## Community Care and Assisted Living Act

The *Community Care and Assisted Living Act (CCALA)* governs both licensed community care facilities and registered assisted living residences. Both types of facilities provide a continuum of care to vulnerable persons (adults, seniors and adults with disabilities) who need ongoing support and assistance for a variety of health, mental health, substance use and disability-related reasons. A **community care facility** provides “care” to three or more adults who are vulnerable because of family circumstances, age, disability, illness or frailty, and are dependent on caregivers for continuing assistance or direction. Whereas, the tenants of **assisted living** residences direct their own care but are in need of some support services (i.e.: housing, hospitality, personal assistance, etc.).

The *CCALA* requires that licensees of community care facilities and registrants of assisted living residences:

- operate the facility in a manner that will promote the health, safety and dignity of persons in care and
- employ only persons of good character who meet the standards for employees specified in the regulations.

Operators of either type of care facilities (licensees/registrants) and their staff provide care and supervision to persons in care, and have the primary responsibility to protect and promote the individual and collective health, safety, dignity, and well-being of all persons in care. While the *CCALA* and its regulations provide the minimum legislative requirements that licensees/registrants must meet, many exceed these requirements. Additionally, licensees/registrants who have contracts with funding agencies (see below) may have additional contractual obligations they must meet. Licensees/Registrants who engage in voluntary accreditation programs also have additional requirements that must be met.

Both community care facilities and assisted living residences are monitored for compliance to the legislative requirements on a regular basis and when found to be in non-compliance to the minimum standards, are required to rectify issues of concern to minimize risk to the persons they are caring for.

### Important Notes

Publicly funded facilities typically provide 24/7 professional care and supervision, in a protective, supportive environment, for people with complex care needs who are not able to live independently. In these facilities, the costs of care and accommodation are subsidized.

Privately funded facilities do not receive funding from a health authority or other agency. Persons who live in these facilities are responsible to pay the full cost of their care and accommodation.

Regardless of whether or not an operator receives funding from a health authority or other agency, or whether the client pays privately for their accommodation and care:

- Facilities that provide residential care to 3 or more persons who are not related by blood or marriage to the operator of the premises and require “care” as defined in the *CCALA* must have a valid community care facility license through the local Health Authority Community Care Facility Licensing program.
- Facilities that provide housing, hospitality services and assisted living services, by or through the operator, to 3 or more adults who are not related by blood or marriage to the operator of the premises and do not require, on a regular basis, unscheduled

professional health services, must be registered as an assisted living residence through the Provincial Assisted Living Registrar.

Facilities that exceed the minimum allowable persons in care without a community care facility licence or assisted living registration are considered operating unlawfully. These unlawful facilities do not receive any external oversight to ensure the facility is being operated in a healthy and safe manner and as a result, could be putting persons in care, at risk. Consequently, when discovered, these unlawful facilities must either reduce their numbers to no more than 2 persons in care or immediately halt the provision of care until they are licensed or registered (which ever is most appropriate based on the care being provided).

Therefore, prior to entering into a care contract for yourself or a loved one in any care facility, it is advisable to enquire with the operator as to: 1) how many persons they care for at any given time; and 2) if that number provided is or will be more than 2 persons (with the addition of yourself or your loved one), whether or not they have a community care facility licence or have a valid registration as an assisted living residence.

Please note: All references to licensing means a Licence under the Community Care and Assisted Living Act. Individuals need to verify whether a premise is licensed.

## North Okanagan Better At Home Program

The North Okanagan “Better at Home” is a program that helps seniors with simple non-medical, day-to-day tasks so that they can continue to live independently in their own homes, and remain connected to their communities. The Government of BC funds the program, United Way of the Lower Mainland manages it, and NexusBC Community Resource Centre provides the services for Vernon, Armstrong, Lumby and Cherryville. In order to receive services (house cleaning, transportation, minor home repair, light yard work, friendly visiting) you will need to register with the Better at Home program. Please note services are limited and are subject to availability and funding. Fees for clients of the Better At Home Program are priced on a sliding scale according to income. You must be age 65+ and residing in Vernon, Armstrong, Lavington, Lumby or Cherryville to be eligible for the program. Please phone 250.545.0585 or email [betterathome@nexusbc.ca](mailto:betterathome@nexusbc.ca) for more information.

## Age Well at Home

Age Well At Home helps low-income adults and seniors age 55+ stay independent in their own homes. Services include light housekeeping, rides to appointments and for errands, and friendly visiting in the home. To receive services through this program, participants must be age 55 or older and requiring assistance to remain living independently at home in Vernon, Coldstream, Armstrong, or Lumby, and have a maximum annual income of \$30,000 for a single person, or \$45,000 for a couple, combined. Please phone 250.545.0585 or email [agewell@nexusbc.ca](mailto:agewell@nexusbc.ca) for more information.

## BC Residential Tenancy Branch

British Columbia’s Residential Tenancy Act and Regulations apply to rental agreements, rental units and residential properties. The Act **does not apply** to community care, continuing care and assisted living facilities or accommodation where the tenant shares bathroom or kitchen. Under the law, both tenants and landlords have specific rights and responsibilities in a tenancy. If you have any questions, phone the BC Residential Tenancy Branch at **1.800.665.8779** or visit [www.gov.bc.ca/landlordtenant/](http://www.gov.bc.ca/landlordtenant/)

## **BC Seniors Line**

Toll-free information line at **1.800.465.4911** about federal and provincial government programs and services of interest to seniors including eligibility and assistance with applications for program such as bus passes, tax rebates, homeowner grants, and MSP care card applications.

# Housing Assistance For Seniors Through BC Housing

---

BC Housing offers two programs for eligible seniors:

## 1. Subsidized Housing

Subsidized housing is long-term housing for people who permanently reside in British Columbia. Rental fees are calculated on a rent geared to income basis (30% of household total gross income, subject to minimum rent based on # of people). You may be eligible for subsidized housing if you can live independently and meet the household, residency, income and asset criteria. The housing needs of each applicant are assessed, with available units offered to people in greatest need first.

Use the Housing Listings at [www.bchousing.org](http://www.bchousing.org) to find subsidized housing in BC. There are two ways that you can apply to buildings and the Housing Listings will let you know for each building what the application process is. You will need to apply for each building by either:

1. Applying to the Housing Registry. The Registry allows your single application form to be considered for available units managed by BC Housing and a number of non-profit and co-operative housing providers that have chosen to use The Housing Registry database or,
2. Apply directly to non-profit societies and co-operatives that manage their own application processes.

Examples of housing for seniors and families in the North Okanagan that are subsidized through BC Housing include:

- Blue Skies Housing Cooperative, 4501 20 Street, Vernon BC
- Creekside Village, 3502 27 Avenue, Vernon BC\*
- Columbus Court I & II, 3003 Gateby Place, Vernon BC\*
- Enderby Memorial Terrace, 708 Granville Avenue, Enderby BC\*
- Heather Heights, 2315 Heather Avenue, Armstrong BC\*
- Highland Park Lodge, 3700 Highland Park Road, Armstrong BC\*
- Kickwillie Place, 4305 19<sup>th</sup> Avenue, Vernon BC
- Kikanee Estate, 5701 Heritage Drive, Vernon BC
- Monashee Place, 1748 Glencaird Street, Lumby BC\*
- McCulloch Court, 3400 Coldstream Avenue, Vernon BC\*
- Saddle Mountain Place, 1751 Glencaird Street, Lumby BC\*
- Tanner Terrace, 3304 Alexis Park Drive, Vernon BC
- Vernon Veridian, 3705 24 Avenue, Vernon BC
- Yin Ho Gardens, 4206 Alexis Park Drive, Vernon BC

\*Seniors and/or persons with disabilities only

For more information on BC Housing Programs visit [www.bchousing.org](http://www.bchousing.org) or phone 1.800.257.7756

You can request a Housing Registry application form be mailed to you by calling **1.800.257.7756**. You can also print one from the BC Housing website at [www.bchousing.org](http://www.bchousing.org). If you need help with filling it out, please phone NexusBC Community Resource Centre at 250.545.0585 to book an appointment.

## 2. Shelter Aid for Elderly Renters Program (SAFER)

SAFER provides monthly cash payments to eligible senior residents of BC who pay rent for their homes. Seniors who pay pad rental fees for owner-occupied manufactured homes (trailers) may also be eligible.

BC Housing provides SAFER subsidies to more than 17,000 senior households renting apartments in the private market, including singles, couples and people sharing a unit.

You may be eligible for SAFER if you meet all of the following conditions:

- You are age 60 or older.
- You have lived in BC for the full 12 months immediately preceding your application.
- You and your spouse (with whom you are living) meet the citizenship requirements.
- You pay more than 30% of your gross (before tax) monthly household income towards the rent for your home, including the cost of pad rental for a manufactured home (trailer) that you own and occupy.

You can request a SAFER application form be mailed to you by calling **1.800.257.7756**. You can also print one from the BC Housing website at [www.bchousing.org](http://www.bchousing.org). If you need help with filling it out, please phone NexusBC Community Resource Centre at 250.545.0585 for an appointment. Please note that BC Housing's SAFER application processing times vary.

Seniors residing in a long-term care facility or in a residence that is subsidized through another government agency are not eligible for the SAFER subsidy.

## Subsidized Assisted Living Through Interior Health

---

Assisted living services are provided in a supportive accommodation environment for clients with physical and functional health challenges who can no longer reside at home but are able to make decisions on their own behalf. Eligibility for publicly subsidized assisted living units is determined by one of the following local offices. You do not need to contact the assisted living residence directly.

- ▶ **NEW CLIENTS call 1.800.707.8550.**  
**Select option 2 for new intake, then option 7 for North Okanagan**
- ▶ **EXISTING CLIENTS in Vernon, phone 250.541.2200**
- ▶ **EXISTING CLIENTS in Armstrong and Enderby, phone 250.546.4752**

Once you are deemed as eligible for a subsidized unit and have agreed to living in an assisted living setting, your name will be placed on a list for an available unit in your preferred residence. The Case Manager will continue to monitor and support your care needs while you await an available unit.

When a unit becomes available, the Case Manager and assisted living staff will need to ensure that the assisted living environment continues to be suitable for you at the time of admission.

Due to the nature of this semi-independent setting, your eligibility may change over time should your health status change.

The monthly charge for publicly subsidized assisted living is based on income. Residents pay 70% of their monthly after-tax income, up to a maximum amount. Persons receiving disability benefits from the Ministry of Housing and Social Development pay a fixed rate. Fees are paid monthly to the Assisted Living Operator along with a small monthly hydro surcharge.

# Subsidized Residential Care Through Interior Health

---

Residential Care is the BC Ministry of Health term for what you may know as Complex Care, Long Term Care, Extended Care, Nursing Home Care or Geriatric Care Facility. When you are no longer able to stay at home with assistance, the first step to entering a publicly subsidized residential care facility is to have a health care needs assessment completed. You can access this service by contacting one of the following offices where a Case Manager will determine your needs and eligibility. Priority is always given to those with the highest need and at the greatest risk.

- ▶ **NEW CLIENTS call 1.800.707.8550.**  
**Select option 2 for new intake, then option 7 for North Okanagan**
- ▶ **EXISTING CLIENTS in Vernon, phone 250.541.2200**
- ▶ **EXISTING CLIENTS in Armstrong and Enderby, phone 250.546.4752**

The search for a residential care bed that best meets your needs starts as soon as the Case Manager completes your assessment. The aim is to locate the first appropriate bed in your home or neighbouring community.

BC's residential access policy ensures people with the greatest assessed need have priority for the first appropriate bed in a residential care facility. You may be expected to move with very short notice – often within 48 hours. If the first appropriate bed vacancy is not in the location you want, you can make a request to move once you have settled in. When a new bed becomes available in your preferred location, you will have the choice of accepting or declining it.
