See application file for complete search history.

The file of this patent contains photographs executed in color. Copies of this patent or patent application publication with color photograph(s) will be provided by the Office upon request and payment of the necessary fee.

FIG. 1 is a color photographic side view of the pan, the other side being a mirror image thereof;

FIG. 2 is a color photographic front view of FIG. 1; and, FIG. 3 is a color photographic top view of FIG. 1.

Shadows and reflections do not represent any particular color, material, texture or finish. Colors shown in the photographs form part of the claimed design. The rivets, bracket and handle of the pan form part of the claimed design. However, any view of the rivets, bracket and handle not shown in the Figures is disclaimed and forms no part of the claimed design.

The bottom of the pan is flat and unornamented.

The pan of the invention has decorative textured surfaces comprising a rough slate finish on the inner (food contacting) surface and on the exterior surface thereof as shown in the photographs.
