CLAIM

I claim the ornamental design for a display screen with a graphical user interface to display naming data, as shown and described.

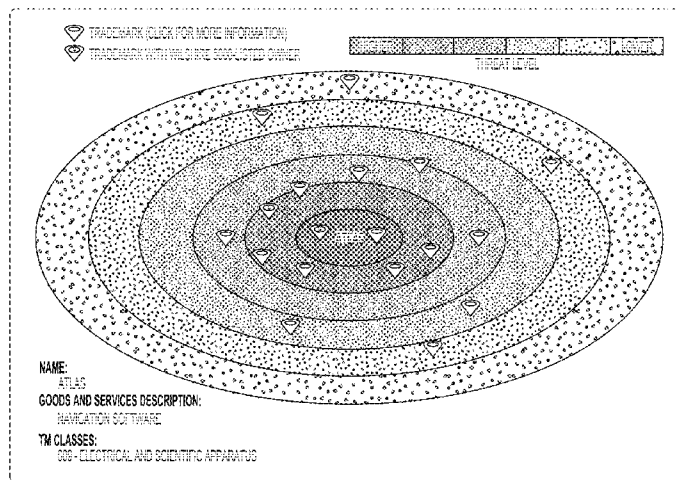

DESCRIPTION

FIG. 1 is a front view of a first embodiment of a display screen with a graphical user interface to display naming data.

FIG. 2 is a front view of a second embodiment thereof; and, FIG. 3 is a front view of a third embodiment thereof.

The broken line on the outer boundary of the figures illustrates a display screen and forms no part of the claimed design. The broken line drawings of text in all views are included for the purpose of illustrating environmental structure form no part of the claimed design. The difference in shading and types of shading indicate a contrast of appearance.
