TRUE TEMPER

TELESCOPING SNOW ROOF RAKE 24" Poly Blade • Telescoping Aluminum Handle

A&M INDUSTRIAL TOP SELLER

TELESCOPING HANDLE

Lightweight, aluminum handle extends to 17 FT. and collapses for easy storage

24 IN. WIDE POLY BLADE

24 IN. wide poly blade removes snow, gentle on surfaces

PUSH-BUTTON OPERATION

Easy to use push-button telescopic handle design

NON-SLIP HANDLE

Non-slip aluminum handle and end-grip for better control

The Telescoping Roof Rake is the most innovative roof rake in years! The push-button, telescoping design makes it sleek and collapsable for easy storage. This snow roof rake can help prevent structural and water damage to your home that can result from heavy snow left on your home's roof. It's designed for strength and durability with lightweight aluminum and temperature resistant plastics. The handle enables a very long reach and it's easier and safer to use than climbing up on your roof with a snow shovel.

- Maximum extended length: 6.5'
- Poly end grip with hole for easy storage.
- Assembled dimensions: 6"D x 72"H x 24"W
