(57) **CLAIM**

The ornamental design for a pair of display screens with transitional graphical user interface, as shown and described.

DESCRIPTION

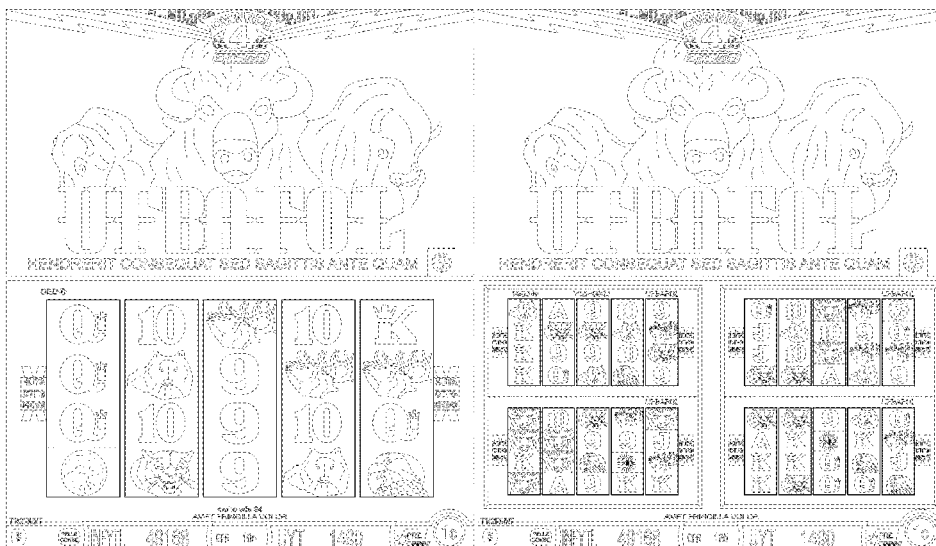

FIG. 1 is the first image in a sequence of a pair of display screens with transitional graphical user interface showing our new design; and, FIG. 2 is the second image thereof. The outermost broken line rectangles in the drawings, shown in the upper and lower portion of each figure, illustrate two separate display screens and form no part of the claimed design. The remaining broken lines in the drawings illustrate portions of the graphical user interface and form no part of the claimed design. The appearance of the transitional image sequentially transitions between the images shown in FIGS. 1-2. The process or period in which one image transitions into another image forms no part of the claimed design.
