**LARGEST WHEELS**

10" solid rubber wheels are larger and more durable than the leading competitor. Perfect for heavy loads and smooth rolling up stairs.

**LOWEST PROFILE**

The Rolling Toolbox has the lowest profile on the market at 15.5" high after the handle is removed. This enables the toolbox to fit under truck bed covers or in car trunks.

**ATTACH ACCESSORIES**

Built-in side rails accommodate a variety of attachments, so your tools, supplies, and beverages are always within reach.

**REMOVABLE HANDLE**

The telescoping handle fully extends to 44" and is removable to provide flexible storage in tight spaces.
