[57] **CLAIM**

The ornamental design for a baby sling and harness for infants with gastro-esophageal reflux, substantially as shown and described.

DESCRIPTION

FIG. 1 is a top plan view of a combined baby sling and harness for infants with gastro-esophageal reflux, showing my new design and shown in open position;
 FIG. 2 is a bottom plan view thereof;
 FIG. 3 is a front elevational view thereof;
 FIG. 4 is a side elevational view, the opposite side being a mirror image thereof;
 FIG. 5 is a rear elevational view thereof;
 FIG. 6 is a front elevational view of the device shown in the folded position;
 FIG. 7 is a side elevational view, the opposite side being a mirror image thereof;
 FIG. 8 is a rear elevational view thereof;
 FIG. 9 is a top plan view thereof;
 FIG. 10 is a bottom plan view thereof.
