(54) Title of the Invention: **Container and attachments therefor**  
Abstract Title: **Container and attachments therefor**

(57) A glass neck (14) for attachment to a container (12) of a material other than glass is described. The glass neck comprises a wall defining (22) a passageway having a first end (26) and a second end (32), container-attachment means (24) being provided at the first end and the second end defining a glass rim.
