(57) **CLAIM**

We claim the ornamental design for a display panel with a computer-generated icon, as shown and described.

**DESCRIPTION**

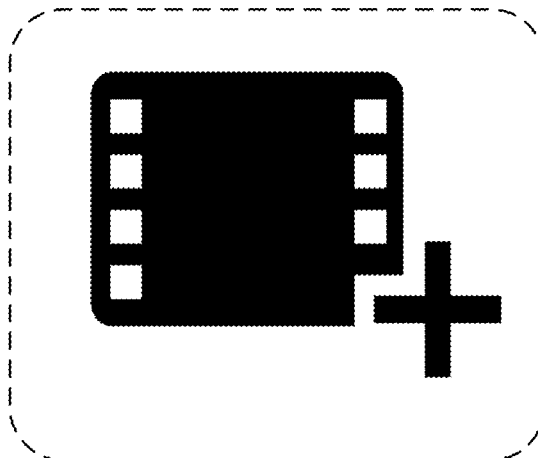

FIG. 1 is a front view of a display panel with a computer-generated icon; and, FIG. 2 is a front view thereof, on a reduced scale. The broken line showing the display panel in both views forms no part of the claimed design. The broken line showing the graphic elements and text in FIG. 2 form no part of the claimed design. The claimed embodiment is applicable to mobile devices, laptops, tablet devices, and other computing environments that can generate content for display.
