WILMINGTON, DE - March 14, 2000 - USTS/US TELEMAGEMENT, a leading provider of business phone service is pleased to announce that effective April 18, 2000 all business customers will be acquired by MCI Worldcom.

The announcement signals USTS's departure from being a switched based reseller focusing on business clients to focusing on wholesale services.

Yehuda Fulda, President of USTS said "We have been working with MCI for years in a reseller capacity, and are familiar with the high quality network and services. Our customers will continue to receive first-class service from a global leader."

Mark Graham, Director of Client Service of USTS said "Our customers can expect a seamless transition from USTS to MCI Worldcom with absolutely no down time. Our dedicated service reps will be working hand in hand with the reps of MCI Worldcom to ensure that everything goes smoothly."

USTS/US TELEMAGEMENT is a nationwide leading provider of high quality - low cost long distance phone service for business and consumers. Within 5 years, USTS has gained the trust of over 50,000 businesses including Fortune 500 Companies.

MCI WorldCom (NASDAQ: WCOM) is a global leader in 'all-distance' communications services with operations in more than 65 countries. Revenues in 1999 were US\$37 billion, with more than US\$15 billion from high-growth data, Internet and international services. MCI WorldCom and Sprint have announced a merger agreement, which the companies expect to close in the second half of 2000 after regulatory and shareholder approvals.
