

ATH-M20xBT

WIRELESS OVER-EAR HEADPHONES

Overview

Inspired by our top selling M series wired professional studio headphones, the ATH-M20xBT Bluetooth headphones deliver an incredible listening experience with full-range, high-fidelity audio and enhanced bass.

Enjoy a sonic signature tuned to reflect our ATH-M20x wired studio monitor headphones wherever you go! The ATH-M20xBT has a multipoint pairing capability that lets you connect wirelessly to two devices, optimal for multimedia use. The wireless headphones are also equipped with a low latency mode that improves the synchronicity between audio and video for smooth streaming and gaming.

Audio-Technica over-ear headphones provide excellent sound isolation in loud environments. Combining modern design and high-quality materials, the ATH-M20xBT delivers an ideal listening experience for those that put audio first.

The ATH-M20xBT headphones provide up to 60 hours of continuous use on a full charge and up to 3 hours of use on a 10-minute rapid charge (via USB-C connection). The headphones are easy to operate with a microphone and buttons built into the left earcup for convenient handling of calls, music playback, and volume control. We've also included a 1.2 m (3.9") cable so you can use ATH-M20xBT like a standard pair of wired headphones, when desired.
