**DESCRIPTION**

FIG. 1 is a front view of an embodiment of a display screen of a communications terminal with a user interface showing our new design; and, FIG. 2 is a front view of another embodiment thereof. The broken line showings of the display screen of a communications terminal and various elements of the user interface are included for the purpose of illustrating environmental structure and unclaimed portions of the display screen of a communications terminal with a user interface and form no part of the claimed design.
