

## Terms, Conditions and Shipping Policy

**Important Portable Garage Maintenance:** As you can see by the pictures and specs on our website, Cover-Tech portable garages are one of the most durable on the market and are constructed of the highest quality materials available. However we make no warranty statements or guarantees against snow or wind loads. These are structures and with any structure such as a deck, house roof, sun porch, barn, commercial building etc... you must use your judgment about snow removal. If you see snow build up on the roof it is recommended to clean off before entering and if large amounts of snow build up on the sides it is recommended to remove. No matter what the product, general maintenance will make it last longer.

Stamped engineer's drawings are only available for our trussed frame straight wall and dome style buildings. If fire retardant fabric is required please specify at the time of order, additional charges may apply.

Prices, product listings and specifications are subject to change without notice.

### Terms of sale and payment:

All sales FOB Woodstock New Brunswick. Payment in full prior to shipping order. Payment methods are Visa, MasterCard, cheque, money order, wire transfer, or PayPal. Unless a charge account is setup.

Adjustments or returns must be authorized in advanced. Credit will be issued, less a restocking charge equivalent to 15% of net value of goods returned. Return freight to be responsibility of the returnee. Sales on some custom made products are final.

Claims – In the rare occurrence of damage in transit or missing freight is the responsibility of the carrier. Cover-Tech to file claim directly with the transportation company within a few days and make sure to clearly mark “damaged shipment” or “missing shipment” on the waybill before signing.

Sales Tax extra where applicable.
