See application file for complete search history.

**DESCRIPTION**

FIG. 1 is a front view of a first image in a sequence for a display screen with a graphical user interface; FIG. 2 is a front view of a second image thereof; FIG. 3 is a front view of a third image thereof; and, FIG. 4 is a front view of a fourth image thereof.

The broken lines of text, numbers, icons, and boxes showing portions of a graphical user interface form no part of the claimed design.

Oblique lines and stippling illustrate contrasting appearance and form a part of the claimed design.

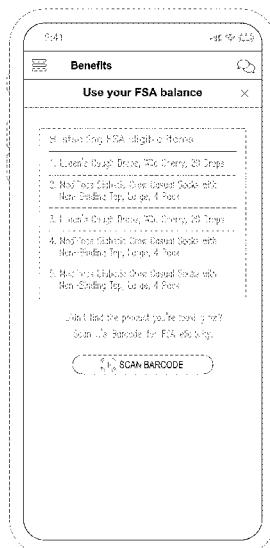

The appearance of the transitional image sequentially transitions between the images shown in FIGS. 1 through 4. The process or period in which one image transitions to another image forms no part of the claimed design.
