[57] CLAIM

The ornamental design for a book on a pocket card, as shown and described.

DESCRIPTION

FIG. 1 is a top plan view of a book card, showing my new design;
FIG. 2 is a front elevational view thereof, the undisclosed rear being the same;
FIG. 3 is a bottom plan view thereof;
FIG. 4 is a side elevational view thereof, the undisclosed side being the same; and
FIG. 5 is a magnified detail thereof, as indicated by the dashed line in FIG. 1, the broken line representation of indicia being for illustrative purposes only and forming no part of the claimed design.

The book on the card contains a strip which extends across the top surface. The strip has a metallic sheen with a pattern of small, closely spaced rectangles thereon. The rectangles have micro image details observable to the eye with magnification.
