(57) **CLAIM**

The ornamental design for a label, as shown and described.

DESCRIPTION

This application is related to U.S. design patent application titled “Label” filed on the same date with the same inventors under U.S. patent application Ser. No. 29/392,987.

FIG. 1 is a view of a first embodiment of a label according to our new design.

FIG. 2 is a view of a second embodiment of a label according to our new design.

FIG. 3 is a view of a third embodiment of a label according to our new design.

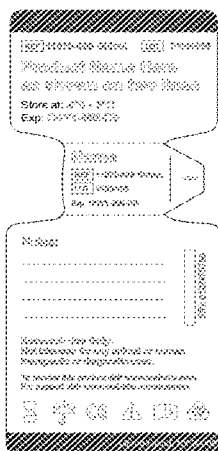

FIG. 4 is a view of a fourth embodiment of a label according to our new design.

FIG. 5 is a view of a fifth embodiment of a label according to our new design; and,

FIG. 6 is a view of sixth embodiment of a label according to our new design.

The backside (not pictured) of the label as well as the portions of the label depicted in broken lines are not part of the claimed design.
