Section 1

slide title

You may need to add some space after the frame title

```
\setlength{\frametitlemargin}{10mm}
```

Using an empty frametitle or not using it, you will need to add initial space by yourself. To have an “empty” frametitle you can use

```
\emptyframetitle
```

or (more portable)

```
\frametitle{\strut}
```

If you do not want any titles in a frame, you can use

```
\noframetitle
```

Using

```
\noframetitle [0mm]
```

DEPARTMENT OF

COMPUTER & INFORMATION SCIENCES

As above, you may want to use the same command with a length to specify where (vertically) the text should begin.

Single title

If you need just a simple title you can use

```
\framesingletitle{your title}
```

You may want to use the same command with a length to specify where (vertically) the title should begin.

```
\framesingletitle[0mm]{your title}
```
