

Sachi Goto Front End Developer

✉ gotosachiii@gmail.com | ☎ (778)-321-4060 | 📍 Vancouver, BC | [in](#) sachigoto | [GitHub](#) SachiGoto | [Globe](#) Portfolio

SUMMARY

A diligent and detail-oriented front-end developer, proficient in JavaScript and modern frameworks like React, with a strong ability to bring designs to life through writing maintainable and readable code, and committed to contributing to a team that develops software to improve people's lives.

WORK EXPERIENCE

Front End Developer - Silver Ponies Nov. 2022 — Present

- Build a new webpage independently, including implementation of a CMS for user-generated content and design UI/UX
- Implement shopify storefront api to get cart data with currency that includes update cart functionality, checkout, delete features
- Implementation of mobile search bar increased search bar usage by 50%.

Tools: HTML, CSS, Javascript, Liquid, Shopify, Next.js, Ajax

Frontend Developer - Reusables (Freelance) Jan. 2023 — Present

- Use Shopify geolocation api to automatically set page location
- Optimizing the website for both search engines and web accessibility.

Tools: HTML, CSS, Javascript, Liquid, Shopify

RECENT PROJECTS

Sustainable Hub (Fullstack Web App)

The purpose of the app is to empower individuals to lead a more sustainable lifestyle by connecting them with businesses in Vancouver that offer sustainable products and services.

Tools: React | Tailwind CSS | Node.js | Express | MongoDB | Cloudinary | Heroku

Website: <https://sustainable-hub-backend.herokuapp.com>

Lost and Found (Fullstack Web App)

This web app is for reporting lost items. It has CRUD operations which allows users to create a post, upload an image of a found item and edit the item after it's posted as well as deactivate the post.

Tools: Angular | Node.js | Express | MongoDB | API | Cloudinary

Website: <https://lost-and-found.sachigoto.me>

Green Around The World (Fullstack Web App)

E-commerce site for sustainable household products. CMS is managed by Strapi, headless CMS

Tools: Angular | Strapi | Cloudinary | Digital Ocean

Website: <https://sachigoto.me/greenaroundtheworld>
