(54) Abstract Title: **Expandable connection**

(57) An expandable tubular liner includes a first tube (205), a second tube (215), a mechanical coupling (210, 220) for coupling the first and second tubes, and an insert (225, 730, 930) coupled to the mechanical coupling. The insert (225, 730, 930) is capable of forming a metallurgical bond with at least one of the tubes when energy is injected into the insert.
