Jeu de caractères graphiques grecs.

DESCRIPTION

A set of 94 graphics structured similiary to that of ISO 646-1973 "7-bit Coded character set for Information Proccesing Interchange" but with the Latin (Roman) alphabet substituted by the Greek alphabet. A number of diacritical signs required in the Greek language orthography has also been included.

Jeu de 94 caractères graphiques structuré de façon analogue à celui de la norme ISO 646 "Jeu de caractères codés à 7 éléments pour l'échange d'information entre matériels de traitement de l'information" mais dont l'alphabet latin (romain) a été remplacé par l'alphabet grec. Un certain nombre de signes diacritiques faisant partie de la langue grecque ont également été ajoutés.
