### [57] CLAIM

The ornamental design for a bag for holding a portable electronic appliance, as shown and described.

### DESCRIPTION

FIG. 1 is a front, top, and right side perspective view of a bag for holding a portable electronic appliance showing my new design;

FIG. 2 is a rear, top, and right side perspective view thereof;

FIG. 3 is a front elevational view thereof;

FIG. 4 is a rear elevational view thereof;

FIG. 5 is a right side view thereof;

FIG. 6 is a left side view thereof;

FIG. 7 is a top view thereof; and,

FIG. 8 is a bottom view thereof.

The bag is usable to hold a portable electronic appliance, such as a compact disc player, a cassette player, a hand-held computer game, and one or two separate speakers. One preferred use of the bag is for holding a portable compact disc player and two separate speakers connectable to the compact disc player, with the compact disc player positioned in a center region of the bag, and the two speakers positioned on either side of the compact disc player toward left and right ends of the bag, respectively.
