***"Non-nationality based issuances" includes individuals presenting travel documents issued by a competent authority other than their country of nationality, including, for example, stateless persons, or persons whose nationality cannot be determined.**

A 0.00% refusal rate could represent one of two situations: 1) all B visa applications adjudicated ended the fiscal year in an issued status (including any that were refused but then overcame all refusals) or 2) that there were no B visa applications adjudicated for the specified nationality and fiscal year.
