commission, MOEA of an investment of US\$856,750 in Yuan Kang Agricultural Technology Co., Ltd., which was liquidated in June 2022.
- II. The following is a list of investments in Mainland China that have been reinvested by Chinese companies due to restructuring of investment structure, and whose investment amounts have been approved to be included in investments in Mainland China:
1. To the investees including Hongqunsheng Precision Electronics (Yingkou) Co., Ltd., Hongqisheng Precision Electronics (Qinhuangdao) Co., Ltd., Hong Heng Sheng Electrical Technology (Huainan) Co., Ltd., Pudu Industrial (Shenzhen) Co., Ltd., Qingding Precision Electronics (Huainan) Co., Ltd. and Yuding Precision Electronics (Huainan) Co., Ltd., the total investment of US\$216,509,695 has been approved by Investment Commission, MOEA. Manufacturing and marketing of flexible display and molding.
However, Avary Holding (Shenzhen) Co., Limited acquired the above mentioned investees in response to the adjustment in the investment structure. The Company was approved by Investment Commission, MOEA on September 20, 2017.
 2. An investment proposal totaling US\$922,919,697 in the investees in Mainland China has been approved by Investment Commission of MOEA. The investees included Ambient Microsystem (Shanghai) Co., Ltd., Amworld Microsystems (Shanghai) Ltd., Jizhun Precision Industry (Huizhou) Co., Ltd., HongFuJing Precision Electronics (Tianjin) Co., Ltd., Fulian System Integration electronic (Hangzhou) Co., Ltd., Nanning Fulian Fuzhi Precision Industrial Co., Ltd., Futaihua Precision Industrial Co., Ltd., Futaihua Precision Electronics (Jiyuan) Co., Ltd. and Fulian Yuzhan Technology (Henan) Co., Ltd. However, Foxconn Industrial Internet Co., Ltd. will acquire the aforementioned investees in Mainland China in response to changes in the Company's investment framework. The Company has reported to Investment Commission of MOEA about the investment adjustment on May 26, 2017.
- III. Pursuant to the newly amended "Review Principles of Investment and Engagement of Technological Cooperation in Mainland China" dated August 29, 2008, since the Company has obtained the certificate of being qualified for operating headquarters, which was issued by the Industrial Development Bureau, MOEA, the ceiling amount of the investment in Mainland China is not applicable to the Company.
- IV. The Company invests in the company via investee companies in Mainland China including Shanghai Topone Logistics Co., Ltd., Wanghui Trading Co., Ltd., Shanghai Ketaitaijue Investment Co., Ltd., Shanghai Foxconn Co., Ltd., Shanghai Jusheng New Energy Technology Co., Ltd., Shanghai Fujingtong Business Factoring Limited, Shanghai Futaitong International Logistics Co., Ltd., Shanghai Zhuxuntong Import & Export Co., Ltd., Shan Hai Pengzhan Investment Co., Ltd., Shanghai Ganxing Logistics Co., Ltd., Shandong Chengshang Energy Co., Ltd., Foxconn Data Technology Co., Ltd., Foxconn Industrial Fulian Foshan Zhizaogu Co., Ltd., Foxconn Industrial Internet Hengyang Smart Valley Co., Ltd., YuanFu (Shenzhen) Technology Co., Ltd., Inner Mongolia Xin Jing Photovoltaic Power Generation Co., Ltd., 1. The average number of employees at the end of each month for the current year and the previous year was 3,737 and 3,812, respectively. Among them, there were seven directors who did not concurrently serve as employees during both years.
2. The Company's average employee benefit expenses for 2022 and 2021 were NT\$2,972 and NT\$2,771, respectively.
3. The Company's average employee salary expenses for 2022 and 2021 were NT\$2,501 and NT\$2,296, respectively.
4. The average employee salary expenses increased by 9% from the previous year.
5. The Company has an Audit Committee established. Therefore, there were no supervisors.
6. The Company's remuneration policy:

Directors and managerial officers:

 - (1) The Company's Articles of Incorporation do not provide for remuneration for directors. No remuneration was paid to any director.
 - (2) The remuneration and attendance fees for directors (including independent directors) were distributed in accordance with the "Regulations for the Distribution of Remuneration for Directors" adopted by the Board of Directors.
 - (3) Directors (including independent directors) received fixed remuneration and attendance fees. No variable remuneration was paid by the Company.
 - (4) For directors or their representatives who were employees of the Company or its affiliates or employees who have investor relations with the Company, no remuneration and attendance fees were paid to them.
 - (5) Composed of fixed salaries, performance bonuses, and employee remuneration, remuneration for managerial officers is determined based on industry standards and managerial officers' positions, ranks, education (work experience), expertise, and duties; bonuses are distributed based on each business unit's contribution to the Company's profit; employee remuneration is set based on the business performance of individual managerial managers.

HON HAI PRECISION INDUSTRY CO., LTD.

Summary of employee benefits, depreciation, depletion and amortization expenses by function for the current period

2022

Form 18

Unit: NT\$ thousand

- (6) According to Article 28 of the Articles of Incorporation, if the Company makes a profit for a year, 5% to 7% of the profit shall be set aside for employee remuneration. The remuneration for managerial officers is evaluated on a regular basis in accordance with the "Regulations for the Distribution of Remuneration for Managerial Officers," which specify that the remuneration for managerial officers shall be distributed based on each business unit's contribution to the Company's profit presented in the income statement. The remuneration policy for managerial officers is adjusted from time to time according to the actual management conditions and relevant laws and regulations.

Employees:

- (1) Sticking to the principles of legality, fairness, justice, and equality, the Company offers employees the best work environment and remuneration packages in a voluntary, honest, and reliable manner. The salary system meets the legal requirements, and the overall remuneration is higher than the general level in the industry.
- (2) The Company has established a compensation system that includes performance bonuses and employee bonuses. As the Company grows, the compensation system allows the Company to share its operating profits with employees based on their performances.

F. Up to the Printing Date of this Annual Report, has the Company or Related Companies Experienced Financial Turnover Difficulties:

None

Total stockholders' equity	1,650,531,039	1,573,260,118	77,270,921	5%	

Note 1: Analysis and description will be given only if the increase/decrease in ratio reaches 20% or exceeds NT\$10mn.

Note 2: Mainly due to an increase of RMB 9.8 billion in the investment in Xingwei (Guangzhou) Industrial Investment Partnership (Limited Partnership).

B. Comparative Analysis of Financial Performance

Item	Year	2022	2021	Amount changed	Change percentage (%)	Variance analysis
Revenues		6,626,996,750	5,994,173,882	632,822,868	11 %	
Cost of revenues		(6,226,911,592)	(5,632,046,836)	(594,864,756)	11 %	
Gross profit		400,085,158	362,127,046	37,958,112	10 %	
Operating expenses		(226,297,316)	(213,167,554)	(13,129,762)	6 %	
Operating income		173,787,842	148,959,492	24,828,350	17 %	
Non-operating income		13,723,644	44,612,251	(30,888,607)	(69)%	Note 1
Income (loss) before income taxes		187,511,486	193,571,743	(6,060,257)	(3)%	
Income tax benefit (expense)		(36,439,937)	(39,748,702)	3,308,765	(8)%	
Net income (loss)		151,071,549	153,823,041	(2,751,492)	(2)%	
Other comprehensive income		13,455,422	(3,911,702)	17,367,124	(444)%	Note 2
Total comprehensive income		164,526,971	149,911,339	14,615,632	10 %	

Note 1: Mainly due to the decrease in investment income under the equity method and the loss from the valuation of financial assets.

Note 2: Mainly due to exchange rate fluctuations resulting in conversion gains from USD to NTD.

C. Cash Flow Analysis

(1) Liquidity Analysis of Recent 2 Years

Item	Year	2022	2021	Ratio Change (%)
Cash flow ratio (%)		5.19%	(4.92)%	205.57 %
Cash flow adequacy Ratio (%)		43.11%	36.40%	18.44%
Cash reinvestment ratio (%)		1.44%	(7.19)%	119.96%

Variance Analysis:

1. Cash flow ratio: In response to the shortage of inventory in the supply chain and the impact of Covid-19 on factory production at the end of the year, the inventory amount was higher than the previous year, resulting in cash outflow. However, the cash flow of accounts receivable generated from external sales is still sufficient to pay. Therefore, the cash flow ratio increased in 2022.
2. Cash flow adequacy ratio: The increase in external investment due to the development of the 3+3 strategy and the increase in the aforementioned inventory level resulted in higher cash outflow in 2022. However, due to the robustness of business activities of the Company in 2022, the cash inflow from operating activities also increased significantly compared with that in 2021, so the cash flow allowance ratio increased.
3. Cash reinvestment ratio: Due to the robustness of the Company's business operations in 2022, the cash inflow from operating activities increased significantly compared to 2021, so the cash reinvestment ratio increased in 2022.

(2) Cash Flow Forecast for the Coming Year

Unit: NT\$ Thousand

Cash beginning balance (1)	Cash flow from operating activities (2)	Cash flow in/(out) (3)	Cash ending balance/(shortage) (1)+(2)-(3)	Plan for cash ending balance shortage	
				Investment activities	Financing activities
42,059,158	4,129,239,705	3,946,417,336	224,881,527	-	-

Cash flow variance analysis for year 2023:

1. Operating activities: The Company expects revenue and profit to continue to grow.
2. Investment activities: The Company expects expansion of production facilities to meet business demand.
3. Financing activities: This year, the Company expects to distribute cash dividends, borrow short-term loans, and propose to issue unsecured bonds.

D. Major Capital Expenditures

(1) Major Capital Expenditures and its Sources of Capital:

Unit: NT\$ Thousand

Project	Actual or Planned Source of Capital	Actual or Planned Date of Completion	Total Capital	Actual or Expected Capital Expenditure	
				2022 (Actual)	2023 (Expected)
Equipment Purchases	Retained Earnings and Revenue	Dec. 31, 2023	1,083,140	(1,863,607)	1,083,140

(2) Expected Benefits:

The above capital expenditure is to meet the needs of the Company's business growth, and actively develop the 3+3 strategy and purchase related machinery and equipment to expand capacity and improve production efficiency; and continue to research and develop, design, and manufacture various electronic equipment products to optimize the manufacturing process. The bank further improves quality and efficiency, reduces costs and reserves, and strives for stable growth through innovation.

E. Investment Policy, Cause of Profit/Loss and Future Investment Plans:

(1) Policy for Recent Investments:

Investment Policies are aligned to increase manufacturing capacity, and to aid in the Company's revenues and profits.

(2) Cause of Profit/Loss for Investments:

The Company's 2022 investment income accounted for under the equity method was NT\$124,798,894, mainly due favorable operations in invested overseas companies.

(3) Future Investment Plans for the Coming Year:

The Company's long-term investment strategy is one of prudence, and will be in correlation with market and capacity needs. The Company will continue our commitment to strengthening global competitiveness.

F. Risk Assessment

(1) Effect of Changes in Interest Rate, Foreign Exchange and Inflation on Corporate Finance, and our Countermeasures.

(a) Interest Rates

Interest Rate Changes 2022

USD: The outbreak of the Russo-Ukrainian war in 2022, embargoes on Russian oil in Europe and the United States caused oil prices to rise, and the lockdown in China and the interruption of the supply chain in the United States exacerbated the inflation in the United States. Fed started raising interest rates that year and raised them a total of 17 yards to 4.5% during the year. The yield rate of 10-year US Treasury bond continued to rise from 1.72% at the beginning of the year, and reached 3.87% at the end of the year.

JPY: In 2022, Japan's domestic and foreign demand was weak. In order to boost the economy, the Bank of Japan maintained loose monetary policy. However, as the Fed continued to raise interest rates, the yen depreciated against the US dollar sharply, and Japanese bonds continued to be sold. The Japanese 10-year JGB yield continued to rise from a low of 0.078% in January to 0.250% in early December (previously the YCC upper limit). In order to reduce the distortion of the yield curve, BOJ relaxed the upper limit of YCC to 0.500% in December, pushing the 10-year JGB yield to around 0.500%.

NTD: In 2022, the Central Bank of Taiwan followed the Fed in raising interest rates, but not as aggressively as the Fed. The rediscount rate was raised by a total of 2.5 points to 1.75%, which drove the Taiwan 10-year bond yield from a low of 0.68% at the beginning of the year to 1.28% at the end of the year.

RMB: In 2022, China instituted a lockdown of its own and caused economic weakness. The People's Bank of China adopted an accommodative policy that resulted in the reduction of the required reserve ratio for large financial institutions from 11.5% to 11.0% in 2022. The one-year LPR interest rate was reduced from 3.70% to 3.65%. The 5-year LPR rate was reduced from 4.6% to 4.3%. The 10-year government bond yield fluctuated throughout the year and was around 2.84% at the end of the year.

Effect of the Company's Finances

Debt:	<p>A. Short-term interest rates in major operating currencies have risen, which is relatively unfavorable for short-term loans with floating interest rates.</p> <p>B. Previous fixed-interest financings for ordinary corporate loans are not affected by interest rate fluctuations.</p>
Asset:	The rising interest rate will be beneficial to the Company's short-term capital from investment income.
Net Result:	Under proper control, the "Net Interest Income" from the last two years are as follows: +NT\$ 10.498 billion for 2021 and +NT\$ 8.567 billion for 2022.

Countermeasures

In 2023, the focus will be on the influence of the monetary policies of the central banks of various countries. Geopolitical conflicts still exist and commodity prices are rising significantly, causing the central banks of major countries to face the pressure of interest rate hike and the risk of economic recession at the same time. Therefore, the Company will reasonably arrange various financing instruments as early as possible to raise medium- and long-term funds with low interest rates in USD, NTD or JPY to avoid the adverse impact of the increase in interest rates.

(b) Foreign Exchange:

Foreign Exchange Changes 2022

USD-JPY:	In 2022, given the high inflation rate, the hawks of the Fed raised interest rate, but Japan's economy was weak, BOJ remained loose, and the interest rates in the United States and Japan expanded, USD/JPY rose from the low of 113.49 at the beginning of the year to the high of 151.95 in October. Subsequently, the inflation in the United States slowed down and the interest rate spread between the United States and Japan narrowed. USD/JPY dropped to around 131.12 by the end of the year.
USD-NTD:	Expectations of rising inflation in the U.S.A. and higher U.S. bond yields drove the USD to strengthen. Meanwhile, due to the slowdown of external demand and weak Taiwanese exports, the NTD weakened. USD/TWD reached the highest of 32.379 in October. Subsequently, the inflation in the United States slowed down, and the USD fell back. At the end of the year, USD/TWD fell to around 30.730.
USD-CNY:	In 2022, China adopted a dynamic reset policy in response to the new

crown epidemic. From March to the end of May, Shanghai was locked down. During this period, USD/CNY rose from about 6.3500 to around 6.8125, and then followed DXY to around 7.3274. The lifting of the lockdown in China at the end of the year boosted the market's confidence in the economic recovery. RMB appreciated against the USD, with USD/CNY dropping back to around 6.8986 at the end of the year.

Effect of the Company's Finances

1. Attributed Profit/Loss:

(A) Pursuant to "IFRS 9 (Financial Instruments)", profit and loss attributed to interest rates' fluctuations should be categorized into the two following categories:

a. Profit and Loss attributed to Exchange:

Foreign Exchange related assets or debt (such as operational accounts receivable, accounts payable, financial activities related to demand [time] deposits, short [long] term loans) and the discrepancy caused by exchange are attributed to this category.

b. Financial Assets (Liabilities) Profit and Loss Valuation:

Foreign exchange related assets or liabilities generated from risk avoidance mechanisms (such as Long-term foreign exchange trading), and the profit and loss generated at fair value are listed in this category.

(B) In order to review the Profit and Loss generated from exchange-related fluctuations, the two factors listed above should be consolidated to provide a fuller picture.

2. Profit/Loss status:

(Note: +Profit, -Loss)

Unit: NT\$100Million

Item Type	2021			2022		
	Profit/Loss attributed to Exchange	Financial Asset (Liability) Profit/Loss Valuation	Total	Profit/Loss attributed to Exchange	Financial Asset (Liability) Profit/Loss Valuation	Total
Consolidated Statement	-50.75	+25.31	-25.44	-63.22	-76.69	-139.91

3. Profit/Loss Description:

The Company has always maintained a conservative approach to risk avoidance, and stringent internal monitoring of trends and changes in foreign exchange and external financial markets. Therefore, the Company can execute risk aversion strategies accordingly, and generate profits attributed to exchange.

Countermeasures

1. Fundamental Strategy:

To cater for the complicated external factors at play, the Company attempts to offset liabilities with assets, and reduce the exposure exchange-related fluctuations.

2. Risk Avoidance:

The underlying principle is to square-off the aforementioned net positions.

(c) Inflation

Developments in Inflation

Inflation in Taiwan reached a 14-year high in 2022. The COVID-19 pandemic has impacted the global supply chain. The conflict between Russia and Ukraine caused the price of raw materials to rise sharply. Coupled with the recovery of domestic demand, expenses for food, meat, air tickets, and rent of food outside have all increased. The annual average CPI (YOY%) was 2.95%.

Effect of the Company's Finances

A. Fundamentally, the Company is an electronics foundry, and products have a tendency to depreciate over long periods of time. However, with a unified corporate strategy, the Company has reduced costs in various processes to offset the effects of inflation.

Countermeasures

- A. The Company will continue to its commitment to various cost-reducing initiatives as a policy, and will be more risk-averse to inflation and deflation related factors.
- B. The prices of raw materials rose sharply and then declined, but there is still room for growth in the future. The Company will closely monitor the price changes of various important raw materials and adjust procurement strategies dynamically.

(2) Policies, Main Causes of Profit/Loss and Action Plans with Respect to High-risk, High-leveraged Investment, Lending or Endorsement Guarantee, and Derivatives Transactions

(a) High-risk, High-leveraged Investments

None

(b) Procedures for Lending Funds to Others and Countermeasures

(1) Policy:

Regarding related procedures mentioned in the Company's consolidated financial reports, please refer to the related companies' "Operational Procedures for Lending Funds to Others".

(2) Main Reasons:

The Company's lending to legal entities listed in the consolidated financial report have short-term financing needs.

(3) Countermeasures:

Depending on the nature of the loan and target's procedures, the Company will

undertake necessary countermeasures.

(c) Procedures for Endorsement & Guarantees and Future Countermeasures

(1) Policy:

Regarding related procedures mentioned in the Company's consolidated financial reports, please refer to the related companies' "Procedures for Endorsement & Guarantees".

(2) Main Reasons:

The Company's endorsement and guarantees to legal entities listed in the consolidated financial report are parent/subsidiary companies, and endorsements and guarantees are mainly financing related.

(3) Countermeasures:

Implement countermeasure according to the endorsement and guarantee process.

(d) Derivatives Transactions

(1) Policy:

A. The Company and the legal entities listed in the consolidated financial report that partake in derivatives transactions will all be in accordance with FSC's "Regulations Governing the Acquisition and Disposal of Assets by Public Companies" and TWSE's "Taiwan Stock Exchange Corporation Directions for Auditing Internal Control Systems of Listed Companies".

B. As a risk avoidance principle, positions of the Company's asset or liabilities that are in actual possession or expected to be in possession will be closed. This offsets market price fluctuations as risks and risk-avoidance transactions will counteract each other, achieving stable operations.

(2) Causes for Profit/Loss

A. Externally:

Political game theory, black swan theory, and the state of the economy has placed various governments in different predicaments. Different countries have undertaken either tightening or relaxing monetary policies, creating a turbulent and unpredictable foreign exchange market.

B. Internally:

As a principle, derivatives trading will aim to "close the underlying net positions of related hedges", therefore when the net position incurs a loss, the derivative transaction will be counter to and gain valuation from the asset (or liability).

(3) Countermeasures:

A. Stance:

1. Derivative products are a financial tool and should be judge on how the tool is utilized, to achieve what ends, and the mentality in making such decisions.
2. The Company is committed to internal controls regarding financial derivative transactions, and has implemented various principals to reduce to the risks to a minimum.
3. Domestically, IFRS has implemented strict accounting regulations and guidelines regarding financial derivatives trading. The Company's procedures are in compliance and even more rigorous than related regulations.

B. Policy:

1. With the recent events, the impacts to the financial markets have been exacerbated. The financial market has been speculative and opportunistic, viciously fueling the outcome of these events. Various price fluctuations are neither based on fundamentals or logic, Additionally, with the hype driven by various financial institutions and media, the risk in the market has risen greatly.
2. Under these conditions, the financial derivatives and its leverage will be used more conservatively and stringently by the Company. Strategically, the Company will not be following the herd or be intimidated by external factors, and actions shall be judge on its "risk avoidance" merits.

(1) Future Research and Development Projects and Corresponding Budget

The Company focuses on leading the mass production of high-tech technology products, and its method is to effectively gather outstanding R&D talents, and invest the best R&D technologies and processes related to the Company's core competencies. With an estimated NT\$110 Billion R&D expenses in 2022.

(2) Effects of Changes in Policies and Regulations on Corporate Finance and Sales and our Countermeasures

None

(3) Effects of Technology and Industrial Changes on Corporate Finance and Sales and our Countermeasures

In recent years, the Company, accorporating with world leading clients, is actively committed to the research and development of the deployment of technology and always maintain a firm

grasp of the changes in the industry. In the future, it will continue to conduct research and development in line with market trends and customer needs. Therefore, there is no impact of technological changes and industrial changes on the Company's financial business.

(4) The Impact of the Changes of Corporate Image on Corporate Risk Management and our Action Plan

The Company not only focuses on developing sales operations worldwide, but at the same time actively participates in developing and refining corporate social responsibilities globally. The Company will continue to simulate various large-scale events, and formulate response strategies accordingly, to protect and maximize value for all shareholders and clients.

(5) Anticipated Results and Risks of Acquisition

As of the printing of the annual report, the Company has no applicable acquisition.

(6) Anticipated Results and Risks of Expansion of Factory Buildings

The main clients of the Company are leading brands of the industry, in an effort to more promptly and better serve these customers, the Company has established foundations in key strategic positions around the globe.

(7) Risks during Concentrated Stock Replenishment and Sale

Collaborating on a global scale with like-minded group of quality suppliers, the Company effectively mitigate risks prone to a particular market, product, or sale, but also offsets risks for suppliers against the industry.

(8) Effects and Risks of the Large Amount of Share Transfers or Changes by Directors, Supervisors, or Major Shareholders

As of the printing of the annual report, the Company has no applicable risks.

(9) Effects and Risks of Change in Operating Right

As of the printing of the annual report, the Company has no changes in operating rights.

(10) Litigation or Non-litigation Matters

(a) Major Ongoing Lawsuits, Non-lawsuit or Administrative Lawsuit:

Court Department (Institution) and Case Number	Party(s) Involved	Start Date of Litigation	Claims, Amount	Current Situation and Processes	Manager's Views and Plans
The High Court of the Hong Kong Special Administrative Region No.2114 of 2007	Plaintiff: ShenZhen FuTaiHong Precision Industrial Co., Ltd / Hongfujin Precision Industry (Shenzhen) Co., Ltd., Foxconn Precision Components (Beijing) Co., Ltd. Defendant: BYD Company Limited / BYD (H.K.) Co., Ltd. / Golden Link Worldwide Ltd. / BYD Electronic Company Ltd. / Lead Wealth International Limited / BYD (Tianjin) Co.,Ltd. / BYD Precision Manufacture Co. Ltd.	Oct. 5, 2006	Plaintiff accuses the Defendant of violating confidentiality obligations, conspiracy, and inducing employees to breach of contract. The Plaintiff appeals to the court to issue an injunction, and for the Defendant to surrender all infringing documents, and to pay for damages caused and for punitive damages.	The case has entered trial (discovery phase)	Claim rights according to the Law

(b) Major Ongoing Lawsuits, Non-lawsuit or Administrative Lawsuit caused by Directors, Supervisors or Major Stockholders with Holdings over 10%:

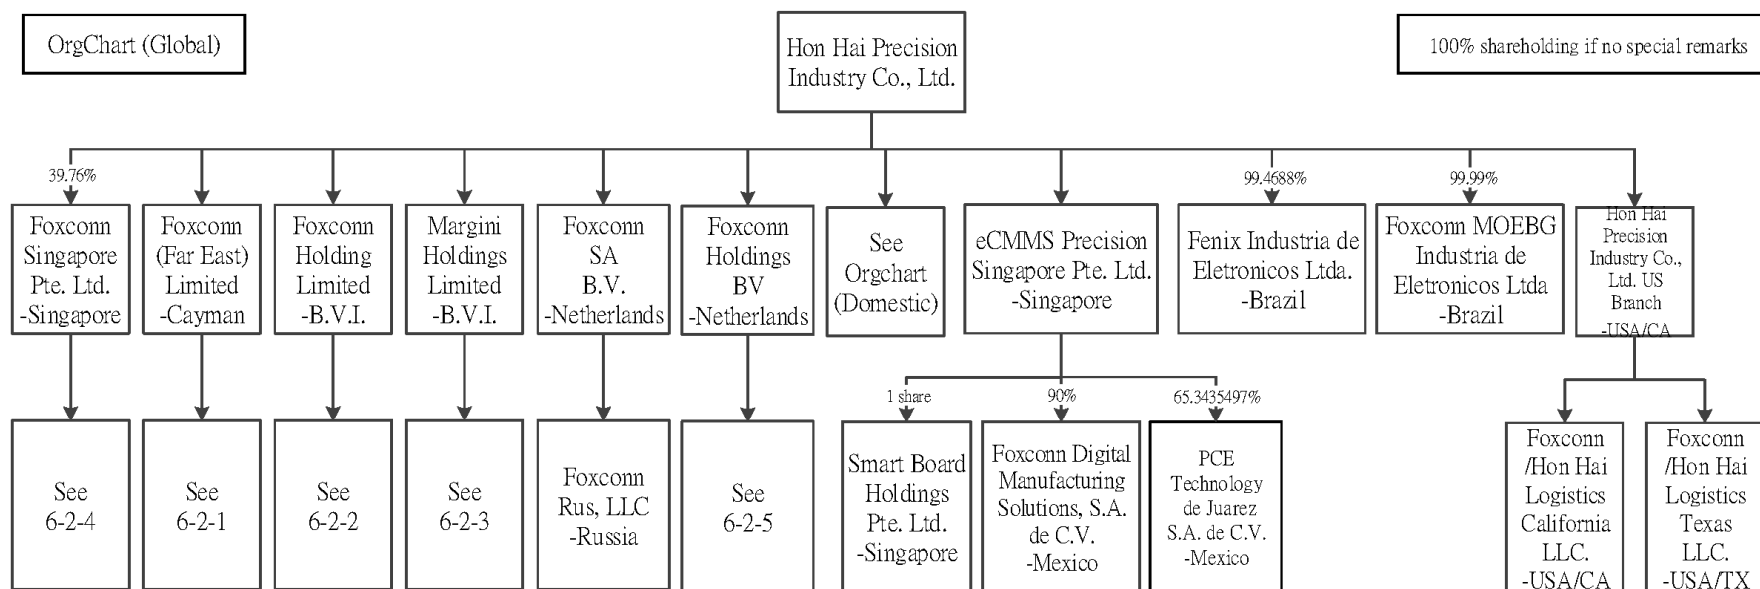

None

WWW (JinCheng) Co., Ltd.	Manufacturing and sales of camera and equipment; optical glass manufacturing and sales; optical equipment manufacturing; electronic components manufacturing and sales; vacuum coating; molds sales; molds manufacturing; auto parts and accessories manufacturing; auto parts and accessories retail; computer software and hardware and peripheral equipment manufacturing; computer software and hardware and peripheral equipment retail; import and export business
Triple Win Technology(ShenZhen) Co., Ltd.	Software design and development, communication network design, software and hardware system integration and related technical services, and related technology consulting. Production and distribution of optoelectronic devices, sensitive components, semi-conductors, materials for optoelectronics, new display devices, and spare parts for the above products. Development and production of digital cameras and key components. Engaged in the import, export, wholesale, and related ancillary services of similar products to the above products. Wholesale of smart wearable electronic products, smart home electronic supplies, and micro projectors. Engaged in the acquisition and export business of non-quota license management and non-exclusive products.
Shanghai Joyspeed global cargo Co., Ltd.	International freight forwarding agency; air international freight forwarding agency; sea international freight forwarding agency; land international freight forwarding agency; domestic freight forwarding agency; domestic container freight forwarding agency; general cargo warehousing service; non-vessel shipping operating common shipping service; customs brokerage; information consulting service ; Automobile sales; Wholesale of automobile spare parts; Sales of new energy vehicles; Sales of new energy vehicle battery swap facilities. Items permitted: Road transport of goods.
Shanghai Topone Logistics Co., Ltd.	Freight, Freight Forwarding, Warehousing Services, Car Rentals.
WangHui Trading (ShangHai) Co., Ltd.	Home appliances, electronic products and accessories, computer software, network equipment, cameras and equipment, toys, food, cosmetics and sanitary products, medical equipment, cleaning products, household products, daily necessities, metal products, metal materials, optical materials, environmental protection Sale of equipment, chemicals, textile raw materials, knitted textiles, hardware and electrical equipment, machinery and equipment, pulp, rubber and plastic products, and auto parts It is engaged in the technical consultation and technical service in the field of electronic product testing, the maintenance of electronic products, the technology development, technical consultation, technical service and technology transfer in the field of environmental protection new materials, and the research and development and sales of plastic raw materials.
ShangHai KeTaiHuaJie Investment Co., Ltd.	Computer Software / Hardware Research and Development, Design, Production, Sales, System Integration, and Related Technical Consultation and Technical Services. , Communication

Company name	Business Scope
	Equipment, Electronic Equipment, Integrated Circuit Research and Development, Design, Sales, and Related Technical, Engaged in Import / Export Businesses of Goods And Technology.
Shanghai Zhuxuntong Import & Export Co., Ltd.	Import and export of goods; import and export of technology. E-commerce (not allowed to engage in value-added telecommunication and financial services), supply chain management services, technology development, consultation, transfer, and technology services in the field of computer technology, business management consultation, electronic components, electronic products, digital products, computers Sale of hardware, software, and auxiliary equipment.
ShangHai Foxconn Co., Ltd.	Research and Development, Design, and Related Technical Consultation Services for Electronic and Communication Products, Real Estate Development, Operation, Self-owned House Leasing, Property Management, Car Parks / Garage s Management.
Shanghai FU SHEN	Solar Power Technology Services, Power Supply, New Energy Technology Technical Consulting and Technical Services., Engaged in Import / Export Businesses of Goods And Technology.
Shanghai Fujingtong Business Factoring Ltd.	Export Factoring, Domestic Factoring and Commercial Factoring related Consultation Services, Credit Risk Management Platform Development.
ShangHai Fertile plan International Logistics Co., Ltd.	Road transportation of goods (excluding dangerous goods); import and export of goods; import and export of technology. Sea, air, and land international freight forwarding, domestic freight forwarding (excluding shipping agency), warehousing services (excluding dangerous goods), general cargo handling, product sorting, sorting and packaging, business information consulting services, electronics, communication products and Repair and wholesale of semi-finished products and spare parts.
ShangHai PengZhan Investment Co., Ltd.	Investment Management Consulting (Except Brokerage Operations).
Shanghai Ganxing Logistics Co., Ltd.	Road transport of goods (excluding dangerous goods); Road transport of goods (including dangerous goods). Car rental (excluding drivers), warehouse management, office supplies, knitted textiles, clothing and accessories, mechanical and electrical equipment, chemical products (except hazardous chemicals, controlled chemicals, fireworks, civilian explosives, and precursor chemicals) Sales, domestic cargo transportation agency (excluding shipping agency), loading, unloading, transportation and cargo packaging services, and container rental services.
Shandong Wangliu Logistics Co., Ltd.	General freight; special purpose transportation of goods (container). Domestic freight forwarding; machinery and equipment leasing; warehousing services (excluding dangerous goods and prohibited items); cargo handling; wholesale: automotive supplies, electronic products; car rental.
Shandong Fujikang Intelligent Manufacturing Co., Ltd.	General equipment manufacturing (excluding special equipment manufacturing); intelligent on-board equipment manufacturing; intelligent basic manufacturing equipment manufacturing; intelligent control system integration; electric motor manufacturing; mechanical parts and parts processing; electric motor manufacturing; auto parts research and development; auto parts and accessories Manufacturing; retail of auto parts; wholesale of auto parts; engineering and technology research and development; sale of new cars; sale of used cars; industrial design services; professional design services; technical services, technology development, technology consultation, technology exchange, technology Transfer and technology promotion.

Company name	Business Scope
Shandong chengshang energy Co., LTD.	Sales of solar photovoltaic products; New Energy Power Station Technology Consulting; Solar Photovoltaic Power Generation.
Fulian (Foshan) Industrial Demonstration Base Co., Ltd.	Mechanical and electrical equipment manufacturing, automobile parts and accessories manufacturing, mold manufacturing, electric motor manufacturing, and metal tool manufacturing (the above manufacturing items do not include items prohibited on the "Market Access Negative List"); software development; technical services, technology development, technology Consulting, technology exchange, technology transfer, and technology promotion; development of smart water system; research and development of Internet of Things technology; research and development of motors and their control systems; technology services of Internet of Things; research and development of mechanical equipment; artificial intelligence public service platform technology consulting services; artificial intelligence innovation and entrepreneurship service platform; artificial intelligence industry application system integration service; information system integration service; Internet of Things application service; intelligent control system integration; hospital management; medical equipment rental; electronic and mechanical equipment maintenance (excluding special equipment); education consulting service (not including sales of Class I medical devices; sales of Class II medical devices; sales of mechanical equipment; sales of Internet of Things equipment; sales of teaching instruments; wholesale of auto spare parts; sales of molds; sales of mechanical and electrical equipment. ; Sale of metal tools. Dealer in Class III medical devices.
Fulian (Foshan) Innovation Center Co., Ltd.	Mechanical Equipment R&D; Intelligent basic manufacturing equipment sales; electronic components and electromechanical component equipment Sales; Electrical Mechanical Equipment Sales; Medical Equipment Sales; Mechanical parts, components Sales; Software Development; Engineering and technology research and test development; Intelligent control system integration; New material technology research and development; motor and control system research and development; smart water system development; big data services; Internet data services; Internet-of-Things technology research and development; Internet-of-Thingstechnical services; information system integration services; artificial intelligence applications Software Development; Artificial Intelligence Basic Software Development; Artificial Intelligence General Application System; technical services, Technology development, technology transfer, technology promotion, technical consultation. Items of license: Business of Class III medical devices; Internet information services for medical devices; import and export of goods.
Foxconn Data Technology Co., Ltd.	Technology research and development, technical consultation, technical services, and technical achievement transfer of industrial Internet technology, information transmission and data processing technology, computer software and hardware, health technology, biotechnology, medical technology, and medical device technology; Research and development, production, sales, and technical services of control electronic equipment, industrial robots, and automation equipment; sales of computer software and hardware, and instruments and meters; electronics and intelligent engineering construction, business management consulting, adult non-certified labor vocational skill training, information System integration, network engineering design and construction, and

Company name	Business Scope
	business information consultation; design, production, agency, and publishing; domestic advertising; security products and spare parts, servers, storage, video equipment, data terminal equipment, modem, wireless and wired terminal equipment , communication network equipment, microcomputers, data cables, electronic products and spare parts, research and development, and sales of calculator interface equipment, speakers, and spare parts; Internet information services; import and export of goods and technologies.
Foxconn Intelligent Manufacturing (Fujian) Digital Technology Co., Ltd.	Information science and systems scientific research; electronics, communication and automatic control technology research services; Internet of Things technology services; business management consulting services; cloud platform services; artificial intelligence industry application systems; information technology consulting services; network and information security software development; Software operation and maintenance services; intelligent management system development and application; intelligent logistics system services; application software development; engineering project management services; wholesale of computers, software and auxiliary equipment; wholesale of other communication equipment; wholesale of other mechanical equipment and electronic products; network and Sales of information security hardware; product sales agency; other trade brokerage and agency services; sales of medical equipment.
Gong Ye Fu Lian Foshan Zhizaogu Co., Ltd	R&D and Sales of high-end equipment and tools; R&D and Sales of Mechanical Equipment and core components; Intelligent manufacturing system development and solutions technical services; Information system Software Development, integration and technical services; Intelligent control system integration; Intelligent Design consulting and Renovation; Internet-of-Things technology development and sales; technology development and solution technical services in the field of communication technology; industrial Internet platform and computer technology development, technical services, Technology Consulting, Computer Hardware and Software and Supporting Equipment development and Sales; computer network and application engineering construction; artificial intelligence application software development; artificial intelligence general and industry application system development; smart city design, planning and consulting services; municipal engineering, water conservancy engineering, environmental protection engineering, steel structure engineering, fire protection Engineering planning, design, consulting and construction; construction, operation and maintenance of information infrastructure and urban information management platform; hospital management, R&D and sales of Class I, Class II, Class III Medical Equipment; "1+X" talent education and Training, teaching equipment research and development and Sales, education consulting; Incubation Services and Project Investment for Technology Companies.; Technical exchange, training, transfer, promotion; Import and Export Operations.
HengYang FuTaiHong Precision Industry Co., Ltd.	Information system integration services; computer technology, Internet technology, information technology development, transfer, and services; software development; sales of teaching instruments and computer software; occupational intermediary services; information technology services; computer technology, educational information, Internet information technology, Information technology, Internet of Things technology, intelligent technology,

Company name	Business Scope
	mechanical equipment technology, robot technology, electronic technology, communication technology consulting services; technology project agency, bidding, and evaluation services; teaching molds and teaching aids manufacturing; large-scale event organization and planning services; advertising design , production, and release services; commercial complex management services; sales of gifts and mechanical and electrical products; research and development, production, and sales of hardware, mechanical and electrical products, testing equipment, intelligent equipment manufacturing, and related spare parts; construction of e-commerce platforms; development of cloud service platforms Construction and service.
YuanFu (Shenzhen) Technology Co., Ltd.	Internet of Things and Computer Technical Development, Technical Consultation, Computer and Network Engineering Construction, Computer Software Development and Location Maintenance, Computer Supporting Equipment Installation and Location Maintenance, Electronic Products Location Installation and Sales, Computer and Related Products (Except for Computer Information System Security Products) Development, Software Development, Sales, Business Management Consulting, Domestic Trade, import and export of goods and technology.
Inner Mongolia Kaopu Supply Chain Management Co., Ltd.	Operation of hazardous chemicals; road cargo transportation; stevedoring; supply chain management services; general cargo warehousing services; parking lots; information consulting services (excluding licensing information consulting services); coking smelting; sale of coal and coal products; and non-metallic minerals and products Sales; sales of graphite and carbon products; sales of metallic materials; sales of non-ferrous metal alloys.
Inner Mongolia xin jing photovoltaic power generation co., Ltd.	Supply chain management; parking lot management; general cargo transportation; freight forwarding services; railway cargo transportation; cargo container transportation; logistics agency services; warehousing agency services; warehousing services; venue rental; building materials, decoration materials, hardware products, coal and products, Sale of grains, agricultural and sideline products, machinery, electrical machinery, electronic components, automobiles, auto parts, lubricants, tires, clothing, textiles, and raw materials; mechanical equipment rental; conference and exhibition services; organization of cultural and artistic exchange activities (excluding performances and chess and card rooms); corporate management consulting; and corporate financial consulting services.
Inner Mongolia Topone Logistics Co., Ltd.	Construction, Operation and Management of New Energy Sources for Photovoltaic Power Generation, , Sales of Power Generation Equipment and Domestic Trade.
Inner Mongolia Guijinyuan Supply Chain Management Co., Ltd.	General road cargo transportation ; general cargo storage service;Freight, special cargo transportation (container)Warehousing Services;Freight Forwarding;Mechanical Equipment Leasing;.
TianJin Kaopu Information Technology Co., Ltd.	Technical services, technical development, technical consultation, technical exchange, technology transfer, and technology promotion; general cargo warehousing services; labor services (excluding labor dispatch); mechanical equipment leasing; mechanical equipment sales; sales of electrical equipment; sales of power electronic components; Retail sale of hardware products; sale of chemical products (excluding licensed chemical products); sale of tires; sale of lubricants; organization of cultural and artistic exchange activities; conference and exhibition services; corporate

Company name	Business Scope
	<p>image planning; literary and artistic creation; marketing planning; advertising design and agency; Advertising production; information consulting services (excluding licensing information consulting services); social and economic consulting services; supply chain management services; furniture sales; sales of household goods; sales of daily necessities; sales of electronic products; wholesale of arts and crafts and collectibles (sales of office supplies; wholesale of kitchen utensils, sanitary ware and sundries; sales of construction materials; sales of lumber; sales of metallic materials; wholesale of hardware products; sales of knitted textiles; wholesale of clothing and accessories; sale; sale of Class I medical devices; sale of special labor protection articles. Road transportation of goods (excluding dangerous goods); Internet information services; Class I value-added telecommunication services; road transportation of goods (Internet freight); import and export agency; import and export of goods; technology import and export.</p>
TNS Mobile (Beijing) Co., Ltd.	<p>Sales of communication equipment; sales of communication equipment; sales of mobile communication equipment; sales of mobile terminal equipment; sales of network equipment; wholesale of computer software, hardware and auxiliary equipment; sales of terminal testing equipment; sales of electronic special equipment; sales of mechanical equipment; electronic components and mechanical and electrical equipment Sales of components and equipment; sales of electronic measuring instruments; sales of electronic products; retail of electronic components; sales of power electronic components; sales of batteries; sales of plastic products; sales of metal products; sales of seals; sales of molds; sales of mechanical parts and spare parts; sales of electronic components Sales of vacuum components; sales of optoelectronic components; sales of electronic special materials; sales agency; general equipment repair; electrical equipment repair; special equipment repair; procurement agency services; trade brokerage; technical services, technology development, technology consultation, technology exchange, technology transfer, Technology promotion; import/export of goods; import/export agency.</p>
Taiyuan JUSDA Supply Chain Management Co., Ltd.	<p>Items permitted: Road transport of goods (excluding dangerous goods). General services: General cargo warehousing services (excluding hazardous chemicals and other items that require licensing); domestic cargo transportation agency; customs brokerage; international cargo transportation agency; information consulting services (excluding licensing information consulting services); general equipment repair of special equipment; maintenance of electronic and mechanical equipment (excluding special equipment); wholesale of electronic components; sales of electronic products; wholesale of computer software, hardware and auxiliary equipment; sales of network equipment; sales of communication equipment; sales of household appliances; wholesale of edible agricultural products ; wholesale of clothing and accessories; wholesale of shoes and hats; sales of construction materials; wholesale of hardware products; wholesale of auto parts; wholesale of motorcycles and spare parts; wholesale of arts and crafts and collectibles (excluding ivory and its products); technology import and export; Export; road freight station management; special equipment rental; loading/unloading; supply chain management services; software sales; technical services, technology development, technology consulting, technology</p>

Company name	Business Scope
	exchange, technology transfer, and technology promotion; software development; information technology consulting services; labor Intelligent basic resources and technology platform; Internet of things technology service; information system integration service; social and economic consulting service; non-vessel shipping business; mold sales; automobile sales.
Taiyuan Fuchi Technology Co., Ltd.	Electronic components manufacturing; mobile terminal equipment manufacturing; electronic measuring instrument manufacturing; special-purpose equipment repair; technical service, technology development, technology consultation, technology exchange, technology transfer, technology promotion; sale of specialized electronic equipment; sale of specialized electronic materials; repair of communication equipment . Licensed business: Import and export of goods.
SMART Information Technology (Shanghai) Co., Ltd.	Computers, technology development of intelligent, multimedia technology and other products, Technology Transfer, technical services, Technology Consulting; computer software and hardware, audio-visual equipment, Electronic Products and components, imaging system equipment and accessories and other intelligent, multimedia, computer technology products Wholesale, Online Retail, Import/ Export and Commissioning Agents; after-sales service such as installation, commissioning, and maintenance of corresponding products.
Beijing Topone Logistics Co., Ltd.	Warehousing services (excluding hazardous chemicals); entrusted rendering of labor services (excluding queuing service, chauffeur service, and foreign labor cooperation); mechanical equipment rental; car rental (excluding passenger cars with more than 9 seats); international, domestic, and marine , air, land freight forwarding; import and export of goods; import and export of technology; customs declaration and inspection declaration; international shipping; business agency services; personal business services; road cargo transportation.
Beijing Fusharp Electronic Commerce Ltd.	Sale of electronic products, computers, software and auxiliary equipment, communication equipment (excluding items subject to special approval), flowers, mechanical equipment (excluding cars), photographic equipment, instruments and meters, pet supplies, feed, chemical products (excluding hazardous materials) and Class I easily prepared drugs), Class I medical devices, household appliances, jewelry and handicrafts, knitwear, clothing, shoes and hats, daily necessities, stationery, sporting goods, hardware and electrical equipment, building materials, decorative materials, electronic components, communications Equipment, furniture, gold, silver, jewelry, clocks, glasses, toys, auto parts, motorcycles and accessories, sanitary ware, ceramic products, rubber products, plastic products, cosmetics, sanitary products, fertilizers, pesticides; software development; software design; equipment installation ticketing agency; design, production, agency, and publication of advertisements; production of computer software and hardware; technology development, technology transfer, technology consultation, technology service, and technology training; photographic services; warehousing services; exhibitions and exhibitions; economic information consulting Import and export of goods, technology import and export, agency import and export; collection of residents' utility bills.
BEIJING fuyang New Energy Technology Co., Ltd.	Photovoltaic Power Generation, New Energy Technology Development, Technology Consulting, technical services, Technology Promotion; Engineering Project Management; Sales of

Company name	Business Scope
	Electrical Equipment, Mechanical Equipment;Power Supply.
JUSDA INTERNATIONAL LOGISTICS (TAIWAN) CO., LTD.	Cargoes Packaging, Warehousing and Storage, International Trade, Other Supporting Services to Transportation, Wholesale of Household Appliance. , Retail Sale of Household Appliance. , Electric Appliance Installation, Electric Appliance and Audiovisual Electric Products Manufacturing, Civil Aviation Agency, Ocean Freight Transportation Forwarding Services, Air Freight Transportation Forwarding Services.
Bharat Taiwan Corporation	Electrical appliances wholesale, computers and business equipment wholesale, telecommunications equipment wholesale, information software wholesale, electronic materials wholesale, electrical appliances retail , computers and business equipment retail, telecommunications equipment retail, information software retail, electronic material retail, international trade, intellectual property, management consulting, information software services, data processing services, electronic information supply services.
Sichuan Joyspeed global cargo Co., Ltd.	Road transport of goods (excluding dangerous goods). Domestic freight forwarding; stevedoring and transport agency (excluding air passenger and freight forwarding services); land international freight forwarding; storage equipment rental agency; air international freight forwarding; general cargo warehousing engages in the transportation of container ships and ordinary cargo ships; engages in the transportation of container ships and ordinary cargo ships between the Mainland and Hong Kong and Macao; international cargo transportation by sea; international cargo transportation agency; international shipping agency; customs declaration; commercial agency services.
Zhengyi Special Material (HeNan) Co., Ltd.	Items permitted: Manufacture of hazardous chemicals. General category: Manufacture of specialized chemical products (excluding hazardous chemicals); sale of specialized chemical products (excluding hazardous chemicals); sale of chemical products (excluding permitted chemical products); manufacturing of plastic products; sale of plastic products; Sale of products; sale of non-metallic minerals and products; sale of machine tool functional parts and accessories; sale of mechanical parts and spare parts; mechanical equipment research and development; mechanical equipment rental; technical services, technology development, technology consultation, technology exchange, technology transfer, and technology promotion; Import and export of goods; import and export of technology; general equipment repair; labor services (excluding labor dispatch).
First Special Material (Shenzhen) Limited	Construction materials, decoration materials, fiberglass products, plastic products, ceramic products, thinners, mold release agents, release agents, coatings, chemical products (excluding hazardous chemicals), plastic products, tapes and adhesives, packaging materials, machinery and equipment and spare parts thereof, fly ash, safety protective equipment, medical protective equipment, melt-blown cloth, non-woven fabrics, mask making machine, cleaning agent (except for special permits), disinfectants (except for special permits), masks, Wholesale, technical consultation, import/export and related ancillary services of Class II medical devices such as protective clothing, forehead thermometers, and infrared thermal imaging cameras; rental of machinery and equipment; and after-sales service for the above products.
GanSu Fuguangyuan Electronic Technology Co., Ltd	Production and Sales of Products in the field of Communication and Computers, Technology Development, Consulting, Agency Services, and Service in the field of Computer Network

Company name	Business Scope
	Communication;Import / Export of Goods and Technology and Business (Except for Goods / Technologies Prohibited or Restricted by The State);Computer and Communication Network System Integration;Cultural Industry Technology Development and Production, Cultural Industry Technology Agency Services and Related Service, Cultural Industry Product Sales and Other Supporting Services; Network Equipment or Electronic Products Research and Development, Sales and Service;Technology and Product Development for Broadcast Television and Information Networks;Research and Development, Production, Testing, Installation, Maintenance and Sales of Medium to Large Televisions, Medium to Large Computers, Portable Computers, Desktop Computers, Multimedia Data Processors, Network Communication Products and Technology Import / Export, Mobile Communication Systems and Equipment, New Electronic Components, LCD Touch, Laser Projectors, Advertising Screens, Servers, Video Wall, New Energy, Energy-Saving Products, LED DISPLAY PRODUCTS, LED LAMPS, Transformations for Lighting Systems, Advertising Business Management, Solar Lighting System, Smart Light Pole, Smart Internet-enabled Multimedia Machines, New Generation Game Consoles, Digital Electronic Products, Smart Monitoring Equipment and the Application, Consolidation, After-sales Maintenance and Services related to the Aforementioned Products.
MingYang Real Estate Development (KunShan) Co., Ltd.	The development and sales of ordinary residences, business centers, leisure, vacations, training and other related facilities; house leasing;Property management and supporting services.
UBO ADVANCED TECHNOLOGY CO., LTD.	Wholesale of Precision Instruments (limited to 4564 Wholesale of Household Photographic Equipment and Optical Products and 4649 of Other Mechanical Appliances and Tools), Retail of Precision Instruments (limited to Retail sale of Other Household Utensils and Supplies under 4749 of the R.O.C. Standard Classification), International Trading (limited to the import/export business corresponding to the registered business line), IT Software Service (limited to Industrial Standard Classification 6201 Computer Software Design, 6202 Computer System Integration Service, and 6209 Other Computer System Design Service), Design industry (limited to Design services for special products of 7402 Industrial Designing Industry and Design services of special products for 7409 Other Specialized Design Services), Optical Instrument Manufacturing (limited to 2729 Other Communication Equipment Manufacturing, 2730 Audiovisual Electronic Product Manufacturing, 2771 Camera Manufacturing, 2779 Other Optical Instruments and Equipment Manufacturing, and 3321 Glasses Manufacturing).
AnPinDa Precision Industrial (HuiZhou) Co., Ltd.	Production and sale of computers, portable microcomputers and their spare parts, automotive electronics, mobile phones and their spare parts, mobile power supplies, audio and video systems, routers, digital TV switchboards, monitors, purifiers, scanners, credit card machines, and digital photo frames , smart drinking glasses, satellite navigation and positioning receiving equipment, medical instruments and their components, intelligent robots and their components, lighting products, and fans; design, development, and production of metal/non-metallic product molds, hardware tools (excluding electroplating), computer digital signal processing systems and boards, digital audio/video encoding/decoding equipment, third-generation and subsequent

Company name	Business Scope
	mobile communication system cellphones/base stations/core network equipment and network testing equipment, satellite navigation and positioning receiving equipment, cameras, washing machines, lampshades , various types of computers, servers, disk storage, routers, wireless communication data cards, LCD TVs, TV/PC all-in-one, digital cameras, copiers, projectors, automotive electronic equipment, automation equipment, smart electronic toys, terminal cash machines, Pneumatic control components, smart wristbands, smart watches, 3D helmets, VR helmets, 3D glasses, tablet computers, air purifiers and water purifiers, smart toilet seats, car navigators, bicycles, smart electric vehicles, smart security equipment, and game controllers , road studs, IP phones, solar charge/discharge controllers, chargers, EV charging terminals, home appliances, and motherboards, chassis, and related components for the above products; provide technical services for tablet computers and their components; and after-sales service of products. Products are sold in domestic and foreign markets. Engaged in the import, export and wholesale of similar products of the above products, and related ancillary services.
iCana Ltd.	Research and Development Services, Product Designing, IT Software Services, Wholesale of Telecommunications Equipment, Retail of Telecommunications Equipment, Wholesale of Electronic Materials, Retail of Electronic Materials, Wholesale of Information Software, Retail of Information Software, Management Consulting, Intellectual Property Rights business.
AnTec Automotive Electric System (KunShan) Co., Ltd.	Research and development, production, and processing of automobile and motorcycle dies (including punching dies, injection dies, molding dies, etc.), key automobile parts (including instrument clusters), and spare parts for the above products; sales of the Company's self-produced products; provision of related software development, maintenance and Technical consulting services. Engaged in the commercial wholesale and import/export of similar products and plastic flooring products.
ANTEC ELECTRIC SYSTEM CO., LTD.	Cable Equipment for Automotive Manufacturing and Home Appliances, Wired and Wireless Phone Parts and Components Manufacturing and Sales, Computer Keyboard and Components Manufacturing and Sales, manufacturing and trading of wires for aviation equipment; Wired Communication Equipment and Apparatus Manufacturing, Wireless Communication Equipment and Apparatus Manufacturing, Restrained Telecom Radio Frequency Equipments and Materials Manufacturing. Automobiles and Parts Manufacturing.
Chengdu Yipu Logistics Co., Ltd.	Freight, Warehousing Services (excluding hazardous chemicals), Freight Forwarding, Car Rentals, Mechanical Equipment Leasing;
Chengdu Zhuxuntong Import & Export Co., Ltd.	import and export of goods and technology; computer software and hardware technology development, Technology Consulting, Technology Transfer, technical services;information technology research and development, technical consulting;Business Management Consulting;logistics information consulting services;customs brokerage services;online trade agents;Supply chain management (Excluding ordinary freight); Domestic trade agency;Freight Forwarding (excluding items that are specially stipulated by the state, such as carrying out transportation procedures, transshipment of goods, water transportation services on behalf of the organization of the source of goods, international shippershipping, etc..
CHENGDU FULIAN ZHUNREN	Research, production, sales and technical promotion, technical

Company name	Business Scope
TECHNOLOGY CO., LTD	services of pneumatic control components, cemented carbide, single crystal and polycrystalline diamond materials, liquid metal, cutting tools, taps and their components; import and export of goods, technology import and export; automation equipment and related Parts development, production, sales, maintenance and technical services; automation equipment transformation, relocation, repair, maintenance services.
CHIVALRY TECHNOLOGY LIMITED	Retail and wholesale electronic materials, components, semiconductors, materials and information software; design and development of integrated electrical technology; Provide Intellectual Property Services.
Jiangsu Yuchai Logistics Co., Ltd.	Road transportation of general cargo; provision of management services for enterprises; technical development, technical services, and technical consultation of computers, software and auxiliary equipment; domestic trade; import and export of proprietary and agency commodities and technologies; business management consulting services; warehousing car leasing (excluding financial leasing).
PULLUX ELECTRONICS LIMITED	Retail and wholesale electronic materials, components, semiconductors, materials and information system software, design and development of integrated electrical technology, provision of intellectual property services.
Xi'an Topone Logistics Co., Ltd.	General cargo transportation; special cargo transportation (container); dangerous goods transportation; truck leasing; freight forwarding, warehousing, cargo handling and loading and unloading services; entrusted to provide labor services; machinery and equipment leasing; car sales.
Premier Image Technology (China) Ltd.	Production and sale of various types of cameras and spare parts, electronic laser manufacturing machines, binoculars and their accessories, projectors and accessories, camcorders and their accessories, digital TVs and flat panel displays and accessories, mobile phones and accessories, new printing devices (laser, Ink printer) and accessories, multimedia recording and player and accessories, digital audio and video system, multi-dimensional glasses, electronic components (optoelectronic devices), photoelectric control components, liquid crystal display components, precision lenses, precision plastic parts, Hardware and plastic products, precision stamping dies, precision cavity molds, standard mold parts and spare parts, automation equipment and spare parts. Establish the Company's internal research center to engage in the research and development of production technologies for the products and their components. Acquisition of export business in the domestic market (excluding quota-authorized products and spare parts franchised products), import of raw materials and spare parts required for production and research by the company, and then export after testing; and after-sales maintenance service for products. Wholesale, retail, import and export of electronic products, auto parts, accessories, and lubricants; related spare parts testing services; product promotion and display; rental of self-owned factories; property management and related services; technology import.
LinYih International Investments Co., Ltd.	Investment.
Honxun Electrical Industry (HangZhou) Co., Ltd.	Engaged in Mobile Communication Systems Mobile Phones, mobile communication terminal product plastic shell, mobile Communication Products substrate, Mobile Communication Products Chassis Development, Sales and after-sales service; engaged in the technical development of the above products,

Company name	Business Scope
	technical services, system integration, wholesale, Import / Export Business.
HongYe Precision Components (KunShan) Co., Ltd.	Manufacture of precision spare parts, precision injection-molded spare parts, precision metal spare parts, and maintenance of electronic and communication products; provision of related software development and technical consulting services; sales of self-produced products. Manufacture of similar products as hardware and electrical equipment; household appliances; office equipment; consumer electronics; instruments and meters; molding machines, injection molding machines, punches, and other mechanical equipment; and communication equipment such as telephones and mobile phones (excluding satellite TV receiving equipment) Commercial wholesale, import and export of computers, computer peripheral equipment, and other electrical equipment with independent functions, as well as spare parts related to the above products. The following are limited to Wusongjiang Branch Factory; microcomputers; automatic vending machines, automatic currency exchange machines and other equipment dedicated to commerce, catering, and service industries; ATM, cash teller machines, sorting machines and other currency-specific equipment (excluding tax control machines) LCD monitors; LCD TVs; LED lighting fixtures and spare parts for the above products.
PEROBOT CO., LTD.	Electrical appliances Wholesale; computers and business equipment wholesale, telecommunications equipment wholesale, information software wholesale, electronic materials wholesale, electrical appliances retail, computers and business equipment retail, telecommunications equipment retail, information software retail, electronic material retail, international trade, intellectual property, management consulting, information software services, data processing services, electronic information supply services.
uniEat Co., Ltd.	Investment Consultancy, Management Consulting Services. Other Consultancy. Software Design Services. Data Processing Services. Digital Information Supply Services. Third-party payment, General Advertising Services. Product Design. Research Development Service, Management System Verification. Network certification service industry; Wholesale of Computing and Business Machinery Equipment., Wholesale of Computer Software. Retail Sale of Computer Software. Retail sale of Computing and Business Machinery Equipment. , Retail Business Without Shop. International Trade, Intellectual Property.
Belkin Trading (Shanghai) Co., Ltd.	Computer Hardware and Software and Supporting Equipment, Router Network Equipment and Accessories, Electronic Products and parts, hardware and electrical equipment, plastic products, Glass Products, Daily Goods Sales, Sporting Goods and Accessories, Luggage, Leather Goods Wholesale, Import/ Export, Online Retail (Except for Commodities), Commission Agents (Excluding Auctions) and Other Related Supporting Services, International Trade, Entrepot Trade, Trade and Agency between Enterprises in the District, Simple Processing Operations in the District, Business Management Consulting, Corporate Information Consulting, Business Information Consultation , Technology Development, Technology Transfer, Technical Consultation, and Technical Services in the Field of Computer Technology and Network Technology.
Asia Pacific Telecom Co., Ltd.	Wired Communication Mechanical Equipment Manufacturing, Wireless Communication Mechanical Equipment Manufacturing,

Company name	Business Scope
	Electronic Parts Manufacturing, Computer and Peripheral Equipment Manufacturing, Data Storage Media Manufacturing and Reproduction, Rail Vehicle and Component Parts Manufacturing, Electrical Appliances Contracting, Automatic Control Equipment Engineering, Traffic Signs Installation Engineering, Lighting Equipment Installation Engineering wholesale, wholesale of machinery, wholesale of electrical appliances, wholesale of precision instruments, wholesale of telecommunication equipment, wholesale of batteries, wholesale of railway vehicles and their parts, wholesale of information software, wholesale of electronic materials, retail of medical equipment, retail of electrical appliances , Retail Sale of Precision Instruments, Retail of Telecommunication Equipment, Retail of Rail Vehicles and Parts thereof, Retail of Other Transportation Vehicles and Their Parts, Retail of Information Software, Retail of Electronic Materials, International Trade, Retail of Importing Measuring Instruments, Telecommunications , Development of Specialized Zones, Management Consulting, Third-party Payment Services, Energy Technology Services, Information Software Services, Data Processing Services, Electronic Information Supply Services, Telecommunication Service Number Agency, Other Industrial and Commercial Services, Environmental testing services and rental business
ACE PEACE Co., Ltd.	Retail and wholesale electronic materials, components, semiconductors, materials and information system software, design and development of integrated electrical technology, provision of intellectual property services.
EVENWELL DIGITECH INC.	Wireless Communication Equipment and Apparatus Manufacturing, Electronic Parts and Components Manufacturing, Computers and Computing Peripheral Equipments Manufacturing., Management Consulting Services. , Software Design Services. , Data Processing Services. , Digital Information Supply Services. , General Advertising Services. , Wholesale of Stationery Articles, Musical Instruments and Educational Entertainment Articles, Wholesale of Computing and Business Machinery Equipment., Wholesale of Telecom Instruments. , Wholesale of Computer Software., Retail sale of Stationery Articles, Musical Instruments and Educational Entertainment Articles. , Retail sale of Computing and Business Machinery Equipment. , Retail Sale of Computer Software. , International Trade, Intellectual Property. , Agency Services, Data Storage Media Manufacturing and Duplicating, Restrained Telecom Radio Frequency Equipments and Materials Manufacturing. .
KUNSHAN FUCHENGKE PRECISION ELECTRONICAL CO., LTD.	Research and development, production, and processing of consumer electronic product motherboards, power boards, photoelectric boards, driver boards, light bars, and their spare parts; manufacturing of auto parts and accessories; sales of self-produced products. Engaged in the commercial wholesale, import and export of similar products, consumer electronic products and their spare parts, and surface adhesion technology equipment, and related ancillary businesses. Manufacture of slide show and projection equipment; sale of slide show and projection equipment; manufacturing of specialized electronic equipment; sale of specialized electronic equipment.
Kunshan Tengyang Intelligent Technology Co., Ltd	smart equipment, Automation Equipment, Electronic-specific Equipment, Testing Equipment, Tool and Die Research and Development, Production, Production and Processing of the

Company name	Business Scope
	Abovementioned Product Parts, Processing, Sales of Self-produced Products, Import / Export of Related Raw and Supplementary Materials, and After-Sales Service.
KunShan XinYang Real Estate Development Co., Ltd.	Real Estate Development, Sales;Property management and supporting services.
Cens Way Technologies Co., Ltd.	Wholesale of Electronic Materials, International Trade, Product Designing. Electronic Parts and Components Manufacturing.
HANGZHOU JUSDA SUPPLY CHAIN MANAGEMENT LIMITED	Sevices:Supply chain management, Corporate Information Consulting (Apart from product agency), Warehouse Management, International and Domestic Cargo Transport Agency, cargo handling, sorting, packaging; Computer Information Technology Development, technical services, Technology Consulting, Technology Transfer, information technology, Computer Software; Engaged in Import / Export Businesses of Goods and Technology.
Hangzhou Jiangyu Innovation Medical Technology Co., Ltd.	Software and hardware technology development, technical services, technical consultation, and transfer of results in the fields of medical and health care, biotechnology, and genetic testing; production: Class II medical devices and smart wearable devices; sales: Class I and Class II medical devices, medical and health materials, and Dressings, electronic equipment, instruments and meters, mechanical and electrical equipment and accessories, household appliances, fitness equipment, sporting goods; rental and maintenance of medical equipment; domestic advertising design, agency, and release (excluding online advertising); import and export of goods and technologies Business, import and export agency. Sales: automation equipment, molds, and tools.
DongGuan HongSong Precision Components Co., Ltd.	Production and Sales of Printers, Photocopiers and Related Components.
Dongying PV Technology Co. Ltd.	Solar Technology Development;Photovoltaic Power Station Construction and Operation Management;Power Supply;Consulting Services for Photovoltaic Power Engineering.
Wuhan Jusda Supply Chain Management Limited	Road transportation of goods (excluding dangerous goods); express delivery services; warehousing services for customs-supervised goods (excluding hazardous chemicals and dangerous goods). Domestic cargo transportation agency; customs brokerage; inspection and quarantine services; general cargo warehousing services (excluding hazardous chemicals and other items that require licensing); loading, unloading, and supply chain management services; electronic and mechanical equipment maintenance (excluding special equipment); Communication equipment repair; import/export agency; Internet sales (except for the sale of products that require permission); information consulting services (excluding licensing information consulting services); cosmetics retail; cosmetics wholesale; sales of Class I medical devices; pre-packaged food); international freight forwarding; land international freight forwarding; air international freight forwarding; domestic containerized freight forwarding.
Wuhan Topone Logistics Co., Ltd.	General freight; freight forwarding; machinery and equipment rental; car rental.
Wuhan Zhunxuntong Enterprise Service Co., Ltd	Business Management Consulting; logistics information consultation;Supply chain management; computer software and hardware technology development, Technology Consulting, Technology Transfer, technical services;technology research and development, technical consulting in the field of information technology; Electronic Products(excluding electronic publications)Online sales; Customs Declaration and Inspection Agency; Freight Forwarding; import and export of goods, Import /

Company name	Business Scope
	Export of Technology, Export Agent.
Henan Zhongyuan RongChuang Fund Management Co., Ltd.	Manage or Trustee Management of Non-Securities Equity Investments and Related Advisory Services.
Henan Zhongyuan Financial Leasing Co.Ltd	Financial Leasing Business, Leasing Business, Domestic and International Procurement of Leased Property, Residual Value Processing and Maintenance of Leased Property, Leasing Transaction Consultation.
Henan Yupin Real Estate Co., Ltd	Real estate development and operation; housing leasing; real estate consultation; real estate brokerage; park management services; property management; parking lot services.
HeNan FuChi Technology Co., Ltd.	Production and sales of third-generation and subsequent mobile communication system mobile phones, base stations, core network equipment, network testing equipment and their spare parts, new electronic components, digital audio and video decoders and their spare parts; Research and development, design, manufacturing, and maintenance of molds, jigs, inspection tools and their parts, mobile phone accessories, and electronic products; modification, relocation, installation, maintenance, and maintenance of LED display panels, and technical services; engaged in the procurement of goods and technologies Export business; commodity exhibition services; logistics services; computer system integration and related technical services; computer network engineering facilities, network technology development, technology transfer, and web page design; recycling, maintenance, and sales of waste electronic products and communication equipment sales of electronic products and accessories; testing technical services and technical consultation; environmental protection technical services.
FAROBOT INC.	Data Storage Media Manufacturing and Reproduction, Wholesale of Machinery, Wholesale of Electrical Appliances, Wholesale of Precision Instruments, Wholesale of Computers and Transactional Machinery and Equipment, Wholesale of Telecommunications Equipment, Wholesale of Information Software, Retail of Electric Appliances, Computers and Transactional Machinery and Equipment Retail Sale, Retail Sale of Telecommunication Equipment, Retail Sale of Information Software, Retail Sale without Storefront, International Trading, Input of Telecommunications Controlled Radio Frequency Equipment, Management Consulting, Information Software Services, Data Processing Services, Electronic Information Supply Services, Products Design, Network Certification Services, Other Industrial and Commercial Services, Electrical and Electronic Product Repair, and Leasing
SolidEdge Solution Inc	Battery Manufacturing, Automobile and Component Manufacturing, Precision Chemical Materials Manufacturing, Electronic Components Manufacturing, Other Chemical Materials Manufacturing, Research and Development Services, Product Design, Energy Technology Services, International Trade, Intellectual Property Rights , Wholesale of electronic materials, wholesale of batteries, research, design, development, manufacturing and sale of the following products or services: Key materials for power batteries.
Jin Ji Full Investment Holding Co., Ltd.	Investment, Investment Consultancy.
Jin Ji Full Precision Machinery (WuHan) Co., Ltd	Development, Production and Operation of Precision Molds, Metal / Non-Metal Mold Components, Machine Components, Electronic Products and Parts; Automation Equipment and related Key Components, Hardware Products, Sheet Metal Products, Injection Molding, plastic products, Electronic Amusement Equipment

Company name	Business Scope
	Development, Design, Production, Sales; Heat Treatment; Metal Material Shear Processing, Sales and Supply of Related Materials for Technology; Testing Equipment Calibration, Repair, Maintenance, Testing; Sales Of Lithium Batteries; Electric Bicycles, Non-electric Bicycles, Development, Design, Manufacturing, Assembly, Processing, Operation of Travel Tool Products and Parts, Sales of Similar Products of the abovementioned Products; Wholesale and Retail of Bicycles and Electric Bicycles; import and export of goods, Import / Export of Technology, Export Agent.
Yueyang Jusda Supply Chain Management Co., Ltd.	Supply chain management and services, logistics park operation services, international freight forwarding, cargo customs declaration agency services, full-service agency of packing, loading and unloading, and transportation, loading, unloading and transportation (excluding sand and gravel), road freight forwarding, logistics agency services, warehousing agency services, Domestic waterway shipping agency, international shipping agency, trade agency, warehousing management service, cargo warehousing, air freight forwarding, general cargo transportation, trade consulting service, business management consulting service, logistics consulting service, domestic freight forwarding, computer network platform development and construction, information technology consulting services (excluding banking, securities, and futures information consulting), logistics information services, professional repair of communication transmission equipment and communication exchange equipment, cold chain operations, cold chain management, cold chain warehousing, cold chain logistics, Logistics information systems, electronic equipment, electronic components and assemblies, sales of food and beverages, repair and wholesale of electrical equipment, kitchen and bath utensils and daily groceries, household appliances, automobiles, automobiles and spare parts, motorcycles, construction materials, decorative materials, Wholesale of clothing, shoes, caps, cosmetics and hygiene products, dairy products, tea crops and beverage crops, and domestic alcohol.
Changchun ChenTai Technology Co., Ltd.	Invest in the construction of technology research and development, consulting services, production, and sales of polylactic acid degradable plastic resin and modified plastic resin.
Changchun YongTai Technology Co., Ltd.	Carbon Dioxide-Based Degradable Plastic Resins, Modified Plastic Resin Technology Research and Development, Technical Consulting: Services, Production, and Sales.
Changchun Leiguan Environmental Plastic Products C	Eco friendly plastic products manufacturing, research and development; environmental protection technology development, service and consultation; environmental protection equipment wholesale; construction and operation of sewage treatment plants.
Shin Yan Technology (Foshan) Co., Ltd.	Technical service, technology development, technology consultation, technology exchange, technology transfer, technology promotion; R&D of electronic special materials; software development; sales of electronic products; manufacturing of electronic components; manufacturing of electronic special materials; manufacturing of optoelectronic devices. Import and export of goods.
Nanjing Futeng New Energy Vehicle Technology Co., Ltd.	Auto parts research and development; technical service, development, consultation, exchange, transfer, and promotion; auto parts and accessories manufacturing.
NanNing FuTaiHong Precision Industrial Co.,	Manufacturing and sales of new electronic components, third-

Company name	Business Scope
Ltd.	generation and subsequent mobile communication system phones, network cards, switching equipment, digital trunking system equipment, routers, testing instruments, tools, molds, and spare parts for the above products; provision of after-sales service; Import, export and wholesale of similar commodities, and related ancillary services.
NanNing FuGui Precision Industrial Co., Ltd.	Communication equipment manufacturing; network equipment manufacturing; mobile terminal equipment manufacturing; optical communication equipment manufacturing; Internet of Things equipment manufacturing; Internet equipment manufacturing; intelligent vehicle equipment manufacturing; transmission, distribution and control equipment manufacturing; computer software, hardware and peripheral equipment manufacturing; electronic components Manufacture of components; manufacturing of photovoltaic equipment and components; manufacturing of navigation terminals; manufacturing of cameras and equipment; manufacturing of TV sets; manufacturing of film and television recording/playback equipment; manufacturing of cultural and office equipment; sales of smart home consumer equipment; manufacturing of smart home gateways; manufacturing of molds; toys manufacturing; bicycle manufacturing; digital home product manufacturing; digital video surveillance system manufacturing; radio and television equipment manufacturing;
Spectacular Co., Ltd.	Intellectual Property. , Management Consulting Services. , Research Development Service.
SOCLE TECHNOLOGY CORP.	Electronic Parts and Components Manufacturing, IT Software Services, Electronic Information Supply Services, Product Design, Other Industrial and Commercial Services, Wholesale of Precision Instruments, Wholesale of Computers and Machine Tools, Wholesale of Information Software, Wholesale of Electronic Materials, Retail sale of computers and business-related machinery, precision instruments, information software, electronic materials, telecommunication engineering, computer equipment installation, international trading, research, design, development, manufacturing, and sale of the following products: Design service from specifications to chip mass production, from RTL circuit to chip mass production design service, from physical circuit layout to chip mass production design service, chip assembly and testing mass production service.
SOCLE TECHNOLOGY (Shanghai) LTD	R&D and design of electronic products, electronic components, integrated circuits and their components, transfer of proprietary technical achievements, wholesale of the aforementioned similar products, commission agency, import/export and related ancillary services, trade information consultation, international trade, entrepot trade, Inter-company trade and trade agency.
CHONGQING GUANZHUO TECHNOLOGY CO., LTD.	All types of construction activities. Engaged in multimedia digital software and hardware design and development, software services, system integration, business management and business information consulting, electronic product equipment and accessories, household and commercial appliances, computer software and hardware, communication equipment, daily necessities, office equipment, multi-functional Sale of multi-function printers and speakers and technical services for the above-mentioned related products; installation and maintenance of household appliances, digital electronic products, computer software and hardware, and network communication equipment; product solutions for education and medical care; provision of

Company name	Business Scope
	video conferencing systems and smart office solutions , Self-owned equipment leasing, multi-function printer leasing services, import and export of goods, technology import and export, office equipment leasing services, mechanical equipment leasing, information system integration services, artificial intelligence industry application system integration services, IoT equipment manufacturing, Internet of Things Equipment sales, instrument sales, electronic measuring instrument sales, virtual reality equipment manufacturing, wearable smart device sales, audio equipment sales, radio and TV equipment manufacturing, artificial intelligence hardware sales, film and television recording equipment manufacturing, instrumentation repair.
CHONGQING FERTILE PLAN LOGISTICS CO., LTD.	Domestic freight forwarding and warehousing services; international freight forwarding of import and export of goods by land, sea and air; economic and trade consulting; maintenance services of electronic products, communication products and spare parts; customs declaration and inspection agency; moving and loading and unloading services; general freight; international Domestic trade; trade agency; logistics information technology and logistics software R&D, design, and consultation; sales: food, ores, mineral powder, coal, cotton, metallic materials, wood, cement, plastic products, rubber products, paper products, agricultural and sideline products , clothing, construction materials, hardware and electrical equipment, auto parts, arts and crafts, electronic products, computer software and hardware, cosmetics, Class I medical equipment; import and export of goods and technologies.
Chongqing Hongteng Technology Co., Ltd.	Engaged in the design and manufacturing of molds for metallic and non-metallic products, and the development, production, and operation of display terminal products, panels and module accessories, portable micro calculators, power electronic components, computers, and their parts, and also engaged in the above products and similar commodities, import and export, wholesale business, and related ancillary services, software development, mechanical equipment research and development, special equipment manufacturing, network equipment manufacturing, mobile communication equipment manufacturing, industrial robot manufacturing, metal processing machinery manufacturing, material handling equipment manufacturing, general-purpose spare parts manufacturing, general equipment repair, industrial automatic control system device manufacturing, laser marking processing.
Chongqing Zhunxuntong Customs Service Co., Ltd.	Acting for customs declaration and inspection; computer hardware and software technology development, technical consulting, technology transfer, technical services; business management consulting; logistics information consulting; import and export of goods and technology; enterprise supply chain program design and management.
ChongQing FuGui Electronics Co., Ltd.	Production, distribution, and development of wireless modules, wireless chargers, wireless network linkers, trackers, modems, wired modules, switches, routers, data switches, and network controllers; and import and export of the above and similar products. Wholesale business, technology development, technology consultation, maintenance and after-sales service of self-produced products and related ancillary services, communication equipment manufacturing, network equipment manufacturing, network equipment sales, electronic component manufacturing, and labor service (excluding labor dispatch).

Company name	Business Scope
ChongQing Jingmei Precision electronic Co., Ltd.	Engaged in the development, manufacturing, and sales of audio-visual equipment, new flat panel displays, electronic devices, electronic components, liquid crystal displays and LCD TVs, audio, video and video systems, panel modules, new flat panel display systems and their parts, and related technical services; Export; LCD monitor and LCD TV maintenance service; warehousing service (excluding hazardous chemicals).
Joyspeed Global Cargo China Limited	INT'L TRANSPORTATION
Jusda Supply Chain Management (Shanghai) Co., Ltd.	Supply chain management, international freight forwarding, road freight transportation, warehousing, third-party logistics, food distribution, business information consultation, e-commerce (not allowed to engage in value-added telecommunication and financial services), and technology development, Technical consultation, technology transfer, and technical service, and sale of daily necessities, cosmetics, clothing, household appliances, maternal and infant supplies, and toys.
JUSDA SCM (HUAIAN) CO., Ltd.	Supply chain management services; sea, air, and land international freight forwarding; domestic cargo transportation agency; warehousing services; general cargo handling; business information consulting services; proprietary and agency import and export of various commodities and technologies; electronic products, communications Wholesale of products and spare parts and maintenance services.
Jusda Energy Technology (Shanghai) Co., Ltd.	Technology transfer, service, consultation, and development in the fields of energy technology, chemical technology, and information technology; energy management contract; wholesale, import and export of chemical products, commission agency (excluding auctions); International transportation agency for exhibits, personal effects, and transit goods, including canvassing, consignment, space booking, warehousing, transit, LCL, settlement of freight and miscellaneous expenses, customs clearance, inspection, insurance, and related short-distance transportation services and transportation consulting Services, domestic road cargo transportation, domestic road cargo transportation agency and warehousing services, maintenance and rental of low-temperature storage tanks and tank containers, economic and trade consulting, and logistics information consulting.
Jusda Energy Technology(Zhoushan) Co., Ltd.	Dangerous chemicals business; road transport of dangerous goods; road transport of goods; port management. General categories: import/export of goods; import/export of technology; customs clearance; engineering and technology research and development; information system integration; technical service, technology development, technology consultation, technology exchange, technology transfer, and technology promotion; chemical product sales; loading/unloading General cargo warehousing; non-vessel shipping; international cargo transportation agency; domestic cargo transportation agency; port tally; transported cargo packing service; commercial agency service; social and economic consulting service; information consulting service; mechanical equipment leasing; container Rental service; packing service; repair of metal products.
Jusda Supply Chain Management International Co., Ltd.	Domestic cargo transportation agency; general cargo warehousing service; customs brokerage; international cargo transportation agency; domestic containerized cargo transportation agency; non-vessel operating common transport companies; social and economic consulting services; information consulting services (excluding licensing information consulting services); general

	equipment repair repair of special equipment; maintenance of electronic and mechanical equipment (excluding special equipment); wholesale of electronic components; sales of electronic products; wholesale of computer software, hardware and auxiliary equipment; sales of network equipment; sales of communication equipment; sales of household appliances; wholesale of edible agricultural products Wholesale of clothing and accessories; Wholesale of shoes and hats; Sales of construction materials; Wholesale of hardware products; Wholesale of auto parts; Wholesale of motorcycles and spare parts; Wholesale of arts and crafts and collectibles (excluding ivory and its products); Assets invested with own funds Management services; technology import and export; goods import and export; road freight station management; special equipment rental; loading/unloading; supply chain management services; software sales; technical services, technology development, technology consultation, technology exchange, technology transfer, technology promotion; Software development; information technology consulting services; artificial intelligence basic resources and technology platforms; Internet of things technology services; information system integration services.
Triple Win Precision Electronics (Jin Cheng) Co., Ltd.	Research and Development, Production and Sales of Electronic Products; Import / Export of Goods and Technology.
Jincheng Foxconn intelligent manufacturing institute Co., Ltd.	Human Resources Services; Elementary and Intermediate Vocational Training for Mechanical Manufacturing Basic Processing Personnel; Mechanical Equipment Development Sales; Molds Manufacturing; organization of cultural and art exchange activities (excluding performances, chess and card rooms); Organizing exhibitions; Intelligent manufacturing technology consulting services; educational information consulting services.
Jinchen Hongren Technology Co. Ltd	Design, production, sales, and ancillary services of pneumatic components, powder metallurgy products, and cutting tools; metal surface treatment technical services; import and export business; manufacturing of other non-metallic mineral products; software development; Internet blockchain technology research and development services; Cloud data processing; computer network system engineering services; computer and communication equipment rental; technology development, technology transfer, technology consultation, and technical services in the field of electronic products; computer software and hardware and accessories, electronic products, communication equipment and accessories sales.
Jincheng Hongzhi Nano optical-mechanical-electrical institute Co., Ltd.	Technology R&D, Technology Consulting, Technology Promotion, Technology Transfer, technical services; Import / Export of Goods and Technology; Intelligent consumer equipment manufacturing; Software Development; Integrated Circuit Design; Information system integration and Internet-of-Thingstechnical services; Big data and Internet-of-Things software and hardware products, Robots, intelligent equipment and intelligent systems, automotive electrical signal equipment, Servers and supporting software and hardware product development, Development; Electronic Technical Consulting Services; electronic equipment installation; electronic engineering and intelligence Design, installation and maintenance of system engineering; research and development of metal materials and powders, Production; research and development of glass, ceramic materials and products, Production; Electronic Products, devices and components, Home

Company name	Business Scope
	Appliances, electric beauty equipment, electric skin care equipment, electric Massage equipment, electric health equipment Development, Sales; Class I Medical Equipment Development.
Jincheng HongShuo intelligent technology Co., Ltd.	Non-ferrous metal alloy manufacturing; mining machinery manufacturing; forging and powder metallurgy product manufacturing; metal surface treatment and heat treatment; industrial automatic control system device manufacturing; technical service, technology development, technology consultation, technology exchange, technology transfer, technology promotion; computer software Hardware and peripheral equipment manufacturing; communication equipment manufacturing; software development; Internet data services; digital content production services (excluding publishing and distribution).
Taibangjie Supply Chain Management(Shen Zhen) Limited	Supply chain management services; supply chain information system services; economic information consulting; agency customs clearance services. Domestic freight forwarding; import and export of goods and technologies (excluding distribution and state-owned exclusive control products); wholesale of cosmetics and Class I medical devices; import and export and related ancillary services; domestic containerized freight forwarding; pre-packaged food pre-packaged food); warehousing services; general freight; wholesale of dairy products; road transportation of goods (excluding dangerous goods)
Hainan Afengpai Information Technology Co., Ltd.	Items permitted: Category II value-added telecommunication services; import/export of goods; business operation of Category III medical devices; inspection and testing services products that require licensing); technical services, technology development, technology consultation, technology exchange, technology transfer, and technology promotion; sales of electronic products; rental services (excluding licensed rental services); wholesale of computer software, hardware, and auxiliary equipment; renewable resources Recycling (except productive scrap metal); information technology consulting services; retail of computer software, hardware and auxiliary equipment; sales of network equipment; sales of cameras and equipment; sales of information security equipment; sales of daily necessities; sales of office supplies; sales of audio equipment; home audiovisual Equipment sales; sales of power electronic components; sales of electronic special equipment; sales of mobile terminal equipment; sales of personal hygiene products; wholesale of cosmetics; sales of renewable resources; sales of used goods; network technology services; software development; software sales; graphic design; intellectual property rights Maintenance of computers and office equipment; sale of communication equipment; repair of communication equipment; repair of daily appliances; sale of batteries; leasing of storage batteries; sale of Class I medical equipment; lease of Class I medical equipment; sales of Class II medical equipment; leasing of Class III medical devices; operation and maintenance of information systems; and warehousing of general cargoes (excluding hazardous chemicals and other items that require licensing).
Infocus precision industry(shenzhen) Co., Ltd.	Production and operation of computers, e-book browsers, digital photo frames, fixed phones, cordless phones, mobile phones, microcomputers, portable automatic data processing equipment, multimedia signal converters, router video conversion boxes, smart watches, digital audio and video systems (not (including

Talentek Microelectronics (He fei) Limited	Electronic technology and software technology development, consultation, service, and transfer; production and sales of electronic products and integrated circuits; design, research and development, testing, and sales of electrical equipment, communication equipment, and automation equipment; commissioned processing and contracted processing of semiconductor integrated circuit products; Proprietary and agency for the import and export of various commodities and technologies.
CircuTech Technology Service (ShenZhen) CO.LTD.	Computer software development; computers, servers, game consoles, optoelectronic equipment, data and language switches, routers, communication and network related cards, mobile phones, LCD monitors, LCD TVs, automotive electronics, related electronic communication products and their spare parts and after-sales service; international trade and domestic trade within the bonded area; import and export of goods and technologies. Sale of electronic products and electrical appliances; recycling, sale and lease of second-hand electronic products, electrical appliances and mobile phones. Production and maintenance of cameras, binoculars, projectors, various types of electronic laser manufacturing machines, video cameras, digital TVs, flat-panel displays, multimedia players, and related electronic components; warehousing.
Ambit Microsystems (JiaShan) Ltd.	Sales: grocery stores, computer software, hardware and accessories, digital electronic products, hardware and electrical equipment, handicrafts, electrical machinery and materials, decorative materials, plastic products, auto parts, communication equipment, communication equipment, instruments and meters, labor protection supplies , office supplies, cleaning supplies, sanitary ware, water-based paint, adhesive products, power tools; sales: chemical raw materials and products; sales: food, alcohol, cigarettes, cigars, and Class II and Class III medical devices; Import and export business; design, release, and agency of various advertisements.
XSemi Corporation	Mechanical equipment manufacturing, electronic parts manufacturing, telecommunication equipment wholesale, information software wholesale, electronic materials wholesale, telecommunication equipment retail, information software retail, electronic materials retail, international trade, intellectual property rights, warehousing services, information software services, data processing services, and product designing.
AMBIT MICROSYSTEMS CORP.	Computing Equipments Installation Construction., Wholesale of Computing and Business Machinery Equipment. Wholesale of Telecom Instruments. Wholesale of Computer Software. Wholesale of Electronic Materials, Retail sale of Computing and Business Machinery Equipment. , Retail Sale of Telecom Instruments. Retail Sale of Computer Software. Retail Sale of Electronic Materials. Retail sale of Others, Retail Business Without Shopfront. Other Consultancy, International Trade, Telecommunications Number Agencies, Cargoes Packaging, Other Industry and Commerce Services Not Elsewhere Classified. Warehousing and Storage.
JiZhun Precision Industrial (HuiZhou) Co., Ltd.	Design, development, and production of metal and non-metallic product molds, hardware tools (excluding electroplating), computer digital signal processing systems and boards, digital audio/video codec equipment, and third-generation and subsequent mobile communication systems Core network equipment and

Shenzhen Yuchai Logistics Co., Ltd.	General freight; domestic freight forwarding; international freight forwarding; supply chain pipeline design, logistics information consultation; engaged in the import and export of goods and technologies.
SHENZHEN HOCHICHUANG TECHNOLOGY CO., LTD.	Design and development of multimedia digital software and hardware; database management, big data analysis; development of computer network technology; technology development, technical consultation, technology transfer, and Technical services; computer programming; business management consulting; business information consulting; daily necessities, household appliances, electronic products, mechanical equipment, computer software, hardware and auxiliary equipment, communication equipment, sports and fitness supplies, mold and fixture, and multi-function printers , earphone acoustic related products and parts wholesale and retail; electrical appliances, digital electronic products, computer software and hardware, network communication equipment installation and maintenance services; industrial design, multimedia design; own equipment rental; online business activities; domestic Trading; Human resource service.
Shenzhen eLux Display Co., Ltd.	Development of LED Miniaturization and Matrix Technology; Sales of LED Products.
Shenzhen Topone Logistics Co., Ltd.	Domestic freight forwarding, self-owned car rental (excluding the rental car with operator), and international transportation agency. General cargo.
Shenzhen KCT Technology Co., Ltd.	Enterprise Management Consulting; Investment in Industrial Development; Sales of Civil and Building Materials; Sales of Mechanical and Electrical Equipment; Domestic Trade.
Jin Ji Tiger Investment Holding Co., Ltd.	Investment and establishment of industries; investment consulting; investment management and entrusted asset management; business management consulting; marketing planning; economic information consulting.
QIANHAI JUSDA SUPPLY CHAIN MANAGEMENT LIMITED	Supply chain management and related ancillary services; business information consultation; import and export of goods and technologies; domestic and foreign trade; operation of e-commerce; domestic and international freight forwarding, customs declaration and inspection agency; handling; logistics information technology and logistics software development and design , consulting; wholesale and retail of Class I medical equipment and supplies, cosmetics, dairy products (including infant formula); research and development, sales, and technical services of logistics equipment. Warehousing; general freight; domestic express; pre-packaged food.
Shenzhen Zhunxuntong technology Co., Ltd.	Technical Development and Technical Consultation of Computer Software / Hardware; Technical Development and Technical Consultation of Information Systems; Enterprise Management Consulting; Logistics Information Consultation; Customs Declaration Operations, Agency for Inspection Operations, E-Commerce, Supply Chain Management, Domestic Trade, Logistics Design; Domestic Freight Forwarding, International Freight Forwarding; Import / Export of Goods and Technology.
Shenzhen Foxconn Advanced Manufacturing Capacity Training University	Computer and Network Technology Training, Industrial Technology Training, Management Training; In-Plant Motor Vehicle Driving (Forklift, Golf Cart, Stacker), Crane (Crane, Elevator) Training, Assistant Human Resource Manager (Level 3),

Company name	Business Scope
	Human Resource Manager (Level 2).
ShenZhen Fuhongxun Technology Co., Ltd.	Research and Development and Sales of Mobile Phones, Mobile Communication Terminal Products and Accessories; Import Operations, Research and Development of Computer Hardware and Software and Network Equipment, On-Site Installation and Maintenance of Computer Network Equipment, Computer System Integration, Computer Products, Network Products and Sales of Computer related Digital Products; Business Management Consulting, Corporate Image Design; Domestic Trade; Import / Export of Goods and Technology.
SHENZHEN FORTUNE FINTECH CO., LTD	Technical services for the modernization of the Internet, big data platforms, the Internet of Things, and intelligent network; technology research and development of new media; system integration; technology development, technical consultation, technical service, and technology transfer in the fields of communication equipment, computers, and network information; credit risk Management platform technology development; cloud platform technology services; investment consulting, business information consulting, market information consulting; database services; electronic settlement system technology development; electronic labeling and cloud software technology services; supply chain management; online business activities; machinery Equipment leasing and car leasing (excluding financial leasing); advertising business; domestic trade; sale of daily necessities, household appliances, 3C products, electronic parts, and materials; import and export business; international routes or Hong Kong, Macau, and Taiwan routes Passenger sales agency business; domestic air passenger sales agency services except for Hong Kong, Macau, and Taiwan routes; labor services; conference services; electronic certification; telecommunication value-added services; warehousing services (excluding dangerous goods); labor dispatch.
ShenZhen FerTile Plan international Logistics Co., Ltd.	Domestic transportation and freight; land, sea, and air international freight forwarding; economic information consultation; customs declaration and inspection agency; domestic trade; import and export of goods and technologies; e-commerce; logistics information technology and logistics software R&D, design, and consultation; cosmetics , Retail and wholesale of Class I medical devices and supplies; import and export of goods; loading, unloading, and transportation services; storage equipment rental services; sales of intelligent material handling equipment; sales of electronic products; sales of communication equipment; communication equipment repair; general equipment repair; special equipment repair Wholesale of electronic components; sales of household appliances; maintenance of electronics and mechanical equipment; sales of electronic special equipment; sales of mechanical equipment; domestic containerized cargo transportation agency; wholesale of computer software, hardware and auxiliary equipment; sales of network equipment; sales of communication equipment; hardware products Wholesale; wholesale of auto parts; investment with own funds; operation of road freight transport stations; rental of special equipment; supply chain management services; software sales; technical services, development, consultation, exchange, transfer, and promotion; software development; information Technical consulting services; artificial intelligence basic resources and technical platforms; Internet of things technical services; information system

Company name	Business Scope
	integration services; data processing and storage support services; big data services. Licensed business items are: non-vessel shipping; warehousing services; general freight; domestic express; retail and wholesale of pre-packaged food and dairy products. Road transport of dangerous goods; road transport of goods.
Shen Zhen Fu Neng new energy technology Co., Ltd.	Electricity retailing and property management; energy management contract, energy conservation assessment, and retrofit; wholesale and research and development of energy-saving products, new energy products, energy-saving software, solar energy products, and LED products; lighting systems, power distribution systems, motor-driven systems, and heating systems Technical development and technical consultation of refrigeration systems, waste heat recovery systems, energy-saving systems, building integrated photovoltaic systems, and solar photovoltaic power generation systems; import and export of goods and technologies; installation, repair, maintenance, and cleaning of central air-conditioning systems; general manager of EPC engineering of photovoltaic power plants including energy conservation training and technical consultation for energy conservation projects, carbon asset management consultation and carbon trading service, and consultation service for energy management system and calibration. R&D, wholesale, technical consultation, import and export of pure electric vehicles, energy storage sets, solar cells and their spare parts, charging piles, charging cabinets, and intelligent control electronic products; After-sale service; operation and maintenance of EV charging facilities. Water-saving materials, contract water-saving management, water-saving management and technical services, water balance test. Custodianship and maintenance services for power plants: Operation, maintenance and management services for mechanical and electrical facilities in buildings. Heat generation and supply; cooling service; energy storage technology service. Production and operation of organic fertilizers and environmentally friendly feeds.
ShenZhen Fulianwang Internet Of Things Intelligent Home Furnishing Co., Ltd	Household appliances, mechanical equipment, electronic components, hardware and electrical equipment, electronic products, office equipment, communication products, stationery, photographic equipment, computers and their software and auxiliary equipment, sporting goods, communication equipment, on-board equipment, smart home products, Wholesale and retail of intelligent electronic equipment and Class I medical equipment; on-site installation and on-site maintenance of household appliances; software development and design; Internet of Things technology development; computer network technology development; computer system integration; home decoration engineering design and construction; Advertising; research and development of online games; network technology consultation and technology development; cultural event planning; operation of e-commerce; electronic products, photographic equipment, computer software and auxiliary equipment, and sales of home appliances; on-site installation and maintenance; basic software technology development , consultation; cosmetics and health supplies, sporting goods, department stores, stamps, textiles, clothing, daily necessities, furniture, gold and silver jewelry, decorative materials, craft gifts, watches, glasses, toys, automobile and motorcycle accessories, robots, instruments and meters, health Sale of sanitary ware, ceramic products, rubber and plastic

Company name	Business Scope
	<p>products, and smart cards; photographing services; conference planning; economic and educational information consultation; business management consultation; agent sales of train tickets; car rental; property management; import and export of goods and technologies; Self-owned house lease. Technical research and development and technical consultation in the field of electronic technology; research and development and sales of electronic components, digital products, and electronic whiteboards; import and export of goods and technologies. Technology development and technical consultation of computers, smart devices, and multimedia technology products; sales and on-site installation of computer software and hardware, audio-visual equipment, electronic products and components, imaging system equipment and accessories, smart products, multimedia products, and computer technology products. Technology development, consultation, and service in the fields of information technology, calculator software and hardware technology, electronic technology, and network system technology; information system integration services, artificial intelligence application technology development, service, and consultation; information consultation; health care, licensed business items Warehousing services; wholesale and retail of Class II and Class III medical equipment; production of electronic products, photographic equipment, computer software and auxiliary equipment, and household appliances; vocational skill training. Internet information service. Human resource services, talent intermediary services; labor dispatch; sales of pre-packaged foods and alcohol, wholesale of alcohol, edible oils, dried fruits, nuts, cooked meat products, eggs and egg products, flour, rice and flour products, dairy products, baked goods, Soybean products, preserves, instant foods, canned food, cooking condiments, pickled products, alcoholic beverages, non-alcoholic beverages, vegetables (excluding tea beverages), coffee, cocoa, health supplements, fresh fruits, baby food, edible agricultural products, pre-prepared Sale of packaged rice. Sale of fertilizers and pesticides.</p>
Shenzhen Fu Rong Inclusive Finance Co., Ltd.	Specialize in Microfinance Business and is Approved by Relevant Departments to Conduct Internet Microfinance Operations (No Public Deposits may be Absorbed).
Shenzhen Fu Lian Ling Yun Guang Technology Co., Ltd	Industrial automation, machine vision systems and equipment, and sensor technology development, technology transfer, technology consulting, technical services, and sales. Industrial automation engineering technology R&D and design; industrial Internet software and hardware development and design; e-commerce operations; domestic trade; business information consulting; technology development, production, and sales of automated equipment, industrial robots, and automated spare parts; electronic certification services; Internet Information service.
ShenZhen FuHongJie Technology Service Co., Ltd.	Inspection, Maintenance, Simple Processing and After-Sales Service of: Computers, Servers, Game Consoles, Optoelectronic Devices, Data and Language Translators, Routers, Communication and Network Related Cards, Mobile Phones, LCD Monitors, LCD TVs, Automotive Electronics, Related Electronic Communication Products (and Components and Accessories); International Trade in the Bonded Area; Production and Maintenance of Various Types of Cameras, Telescopes; Projectors, Various Types of Electronic Laser Manufacturing Machines; Cameras, Digital TVs, Flat Panel Displays, Multimedia Players and Related Electronic

Company name	Business Scope
	Components; Warehousing.
Shenzhen Hyper Power Information Technology Co., Ltd.	<p>Technology development, technical consultation, technology transfer, and technical services for factory administrative equipment systems, factory operation control systems, computer software and hardware, information management systems, the Internet of Things, integrated circuits, and electronic products; business management consulting, business information consulting, business information consulting; wholesale and retail of electronic products and their spare parts; online business activities; domestic trade (excluding franchise, monopoly, and exclusive control); import and export business; multimedia computers and servers, data communication multimedia systems, commercial home Operation of monitors, copiers, and plastic, wire, and hardware products; sales and service of digital audio and video systems and broadcasting director systems; software design, development, and service; household and commercial appliances, computer software and hardware, communication equipment, daily necessities, office equipment, digital Sale and maintenance of electronic products, precision instruments, and equipment; installation and maintenance of network communication equipment; provision of educational and medical product solutions, video conferencing systems, and smart office solutions; rental of self-owned equipment; rental of multi-function printers; information Media services. Cable installation and laying works; automatic control equipment installation works; lighting equipment installation works; instruments and meters installation works; computer equipment installation; electronic engineering installation.</p>
SMART SHELL office (Shenzhen) co., ltd	<p>Intelligent office solution design, construction, and consultation; video editing; intelligent education solution design, construction, and consultation; computer system integration engineering and network engineering; electronic product equipment (excluding electronic publications) and accessories, home and commercial appliances, computers Sales of hardware and software, communication equipment, daily necessities, intelligent office systems and integrated corresponding equipment, multi-function printers, speakers, and technical services for the above-mentioned related products; household appliances, digital electronic products, computer hardware and software, and network communication equipment educational and medical product solutions; provision of video conferencing system solutions and sales of related products, installation and commissioning, and technical services; domestic trade (excluding franchised, exclusive, and exclusive-controlled products); import and export business.</p>
Shen Zhen Hong Zhao Da Technology Services Co., Ltd.	<p>Smart home, smart 3C, smart watches and parts, technology development of handheld equipment, calculators, servers, tablet computers, LCD monitors, LCD TVs, optoelectronic equipment, data and language switches, routers, automotive electronics and related communication products, Technical development, technical service, and sale of mobile phones, projectors, and their spare parts; sale of plastic products; import/export business; business information consultation; e-commerce operation; packaging service; computer software, hardware, and peripheral equipment manufacturing; information technology consulting services . Warehousing; testing and maintenance of calculators, servers, tablet computers, LCD monitors, LCD TVs, optoelectronic equipment, data and language switches, routers, automotive electronics and related communication products, mobile phones,</p>

Company name	Business Scope
	projectors, and their spare parts.
Hongfei Precision Technology (shenzhen) Co., Ltd.	Production and operation of video cameras and their accessories, multimedia recording equipment and their spare parts, and multimedia players and their spare parts; engaged in the research and development, wholesale, retail, import and export of the aforementioned products, electronic products, and mechanical equipment; and related ancillary businesses; Leasing of machinery and equipment; engaging in the import and export of goods and technologies (excluding distribution and state-controlled products); leasing of self-owned properties Research and development, production and sales of video cameras and their accessories, multimedia recorders and players and their accessories, and digital audio and video systems.
Yantian Jusda Supply Chain Management Co., Ltd.	Supply chain management and related ancillary services; business information consultation; import and export of goods and technologies; domestic and international freight forwarding; customs declaration and inspection agency; handling; warehousing; logistics information technology and logistics software research and development, design, and consultation; Import, wholesale and retail of medical supplies, equipment, and cosmetics. General freight (excluding dangerous goods); domestic express delivery; import wholesale and retail of pre-packaged food and dairy products (including infant formula milk powder).
Leapsy Inc.	Research and development and sales of smart wearable devices and microelectronic equipment; development of multimedia technology and augmented display (AR) and virtual reality digital technology; technology development of computer software; development of virtual reality and augmented reality applications, and development of virtual reality simulation software Design and technology research and development; computer software and hardware research and development, system integration, technology development, technology transfer, technical consultation, technical services, and sales; research and development and sales of electronic equipment and communication equipment; information system integration; multimedia information system technology development; network engineering development of human-computer interaction products and Internet of Things products; design and technology development of online 3D display; exhibition design; graphic design; game software, educational software, virtual reality system, network graphic visualization application, map Development of imaging technology, post-production design of film and television, sales of fire protection equipment and security inspection equipment, and import and export of related ancillary services. Manufacturing of computer software and hardware, electronic equipment, and communication equipment, and sale of Class 1 and 2 medical devices.
Shenzhen Heng Drive Motor Co., Ltd.	Domestic trade; import and export business. Intelligent control system motors, high-efficiency drive motors, medium and small motors, micro motors, motor manufacturing and testing equipment, medical equipment drive control parts, robot drive control modules, automotive drive control parts, molds, spare parts, electronic components, electronic components R&D, production, and sales of controller hardware; R&D and sales of software; production, R&D, and sales of household appliances.
SHENZHEN HEALTHCONN HEALTH TECHNOLOGY CORP.	Wholesale, import and export of electronic products, computer software and hardware, daily necessities, sporting goods,

Company name	Business Scope
	<p>machinery and equipment, clothing, cosmetics, commission agency (excluding auction), and related ancillary services; corporate management consulting; health and wellness management consulting (excluding auction) Cultural event planning; computer system design and technical consultation; business information consultation. Wholesale of pre-packaged foods and health foods.</p>
<p>ShenZhen FuTaiHong Precision Industrial Co., Ltd</p>	<p>Manufacturing of intelligent unmanned aerial vehicles; production and operation of smart home products and their accessories, smart wearables and their accessories, and engaged in the research and development, wholesale, import and export of the above products, and related ancillary services. Engaged in production and sales of new electronic components, mobile communication systems, mobile phones, base stations, switching equipment and digital trunking system equipment, electronic special equipment, testing instruments, tools and molds, digital audio and video systems, and manufacturing of spare parts for the above products and after-sales service. Engaged in the development and production of digital cameras and key components, non-quota license management, and acquisition and export of non-specialized products. Engaged in the import/export, wholesale, and related ancillary services of similar products of the above; R&D, production, and operation of routers, portable media players, GPS navigators, monitoring equipment, video recording devices, and their accessories. Production and operation of various types of plastic hardware products, various types of speakers and their spare parts. Production and distribution of portable automatic data processing equipment, portable e-book browsers, remote controls, speakers, and the peripheral ancillary equipment and spare parts for the above products. Engaged in mobile phone repair business. Production of smart watches, smart safety caps, smart robots, and smart pens. Production of air purifiers, robots, projectors, and Bluetooth speakers. Research, development, production and operation of household appliances and their spare parts, smart in-vehicle electronic products, and Internet of Vehicles terminal equipment. The above business scope does not include the navigation digital map compilation, publishing business, satellite TV broadcasting terrestrial receiving facilities and key components and other items that are subject to special access management measures as required by the national regulations. Manufacture of Class III medical devices.</p>
<p>Shenzhen FuLian Fugui Precision Industry Co., LTD</p>	<p>General business items: servers, storages, network switches, routers, IP phones, video communication equipment, data terminal equipment, modems, wireless terminal equipment, automation equipment, data switches, network controllers, wireless communication equipment, wired communication equipment, communication network equipment , Multimedia player equipment, GPS navigator, micro calculators, optical communication equipment, optical connectors, circuit boards, cabinets, enclosures, chassis, automated fixtures, hardware and plastic products, testing fixtures, security products and their spare parts, Research and development, sales, and business information consultation of data cables, electronic products and their spare parts, computer interface equipment, speakers and their spare parts, multi-dimensional glasses, electronic games and their spare parts; development of data communication multimedia systems; development of industrial Internet software Hardware</p>

Company name	Business Scope
	<p>development; technical service and consultation; enterprise information automation solutions, consultation and training; auto parts and accessories manufacturing.</p> <p>Licensed operations: packaging (excluding printing and publishing) and warehousing services. Servers, storage, network switches, routers, IP telephones, video communication equipment, data terminal equipment, modems, wireless terminal equipment, automation equipment, data switches, network controllers, wireless communication equipment, wired communication equipment, communication network equipment, and multimedia playback equipment , GPS navigators, micro calculators, optical communication equipment, optical connectors, circuit boards, cabinets, enclosures, chassis, automated fixtures, hardware and plastic products, test fixtures, security products and their spare parts, data cables, electronic Manufacturing of products and their spare parts, computer interface equipment, speakers and their spare parts, multi-dimensional 3D glasses, electronic game consoles and their spare parts; import and export of goods; import and export of technology.</p>
Shenzhen Fu Lian Intelligent Manufacturing Industry Innovation Center Co., Ltd.	<p>R&D and sales of high-end equipment and tool spare parts, communication products, and smart terminal equipment; R&D, sales, maintenance, and technical services of smart equipment and core components; R&D, sales, testing, and technical services of new materials and products; Smart factory product application development and solution technical services; smart design consultation; industrial Internet platform technology development and technical services; provision of incubation services and project investment for technology companies; import and export of goods and technologies; mechanical equipment rental; computer and communication equipment rental office equipment rental; sales of household appliances; installation of household appliances. Labor dispatch; production of high-end equipment and tool spare parts, communication products, smart terminal equipment, smart equipment, and core components.</p>
FuGion Material Technology (ShenZhen) Limited	<p>Production and Operation of Potassium Cyanide; Research and Development of High-Tech Chemicals for Electronic use, Special Materials for Semiconductor Components, and Non-Ferrous Metal Composite Materials.</p>
Shenzhen Zhanggongzhi	<p>Advertising, marketing, cultural events, corporate image; website and mobile software application design and development; website design, website and user data analysis; domestic trade, import and export of goods and technologies; machinery, equipment and spare parts, mold processing Sales of spare parts, metal processing spare parts, automated robots and spare parts, LED lighting equipment, metallic materials, plastic materials, chemical and chemical materials, fuel storage pipes, fuel storage bins, electronic smoking devices, and packaging materials; measuring and testing instruments, welding tools, R&D and design of construction machinery and accessories, grinding and cutting tools, electric tools, air and hand tools, metal products, and hardware accessories; operation of e-commerce; domestic and international freight forwarding; industrial information technology development; conference planning; business Information consultation. Vocational skill training; operation of telecommunication services.</p>
Shenzhen Foxconn Industrial Internet Consulting Co., Ltd.	<p>Provision of management services for the production-education integration training base; sales of teaching equipment, teaching</p>

Company name	Business Scope
	<p>materials, and stationery; educational information consulting services; business management consulting; technology development and on-site maintenance of industrial Internet software; organization and planning of cultural and artistic exchange activities; outdoor outreach activities planning; corporate identity design; engaging in advertising business; education and training; import and export of goods and technologies; sales of face masks and equipment and technical consultation; cultural and artistic exchange event planning; exhibition planning; scientific and technological product development; Management consulting; venue construction; information system integration services; calculator technology development, transfer, consulting, and service; calculator software development and sales; domestic trade. Internet information service enterprise; R&D, production, and sales of non-medical masks and other labor protection supplies; R&D, production, and sales of medical protective masks; R&D, production, and sales of Class I, II, and III medical devices, and raw materials for medical devices , equipment trade, and export of related technical services; research and development, production, and sales of in-vitro diagnostic reagents and related products; technical consultation and technical services; design, production, and sales of gifts, souvenirs, exhibits, and non-standard customized products; precision tools and related spare parts, instruments Technical development, production, and sale of instruments and equipment, high-end precision equipment and spare parts; development of industrial Internet platform and calculator technology, and development and sale of calculator software, hardware, and auxiliary equipment; construction of calculator network and application engineering; labor Development of intelligent application software; development of general-purpose artificial intelligence and industry application systems; development of intelligent manufacturing systems and technical solutions; intelligent control system integration; intelligent design consultation and transformation; research and development of 5G communication products and 5G intelligent terminal equipment, Production and sales; information system software development and technical services; development and sales of Internet of Things technology; technology development and solution technical services in the field of communication technology; provide incubation services and project investment for technology companies.</p>
Shenzhen Dingyuan Technology Service Co., Ltd.	<p>Technology development, technology promotion, technology transfer, technology consultation, and technology services in the fields of information technology, calculator software and hardware technology, electronic technology, and network system technology, information system integration services, artificial intelligence application technology development, technology services, and technology consultation ; information consulting; health management consulting; tourism information consulting; conference planning, exhibition planning, business information consulting, economic information consulting, corporate management consulting, education information consulting; market research; marketing planning; cultural event planning; education and training; Cleaning services; hotel reservation; ticketing agency; property management; self-owned property rental; mechanical equipment rental; car rental; domestic freight forwarding; sales of Class I and Class II medical devices; photography services;</p>

Company name	Business Scope
	marriage introduction services; tax agency ;house economics; e-commerce; machinery and equipment, hardware and accessories, electronic products, stationery, sporting goods, jewelry, glasses, cleaning supplies, skin care products, office equipment, stationery, kitchen and toilet utensils, knitwear, clothing , shoes and hats, leather goods, flowers, daily necessities, cosmetics, toys, primary agricultural products, family planning supplies, communication equipment, photographic equipment, cosmetics, furniture, gold, silver, jewelry, decorative materials, craft gifts, watches and clocks, automobile and motorcycle accessories, robots, Sales of instruments and meters, sanitary ware, ceramic products, rubber and plastic products; sales of on-board equipment, household appliances, smart home products, smart electronic equipment, digital products, computer software and auxiliary equipment, and on-site installation and on-site maintenance. Sales of daily sundries; ticket agency of plane tickets, train tickets, and scenic spot tickets; engaging in advertising business; providing management services for catering enterprises; operating e-commerce; information technology services and software services; fitness and leisure activities; sports venues and facilities management. Internet information service. Human resource service, talent intermediary service; labor dispatch; warehousing service; sale of pre-packaged food and alcohol. Catering services; general freight; sale of unprocessed nuts and dried fruits; retail of pet food and supplies. Category 2 value-added telecommunication services.
SHENZHEN JINGJIANG YUNCHUANG TECHNOLOGY CO., LTD	Liquid metal development, design, and sales; technology development of high-end precision equipment and spare parts; industrial Internet technology research and development, big data application technology development, and artificial intelligence product technology research and development and sales; precision intelligent manufacturing technology consulting and export of related labor services; domestic trade; Import and export of goods and technologies. Development, design, production, testing, and sales of high-speed super-hard tools, micro taps, inserts, single crystal and polycrystalline diamond tools, high-end combined tools, high-end smart tools, and nano-coating; labor dispatch.
Shenzhen Jingji Precision Machinery Trade Co., Ltd	Domestic trade, import and export of goods and technologies; sales of mechanical equipment and spare parts, mold processing spare parts, metal processing spare parts, automatic robots and spare parts, LED lighting equipment, metallic materials, plastic materials, chemical and chemical materials, and packaging materials; Technical development and sales of computer software; rental and on-site maintenance of mechanical equipment; customs declaration and inspection declaration agent; graphic design; computer design; art design and packaging design; web page design; engaging in advertising business; exhibition planning; manufacturing industry technology development Operation of e-commerce; domestic freight forwarding and international freight forwarding; marketing planning, conference planning, business information consultation, and education and training information consultation. Technology development, production, and sales of automated equipment, industrial robots, and automated spare parts; non-financial institution payment services; electronic authentication services.
Innovative & Intelligent Factory Accelerator (Shenzhen) Co., Ltd	Technology business incubation services; venture capital services; acting as an agent for other institutions or individuals in

Company name	Business Scope
	venture capital investments; venture capital consulting; providing start-up management services for start-ups; participating in the establishment of venture capital companies and venture capital management consulting institutions; conferences research information consultation and industrialization supporting services; business management consultation; economic information consultation; market research; and property leasing. Property management
InnoPower Beijing Technology Co., Ltd	Technology development, technology consultation, technology transfer, technology promotion, and technology services; software development; application software services; basic software services; computer system services; warehousing services; equipment maintenance and leasing; sales of mechanical equipment, electrical equipment, hardware and electrical equipment, electronics products, and communication equipment.
FORTUNE PRECISION OPTICS CO., LTD.	Management Consulting Services. Computers and Computing Peripheral Equipments Manufacturing. Wholesale of Computing and Business Machinery Equipment. Retail sale of Computing and Business Machinery Equipment. Photographic and Optical Equipment Manufacturing, Die Manufacturing. Wholesale of Precision Instruments. Retail Sale of Precision Instruments. Product Designing. International Trade.
Foxconn (KunShan) Computer Connector Co., Ltd.	Development and production for computers and computer peripheral equipment; Servers, Mobile Phones and network communications equipment; Audio-visual, film and television equipment, etc., as well as new electronic components of automobile electrical systems, optoelectronic devices, etc. New Electronic Components, Game Consoles supporting connectors ((Excluding the whole machine), instrument connectors and other New Instrument Components, fine stamping dies, precision cavity molds, Molds standard parts; cables and cable components; plastic pellets and their regeneration treatment; solar photovoltaic cell components; the following products are limited Branch Development: power adapters, communication transformers, static converters, storage batteries (batteries), testing equipment and the above-mentioned products and Parts and related software development, engaged in metal and plastic products, Packaging Materials, electronic and electrical components , Detection of environmentally hazardous substances, calibration and maintenance of measuring instruments, plastic dyeing and color matching, quenching and tempering, modification, Processing, providing relevant technology, management consulting; Sales of own Products.
Foxconn (NanJing) Software Co., Ltd.	Computer software product development, production, and sales; digital product development, research, and sales; planned software system and product development, research, and overall integration planning hardware sales; computer software technology research, system introduction consulting services, and software OEM (consigned processing), software testing; computer and communication equipment rental; computer system integration, network information consulting management and digital content design; office equipment maintenance. Engaged in the commercial wholesale and import/export of similar products and computer consumables.
Foxconn Shenyang Precision industry Co., Ltd.	TV manufacturing, automotive parts and accessories manufacturing, mechanical and electrical equipment manufacturing, mobile terminal equipment manufacturing, smart

Company name	Business Scope
	vehicle social security manufacturing, Internet of Things technology research and development, Internet of Things equipment manufacturing, electronic components manufacturing, software development, general cargo warehousing services (not including hazardous chemicals), non-residential real estate rental, park management services, parking lot services, car wash services, sales of electronic products, sales of home audio-visual equipment, retail of auto parts, sales of new energy vehicles, new energy Sales of automotive electrical accessories, sales of new energy vehicle swap facilities, sales of motor vehicle charging, sales of charging piles, sales of automotive decoration supplies, operation of electric vehicle charging infrastructure.
Foxconn Industrial Internet Co., Ltd.	Licensed business items are: R&D of industrial Internet technology; R&D of communication systems; Enterprise management services; Import and export of electronic products and their spare parts and related ancillary businesses.
Foxconn Technology Group Co., Ltd.	Water heaters, optical, measuring, and testing instruments and meters, smart remote controls, electronic heating components, power distributors, power conversion sockets, hardware and plastic products, precision molds, various computer cases, microcomputers, portable computers, notebook computers, and multimedia Computers and servers, data communication multimedia systems, new types of monitors, household electric heating appliances and devices, new types of power electronic components, wires and cable assemblies, power supplies, computer motherboards, materials for optoelectronics, optoelectronic equipment, active and passive components Devices, sensors, single-mode optical fibers and new technology equipment supporting communication networks, communication and network related cards, optical drives, multimedia computer video signal recording and playback equipment, digital audio and video systems, precision ceramics, optical communication ceramics Sleeves, photoelectric clamps, photoelectric manufacturing equipment, plastics and products, digital cameras and key parts, copiers, wireless phones, electronic special equipment (including mobile phone manufacturing equipment, semi-conductor manufacturing equipment, LCD panel manufacturing equipment), projectors, tin Paste, LCD digital TV, automatic interface equipment, mobile phones, multimedia phones, satellite navigation and positioning receiving equipment, smart electronic toys, automobiles, home appliances, and communication electronic products Glasses, LCD integrated sales terminal electronic cash register, printer ink cartridges, new environmental protection and energy saving lamps, pocket data recorders and players, security products, automatic teller machines, micro cash sorting machines, solar cells, solar battery packs, smart wearable products, All types of video cameras and their accessories, multimedia recording equipment and their spare parts, multimedia players, automatic vending machines (including money exchange machines), automatic teller machines, solar power generation devices, smart mobile service equipment, Class II medical devices and the aforementioned products R&D, design, sales, import/export and related ancillary services of similar products and their spare parts and accessories (excluding game consoles and digital satellite TV receivers); acquisition and export of non-quota license management and non-specialized commodities; technical consulting services ; advertising; packaging; warehousing;

Company name	Business Scope
	<p>logistics; solar photovoltaic grid-connected power generation and sales, energy management contract; transfer of self-developed technological achievements. Sale of oscillating atomizers. Water heaters, optical, measuring, and testing instruments and meters, smart remote controls, electronic heating components, power distributors, power conversion sockets, hardware and plastic products, precision molds, various computer cases, microcomputers, portable computers, notebook computers, and multimedia Computers and servers, data communication multimedia systems, new types of monitors, household electric heating appliances and devices, new types of power electronic components, wires and cable assemblies, power supplies, computer motherboards, materials for optoelectronics, optoelectronic equipment, active and passive components Devices, sensors, single-mode optical fibers and new technology equipment supporting communication networks, communication and network related cards, optical drives, multimedia computer video signal recording and playback equipment, digital audio and video systems, precision ceramics, optical communication ceramics Sleeves, photoelectric clamps, photoelectric manufacturing equipment, plastics and products, digital cameras and key parts, copiers, wireless phones, electronic special equipment (including mobile phone manufacturing equipment, semi-conductor manufacturing equipment, LCD panel manufacturing equipment), projectors, tin Paste, LCD digital TV, automatic peripheral equipment, mobile phone, multimedia phone, satellite navigation and positioning receiving equipment, intelligent electronic toys, automobile, home appliances and communication electronic products, zinc and aluminum alloy die-casting and processing spare parts, multi-dimensional Glasses, LCD integrated sales terminal electronic cash register, printer ink cartridges, new environmental protection and energy saving lamps, pocket data recorders and players, security products, automatic teller machines, micro cash sorting machines, solar cells, solar battery packs, smart wearable products, All types of video cameras and accessories, multimedia recording equipment, multimedia players, vending machines (including money exchange machines), automatic teller machines, solar power generation devices, game consoles, game machine enclosures, virtual reality product enclosures, software products, physical Production of networked electronic software and hardware, computer software and hardware, computer system integration, computer network technology, computer network software, computer application software, smart mobile service equipment, Class II medical devices, and similar products of the above as well as their spare parts and accessories Maintenance of precision instruments and equipment; sheet metal stamping and cutting. Processing of oscillating atomizer. The above business scope does not include terrestrial satellite TV broadcasting facilities and key components, and preparation of navigation electronic maps.</p>
Foxconn Smart Agriculture (Shenzhen) Co., Ltd.	<p>Production, sale, processing, transportation, storage, and other related services of agricultural products; intelligent agricultural management; technical services, technology development, technology consultation, technology exchange, technology transfer, and technology extension; vegetable cultivation; fresh vegetable wholesale; fresh vegetable retail; packaging Agricultural production and operation-related technology, information, and</p>

Company name	Business Scope
	facility construction and operation services.
Foxconn Electrical Industry Development (Kunshan) Co., Ltd.	Development and Production of computers and computer peripheral equipment, Servers, Mobile Phones and network communications equipment, audio-visual, film and television equipment, etc., as well as connectors, cable assemblies, optoelectronic devices, etc. of automobiles electrical systems. New Electronic Components, New Instrument Components, Precision Molds and its aforementioned products and Parts, Sales of Self-produced Products.
Foxconn Precision Components (ShenZhen) Co., Ltd.	Production and operation of electronic calculator spare parts, interface equipment and connectors, new electronic components and power electronic components, new instrument components and materials, precision molds and accessories, new display devices, electronic game machines, micro calculators and related spare parts 100% of components are exported and related spare parts. To provide after-sale service for self-produced products. Leasing of self-owned properties.
Foxconn Precision Electronics (TaiYuan) Co., Ltd.	Electronic components manufacturing; artificial intelligence application software development; network and information security software development; terminal testing equipment manufacturing; camera and equipment manufacturing; communication equipment manufacturing; network equipment manufacturing; mold manufacturing; information technology consulting services; electronic product sales; Export; communication equipment repair; display device manufacturing; mechanical equipment research and development; integrated circuit manufacturing; software development; artificial intelligence theory and algorithm software development; artificial intelligence basic software development; technical service, development consultation, exchange, transfer, and promotion; digital cultural creativity Software development; cloud computing equipment technical services; intelligent robot research and development; Internet sales; information system integration services; display component sales; other special instrument manufacturing; professional design services; special equipment repair; instrument and meter repair; electrical equipment repair; storage equipment rental data processing and storage support services; integrated circuit sales; mobile terminal equipment manufacturing; virtual reality equipment manufacturing; auto parts research and development; auto parts and accessories manufacturing; Parts manufacturing; retail of motorcycles and spare parts; bicycle manufacturing; retail of bicycles and spare parts; non-ferrous metal casting; sales of molds. Inspection and testing services.
Foxconn Precision Electronics (YanTai) Co., Ltd.	Development, production, and processing of new electronic components, mobile communication systems, base stations, switching equipment, digital trunking system equipment and their parts, electronic product testing instruments, digital cameras, key parts, and molds for the above products; assemble LCD TVs and digital TV, related technical consultation and after-sales service, and sales of the Company's self-produced products; provision of contract energy management services, wholesale of new environmental protection and energy-saving lamps; development, design, production, processing, and sales of electric and non-electric mopeds.
Fuyou Wande Trading Limited Company	Food distribution (sale of pre-packaged food); import/export of goods; production of Class II medical devices; food production; food distribution; and beverage production. Vending machine

Company name	Business Scope
	sales; technical services, technology development, technology consultation, technology exchange, technology transfer, and technology promotion; advertisement design and agency; advertisement production; advertisement release (non-radio, TV, and newspaper and magazine publishing units); sales of electronic products; Purpose Sales of commercial prepaid cards; sales of household appliances; sales of gas and liquid separation and purification equipment; sales of second-class medical equipment; sales of mechanical equipment; mechanical equipment research and development; production of labor protection supplies; sales of labor protection supplies; retail of protective equipment for medical personnel ; wholesale of protective equipment for medical personnel; production of daily masks (non-medical); sales of daily masks (non-medical); production of protective equipment for medical personnel (Class I medical devices); manufacturing of commerce, catering, and service equipment; commercial, Sale of special equipment for catering and service.
FOCAL TECH CO., LTD.	Wired Communication Equipment and Apparatus Manufacturing, Wireless Communication Equipment and Apparatus Manufacturing, Computers and Computing Peripheral Equipments Manufacturing. Wholesale of Computing and Business Machinery Equipment. Wholesale of Telecom Instruments. Wholesale of Computer Software. Retail sale of Computing and Business Machinery Equipment. Retail Sale of Telecom Instruments. International Trade, Management Consulting Services.. Software Design Services. Product Design. Telecom Radio Frequency Equipments and Materials Import, Retail Sale of Computer Software. .
FuHong Precision Components (ShenZhen) Co., Ltd.	Production and operation of plugs and sockets, plastics, molds and their parts, telecommunication connectors, computer network connectors, instruments and meters, and automatic manufacturing equipment for computer parts; 70% of products are exported. Addition: Production and operation of other new electronic components, power electronic components, and optoelectronic components; 70% of the sales added products are exported. Increase: Production and operation of computer case components, computer cooling devices, and data communication and multimedia system equipment. 70% of the value-added products are exported. Engaged in the import and export of goods and technologies.
Fu MinG Tuo property management (ShenZhen) Ltd.	Property management; rental of self-owned houses; charging and selling of motor vehicles.
Fujintong Financial Information Service(Shanghai) Co., Ltd	Technology development, transfer, consultation, and service in the field of network technology; information technology consultation services; information consultation services; information system integration services; computers, software and auxiliary equipment, environmental protection equipment, electrical equipment, electronic products, hardware products, and electronic components , mechanical equipment, communication equipment, sales of molds, and import and export of goods and technologies.
FuJin Precision Industrial (ShenZhen) Co., Ltd.	Production and operation of new electronic components, precision molds, instruments and meters, computer shells and various chassis and stamping hardware and plastic products; microcomputers, multi-function microcomputers, portable computers, notebook computers, multimedia computers and servers, data communication multimedia system equipment, New monitors, new technology equipment supporting communication

Company name	Business Scope
	networks, data and language switches, routers, communication and network related cards, and high-performance computer cards; spare parts for the above products, and mobile phone spare parts. Engaged in computer-aided design, aided manufacturing, aided testing, and other application systems, technology development and consultation of information communication network systems and other application systems, and after-sales technical services for self-produced products.
Fu Jin Ji Network Science-Technology (Henan) Co., Ltd.	Computer network technology research and development, technical services, Technology Consulting; engaged in Import / Exports of Goods and Technology; Mechanical Equipment, Mechanical Equipment components, Molds Processing components, Metal Processing components, Automation Robots and components, LED lighting equipment, metal materials, Plastic materials, Chemical Products, Packaging Materials' Sales; Computer Software's technical development and Sales; Mechanical Equipment Leasing; maintenance and technical services.
Fuyu Energy Technology (Kunshan) Co., Ltd.	Engaged in the R&D, commercial wholesale, and import/export of solar frames, photovoltaic brackets, ground piles and their spare parts, metallic fasteners, and auto parts. Investment and construction of solar photovoltaic power generation related projects, electricity operation and sales (installed capacity: 4MW), energy management contract, energy-saving products and system integration, sales of self-produced products; solar photovoltaic system integration, construction and installation, photovoltaic power generation technology consulting services.
Fuyu (Funing) Energy Technology Co., Ltd.	Research and Development, Processing, assembly of Solar Cells, Photovoltaic application products and related components.
Fuyu properties (Shanghai) Co., Ltd	Items permitted: Development and management of real estate. General categories: non-residential real estate leasing; property management; parking lot services; information consulting services (excluding licensing information consulting services); corporate management; sales of daily necessities; clothing wholesale; clothing retail.
BREAKTIME INC.	Data Storage Media Manufacturing and Duplicating, Wholesale of Computer Software., Retail Sale of Computer Software. , Retail sale of Others, Retail Business Without Shop. , Other Consultancy, International Trade, Intellectual Property. , Investment Consultancy, Management Consulting Services. , Other Consultancy. , Software Design Services. , Data Processing Services. , Digital Information Supply Services. , the third party payment, General Advertising Services. , Leaflet Distribution, network certification service industry, Market research and survey industry, Other Industry and Commerce Services Not Elsewhere Classified. .
FuZhun Precision Tooling (HuaiAn) Co., Ltd.	Development, production, and processing of fine blanking dies, precision cavity molds, and mold standard parts; electronic special equipment, testing instruments, tools and molds; computer plastic enclosure components, computer metal enclosure components, and other new electronic components and their accessories and related software development. Sale of self-produced products.
FUZHUN PRECISION TOOLING (JIASHAN) CO., LTD	Manufacturing of electronic components and electromechanical components; manufacturing of metal tools; manufacturing of industrial automatic control system devices; manufacturing of numerical control machine tools; manufacturing of electronic measuring instruments; manufacturing of industrial robots; manufacturing of special operation robots; manufacturing of

Company name	Business Scope
	<p>service and consumer robots; research and development of intelligent robots; Control system integration; industrial control computer and system manufacturing; computer software, hardware and peripheral equipment manufacturing; audio equipment manufacturing; household appliances manufacturing; environmental protection equipment manufacturing; plastic product manufacturing; metallic material manufacturing; non-ferrous metal alloy manufacturing; mold manufacturing; Non-ferrous metal rolling; processing of mechanical parts and spare parts; artificial intelligence general application system; special equipment repair; general equipment repair; electrical equipment repair; manufacturing of automated high-bay storage equipment and digital audio (video) encoding/decoding equipment. Items permitted: Manufacture of Class II medical devices; production of Class III medical devices; and import/export of goods.</p>
FuJin Precision Industrial (JinCheng) Co., Ltd.	<p>Development, design, production, and sales of industrial precision molds for electronic components, precision mold components, automated machinery precision components, and metal mold components; development, production, and sales of materials for semi-conductor components, new electronic components, electronic components Specialized equipment, standardized refining of ceramic raw materials, provision of precision plastic products, and after-sales service; development and production of digital cameras and key components.</p>
FuTaiJing Precision Electronics (BeiJing) Co., Ltd	<p>General categories: manufacturing of electronic components; manufacturing of televisions; manufacturing of mobile terminal equipment; manufacturing of mobile communication equipment; manufacturing of communication equipment; manufacturing of general-purpose equipment (excluding manufacturing of special equipment); manufacturing of special-purpose equipment (excluding manufacturing of licensed professional equipment); Mechanical and electrical equipment manufacturing; electronic measuring instrument manufacturing; terminal measuring equipment manufacturing; film and television recording/playback equipment manufacturing; camera and equipment manufacturing; household appliances manufacturing; intelligent unmanned aerial vehicle manufacturing; computer software, hardware and peripheral equipment manufacturing; digital home product manufacturing; virtual reality Equipment manufacturing; wearable smart device manufacturing; smart home consumer device manufacturing; cultural and office equipment manufacturing; auto parts and accessories manufacturing; industrial robot manufacturing; intelligent vehicle equipment manufacturing; navigation terminal manufacturing; satellite mobile communication terminal manufacturing; service consumption Robot manufacturing; electronic equipment manufacturing; electronic (gas) physical equipment and other electronic equipment manufacturing; network equipment manufacturing; security equipment manufacturing; information security equipment manufacturing; audio equipment manufacturing; Internet equipment manufacturing; Internet of Things equipment manufacturing; gas and liquid separation and pure equipment manufacturing; mold manufacturing; technical service, technology development, technology consultation, technology exchange, technology transfer, technology promotion; information system integration service; artificial intelligence industry application system integration service; domestic trade agency; procurement</p>

Company name	Business Scope
	agency service; sales agency; Import and export of goods; import and export of technology; import and export agency. Items permitted: Manufacture of radio and television transmission equipment; production of sterilization instruments; production of Class II medical devices; and production of Class III medical devices.
Futaijing Precision Electronics Yantai Co., Ltd.	R&D and Processing of New Electronic Components, Mobile Communication Systems (including Mobile Phones), Digital Clustering System Equipment and its components, Electronic Products Testing Equipment, Digital Camera Modules and key components, Electronic Products components, Sales of Self-produced Products And provide self-developed Technology Consulting, technical services; electronic equipment and its raw materials, wholesale of parts and components and its Import/Export.
Fu Tai International Investment Co., Ltd	General investment, venture capital, investment consulting, and management consulting.
FuTaiKang Electronics Development (YanTai) Ltd.	Research and development of large and medium-sized electronic computers, portable electronic computers, industrial PCs, new electronic components, electronic special equipment, new instrument components, fine blanking dies, standard mold parts, and spare parts for the above products; research, development, and sales of high-end routers, Appearance design and mechanical component structure of network switches, high-capacity optical (magnetic) disk drives and their components, digital cameras and key components, integrated circuits, system integrated circuits, operating systems, software systems, servers, game consoles, mobile phones, etc. Design: automobile and motorcycle mold and jig design; information technology consultation and service; import and export of goods and technologies, import and export agency; transfer of own research and development results.
FuTaiKang Precision Components (ShenZhen) Co., Ltd	Production and operation of various new electronic components and tools, various types of printed circuit boards, power plugs, sockets and computer peripheral equipment. 70% of products are exported. Increase: Production and operation of electronic game consoles, digital audio and video systems and their spare parts (excluding televisions and products restricted by the state), microcomputers, computer cases and their related stamping hardware and plastic parts. Among the sales added products, 100% of digital audio and video systems and their spare parts are exported; 70% of other products are exported. Increase: Production and operation of data communication multimedia system equipment, new technology equipment supporting communication networks, and mobile phone spare parts. 5% of the value-added products are exported. Addition: Production and operation of data and voice switches, routers, and related accessories; engagement in information and communication system network technology development and technical consultation; provision of after-sales technical services for self-produced products; export sales increased by 70%.
FuTaiJie Science & Technology Development (ShenZhe	Research and development of mobile phone spare parts, electronic game consoles and their spare parts, and electronic products and their spare parts; electronic components, computer software and hardware and their spare parts, electronic products and their spare parts, mechanical equipment and their spare parts, games and entertainment Research and development, wholesale, technical consultation, import and export of equipment and

Company name	Business Scope
	<p>chemical products, and transfer of self-developed technological achievements and after-sales service of the above products; import and export of goods and technologies (excluding distribution and state-controlled products); Enterprise management information consultation; lease of self-owned properties; outsourcing of system application management and maintenance, information technology support management, financial settlement, and data processing by way of service outsourcing; non-ferrous metals (solder paste, tin bars, tin ingots and other tin products) materials, copper rods, copper tapes, phosphor bronze balls, copper foils, copper alloys and other copper materials); wholesale, import and export of disposable medical masks, N95 masks, forehead thermometers, and related ancillary services; smart factories R&D and design of overall system solutions; R&D and design of intelligent production lines and intelligent manufacturing equipment; emerging energy and energy conservation technology services. R&D of emerging energy technologies; sales of electrical accessories for new energy vehicles; sales of intelligent transmission and distribution and control equipment; sales of photovoltaic equipment and components; solar power generation technology services; sales of solar thermal power generation equipment; sales of solar thermal power generation products. Production and operation of mobile phone spare parts, electronic game consoles and their spare parts, electronic products and their spare parts; electronic components and spare parts, computer software and hardware and their spare parts, electronic products and their spare parts, and mechanical equipment and their spare parts of maintenance services. Installation, maintenance, and testing of transmission, supply, and reception facilities; and electricity generation, transmission, and supply (distribution).</p>
FuTaiHua Industrial (ShenZhen) Limited	<p>Sales of charging piles; sales of electric bicycles; sales of e-bikes, mobility scooters and spare parts; sales of smart home consumer equipment. Electricity transmission, distribution, and control equipment; smart home consumer equipment; mopeds; development, design, production, and operation of game consoles and their spare parts, pneumatic control components, mobile power supplies, mobile phones, mobile communication systems and their spare parts, and computer mainframes PCB and peripheral equipment, hardware and plastic products, precision molds, microcomputers, portable computers, notebook computers, data communication multimedia systems, new monitors, and digital audio and video systems. Engaged in the acquisition and export of commodities that are not subject to quota and license management, and non-specialized in trading, and packaging. Production and operation of large and medium-sized computers, liquid crystal display spare parts; operation of environmental protection (sewage treatment) facilities; production and operation of mobile communication equipment (including wearable devices), auto parts, POS systems, and smart pens); Wholesale of Abrasives. Production and processing of wireless communication testers and toys. Digital products, electronic products, computer software and hardware and auxiliary equipment, household appliances, after-sales consultation and on-site installation and maintenance; engaged in similar products of the above products and computer software and hardware, smart equipment, smart electronic products, Class I medical devices, R&D, wholesale, technical consultation, technical service, import and export of smart home</p>

Company name	Business Scope
	equipment software and hardware, sanitary ware and furniture, and transfer of self-developed technical results. Provide nursing service and nursing consultation for the elderly. Catering management; Catering services.
Futaihua Precision Industry (Weihai) Co., Ltd.	Manufacturing and sale of molds; sale of chemical products; manufacturing of metallic materials; manufacturing of metal processing machinery; processing of mechanical parts and spare parts; metal cutting services; research and development of mechanical equipment; manufacturing of electronic components; copying and offset printing equipment manufacturing; copying and offset printing equipment sales Cultural and office equipment manufacturing; office equipment sales; office equipment consumables manufacturing; sales of office equipment consumables; additive manufacturing equipment manufacturing; additive manufacturing equipment sales; non-residential real estate leasing; import and export of goods; technology import and export.
FuTaiHua Precision Electronics (ChengDu) Co., Ltd.	Manufacturing, R&D, sales, and technical services of wearable smart devices, projection equipment, and spare parts; design and manufacturing of metal molds, non-metallic products molds, jigs, calibration jigs, and their spare parts; information and communication services Technical development and consultation of network systems and other application systems; packaging; warehousing; cutting, bending, and welding of various steel plates and aluminum (profile); development, production, and maintenance of automated equipment and related accessories wholesale and retail of electronic products, digital products, computer software and hardware and their auxiliary equipment, and household appliances; technical services and after-sales consulting, installation and maintenance services; engaged in the wholesale, import and export of similar products Ancillary services; after-sales service for self-produced products and technical services for spare parts; mechanical equipment rental; design, production, agency, and release of advertisements (excluding balloon advertisements); photography services; marketing planning; decoration engineering design and construction (Operation by qualification); organization and planning of cultural and artistic exchange activities; graphic design and production; business management consulting; education consulting; human resource intermediary services; quality inspection technical services; production and sales of Class II medical devices; production and sales of daily masks (non-medical) production and sales; processing, manufacturing, wholesale and retail of plastic products; recycling and utilization of renewable resources.
FuNeng New Energy Technology (Nanyang) Co., Ltd.	Provide technical diagnosis of energy consumption and design of energy-saving projects, technical energy-saving transformation of lighting system, professional services of operation and maintenance management; New Energy technology service field and planning and technical services of energy-saving and intelligent products, and energy-saving project transformation projects.
FLNET CO., LTD.	Computing Equipments Installation Construction., Computing Equipments Installation Construction, Wholesale of Computing and Business Machinery Equipment, Wholesale of Telecom Instruments, Wholesale of Computer Software, Wholesale of Electronic Materials, Retail sale of Computing and Business Machinery Equipment, Retail Sale of Telecom Instruments, Retail

Company name	Business Scope
	Sale of Computer Software, Retail Sale of Electronic Materials, Retail sale of Others, Retail Business Without Shop, Other Consultancy, International Trade, Restrained Telecom Radio Frequency Equipments and Materials Import, Telecommunications Number Agencies, Other Industry and Commerce Services Not Elsewhere Classified, Warehousing and Storage, Cargoes Packaging, Wholesale of Stationery Articles, Musical Instruments and Educational Entertainment Articles, Retail sale of Stationery Articles, Musical Instruments and Educational Entertainment Articles, Other machinery and appliances wholesale, retail, Retail Sale of Household Appliance, Wholesale of Motor Vehicle Parts and Supplies, Automobile, motorcycle parts and equipment retail industry, Battery Distributor, battery retail, General Advertising Services, Leaflet Distribution, Arts and Literature Service., Agency Services, Rental and Leasing Business. , Software Design Services. , Data Processing Services. , network certification service industry.
FuDing Precision Components (ShenZhen) Co., Ltd.	Production and operation of various plugs and sockets, plastic products, molds and their parts, telecommunication connectors, instrumentation equipment, and new electronic components; 70% of products are exported. Research and development, production and operation of mobile phone related spare parts, various power distribution switches, Bluetooth speakers, wireless audio and video sharing devices, cartons, foam, non-standard automated equipment, automatic optical testing equipment, and automated equipment; engaged in the above products and their spare parts, accessories and Wholesale, import and export of similar commodities, technical consultation, technical services, and related ancillary services; transfer of self-developed technical achievements; on-site installation, maintenance, and after-sales service of the above products.
FIH (TIANJIN) PRECISION INDUSTRY CO., LTD.	Development, Processing, Sales and Maintenance Third Generation and Subsequent Generations of Mobile Communication Systems and Mobile Phones, New Electronic Components, Mobile Communication Systems, base stations, Switching Equipment and Digital Clustering System Equipment and their parts, Electronic Products Testing Equipment, Digital Cameras and key parts and Molds related to the above products, and provide related Technology Consulting and after-sales service; Self-owned Factory Lease.
FIH (NANJING) COMMUNICATION CO., LTD.	Development and manufacturing of third-generation and subsequent mobile communication system mobile phones; development and testing of computer and mobile phone related software and hardware, system integration, application services, and related technical services; 2G/3G mobile phones, smart phones, network cards, tablet computers and other communication products, Import/export, wholesale, commission agency (excluding auction) and related ancillary services of communication modules and software. General categories: IoT equipment manufacturing; IoT technology research and development; IoT equipment sales; IoT technology services; software development; AI hardware sales; smart vehicle equipment sales; smart robot sales; wholesale of electronic components; import/export agency; goods Import and export; wholesale of computer software, hardware and auxiliary equipment; computer and office equipment maintenance; sales of network equipment; sales of electronic products; sales of optoelectronic components; repair of communication equipment;

Company name	Business Scope
	<p>manufacturing of intelligent unmanned aerial vehicles; sales of intelligent unmanned aerial vehicles; manufacturing of display components; display components Sales; sales of household appliances; technical services, technology development, technology consultation, technology exchange, technology transfer, and technology promotion; retail of computer software, hardware and auxiliary equipment; 5G communication technology services; daily appliance repair; research and development of intelligent robots; special operations Manufacturing of robots.</p>
FIH CO., LTD.	<p>Management Consulting Services, Wholesale of Telecom Instruments, Retail Sale of Telecom Instruments, Wholesale of Electronic Materials, Retail Sale of Electronic Materials, Product Designing, Software Design Services, Restrained Telecom Radio Frequency Equipments and Materials Import.</p>
Fuzhikang Precision Components (BeiJing) Co., Ltd.	<p>Electronic (gas) physical equipment and other electronic equipment manufacturing; electronic component manufacturing; mold manufacturing; mold sales; computer software, hardware and peripheral equipment manufacturing; mobile terminal equipment manufacturing; mobile communication equipment manufacturing; communication equipment manufacturing; general equipment manufacturing (Special equipment manufacturing); domestic trade agency; procurement agency service; sales agency; goods import and export; technology import and export; import and export agency; technical service, technology development, technology consultation, technology exchange, technology transfer, technology promotion; environmental protection Manufacturing of special-purpose equipment; manufacturing of gas and liquid separation and purification equipment; manufacturing of plastic products; manufacturing of service and consumer robots; research and development of intelligent robots; research and development of Internet of Things technology; manufacturing of auto parts and accessories; manufacturing of radio and television equipment (excluding radio and television transmission equipment) equipment); production of Class I medical devices; research and development of metal products; manufacturing of daily necessities; application system integration services in the artificial intelligence industry; manufacturing of film and television recording and reproducing equipment; manufacturing of TV sets; manufacturing of Internet equipment; manufacturing of Internet of Things equipment; and manufacturing of cameras and equipment; Mechanical and electrical equipment manufacturing; household appliances manufacturing; intelligent unmanned aerial vehicle manufacturing; virtual reality equipment manufacturing; wearable smart equipment manufacturing; smart home consumer equipment manufacturing; cultural and office equipment manufacturing; smart vehicle equipment manufacturing; network equipment manufacturing; security equipment manufacturing ; information security equipment manufacturing; digital home product manufacturing; property management; wholesale of electronic components; wholesale of computer software, hardware and auxiliary equipment; sales of mobile terminal equipment; sales of mobile communication equipment; sales of communication equipment; sales of environmental protection equipment; gas, Sales of liquid separation and purification equipment; sales of plastic products; sales of consumer service robots; sales of intelligent robots; wholesale of auto parts; sales of Class I medical equipment; sales of metal products; sales of daily sundries; sales of</p>

Company name	Business Scope
	household appliances; sales of Internet equipment; Internet of Things equipment sales; sales of cameras and equipment; sales of mechanical and electrical equipment; sales of intelligent unmanned aerial vehicles; sales of smart wearable devices; sales of smart home consumer equipment; sales of smart vehicle equipment; sales of network equipment; sales of security equipment; sales of information security equipment. Production of sterilization instruments; production of Class II medical devices; production of Class III medical devices; production of plastic food packaging containers and tools.
Fuzhikang Precision Electronics (LangFang) Co., Ltd.	Development, production, and processing of new electronic components; mobile communication systems, mobile phones, base stations, switching equipment, digital trunking system equipment, and their parts; portable microcomputers, light flat panel displays, and their parts; electronic product testing instruments; digital cameras and key parts thereof; manufacturing of multimedia electronic products, electronic equipment and their parts and components; manufacturing and equipment maintenance of automated equipment and electronic special equipment (including mobile phone manufacturing equipment, semi-conductor manufacturing equipment, and LCD panel manufacturing equipment); precision instruments, robotic equipment and machinery. Manufacturing of processed spare parts; manufacturing of auto parts and accessories; and the provision of related testing tools, dies, jigs, and jigs for the above products, and provision of related testing services and self-developed technical services, technical consultation, technical training, and after-sales service; Sale of the Company's self-produced products; wholesale, import/export, and commission agency of similar products of the above-mentioned products, as well as cutting tools and consumables for self-made products.
Fuxiang Private equity investment fund joint ventur	Equity investment, industrial investment, investment consulting, investment management, business management consulting, business information consulting.
FuXiang Precision Industrial (KunShan) Co., Ltd.	Research, development, production, and processing of new electronic components (new electromechanical components); new instrument components, precision molds, tooling and molds; portable computers and components; electronic special equipment, testing instruments, three-axis or more linked numerical control machine tools, numerical control systems, and servo device, digital TV, new flat panel display devices, digital sound reproduction equipment, digital audio and video encoding/decoding equipment, touch control system (touch screen, touch components, etc.), smart home equipment, medical instruments and equipment, film and television recording and playback equipment , communication system equipment, smart consumer equipment, and the development of spare parts and related software for the above products; PC+ABS, halogen-free flame retardant PC+ABS, PC+ABS+glass fiber, ABS+PMMA, ABS+PET and other plastic alloys; waste plastics and sale of self-produced products.
FuHuaJie Industrial (ShenZhen) Limited	Production and operation of multimedia phones, packaging, portable microcomputers, new flat panel display devices, computer aided design, aided testing, printers, mobile phones, digital audio and video systems, printer ink cartridges, digital cameras and their components, and game consoles. Wholesale, import and export of similar commodities mentioned above, optoelectronic products, solid state lighting sources (LED and similar products), lamps and

Company name	Business Scope
	accessories, and related ancillary services.
FU HUAKE PRECISION INDUSTRY (SHENZHEN) CO. LTD.	Electronic information technology, network and communication technology software product development Design; graphic image recognition and processing system development; software product development; wireless local area network (including support for WAPI), wide area Network Equipment development; mobile communication system Mobile Phones, base stations, Development of core network equipment and network testing equipment.
FuhuaKe Precision Industry (GuiZhou) Co., Ltd.	Development, production, and operation of consumer electronic product motherboards, power boards, photoelectric boards, driver boards, light bars, and their spare parts; sales of consumer electronic products and their spare parts, and surface adhesion technology equipment; testing and maintenance of self-produced products and after-sale service. Engaged in the sale, import and export of the above products, their spare parts, and general goods, and related ancillary services. Equipment rental service.
FUGUIKANG PRECISION ELECTRONICS (GUIZHOU) CO., LTD.	Research, development, production, and sale of medium and large TVs, medium and large computers, portable computers, desktop computers, multimedia data processors, mobile communication systems and equipment, new electronic components, electronic whiteboards, video walls, new energy, and energy-saving products. LED lamps, solar lighting systems, smart light poles, multimedia network smart phones, new game consoles, electronic digital products, smart monitoring equipment, servers, automatic optical switching network equipment, high-speed storage systems and smart storage devices, network signal analyzers and Peripherals and related spare parts for the above products, software and hardware application system integration, and after-sales maintenance services. Research and development, manufacturing, testing, installation, and maintenance of LED display products, energy-saving renovation of lighting systems, and energy contract management (EMC) of urban lighting intelligent control systems. Engaged in the import, export and wholesale of products not produced by the above companies (excluding game consoles), and related ancillary services. Operation of environmental protection (sewage treatment, waste gas treatment) facilities, environmental protection technical services, and labor services (excluding labor dispatch).
FuYang Soleros Technology(NANAYNG) CO., LTD	Photovoltaic Power Generation; investment, procurement, sales, and management of New Energy projects such as Photovoltaic Power Generation, system integration, and related supporting facilities, equipment; and related technology development and application, consulting services; investment management and investment consulting.
FUMENG ELECTRONICAL TECHNOLOGY (HEZE) CO., LTD	R&D, Development, Processing are used for electronic connectors, cable components, New Electronic Components, New Instrument Components for computers and computer peripheral equipment, Servers, network communications equipment, audio-visual, film and television equipment, and automobiles electrical systems; the above products and Parts and related Software development; Sales of Self-produced Products.
Fu Sheng Optoelectronics Technology(Kunshan) Co., Ltd	Development and manufacturing of optoelectronics technology, Technology Transfer, Technology Consulting, technical services, optical communication modules, high-speed connectors and cables; development and testing of New Energyautomobiles charging systems, Sales of Self-produced Products; Optoelectronics Sales of the product. Manufacturing of auto parts

Company name	Business Scope
	and accessories.
FuDing Electronic Technology (JiaShan) Co., Ltd.	<p>Manufacturing of electronic components and electromechanical components; sales of electronic components and electromechanical components; manufacturing of numerical control machine tools; selling of numerical control machine tools; manufacturing of electronic measuring instruments; selling of electronic measuring instruments; manufacturing of industrial robots; selling of industrial robots; manufacturing of special robots; services Manufacturing of consumer robots; sales of consumer robots; research and development of intelligent robots; manufacturing of computer software, hardware and peripheral equipment; wholesale of computer software, hardware and auxiliary equipment; retail of computer software, hardware and auxiliary equipment; manufacturing of industrial control computers and systems; industrial control Sales of computers and systems; audio equipment manufacturing; audio equipment sales; mold manufacturing; mold sales; processing of mechanical parts and spare parts; sales of mechanical parts and spare parts; general artificial intelligence application system; production of daily masks (non-medical); daily Sales of face masks (non-medical); production of labor protection supplies; sales of labor protection supplies; sewage treatment and recycling; sales of intelligent robots; manufacturing of material handling equipment; sales of material handling equipment; sales of intelligent storage equipment; manufacturing of radio and television equipment (excluding radio and television transmission equipment); sale of Class II medical equipment; rental of Class II medical equipment; wholesale of medical masks. Items permitted: Production of Class II medical devices; production of Class III medical devices; production of medical masks; business in Class III medical devices.</p>
FuDing Precision Industrial (ZhengZhou) Co., Ltd.	<p>Development and Production of New Electronic Components, electronic special materials, Electronic-specific Equipment, Testing Equipment, Tooling, portable Micro-Computers, High-End Routers, high-end Servers, Computer Digital Signal Processing Systems and Boards, Solar Cells, third generation and Subsequent communication systems Mobile Phones, Digital Audio and Video Decoding Devices, digital sound reproduction equipment, automobile electronic devices and parts of the above-mentioned products; Design and manufacturing of metals and non-Sheet Metal Products Molds; Development of high-tech non-ferrous metals materials; Scrap Plastic digestion and reuse; Sales of Self-produced Products; Development and DevelopmentOperationAutomation Equipment, related and Parts, and equipment maintenance and after-sales service.</p>
Rich Dreams Network Technology (Hangzhou) Limited	<p>Services: Technology development, service, consultation, and transfer of computer software and hardware; outsourced product inspection, testing, and sample proofing; sales (including online sales): computer software and hardware, photographic equipment, electronic components, hardware and electrical equipment, office supplies, ceramics, handicrafts, mobile phones and accessories, auto parts, electronic products, toys (except simulation toys); consigned enterprise asset management; import and export of goods and technologies.</p>
Fuhong Cloud Computing (TianJin) Co., Ltd.	<p>Import and export of goods. Manufacture of computer software, hardware and peripheral equipment; wholesale of computer software, hardware and auxiliary equipment; retail of computer</p>

Company name	Business Scope
	software, hardware and auxiliary equipment; sales of cloud computing equipment; manufacturing of cloud computing equipment; Internet data services; mold manufacturing; mold sales; software development; Technical service, development, consultation, exchange, transfer, and promotion; computer and communication equipment leasing; non-residential real estate leasing.
Fulian Allion (Beijing) Trading Co., Ltd.	Retail sale of computer software, hardware and auxiliary equipment; wholesale of computer software, hardware and auxiliary equipment; retail of electronic components; wholesale of electronic components; retail of hardware products; wholesale of hardware products; sale of software; sale of communication equipment; sale of mechanical equipment; sale of electronic products ; sales of electrical equipment; computer system services; procurement agency services; import and export of goods; software development; technical services, technology development, technology consultation, technology exchange, technology transfer, and technology promotion; sales agency; computer software, hardware and peripheral equipment manufacturing; Trading brokerage; import/export agency.
Fulian Excellence Technology (Shaoxing) Co., Ltd.	Technical service, technology development, technology consultation, technology exchange, technology transfer, technology promotion; software development; mechanical equipment research and development; electronic components and electromechanical components equipment manufacturing; electronic special equipment manufacturing; electronic components manufacturing; electronic components and electromechanical components Equipment sales; sales of electronic equipment; sales of electronic products; computer and communication equipment rental; smart storage equipment sales; retail of computer software, hardware and auxiliary equipment; wholesale of computer software, hardware and auxiliary equipment; sales of communication equipment; import/export agency; goods Import and export; technology import and export.
ShanXi Yuding Precision Technology Co., Ltd.	Production and operation of third-generation and subsequent mobile communication system mobile phones, base stations, core network equipment, network testing equipment and their spare parts, new electronic components and their spare parts, portable medical electronic products, digital audio and video decoding equipment and Parts; research and development of metal and non-metallic materials and products, heat treatment and surface treatment technology research and development, and design and manufacturing of product molds; development, preparation and application of process consumables; bonded warehousing and logistics, maintenance and testing, and after-sales service Business provision of related technical consultation and after-sale service, and sale of the Company's self-produced products; intelligent manufacturing upgrade, intelligent automation of whole plant connection, automation equipment, computer software and hardware and peripheral equipment, smart city system, industrial manufacturing control software; Technical development, technical consultation, technology transfer, R&D, design, manufacturing, sales, and maintenance of industrial robots; engaged in the import and export business of the above-mentioned related products.
FULIAN TECHNOLOGY (ZHOU KOU) CO., LTD	General category: mobile terminal equipment manufacturing; mobile communication equipment manufacturing; communication equipment manufacturing; wearable smart device manufacturing;

Company name	Business Scope
	electronic components manufacturing; audio equipment manufacturing; computer software, hardware and peripheral equipment manufacturing; electronic special-purpose materials manufacturing; metal cutting processing services Manufacturing of metal materials; manufacturing of molds; processing of mechanical parts and spare parts; sales of mobile terminal equipment; sales of mobile communication equipment; sales of communication equipment; sales of audio equipment; sales of electronic special materials; sales of molds; sales of metallic materials; repair of metal products; mechanical Sale of spare parts; sale of renewable resources; research and development of new materials technology; general cargo warehousing services (excluding hazardous chemicals and other items that require licensing). Export; technology import and export.
Fulian Technology (Wuhan) Co., Ltd.	Production of Mobile Communication Systems, Mobile Phones and Parts, Base Stations, core network equipment and network detection equipment and their components, New Electronic Components, portable medical electronic products, digital audio and video decoding equipment and their Components are engaged in the research ;Research And Development Of Metal, Non-Metallic Materials and Products;Heat Treatment and Surface Treatment Process Development and Mold Design, Manufacturing, Wholesale and Retail;Maintenance Inspection Services for Products of the Company;;Warehousing Services;Industrial Robots, Peripheral Automation Fixtures, mechanical Processing and Parts technology development, Development, wholesale; smart home products and their parts, smart wearable products and parts, plastics, Hardware Products, portable automatic data processing equipment, portable electronic browsers, Remote Control , Speakers, smart car Electronic Products, car networking terminal equipment and parts research and development, Development and Sales; import and export of goods, Import / Export of Technology, Export Agent.
Fulian Technology (Jincheng) Co., Ltd.	Development, Production, Sales and Related Technical Services of Mobile Communication Terminal Equipment and Parts, Digital Audio and Video Decoding Equipment and Parts, Mechanical Automation Equipment and Parts, Electronic Components and Molds; Development, Production, Wholesale, and Maintenance of Multifunctional Industrial Robots; Import / Export of Goods.
FULIAN TECHNOLOGY(JIYUAN)CO., LTD.	Production and Operation of Third-Generation and Subsequent Generations of Mobile Communication Systems and Mobile Phones, base stations, core network equipment and network detection equipment and their components, New Electronic Components, digital audio and video decoding equipment and their Components are engaged in the research ;Automation Equipment detection and research and development, precision motion control, mechanism simulation, opto-electromechanical control system, artificial intelligence application integration technology research, realize intelligent manufacturing SCADA/ BCS, M2M, intelligent decision control, machine learning diagnosis and prediction, green energy-saving management The introduction, optimization, and promotion of core application systems; the development and introduction of key modules/ equipment such as precision and flexible assembly and inspection of small components, automatic detection of product appearance/ size/ structural defects; mobile communication system Mobile Phones research and development and related software and hardware research and development,

Company name	Business Scope
	testing, System integration, application services and related technical services; engaged in the Design and manufacturing of Metal / Non-Metal Products Mold; and the maintenance and Warehousing and Storage services of the above products.
Fulian Lankao Yuzhan Intelligent Manufacturing Technology Co., Ltd	Production and operation of third-generation and subsequent generations of mobile communication systems, mobile phones, , base stations, core network equipment and network detection equipment and their components, new electronic components and their accessories, portable medical electronic products, digital audio, video decoding equipment and its parts;research and development of metal and non-metallic materials and products, heat treatment and surface treatment process research and development, product mold design and manufacturing;development, preparation and application of consumables for processing;logistics services, Warehousing Services (Flammable, Combustable, Exception of Sales of Hazardous Chemicals); Maintenance testing and after-sales service; technology development in the field of smart equipment, Automation Equipment, electronic components, and computers, Technology Transfer, Technology Consulting, technical service and related product sales and leasing in the field of smart equipment(excluding financial leasing);Import / Export Businesses of Goods And Technology.
FULIAN TECHNOLOGY(HEBI)CO., LTD.	Permits: import/export of goods; import/export of technology; warehousing services for customs-supervised goods (excluding hazardous chemicals and dangerous goods); labor dispatch services. General categories: mobile terminal equipment manufacturing; mobile communication equipment manufacturing; communication equipment manufacturing; wearable smart device manufacturing; electronic components manufacturing; audio equipment manufacturing; computer software, hardware and peripheral equipment manufacturing; electronic materials manufacturing; plastic product manufacturing; Metal material manufacturing; mold manufacturing; metal cutting service; metal surface treatment and heat treatment; communication equipment repair; processing of mechanical parts and spare parts; metal product repair; mobile terminal equipment sales; mobile communication equipment sales; communication equipment sales; wearable device sales of intelligent equipment; sales of audio equipment; sales of molds; sales of metallic materials; sales of mechanical parts and components; new material technology promotion services; industrial design services; mechanical equipment rental; non-residential real estate rental; general cargo storage services (excluding hazardous chemicals items that require approval)
BaiChang Technology Service(Tianjin) CO.LTD.	General categories: information technology consulting services; cloud computing equipment technology services; Internet data services; software development; data processing and storage support services; computer system services; information system operation and maintenance services; computer hardware and software and peripheral equipment manufacturing; computer hardware and software Wholesale of computer software and hardware and auxiliary equipment; retail of computer software, hardware and auxiliary equipment; cloud computing equipment manufacturing; cloud computing equipment sales; network equipment manufacturing; network equipment sales; mold manufacturing; mold sales; mechanical parts and spare parts

Company name	Business Scope
	processing; general equipment repair; Professional repair of communication transmission equipment; professional repair of communication switching equipment; professional equipment repair; technical service, technology development, technology consultation, technology exchange, technology transfer, technology promotion; computer and office equipment maintenance; import and export of goods. License: warehousing services for customs-supervised goods (excluding hazardous chemicals and dangerous goods).
Amworld Microsystems (ShangHai) Ltd.	R&D and Production of New Electronic Components, Digital Audio and Video Decoding Equipment, Broadband Access Network Communication System Equipment, Optical Cross-connect Equipment, Production Parts and Related Software for the Abovementioned Products, Sales of the Company's Own Products and Products of Similar Categories, Providing Related After-sales Services, Computer Hardware and Software and Supporting Equipment, Electronic Products and Accessories, Security equipment, smart home, communications equipment, Network Equipment, Industrial Automation Equipment, Instruments, Solar photovoltaic equipment and accessories, Sales of Sheet Metal Products, Medical Equipment Operation, Health Management Consulting, Computer System Integration, Computer Software Hardware Development, Engaged in Computers, Networks Technology Consulting, Technology Transfer, technical services, technology development, technology e-commerce, Corporate Information Consulting, Engaged in Import / Export Businesses of Goods and Technology.
Ambit Microsystems (ShangHai) Ltd.	Production and processing of new electronic components (chip electronic components, power electronic components, optoelectronic components, production of sensitive components and sensors, power amplifiers, low-noise amplifiers, wireless transmission modules), digital audio and video encoding/decoding Equipment (STB set-top box, client media access gateway (IAD, MTA), video phone, voice splitter), network, communication system equipment, Asynchronous Transfer Mode (ATM) and IP data communication system, network switch, router, digital Microwave synchronous system transmission equipment; optical synchronous and optical crossover series transmission and connection equipment; notebook computers, liquid crystal displays, mobile phone enclosures and modules, computer heat sinks and modules; precision molds and mold standard parts, cables, connectors, electronic parts Computers, servers, game consoles, music players, handheld computers, telephones, digital cameras, projectors, DVD players, portable DVD players, music players (MP3), video players (MP4\MP5) and the above products satellite TV broadcasting terrestrial receiving facilities (100% of the products are exported), satellite navigation and positioning receiving equipment, auto parts; packaging and printing, production of engineering plastics and plastic alloys, and digestion and reuse of waste plastics. Production of spare parts for the above products, development of related software, maintenance and commercial inspection of the above products, sales of the Company's self-produced products, and research, development, and pilot testing of processing technologies for the above products (including cooperation with domestic scientific research institutions (including research and development), transfer of self-developed research results, warehousing services, and engaging in

Company name	Business Scope
	the import and export of goods and technologies.
FULIAN SYSTEM INTEGRATION ELECTRONICS (HANGZHOU) CO., LTD.	Research, Production, Sales and Technical Promotion of Pneumatic Control Components, Hard Alloys, Single Crystal and Polycrystalline Diamond Materials, Liquid Metals, Cutting Tools, Screwing Taps and Parts;import and export of goods, Import / Export of Goods and Technology;Research and Development, Production, Sales, Repair, Technical Services of Automation Equipment and Components;Automation Equipment modification, relocation, repair, ad maintenance services.
FULIAN SYSTEM INTEGRATION ELECTRONICS (HAINING) CO., LTD.	R&D, manufacturing, and processing: new electronic components, broadband access network communication system equipment, high-end routers, high-end switches, servers, and spare parts for the above products; provide after-sales service; operate the export business of the company's own products and the company. Import business of necessary mechanical equipment, spare parts, original auxiliary materials and technology.
Fulian Fu Jia Zhichuang (Shenzhen) Technology Co., Ltd.	Spare parts of security products, servers, storage, network switches, routers, video equipment, data terminal equipment, modems, wireless terminal equipment, wired terminal equipment, communication network equipment, microcomputers, security products and their spare parts, data cables, Research and development and sales of electronic products and their spare parts, calculator interface equipment, speakers and their spare parts; development and design of industrial Internet software and hardware; technical consultation, technology transfer, and technical service of databases and computer networks; computer software development; Engaged in advertising; business management consulting; technology development, technology consultation, technology transfer, and technology services for storage memory, network switches, routers, video equipment, data terminal equipment, modems, wireless terminal equipment, wired terminal equipment, communication network equipment, and computer software ; operation of e-commerce; domestic trade; business information consultation; leasing of electronic products and spare parts; operation of import and export business. Internet information service.
Fulian Fu Ji Yun(Shenzhen) Technology Co., Ltd.	Industrial automation engineering technology R&D and design; security product spare parts, servers, memory, network switches, routers, video equipment, data terminal equipment, modems, wireless terminal equipment, wired terminal equipment, communication network equipment, microcomputers, security products and Research and development and sales of spare parts, data cables, electronic products and their spare parts, calculator interface equipment, speakers and their spare parts; development and design of industrial Internet software and hardware; technical consultation, technology transfer, computer software development; advertising business; corporate management consulting; storage, network switches, routers, video equipment, data terminal equipment, modems, wireless terminal equipment, wired terminal equipment, communication network equipment, computer software technology development, technology Consulting, technology transfer, technical service; e-commerce operation; domestic trade; business information consultation; mechanical equipment and spare parts, mold processing spare parts, metal processing spare parts, automatic robots and spare parts, LED lighting equipment, metallic materials, plastic materials , sales of packaging materials; rental of mechanical equipment; exhibition planning;

Company name	Business Scope
	manufacturing industry technology development and consulting; marketing planning; education and training (excluding subject training); information consulting; leasing of electronic products and spare parts (excluding financial leasing business); Design and construction of construction projects (operated with license), computer equipment, communication lines, monitoring equipment and related products, on-site installation, on-site maintenance, network wiring engineering, communication engineering, and monitoring engineering. Technology development, production, and sales of automated equipment, industrial robots, and automated spare parts; electronic authentication services; Internet information services.
Fulian Dong Guan Fu Yi Precision Industrial Ltd.	Development, production, and sales: solar power generation device inverters and their spare parts, communication network equipment, network switches, network servers, routers, antennas, optical communication equipment, optical connectors, cabinets, enclosures, chassis, electronic products and their Spare parts, computer interface equipment; warehousing services (excluding hazardous chemicals, precursor chemicals, refined oil and other dangerous goods); import and export of goods or technologies.
Fulian TaiYuan Fulian Intelligent Workshop Co., Ltd.	Mechanical equipment research and development; general equipment manufacturing (excluding special equipment manufacturing); general equipment repair; special equipment manufacturing (excluding licensed professional equipment manufacturing); electronic special equipment manufacturing; special equipment repair; mechanical equipment sales; research and development of intelligent robots; Industrial robot manufacturing; intelligent robot sales; general mechanical equipment installation services; industrial Internet data services; software development; technical services, technology development, technology consultation, technology exchange, technology transfer, and technology promotion.
FULIAN INTELLIGENT WORKSHOP(ZHENGZHOU)CO., LTD	Application software development; Internet information service, industrial Internet data service, artificial intelligence technology, information technology, smart factory, visual inspection, smart photoelectric and speech recognition system technology, numerical control system, servo system and smart software and hardware, energy, environmental protection, Safety, fire protection, IoT intelligent control engineering, energy conservation and environmental protection system engineering consultation and design; automated equipment, automated jigs, industrial robots, metallic and non-metallic materials and products, product molds, management service software and hardware (LED, automatic warehousing) research and development, technology consultation and transfer, manufacturing, design, sales, after-sales service and leasing (excluding financial leasing); engaged in the warehousing and import/export of the above-mentioned related products.
Fulian Yuzhan Technology (Henan) Co., Ltd.	Production and Operation of Third-Generation and Subsequent Generations of Mobile Communication Systems and Mobile Phones, base stations, core network equipment and network detection equipment and their components, New Electronic Components, digital audio and video decoding equipment and parts; engaged in the design and manufacturing of Metal / Non-Metal Products Mold; maintenance and Warehousing Services, wholesale and related supporting businesses of the above products; Engaged in Import / Export Businesses of Goods and Technology; engaged in inspection Tools, Fixtures and Components Design,

Company name	Business Scope
	Development, Sales, testing, maintenance and after-sales service; mobile communication system Mobile Phones research and development; Computers, Mobile Phones related software and hardware research and development testing.
Shenzhenshi Yuzhan Precision Technology Co., Ltd.	Design and sale of third-generation and subsequent mobile communication system handsets, base stations, core network equipment, network testing equipment and their spare parts, new electronic components, digital audio and video decoding equipment and their spare parts, and metal and non-metallic product molds and maintenance; and import and export of goods and technologies. Production of third-generation and subsequent mobile communication system handsets, base stations, core network equipment, network testing equipment and their spare parts, new electronic components, digital audio and video decoding equipment and their spare parts, and metal and non-metallic product molds; Research and development, wholesale, and production of household products and their spare parts, and smart wearable product spare parts; plastic and hardware products, portable automatic data processing equipment, portable e-book browsers, remote controls, speakers, and peripheral ancillary equipment and spare parts of the above products. Production of accessories; production of smart speakers, smart safety helmets, smart robots, and spare parts for the above products; R&D and production of home appliances, smart in-vehicle electronics, Internet of Vehicles terminal equipment, and spare parts for the above products; warehousing services. Technical development, production, and wholesale of multi-functional industrial robots, peripheral automated jigs, and machining spare parts; production of mobile phone spare parts and mobile communication system spare parts. Production and sales of disposable general medical masks and N95 masks; export of mask equipment and related technical services.
Fulian Yuzhan Technology (Hengyang) Co., Ltd.	Development, design, production, sales, and maintenance of precision molds, metallic and non-metallic mold components, mechanical parts, and spare parts for electronic products; development of automated equipment and key components, hardware products, sheet metal products, and injection-molded plastic products , design, production, and sale; heat treatment; third-generation and subsequent mobile communication system mobile phones, base stations, core network equipment, network testing equipment, and their components, new electronic components, and digital audio and video decoding equipment and their components; Export of goods and technologies; research and development, wholesale, and production of smart home products and their spare parts, and smart wearable product spare parts; plastic and hardware products, portable automatic data processing equipment, portable electronic browsers, remote controls, speakers, and peripherals for the above products Production of supporting equipment and spare parts; production of smart speakers, smart safety helmets, smart robots, and spare parts for the above products; research and development, production, Warehousing services; technical development, production, and wholesale of multi-functional industrial robots, peripheral automated jigs, and machining spare parts; production of mobile phone spare parts and mobile communication system spare parts; production and sales of disposable general medical masks and N95 masks Export of mask equipment and related technical services. Non-residential real

Company name	Business Scope
	estate leasing; machinery and equipment leasing; human resources services; daily life services for residents.
Fulian Precision Technology (Ganzhou) Co., Ltd.	Communication equipment manufacturing, non-ferrous metal alloy manufacturing, electronic special equipment manufacturing, other electronic component manufacturing, metal surface treatment and heat treatment, mechanical parts, parts processing, metal processing machinery manufacturing, industrial robot installation and maintenance, special equipment repair, general-purpose spare parts manufacturing, mold manufacturing, metallic material manufacturing, special-purpose equipment manufacturing, industrial automatic control system device manufacturing, mobile communication equipment manufacturing, technology import and export, and goods import and export.
HongFuJin Precision Electronics (TianJin) Co., Ltd	Production, processing, and sale of servers, electric and non-electric mopeds, automatic optical switching network equipment, high-speed storage systems and intelligent storage devices, new flat panel displays, new electronic components, precision molds, network signal analyzers, and switch function expansion templates , various computer parts, multi-dimensional glasses, satellite navigation and positioning receiving equipment, microcomputers, industrial computers, mobile storage containers, data communication multimedia systems, electronic cash register systems, communication and network related cards, security products, laptops Computers, health care products, solar energy products, radiators, EMI, hardware products, plastic products, mobile data center computer room, automated teller machines, cash register machines, micro cash sort machines, power sockets, tablet computers, computer game consoles, smart type electronic toys, cordless phones, third-generation and subsequent mobile communication system handsets, mobile communication systems, mobile communication base stations, switching equipment and digital trunking system equipment, routers, automotive electronic products, household appliances, auxiliary test products, and spare parts; the same kind Import/export, wholesale, and related ancillary businesses; wholesale, retail, and import/export of audio-visual equipment, digital accessories, digital cameras, projectors, speakers, game consoles, and early education machines; simple packaging business; operating lease of servers; related technical consulting services and after-sales technical services; software R&D services and technical services; electronic equipment design and technology R&D services; development and design of electric and non-electric mopeds; house rental; equipment Lease.
Fulian Precision Electronics (Guiyang) Co., Ltd.	Development, Processing, SalesServers, Automatic Optical Switches, Network Equipment, High-Speed Storage Systems and Smart Storage Devices, New Electronic Components, Precision Molds, Switches and Addon Function Modules, Computer Components, Micro-Computers, Mobile Memory Containers, Containerized Data Center, Communication and Network Related Cards, Security Control Products, Hardware Products, plastic products, Mobile Rooms for Data Centers (For Small Machine use), High-End Routers, Third Generation and Subsequent Generations of Mobile Communication Systems and Mobile Phones, base stations, Supporting Testing Products and Components of the Abovementioned Products;Import / Export, Wholesale and Related Supporting Operations of Products in similar categories of the Abovementioned;Server Maintenance, Simple Packaging Business of Electronic Products;Related

Company name	Business Scope
	Technical Consulting Services and After-sales Technical Service.
Fulian Precision Electronics (Zhengzhou) Co., Ltd.	Production and operation of third-generation and subsequent mobile communication system mobile phones, base stations, core network equipment, network testing equipment, and their spare parts; new electronic components and their spare parts; digital audio and video codec equipment and their spare parts; Research and development of non-metallic materials and products, research and development of heat treatment and surface treatment processes, and design and manufacturing of product molds; engaged in the development, preparation and application of processing consumables. Engaged in bonded warehousing and logistics, maintenance and testing, and after-sales service; housing leasing.
Flow Vision Technology Company	Industrial Internet technology research and development; economic information consulting, business information consulting, business management consulting, and project investment information consulting; supply chain management technical services and technical consulting; engaged in electronic products and their spare parts, smart equipment, automated equipment, and robot vision system software and hardware software products, research and development, wholesale, technical consultation, import and export, and transfer of self-developed technological achievements; engaged in inspection and testing services of the above products; computer and communication equipment rental; mechanical equipment rental; electronic and mechanical equipment on-site maintenance (excluding special equipment); sales of electronic measuring instruments; information consulting services (excluding licensing information consulting services). Warehousing services (excluding hazardous chemicals). Import and export of goods, and manufacturing of computer software, hardware, and peripheral equipment.
FuJun Precision Electronics (ChongGing) Co., Ltd.	Development, Development, Operation New Electronic Components, motherboards, computers (including desktop computers and Portable Computers), switches, Routers, Internet phones, wireless modules, 3G modules, Communication and Network Related Cards, Mobile Phones and the above products Parts; Operation, development of new type of flat panel Monitors, Semiconductors and special materials for components; Development, Production and Sales speaker speakers, Communication Equipment, headphones and their parts; Import/Export, Wholesale Operations and related Supporting engaged in the above products and similar products Services; technical development of information communication network systems and other application systems, after-sales service of Technology Consulting and self-produced products; maintenance services for Electronic Products and Testing Equipment (excluding special equipment); laboratory testing, product testing and inspection And analysis, testing Technical Consulting Services.
FuHonYuan (ShenZhen) Environment Technology Inc.	Environmental protection (sewage treatment, waste gas treatment) facility operation, reclaimed water reuse and sludge treatment, pipeline installation; recovery of second-hand electronics and electrical appliances (excluding dismantling, only for the domestic market), chemical products (excluding Wholesale, import and export of hazardous chemicals), non-ferrous metals (excluding precious metals), plastic parts for calculators, plastic parts for communication products, plastic parts for consumer electronics, paper, electronic materials, and environmental protection

Company name	Business Scope
	equipment; Development, service, consulting, and energy contract management business.
FOXCONN GLOBAL NETWORK CORPORATION	<p>Power generation, transmission, distribution machinery manufacturing., Wired Communication Equipment and Apparatus Manufacturing, Wireless Communication Equipment and Apparatus Manufacturing, Computers and Computing Peripheral Equipments Manufacturing, Data Storage Media Manufacturing and Duplicating, Other electrical machinery and electronic mechanical equipment manufacturing industry, renewable energy, self-use power generation equipment industry, thermal energy supply industry, fuel conduit installation engineering industry, piping engineering industry, Electrical equipment installation industry, Electric Appliance Installation, cable installation engineering industry, fire safety equipment installation engineering industry, Automation control equipment engineering, traffic sign engineering, lighting equipment installation engineering, gas water heater installation, machinery installation, computer equipment installation, electrical equipment inspection and maintenance, telecommunications engineering industry, , satellite TV KU channel, C CHANNEL EQUIPMENT INSTALLATION INDUSTRY, telecommunications control RF equipment installation engineering industry, Computing Equipments Installation Construction., interior decoration industry, indoor light steel frame engineering industry, lifting engineering industry, instrumentation, instrument installation engineering industry, traffic sign engineering, Other engineering, Wholesale of Drugs, Medical Goods., Wholesale of Machinery, Wholesale of Household Appliance. , Wholesale of Precision Instruments. , Wholesale of Telecom Instruments. , Battery Distributor, Wholesale of Computer Software. Retail sale of Medical Equipments. , Retail Sale of Household Appliance. , Retail Sale of Computer Software, Retail Sale of Precision Instruments. , Retail Sale of Telecom Instruments. Machinery and appliances retail, retail of traffic signal equipment, pollution prevention equipment retail, battery retail, Retail Sale of Computer Software. Retail Business Without Shop. , Management Consulting Services. , International Trade, Restrained Telecom Radio Frequency Equipments and Materials Import, Parking Garage Business. , Telecommunication Business Type 2 , Software Design Services. , Data Processing Services. , General Advertising Services. , Digital Information Supply Services. , the third party payment, Telecommunications Number Agencies, Fire safety equipment maintenance industry, Energy Technical Services, network certification service industry, Manpower Services. , environmental testing service industry, Computer Recreational Activities., Electric Appliance and Audiovisual Electric Products Repair Shops, Rental and Leasing Business. , Agency Services.</p>
Fuyun Acoustics Technology (Shenzhen) Co., Ltd.	<p>Domestic trade, import and export of goods and technologies; audio equipment manufacturing; sales of audio equipment; manufacturing of smart wearable devices; sales of smart wearable devices; manufacturing of smart home consumer equipment; sales of smart home consumer equipment; manufacturing of household appliances; sales of household appliances; electronics Sales of products; sales of home audio-visual equipment; manufacturing of network equipment; sales of network equipment; manufacturing of general-purpose spare parts; manufacturing of commerce, catering, and service equipment; sales of commerce, catering, and service</p>

Company name	Business Scope
	equipment; currency-specific equipment manufacturing; currency-specific equipment sales; technology Service, development, consultation, exchange, transfer, and promotion; sales of molds; non-residential real estate leasing. Licensed business items are: R&D, production, and sales of electronic products and smart wireless Bluetooth earphones; R&D, production, and sales of smart wearable and smart health ecological electronic products; R&D, production, and sales of smart audio terminal electronic products; Import and export of goods.
FuYu Electronic Technology (HuaiAn) Co., Ltd.	Research and development, production, and processing of new electronic components such as computers and computer peripheral equipment, servers, network communication equipment, audiovisual, video equipment, and electronic connectors and cable assemblies for automotive electrical systems; new instrument components; solar photovoltaic cell components Modules; plastic granules, rubber granules and their recycling; copper wires and copper alloy wires; diodes, transistors and similar semi-conductor devices; research and development of surge protection sockets, wireless chargers, adapters, media player accessories, and notebook computer accessories , production and processing; development of mobile phone related spare parts and spare parts and related software of the above products; design and manufacturing of molds, jigs, electroplating equipment, automation equipment, and testing equipment; sales of hazardous chemicals; sales of self-produced products; the above products repair, maintenance, and consulting services; wholesale and retail of packaging materials; commission agency (excluding auctions); proprietary and agency import and export of various commodities and technologies.
Langfang city Fuyang New Energy Technology Co., Ltd.	Photovoltaic Power Generation Technology Development, Technology Transfer, Technical Consultation, Technical Services; Power Station Construction, Operation, Management; Sale of Power.
LangFang Fertile Plan Logistics Co., Ltd.	Warehousing Operations; Domestic / International Freight Forwarding; Economic Information Consulting; Import / Export Operations.
ALTUS TECHNOLOGY INC.	Electronic Parts and Components Manufacturing, International Trade, Industry Innovation and Incubation Services, Management Consulting Services. , Real Estate Rental and Leasing. , Rental and Leasing Business. , Investment Consultancy, Digital Information Supply Services. , Intellectual Property. , Exhibition Services..
Premier Image Technology (H.K.) Limited	Investment Holding

HUNAN JUSDA Supply Chain Management Co., Ltd.	Supply chain management and services; logistics park operation services; logistics consulting services; logistics information services; logistics agency services; international freight forwarding; domestic freight forwarding; road freight forwarding; domestic waterway shipping agency; international marine shipping agency; air freight forwarding ; Cargo declaration agency service; packing, loading/unloading, transportation full service agency; warehousing agency service; warehousing management service; cargo warehousing; cold chain warehousing; cold chain operation; cold chain management; cold chain logistics; general cargo transportation (freight rental, moving Transportation of large objects; loading, unloading and handling (excluding sand and gravel); development and construction of computer network platforms; information technology consulting services; business management consulting services; trade consulting services; trade agency; professional personnel of communication switching equipment and communication transmission equipment Repair; repair and wholesale of electrical equipment; construction materials, shoes, caps, cosmetics and sanitary products, bulk foods, dairy products, drinking water, tea crops and beverage crops, alcohol, beverages and tea leaves, domestic alcohol, kitchen utensils, sanitary ware, and daily necessities Wholesale of sundries, daily household appliances, automobiles, automobiles and spare parts, motorcycles, and clothing; sales of logistics information systems and electronic equipment; sales of electronic components and assemblies.
Guizhou Hangtuo Wulian Technology Co., Ltd.	Internet of Things technical services; supply chain management services; Internet freight; road freight transportation; value-added telecommunication services (telecommunication service licensing); digital logistics; computer software technology development, technical services, and computer information system integration services; corporate image planning services, corporate management Consulting services; business information consulting services; logistics information consulting services; cargo transportation agency, packaging, circulation processing, distribution, and information processing integration services; general cargo road transportation services; warehousing management services; railway cargo transportation; Transportation; website construction; e-commerce technology promotion services; sales of computers, communication equipment, and electronic products; advertising design, production, and delivery services; vehicle maintenance and rental; tire sales; lubricant sales; auto parts sales.
GUIZHOU FUNAYUANCHUANG TECHNOLOGY CO., LTD	Research and development of new nanotechnology products, and preparation of projects for production of new nanotechnology products; preparation of touch system (touch screen, touch components, etc.) manufacturing projects; engaged in technology development, technology transfer, technical services, technical consultation, intellectual property rights Consulting (excluding patent agency); sale of self-produced products; import and export of goods and technologies; wholesale, import and export of electronic products, and related ancillary services. R&D and production of nanomaterials (carbon nanotubes, carbon nanotube

Company name	Business Scope
	lithium batteries) and composite materials; provide technical services, technical consultation, technical training, and technology transfer of the Company's technologies.
Guizhou FIH Precision Electronics Co., Ltd.	<p>Items permitted: Production of sanitary products and disposable medical supplies. General items: Manufacturing of power electronic components; sales of electronic products; sales of communication equipment; manufacturing of mobile terminal equipment; sales of mobile terminal equipment; manufacturing of wearable smart devices; sales of wearable smart devices; network equipment manufacturing; network equipment sales; communication equipment manufacturing ; information security equipment manufacturing; information security equipment sales; electronic special equipment manufacturing; electronic special equipment sales; Internet equipment manufacturing; Internet equipment sales; film and television recording/playback equipment manufacturing; mechanical equipment rental; electronic and mechanical equipment maintenance (excluding special equipment); Labor services (excluding labor dispatch); human resources services (excluding employment agency activities and labor dispatch services); production of labor protection supplies; sales of labor protection supplies; production of special labor protection supplies; sales of special labor protection supplies; Sexual use of medical supplies sales; import and export of goods; import and export agency; transportation of goods packaging services; domestic cargo transportation agency; sales of Class I medical devices; sales of Class II medical devices; intelligent vehicle equipment manufacturing; intelligent vehicle equipment sales.</p>
Guizhou Fuhuada Electronic Co., Ltd.	<p>Research, development, production, and sale of medium and large-scale televisions, medium and large-scale computers, portable computers, desktop computers, multimedia data processors, mobile communication systems and equipment, new electronic components, electronic whiteboards, video walls, new energy, energy-saving products, LED lamps, solar lighting systems, smart light poles, multimedia network smart phones, new game consoles, electronic digital products, smart monitoring equipment and peripherals and related spare parts for the above products, software and hardware application system integration, and after-sales maintenance service. Research and development, manufacturing, testing, installation, and maintenance of LED display products, energy-saving renovation of lighting systems, and energy contract management (EMC) of urban lighting intelligent control systems. Engaged in the wholesale, import and export of similar products of the above products, and related ancillary services.</p>
DYNAMIC COMPUTING TECHNOLOGY CO., LTD.	Other Consulting Services, Information Software Services, Data Processing Services, Retail Sale of Computers and Transactional Machines and Equipment.
CloudMed CDMO Co., Ltd.	Electrical and audio-visual electronic product manufacturing, wired communication machinery and equipment manufacturing, wireless communication machinery and equipment manufacturing, electronic component manufacturing, telecommunications-regulated radio-frequency equipment manufacturing, general equipment manufacturing, optical equipment manufacturing, electrical installations, computers Equipment installation industry, telecommunications engineering industry, international trade industry, intellectual property rights industry, information software service industry, data processing service industry, electronic

Company name	Business Scope
	information supply service industry.
Sound Solutions International Co., Ltd.	Production of new electronic components (chip components), digital sound reproduction equipment and accessories, and spare parts for machinery and equipment maintenance; technology development, technical consultation, and technical services; development of new electronic components (chip components), digital sound reproduction equipment and accessories , mechanical equipment maintenance and spare parts, acoustics, optical equipment and accessories; sale of self-produced products; wholesale of the above products and electronic mechanical products, commission agency (excluding auction), import and export business (involving quota and license management and special regulations sales of electronic products and communication equipment.
Sound Solutions (Zhenjiang) International Co., Ltd.	Production of new electronic components (chip components), digital sound reproduction equipment and accessories, and spare parts for machinery and equipment maintenance; technology development, technical consultation, and technical services; development of new electronic components (chip components), digital sound reproduction equipment and accessories , mechanical equipment maintenance and spare parts, acoustics, optical equipment and accessories; sale of self-produced products; wholesale of the above products and electronic mechanical products, commission agency (excluding auction), import and export business (involving quota and license management and special regulations sales of electronic products and communication equipment. General categories: labor service (excluding labor dispatch); manufacturing of electronic components and electromechanical components and equipment; technical service, technology development, technology consultation, technology exchange, technology transfer, and technology promotion; mold manufacturing; mold sales; electronic component manufacturing; Retail sale of electronic components.
SSI Precision Equipment (Zhenjiang) Co., Ltd.	Engaged in research and development, sales and technical development, technical consultation and technical services of precision mechanical products and technological electronic products; sales of electronic products and communication equipment; design and manufacture of tooling and molds; design and manufacture of stamping parts and injection molding parts; electronic components, electromechanical Component development and manufacturing; self-operated and agency import and export business of various commodities and technologies.
Xiamen Fertile PLAN International Logistics Co., Ltd.	International freight forwarding agency; domestic freight forwarding agency; general cargo warehousing service; customs clearance service; air international freight forwarding agency; land international freight forwarding agency; sea international freight forwarding agency; domestic containerized freight forwarding agency; non-vessel shipping business; economic and trade consulting Repair of daily appliances; repair of communication equipment; wholesale of electronic components; sales of instruments and meters; wholesale of computer software, hardware and auxiliary equipment; sales of communication equipment; sales of molds; sales of household appliances; sales of electronic special equipment; wholesale of edible agricultural products; clothing and accessories Wholesale of shoes and hats; sales of construction materials; wholesale of hardware products; wholesale of motorcycles and spare parts; wholesale of automobile spare parts;

Company name	Business Scope
	wholesale of arts and crafts and collectibles; asset management services for investment with own funds; investment activities with own funds ; information consulting services; goods import and export; technology import and export; road freight station operation; supply chain management services; storage equipment rental services; mechanical equipment rental; transportation equipment rental services; sales of trams; sales of new energy vehicles; new cars Sale; sale of used automobiles. Road transport of goods.
Synergy Integration Technology (Shanghai) Inc	Technology import and export; goods import and export. Sales of communication equipment; sales of mobile terminal equipment; sales of optical communication equipment; sales of network equipment; sales of electronic components and electromechanical components; sales of electronic products; retail of computer software, hardware and auxiliary equipment; sales of office equipment and related accessories and consumables; cloud computing Equipment sales; sales of information security equipment; sales of artificial intelligence hardware; sales of digital video surveillance systems; sales of Internet of Things equipment; sales of smart vehicle equipment; sales of smart home consumer equipment; sales of home appliances; sales of home appliance spare parts; sales of home audio-visual equipment; Sale of audio equipment; sale of instruments and meters; sale of daily necessities; sale of second-hand goods; repair of general equipment; maintenance of computers and office equipment; computer system and software development services; computer and communication equipment rental; office equipment rental services; information system integration services; Intelligent control system integration; artificial intelligence industry application system integration services; electronic information industry technology services, technology development, technology transfer, technology promotion, Internet of Things technology services; conference and exhibition services; camera and video production services; domestic trade agency.
Synergy Circulation Technology Co., Ltd.	Electronic Parts and Components Manufacturing, Computers and Computing Peripheral Equipments Manufacturing., Wholesale of Computing and Business Machinery Equipment., Wholesale of Telecom Instruments. , Wholesale of Computer Software., Retail sale of Computing and Business Machinery Equipment. , Retail Sale of Telecom Instruments. , Retail Sale of Computer Software. , Retail Business Without Shop. , International Trade, Software Design Services. , Data Processing Services. , Digital Information Supply Services. , Waste treatment industry, resource recycling industry, waste disposal industry, Electric Appliance and Audiovisual Electric Products Repair Shops.
Polight Technologies Ltd.	Wholesale of Electronic Materials, International Trade, Research Development Service, Management Consulting Services. , Product Designing. .
YanTai FuLiTong International Trading Co., Ltd.	Sales of electronic products; maintenance of computers and office equipment; sales of instruments and meters; repair of instruments and meters; wholesale of electronic components; retail of electronic components; sales of electronic special equipment; repair of special equipment; sales of moulds; sales of household appliances; sales of spare parts for household appliances; Sale of communication equipment; wholesale of auto spare parts; retail of auto spare parts; sale of plastic products; sale over the Internet; sale of daily necessities; sale of daily sundries; sale of household

Company name	Business Scope
	products; sale of labor protection supplies; sale of knitted textiles; wholesale of shoes and hats; shoes and hats Retail sale; wholesale of clothing and accessories; retail of clothing and accessories; wholesale of hardware products; retail of hardware products; sale of toys; sale of office supplies; retail of arts and crafts and collectibles (excluding ivory and products thereof); sale of eyeglasses (excluding contact lenses); cosmetics Wholesale; retail sale of cosmetics; sales of Class I medical devices; sales of Class II medical devices; sales of outdoor supplies; washing and dyeing services; photographic enlarging services; information technology consulting services; advertising design and agency; sales agency; parking lot services; non-residential real estate Rental; professional cleaning, cleaning and disinfection services; food distribution; sales of infant formula milk powder; import and export of goods; technology import and export.
EFEIHU (YANTAI) LIMITED	Technical service, technology development, technology consultation, technology exchange, technology transfer, technology promotion; ticketing agency service; warehousing service; sales of daily necessities; retail of daily household appliances; wholesale of kitchenware and sanitary ware and daily sundries; kitchenware, sanitary ware and daily necessities Retail sale of sundries; retail of daily necessities; sale of household goods; retail of clothing and accessories; wholesale of clothing and accessories; wholesale of shoes and hats; retail of shoes and hats; sales of watches and clocks; Retail sale of hardware products; sale of personal hygiene products; sale of knitwear; sale of labor protection supplies; sale of office supplies; sale of chemical products; sale of construction materials; sale of gifts and flowers; sale of eyeglasses (excluding contact lenses); sale of feed additives; sale of auto parts Retail sale; retail sale of bicycles and spare parts; sale of furniture; sale of electronic products; sale of home appliances; sale of mechanical equipment; retail of computer software, hardware and auxiliary equipment; computer and office equipment maintenance; software development; graphic design and production; photographic expansion services; Mechanical equipment rental; professional cleaning, cleaning, and disinfection services; typing and copying; sale of Class I medical devices; sales of Class II medical devices; retail of Class II medical devices. Food business (sale of pre-packaged food); food business (sale of bulk food); sale of infant formula milk powder; import/export of goods; import/export of technology.
YanTai FuTaiTong International Logistics Co., Ltd.	Warehousing; International and Domestic Intermodal Freight Forwarders; Product Economic Information Consultation; Import / Export of Goods and
YanTai FuHuaDa Precision Co., Ltd.	Development, Production and Operation of New Flat Panel Displays, New Electronic Components, LCD TVs, Digital TV Sets, Metal Product Molds, Standardized Mold Parts, Tool and Die Manufacturing and Parts of the Abovementioned Products; Assembly of Projectors; Provision of Related Technical Advice and After-sales Service; Import / Export, Wholesale and Related Supporting Operations of the Abovementioned Company's Own Products.
Yantai Economic&Technological Development Area Hon	Printed circuit fabricator and router
Yantai Ur New Material Technology Co., Ltd.	New bio-materials, plastic pellets, plastic products research and development, production, sales and technical consulting, technology promotion, service, transfer, import and export of

Company name	Business Scope
	goods and technology.
Inncom Technology (ChongQing) Co., Ltd.	TFT-LCD Flat Panel Display Screen, New Electronic Components, Portable Micro-Computer Development, Production, Sales and After-sales Service; Import / Export, Wholesale Business and Related Supporting Services of Similar Products Categories to the Above Products; Warehousing Services; Design, Manufacturing and Heat Treatment of Metal / Non-Metal Product Molds Product Molds, Fixtures, Inspection Fixtures, Sheet Metal Products and Parts; Processing Various Steel Plates, Aluminum Materials. Wholesale, Import and Export and Related Support Operations for the Abovementioned Products; Design, Production and Sales of Electronic Products, Home Appliances, Automobiles, Motorcycles and Parts.
CHIUN MAI COMMUNICATION SYSTEMS, INC.	Wired Communication Mechanical Equipment Manufacturing, Wireless Communication Mechanical Equipment Manufacturing, Electronic Parts Manufacturing, Computer and Peripheral Equipment Manufacturing, Optical Instrument Manufacturing, Telecommunication Engineering, Retail of Electronic Materials, Electrical Appliances Installation, Computer Equipment Installation , Wholesale of Computers and Transactional Machinery and Equipment, Wholesale of Telecommunications Equipment, Wholesale of Information Software, Wholesale of Electronic Materials, Retail of Electrical Appliances, Retail of Computers and Transactional Machinery and Equipment, Retail of Telecommunication Equipment, Retail of Information Software International Trade, Intellectual Property Rights, Information Software Services, Data Processing Services, Electronic Information Supply Services, General Advertising Services, Telecommunications Controlled Radio Frequency Equipment Manufacturing, Medical Equipment Wholesale, and Medical Equipment Retail.
LINKOOH TECHNOLOGY INC.	Electric Appliance Installation, Computing Equipments Installation Construction., Apparatus Installation Construction, Wholesale of Stationery Articles, Musical Instruments and Educational Entertainment Articles, Wholesale of Household Appliance. , Wholesale of Computing and Business Machinery Equipment., Wholesale of Computer Software., Retail Sale of Household Appliance. , Retail sale of Computing and Business Machinery Equipment. , Retail Sale of Computer Software. , Retail Business Without Shop. , Other Consultancy, International Trade, Other Consultancy. , Software Design Services. , General Advertising Services. , Leaflet Distribution, Product Designing. , Audio Tape and Record Publishers., Software Publication., Arts and Literature Service., Agents and Managers for Performing Arts, Entertainers, and Models., Electric Appliance and Audiovisual Electric Products Repair Shops, Exhibition Services., Rental and Leasing Business. .
JiaShan PV Technology Co. Ltd.	Development, Construction, Management, and Power Generation of Photovoltaic Power Generation; Procurement, Sales, Management, and Related Technology Development and Application, Consulting Services for New Energy Projects and Related Supporting Facilities and Equipment such as Photovoltaic Power Generation and System Integration; Import and Export of Technology.
Jia Ming Leasing (Shanghai) Company Limited	Financial Leasing Business; Leasing Business; Purchase of Domestic and Foreign Leased Properties; Residual Value Processing and Maintenance of Leased Property; Lease Transaction Consulting and Guarantor; Commercial Factoring

Company name	Business Scope
	Operations Related to Main Businesses.
Jiaxing Zhixie Trading Co., Ltd.	Household appliances, electronic products and accessories, computer software, network equipment, cameras and equipment, toys, metal products, metal materials, new optical materials, environmental protection equipment, chemical products (except dangerous chemicals and precursor chemicals), textile raw materials , Needle textiles, hardware, mechanical equipment, pulp, rubber and plastic products, auto parts wholesale and retail; after-sale technical consultation; electronic product repair services; engaged in the import and export business of commodities and technology; environmental protection, new materials Technical research and development, technical consulting, technical services, technical promotion; research and development and sales of plastic raw materials.
JiaXin Aifengpai Trading Co., Ltd.	Sales and After-sales Services of Home Appliances, Electronic Products and Accessories, Computer Software, Network Equipment, Cameras and Equipment, Toys; Import / Export Operations; Computer Network Technology Development, Web Design, Network Engineering, Computer-related Technology Development, Transfer, Consulting and Services, Online Sales; Acquisition, Testing, Utilization of Waste Materials; Electronic Product Maintenance Services; Electronic Equipment Rental Services.
G-TECH Optoelectronics (Shenzhen) Co., Ltd	Research and Development, Production and Operation of New Flat Panel Display Screens, Display Screen Materials; Import / Export, Related Supporting Services and Wholesale Operations for Display Screens, Display Screen Materials, Photovoltaic Glass, Mobile Communication Products, Parts, Display Screens and Photovoltaic Glass Production Equipment, and Related Raw Materials.
Fushirui Zhengzhou Precision Industry Co., Ltd.	Development and Sales of Automation Equipment and Automation Peripheral Equipment, Automatic Fixtures, Etc.; And Provision Of Services such as Renovation, Relocation, Repair, and Maintenance of the Abovementioned Equipment and Fixtures; Provision of Rental Services for Houses; Rental of Machinery and Equipment; Numerical Automatic Control Systems, Servo Systems, Home Appliance Frequency Conversion System, CNC Automatic Control Software, Plastic Injection Molding Machine, Precision CNC Machine Tools, Metal Forming Machinery, Electronic-specific Equipment, Testing Equipment and other Products. Wholesale, Import / Export Business of The Above Products.
Guangzhou Wangliu Logistics Co., Ltd.	Sales of office supplies; sales of construction materials; retail of hardware products; international freight forwarding by land; international freight forwarding; international freight forwarding by air; supply chain management services; container leasing services; international container ship and general cargo ship transportation; general cargo warehousing car rental; agricultural machinery rental; transportation equipment rental service; storage equipment rental service; construction machinery and equipment rental service; loading, unloading and transportation; coal and coal products sales; metal material sales; hardware products wholesale; daily necessities sales; Internet sales (except for the sale of goods that require permits); domestic trade agency; trade brokerage; domestic freight forwarder; road freight (excluding dangerous goods); import/export of goods; import/export agency; customs declaration;)
GUANGZHOU JUSDA SUPPLY CHAIN MANAGEMENT CO., LTD.	Information consulting services (excluding licensing information consulting services); supply chain management services; domestic

Company name	Business Scope
	freight forwarding; international freight forwarding; domestic containerized freight forwarding; general cargo warehousing services (excluding hazardous chemicals and other items that require licensing); software development; information technology consulting services; domestic trade agency; cosmetics wholesale; cosmetics retail; sales of hygiene products and disposable medical supplies; non-vessel shipping; stevedoring; customs clearance; Import and export; road transportation of goods (excluding dangerous goods); food business.
Guangzhou Ur Materials Technology Co., Ltd.	Specialty Chemical Products Manufacturing; Material Science Research, Technology Development; Sales of Products Produced by the Company; Import / Export of Goods; Wholesale and Retail of Chemical Products.
China ASEAN Supply Chain Management Co., Ltd.	Supply chain management (unless there are special regulations by the state); domestic and international freight forwarding services (except shipping agencies); road cargo transportation (specific items are subject to the approval of the examination and approval department); warehousing services (except hazardous chemicals); handling, loading and unloading economic and trade consulting services; business information consulting services; investment consulting services; electronic products (excluding products controlled exclusively by the state), communication products (excluding products exclusively controlled by the state), and refrigerated containers (freezers) and spare parts maintenance services; goods or technology Import and export (excluding the import and export of goods and technologies prohibited by the state or involving administrative examination and approval); production, processing and sale of food (exact items are subject to the approval of the examination and approval department); processing and sale of fruits (unless there are special regulations by the state); Transportation and warehousing consulting services; packaging services; commercial agency services (except for special provisions of the state); freight hubs (stations); transport cargo packaging services.
Yulin Yuchai Warehousing Service Co., Ltd.	General categories: general cargo warehousing services (excluding hazardous chemicals and other items that require approval); loading, unloading, and transportation; domestic freight forwarding; international freight forwarding; information consulting services (excluding licensing information consulting services); social and economic consulting Wholesale of computer software, hardware and auxiliary equipment; retail of computer software, hardware and auxiliary equipment; software development; sale of mechanical and electrical equipment; sale of electronic products; sale of mechanical equipment; sale of agricultural machinery; wholesale of auto spare parts; retail of auto spare parts; Sales of fire-fighting equipment; sales of metallic materials; sales of fertilizers; sales of lubricants; sales of construction materials; sales of refractory materials; sales of paper products; sales of rubber products; sales of batteries; sales of knitted textiles; wholesale of clothing and clothing; retail of clothing and clothing; Wholesale of collectibles (excluding ivory and its products); retail sale of arts and crafts and collectibles (excluding ivory and products thereof); wholesale of hardware products; retail of hardware products; sale of household appliances; sale of daily necessities; sale of agricultural and sideline products; sale of office supplies ; Investment activities with its own funds; Recycling of renewable resources (excluding

	productive metal scrap); Recycling of productive scrap metal; Processing of renewable resources; Sales of renewable resources; Labor service (excluding labor dispatch); Processing of mechanical parts and spare parts; Production line management services; human resources services (excluding employment agency activities and labor dispatch services). Items permitted: Road transportation of goods (excluding dangerous goods); construction activities; and professional construction operations.
Guangxi Yuchi Zhilian Technology Co., Ltd.	Items permitted: Road transportation of goods (excluding dangerous goods); international road transportation of goods; import/export of goods; concurrent insurance agency business; hazardous chemicals business; food business. General categories: Non-vessel shipping operating commons; domestic freight forwarding; international freight forwarding; supply chain management services; retail of computer software, hardware and auxiliary equipment; sales of coal and coal products; domestic trade agency; business management consulting; general cargo warehousing services (excluding hazardous chemicals (excluding hazardous chemicals); loading/unloading; car rental; car sales; retail of auto parts; wholesale of auto parts; agency services; sales of construction materials; technical services, technical development, and technical consultation , technology exchange, technology transfer, technology promotion.
Guangxi Youfu Logistics Co., Ltd.	Items permitted: Road transport of goods (excluding dangerous goods). General services: Non-vessel operating companies; general cargo warehousing (excluding hazardous chemicals and other items that require licensing); handling; supply chain management services; domestic trade agency; sales of new cars; sales of used cars; car rental; Sale of automobile decoration articles; wholesale of automobile spare parts; sale of special equipment; property management; commercial agency services; information consulting services (excluding licensing information consulting services).
Guangxi Dynamic Power technology development Co., Ltd.	Food business (sale of pre-packaged food); road transport of goods. New product development, research, and technical services related to the automotive industry; production and sales of lubricants, chemical products (excluding hazardous chemicals), engine parts, auto spare parts, auto tires, and automotive maintenance and repair equipment; sales: construction machinery and accessories , generator sets and accessories, hardware and accessories, power station, plastic products (except disposable foam plastic products and ultra-thin plastic bags), diesel engines, automobile accessories, mechanical and electrical equipment, electronic products (except products controlled by the state), mechanical equipment, diesel engines and accessories, fire-fighting equipment, metallic materials, fertilizers, lubricants, construction materials (excluding hazardous chemicals), minerals, rubber products, solar cells, clothing, handicrafts (excluding products controlled by the state), household appliances, daily necessities, Agricultural and sideline products, office supplies, knitted textiles, aluminum, and steel products; import and export of goods or technologies; supply chain management services; housing and venue rental; economic information consulting, investment information consulting, and business management information consulting; general cargo storage services; loading, unloading, and transportation ; Domestic freight forwarder.
Guangxi Yuchai MRT Logistics Co., Ltd.	General freight and special purpose transportation for goods (tank container); international road general cargo transportation; cargo

Company name	Business Scope
	transit and warehousing (except dangerous goods); domestic cargo transportation agency and international cargo transportation agency; supply chain management and related ancillary services; logistics information consultation , economic information consulting, business investment information consulting, business management consulting services; technology development and sales of computer software, hardware, and network equipment; mechanical and electrical products, electronic products, construction machinery, agricultural machinery, diesel engines and accessories, fire protection equipment, metallic materials, Chemical products (except for hazardous chemicals), lubricants, construction materials, mineral products, fertilizers, paper and its products, rubber, rubber products, solar energy conversion materials, solar cells, crystalline silicon thin films, textiles, clothing, handicrafts (ivory and its products) (except for the following)), hardware products, electrical appliances, daily necessities, agricultural and sideline products, and office supplies; import and export trade; investment in the logistics industry; transportation and loading/unloading services.
Guangxi Kairui Supply Chain Management Co., Ltd.	General services: supply chain management services; domestic cargo transportation agency; general cargo warehousing services (excluding hazardous chemicals and other items that require licensing); loading, unloading, and transportation; sales of new cars; retail of auto parts; sales of automotive accessories; sales of automotive spare parts Wholesale of spare parts; sale of tires; wholesale of hardware products; retail of hardware products. Items permitted: Road transport of goods (excluding dangerous goods); international road transport of goods.
Guangxi Fumeng Innovation Technology Co., Ltd.	Category I value-added telecommunication services; import/export of goods; Internet information services. Non-residential real estate lease; information system operation and maintenance services; development and production of new electronic components, broadband access network communication system equipment, transmission communication system equipment, metropolitan area Ethernet communication system equipment, wireless local area network (WAN) equipment, high-end routers, High-end switches, portable microcomputers, in-vehicle communication devices, mobile Internet devices, tablet computers, satellite navigation and positioning receiving equipment, wireless communication modules, optical transceiver modules, module enclosures, gigabit rate passive optical network terminals, Base station filters, digital cameras, video recording equipment, digital TV sets, digital audio and video encoding/decoding equipment, mobile phones, satellite TV receiving facilities (limited to processing trade), solar cells, solar battery packs, network security and storage products, and network servers. Construction of auxiliary production facilities, sale of self-produced products, and provision of after-sales service; engaged in the wholesale business of similar products of the above products and related ancillary services; logistics information consultation, electronic information product technology consultation; business services; electronic product testing and certification services; software and hardware technology development.
Guangxi Changxing Tire Sales Co., Ltd.	General items: sale of tires; sale of lubricants; food distribution (sale of pre-packaged food only); retail of auto parts; sale of auto decoration supplies; loading, unloading, and transportation; supply chain management services. Items permitted: Road transport of

Company name	Business Scope
	goods (excluding dangerous goods).
Guangxi KUKU Supply Chain Technology Co., Ltd.	Items permitted: Road transport of goods (excluding dangerous goods); road transport of goods (Internet freight). General categories: technical service, technology development, technology consultation, technology exchange, technology transfer, technology promotion; information consultation service (excluding licensing information consultation service); software development; artificial intelligence application software development; domestic cargo transportation agency; international cargo Transportation agency; supply chain management service; material handling equipment manufacturing; sales of intelligent material handling equipment; sales of material handling equipment; wholesale of auto spare parts; retail of auto spare parts; sales of tires.
FOXNUM TECHNOLOGY CO., LTD.	Research, design, development, manufacturing and sales of: 1. Servo drive system (including permanent magnet synchronous servo, high-speed spindle motor, permanent magnet servo drive, and inductive servo drive) 2. Numerical control system (including controller, injection molding machine control system) equipment) 3. injection molding machines (including all-electric, composite, light guide plate high-speed injection molding machines) 4. smart home appliances. Business lines and codes of the above products: Mechanical equipment manufacturing, electrical appliances and audio-visual electronic products manufacturing, computer and peripheral equipment manufacturing, ships and parts manufacturing, automobiles and parts manufacturing, motorcycles and parts manufacturing, Bicycle and Parts Manufacturing, Product Designing, and International Trading
Zhengzhou Yongyang Testing Services Co., Ltd	Items permitted: Quality and safety testing of agricultural products; inspection and testing services. General categories: technical service, technology development, technology consultation, technology exchange, technology transfer, technology promotion; manufacturing of special equipment for electrical machinery; manufacturing of electronic components and electromechanical components; manufacturing of power electronic components; sales of electronic components and electromechanical components Sales of power electronic components; manufacturing of information security equipment; sales of information security equipment; manufacturing of metal forming machine tools; sales of metal forming machine tools; sales of special equipment.
ZhengZhou Justa Logistics Co., Ltd	Road transportation of general cargo (including refrigeration); international freight forwarding of land, sea, and air; agency of customs declaration and inspection; domestic trade; import and export of goods or technologies; trade consulting services; economic information consulting; maintenance and testing of electronic products and parts; Loading, unloading and transportation services; equipment rental and maintenance; warehousing services; logistics information technology and logistics software R&D, design, and consultation.
Zhengzhou Jusda Industrial Park Development Co., Ltd.	Construction, operation, and management of warehousing facilities, related supporting facilities, and industrial facilities, and provision of related consulting services; supply chain management; warehousing services; international freight forwarding; general freight (excluding dangerous goods); customs declaration and inspection agency; Online sales of electronic products and foods; logistics information consultation and technology R&D, design, and consultation of logistics software; wholesale and import/export of Class I medical devices and equipment, cosmetics, and pre-

	refrigerated and frozen Food), Health Food, Milk Formula; Publishing; Business Management Consulting; Food Delivery; Cultural and arts events planning; Corporate Information Consulting (Excluding Finance, Securities and Futures); Ticketing Agency and Travel Information Consultation; Import / Export Businesses of Goods And Technology.
Kaopu Information Technology (Beijing) Co., Ltd.	Technology development, technology transfer, technology promotion, technology consultation, and technology services; warehousing services (excluding hazardous chemicals); commissioned labor services (excluding queuing service, valet service, and foreign labor cooperation); mechanical equipment rental; domestic Road freight forwarding; sale of mechanical equipment, electrical equipment, electronic components, hardware, chemical products (excluding hazardous chemicals and Class I precursor chemicals), tires, and lubricants; organization of cultural and artistic exchange activities (excluding performances, chess and card exhibitions); corporate image planning; stage art modeling planning; corporate management consulting; corporate marketing planning; business information consulting; computer graphic design and production; design and production of advertisements.
XINGFOX ENERGY TECHNOLOGY CO., LTD.	Batteries Manufacturing.
HENGYANG HENGZHIFU FINANCE AND ACCOUNTING SERVICES CO., LTD	Accounting Agency, Financial consulting, Accounting Services.
HengYang FuTaiHong Precision Industry Co., Ltd.	Computers, digital audio and video decoding equipment, televisions, set-top boxes, speakers, microphones, remote controls, hardware products, plastic products, precision molds, mobile phones, portable e-book browsers, portable automatic data processing equipment, various types of speakers, display screen materials, complete sets of air purifiers, scanners, monitors, lamps, home appliances, wearable smart devices, smart consumer devices, and the production, sales, import and export of the above products and their spare parts, and related ancillary businesses; Human resource services (excluding labor dispatch).
Industrial Fulian Hengyang Zhizaogu Co., Ltd.	Vocational skills training; human resources services; vocational intermediary services; primary and intermediate vocational training for personnel; organizing cultural and artistic exchange activities; undertaking exhibitions; intelligent manufacturing technology consulting services; education information consulting services; practice training equipment R&D and sales; stationery, teaching aids, courseware, book sales.
Ur Industry Materials (LangFang) Co., Ltd.	Surface Treatment of Industrial Materials (Except Spraying) and Testing; Development, Production and Sales of Industrial Materials; Import / Export of Goods and Technology.
Ur Materials Industry (ShenZhen) Co., Ltd.	Production and operation of optical optoelectronic products and their spare parts, optical products and their spare parts, organic polymer materials, optical flat plates, environmental protection optical films, optical glass covers, optical plastic covers, optical mold assemblies, optical lenses, and carbon fiber composite materials, glass fiber composite materials, modified plastic particles, environmentally friendly plastic particles, and new plastic materials, engaged in the research and development, design, wholesale, technical support, and technology of the above products and packaging materials, chemical products, optical coatings, new optical materials, and new environmental protection composite materials Consulting, technical services, import and export, and related ancillary businesses; transfer of self-developed

Company name	Business Scope
	technological achievements; engaged in after-sales service of the above products and technical support, development, and sales of related equipment. Engaged in the sale of chemical products.
Ur New Materials Technology (Wuhan) Co., Ltd	Research and development, processing, manufacturing, wholesale, and retail of plastic raw materials and plastic products; plastic material technology development, consultation, promotion, and transfer; import and export of goods and technologies; wholesale and retail of chemical products; recycling and utilization of renewable resources.
Ur Hongxin Testing Technology (Dongguan) Co., Ltd.	Testing technology research and development and technical services; product quality appraisal; product quality inspection and testing services; electronic certification services; laboratory design services; import and export of goods or technologies.
Ur Hongxin Detection Technology (Shenzhen) Co., Ltd	Laboratory Testing, Calibration, Inspection, Product Certification, Management System Certification, Inspection and Testing Technology and Consulting Services, Import / Export of Goods and Technology.
Jinan Development Property Development Co., Ltd.	Property Management, house leasing and related consultation services.
Scienbizip Consulting (SZ) Ltd.	Enterprise Management Consulting, Economic Information Consulting, Scientific and Technological Information Consulting, Intellectual Property Rights Information Consulting (Excluding Patent Agents).
Scienbizip Consulting (Far East) Co., Ltd.	Management Consulting Services. .
QUKUAILIAN INFORMATION TECHNOLOGY (SHENZHEN) CO., LTD.	Software Development; Sales of own computer and Internet-related products; own computer and Internet Technology Transfers and related consulting services; corporate marketing planning; Corporate Information Consulting.
Hongyuan International Investment Co., Ltd.	Investment.
Hongzhaoda Integrated Innovative Service(Kunshan) Co., Ltd	Computers, servers, flat-panel TVs and monitors, mobile phones and handheld devices, network equipment, photography and video camera electronic products and the packaging, assembly, maintenance, testing, and after-sales service of the components and spare parts; Research, development, and provision of wholesale, import and export of similar products and spare parts, commission agency, warehousing and logistics, and related technical consultation; engage in call center services by service outsourcing.
INGRASYS TECHNOLOGY INC.	Data Storage Media Manufacturing and Duplicating, Wired Communication Equipment and Apparatus Manufacturing, Electronic Parts and Components Manufacturing, Computing Equipments Installation Construction., Wholesale of Computing and Business Machinery Equipment., Retail sale of Computing and Business Machinery Equipment. , Wholesale of Computer Software., Retail Sale of Computer Software. , International Trade, Automobiles and Parts Manufacturing, Wholesale of Motor Vehicle Parts and Supplies., Wholesale of Electronic Materials , Retail Sale of Electronic Materials. , Restrained Telecom Radio Frequency Equipments and Materials Manufacturing. , Restrained Telecom Radio Frequency Equipments and Materials Import.
HongZhun Precision Tooling (KunShan) Co., Ltd.	Development and production of new electronic components, precision stamping dies with accuracy higher than 0.02mm (inclusive), precision cavity molds with accuracy higher than 0.05mm (inclusive), mold standard parts, electronic special equipment, testing instruments, tools, dies, smart drinking cups, Smart home equipment, smart consumer equipment, auto parts and accessories, medical instruments, equipment and instruments and

	accessories for the above products, air purifiers and accessories for products thereof, environmental protection equipment, high-end numerically-controlled machine tools, automated high-bay storage facilities, automatic testing equipment, Vertical multi-articulated industrial robots, industrial computers; computer manufacturing, computer parts manufacturing, computer peripheral equipment manufacturing, and other computer manufacturing; sales of self-produced products. Rolling of metallic products.
HongZhun Precision Tooling (ShenZhen) Co., Ltd.	Production and Operation of Electronic Addon Programs, Components related to Integrated Circuits, various types of Precision Electronic Components and Precision Molds..
Foxway Precision Industrial (HangZhou) Co., Ltd.	New Electronic Components, Broadband Access Network Communication System Equipment, High-end Routers, Precision Die, Portable Microcomputers, Portable micro-computers, Digital Cameras, Digital Camcorders, Development and Production of the Abovementioned Products, Own products Sales and After-sales Services; Wholesale, Import / Export of the Abovementioned Products.
Hon Hai Investment Advisers Co., Ltd	Venture capital, investment consulting, and management consulting.
Hon Hai International Investment Co., Ltd	Venture capital, investment consulting, and management consulting.
SiliconAuto Taiwan CO., LTD.	International Trade, Information Software Services, Product Design, and Intellectual Property Rights.
Hongfu (Shenzhen) Equity Investment Fund Management Co., Ltd.	Entrusted asset management and investment management; equity investment and entrusted management of equity investment funds.
HONG FU CHENG Technology (Tianjin) Co., Ltd	Development and Design, Sales, Maintenance and Installation of Electronic Products and Accessories, Computer Hardware / Software and Accessories, Home Appliances and Accessories, Communication Equipment and Accessories; Development, Design and Sales of Molds, Hardware, Plastic Products, Metal Materials, Building Materials; Warehousing Services Agency; Property Management; Import / Export of Goods and Technology.
HON FU CHENG PRECISION ELECTRONICS (CHENGDU) CO., LTD.	Development, design, production, sales, maintenance, and installation of electronic products, portable microcomputers, new flat panel displays, household appliances, large and medium-sized computers, data communication multimedia systems, digital audio and video systems, third-generation and subsequent mobile communication system mobile phones, Servers, base station equipment, core network equipment, network testing equipment and their components, precision molds, hardware and plastic products, die-cut parts made of interface materials, aluminum profiles for electronics and industrial uses, aluminum materials for building decoration, and aluminum alloy doors and windows engages in the warehousing, maintenance, and testing of electronic products, computers, and computer accessories; import and export of goods and technologies; property management; and human resource intermediary services.
Hongfuzhun Precision Shenzhen Co., Ltd.	Development, production, and operation of automated equipment and key spare parts, automated peripheral equipment, automated jigs, precision spindles, servo drive systems, numerical control systems, and injection molding machines, and import and export of goods and technologies (excluding import and distribution). Provides equipment modification, relocation, repair, and maintenance services.
HongFuTai Precision Electronics (YanTai) Co., Ltd.	Research and Development, Testing, Maintenance, Production of Medium-to-Large-Sized Electronic Computers, Portable

Company name	Business Scope
	Computers, New Electronic Components, New Instrument Components, Electronic Special Equipment, Precision Die, Standardized Mold Parts, Data Communication Multimedia System, Game Consoles, Large-Capacity (Magnetic) Disk Memory, Optical Disk Drive, Digital Video Recorder, DVD Player, Portable DVD Player, Digital Camera, Photocopying Machine, Wireless Mobile Communication System, Home Appliances, Wearable Display Devices, Electronic Dictionary and Parts; Import, Export, Wholesale and related Supporting Business of The Abovementioned Non-Company-Produced Products; Spare Parts for Smart Robots, Air Purifiers, Displays, Remote Controls and Parts of the Abovementioned, Assembling Projectors, LCD TVs and Digital TV Sets, Processing Steel, Aluminum and Copper Materials, Sale of the Company's own Products; Production and Processing of Vehicle-related Products, Driving Recorders, Face Recognition Modules; Warehousing, Freight Forwarding; Customs Declaration Agency Services, Inspection Agency Services, Vehicle Rental.
Hongfu Inno (Hangzhou) Co., Ltd.	Wholesale of Class I and Class II medical devices, tablet computers, mobile phones, portable electronic devices, automotive electronic device materials, computer software, hardware and auxiliary equipment, cameras, photographic equipment, digital printing equipment, home entertainment electronic devices, and office automation supplies, digital home products, household appliances, communication products, network products, toy products, electronic products, electronic components and electronic accessories; services: hardware and software technologies in the fields of medical equipment and medical equipment, electronic digital products, computers and tablet computers Development, technical services, technical consultation, and transfer of results; computer system integration; transfer of self-developed technical results; import and export of goods and technologies; electronic information technology consulting and services; investment management; economic information consulting; property management.
HONGFUSHENG PRECISION ELECTRONICS (ZHENGZHOU) CO., Ltd.	Production and operation of third-generation and subsequent mobile communication system mobile phones, base stations, core network equipment, network testing equipment, and their spare parts, new electronic components, and digital audio and video decoding equipment and their spare parts; Design and manufacturing; research and development, design, manufacturing, and maintenance of LED display panels, mobile phone accessories, and electronic products; manufacturing of mobile phone protective film products; testing, research and development, design, production, and sales of mechanical equipment and spare parts; and provision of the above Equipment transformation, relocation, repair, and maintenance services; mobile communication system mobile phone research and development, computer, mobile phone related software and hardware research and development testing, system integration, application services, and related technical services; electronic product technology development; computer network engineering and network technology development , technology transfer, web design; testing technology services and technical consultation; recycling, maintenance, sales and after-sales service of waste electronic products and communication equipment; sales: computer software and hardware and accessories, electronic products, household appliances, hardware,

Company name	Business Scope
	electrical machinery, cameras Equipment, machinery, communication equipment, LED display panels, mobile phone accessories; business information consultation; engaged in the import and export of goods and technologies; warehousing services; production and sales of protective masks, protective equipment, and labor protection equipment for consumers.
HONGFUJIN PRECISION INDUSTRY (WUHAN) CO., LTD	Production of road motor vehicles. Wholesale of computer software, hardware and auxiliary equipment; retail of computer software, hardware and auxiliary equipment; manufacturing of computer software, hardware and peripheral equipment; manufacturing of molds; sales of molds; manufacturing of display components; sales of display components; manufacturing of electronic components; power electronic components Sales; computer system services; maintenance of computers and office equipment; sales of cameras and equipment; manufacturing of cameras and equipment; manufacturing of radio and television equipment; manufacturing of communication equipment; sales of communication equipment; repair of communication equipment; manufacturing of smart wearable devices; manufacturing of video recording and reproducing equipment; TV manufacturing; information system integration service; hardware product manufacturing; plastic product manufacturing; general equipment manufacturing; mechanical equipment research and development; currency equipment manufacturing; water resource special-purpose machinery and equipment manufacturing; mobile terminal equipment manufacturing; battery manufacturing; Electrical appliances installation services; renewable resources processing; cloud computing equipment technical services; sales of electronic products; manufacturing of photocopying and offset printing equipment; manufacturing of network equipment; sales of network equipment; manufacturing of virtual reality equipment; manufacturing of motor vehicles; manufacturing of transmission and distribution and control equipment; Charging infrastructure operation; motorcycle spare parts manufacturing; other electronic component manufacturing.
Hong Fujin Precision Industry (HengYang) Co., Ltd.	Development, design, production, and sales of precision molds, metallic and non-metallic mold components, mechanical parts, and spare parts for electronic products; automatic equipment and key components, hardware products, sheet metal products, injection-molded plastic products, flat-panel TVs, Development, design, production, and sales of projectors; heat treatment and processing; renovation, maintenance, and sales of old equipment; development, design, manufacturing, processing, and operation of non-smart auxiliary manpower sports and travel tools; development, design, production, and sales of environmental protection equipment and new materials; sales of similar products in the above products; rental of non-residential real estate; machinery and equipment Leasing services; transportation equipment leasing services; domestic freight forwarding agencies; human resources services (excluding labor dispatch); daily life services for residents.
HongFuJin Precision Electronics (ChengDu) Co., Ltd	Sales of communication equipment; sales of network equipment; sales of molds; sales of audio equipment; sales of mobile terminal equipment; sales of consumer service robots; sales of plastic products; manufacturing of communication equipment; manufacturing of network equipment; Manufacturing of metal products for construction; manufacturing of molds; manufacturing of computer software, hardware and peripheral equipment;

Company name	Business Scope
	<p>manufacturing of audio equipment; manufacturing of mobile terminal equipment; manufacturing of service robots; manufacturing of plastic products; property management; maintenance of computers and office equipment; and research and development of metal products. Customs-supervised warehousing services; inspection and testing services.</p>
<p>HongFuJin Precision Electronics (ChongQing) Co., Ltd.</p>	<p>Manufacture of Class II medical devices. Engaged in the design and manufacturing of metal products and non-metallic products molds; portable microcomputers and their parts, wireless modules, wireless chargers, wireless network streamers, trackers, TV video recorders and player converters, new flat panel displays, new electronic Development, production, remanufacturing, and operation of components, semiconductors, and special materials for components, copiers, and related parts and consumables of printers, printer cartridges, and their components; production and operation of third-generation and subsequent mobile communication system handsets, core network equipment and network testing equipment; technical development and technical consultation of information communication network systems and other application systems; testing, inspection and analysis of laboratory equipment, industrial and electronic products, and testing technology consultation; production and sales of engineering plastics and plastic alloys Disintegration and reuse of waste plastics; development, production, and sales of LCD TVs, TV parts and their modules, speakers, speaker parts and their modules; molds, jigs, and jigs for automobiles, motorcycles, and household appliances , spare parts, forging and welding parts, and driving recorders; design, development, manufacturing, processing, and sales of the above products and similar products; engage in the import, export, wholesale and related businesses of the above products and similar products; lease of self-owned houses; business management consulting services; Information consulting services; property management services; computer and office equipment maintenance; sales of Class II medical equipment.</p>
<p>Hongfujing Precision electronic (KaiLi) Co., Ltd.</p>	<p>Research and development, production, testing, maintenance, and sales: wholesale of consumer electronic product motherboards, power boards, photoelectric boards, driver boards, light bars, and their spare parts; consumer electronic products and their spare parts, and surface mount technology equipment; self-production Product testing, maintenance, and after-sales service, LCD TVs, digital TVs, LCD film assemblies, electronic whiteboards, precision optical lenses, optical components, glass components, lens assemblies, camera modules, smart monitoring equipment and engineering, Mainframe computers, portable computers, desktop computers, multimedia data processors, mobile communication systems and equipment, new electronic components, video walls, new energy sources, energy-saving products, LED lamps and display products, solar lighting systems, smart light poles, multimedia Network smart phones, new game consoles, electronic digital products and peripherals and related spare parts of the above products, software and hardware application system integration, and after-sales maintenance services. Lighting system energy-saving renovation, urban lighting smart control system energy management EMC. Engaged in the wholesale, import and export of similar products of the above products, and related ancillary services.</p>

Company name	Business Scope
HongFuJin Precision Industrial (YanTai) Co., Ltd.	<p>General items: Computer software, hardware and peripheral equipment manufacturing; network equipment manufacturing; film and television recording equipment manufacturing; audio equipment manufacturing; electronic components manufacturing; instrumentation manufacturing; electronic special equipment manufacturing; digital video monitoring system manufacturing; mold manufacturing; Amusement supplies and indoor amusement equipment manufacturing; camera and equipment manufacturing; toy manufacturing; production of Class I medical devices; sales of Class I medical devices; sales of Class II medical devices; special equipment repair; mobile terminal equipment manufacturing; display device manufacturing; general equipment Repair; household electrical appliances repair; computer and office equipment maintenance; slide show and projection equipment manufacturing; hardware product wholesale; electronic components wholesale; plastic products sales; metal products sales; metal tools sales; mold sales; import and export of goods; labor protection supplies Production of daily masks (non-medical). Licensed item: Manufacture of Class II medical devices.</p>
HongFuJin Precision Electronics (ZhengZhou) Co., Ltd.	<p>Licensing items: warehousing services for customs-supervised goods (excluding hazardous chemicals and dangerous goods); inspection and testing services. General categories: network equipment manufacturing; mobile communication equipment manufacturing; integrated circuit manufacturing; electronic component manufacturing; electronic component wholesale; electronic component retailing; other special-purpose instrument manufacturing; mold manufacturing; professional design services; communication equipment repair; special equipment repair ; instrument repair; electrical equipment repair; storage equipment rental services; data processing and storage support services; mobile terminal equipment sales; integrated circuit sales; sales of specialty chemical products (excluding hazardous chemicals); conference and exhibition services; technical services, Technology development, technology consultation, technology exchange, technology transfer, technology promotion; TV manufacturing.</p>
Hon Young Semiconductor Corporation	<p>Electronic Parts and Components Manufacturing, Product Design, Other Design, Information Software Services, Electronic Information Supply Services, International Trading, and Other Consulting Services, Research, Development, Design, Manufacturing, and Sale of the Following Products: 1. Si Products 2, SiC power components³, MEMS (micro-electromechanical) products, Sensor products and their corresponding ASIC analog circuits.</p>
Hyield Venture Capital Co., Ltd.	<p>Venture capital in the invested businesses. Plans, consults, and participates in the operation and management of invested businesses. Provision of business operations, management, and consulting services to other venture capital businesses. Other services approved by the government.</p>
Hon Jin International Investment Co., Ltd.	Investment.
Hon Chi International Investments Co., Ltd.	Investment.
Foxtron Vehicle Technologies (Hangzhou) Co., Ltd.	<p>General categories: technical service, technology development, technology consultation, technology exchange, technology transfer, technology promotion; auto parts research and development; auto parts and accessories manufacturing; auto spare parts wholesale; intellectual property service; industrial design service; professional design service; International freight forwarding; domestic freight forwarding; import/export of goods;</p>

Company name	Business Scope
	import/export agency. Items permitted: Manufacture of on-road vehicles.
Foxtron Vehicle Technologies Co., Ltd.	Automobiles and Parts Manufacturing, Wholesale of Molds , Wholesale of automobiles, Wholesale of Motor Vehicle Parts and Supplies., International Trade, Intellectual Property. , Digital Information Supply Services. , Product Designing, other design industries , Research Development Service.
Hong Chi Consultant (Shenzhen) Co., Ltd	Technical Consulting Services, Corporate Information Consulting Services, Consultancy Services.
Hong Ding Management Consultants (Shenzhen) Co., Ltd.	Business Management Consulting, Financial Management Consultants.
OMNIGUIDER INC.	Computing Equipments Installation Construction., Wholesale of Household Appliance. , Wholesale of Precision Instruments. , Wholesale of Computing and Business Machinery Equipment., Wholesale of Telecom Instruments. , Wholesale of Computer Software., Retail Sale of Household Appliance. , Retail sale of Computing and Business Machinery Equipment. , Retail Sale of Precision Instruments. , Retail Sale of Telecom Instruments. , Retail Sale of Computer Software. , Retail Business Without Shop. , International Trade, Other Consultancy. , Software Design Services. , Data Processing Services. , Digital Information Supply Services. , General Advertising Services. , Leaflet Distribution, Product Designing. , Book Publishers., Computer Recreational Activities; research and develop service industry and software publishing industry.
ANHUI HONGQING PRECISION MACHINE CO., LTD.	Development, Production, Operation, and Leasing of Automation Equipment and Key Components, Automation Peripherals, Automation Fixtures, Precision Spindles, Servo Drive Systems, digital control system, Injection Molding Machines, import and export of goods and technology;Provision of Equipment Transformation, Relocation, Repair and Maintenance Services.
Hong-Qi Mechatronics (Anhui) Co., Ltd.	Development, Production, Sales and Trading of Automation Equipment and Key Components, Automation Peripherals, Automation Fixtures, Precision Spindles, Servo Drive Systems(Including Permanent Magnet Synchronous Servo Motors, High Speed Spindle Motors, Direct-Torque Drive Motors, Permanent Magnets, Servo Drive, Inductive Servo Drive), Busbar Control System (Including CNC Controller, Injection Molding Machine Controller), Injection Molding Machines(Including All-electric, Composite, Light Guide High-Speed Injection Machine), Smart Home Appliances;Engaged in Import / Export Businesses of Goods And Technology.
HON LIN Technology Co., Ltd.	Wholesale of Electronic Materials, Retail Sale of Electronic Materials. , International Trade, Software Design Services. , Digital Information Supply Services. .
FORTUNE BAY SEMICONDUCTORS (SHENZHEN) CO., LTD.	Wholesale of computers, software, and auxiliary equipment, mechanical equipment, hardware, and electronic products; development and sales of semi-conductor, computer software, and information system software; information technology consulting; design, and research and development of integrated circuits; mechanical equipment, hardware, and electronic products : Wholesale, import and export of computers, software and auxiliary equipment, and related ancillary services; engaged in the import and export of goods and technologies (excluding distribution and state-controlled products).
Sound Solutions International	Research and development and application of intelligent manufacturing technology, machine vision technology, artificial

Company name	Business Scope
	intelligence technology, research and development and application of intelligent manufacturing production line equipment.
Jiangyu Innovation Medical Technology Chengdu CO., LTD	General categories: sale of Class II medical devices; lease of Class II medical devices; sales of Class I medical devices; technical services, technology development, technology consultation, technology exchange, technology transfer, and technology promotion; information system integration services; information technology consulting artificial intelligence public service platform technical consulting services; big data services; data processing services; Internet data services; remote health management services; health consulting services (excluding diagnosis and treatment services); technology intermediary services; software development; advertising design, agency Advertising production; advertising distribution; sales of daily masks (non-medical); production of daily masks (non-medical); sports event planning; sports protection organizations; sports health services; manufacturing of sports consumer smart equipment; production line management services; Manufacture of smart home consumer equipment; sales of smart home consumer equipment; sales of wearable smart devices; manufacturing of wearable smart devices; rehabilitation assistive device adaptation services; computer and communication equipment rental; sales of industrial automatic control system devices; sales of mechanical and electrical equipment; instruments Sales of instruments; sales of electronic products; sales of household appliances; sales of molds; technology import and export; goods import and export. Items permitted: Manufacture of Class II medical devices; Internet information services for medical devices; Internet hospital services that rely on physical hospitals.
JiangYu Innovative Medical Technology LTD.	Wholesale of Precision Instruments, Wholesale of Information Software, Retail of Precision Instruments, Retail of Information Software, Management Consulting, Information Software Services, Data Processing Services, Electronic Information Supply Services, Biotechnology Services, Research and Development Services, General Instrument Manufacturing, Medical Apparatus Manufacturing, Medical Apparatus Wholesale, Medical Apparatus Retail Sale, Electronic Parts Manufacturing, Intellectual Property Rights, International Trading, Wireless Communication Mechanical Equipment Manufacturing, Measuring Instruments Input, and General Affairs Machine Manufacturing , Wholesale of Computers and Transactional Machinery Equipment, Wholesale of Telecommunication Equipment, Retail of Telecommunication Equipment, Retail of Computers and Transactional Machinery and Equipment, Optical Instrument Manufacturing, Wholesale of Electronic Materials, Retail of Electronic Materials, Wired Communication Mechanical Equipment Manufacturing , Wholesale of Electrical Appliances, Retail Sale of Electrical Appliances, General Advertising Services, Manufacturing of Electrical Appliances and Audiovisual Electronic Products, and Telecommunication Engineering.
Penglong Real Estate Development (Jincheng) Co., Ltd.	Real estate development: Hongfengyuan Community (Lot: Jincheng Economic and Technological Development Zone 06-01#) ordinary residential project development and construction; Wutongyuan Community (Lot: Jincheng City Planning Zone Fengyang Street North, Jingxi Road West 2007-03)
Bon Shin International Investments Co., Ltd.	Investment.
Lankao YuFu Precision Technology Co., Ltd.	Storage services for customs-supervised goods (excluding

Company name	Business Scope
	<p>hazardous chemicals); import/export of goods; import/export of technologies. Optical glass manufacturing; optical glass sales; technical glass product manufacturing; technical glass product sales; sales of functional glass and new optical materials; research and development of new material technologies; mobile terminal equipment manufacturing; mobile terminal equipment sales; communication equipment repair; metal material manufacturing; metal Material sales; industrial design services; mold manufacturing; mold sales; plastic product manufacturing; plastic product sales; manufacturing of new film materials; sales of new film materials; manufacturing of paper and cardboard containers; sales of paper products; mechanical equipment rental; non-residential real estate rental; General cargo warehousing services (excluding hazardous chemicals and other items that require licensing).</p>

3. Information of the same shareholders if the relationship is presumed to be of control or affiliation: None

4. Industries covered by the overall business scope of the affiliated enterprise:

Development, Design, Manufacturing and Sale of Computer System Equipment and Related Connectors, Cable Assemblies and Housings, and Foundations.

Development, Design, Manufacturing and Sale of Computer Information Network Systems, Telecommunications, Connectors for Optical and Optoelectronic Products, Cable Assemblies and Components.

Development, Design, Manufacturing and Sale of Components for Consumer Electronics, Automotive and Aerospace Industrial Equipment.

Design, manufacturing, and sale of precision molds, mold components, and mold-making equipment. Manufacturing and sale of metal parts and plastic parts.

Manufacture and sale of metal surface treatment, processing, and equipment. Trading of mechanical processing and hardware tools and equipment.

Design, Development, Processing, Manufacturing and Sales of Automation Machines and Peripherals.

Development, Design, Agency Services, Sales and After-sales Service for Computer Network and Industrial Computer Software.

Measuring and inspection services for various mechanical, electronic parts and molds. Development, manufacturing, agency, and sale of testing instruments and equipment.

Import, Export and Sales of Various Plastic and Base Metal Raw Materials.

Design, development, processing, manufacturing, and sale of building materials. Operation of the Central Shipping Bonded Warehouse business.

Development, Manufacturing, Design, Sales and After-Sales Service of Air and Water Pollution, Noise, and Vibration Prevention, Waste Disposal, Environmental Inspection and Environmental Monitoring Equipment.

Commissioned for the Construction of Plant and Factories, Leasing and Sale of National Residences and Commercial Buildings.

Agency Services, Distribution and Trading of Building Materials and Construction Machinery.

Design and construction of lighting and communication network systems. Design and construction of safety and health system and interior decoration.

Management of Real Estate, Sales Agency Services, Leasing, Contracting and related Agency Business.

Development, Design, Manufacture, Assembly, Processing, Testing and Trading of Integrated Circuits and Foundations.

Development, Design, Manufacturing, Processing and Trading of Optical Disc Players

and Components.

Development, design, manufacturing, and trading of optical discs. Manufacturing, processing, and trading of potassium gold hydride.

Research and Development, Blending, Mixing, Processing, Application, Technology Transfer and Trading of Engineering Plastics.

Import and Export Operations related to the Abovementioned Products.

Electric wire and cable manufacturing. Electronic parts and components manufacturing. Office machinery manufacturing.

Electricity generation, transmission and distribution machinery manufacturing.

Machinery and equipment manufacturing. Automobile and parts manufacturing. Aircraft and Parts Manufacturing.

Other non-ferrous metal basic industries. (Magnesium) Industrial Plastic Products Manufacturing.

Data Storage and Processing Equipment Manufacturing. Wholesale of electronic materials Retail sale of electronic materials

Aluminum Casting Investment.

Development, Production, Sales of Communications, Electronic Computer Networks, Optoelectronic Product Components, Base Plat Assembly Processing.

Production and Operation of Various Types of Plugs and Sockets, Plastics, Molds and Parts, Telecommunications Connectors, Computer Network Connectors, Instrumentation Equipment.

5. Information on directors, supervisors and general managers of related companies
