

The background of the entire image is a dense, vertical pattern of colorful paint drips. The colors are vibrant and varied, including red, yellow, green, blue, and grey. The drips are of varying lengths and thicknesses, creating a textured, abstract visual effect.

A black and white photograph of a young child with curly hair, resting their head on a hand. The child is looking towards the camera with a neutral expression. In the background, the face of another person is partially visible, looking towards the child. The overall mood is intimate and contemplative.

A photograph of two performers in a performance art piece. They are wearing highly reflective, shiny red costumes. The performer on the left has a large, elaborate headpiece made of many red flowers and is looking towards the right. The performer on the right is looking towards the left. They are holding thin, light-colored sticks or wires. The background is a plain, light-colored wall.

1999

A dense field of small, white, finger-like sculptures. Each sculpture is a simple, elongated, tapered form with a rounded top, resembling a finger or a small hand. They are arranged in a grid-like pattern, filling the entire frame. The lighting is soft, highlighting the texture and three-dimensional quality of the pieces. The background is dark, making the white sculptures stand out.

A large body of water is covered with thousands of pink balloons, creating a dense, textured surface. The balloons are arranged in a somewhat regular pattern, though some are scattered. In the background, there is a dense forest of green trees under a cloudy sky. The overall scene is surreal and visually striking.
