## STRATEGIC REPORT

The directors present their annual report and the audited financial statements for the year ended 31 January 2018.

In preparing this report, the directors have complied with s414c of the Companies Act 2006.

### Principal activities, review of operations and future prospects

The group's turnover is derived primarily from cricket related activities carried out in England and Wales and in respect of participation by England teams in international events run by the International Cricket Council (ICC).

In addition to having a highly seasonal business, with the vast majority of income being earned in the summer, the business is also cyclical – with annual revenues varying significantly year on year – as a result of the occurrence of ICC international events and the scheduling of overseas teams touring England & Wales.

In 2017, ECB continued with the high levels of contributions to our cricket network and stakeholders. A special fee distribution of £1.3m was paid to each First Class County in either 2016 or 2017, relating to the 2018 home India series broadcast revenue. A further special fee distribution of £1m is scheduled to be paid to each First Class County in either 2018 or 2019, relating to Cricket World Cup 2019 revenue. These previously unprecedented contributions, coupled with continued significant investment in strategic Participation and Growth initiatives, including the expansion of our first nationwide entry-level programme, resulted in a loss for the financial year of £30.2m (2016: £37.3m).

ECB's financial model has historically been based around a four-year business cycle, with each four-year period having one home Ashes Series and one tour by India to England and Wales. The 2017/18 financial year represents year four of the 2014-17 cycle. Relative to India (2014) and Ashes (2015) years, the final two years of the cycle generate significantly lower levels of revenue and in turn deliver losses to the group, which are funded through accumulated reserves.

ECB's main areas of administrative expenditure are:

- Fee payments to First Class Counties and other costs to reflect their role in leading and supporting the growth of cricket in their county and providing a pathway for our most talented players to prepare for international cricket
- Costs incurred to support England teams across our senior men's, women's, disability and Lions teams in the talent Pathway as well as Performance Centre
- Recreational and grassroots costs including Minor County and County Board cricket, Premier Leagues and capital and revenue grants to County Cricket Boards
- Administration costs incurred by ECB in its role to lead and support the growth of cricket in England and Wales

In 2018, there are scheduled to be seven men's Test Matches, five against India and two against Pakistan; eight Royal London One Day International Matches, five against Australia and three against India; and four Vitality Twenty20 International Matches, three against India and one against Australia.

In 2019, there are scheduled to be six men's Test Matches, five against Australia and one against the Test Match Associate winner; five Royal London One Day International Matches and one Vitality Twenty20 International Match against Pakistan. The ECB will also be hosting the ICC World Cup as well as the Physical Disability World Championship in 2019.

Looking further forward, ECB has secured significantly increased broadcast revenues for the period 2020-24. These increased revenues can support the growth of the game and the sustainability of the First Class Counties, with investment linked to a new strategy for the game for the period 2020-24.

### Group financial results and reserves

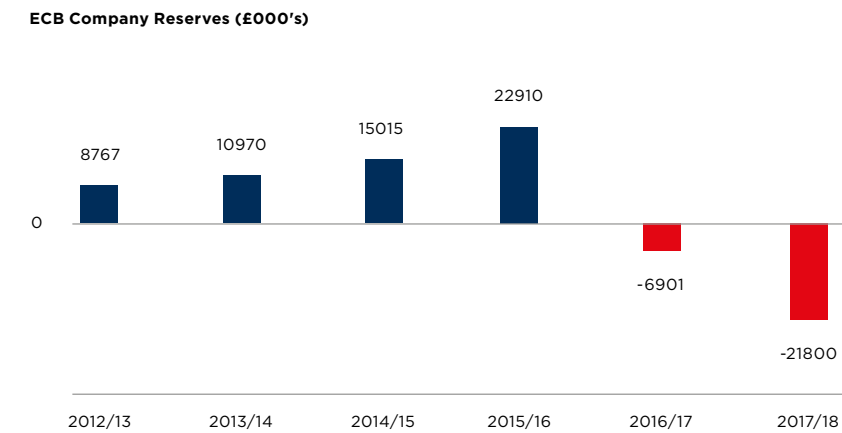

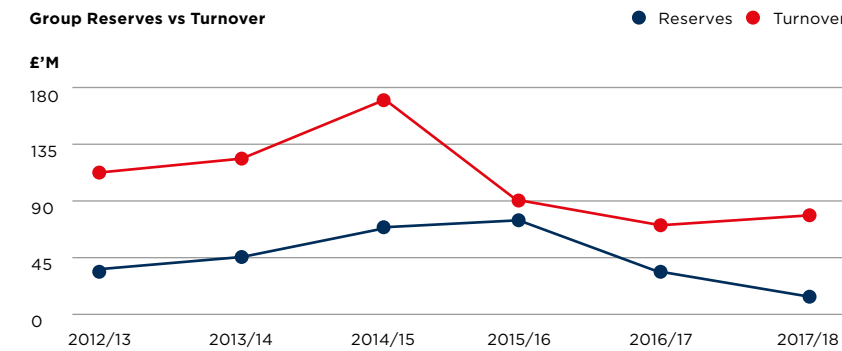

Turnover in the year amounted to £125.5m (2017: £118.9m). Cost of sales in the year amounted to £18.2m (2017: £19.5m).

The group's administrative expenditure at £137.8m remained broadly level with that of the prior year at £137.2m, reflecting the continued high level of distributions made to the First Class County network, and relatively flat central expenditure. Included in this expenditure was a payment of £2.5m to Glamorgan County Cricket Club in consideration for giving up the right to host Test match cricket in future.

The group made a loss on ordinary activities before taxation of £30.2m (2017: loss of £37.3m). The retained loss of £30.2m (2017: loss of £37.3m) has been transferred to reserves.

The overall group reserves at year end reduced to £8.6m, down from prior year reserves of £35.7m. This reduction has occurred at a faster rate than originally modelled due to the advanced time frame at which special fee distributions have been made to the First Class County network.

The Board continues to assess the appropriate level of group reserves, taking into account group revenue levels, principal business risks and uncertainties in the short, medium and long term, along with the requirements of the cricket network within England and Wales. Equity reserves in the short term are scheduled to remain below the desired 40% of turnover; this is however partly offset by significant cash holdings through the period and projected through 2018 and 2019.

### KPI's

- Turnover up £6.6m as compared to 2017
- Consolidated loss before taxation was £7.1m lower than 2017
- ECB made distributions to the eighteen First Class Counties, the Marylebone Cricket Club ("MCC"), the Minor Counties Cricket Association ("MCCA"), the Minor County Clubs and the County Cricket Boards totalling £38.2m

### Supplier payment policy

The company's policy, which is also applied by the group, is to settle terms of payment with suppliers when agreeing the terms of each transaction, and to ensure that suppliers are made aware of the terms of payment and abide by the terms of payment. Trade creditors of the group at 31 January 2018 were equivalent to 35 days (2017: 36 days) of purchases, based on the average daily amount invoiced by suppliers during the year.

### Principal risks and uncertainties

During the period, the Audit Committee and Board reviewed on a quarterly basis the current Risk Register which:

- identifies risks faced;
- estimates the impact of these risks on the business (including financial and reputation impact); and
- considers how major risks can be managed/mitigated.

Major risks identified include:

- loss of cricket due to events outside cricket's control, including the threat of terrorist attack and national mourning;
- status of Test cricket;
- reliance on core income streams;
- integrity, including safeguarding, anti-doping and anti-corruption;
- significant breakdown in relations with overseas governing bodies.

### Financial risk management objective and policies

The group has a policy whereby there are maximum limits that can be invested with any single financial institution. All of the financial institutions that hold cash deposits have 'A' ratings.

The group's credit risk is primarily attributable to its trade receivables and amounts receivable from First Class Counties, International Cricket Boards and other International Cricket Organisations. The amounts presented in the balance sheet are net of allowances for doubtful receivables. An allowance for impairment is made where there is an identified loss event which, based on previous experience, is evidence in a reduction in the recoverability of cash flows. The company holds contracts that expose it to the financial risks of changes in foreign currency exchange rates. The group uses foreign exchange forward contracts to hedge these exposures where appropriate.

### Going concern

The directors have a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. Thus, they continue to adopt the going concern basis of accounting in preparing the annual financial statements.

### Disabled employees

Applications for employment by disabled persons are always fully considered, bearing in mind the abilities of the applicant concerned. In the event of members of staff becoming disabled, every effort is made to ensure that their employment with the group continues and that appropriate training is arranged. It is the policy of the group and the company that the training, career development and promotion of disabled persons should, as far as possible, be identical to that of other employees.

### Auditor

Each of the persons who is a director at the date of approval of this report confirms that:

- so far as directors are aware, there is no relevant audit information of which the company's auditor is unaware; and
- the directors have taken all the steps that he/she ought to have taken as a director in order to make himself/herself aware of any relevant audit information and to establish that the company's auditor is aware of that information.

This confirmation is given and should be interpreted in accordance with the provisions of s418 of the Companies Act 2006.

Pursuant to section 487 of the Companies Act 2006, the auditor will be deemed to be reappointed and KPMG LLP will therefore continue in office.

### Statement of directors' responsibilities in respect of the strategic report, the directors' report and the financial statements

The directors are responsible for preparing the Strategic Report, the Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law they have elected to prepare the group and parent company financial statements in accordance with UK Accounting Standards and applicable law (UK Generally Accepted Accounting Practice), including FRS 102 *The Financial Reporting Standard applicable in the UK and Republic of Ireland*.

Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the group and parent company and of their profit or loss for that period. In preparing each of the group and parent company financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- assess the group and parent company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern; and
- use the going concern basis of accounting unless they either intend to liquidate the group or parent company or to cease operating, or have no realistic alternative to do so.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the parent company's transactions and disclose with reasonable accuracy at any time the financial position of the parent company and enable them to ensure that its financial statements comply with the Companies Act 2006. They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the group and to prevent and detect fraud and other irregularities.

The directors are responsible for the maintenance and integrity of the corporate and financial information included on the company's website. Legislation in the UK governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

# INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF THE ENGLAND AND WALES CRICKET BOARD LIMITED

## Opinion

We have audited the financial statements of England and Wales Cricket Board Limited ("the company") for the year ended 31 January 2018 which comprise the Consolidated Profit and Loss Account and Other Comprehensive Income, Consolidated Balance Sheet, Company Balance Sheet, Consolidated Statement of Changes in Equity, Company Statement of Changes in Equity and related notes, including the accounting policies in note 1.

In our opinion the financial statements:

- give a true and fair view of the state of the group's and of the parent company's affairs as at 31 January 2018 and of the group's loss for the year then ended;
- have been properly prepared in accordance with UK accounting standards, including FRS 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

## Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) ("ISAs (UK)") and applicable law. Our responsibilities are described below. We have fulfilled our ethical responsibilities under, and are independent of the group in accordance with, UK ethical requirements including the FRC Ethical Standard. We believe that the audit evidence we have obtained is a sufficient and appropriate basis for our opinion.

## Going concern

We are required to report to you if we have concluded that the use of the going concern basis of accounting is inappropriate or there is an undisclosed material uncertainty that may cast significant doubt over the use of that basis for a period of at least twelve months from the date of approval of the financial statements. We have nothing to report in these respects.

## Strategic report and directors' report

The directors are responsible for the strategic report and the directors' report. Our opinion on the financial statements does not cover those reports and we do not express an audit opinion thereon.

Our responsibility is to read the strategic report and the directors' report and, in doing so, consider whether, based on our financial statements audit work, the information therein is materially misstated or inconsistent with the financial statements or our audit knowledge. Based solely on that work:

- we have not identified material misstatements in the strategic report and the directors' report;
- in our opinion the information given in those reports for the financial year is consistent with the financial statements; and
- in our opinion those reports have been prepared in accordance with the Companies Act 2006.

## Matters on which we are required to report by exception

Under the Companies Act 2006, we are required to report to you if, in our opinion:

- adequate accounting records have not been kept by the parent company, or returns adequate for our audit have not been received from branches not visited by us; or
- the parent company financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

We have nothing to report in these respects.

## Directors' responsibilities

As explained more fully in their statement set out on page 6 the directors are responsible for: the preparation of the financial statements and for being satisfied that they give a true and fair view; such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error; assessing the group and parent company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern; and using the going concern basis of accounting unless they either intend to liquidate the group or the parent company or to cease operations, or have no realistic alternative but to do so.

## Auditor's responsibilities

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue our opinion in an auditor's report. Reasonable assurance is a high level of assurance, but does not guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

A fuller description of our responsibilities is provided on the FRC's website at [www.frc.org.uk/auditorsresponsibilities](http://www.frc.org.uk/auditorsresponsibilities).

## The purpose of our audit work and to whom we owe our responsibilities

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members, as a body, for our audit work, for this report, or for the opinions we have formed.

## NOTES (FORMING PART OF THE FINANCIAL STATEMENTS)

### 1 Accounting policies

England and Wales Cricket Board Limited (the "Company") is a private company limited by guarantee and incorporated, domiciled and registered in England, in the UK. The registered address is Lord's Cricket Ground, St John's Wood, London, NW8 8QZ.

These Group and parent company financial statements were prepared in accordance with Financial Reporting Standard 102 *The Financial Reporting Standard* applicable in the UK and Republic of Ireland ("FRS 102") as issued in August 2014. The presentation currency of these financial statements is sterling. All amounts in the financial statements have been rounded to the nearest £1,000.

The parent company is included in the consolidated financial statements, and is considered to be a qualifying entity under FRS 102 paragraphs 1.8 to 1.12. The following exemptions available under FRS 102 in respect of certain disclosures for the parent company financial statements have been applied:

- No separate parent company Cash Flow Statement with related notes is included.

The Company proposes to continue to adopt the reduced disclosure framework of FRS 102 in its next financial statements.

Per FRS 102, a public benefit entity (PBE) is an entity whose primary purpose is for public and social benefit and not to provide a financial return to its members. The directors have assessed that the Group and Company meet this definition, thus have accounted for any interest free loans as concessionary loans under section PBE34 of FRS 102 for the purposes of these financial statements.

The accounting policies set out below have, unless otherwise stated, been applied consistently to all periods presented in these financial statements.

#### 1.1 Measurement convention

The financial statements are prepared on the historical cost basis except that financial instruments classified at fair value through the profit or loss are stated at their fair value.

#### 1.2 Going concern

At the balance sheet date the Group had net current assets of £55.2 million (2017: £34.3 million), including deferred income balances of £67.6 million (2017 : £35.0 million) , and was holding combined cash and investments (including accrued interest) of £54.3 million (2017 : £71.9 million). The Group continues to have strong visibility of its broadcasting and sponsorship income for the period 2018-2024.

In consideration of the above, and having made appropriate enquiries, the directors have a reasonable expectation that the Company and the Group have adequate resources with particular reference to cash to continue in existence for the foreseeable future. For this reason, the directors continue to adopt the going concern basis in preparing the accounts.

#### 1.3 Basis of consolidation

The consolidated financial statements include the financial statements of the Company and its subsidiary undertakings, made up to 31 January 2018.

Under section 408 of the Companies Act 2016 the company is exempt from the requirement to present its own profit and loss account.

#### 1.4 Foreign currency

Transactions in foreign currencies are translated to the Group companies' functional currency at the foreign exchange rate ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies at the balance sheet date are retranslated to the functional currency at the foreign exchange rate ruling at that date. Non-monetary assets and liabilities that are measured in terms of historical cost in a foreign currency are translated using the exchange

## NOTES (CONTINUED)

rate at the date of the transaction. Non-monetary assets and liabilities denominated in foreign currencies that are stated at fair value are retranslated to the functional currency at foreign exchange rates ruling at the dates the fair value was determined. Foreign exchange differences arising on translation are recognised in the profit and loss account.

### 1.5 Basic financial instruments

#### *Trade and other debtors / creditors*

Trade and other debtors are recognised initially at transaction price less attributable transaction costs. Trade and other creditors are recognised initially at transaction price plus attributable transaction costs. Subsequent to initial recognition they are measured at amortised cost using the effective interest method, less any impairment losses in the case of trade debtors. If the arrangement constitutes a financing transaction, for example if payment is deferred beyond normal business terms, then it is measured at the present value of future payments discounted at a market rate of instrument for a similar debt instrument.

#### *Cash and cash equivalents*

Cash and cash equivalents comprise cash balances and call deposits. Bank overdrafts that are repayable on demand and form an integral part of the Company's cash management are included as a component of cash and cash equivalents for the purpose only of the cash flow statement.

#### *Investments*

Fixed asset investments are shown at cost less provision for impairment.

Cash deposits are stated at cost.

### 1.6 Other Financial Instruments

#### *Derivative financial instruments and cash flow hedges*

Where a derivative financial instrument is designated as a hedge of the variability in cash flows of a recognised asset or liability, or a highly probable forecast transaction, the effective part of any gain or loss on the derivative financial instrument is recognised directly in other comprehensive income. Any ineffective portion of the hedge is recognised immediately in profit or loss.

### 1.7 Tangible fixed assets

Fixed assets are stated at cost less accumulated depreciation and any recognised impairment loss.

Depreciation is provided on all tangible fixed assets at rates calculated to write each asset down to its estimated residual value over its useful economic life on the straight-line method. The estimated useful lives are as follows:

- Leasehold improvements 10 years
- Fixtures, fittings and office equipment 3 – 5 years

## NOTES (CONTINUED)

### 1.8 **Intangible fixed assets**

Intangible fixed assets represent the purchase of perimeter advertising rights from certain First Class Counties covering the period from 2011 to 2019 and are stated at amortised cost. At the time of purchase, cost was split by year and amortisation is charged based on this split, subject to an increase if any impairment loss is recognised.

In addition to the perimeter advertising rights the Intangible fixed assets included the ECB website that was completed in October 2016.

The company reviews the amortisation period and method when events and circumstances indicate that the useful life may have changed since the last reporting date.

### 1.9 **Government grants**

Government grants are included within accruals and deferred income in the balance sheet and credited to the profit and loss account over the expected useful lives of the assets to which they relate or in periods in which the related costs are incurred.

### 1.10 **Stocks**

Stocks are stated at the lower of cost and net realisable value.

### 1.11 **Employee Benefits**

The Group operates both a defined contribution pension scheme and a defined benefit pension scheme.

#### *Defined contribution plan*

A defined contribution plan is a post-employment benefit plan under which the company pays fixed contributions into a separate entity and will have no legal or constructive obligation to pay further amounts. Obligations for contributions to defined contribution pension plans are recognised as an expense in the profit and loss account in the periods during which services are rendered by employees.

#### *Defined benefit plan*

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan. The entity's net obligation in respect of defined benefit plans is calculated by estimating the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value. The fair value of any plan assets is deducted. The entity determines the net interest expense (income) on the net defined benefit asset for the period by applying the discount rate as determined at the beginning of the annual period to the net defined benefit asset taking account of changes arising as a result of contributions and benefit payments.

The discount rate is the yield at the balance sheet date on AA credit rated bonds denominated in the currency of Pound Sterling, and having maturity dates approximating to the terms of the entity's obligations. A valuation is performed triennially by a qualified actuary using the projected unit credit method, and updated at the balance sheet date. The entity recognises net defined benefit plan assets to the extent that it is able to recover the surplus either through reduced contributions in the future or through refunds from the plan.

Changes in the net defined benefit liability arising from employee service rendered during the period, net interest on net defined benefit liability, and the cost of plan introductions, benefit changes, curtailments and settlements during the period are recognised in profit or loss.

Remeasurement of the net defined benefit liability/asset is recognised in other comprehensive income in the period in which it occurs.

## NOTES (CONTINUED)

### *Long Term Incentive Plan*

Long Term Incentive Plan accrues annual contributions which become payable after five years provided that the employee remains in full time employment.

### 1.12 **Turnover**

The group's turnover is derived primarily from cricket related activities carried out in the UK and in respect of England Cricket Team tours, after deduction of value added tax. Revenue recognition policies for specific revenue streams are as follows:

Broadcasting revenue – turnover from broadcasting contracts is recognised in line with the contractual terms and period, which reflect the value of the rights provided in any given year to the broadcaster.

Sponsorship revenue – turnover from sponsorship agreements is recognised in line with the contractual terms and period, which reflect the value of the rights provided.

Match returns – turnover from staging agreements with grounds is recognised once matches have taken place, and in line with contractual terms.

Value in kind – turnover is recognised on a gross basis in respect of significant goods or services received from sponsors in return for sponsorship benefits, based on the fair value of the goods and services received by the ECB. The related costs are also shown gross to reflect the value of such goods and services.

Royalties – the ECB receives royalties from a number of partners with particular reference to the sales of products. Royalties are recognised in the period in which they are earned.

### 1.13 **Expenses**

#### *Operating lease*

Payments (excluding costs for services and insurance) made under operating leases are recognised in the profit and loss account on a straight-line basis over the term of the lease unless the payments to the lessor are structured to increase in line with expected general inflation; in which case the payments related to the structured increases are recognised as incurred. Lease incentives received are recognised in profit and loss over the term of the lease as an integral part of the total lease expense.

### 1.14 **Taxation**

Current tax, including UK corporation tax and foreign tax, is provided at amounts expected to be paid (or recovered) using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax is provided in full on timing differences that result in an obligation at the balance sheet date to pay more tax, or a right to pay less tax, at a future date, at rates expected to apply when they crystallise based on current tax rates and law. Timing differences arise from the inclusion of items of income and expenditure in taxation computations in periods different from those in which they are included in the financial statements.

Deferred tax assets are recognised to the extent that it is regarded as more likely than not that they will be recovered.

Deferred tax assets and liabilities are not discounted.

## Defined benefit plans

## Group and Company

The group operates a defined benefit pension scheme, the ECB Retirement and Death Benefits Scheme ("the Scheme"). Assets are held in independent trustee administered funds. Standard contributions are determined by a qualified actuary on the basis of triennial valuations using the attained age method. The most recent full valuation of the Scheme was carried out as at 30 September 2016. The information below has been updated to 31 January 2018 by an independent professional actuary.

The standard monthly contributions made to the Scheme by the group were 34.2% of pensionable earnings, as per a contribution statement that came into force at the end of 2011. In total, contributions paid to the Scheme were £149,000 (2017: £178,000).

The surplus has been treated as irrecoverable for the purposes of the financial statements. FRS102 is not prescriptive in this area, as such the directors have reverted to the principles as set out in IFRIC14. Per the Scheme rules, there is a unilateral power for the Trustees to wind up the Scheme, which prevents recognition of the surplus on the grounds of a future refund. Furthermore, the value of the contributions due under the current funding agreement towards the accrual of benefits for active members exceeds the corresponding value of those benefits on the FRS102 basis (i.e. the service cost). Under IFRIC14, we consider it suitable to assume the current rate of contributions persists beyond the end of the period covered by the Schedule of Contributions. As such, this prevents the recognition of the surplus on the grounds of future contribution reductions.

The information disclosed below is in respect of the whole of the plans of the Group, for which the parent Company is legally responsible.

## NOTES (CONTINUED)

Last full actuarial valuation was performed on 30 September 2016. To measure the defined benefit obligation as at 31 January 2018, the Company employed an independent professional actuary to update the full actuarial valuation.

In valuing the liabilities of the pension fund at 31 January 2018, mortality assumptions relating to longevity underlying the pension liabilities at the balance sheet date are based on standard actuarial mortality tables and include an allowance for future improvements in longevity. The assumptions are equivalent to expecting a 65-year old to live for a number of years as follows:

- Current pensioner aged 65: 23.6 years (male), 25.5 years (female).
- Future retiree upon reaching 65: 24.8 years (male), 26.8 years (female).

### Defined contribution plans

Group and Company

The group has made contributions to the ECB Group Pension Plan and the ECB Group Pension Plan for Professional Cricketers, both defined contributions schemes, amounting to £2,031,000 (2017:£ 2,006,000) and £83,000 (2017:£ 150,000) respectively.

### Long term incentive plan

Included within accruals falling due after one year is an amount of £615,718 (2017: £nil) relating to a Long Term Incentive Plan. As at 31 January 2018 the fair value of the plan obligation, which will be cash settled in 2022, is calculated to be £3,180,035 (2017: £nil).

### 20 Related parties

#### Group and Company

*Identity of related parties with which the Group has transacted*

The directors have identified a number of cricketing organisations for which payments and receipts by the group represent a significant transaction.

- The eighteen First Class Counties, the Marylebone Cricket Club ("MCC"), the Minor Counties Cricket Association ("MCCA"), the Minor County Clubs and the County Cricket Boards have charged the ECB amounts totalling £38,188,000 (2017: £66,567,000) in respect of fees for the provision of ground facilities and cricketers for matches under the control of ECB, amounts payable under the terms of memorandums of understanding, licence fees and other commercial agreements. As at 31 January 2018 the ECB owed these parties £ nil (2017: £nil) of unpaid fees. Such charges and fees include amounts in relation to the staging of international and domestic matches. The ECB has received income in relation to these matches of £10,260,956 (2017: £7,956,000). In addition, the EWCT paid grants totalling £8,397,635 (2017: £6,763,000) to the County Cricket Boards.
- ECB has loans of £4,997,000 (2017: £7,639,000) in aggregate due from the eighteen First Class Counties and the Professional Cricketers' Association. Interest is charged on the loans at varying rates ranging from zero for short-term loan to base rate plus 2%.
- The directors have identified the Irish Cricket Union, Cricket Scotland and the Professional Cricketers' Association as also being related and to which ECB has made payments. During the period, amounts totalling £2,082,000 (2017: £1,640,000) were paid to these organisations.
- Premiums payable by ECB to Reigndei Limited, an insurance company beneficially owned by the eighteen first class counties, MCC and the MCCA, were £2,197,400 (2017: £2,053,125). Claims receivable during the year from Reigndei Limited amounted to £668,403 (2017: £3,767,992). As at 31 January 2018 the ECB was owed £nil from Reigndei Limited (2017: £nil).
- The group made donations amounting to £1,000,000 (2017: £nil) to Chance to Shine during the year.
- Colin Graves, the Chairman of the ECB Board, is the former Chairman of Yorkshire CCC. He has personally given a guarantee in favour of ECB under the 2011 to 2019 perimeter advertising agreement between the ECB and Yorkshire CCC. This was signed on 22 October 2010. The amount still outstanding is £681,359.

#### *Transactions with key management personnel*

Total compensation of key management personnel (including the directors) in the year amounted to £2,726,041 (2017: £2,555,380).
