**DW RETRACTABLE LIGHTER**

DESCRIPTION

[0001] A retractable lighter, which can be attached to the owner/user to prevent loss &/or theft.

What is claimed is:

1. A fully operable lighter, disposable &/or refillable, designed with a retractable line and attachable clip to protect from loss or theft.

2. A lighter designed with a built-in retractable spring mechanism enabling the retraction of a secure line which is connected to a clip-on attachment.

3. A lighter which provides a secure clip-on attachment that shall secure the lighter to belt loops, other clothing, accessories, etc., therefore preventing loss or theft.
