Digest

A R K A N S A S

DIGESTArkansas provides a unique array of features that help you monitor and react to legislative issues crucial to your organization or your clients.

With **DIGESTArkansas**' detailed daily reporting and advanced search tools, you can identify and monitor bills through the process with confidence that you have the most sophisticated *legislative intelligence* in your corner.

DIGESTMobile – since 1996 our base service has included a unique mobile site for clients to access their account's information. The latest batch of upgrades to our mobile site improves the user interface and provides even more options – add a bill to tracks, make remarks, save notes on committees and members, even view your uploaded documents – all on your smartphone.

NIGHTWriter makes it faster, easier ...

Let our NIGHTWriter report generator feed you the most detailed information after the close of the session day, including custom bill captions for all new bills, saved word searches on new language, only the most useful and specific custom actions on your bills, and more.

Link directly to new filed bills out of the NIGHTWriter email itself to track bills and add positions. Since 1993 the NIGHTWriter report has saved legislative affairs professionals and their staffs countless hours of valuable time by providing custom intelligence to cover the entire range of activity that takes place throughout an entire session day.

Let NIGHTWriter work for you!
