(88) Date of publication of the international search report:

23 October 2003

For two-letter codes and other abbreviations, refer to the "Guidance Notes on Codes and Abbreviations" appearing at the beginning of each regular issue of the PCT Gazette.

(54) Title: A MODULAR TELECOMMUNICATION AND PDA UNIT

(57) Abstract: A modular telecommunication and PDA device attached by a strap to the forearm with a modular, exchangeable display-operating unit (1) which sits on the wrist and has a pressure sensitive display allowing for handwriting recognition and keys for operation and interaction between the modules (4) as well as a protective cover with an additional display (12) which can be unfolded and tripled in size (multi-screen) (12.1) and also has a digital camera lens (16) and is attached to the module carrier (3) by way of the spring and rotational parts system (2) which is always allow for enough force facilitating coordinated motion for turning the display-operating unit with the fist and hand joint, i.e. the palm. Various handheld devices - cellular phones, PDA, GPS, digital cameras, bar-code scanners, batteries, and other mobile and handheld devices and those devices which are yet to be created if the possibility and appropriateness of their use in this manner is shown in the manner described in this patent are in the form of modules (4) via the docks (15) attached to the model carrier (3).

## INTERNATIONAL SEARCH REPORT

REC'D 3 0 JUL 2002 /

(PCT Article 18 and Rules 43 and 44)

Applicant's or agent's file reference	FOR FURTHER see Notification of	f Transmittal of International Search Report 20) as well as, where applicable, item 5 below.								
P 1147/01	ACTION									
International application No.	International filing date (day/month/year)	(Earliest) Priority Date (day/month/year)								
PCT/HR 01/00017	12/04/2001	13/04/2000								
Applicant										
NIKOLIC, Robert										
This International Search Report has been prepared by this International Searching Authority and is transmitted to the applicant according to Article 18. A copy is being transmitted to the International Bureau.										
This international Search Report consists of a total of sheets.  X It is also accompanied by a copy of each prior art document cited in this report.										
Basis of the report     a. With regard to the language, the international search was carried out on the basis of the international application in the language in which it was filed, unless otherwise indicated under this item.										
the international search was carried out on the basis of a translation of the international application furnished to this Authority (Rule 23.1(b)).										
<ul> <li>b. With regard to any nucleotide and/or amino acid sequence disclosed in the international application, the international search was carried out on the basis of the sequence listing:         <ul> <li>contained in the international application in written form.</li> </ul> </li> </ul>										
11	ernational application in computer readable for	m.								
1	o this Authority in written form.									
·	o this Authority in computer readble form.									
the statement that the su	bsequently furnished written sequence listing of	does not go beyond the disclosure in the								
	international application as filed has been furnished.  the statement that the information recorded in computer readable form is identical to the written sequence listing has been furnished									
1 -	und unsearchable (See Box I).									
3. Unity of invention is la	cking (see box II).									
4. With regard to the <b>title</b> ,										
I 1	submitted by the applicant.									
the text has been established by this Authority to read as follows:										
5. With regard to the abstract,										
the text is approved as submitted by the applicant. the text has been established, according to Rule 38.2(b), by this Authority as it appears in Box III. The applicant may, the text has been established, according to Rule 38.2(b), by this Authority as it appears in Box III. The applicant may,										
the text has been established, according to rule 36.2(b), by this Authority as it appears in South within one month from the date of mailing of this international search report, submit comments to this Authority.										
· · · · · · · · · · · · · · · · · · ·	blished with the abstract is Figure No.	1 Name of the figures								
as suggested by the app		None of the figures.								
because the applicant failed to suggest a figure.										
because this figure better characterizes the invention.
