(57) **CLAIM**

The ornamental design for a bottle cap, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of a bottle cap showing a first embodiment my new design; the rear elevational view being a mirror image thereof.

FIG. 2 is a top, side perspective view thereof; the other side being a mirror image thereof.

FIG. 3 is a front elevational view of a bottle cap showing a second embodiment of my new design; the rear elevational view being a mirror image thereof.

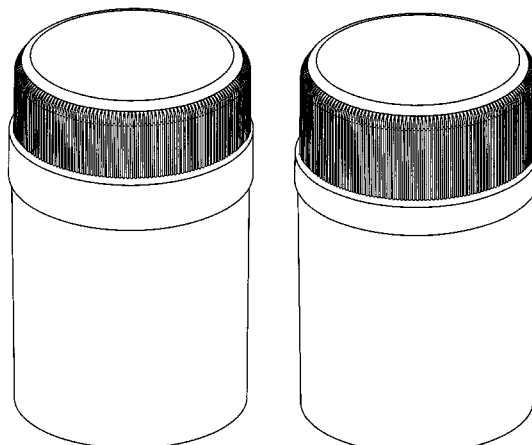

FIG. 4 is a top, side perspective view thereof; the other side being a mirror image thereof.

FIG. 5 is a front elevational reference view illustrating the relative size of the bottle cap shown in the first and second embodiments of my new design relative to a bottle; and,

FIG. 6 is a top, side perspective view thereof.

The broken line showing of a bottle in FIGS. 5 and 6 is for illustrative purposes only and forms no part of the claimed design.
