Primary Examiner—Dominic Simone

[57] **CLAIM**

The ornamental design for a baseball trophy, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of a baseball trophy; and, FIG. 2 is a right side elevational view thereof, with the opposite side being a mirror image thereof.

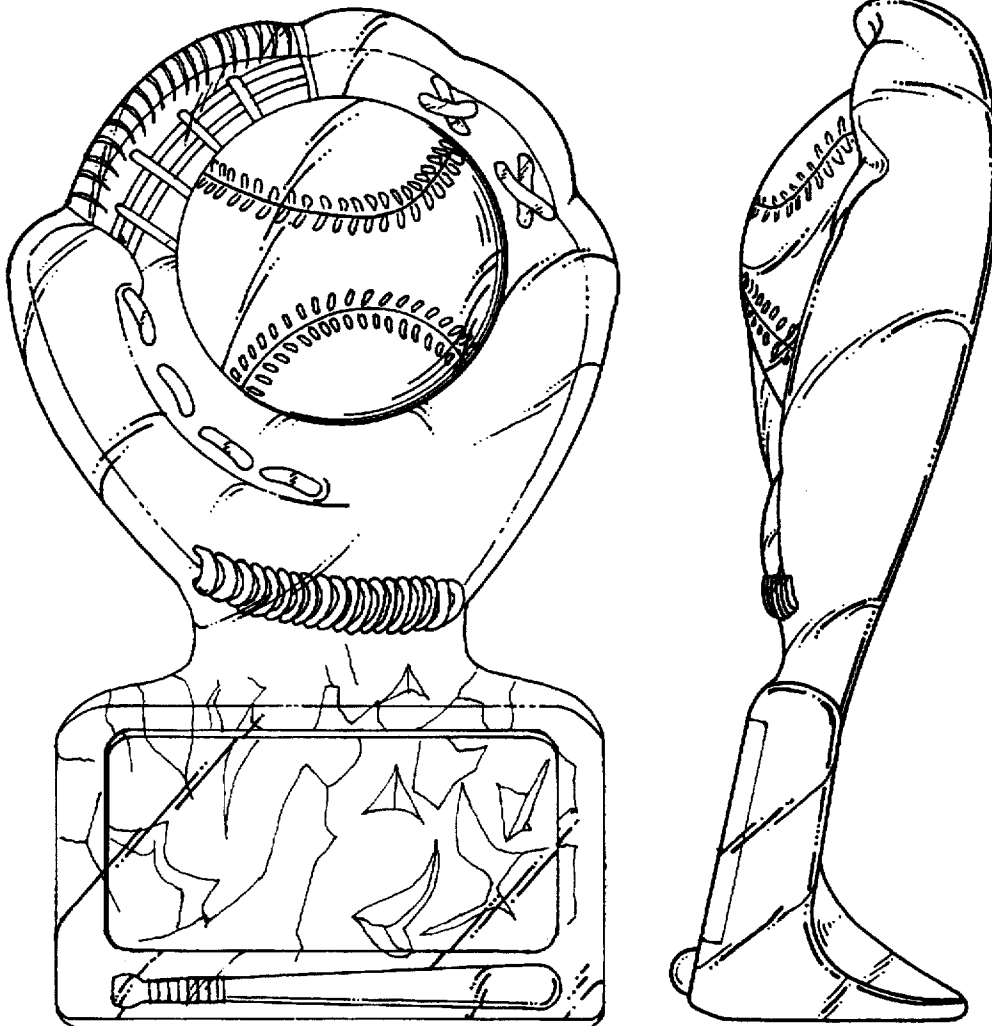

Due to the distortion of the randomly cut pattern in the glass, a full representation of the transparency element of the design is impossible to duplicate in all views.
